

Chapter 188

The whole family stared at Jason Smith suspiciously.

He knew?

Cindy Jiang's eyes flickered as she looked at Jason. She saw him say calmly, "In fact, the Young master of Smith Group from capital city is..."

"It's you?"

All of a sudden Jason was interrupted by Amanda Yang's ruthless sarcasm before he could finish speaking.

She sneered, "Are you going to say that it's you? Jason, I never realised how much of a bragger you are. I've just found out recently. It's such a tragedy that Cindy married you!"

"Mom, can you stop talking to Jason like that? He's been working hard all these years. Why do you hate him so much?" Cindy shook her head helplessly and sighed.

Her mother and Jason never saw eye to eye.

She always had to scold or slap Jason before she would feel satisfied.

"Cindy, are you blind? He's so useless. Why are you always protecting him like this?"

Amanda was very angry. She glared at Cindy angrily and pointed towards Jason, "Ask him, if he going to tell us that he was the young master from the Smith Group?"

Cindy turned her face, looked at Jason and asked, "Is what she's saying correct?"

Jason only wanted to get some respect. However, they would not believe it no matter what he said. Therefore, he felt helpless. He smiled and shook his head.

"Hahaha."

Amanda hugged her pillow and deliberately sighed loudly, "Some people are so arrogant. Why does he not feel ashamed to stand there? That is the young master from the capital city. How can a loser like him compare. All they shared was just the surname Smith. However, Master Smith gave one billion dollars every time he invested. He's so generous! Some people only know how to deliver

food and have no achievements!"

The more Amanda talked, the angrier she became. In the end, she glared at Jason.

"Mom, that's enough. Don't cause trouble."

Cindy said these few words and got up ready to leave.

What was wrong with her mother? Why did she ask her to come back for such a small thing?

"Hey Cindy, why are you in such a hurry? I haven't finished talking to you yet."

Amanda was anxious. She pulled Cindy back, "Since Master Smith invested so much money in your company, you have to find an opportunity to meet him and thank him face to face. This is a courtesy."

This Young master was so generous and it was a pity that he was not her son-in-law.

Amanda was now planning to match Cindy with Master Smith.

"Mom, don't worry about these things. I know what I'm doing," Cindy replied.

Amanda smiled and glanced at Jason. She then

dragged Cindy into the bedroom and closed the door behind.

When Cindy saw Amanda's sneaky look, she knew that she was hatching a terrible plan.

"Mom, what's the matter? Can't we talk outside?"
Cindy was annoyed.

"Cindy, tell me the truth. Are you really not going to divorce Jason?"

Amanda sat next to Cindy. She took Cindy's hand and asked anxiously.

If they really did not plan to divorce, then she had to do her best to split them up.

She could no longer let Cindy stay with that loser, Jason. She would suffer for the rest of her life. She could still have a bright future

Cindy did not understand now. However when she got older, she would realize.

It was better to marry into a wealthy and well-off family. So she would never need to worry about money.

Cindy frowned, got up and was about to leave. She said, "Mom, don't mention this to me again in the

future. It's impossible for Jason and I to divorce. We're having another baby. Can you stop thinking about these things? As my mom, why can't you just be concerned about me?"

"Concerned? What is there to be concerned about?"

Amanda got angry when she heard Cindy say this. She poked at Cindy's smooth forehead with her finger, "You are so stubborn. What's so great about Jason? What can he give you? Not just the Smith Group's young master, but Randy. His family has a villa, many luxury cars, good connections and family background. If you don't marry him, who will you marry? Isn't this for your own good? Can you do it for me?"

How could Cindy not know anything?

"Mom, Randy has nothing to do with me anymore. Don't make fun of me. Don't you know what you're saying? Aren't you just using me to make a deal just for your own sake?"

Cindy got angry and quickly stood up.

"Haha, even if I did it for myself, wouldn't it be your sake as well? For the sake of Angela? Tell me. Can

you afford the milk and school payments for Angela and the baby in your tummy? Do you really think you're special because you're the CEO now? What if they withdraw the investment money? I've already inquired about it. You'll be dead if they withdraw the money. You'll be entangled in all kinds of lawsuit. By then, you'll owe hundreds of millions of dollars!"

Amanda said coldly, "If you don't choose a nice husband, what will you do in the future?"

Bang!

The bedroom door was suddenly kicked open. Jason's face was a picture. He stood at the door, and sneered "Amanda, you are really something."

He had heard what Amanda had just said

Even if Jason was forbearing and good tempered, he would never be able put up with such a mother-in-law. One that only cared about money and was willing to sell her daughter like this.

Amanda panicked when she saw Jason kicked open the door. She said with a guilty expression, "Jason, you are getting more and more ridiculous now. You kicked the front door and now you've

kicked my bedroom door. Are you going to kick me next?"

"Just based on what you just said, so what if I kick you?"

Jason said calmly as he walked over to Amanda.

"You! Don't come over here!"

Amanda was so frightened with the trauma of being choked by Jason. She hid behind Cindy, "Cindy, look. This is your dear Jason. He wants to hit me. Tell me, who is in charge of this family? He's rebelling against me"

"Hah."

Jason just smiled coldly, but did not want to quarrel with Amanda.

No matter how Amanda looked at Jason, she felt uncomfortable. What's more, the attitude Jason had towards her these days made her even angrier.

No, she must ran this loser out of Jiang family!

She must made Cindy divorce him!

Otherwise, Amanda felt that she would definitely not live a good life in the future!

"Cindy, listen to me. I have already made an appointment with Randy. He will pick you up tomorrow and you will have a vacation with him. You have to seize this opportunity. His family is so rich. He is the CEO of Healer Pharmaceutical. You can't afford to miss it. It will be of great help to your company."

When Jason went out to smoke, Amanda took advantage of the time and said a few words to Cindy.

Today, they were having dinner at home.

There was no other way. Amanda's request was for Cindy and Randy He to go out on a date.

Cindy was annoyed and busy in the kitchen, "Mom, I really don't want to have anything to do with Randy's family. Please stop trying to persuade me. If you keep acting like this, I'll leave."

"Okay. Okay. No rush. Take your time."

Amanda also knew that she could not push Cindy too hard, but she was thinking of ways to get Cindy and Randy alone.

As long as she could do this and get Jason to see it, it would be the best.

It would be a pity if they did not get divorced.

The next moment, a few people suddenly burst in through the door.

It was Cindy's Aunt and her family.

"Aunt, please come in."

Cindy politely invited Josephine Yang's family into the house. After all, they were her relatives.

"Cindy, you're at home. Where is your mother?"

Josephine said arrogantly. Then she rolled her eyes and sat on the sofa in the living room. She did not behave like a guest at all.

Josephine was followed in by Cecelia Zhou and her husband.

Then, Amanda heard the commotion and came out of the bedroom. When she saw that it was her second sister, she frowned.

After a short talk, Cecelia was still very critical of the old house. With an unhappy look on her face, she made an introduction "Auntie, this is my husband, Hudson. He is the General Manager of Health Care Pharmaceutical."

When she said this, Cecelia's face was full of pride

as she clinged to Hudson Han.

Hudson was obviously a rich man. He was well-dressed. He was dressed in a stiff suit with swept back hair. He looked very handsome.

No wonder Cecelia wanted to marry him.

When Cecelia introduced him, Hudson greeted Cindy politely.

Amanda was so angry and felt uncomfortable having noticed that Hudson was very successful.

Josephine had a good son-in-law who had bought gold and diamonds for her. Now it seemed that he was also really rich and handsome.

Coincidentally, Jason also came in which made Amanda glared at him angrily. Jason could not compare with Hudson at all.

"Hey! Jason is back?"

When Josephine saw Jason coming in, she deliberately shouted and then introduced him to her son-in-law who was sat next to her, "Hudson, have you met Jason yet? This is Cindy's husband, he's a deliveryman. He's had some bad luck. Please help him out in the future, if you have chance. After all, we are all family."

Chapter 189

Josephine Yang had a sarcastic tone.

Amanda Yang was very uncomfortable with that. Her face burned with anger when she heard this.

Cindy Jiang knew that her aunt was mocking Jason but she did not dare say anything.

"Oh? This is my brother-in-law. He isn't that bad. Well, at least he has four working limbs."

Hudson Han could not control himself. He just sat on the sofa, sipping tea leisurely as he said this.

"Haha. Darling, you're so funny. Are you saying he's a simpleton?"

Cecelia Zhou heard this and covering her mouth as she giggled.

Jason Smith looked confused. "F*ck, I just went out to smoke a cigarette. As soon as I come back in, this people start laughing at me?" He thought.

Hudson and Cecelia?

Who did they think they are?!

Jason's expression changed.

"What are you waiting for? Come and say hello. This is your cousin Cecelia's husband, Hudson."

Amanda said to him grumpily.

Jason felt helpless. He walked over and smiled. He reached out his hand, "So you're my brother-in-law. Nice to meet you. I'm Jason."

Hudson looked at Jason's outstretched hand coldly. He frowned slightly, "You're welcome."

His tone held disdain and he would not even shake Jason's hand.

This was very disrespectful, he looked down on him. He ignored Jason and left him standing there.

Awkward. Embarrassing.

Jason was slightly stunned but he still smiled politely. He withdrew his hand and examined the man in front of him. He looked like a dog. He must have been exhausted because he had big bags under his eyes. His frivolous gaze was fixed on Cindy who was sitting opposite him.

Hah!

It turned out that he was not a good guy.

This made Jason very unhappy. What kind of a person was Hudson? How dared he stare at my wife like this?

Therefore, Jason went over and sat next to Cindy. He covered Cindy's smooth and tender thighs with a blanket and said softly, "Put it on. It's cold."

Hudson chuckled as well but he did not say anything.

However, Amanda was furious. It was obviously Josephine who had taught Hudson to be this rude.

Amanda felt very uncomfortable and looked at Jason furiously. Once a loser, forever a loser. Wherever he went, he would be looked down upon!

In order to alleviate the embarrassment, Amanda suddenly asked, "Josephine, didn't Hudson follow my brother-in-law into the real estate business? Why has he become Health Care Pharmaceutical's General Manager? What kind of enterprise is this? Is the salary high?"

"Haha. Amanda, you don't understand. This is comprehensive development. Hudson is not like

Jason such a loser that only knows how to deliver take-out. He has only worked there for a few months, but his annual salary has reached four hundred thousand dollars. Although it is not as much as before, he will have a better future."

Josephine's face was full of pride and joy because of Hudson.

And this kind of joy revealed a little bit of forbidden love.

At a glance, Jason saw it.

When Josephine and Hudson looked at each other, there were sparks in their eyes.

What the f*ck!

Something was going on with these two...

Did Cecelia know?

"Oh, Hudson is amazing. Such a high salary, he has such a promising future." Amanda was very envious.

A loser like Jason's monthly salary was barely anything.

"By the way, what kind of company is Health Care Pharmaceutical?" Amanda asked again.

"It's a listed and big company in the capital city. It's also one of the top five hundred companies in the world. A subsidiary of the Smith Group in the capital city."

Cecelia said triumphantly, "You must have heard about Smith Group based in the capital city recently, haven't you? They have hundreds of billions assets in the country! Hudson managed to get a job at Health Care Pharmaceutical off his own back. His future is now secured."

When Cecelia spoke, she did not forget to throw a glance towards Cindy to rub it on.

Cindy could see Cecelia's proud expression but she paid no mind.

Even if everyone was better than Jason, he was still the best in her heart.

So what if he was a good-for-nothing?

That was Jason, whom she loved.

On the other hand, Jason almost burst out after hearing Cecelia say all of this.

Health Care Pharmaceutical, the Smith Group from the capital city.

It turned out to be Jason's company. What was the point Hudson was so proud of himself?

Jason really wanted to tell them that Health Care Pharmaceutical, which they were so proud of, was actually owned by his family.

"Cecilia, I really envy you. You can live a comfortable life with such a good husband like Hudson. Unlike Cindy, that poor child..."

When Amanda said this, she deliberately glared at Jason in anger.

This was all because of this loser.

"Amanda, don't worry. Isn't this a golden opportunity? I've heard that the Smith Group invested one billion in Cindy's company, Bi Kang Pharmacy! That's a lot of money."

Then, Josephine smiled, "Cindy, I heard from your mother that you are now Bi Kang's CEO. Then you must have the right to decide which pharmaceutical company you're going to deal with?"

At this moment, all of them understood what she meant.

Cindy and Jason looked at each other and understood with a sense of propriety.

The reason why this family had come to visit them today was due to this matter.

"Josephine, what are you talking about? We are one family. Of course, we help each other. However, our family really needs to thank Master Smith. He is so smart." Amanda said excitedly.

"Auntie, the Smith Group has notified all the big pharmaceutical companies to come to Shang Jiang City to cooperate with Bi Kang. Well, Hudson is in charge of the cooperation project between Health Care Pharmaceutical and Bi Kang."

Saying this, Cecelia could not suppress her pride.

Hudson also touched his nose and said with a smile, "It's not a big deal. It's just a small problem. It's Cindy's decision. If she is willing to cooperate with Health Care Pharmaceutical, I can guarantee that Bi Kang will become one of our country's top ten pharmaceutical company in the next two years."

"Thank you."

Cindy smiled, "I'm not the only one who decides the cooperations my company makes. I'll go back and ask other directors for their opinions."

Josephine was anxious and immediately said, "Cindy, hurry. If our families are able to cooperate, then the one billion dollars can be ours."

One billion!

When Amanda heard this, her eyes immediately widen. She echoed her sister, "Yes, Cindy, you have to do it. You should cooperate with Hudson's company. Don't make any deal with anyone else."

Cindy had a headache. How could make a deal so easily?

She looked at Jason helplessly.

Jason interrupted, "Mom, aunt, and Hudson, don't worry about this matter. After all, Cindy has no right to decide who the company cooperates with. You..."

"Shut your mouth!"

"Shut up!"

"Do you have any right to speak here?" Josephine said with dissatisfaction when

she heard him.

Amanda added, "Go and cook dinner us. Don't meddle in our business."

One billion was something that needed their full attention!

Now the two sisters, Amanda and Josephine were bound together unconditionally and smiled.

Cecelia cursed at him as well. She arrogantly pointed at Jason, "Cindy, your husband is so inconsiderate. We are talking about something very important. Is there anything to do with him?"

"Alright, you guys. Jason is my husband!"

Cindy was so angry that she glared at them. She looked at Jason helplessly and whispered, "Go and cook, Jason. I can handle it."

Jason held Cindy's hand tightly to give her a sense of security. Then, he got up and went into the kitchen.

Cindy breathed a sigh of relief. She put on a smile and asked Hudson, "Hudson, since you are working in Health Care, have you seen Master Smith of the Smith Group?"

Cindy was very interested in young master of the Smith Group. After all, he had invested one billion dollars in her company but he had not shown up yet. There were only rumors of him around Shang Shang Jiang City.

He was so mysterious.

Hudson glanced at Cindy and felt love for her deep down. This woman was much more beautiful and elegant than Cecelia. How could such a beautiful woman be a loser like Jason's wife? It was so wasteful.

In order to leave a good impression on Cindy, Hudson smiled, "Yes, we have had dinner together not so long ago. Master Smith is a rare kind of person. He is humble and polite. He has a strong aura..."

Amanda could not wait to ask when she heard this, "What does Master Smith look like? How old is he?"

Hudson must be so powerful to be able to have dinner with Master Smith!

Once again, her good-for-nothing son-in-law could not compare with Hudson one bit.

Cindy felt a little impatient. She had no other intentions in meeting him. She just wanted to know what kind of person the Smith Group's young master was.

Jason was feeling helpless in the kitchen. He touched his nose and looked at Hudson who was boasting.

"This guy is so shameless When did I have dinner with him?" He murmured in his mind.

"How about this, Cindy? I'm going to meet Master Smith later. Why don't you come with me?"

Suddenly, Hudson looked at Cindy with a smile as he said this. There was a flash of lust in his eyes.

Cindy did not pay attention to it. After considering it for a moment, she said, "Okay."

Jason became anxious when he heard this. What was Hudson trying to do?
