

## Chapter 111

Since he knew the relationship between Jason and Simon, it could not be said that he was too familiar with him. The importance of Jason in Felix Yang's heart naturally disappeared.

However, when they had met at the exhibition it was that Simon had taken Jason too seriously.

That kind of good-for-nothing was not worth mentioning at all.

Not only Felix was waiting for Simon, but the others were also looking forward to it.

Simon did not refuse and opened the brocade box. At first glance, he was attracted by the jade thumb ring in the box!

This... this thumb ring was made of top-grade jade!

Moreover, judging from the polishing skill and the degree of polishing, it was not modern. It must have been from dynasty Qing!

Simon took out the magnifying glass from his pocket and looked at it carefully.

This action naturally whet everyone's appetite in the living room!

What's going on?

Was the jade thumb ring given by Jason a genuine one?

Travis was also shocked, but he quickly dispelled this idea. It's at most just a piece of jade. How could it be an

authentic old thing?

"How is it, Master Feng? Did you see anything?" Felix asked with a smile, feeling quite nervous in his heart.

It's been so many years, and I've never felt like this since.

He didn't know why, but he was inexplicably nervous.

Even Felix himself had a hunch that what Simon would say next would be shocking!

Because from the subtle expression on Simon's face, Felix could see that this jade thumb ring was not an ordinary piece of jade.

"This... this is a jade thumb ring from the Qing dynasty! It's likely to have belonged to Emperor Qianlong!"

Simon suddenly said excitedly, very exhilarated, and his whole person was breathing fast!

Qianlong Emperor's possession was definitely a treasure!

"How many years it has been since I've found an item belonging to Qianlong Emperor!"

Simon clearly remembered that a while ago in the capital city, a piece of calligraphy and painting by Qianlong Emperor was auctioned, and the selling price was thirty million dollar!

This jade thumb ring was worth more than thirty million dollar. It was definitely a priceless treasure!

"Qing Dynasty... Emperor Qianlong's?" Felix was dumbfounded with his eyes wide open, staring at the jade thumb ring in Simon's hand!

All of a sudden, everyone in the reception room was shocked!

Even those who didn't know anything about it, such as Amanda, knew that it was valuable when they heard that it was an item which had belonged to Emperor Qianlong of the Qing Dynasty.

Travis's face instantly darkened. That good-for-nothing really gave this?

Where did he get the money?

"Old Jiang, is this thing very valuable?" Amanda poked Charles next to her and asked.

If it had been revealed earlier, Amanda would definitely have thought of a way to get this jade thumb ring back.

This Jason was really a wastrel. What kind of gift was it? What kind of gift could have been from Emperor Qianlong?

Charles's face turned red at that moment. He couldn't wait to rush over. He looked at it in person and said excitedly, "It's valuable. It's very valuable! Two years ago, a picture of Emperor Qianlong was sold for thirty million dollar!"

'What? 30 million?!

Amanda shouted excitedly.

All of a sudden, everyone's eyes were fixed on Amanda, who quickly covered her mouth and smiled in embarrassment.

However, Amanda now cursed Jason to death in her heart. What a damn waste! What a wastrel!

Thirty million dollar!

However, the next second, Simon shook his head and

said, "Mr. Yang, I have seen a jade thumb ring worth more than thirty million!"

More than that!

It was as if a stone had stirred up a thousand ripples!

Felix's breathing was rapid and his face turned red. He stared straight at the jade thumb ring and said with a smile, "Master Feng, please give me a hand and make an estimate."

Simon pondered for a while, then raised a finger and solemnly said, "At least one billion!"

One...one billion!

Slam!

Hearing this, Amanda fainted immediately and fell backwards!

Fortunately, Charles's people were quick-witted. They quickly helped Amanda to the side and pinched her nose to make her drink. It was so good that she woke up.

Now, Amanda was soft all over and her hands were trembling. She muttered, "Jason, Jason, where did you get this cheap jade thumb ring? One hundred billion dollar you just give to others!"

This was the hatred in Amanda's heart. She stared at the jade thumb ring and couldn't wait to take it!

If Jason hadn't brought the ring, it would be her own!

One billion!

Oh, my god!

No, no, I must get it back!

Amanda made up her mind and decided to pretend sick. She hummed and covered her chest with her hands.

How could Felix not see through his third daughter's trick? He glared at her coldly and shouted, "Amanda, since it's from Jason, it's the Yang Family's possession. If you feel uncomfortable, I'll ask Jasephine to take you back home."

Hearing this, Amanda didn't have the face to continue pretending. She quickly sat up straight with resentment and gloom on her face.

Although Jasephine was jealous in her heart, she felt happy when she saw that Amanda didn't get any benefits.

Meanwhile, Felix took the jade thumb ring from Simon with trembling hands. It was very valuable and solemn.

One billion!

How could Jason have given such a valuable thing?!

Travis, Hammer, Gabrielle, and the others were all shocked and did not understand.

Isn't Jason a good-for-nothing?

So how could the jade thumb ring be explained?

Travis clenched his fists. Where on earth did that brat get such a good thing?

F\*ck! F\*ck! F\*ck!

He felt extremely uncomfortable.

Travis hid aside and urged Monkey and others to do something as soon as possible.

Meanwhile, Gabrielle was also full of doubt. She matched

the jade thumb ring to Jason but she still couldn't figure out it.

What on earth is this guy hiding?

And she also happened to see Travis standing alone in the corner, playing with his mobile phone with an angry look on his face.

What was Travis going to do?

After thinking for a while, she picked up her mobile phone and sent a text message secretly to Cindy.

Simon glanced at everyone's shocked faces one by one and felt quite helpless in his heart.

They probably didn't know that this one billion dollared jade thumb ring could just be a toy for Jason.

Mr. Smith had said that he had to keep a low profile and keep his identity secret.

Therefore, Simon immediately explained, "I think this jade thumb ring is likely to have been found by Jason in the antique market. This guy's eyes are so cunning. Last time, the Tang Bohu's 'The 'The Spring Mountain' painting painting' was found by him in the antique market."

"Found? What's going on?" Felix asked in confusion.

Simon explained in a few words, everyone suddenly understood, and their doubts about Jason disappeared in an instant.

It turned out that good-for-nothing would always be a good-for-nothing.

She really thought that Jason could maybe have a special identity. It turned out that he was just lucky.

After Simon left, Felix asked someone to protect the jade thumb ring.

All the people in the family looked at each other and smiled.

Jason was really stupid.

He probably didn't know that this jade thumb ring was worth so much money.

Sure enough, even if a good-for-nothing got a great treasure, he couldn't recognize the value.

Especially Travis, he despised Jason even more.

This kind of loser would be worthless for the rest of his life.

Then, Amanda and Charles, who were angry, also left the Yang Family's courtyard.

"I'm so pissed off! One billion dollar! One billion dollar! Charles! Jason has really pissed me off!"

Along the way, Amanda kept cursing Jason. She hated him so much, as if she had been cut all over her body.

"Well, it's been given to your dad. Do you still want it back?" Charles said helplessly.

"Yes, why not? It was a gift from Jason. It's from our family. Why should we give it to the Yang Family? No, I won't leave today. You go back first. If I don't get the jade thumb ring, I won't go back."

Amanda made up her mind. She had been snobbish for since before he could remember.

How could she be willing to give up such a valuable

thing?

Back with Jason.

He and Cindy were going back in Bruce's car.

In the car, Cindy was very cautious. After all, the one sitting in front was the Emperor of Shang Jiang City.

Jason also knew that Cindy was suspicious of his identity, so he hurriedly said, "Brother Bruce, thank you. Just take me to the hospital."

Bruce panicked, but immediately understood. He replied with a smile, "It's no big deal. It's a piece of cake. If you have time, come to my place to drink tea. Last time, I have to trouble you, Brother Smith."

What's the matter?

Cindy was puzzled. She kept looking at Jason and pinched his waist. She bit her lips and muttered, "Jason, when we go back, you must give me an explanation."

Jason understood very well how to communicate with each other through eye contact, which gave him headache.

'Brother Bruce, there seems to be a few people following us.'

As soon as he drove and was about to leave the village, the driver saw that something was wrong.

"Brother Smith, what do you think we should do with these people?" Bruce glanced at the mirror and asked.

"Don't pay attention to them," Jason said indifferently. He had roughly guessed who it was, but he just didn't want to make enemies with them now.

Bruce nodded and said nothing more.

However, soon after the car left the village, the two minibusses behind rushed up and quickly forced the Mercedes to stop.

Seven or eight strong tattooed strong men got out of the van, each holding a stick or some other kind of weapon.

'F\*\*k! Get out! Get out of the car!'

The leader was a man with a crew cut. He was cold, holding a steel rod and knocking on the Mercedes-Benz. He pointed at the people inside and shouted at them arrogantly.

## Chapter 112

"Brother Smith, please sit down. I'll handle this matter."

Bruce said, then dialed a number and said in a cold voice, "Garry, I'm at the exit of Yang's Village, bring your people here."

After that, Bruce took off his hat, his suit jacket, pushed open the car door, and walked out with his men.

Jason also smiled and got out of the car.

At first Cindy wanted to follow him, but she was left in the car by Jason.

The following scene would not be suitable for Cindy.

"Who the f\*ck was Jason? Get out of here!"

Monkey, who took the lead, was the local villain in Yang's Village. He was rampant in daily life and always had hearty meals.

At this time, with a steel rod in his hand and a fierce look, he knocked on the Mercedes-Benz hood and shouted, "What? Didn't you hear what I said? Are you f\*cking deaf? Jason, hurry up and come and kowtow to me! And the woman named Cindy, hurry up and come back with me so my brothers can have a good time! Otherwise, none of you can leave!"

"You're courting death! How dare you humiliate Mr. Smith and my sister-in-law!"

Bruce stepped forward and said with a cold face, "Are you sick of living?"

He, Bruce, had been a gangster for so many years, and he had been fighting in Shang Shang Jiang City City for so many years. He was not afraid of the local ruffians and hooligans like Monkey. What made him angry was their insult to Jason!

"Damn it! Who the f\*ck are you? Do you have the right to speak here? You are still stubborn at the end of your life!"

The monkey looked Bruce up and down and said, "He looks like a hypocrite. Believe it or not, I'll beat you to kneel down and you'll call me father later!"

"My name is Bruce Scott. Who do you think I am?" Bruce said coldly.

Hearing the name, Monkey was stunned at first, and then he laughed with his hands on his stomach. He raised the steel stick in his hand and pointed at Bruce very arrogantly.

"Bruce Scott? How dare you call yourself Bruce Scott? Do you know who Bruce Scott is? That's my gangster brother's elder brother, the underground emperor of Shang Jiang City."

Monkey really couldn't help laughing. He didn't expect to meet such a fool when he had gone out that day. "Hey, fool, hurry up and take a look at yourself to see what kind of temper you have. You, how dare you pretend to be Mr. Scott? If you are really Bruce Scott, I am your ancestor!"

"How arrogant you are! You're courting death!"

With a cold look on his face, Bruce directly took the initiative and went up to give him a hard kick!

Monkey did not expect that Bruce would make the first move. He was kicked directly in the abdomen, and his whole person was pushed back a few meters before he could stabilize his body.

His stomach was full of pain!

Monkey gnashed his teeth and rubbed his stomach. He shouted angrily, "What the fuck are you doing? Come on! Get rid of them. Cripple the one called Jason first. Then strip his woman and bring her back with us!"

Suddenly, a group of people rushed up while waving their weapons!

As a result, Bruce brought three thugs with him. In less than five minutes, he defeated all the ruffians and hooligans on the ground!

Jason's leg also kicked a few times as a follow up, and the rest were settled by Bruce and his hatchet man.

Bruce had made it to today's position, so he was naturally good at martial arts. The hatchet men beside him were also carefully chosen, and their boxing skills were naturally incomparable to those of the local bullies like Monkey.

"Tell me! Who sent you here?"

Bruce stepped on Monkey's face without mercy. He stamped on Monkey's face and made him scream.

"F\*\*k! I am Brother Garry's man. If you dare to hurt me, Brother Garry will not spare you!" Monkey's mouth was stiff and his eyes were full of anger.

"Garry?"

Bruce sneered and said, "Even if he stood in front of me, he wouldn't dare to talk to me like this!"

"Don't be so damn pretentious! When Brother Garry comes, you'll definitely be in trouble. If you know what's good for you, you'll let me go!"

Monkey spat and cursed. As a result, his face was directly stamped on by Bruce's foot, and his nose immediately started bleeding.

However,

Just as the monkey's vicious words were finished, four Range Rovers sped over, stopping in a hurry directly at the roadside.

Soon, a strong man standing tall at a height of 1.9 meters got out of the car. He was tall and full of muscles. He was very strong!

Seven or eight men quickly got out from the cars behind him.

The strong man quickly glanced at all the people present, and his eyes were frightening!

"Brother Garry?"

Seeing the coming person, Monkey seemed to see the hope of life. He was overjoyed and shouted, "Brother Garry! Come here! Come and save me, Brother Garry!"

Cheng Guang's eyes were fixed on Monkey, who was lying on the ground being stepped on by Bruce, and he chose to ignore it.

Then, under everyone's surprised gaze, Brother Garry quickly walked up to Bruce, bowed down 90 degrees, and

said, "Brother Bruce! I've brought him here. What can I do for you?"

Bruce's expression was silent as he nodded faintly.

"Brother... brother Bruce?" At this moment, Monkey's whole body seemed to be fixed, and he was stunned. He couldn't believe what he had just seen and heard.

Especially when he saw Brother Hua standing respectfully beside Bruce, Monkey was completely confused. He felt that there must be some deviation in his world view.

He hated himself now, so much so that he regretted it!

A cold sweat broke out all over his body!

At this time, he understood everything.

The man in front of him was the f\*cking Emperor of the underworld of Shang Jiang City, Bruce Scott!

It was the legendary gangster's elder brother!

Monkey had been begging Brother Hua to take him to meet Bruce, but he was not qualified enough.

But he didn't expect that he would be here today to meet Mr. Bruce, whom he had dreamed of, in the way of stopping Bruce's car!

Was God teasing him?

It's over! It's all over!

Monkey's whole face turned green and it was as pale as death. He was in a panic.

Just as he was completely at a loss and thinking about how to reverse the outcome, the god-like Bruce, the

underground emperor of Shang Jiang City City, actually walked respectfully to another young man, bent slightly, and asked his opinion, "Mr. Smith, what do you think about these people?"

Mr. Smith?

What the f\*ck!

Is that the young man, Jason Smith who Travis asked to beat and disable him?

Seeing this scene, the thoughtful monkey was completely dumbfounded, and his heart seemed to stop beating!

What the f\*\*k!

Travis, you've f\*cking killed me!

In Monkey's eyes, Bruce was an absolute untouchable person. He was involved in good and bad business in Shang Jiang City, and his influence was huge!

As long as he stamped his feet, Shang Jiang City would be shook!

But now, this man was so respectful and cautious to the young man.

It could only be imagined what the identity of the young man was!

Monkey felt that his lower abdomen was tight, and suddenly warm liquid gushed out from his crotch, accompanied by a coquettish smell.

Now, he wanted to die!

Monkey's heart was about to jump out of his throat when he saw the young man walking towards him.

"Was it Travis who sent you here?" Jason asked coldly. Slightly stunned, Monkey immediately nodded and said, "Yes, yes, yes! Travis asked me to come here. Brother, please let me go. I didn't know anything, I am a bastard, I am a fool, I deserve to die! This really has nothing to do with me. I am just making a living. Please let me go this time!"

Jason frowned slightly, pinched his chin and said thoughtfully, "That's not good. How did you insult my wife before?"

Monkey immediately cried and said, "I deserve to die! I deserve to die! I was wrong, brother! Please spare me. As long as you let me go, I will do anything for you. I will listen to your orders!"

With this, Monkey got up from the ground and slapped himself in the face, which caused his face to bleed!

He knew that if he didn't do this, he would die in an even worse fashion!

Jason thought for a moment and said, "Okay, I'll give you a chance to monitor the Yang Family for me. Whatever the Yang Family does, report it to me."

"Yes, yes, of course!" Monkey hurriedly agreed.

"By the way, find an opportunity to send a gift back to Travis for me. You should know what to do, right?" Jason sneered.

Monkey trembled and immediately understood what he meant. He knelt on the ground and made kowtows, "Understood! Mr. Smith, please rest assured. I understand! I will definitely do it beautifully!"

After that, Jason, Bruce and the others got in the car and left.

Such a drama had nothing to do with them.

Watching the Yang Family, it was just that Jason had the idea on the spur of the moment, because he was very dissatisfied with the Yang family.

He was considering whether he should attack the Yang Family or not.

Forget it, let's forget about it for now.

If Travis still wanted to do something, Jason didn't mind destroying everything from the Yang Family overnight.

Back in the city, after travelling all day. Jason asked Cindy to go back to rest, and he went to the hospital to accompany Angela.

The next day, Jason strolled around in his company and casually invested another thirty million yuan. He handed it over to Ashley Su to take care of it.

Now, half of the take-out business in Shang Jiang City was taken over by the Runing company.

There's no other way. Using Harley Davidson to deliver the takeaway. It's f\*cking over!

After leaving the company, Jason thought for a while and was ready to book a candlelight dinner.

He had been recalling the short period of time when he and Cindy were passionate in the bathroom last time in the Yang Family house.

Indeed, he hadn't had such a passionate collision with Cindy for a long time.

He chose a French restaurant. When Jason entered the restaurant, a voice came from not far away.

"Jason? Why are you here?"

As soon as he looked up, Jason saw two girls walking towards him hand in hand. One was tall and the other was short.

They were old acquaintances!

To be more precise, they were ex classmates!

"Fiona?" Jason asked in surprise.

"Oh, it's really you. I didn't expect to meet you here."

Fiona was well-known for being coquettish, short, and well-featured in college. Her figure was quite hot, and she had the potential to be a cover girl.

When she saw Jason, she was shocked at first, and then her face was full of sarcasm and a sneer.

When Jason was in college, he had pursued her, but failed.

Because Fiona didn't like him. She only liked rich men.

She would rather cry in a BMW than ride a bicycle and laugh.

"Well, I haven't seen you for a long time." Jason smiled faintly and didn't pay much attention to her.

Because there was a misunderstanding between him and Fiona.

When he was in school, he pursued Cindy and asked Fiona to help him send a love letter. However, he made a mistake and Fiona thought that he was interested in her.

"What's wrong? Where's your wife Cindy? Didn't she come out with you?" Fiona smiled and turned her head to look for that figure.

"Fiona, who is he? He's dressed so old-fashioned. How do you know such a loser?"

The short girl next to Fiona laughed sarcastically, not hiding her resentment for Jason at all.

## Chapter 113

Jason frowned slightly. This little girl's words were too rude.

To judge a book by its cover?

If I were her father, I would have slapped her a few times!

"Oh, Jason, this is my best friend, Joanne Qian." Fiona said with a smile, with a slight disdain on her face.

Jason is really a pervert. What are you looking at with those two eyes?

Joanne also curled her lips and cursed sharply, "Dude, where are you looking? Haven't you ever seen a beautiful woman?"

Jason shook his head helplessly and chuckled, no longer paying attention to these two people.

Fiona refused.

It's not easy to meet a boy who was pursuing me in university. I have to show off anyway.

Moreover, Cindy, God's favored daughter, married Jason, a loser.

It was said that Jason had been having a bad time in recent years. He even owed others a lot of money and was even going to get divorced.

Fiona felt very happy and couldn't wait to show off in front of Jason. She also wanted to humiliate him a few more times.

Therefore, she pulled Jason into the cafe next door and said, "It's rare to see you. Let's have a cup of coffee together."

Jason wanted to refuse, but he couldn't.

He chose a table and the three of them sat down.

After waiting for a while, Fiona got up unhappily and said, "Joanne, sit down for a while. I'll order a few cups of coffee."

As she said this, she still glared at Jason with disdain.

This man really didn't know how to behave like a gentleman at all.

The two beautiful women were there, but he didn't know that he should be a gentleman and order the coffee.

What a dumb head!

Fiona was glad that she didn't have a crush on such a loser when she was in university.

Moreover, judging from Jason's clothes and taste, it seemed that he was really living a bad life.

After chatting for a while, Ashley suddenly came over from the door and talked to Jason about something.

When Fiona and Joanne saw a beautiful woman coming over, who wanted to talk to Jason, they naturally had some doubts.

"Jason, who is she?" Fiona asked doubtfully.

Could it be Jason's mistress?

Impossible. How could he, a loser, hook up with such a beauty?

Jason thought for a moment and replied calmly, "The manager of my company."

Ashley also nodded slightly to them and said with a smile, 'Hello, my name is Ashley Su. I'm the manager of Jason Smith's company.'

'What the f\*ck!'

Joanne was the first to get excited. She stared at Jason with her big eyes blinking and said in surprise, "Jason, you actually started a company? That's great!"

How could Joanne not be excited? Jason looked ordinary. He didn't expect that he could start his own company. He must be rich.

That was to say, if she played a little trick of beauty, this stupid man would definitely fall under her charm.

Thinking of this, Joanne couldn't wait to take the small bag and said that she was going to the bathroom. In fact, she was going to fix her makeup.

Fiona was also shocked and asked excitedly, "Jason, did you really start a company?"

Fiona was very confused. She didn't want Joanne to make such a fuss because she and Jason were classmates and knew his past.

With such a poor person like him, how could he start a company and become the boss?

Is there a misunderstanding?

Although Fiona's heart was extremely unbalanced, she had done a good job on the surface. She smiled and said, "Well, Jason, we haven't seen each other for three

years. You live quite well and you even have your own company."

Jason smiled faintly and said nothing.

He knew that if he said that he had gone to work for it, he would definitely be ridiculed by Fiona.

If that's the case, then I'll make it clear.

Anyway, he wouldn't have much contact with her in the future. He could do whatever he liked.

Fiona smiled and said, "It seems that the news of Aaron Zhou and others is not accurate. I thought you were in a bad situation. I didn't expect you to make a name for yourself."

Joanne had come over at this time. Sure enough, she looked better after applying makeup.

With a seductive smile on her face, she constantly winked at Jason and said, "Handsome, if there is a chance, take me to your company to have a look. I have had nothing to do recently. If you want to go out and have a date with me, you can."

So straightforward?

Jason was scared.

Fiona also chuckled and immediately said, "Jason, you haven't come to our classmates' gathering the past two times. This time you have to come anyway. Today, they booked a room in the Triumphant Restaurant. You can't refuse again!"

Jason was very surprised. "Today?"

Fiona nodded and said, "Yes, didn't Aaron inform you?"

For the previous two classmate gathering, Jason had received notices, but he refused all of them.

Because at that time, he and Cindy were in a period of contradiction, and he had no status. It would be awkward for him to go there.

Therefore, Aaron did not inform Jason at all this time.

He didn't expect to meet her today.

It was indeed a little unexpected.

Fiona looked at Jason's hesitation and said hurriedly, "Since everyone has met, let's go together. We haven't seen each other for several years."

In fact, Fiona was thinking that she could get closer to Jason through this gathering.

She now regretted looking down on Jason in the beginning. She didn't expect that such a man was still a potential stock.

Jason touched his nose and nodded in agreement. "Okay."

Anyway, Jason had nothing to do in the afternoon. Besides, he had a candlelight dinner with Cindy the day after, so he was not in a hurry.

Jason and Ashley said a few words, and then Ashley went back to the company.

After staying in the coffee shop for a while, Fiona and Joanne finally took Jason to the KTV next to the shopping mall.

"Aaron and the others will sing karaoke here first. After they finish singing, they will go to the Triumphal

Restaurant." Fiona said, taking the initiative to hold Jason's arm and said mysteriously, "Jason, do you know that Adam has also opened his own company recently, and he has already made a turnover of three million dollar. I heard that he is going to break through to twenty million dollar this year! Today's class reunion was arranged by him."

Jason mind that Fiona holding him in her arms. He naturally understood what this woman was thinking.

Jason politely pulled Fiona's hand away and shook his head with a smile. "Adam... has also started a company? We haven't contacted each other for a long time."

Fiona's face changed slightly. She didn't expect Jason to be so ignorant. She couldn't help but lose her face. Her tone became a little cold. She held her arms and squeezed out her full body. She said, "Weren't you guys good brothers before? What's wrong? Did you fall out?"

Fiona knew that Jason and Adam were good friends in the class when they were together. However, he was a bad influence.

Now that they had no contact with each other, they must have fallen out because of Cindy's incident.

Everyone knew that Adam once pursued Cindy, but later, Cindy and Jason got together.

"It's really enviable!"

However, for this reason, Jason fell out with a lot of friends.

That bitch was a dangerous beauty.

At this time, Joanne also came over and gossiped in her mind.

"Hey, how is Adam? How's the company going?" Joanne shook her little head and seemed to be very enthusiastic.

Jason shook his head and said, "I don't know. I have had no contact with him since I graduated."

Fiona nodded and said nothing, as if she knew it in her heart.

"Oh, by the way, do you have any contact with Noble Brown? And Gerry Liu and the others? By the way, Chris Jiang, you haven't contacted each other, either?" Fiona asked in surprise.

Hearing this, Joanne's brows furrowed and she complained slightly, "Jason, why do I feel that you have had no contact with your old classmates? You don't know how to socialize."

"Not bad, Noble. I don't know much about him, but I'm still in contact with Gerry. In fact, I don't like to socialize with everyone. I just need one or two people who know me well." Jason explained.

When he thought of Noble, he felt a little sad.

Gerry, on the other hand, hadn't been to see him for a long time. He didn't know how his marriage with Jasmyn was going.

When he caught Jasmyn in the hotel last time, Jason didn't have the chance to tell Gerry.

He was afraid that after he told the truth, Gerry would be sad.

What's more, he was afraid that Gerry would not believe him, and he would not be his brother in the future.

As they walked, they soon arrived at the private room. Outside, they could hear the screaming as though a pig was being slaughtered inside.

However, there was a burst of all kinds of support, and the people outside all felt that it was insincerely awkward.

"Haha, Mr. Wilson is awesome! Your singing is like from the recording artist! I really admire you."

"Yeah, Mr. Wilson, it's time for you to join The Voice. You'll definitely become the champion!"

"I didn't expect that our boss, Mr. Wilson, is so rich and so talented, and he is a handsome guy. He is definitely a tall, rich, and handsome man!"

....

A group of people flattered him. Jason was embarrassed when he heard that, but he just laughed.

Fiona was the first to push the door open and enter the room. She yelled at the people in the room, "Everyone, let's see who I brought you here."

The whole room suddenly quieted down. Under the colorful lights, everyone's eyes were fixed on the person behind Fiona.

Cold.

Silence.

No one cheered.

Only a few people, with faint smiles on their faces, said in a loud voices,

'Sh\*t, Jason is here.'

'This is a busy man. We haven't seen each other for three years, but today, we can actually meet him.'

'Jason, you are not polite enough. You should talk to us. We are sure to help you. You don't have to dress like this.'

Laughter and sarcasm rose from people one after another.

## Chapter 114

There were lots of cold eyes and all kinds of sarcasm.

This was the so-called classmate gathering, which had become a gathering place for flattery and ridicule.

This was also the reason why Jason didn't want to come.

What kind of gathering was it? It was all fake. The boys and girls played with each other, while the boys flattered each other and pretended to be something more than they were.

"Jason, why didn't you inform me that you were coming? I'll go to greet you. What's wrong? I called you last time, but you didn't come. But Fiona invited you and you come. Don't you have respect for me?"

It was Adam who said this. At that moment, he had already stood up and walked over. He hooked around Jason's shoulders and looked very enthusiastic.

Jason glanced at him indifferently. Has he become so hypocritical now?

When did he call me?

Wasn't it due to Aaron?

Walking to the middle of the room, Adam handed Jason a glass of red wine and said, "Come on, it's rare to see Jason these days. Let's hold a toast to celebrate. He was a big shot back in our school days."

A group of people had no feelings for Jason at first. It was said that he had been living a very poor life in recent

years. He was not as brilliant as he used to be.

However, since Adam said so, they all raised their glasses in order to curry favor with Adam.

Jason sneered in his heart. After drinking the wine, he found a corner and sat down.

But obviously, Adam would not miss this rare opportunity.

He gestured to Chris Jiang next to him, and Chris immediately understood. He said loudly, 'Jason, you are too f\*cking mean. Where have you been all these years? I can't get through to you by calling you, so I changed my number. Aaron asked you to come to the party, but you didn't come. Do you still treat us like your old classmates?'

Chris knew what Adam meant. He wanted to humiliate Jason, or in other words, embarrass him.

As soon as these words came out, all the people began to accuse Jason.

"That's right, Jason. You won't look down upon us old classmates if you're rich, will you?"

"He's the only one who's famous. I knew at school that he's the one who's trying to gain favor from others. He's not really talented."

"Ha, ha, old Jiang, don't make fun of Jason. Now, none of us have Mr. Wilson's approval."

A group of people kept belittling Jason, and at the same time, they did not forget to fawn on Adam.

Adam also happily sat in the main seat. He waved his hand and said, "Hey, it's with all my old classmate's help. I

just started a small company."

However, the smile at the corner of his mouth betrayed the secretive pride in his heart.

Especially when he saw Jason sitting in the corner without saying a word, Adam felt very good!

In those days, Jason was the protagonist, and they were all marginal characters.

He didn't expect that today he would become the leading role in the circle of friends.

Joyful, very cool!

"Hey, Jason, I'm asking you. Why don't you answer me? Why are you so arrogant?" Chris was a little unhappy and said coldly.

Looks like he's sitting by the side like a god.

Is he looking down on me?

Jason chuckled and said, "Nothing. I've been busy these years and I don't have time to say sorry to everyone here. Besides, I'm here today, aren't I?"

Jason knew clearly this group of people's intentions.

"It's just a little trick. I could play it at the age of eight."

Adam laughed and said, "All right, it's rare to meet together. Let's go."

After drinking a glass of wine, Adam suddenly felt embarrassed and asked, "Jason, I heard that you have graduated to start a business? How is it? Is it okay?"

Jason shook his head and said, "It's bankrupt."

Chris laughed sarcastically. "It's okay if it's bankrupt."

Anyway, you're not the type of person who can run a company. By the way, how are you and Cindy now? I heard that you two are getting divorced."

All the people in the room quieted down after hearing these words.

Everyone's ears pricked up.

Cindy, a name that sounded dreamy at the mere mention of it, who used to be a college goddess.

He didn't expect that she would marry Jason, who was a good-for-nothing.

Adam's face also darkened slightly, and he also paid close attention to Jason's words and deeds.

"You don't have to worry about this. We are fine now." Jason smiled faintly.

Chris chuckled.

However, Adam immediately said, "Why didn't you bring Cindy here? She was the campus belle of our school. You can't be so worried about her, can you? You didn't even bring her to the party."

Adam really wanted to see Cindy and prove to her that her choice was wrong in front of her.

He, now, was more successful than Jason.

Jason was silent for a while and said, "Her company is busy and she doesn't have time."

The few of them looked at each other and smiled. Their eyes were full of mockery for Jason.

"This guy is quite good at putting on a show."

If they almost divorced then he should just tell him about it. There was nothing that he couldn't say.

Adam got up and sat next to Jason. He patted him on the shoulder and said, "I asked someone to inquire about it before and said that you are delivering takeout now? You don't have to be so poor."

Here it comes, the main topic is coming.

Jason raised his eyebrows and smiled slightly. He said, "Yes, for the sake of life, sending takeout is not a big deal, but not like you. Every one of you is a big boss and a general manager. I really envy you."

Since Adam wanted to find a sense of superiority from him, then Jason would give it to him. Anyway, he was not short of it.

Moreover, these things were really boring.

Adam said with a faint smile, "It's okay. It's good to bring takeout. I've heard that they can earn more than ten thousand yuan a month."

Jason shrugged his shoulders and said, "It's okay. Enough to support my life."

Chris smiled and said, "Jason, Adam has just opened a company recently and is recruiting people. Do you want to think about it? Just tell Brother Adam that you want a job and he won't treat you badly."

Adam grinned and sat there calmly. He sipped the red wine little by little, waiting for Jason to beg him.

Cool!

Unexpectedly, Jason also had a day to beg him for help!

"That's right, Jason, this is a rare opportunity. I want to go. Brother Adam, what do you think of me?" The classmate beside him said enviously.

"I'm also thinking about it. I heard that Brother Adam's company now makes a few million dollar per month, and there are dozens of employees!"

Fiona was very envious and had a look of worship on her face. She sat close to Adam and kept rubbing against him and acting like a spoiled child.

Originally, there were more than a dozen people in the room. At first, everyone's attention was on their own. But now, after hearing Chris's conversation, all of them became active and couldn't wait to look at Adam.

Many of them had come to the party for their own purpose.

There was no other way. This was the reality.

They were all ordinary people. They just wanted to find a good way out.

This was understandable, but there was no need to look down on him.

"Mr. Willson, are you short of people?"

"Brother Adam, what do you think of me? I used to be a secretary, and I can do anything."

"....."

Joanne, who was next to Adam, hurriedly moved closer to him with her big eyes blinking.

This was a sugar daddy!

Today, she begged Fiona to bring her here in order to curry favor with a rich man like Adam.

Even if she knelt on the bed and called him dad, so what? It was fine as long as she got the money.

The group of people kept talking, eager to see Adam show his attitude.

Adam also smiled and said, "My company is new and I am indeed recruiting people now, but there are only two vacancies left. If you want to come over, send me the resume. For the old classmates, I will definitely take care of them."

Listening to them flattering him and lifting him up, Adam felt very happy, but he wouldn't let it go.

This job vacancy was not something that could be arranged even they had a classmate relationship.

It all depended on one's strength.

Otherwise, Adam's company would not have been so successful.

"Jason, don't think about it. With your delivery work, you only earned a few bucks a month. Hurry up and ask Brother Adam for help. Brother Adam may let you in if he is happy. I heard that the salary is at least seven thousand dollar." Chris said enviously.

Upon hearing this, everyone was shocked again.

Now, the starting salary of a new company was seven thousand dollars. Would it be more in the future?

All of a sudden, everyone's eyes were even brighter.

There were only two vacancies. It was too few.

"Hey, don't listen to his nonsense. There's no seven thousand dollars, but you still can get five thousand dollars. You can get other sales rewards. Jason, how about it? If you don't have enough money, you can come to me. I'll count you in. For the sake of Cindy, I won't treat you badly. At that time, you and Cindy can treat me to a meal."

Adam said with a smile, with a proud look on his face.

Now, in Adam's eyes, he and Jason were at two different levels.

Adam really didn't like Jason, and looked down on him because he was a low class worker who delivered takeaway.

What he just said were all polite words. As for whether he would make a move or not, it all depended on Adam's own mood.

As long as Jason seized this opportunity, he would take advantage of this opportunity to get close to Cindy.

After all, they hadn't seen each other for many years, and they didn't know how Cindy's life was.

Thinking of this, Adam involuntarily licked his dry lips.

"Thank you, I'll think about it," Jason said with a faint smile.

"Think about it? Jason, don't miss the opportunity. This is a once-in-a-lifetime opportunity. Mr. Wilson helped you indirectly, and you still have to think about it?"

Fiona was now crazily giving Jason a wink.

This guy couldn't be a fool, could he?

Adam said it in person, but Jason still wanted to consider it. He really didn't know how to appreciate favors!

As for Jason's establishment of a company, Fiona had long forgotten about it.

She didn't believe it at all. With his ability, he could still start a company. It was very likely that he was the one who found it but didn't want to lose face in front of her.

Following which, a group of people were very dissatisfied with Jason and gave all kinds of accusations!

"Jason, don't be ungrateful. Mr. Wilson will give you a chance in person!"

"This idiot even needs to think about it. He really doesn't know how to appreciate favors!"

"A good-for-nothing will always be a good-for-nothing. It's no wonder that Cindy wants to divorce him. Even if she gives him a chance, he doesn't even know how to fight for it."

In the face of the ridicule from the crowd.

Jason was very helpless. After thinking for a while, he said, "Well, everyone, in fact, I really don't need it, because I am actually..."

## Chapter 115

"Actually what? Why, do you still want to say that you are rich?" Joanne said unhappily.

This guy simply didn't respect Adam at all.

Adam also had a faint smile on his face, but the dissatisfaction in his heart was already very strong.

"After all, I gave you a chance, but you refused me and you're not grateful?"

"With your status, how could you reject me?"

Such a good for nothing!

After all, he was for sure a good-for-nothing!

"Jason, I advise you to think it over. Go back and discuss it with Cindy. Who are we? If you need me in the future, remember to come to the company to find me. I will definitely help you." Adam clapped his hands, took out a business card from his pocket, and threw it directly in front of Jason, just like he was a charity case.

"Well, we've had enough fun. Let's go to the Triumphal Restaurant for dinner." Adam smiled and didn't care about Jason's expression at all.

The group of people stood up and felt helpless about Jason. They all looked at him with disdain.

This silly guy was really stupid.

He didn't even know how to cherish such a good opportunity.

He would be useless for the rest of his life. In the future, he would have to draw a clear line with Jason.

Everyone thought so.

Jason was very helpless. He was the last one to get up and follow them out.

"I am actually the heir of a rich and powerful family. Why didn't you let me finish?"

As soon as he left to the parking lot.

Adam drove out in his cool Audi R8. This car was very expensive and cost one to two million dollar!

As soon as he came out, he attracted the attention of all the people present!

He's so handsome

Especially Fiona and Joanne, as well as several female classmates, all of them were staring at him with their eyes wide open!

However, this car could only accommodate two people. Then, the passenger seat had suddenly become a place for all the girls to fight for.

Adam, of course, saw through these women's thoughts, "Who wants to sit in my car?"

"Me!"

"Me, Me, Me!"

All of a sudden, several girls couldn't wait to rush to the passenger's seat and even began to fight with each other.

Finally, Adam looked at Fiona and said, "Fiona, come up. I'll take you there."

Fiona's heart was filled with joy. She arrogantly stepped on her high heels, twisted her hips and got into the car.

All of a sudden, the girls' eyes were full of envy and jealousy.

Later, Adam smiled and said, "Well, I'll go over first. Those who have cars, just fetch other people."

A few moment later, some classmates drove out of the parking lot. The best of the bunch was the BMW three series of Chris Jiang's. He took three girls, and he was very happy.

Then there were common cars such as mainstream Phaetons and Buicks.

Only Jason stood on the side of the road alone, and no one wanted to fetch him.

Adam sat in the car, looking at Jason with a faint smile, and said, "Jason, you didn't drive here?"

"He doesn't have a car. He walked here. Forget it. Let's leave him alone. Brother Adam, let's go first and let him take a taxi."

Fiona said a few words with disdain, and couldn't wait to experience the Audi R8.

"Haha, Jason, you haven't even bought a car, have you?"

"He's too useless. He has been graduated for three years and can't even afford a car."

"Sigh, sure enough, we're not the same kind of people. Well, you know what they say, 'a leopard can't change its spots.'"

The crowd sneered.

Adam thought for a moment and nodded. Then he took out a one hundred dollar bill from his wallet and threw it to Jason like a beggar. He said, "Here is some money for a taxi. I can't let you spend your own."

After that, he started the car up and drove away.

Then, several cars followed him in succession.

The whole street was filled with their laughter and contempt.

Jason didn't care about it. He didn't want to compete in buying a car.

Just as he was about to take a taxi, there was a rough male voice behind him.

"Mr. Smith, are you here too?"

Hearing the voice, Jason turned his head and looked over, only to see Paul's mountain-like body coming towards him.

Fortunately, he stopped in time and stood respectfully in front of Jason, grinning and said, "What a coincidence, Mr. Smith."

"Yes." Jason nodded and said nothing more.

Paul was panicking. Mr. Smith didn't argue with him about the thing that had happened last time. He had been feeling sorry and was looking for an opportunity to make up for it.

"I didn't expect to meet Mr. Smith here today."

"Did you drive here?" Jason suddenly asked.

Upon hearing this, Paul immediately smiled flatteringly

and said, "Yes, I drove. Mr. Smith, where are you going? I'll personally send you there."

Then, Paul personally led Jason to the parking lot.

At the same time, at the entrance Amy was holding a middle-aged greasy uncle and was about to enter the cafe.

As soon as she glanced at them, she saw the figures of the two people on the other side.

They looked so familiar.

"Why does it look like Jason?" Amy was suspicious.

In particular, the figure of the other people was so well built, just like brother Paul!

Jason was with Paul?

Did she think too much?

Amy shook her head and followed the middle-aged man with a sweet hug. When she entered the cafe, she quickly forgot about this matter.

On the other hand, Paul led Jason to the parking lot and opened the car door, but Jason did not enter.

"What the hell! You're tall and sturdy, and you're driving a pink Porsche 911?"

Jason was stunned at that moment. In front of him was a Porsche 911, which was a girly pink model!

Paul blushed and explained hastily, "Mr. Smith, you have misunderstood. This is brother Bruce's daughter's car. I drove it out to run some errands."

Bruce's daughter?

It seemed that he had never seen her before.

In fact, Paul didn't utter another word. When the car was bought, Melissa had asked for his opinion.

Paul felt that the pink was good-looking.

Who says that a strong man couldn't have the taste of a young girl?

It was a contrast of his image and his taste.

Jason felt very helpless and sat in it.

Soon, the two of them arrived at the Triumphal Restaurant.

The car stopped in the parking lot. Jason got out of the car. After a few steps, he happened to meet Adam.

He was the first one to arrive with Fiona.

Seeing that Jason had also arrived, Adam's face was full of doubts. His Audi R8 was not slow. The others had not arrived yet, but Jason had arrived first?

'Hey, Jason, I didn't expect you to take a taxi so fast. Did you take shortcut?'

Adam laughed playfully. While speaking, he glanced at what was not far behind Jason.

It was a pink Porsche 911. Jason seemed to get out of that car just now.

Could it be possible?

"Maybe it's because I'm dazzled."

Fiona also sneered and said, "I think he ran here. He was the champion of the five-kilometer long-distance race of our school team."

Adam chuckled.

Jason didn't pay attention to anything.

The two of them turned around and entered.

After Jason waited for a while, Paul ran over, chatted with Jason for a while, and then turned to leave.

Just then, more than a dozen other classmates arrived one by one.

"Jason? You arrived first." When they saw Jason standing at the door, they all expressed their doubts.

I thought this guy did not have a car? How could he be faster than those who had cars?

This doesn't make sense!

Jason smiled and said, "The chauffeur took a shortcut."

Hearing this, they all came to a sudden realization.

However, Joanne said in a low voice, "What kind of chauffeur? Just take a taxi, and you call a driver as chauffeur. You're going to die if you don't stop pretending."

Now, Joanne had long lost her previous enthusiasm for Jason.

In the car, she inquired about Jason, who was a complete loser.

What does it mean to start a company? It's not true!

He must be looking for someone else to help him.

Joanne also told these people about this matter. Everyone agreed that Jason was afraid that he would lose face in front of Fiona, so he deliberately asked them

to do so.

The group shook their heads, let out some disdainful laughter, turned around and left.

Jason just smiled. This classmate gathering was really boring.

A group of people tried to find superiority over each other.

Soon, the group of people sat in a private room.

Triumphal Restaurant, a well-known hotel, was very expensive.

Those who were able to eat there were all rich people.

Many old classmates had never been there, but now they were looking around and marvelled at it.

Normally, the classmates reunion was held at normal places, but today was different.

Everyone was very cautious, flattering Adam to sit in the main seat, and then everyone sat down.

Jason, on the other hand, had long been forgotten. He found himself a random seat and sat down.

No one said anything. After all, they all understood what was going on deep down.

According to Jason's status, no one was willing to flatter him.

As soon as he sat down, Adam snapped his fingers and called over the waiter, saying, "Three bottles of La Romanee Conti and two bottles of First-class Maotai."

Soon, the waiter served the wine.

'Wow! Contiromanee, ten thousands dollars for one bottle!'

"Oh my god, Mr. Wilson is amazing! He really has a lot of money."

"I don't care, I'll follow Mr. Wilson in the future."

The group of people were extremely excited, and their eyes were burning.

Adam smiled and waved his hand, saying, 'Well, it's not a big deal. It's just a few bottles of wine. As you all know, we set up a company and deal with a lot of customers. We're very good at drinking. This Maldini is not expensive.'

When Fiona heard this, her eyes were straight. Adam had once pursued her.

At that time, he was so young that she couldn't see the man clearly and didn't accept his love.

Today, she regretted it so much and tried to catch up with Adam as to gain his favor.

Subconsciously, she glanced at Jason. The gap between them was so large.

Suddenly, Jason also said that he had started a company, but Fiona did not think what Jason had told her was true, so she despised Jason even more in her heart.

At that moment, the door of the room was pushed open.

Fred Jones came in with a few bottles of good wine in his hand. He said with a smile on his face, 'Everyone, I am the manager of this establishment. This is the latest red wine of this store and the red wine of Petrus!'

Everyone was stunned and did not understand what was going on.

Adam was shocked. He knew about the red wine of Petrus, a bottle of wine was worth tens of thousands, which was equal to La Romanee Conti!

"But I didn't order anything!"

No matter how rich Adam was, he couldn't afford to waste so much money.

"Sorry, we didn't order these bottles." Adam smiled faintly.

Chris, who was beside him, also explained to everyone.

The group of people immediately knew that these bottles of wine were worth tens of thousands of dollars!

"Oh, this is a gift from my shop." Fred smiled and looked at Jason without leaving a trace. He nodded slightly and said hello.

The group of people were dumbfounded.

A gift?

What the f\*ck!

Adam's reputation is so great?

The manager of the Triumphal Restaurant personally brought the wine here!

However, Adam didn't think so. His face was slightly gloomy, and his eyebrows were tightly knitted. He didn't know this Manager Jones.

"Manager Jones, why did you send us the wine?" Adam asked.

Fred glanced at Jason and said with a smile, "This is

because of Mr Smith..."
