

## Chapter 795

Sergio was in a state of shock!

The owner of the jewelry store, Matteo, just slapped him. That really shocked him!

And he even dared to say that he was just a nobody compared to Chuck?

Sergio was extremely furious!

"Matteo, what did you say?"

Sergio had never been slapped in front of so many people before!

"It seems that you are really ignorant. Your family money is nothing compared to Mr. Cannon's. Do you understand? So what if Mr. Cannon wants to buy my jewelry store? Do you want Mr. Cannon to buy your family business as well?" Matteo smiled and said.

Sergio was stunned. Even his mouth trembled as he said, "What did you say? Does he want to purchase your jewelry shop? All of them? Where did he get so much money?"

Sergio knew that Matteo's assets were worth almost the same as his. If Chuck could afford Matteo's jewelry stores, it meant that Chuck could also buy his!

How was that possible?

"Ignorant! That's right, your family is not in the jewelry business. Do you know that Mr. Cannon has spent over a billion dollars on three pieces of the Imperial Green Jadeite? Those jades are worth over two billion..." Matteo said. It was still unbelievable to him.

How could Chuck have such a keen eye?

His eyes were really sharp.

"What?" Sergio was completely stunned!

"And, do you you know Pedro died in the hands of Mr. Cannon...?"

"What?"

Sergio was terrified! He slumped to the ground!

He had heard of it. He heard about the two bosses who died overnight. The assets of those two bosses were worth almost as much as his!

They actually died in Chuck's hands?

Then, the Felton family...

Fear had turned his face pale.

"Do you still think that Mr. Cannon has no money?" Matteo asked.

There were beads of sweat on Sergio's forehead as he shook his head repeatedly. "No, of course not!"

Libby was stunned. Why did he react that way?

What did Sergio know that made him look at Chuck with great fear?

"Mr.... Mr. Cannon!"

Sergio got up and called out to Chuck.

What!

Everyone in the jewelry store went into an uproar!

Sergio, who was extremely rich, was actually showing respect to Chuck?

Libby was so shocked that her jaw dropped!

"How can that be? Can he really afford this jewelry store? Is he... Is he really more powerful than Sergio?"

Quinn was no longer surprised. She stared at Chuck with her beautiful eyes.

Besides Libby who was shocked, Wina was also dumbfounded!

She was stupefied from the moment her boss suddenly changed his attitude and became polite to Chuck. Mr. Felton, whom she thought was extremely rich, actually referred to Chuck as Mr. Cannon, and he was sweating profusely...

How was she going to continue working there?

She did not dare to think about it!

"Who allowed you to call me that?" Chuck's face was expressionless. How dare this person be interested in Quinn?

Chuck could not tolerate it!

"Young Master Cannon, it's my fault. I was wrong. Can you forgive me this time? I was arrogant and have mistreated you. Please spare me this time, Young Master Cannon!"

Sergio was terrified. He remembered that the two bosses, who were almost as powerful as his family, were killed by Chuck. It meant that Chuck could kill his family easily!

How could he not panic?

"Didn't you say that you wanted to compete with me? It's not over yet!" Chuck shrugged.

"I'm not going to compete anymore. I've lost. I admit defeat!" Sergio did not dare to continue.

"This is not like you. You were quite arrogant just now. I haven't even spoken, but you've already admitted defeat. I was just getting riled up!"

"I don't want to compete anymore. I surrender!" Sergio's legs trembled as he was extremely terrified!

Chuck's aura oppressed him, making it hard for him to breathe! He couldn't take it!

At that time, he finally believed him. If Chuck was not super rich, how could he have such an aura?

Even his father's aura was inferior to Chuck's!

"You surrender? Just like that?"

"Young Master Cannon, you can punish me! Just don't kill me!" Sergio begged while he was trembling.

"Sergio, what are you doing? You're also rich. Even if he's rich, there's no need for you to do this!" Libby was deeply disappointed.

Libby especially favored Sergio. She felt that a rich man like Sergio had a sense of responsibility, and would definitely be able to provide for her daughter and give her a happy life. However, what had Sergio become now?

He looked like a coward!

They were both rich. How could Sergio be so humble with Chuck?

Was he a coward?

"Shut up! D\*mn it, Why didn't you tell me that Quinn had a boyfriend like Young Master Cannon?" Sergio wanted to slap Libby.

Chuck was so powerful that he even dared to kill the bosses who were as powerful as his family. Even if he had the courage, he would not have the ability to do so!

It was all because of Libby!

He had really gotten himself in deep trouble!

Libby was stunned and trembled with rage. "Sergio, how dare you scold me? I'm your elder!"

"Elder? You're a fool!"

Libby was so angry that she felt dizzy. "You, you..."

"Young Master Cannon, please spare me this time! I'll do whatever you ask me to, as long as you spare me."

"Alright, if you kneel at the entrance of this jewelry store for three days, I'll let you go!" Chuck said.

No one spoke in the jewelry store. They all looked at each other in disbelief!

What?

Kneel for three days? Wouldn't his legs break?

Furthermore, kneeling down might have an impact on his

dignity. Sergio was rich and his family was reputable. How could he bear such humiliation?

It was pushing a man to the extreme!

Drastic times called for drastic measures, even if it involved a man's dignity!

However, they were all stunned by what happened next!

Sergio wept with joy. "Thank you, Young Master Cannon. I'll kneel! I'll kneel right away!"

Thud!

Sergio ran to the entrance of the jewelry store and knelt down immediately!

Libby was about to faint. Her mouth was agape when she saw what Sergio did!

Since the start, she never expected that Sergio, who was high-spirited in her house and wanted to expose Chuck, to kneel down at that very moment!

All just because of what Chuck said!

The people who passed by the jewelry store were also shocked and walked over to watch!

They were baffled and asked, "What's going on?"

"What happened? Why is this young man kneeling down?"

"That's Sergio Felton! Why... why is he kneeling down? And he's kneeling down to a young stranger?"

"It's incredible. I think this young stranger must be even more powerful than Sergio. Otherwise, why would Sergio kneel down in front of him?"

While they were discussing, they all glanced at Chuck.

"Who is this guy?"

"I don't know, but he must be super rich..."

## Chapter 796

Who could have imagined that Sergio Felton, whose family had tens of billions worth of assets, would kneel down in front of everyone?

No one could've imagined it!

As the passersby engaged in a discussion, they looked at Chuck with admiration, jealousy, and respect... They had mixed feelings. 

"This guy really knows his place!" Matteo sighed.

He did not expect that Sergio, who was usually hot-tempered, would kneel down right after Chuck spoke.

It further proved that Chuck's ability was far beyond anyone's imagination!

"Not anyone can do what Mr. Cannon is capable of doing. If he gets angry, he could make the Felton family disappear overnight, all by himself!" Spencer was still in a state of shock!

When Chuck told him to kill Pedro and his partner, he could not forget the look on Chuck's face for the rest of his life.

Matteo mumbled. Fortunately, he was wise with his decision, otherwise...

Matteo was terrified because he had looked down on Chuck earlier!

If Chuck was truly angry, he could not imagine what would happen to him!

"Be obedient. Kneel down for three days!" Chuck shrugged.

"Yes, Young Master Cannon. I'll definitely kneel for three days!" Tears were streaming down Sergio's face. Kneeling down meant nothing to him!

He was very happy that he could survive!

The crowd was stunned once again!

"Mr. Cannon, I will go back and prepare for the handover!" Matteo said politely.

"Okay."

It would be better to complete the handover as soon as possible!

"Listen, from today onwards, I am no longer your boss. Mr. Cannon will be your boss instead!" Matteo said.

All the staff members of the jewelry store, including Wina, were stunned!

Their boss had announced it personally, therefore it must be a done deal!

"Wina, from today onwards, you'll work for Mr. Cannon!"

Wina was dumbfounded, "Boss, I, I just... "

"You just what?" Matteo suddenly became serious.

"Just now, I..." Wina told Matteo what happened earlier while tearing up in front of him.

Even Sergio knelt down in panic. She was just a store manager, she was a nobody to Chuck!

Bang!

Matteo raised his hand and slapped Wina angrily!

"Are you a fool? I've told you so many times not to look down on others, but you just won't listen! How could you do this to Mr. Cannon? Even I am a nobody compared to Mr. Cannon, so who do you think you are? Tell me!" Matteo said coldly.

Wina was so scared that she fell to the ground.

If her boss was a nobody, then what was she?

She felt panicked and regretful. She was about to faint!

She offended a person that she should have never offended in the first place!

"Boss, please save me!" Wina knelt and begged.

"I can't save you! Ask for forgiveness from Mr. Cannon yourself!"

How would he dare to save her?

Wina burst into tears with extreme fear, and clung onto Chuck's feet. "Mr... Mr. Cannon, I should not have treated you badly earlier. I didn't know you. Can you please forgive me?"

Chuck looked at Wina who was kneeling down and said, "I told you to pack your things. Don't you remember?"

"I'll pack. I'll pack them right away. But Mr. Cannon... I'm afraid." Wina panicked. If Sergio needed to kneel for three days, how long would it be for her?

She did not even dare to think about it!

"Please, I still have my parents to take care of. Don't kill me. I will do anything for you!" Wina cried pitifully.

"I don't need you. Pack up your things and leave! I don't need such an employee in my store!" Chuck said coldly.

Wina trembled and did not dare to leave. She was afraid that if she left, Chuck would find someone to assassinate her.

"D\*mn it, get out of here! Guards, are you all dumb? Get her out of Mr. Cannon's sight!"

Several security guards came to their senses. They quickly threw Wina

out of the store. She was still crying and begging!

"Get lost! You were so rude to Mr. Cannon just now. You deserve it!"

Wina was thrown out while her pleading could still be heard outside the store.

"Well, Mr. Cannon, I'll leave first."

"Okay, go ahead!"

Matteo left.

"What are you all looking at? Just do what you need to do. By the way, you will be the store manager from today onwards!" Chuck said, pointing at an intern who was about 18 years old.

That intern had just started working there not too long ago, but she had a high standard of service etiquette!

Since Chuck favored her, he could train her!

The intern was stunned, and so were all the other staff members. They all looked envious!

"Me? Mr. Cannon, are you kidding?" The intern was at a loss.

She had only been working there for a few days, although she had studied management during her college days.

"No, I'm not. Can you do it?"

"Yes! Don't worry, Mr. Cannon. I will not let you down!" The intern cried with joy. It was a golden opportunity for her.

She cried. Being a manager meant a salary increment for her, which meant that she could earn more money. Her parents would not have to work so hard at the construction site and farm to put her through college.

She could even give her parents a monthly allowance.

Chuck was pleased!

She led the employees to resume their work while they all sighed. Chuck was so bold that he appointed an intern to become the store manager. An ordinary boss would not dare to do that at all!

"Mr. Cannon, I'm here because..." Spencer hurried over to explain.

"It's alright. I'm busy, I won't interfere with your business." Since Chuck had accepted him, he would not be too concerned about him.

"Yes, Mr. Cannon! I shall not disturb you further!" Spencer left respectfully.

"Chuck..." Quinn walked over. She knew that Chuck would surprise her that day, but she was really shocked earlier!

At that moment, Sergio was still kneeling at the entrance...

"Alright, how about I give these shops to you..."

"Thank you. But this is a purchase, a commercial investment, and also a part of the business. How can I accept them?" Quinn refused firmly. She felt that Chuck had changed drastically since his return.

Buying the store was absolutely a commercial strategy. She did not believe that Chuck would buy more than a hundred shops because of personal revenge.

"Then, should I buy his family business instead?" Chuck pointed at Sergio, who was still kneeling in front of the store!

In an instant, Sergio's forehead was covered in sweat and his entire body trembled.

"Forget it, I don't want anything," Quinn refused firmly.

Sergio felt helpless. Did he walk on the edge of the cliff earlier?

Chuck had no choice but to agree with Quinn, "Alright!"

"Let's leave now. By the way, let's have dinner first. You have not eaten yet, have you?"

Chuck had travelled far earlier and had not eaten yet. He agreed quickly.

"Okay. Mom... are you alright? Let's go for dinner!" Quinn found that Libby was still in shock.

"Quinn, Quinn... Who is he actually?" Libby murmured to Quinn softly.

"He's Chuck Cannon! He is also my... boyfriend," Quinn held Chuck's hand boldly and said.
