“You!” Amelia’s voice became stern and the two of them were about to start a fight.

“Enough!” Kidd slammed the table and declared loudly, “This is not something we were supposed to discuss today. If there’s nothing else, then we will close this meeting.”

He had the final say in the Ceyranka family.

Since Kidd had spoken, Dawson didn’t harp on it. He smiled and bowed slightly, “Sure.”

But the smile on his face was still as brilliant as before.

The way he looked at Amelia made him seem like he had won the battle.

He knew that his competitor had made a mistake.

And it was such a serious mistake.

The meeting came to an end.

Amelia returned to her own room.

After sitting down for a while, someone knocked on her door.

“Father.”

Amelia knew that Kidd would definitely come looking for her.

“What on earth is going on?” Kidd glanced at Amelia’s tummy, then frowned and said, “You’ve

NH

really disappointed me!”

There were a few photos in his hand, and they were the same ones where Jiang Ning was helping a drunk Amelia out of the restaurant. With the addition of Amelia’s dry retching, it was hard not to put the two matters together.

“I have the right to pursue love,” replied Amelia calmly.

“You do not!” Kidd flung the photos in Amelia’s face. “You have to take over the Ceyranka family and you must take my place! You’re not supposed to let that Dawson take everything away!”

He was furious.

But Amelia remained calm.

She picked up the photos, gently dusted them off and smiled faintly.

“Father, I will insist on doing it this way. I don’t think I’ve done anything wrong.”

“Have you thought it through?” Kidd shook his head and sighed. “Do you know what you’re giving up?”

“I know.” Amelia nodded.

Kidd didn’t say anymore.

He disappointedly shook his head and turned to leave.

When he reached the door, Kidd stopped in his footsteps.

“From today onwards, you shall stay at home and you’re not going anywhere. This Lin Group...I’ll make sure they disappear from this country.”

With that, Kidd walked out of the room.

“These photos are so badly taken. This stupid Jiang Ning really refused to take advantage of me at all, huh?”

Amelia looked at the photos and smiled faintly. Then she flung them all into the trash can.

She was the one who hired someone to take these photos.

“Dawson, you’d better take the credit for this properly. The best would be to completely destroy Lin Group, and also...get rid of Jiang Ning!”

Amelia poured herself a glass of wine and sat down on the couch in a leisurely manner. She swirled the glass in her hand and looked like nothing just happened.

She had lost all authority and was grounded at home.

She was really curious as to what Dawson was going to do about Lin Group.

“Jiang Ning, you’ve returned to China not too long ago, and you’re going to have to come to the US again, aren’t you?” laughed Amelia merrily. “I

NH

wonder if the news of impregnating me would make Miss Lin upset enough to cry.”

She drank the glass of red wine in one gulp as the look in her eyes deepened and became complex.

The news was soon spread everywhere.

Everything had gone according to Amelia’s plan. Besides the people that Dawson had secretly arranged for, Amelia herself had already arranged for people to make sure this news reached China even while she was grounded.

She was going to make sure this news reached Lin Yuzhen’s ears!

Amelia knew very well that Lin Yuzhen wouldn't believe this.

That night, the person who wiped her down, changed her clothes and even gave her a chaser was Lin Yuzhen. Jiang Ning didn't touch her at all.

But she knew that Jiang Ning would know even better what she was trying to do.

She was afraid that Jiang Ning would turn her down, so she used this method instead. It was now impossible for Jiang Ning to refuse.

He had to get into the same boat as herself.

News spread to not just Donghai but even the north, Shenghai and other parts of the country. Jiang Ning from Lin Group had knocked up the princess of the Ceyranka family.

The entire corporate world of the country was shaken by this.

This concerned Lin Group, a major corporation that was on the rise recently. Almost everyone's eyes were on Lin Group and waiting to see Lin Group's reaction.

Many people also knew that Jiang Ning was a man who had married into his wife's family and lived off that queen of the corporate world!

With such a huge scandal breaking out, there would probably be some commotion within Lin Group.

NH

In Donghai.

Some murmurs were heard from time to time even within the headquarters of Lin Group.

BAM!

Xiaozhao slammed a palm on the desk and everyone in the office area immediately looked up.

“I don’t care what other people out there say about Brother Ning. But if I hear nasty things about him within Lin Group itself, then don’t blame me for getting nasty too!”

Xiaozhao was really furious.

She couldn’t believe that people inside Lin Group was gossiping about this matter.

She knew that women were all busybodies and loved a good scandal or two, but this was Jiang Ning they were talking about!

Jiang Ning and Lin Yuzhen were the pillars of support of Lin Group, her idols and her religion!

She would not allow anyone to blaspheme against them!

“Don’t all of you know what sort of person Brother Ning is?”

“Lin Group has plenty of pretty girls, don’t we? Has Brother Ning ever looked at any of you with such despicable eyes?”

NH

“If he was willing to, I’d be the first one in line to go for him. But do you think he would do such a thing?”

“Brother Ning is CEO Lin’s man and he will be for the rest of his life! There’s definitely no way that he’d do anything like that out there!”

Xiaozhao’s eyes were all red as she shouted loudly, “How dare you slander my idol! If anybody gossips about this ever again, I’m going to bloody fall out with you!”

She scoffed loudly and finally sat back down.

The entire office was silent.

It was true that with Jiang Ning’s identity and status plus his personal charm, very few women could hold up against him.

If Jiang Ning just said the word, all sorts of women would take the initiative to draw close to him. But Jiang Ning never allowed any of this.

His eyes were gentle only when he was looking at Lin Yuzhen. Everyone else looked like a telephone pole to him or something.

Inside Lin Yuzhen’s office.

She was still concentrating on her work.

After some time, she gave herself a good stretch and massaged her shoulders.

She looked up to see Jiang Ning leisurely leaning

against the sofa and listening to music with earphones.

“Congratulations.” Lin Yuzhen walked over, patted Jiang Ning and said very deliberately to him, “You’re going to be a father soon.”

“I’d like to interview you – Mr Jiang, how are you feeling right now?”

Jiang Ning removed his earphones and frowned slightly.

“I’m feeling really conflicted now.”

“But no matter what, since that’s my child, then I’ve got to get my child back. After all, blood is thicker than water.”

He looked up at Lin Yuzhen. “But I’d like to interview Miss Lin. As Mr Jiang’s official wife, how do you feel now after hearing this news?”
