Chen Guo smiled coldly after hanging up the phone. Then a sinister light flashed across his eyes.

He rubbed his hands as he thought about Yu'er's lovely face and his throat instantly went dry.

Chen Guo walked in after opening the door to hear Yu'er screaming. The men had encircled her to intimidate her purposely. They wanted to hear her screaming in fear.

“AHH AHHH! Let me go! Please let me go! Don't touch me, you animals! Get lost! My man will kill all of you. He will kill all of you!”

Yu'er's face was covered in tears as she struggled to get free but to no avail.

These assholes weren't going to let her off!

“Brother Guo, how did the talk go?”

The men smiled lewdly when they saw Chen Guo come back in without attempting to disguise their desire.

“Young Master Li said we just need to make sure we don't kill her. We just need to teach her a lesson so that Lin Group will back off,” replied Chen Guo calmly as he glanced at Yu'er. Then he pointed at the old couch by the side and said, “Drag her there!”

“Oh yeah!”

The men swiftly dragged Yu'er over.

“Let me go! Let me go! You animals! Animals! My man will definitely kill all of you! All of you!” screamed Yu'er loudly to no avail.

PAK!

One of the men slapped her hard and said, “Keep screaming! Just keep going! I will make you shout until you're hoarse in a minute!”

Yu'er bit her lip and spat blood on his face.

PFFT!

“All of you are trash! My man...will definitely kill all of you! He will!”

Yu'er struggled as she was pinned onto the couch. She closed her eyes hopelessly when she saw Chen Guo undoing his belt while he walked over towards her.

Then she suddenly raised her head and yelled as her heart broke, “Number Five...I will marry you in my next life!”

BAM!

The warehouse door was suddenly blasted open!

A car came charging in loudly!

Chen Guo had just taken off his belt. He was so startled that his legs shuddered. Then he hurriedly turned and asked, “Who's that?!”

CREAAAK.

NH

The car door opened before it even came to a complete stop. Number Five charged ahead and moved so swiftly that he appeared like a shadow as he went straight for Chen Guo.

Brother Gou and the others were equally ferocious!

SWOOSH!

SWOOSH!

SWOOSH!

They were like a ferocious pack of wolves that gone utterly crazy!

“I’m going to kill you!”

The sight of Yu'er pinned onto the couch with a hopeless look on her face made Number Five’s eyes turn red. Even his voice turned hoarse as he shouted and appeared before Chen Guo in an instant.

BAM!

He punched Chen Guo viciously on the face, and Chen Guo’s chin went crooked with a crack.

Number Five didn’t go easy on him. He reached his hand out to grab Chen Guo’s arm and twisted it.

AHHHH!

Chen Guo shouted loudly.

“Don’t scream!”

Number Five seemed hysterical as he broke Chen Guo arms and legs one after another and slapped him so hard that he flipped and fell onto the ground.

Chen Guo’s breathing instantly went weak, and trembled while his mouth filled with blood...

Brother Gou and the others had already broken all the other men’s necks before they could even figure out what was going on!

“Yu'er!” cried Number Five as he rushed over anxiously to undo her rope on her hands and legs. He gritted his teeth so hard that they almost bled as he said, “I’m sorry! I’m so sorry! I dragged you into this!”

Yu'er couldn’t restrain herself when she realized the man before her was Number Five. She loudly howled as she lunged into his arms.

Jiang Ning came over from the car and looked at Chen Guo, who was on the verge of death, with his eyes narrowed.

“Gou, crush his manhood and dump him at the Li family’s doors!”

“Yes, Big Boss!”

Brother Gou immediately went over without hesitation. Then came a crack...

Chen Guo was still semi-conscious. He opened his eyes wide as he screamed in agony.

AHHHH!

Then he passed out completely!

“Drag him away!”

Number Six dragged Chen Guo away like he was a dead dog.

Yu'er hugged Number Five and snuggled in his arms. She was clearly terrified.

“Don't worry. You're Number Five's woman, so we won't let anyone bully you. Anyone who touches you has to pay a terrible price,” said Jiang Ning as he walked over. “Number Five, bring her back to the hotel and don't let her stay alone.”

“Thanks, Big Boss!” said Number Five as he carried Yu'er off.

Fortunately, she was okay.

But even then, Jiang Ning remained furious.

He knew that the Chinese Chamber of Commerce was out for revenge on him. The Li family would do everything it could to prevent Lin Group from establishing a foothold abroad.

NH

If they came after him, he would play with them to the end.

But those useless trash actually went after a woman!

“We can’t just let them off!”

Brother Gou and the others stood there with their fists clenched.

They were family who had gone through life and death. When they attacked Number Five’s girl, it was as good as attacking their woman!

How could they take this lying down?

Jiang Ning turned and glanced at them. Then he said, “Don’t worry. The Chinese Chamber of Commerce has been blacklisted, so they won’t be able to survive for long.”

Meanwhile.

At the Li residence’s entrance.

Thump!

A car stopped at the door and opened its door. Then a black bag was casually dropped onto the ground before it sped off!

The man at the door instantly ran over to open the bag and got a bigger shock.

“Brother Guo! It’s Brother Guo! Tell Young Master about it now!”

NH

Inside the Li family residence.

Li Genhong was talking to Li Zhengshang.

“The Chinese Chamber of Commerce doesn’t belong to just the Li family. The Cheng and Bai families have a share too. As for the Bao family...”

Li Zhengshang’s hair had started to turn white recently. When they got to talking about the Bao family, his face instantly grew stern as he said, “We don’t know anything about how the Bao family collapsed to date.”

“Dad, I heard that the head of the Bao family, Bao Rongdong, is very powerful. He’s a highly skilled fighter himself with plenty of guards around him, so how could he have gotten killed?” asked Li Genhong. “Could it be internal conflict? That’s the only possibility.”

The only way it could have happened was if he was killed by someone close to him.

Also, he heard that Bao Rongdong got into a fight with his bodyguard, Chen Huangtang!

“Humph, no matter how they collapsed, the Bao family is now gone,” sneered Li Zhengshang. “If Bao Rongdong didn’t perish, we wouldn’t have gained power in the Chinese Chamber of Commerce.”

The Bao family was undoubtedly the strongest member of the Chinese Chamber of Commerce!

Their family had the backing of Qing Sect’s 12

sub-sects. Also, they owned several casinos in Las Vegas. These made the Bao family terrifyingly influential.

The head of the Bao family, Bao Rongdong, alone, was so formidable that no one could outdo him.

Although Qing Sect was forced to leave China, they became one of the most influential forces abroad!

“That’s right. It’s a good time for our family to develop,” said Li Genhong. “I hired all those people who had left Qing Sect, so in the future, the Li family...”

“Genhong, you must remember this!”

Li Zhengshang spoke without waiting for Li Genhong to finish, “The most important thing for us now is to remain wary. We can't let our guards down before we find out the reason behind the Bao family’s fall. The Cheng and Bai families have both reigned themselves in and are acting cautiously too. You have to be careful too.”

Li Zhengshang looked at Li Genhong with great expectations for him.
