

Chapter 672

Chuck wanted to make a call, but Alexandrina shook her head and stopped him, "Don't call anyone first. We don't necessarily have to catch him this time. Let's just act according to how it goes. If we can find out something about Loomis, threatening him will be even more effective than capturing him!"

This was what Alexandrina had just thought of. She had carefully analyzed it and also found that she had underestimated the hidden family. After all, she might not be able to deal with the bodyguards around Loomis.

Therefore, it was better to be cautious!

Chuck agreed to her suggestion. It was better for him to listen to her.

In the end, Chuck didn't call anyone. Loomis had suddenly come out, was he going to meet someone?

That was possible!

"Then let's go now," Chuck said as he could not wait to leave.

It was the right decision to take the initiative and attack first!

"What are you anxious about? You've just made me angry," Alexandrina snorted.

Chuck fell speechless. He stammered, "Uh, then how can I calm you down?"

To tell the truth, Chuck had been afraid ever since the incident with Sophia. He was even reluctant to be in the same room with other women anymore.

Furthermore, Chuck still felt that Alexandrina was deliberately teasing him.

After all, who could make a woman like her fall in love?

She was different from Yvette. Yvette was loyal, but Alexandrina was the type to go out and have fun a lot.

The difference was obvious!

"What do you think?" Alexandrina smiled charmingly.

After thinking about it for a while, Chuck said solemnly, "I won't be tempted by anything!"

"Go to hell!" Alexandrina swatted at Chuck's forehead. This time, Chuck cried out from the sudden and sheer strength. Alexandrina laughed. She rubbed Chuck's forehead dotingly and asked, "Chuck, why can't you talk nicely this time around?"

Chuck fell silent.

"Well, you don't like me, so forget about it," Alexandrina drank a glass of wine sadly. Chuck cleared his throat and frowned, "Alexandrina, please stop messing around, okay?"

"What? Who's messing around? I really, really want to hit you now, but I won't. Be obedient and hug me just once more. I won't ask you anything about my heartbeat this time," Alexandrina said.

Chuck couldn't refuse her, so he could only do as she said.

"Say..."

"Alexandrina, you seem to have gained weight," He remarked honestly.

"What? D*mn you!"

Alexandrina was so angry that she wanted to slap Chuck. However, she refrained herself from doing so. She retreated her hand and snorted, "Hmph, let's go and have a look now."

After hearing this, Chuck heaved a sigh of relief and said, "Alexandrina, although I don't like you in that way, I'll still listen to you."

"Bullsh*t, you're just too obedient and I hate it. When I allowed you to hug me, did you really have to only hug me?" She glared at Chuck.

He was rendered speechless.

After he coaxed Alexandrina, only then did she agree to come out.

Chuck took out his phone to call Black Rose.

The call was quickly connected.

"What?" Black Rose's voice was cold.

He had been in there for so long. What was he doing?

She had grown impatient from waiting.

"I want to go somewhere with Alexandrina," Chuck told her the truth. After all, Black Rose was protecting him.

"Go ahead. Why are you telling me this? You're worried that I won't follow you, are you? Don't worry, I will!" Black Rose was pissed.

"It's not like that. I'm going to find Loomis Yeager."

Black Rose paused in shock. She asked, "How do you know where he is?"

Chuck didn't explain much to her and just told her that Alexandrina had seen Loomis.

"You can't do that. You have to tell Karen Lee about this! Loomis's subordinates are extremely strong. Don't risk it!" Black Rose had never been this serious before.

Previously when she was subdued by Adriana's bodyguards, she finally realized just how terrifying the bodyguards of the hidden families were.

Therefore, if Karen was not there with them, Black Rose definitely disagreed with Chuck's decision.

"But I also want to train myself!" Chuck now had several bombs in his hands. His combat abilities had also improved a lot compared to when he was at the Yeager family.

Chuck was confident, but he was aware of how strong he was.

It was only when one was in the face of danger that they could grow and improve. At the very least, Chuck himself felt so. After experiencing the desperate situation during the Yeager family banquet, he felt that he had improved by leaps and bounds.

It was true that one could only know their true potential after brushing past death.

"Chuck, if you want to train, I won't stop you. But you have to make sure you do it in a safe manner. If you die, then what's the point of doing that?" Black Rose's voice had grown softer, as if she was trying to convince Chuck.

"I know. You can go ahead and tell my mom then. I will be leaving with Alexandrina now," Chuck compromised. He knew that Black Rose was right.

He had better tell Karen about it. If he couldn't solve the problem, his mother could come and help him. Otherwise, he would really be dead meat if he was attacked.

"Alright," Black Rose agreed.

"Hold on."

"What?"

"You've said so much to me just now. Are you worried about me?" Chuck asked.

"Worried about you? Do you think that there's something wrong with me?" Black Rose grew irritated.

"Uh, pretend that I didn't say anything then," Chuck quickly hung up the phone. Black Rose was such a cold woman. She had only agreed to protect him because of Karen.

If one day he surpassed her, she would definitely leave them without hesitation.

In that case, why would she care about him?

He was just overthinking things.

However, a strange image appeared in Chuck's mind. It was back when he had seen Black Rose's photo, and she was...

Ugh, what was he thinking about!

Chuck sat in Alexandrina's car, but he did not dare to look at her when

she was driving. She was quite beautiful after all.

Black Rose immediately called Karen and told her about this. Karen immediately agreed to Chuck's decision and said that she would come over soon.

With that, Black Rose felt a little relieved. She scoffed and drove to catch up with him. Of course, if she knew that she had accidentally triggered Chuck's memory about her photos just now, she would have gone ballistic immediately!

After all, for all the times that she had been with Chuck, he had never, ever mentioned anything about her nude photos. Even Black Rose herself had forgotten that he had seen her own photos before...

.....

In a luxurious room.

Loomis was waiting for someone. Who was he waiting for?

It was Adriana Whitlock.

A while later, the door opened and Adriana entered.

Loomis smiled and gestured, "Please take a seat."

"What is the Yeager family planning to do?" Adriana inquired coldly.

She had thought of a way to force Chuck into despair. By then, Chuck would definitely beg her for help. She assumed that she had failed last time because he just wasn't desperate enough!

"It's a secret, but I'm happy that Miss Whitlock has asked me out. Would you like to have a meal with me? Shall we?" Loomis invited her with a smile.

Adriana frowned and refused him coldly, "I don't want to hear any talk of this again."

Loomis was infuriated, but he could only suppress his anger because the Whitlock family's strength was stronger than the Yeager family.

"Seeing that you've asked me out, it seems that you've really taken a fancy to Chuck!" He was absolutely annoyed.

What did Chuck have that he didn't?

How could Adriana, whom even he couldn't manage to captivate, fall for someone like Chuck?

Loomis was jealous of him. Just why?

Looking at the perfect and flawless Adriana, Loomis was filled with envy and jealousy!

Such a woman should have been taken by himself. A piece of trash like Chuck wasn't worthy of her.

"That's right, I like him. In the future, he will be my husband, and his

surname will be Whitlock!" Adriana stated coolly.

Hearing this, Loomis snorted, "Hmph, then he's really in luck. You couldn't have asked me out so that I'd let him go, right? You also saw what he did to my family. He brought shame to our family, so he has to die!"

"He won't die because he'll be my future husband. Haven't I made myself clear?" Adriana's voice turned cold.

"Then what are you doing here? Are you telling me to let him go?" Loomis was furious!

"I don't want him to die!" Adriana repeated herself and sat down on the sofa lazily.

"What do you mean? What are you talking about?" Loomis was irritated, but he suddenly understood her words and sneered, "Oh, I see. You want me to deal with Chuck, don't you? And then you'll come out to save him?"

"No! I won't save him. He'll beg me for help, got it?" Adriana stared at Loomis.

Loomis paused and smirked, "I got it."

"Well, then I'll leave it up to you. You should know what to do," Adriana was no longer interested in staying here any longer.

She immediately got up and walked outside.

"Adriana, is he worth all this trouble? He's just a piece of trash. He doesn't deserve you!" Loomis commented jealously.

"He's not trash. He's mine, Adriana Whitlock's future husband," Adriana's expression fell upon hearing Loomis' insults towards Chuck.

Chapter 673

Adriana was certain!

Even though Chuck did not plead with her last time, her possessiveness only made her even more desperate to see Chuck beg for her help. Without her knowing it, he had already occupied a large portion of her heart!

She couldn't deny it herself. She believed that this was the first time she had been so attracted to a man. She really did fall in love with him!

Therefore, Chuck was going to be her husband for sure!

Loomis was infuriated by her words.

The firm look in Adriana's eyes made him jealous. How could she favor someone like Chuck Cannon?

Loomis had the support of the hidden Yeager family. However, a woman like Adriana whom he couldn't acquire had actually fallen in love with a piece of trash who was far below him!

Chuck was nothing compared to him!

Loomis was absolutely livid!

"Adriana, are you sure about this? If you want Chuck to be your husband, your father won't agree, will he?" Loomis questioned her sharply.

Adriana's father would definitely disagree with this!

"It's none of your business. You don't have to worry about that," Adriana replied calmly.

Loomis was enraged. However, the Whitlock family was truly stronger than the Yeager family. Even if he was upset, there was nothing he could do. It was not the time for him to become hostile!

"True, it's up to you," Loomis could only sigh. Adriana was truly frightening.

She was domineering as the future master of the hidden Whitlock family, so even Loomis couldn't withstand it.

"Good! Also, don't let Chuck know what happened today! If he finds out, you know what the consequences are!" Adriana's beautiful eyes were flashing with a vicious warning.

No one could deny that Adriana was truly impressive!

Even Loomis' expression had changed. He was angry, but he couldn't lose his temper now. He could only smile sheepishly, "Alright, I won't let him know and I won't kill Chuck Cannon. As for Karen Lee's life, you

wouldn't interfere with that too, would you?"

"You can do whatever you want with Karen Lee since I don't like her. It's better if Chuck's family and friends are all dead. That would be great!" Adriana snickered.

Her words sent a chill down Loomis' spine.

Adriana was truly cruel!

"Okay, as long as you don't interfere with the rest too much, I'll listen to you," Loomis said with a shrug.

"I've already said what I needed to. You can think about it yourself!"

With that, Adriana walked out. When she reached the door, she suddenly turned around and said softly, "Chuck Cannon is not as simple as you think he is."

It was supposed to be a thoughtful reminder, but Loomis took it personally as an insult!

Love was indeed blind!

Did Adriana really think so highly of a piece of trash like Chuck?

This had to be the luckiest moment in his life!

Upon Adriana's departure, Loomis fell silent. His expression was gloomy.

He thought of a few ways.

Perhaps, he could torture Chuck first.

However, Loomis had met with Adriana and already failed to capture her heart. In addition, he had lost a beauty like Willa too. The feeling he had now was inexplicable.

He took out his mobile phone and called someone.

"Why did you call me? He's just fallen asleep, so it's not convenient for me to answer the phone," The voice on the phone sounded careful.

"Come here! I'll wait for you!"

"I can't. I told you, he has just fallen asleep," The woman's voice was still cautious, as if she was sneaking around.

"Come here! I miss you," Loomis said. This was an order!

"Miss me? You almost got married last time. Do you still miss me?" The woman by the name of Carol sounded annoyed and dissatisfied.

"Aren't you already married as well?" Loomis shrugged, a sinister smile appearing on his face.

"Yes, I'm married. So don't try to hook up with me!"

"Well, let's talk when we meet. I miss you, so come here!"

"Okay, fine! Where are you?"

"I'm at..."

.....

Meanwhile, Chuck and Alexandrina had arrived somewhere. Chuck looked at this luxurious place in surprise. He finally believed that she really knew where Loomis was.

"Loomis is a person who likes to have fun, especially with women. I hate men like this," Alexandrina grumbled.

"Alexandrina, you're also a frequent visitor here, aren't you?" Chuck mumbled.

After all, what was Alexandrina's personality like?

She was a charming social butterfly.

"Are you talking back to me? I've never done anything that he's done. I feel sick when those men touch me," Alexandrina huffed.

Yes, although she had allowed Frieda to sleep with someone, it was a completely different matter when it came to herself. If someone really touched her, she would immediately turn against him!

It was the same as seeing Chuck for the first time.

"Alright, sorry, I've misunderstood you," Chuck felt embarrassed.

"Now you know that you've misunderstood me? Do you feel guilty?" Alexandrina smiled seductively.

"Yes, I'm sorry."

"No worries. You are my lover now. So, I will never sleep with other men. It's fine," Alexandrina chuckled.

Chuck was speechless. What the hell was going on?

He remained silent.

"Can we go in?"

Chuck couldn't wait any longer. It would be best if he could get hold of Loomis' secret. That would be akin to having another spy in the Yeager family and could likely become a breakthrough for them!

"What's the hurry? Loomis' bodyguards are very powerful, so we can't just rush in. We have to wait for him to come out and find a chance to sneak in," Alexandrina explained. Of course, she was experienced.

Chuck nodded. Just then, Alexandrina let out a cry of surprise. She took out her binoculars and looked at them for a few seconds before gasping, "Oh, so that's what's happening?"

"What's the matter?" Chuck asked.

"Take a look for yourself," Alexandrina handed the binoculars over to him.

Chuck took a look and found a car stopping at the entrance of the

building. A beautiful woman with a curvaceous figure stepped out of the car. She was wearing a pair of sunglasses and a mask, looking as though she was sneaking around.

"Who is this beauty?" Chuck had never seen her before, but he could see through the binoculars that she had a perfect figure.

She had to be a beauty.

There was no doubt about it!

"If I tell you that she's Carol, wife to Loomis' cousin, would you be surprised?" Alexandrina spat in disgust.

"Uh, it sounds a bit weird?" Chuck was really speechless. Loomis' taste was quite special.

He was truly a scum!

It was common sense to not court someone who was wed. However, Loomis was even fooling around with his cousin's wife.

Chuck just couldn't believe something outrageous like this. He despised Loomis even more.

"Well, you're right," Alexandrina agreed with him.

Chuck had been thinking about it for a long time. This could be considered an advantage over Loomis, right? At the very least, knowing this was better than having to capture him.

"It seems that we came in at a great time. We happened to encounter such a situation," Alexandrina smiled, but soon she grew serious.

True, if the members of the Yeager family found out about this, Loomis wouldn't even be able to become the next master of the family. In fact, he might even end up being chased off and beaten up badly by everyone!

This was truly an important thing to take note of!

Chuck was excited. He immediately called Black Rose and told her about this. Soon, Black Rose tiptoed over quietly.

She had particularly righteous views about this, and absolutely rejected such vile acts.

"Let's go in later. Firstly, we must take pictures of them no matter what! We can use their photos as blackmail material!" Chuck suggested.

He yearned to see the frightened expression on Loomis' face. It would be interesting for sure!

However, Black Rose frowned. When it came to taking photos, she couldn't help but recall the past where Frieda had hurt her and took photos of her!

This was her dark past.

Chuck immediately thought of her past when he noticed Black Rose's crestfallen expression. He asked kindly, "What's wrong?"

Black Rose was angry upon hearing him and growled, "If you dare to bring it up again, I'll shoot you to death!"

Hearing this, Alexandrina grew irritated, "Hey, Black Rose, why are you so fierce at him?"

"No reason. Chuck, just forget about that," Black Rose said coldly.

Chuck nodded. He was secretly smiling bitterly. How could he forget it? After all, Black Rose's figure was so excellent that she looked perfect.

How could he possibly forget her nudes? It was impossible for men to forget it!

"Chuck, what are you thinking about?" When Black Rose noticed Chuck's expression, she felt a little bit angry. He seemed like he was recalling something. She was infuriated all of a sudden!

"Nothing," Chuck quickly replied, shaking his head. Meanwhile, Black Rose was about to fly into a rage.

"Oh, I got it," Alexandrina was a smart woman. Just now Chuck had mentioned taking pictures and Black Rose had argued with him. That could only mean...

"Oh, Frieda took pictures of you, so you want to kill her, right?"
