

The Charismatic Charlie Wade Chapter 1586 – 1590

Chapter 1586

With that said, the Old Master greeted Elsa immediately and said: “Come on, Elsa, get to know Mr. Gu!”

Elsa’s grandfather, uncle, and father have surprisingly unanimous views on Elsa’s life-long events.

They all felt that Elsa should marry a young master from a top family, so as to bring enough help to the Dong family.

This is why they arranged for her to work for Aurous Hill Emgrand Group.

However, Elsa had been to Aurous Hill for so long, and even the chairman of Emgrand Group hadn’t seen her once, so they gradually lost patience with this matter.

Now they looked at Weiliang in front of them, and they all have the same idea, hoping that Elsa could be with Weiliang, so that the Dong family could fly into the sky.

The moment Weiliang saw Elsa, his eyes straightened.

Although Eastcliff has many beautiful women, there are not many beautiful women in the big families.

After all, it is difficult for a person to have an excellent background and an excellent appearance at the same time.

Although the Dong family is a little down right now, Elsa is really beautiful and moving!

Therefore, Weiliang immediately moved his mind to Elsa.

He immediately reached out to Elsa and said very gentlemanly: "Miss Dong, it is nice to meet you!"

Elsa's expression was somewhat cold, she deliberately didn't reach out her hand, but nodded and said, "It's also nice to meet you, Mr. Gu."

Aside, Elsa's father, Hagel, immediately reprimanded: "Elsa! Why are you so impolite? Why don't you shake hands with Mr. Gu?!"

Elsa said: "I'm sorry, Mr. Gu, I just touched the stray cat at the door and didn't wash my hands."

Weiliang was a little bit upset. Elsa was so big that she didn't even hold his hands. It was too shameful for him!

However, he didn't get angry on the spot, but wanted to endure the wave first, to leave a good impression on Elsa, and to facilitate the next in-depth development.

At this time, Delon hurried over with the folding fan brought by Charlie, and said hello to Weiliang respectfully, while saying: "Oh, Mr. Gu, you are here just right. This is a fool, holding a fan of your uncle. I don't want to say that it is genuine. I suspect that this kid has deliberately pretended to call imitation a real one, and he is using Chairman Gu's reputation to pretend!"

After that, he immediately opened the fan and handed it to Weiliang, and said respectfully: "Look, Mr. Gu, this is the fan! Tell everyone, is this real?"

Weiliang frowned. He didn't understand antique bullshit. How could he tell the truth or not, he didn't even know the origin of this fan.

Fortunately, Delon said flatly at this time: "This fan is an Old Master Qi Baishi's picture of fortune and longevity. It is said that your uncle took the picture at the sky-high price of 48.88 million!"

When Weiliang heard this, he thought to himself that if the genuine product was really uncle's collection, he would definitely not sell it.

After all, he values antique materials very much. He has bought various famous paintings over the years. It is said that these paintings are worth tens of billions.

Although the transaction price of this fan was only 48.88 million, based on his understanding of the uncle, it was impossible for him to get the collection in his hands.

What's more, he and the Dong family didn't know each other at all, and the Dong family didn't even have a chance to cheat him. How could he take out his collection as a gift to Mrs. Dong?

Therefore, it can be concluded that the fan in front of him must be fake!

Thinking of this, Weiliang immediately asked in a cold voice: "Where is the idiot, even he dares to imitate my uncle's collection and use his name? Is he so bored of life!"

Chapter 1587

When Delon heard Weiliang's curse, his eyebrows were immediately happy.

If Weiliang was also dissatisfied with Charlie, then Charlie would definitely die this time!

When the time comes, not only will he force him to swallow this fan, but also force him to kneel in front of himself and call grandpa!

So, he pointed to Charlie and blurted out: "Master Gu, this is the fool!"

Weiliang's eyeballs were on Elsa's body just now, and the Dong family's flattery surrounded him, so he didn't even see Charlie not far away.

At this moment, he followed the direction of Delon's fingers and looked at Charlie, and his soul frightened immediately!

"Wade... Charlie?! How could he be here..."

When he thought that Charlie could easily abolish a God of War, a realm master, and also let the four men in his family lose fertility, he felt a chill in his back!

What is more scary is not Charlie's strange strength, but Charlie's identity!

On the same day, Charlie announced his true identity in the Gu family meeting room. He was the young master of the Wade family! The son of Changying, the legendary Eastcliff Lord!

In addition, Charlie had a 20-year marriage contract with his cousin Sara. If he does marry his cousin in the future, then he would have owned half of the Gu family group!

After all, the uncle Philip's daughter Sara, will definitely inherit the future family property alone.

After all, Sara is a female generation. If she marries Charlie, it would be equivalent to treating Philip's assets as a dowry and making Charlie super rich. By then, Charlie will probably become the country's top richest, not one of them!

So, adding up all these reasons, he was really scared of Charlie.

But he never dreamed that the "stupid" that Delon said was actually Charlie!

And the most terrible thing is that his mouth is really cheap! He even scolded a stupid man, didn't this offend Charlie to the core? !

Thinking of this, Weiliang hurriedly slapped himself in the face, and then said to Charlie nervously: "Mr. Charlie, I'm sorry, I didn't expect you to be here. I didn't see you just now. Please don't take it to your heart!"

Everyone present was frightened.

Especially Delon!

He originally wished that Weiliang could take a gun out of his pocket and kill Charlie on the spot, so as to relieve his hatred.

But he never dreamed that Weiliang slapped him and was so respectful to Charlie!

What the h*ll are you doing? !

Charlie, this idiot, wouldn't he fool Gu's family? !

Elsa was also struck by lightning.

She knew Charlie's identity. He used to be an orphan, then he was a pauper. He had no place in her girlfriend's family. He has gradually improved by showing others Feng Shui this year.

However, there has been improvement, and even the young master of the Gu family, the third-ranked top family of Eastcliff, is so respectful to him. This is really incredible, right?

Charlie looked at Weiliang with a calm face at this time, and asked, "What? Do you know Mr. Kevin?"

Weiliang was frightened by Charlie's expressionless words. When he thought that he was brought into the ditch by the b@stard Delon, he was immediately furious, grabbed his collar, raised his hand and slapped him several times!

Chapter 1588

While beating desperately, he cursed in resentment: "Delon, you're so f*cking tired! Even you dare to scold Mr. Charlie! See if I don't suck your broken mouth!"

Delon was immediately drawn with blood and swollen cheeks, his eyes were full of horror, but he couldn't say a word.

At this time, a middle-aged lady came out of the bathroom next to the hall while wiping the hand cream. When Delon was beaten, she exclaimed. She ran over and yelled: "Who is the b@stard, dare to beat my son!"

It was Delon's mother and Elsa's aunt, Juanita.

Juanita loves her son eagerly. Seeing that her son has been beaten up, she immediately went forward to tear up Weiliang.

Weiliang felt resentful in his heart. Seeing her ran to him, raised his foot, kicked her away with one kick.

Juanita sighed, the whole person had fallen backward and fell to the ground. This time she was kicked and fell not lightly, so she could only cry on the ground: "What are you guys doing in a daze, kill this b@stard? How can you let him bully Delon in Dong's house!"

Juanita's elder brother sternly shouted: "Are you blind? Didn't you see that this is Young Mr. Gu?!"

Juanita was taken aback. She only saw someone beating her son just now, so she immediately rushed over to help. As a result, she was kicked as soon as she arrived, and she didn't even see Weiliang's appearance.

Now, listening to what the elder brother said, she hurriedly looked at him. This look immediately frightened her soul out!

d*mn!

Really the eldest master of the Gu family!

How strong is the Gu family! Even if the Dong family and the Kevin family are added together and multiplied by two, they may not be their opponents.

So, if Young Mr. Gu hits her son, isn't he just hitting him? What can she say?

But, what is going on? !

Didn't the son say that he finally invited the Gu family young master to join him today?

In this way, the relationship between the son and the Gu family eldest master must be like friends, right?

Then why did Young Mr. Gu beat him? ! It makes no sense!

So, she ignored the pain in her body, crying and begging: "Mr. Gu, Delon is your friend. Where is he not doing well, you should be more worried because of you are friends, and there is no need to beat him to death!"

Weiliang kept beating Delon on his hand, his palm was sore and his elbow cramped, but he still couldn't understand his hatred. He gritted his teeth and cursed: "This b@stard, dare to insult Mr. Charlie, I f*cking smacked his face. It's all light, and I won't get rid of him if I kill him!"

"This this....."

Juanita asked eagerly and surprised: "Who is Mr. Charlie, what is going on?"

Elsa also recovered at this time, and hurriedly came to Charlie and begged: "Charlie, please say something, don't let Young Mr. Gu continue to fight like this, it will kill him if they continue to fight like this... ."

Seeing Elsa's expression anxious, Charlie knew that she was also concerned about her cousin, so he said to Weiliang, "It's almost done, don't fight anymore."

Weiliang was waiting for Charlie's words.

Because he scolded at Charlie by Delon's idiot incitation, he knew very well that if Charlie was dissatisfied, he could not stop doing anything.

Seeing that Charlie finally stopped, he was relieved, and kicked Delon to the ground, and cursed: "If Mr. Charlie had not been merciful, I would have killed you!"

Chapter 1589

Delon had the desire to die at this moment.

He really couldn't understand what Charlie had the ability to make Young Mr. Gu respect him!

Even if he is really a Feng Shui master, he can't give him such a face, right?

However, he did not dare to ask such a question.

After all, looking at it now, this Weiliang is really respectful to Charlie.

His uncle on the side has already seen that Weiliang is not the most distinguished guest today, this kid with the name Charlie is!

Therefore, he hurriedly said to Delon: "Delon! Don't you hurry up to apologize to Mr. Charlie!"

Delon didn't expect that his uncle would even yell at him to apologize to Charlie. This is really because his family is not toward him.

However, he counted that although he was upset with Charlie in his heart, he didn't dare to make trouble with Charlie at this time. He could only cry to Charlie and said, "Mr. Charlie, I'm sorry, I shouldn't scold you, and hope you as adult don't count the villains..."

Charlie waved his hand: "These are trivial matters, and I don't take it to heart."

Delon breathed a sigh of relief instantly. He didn't expect that Charlie was not a caregiver, so he hurriedly hugged Charlie and said, "Thank you, Mr. Charlie, you have a big heart!"

Charlie waved his hand: "If you are polite, you don't have to say it. I won't care about the things you scolded me just now, but the bet between us is to continue. There is a good saying, gentleman. It's hard to chase the horse!"

"what?!"

When Delon heard Charlie say that he wanted to continue gambling, his whole body instantly fell to the bottom!

Originally, he thought that Charlie's folding fan must be an imitation bought from outside, and it could never be a genuine product collected by Chairman Gu.

Therefore, the price of this fake is naturally not much higher. No matter how good a painter is, it cannot be more expensive than the jade pendant prepared by himself.

However, it now appears that the situation has been reversed.

Because Weiliang, the young master of the Gu family, is so respectful to Charlie, then this proves that Charlie is definitely a very important person in the eyes of the Gu family!

That being the case, it is very possible that Philip really gave Charlie the folding fan in his hand!

Someone said just now that Philip spent 48.88 million to procure this fan of Qi Baishi that year!

At this price alone, it is more than twice as expensive as his jade pendant!

What's more, the collectibles market has been soaring in recent years, especially the painting and calligraphy market. Qi Baishi's paintings are getting higher and higher prices, and they have rarely appeared on the auction market in recent years.

The reason is mainly because the price of Qi Baishi's paintings has risen too fast, and collectors hope to hold them for a period of time, and then sell them when the rate of appreciation temporarily slows down.

Therefore, at this time, the price of Qi Baishi's paintings will only be more expensive than in previous years.

If this fan is really put up for auction, it will be at least 60 to 70 million.

It is far more than his own jade pendant with a transaction price of 24 million.

Thinking of this, Delon was terrified.

Charlie insisted on gambling, so as agreed, he would swallow this jade pendant as well...

Chapter 1590

But he just had an operation just because he swallowed a gemstone necklace some time ago!

If you swallow this jade pendant now, wouldn't you have to go for another operation? !

When he thought of this, he paled in shock immediately, crying and crawling in front of Charlie, begging bitterly: "Mr. Charlie, I really know that I was wrong, please forgive me

this time, I just finished the operation some time ago, The wound has just healed, if I suffer it again, I am afraid I will die...”

Juanita, who was eager to protect the calf just now, already understood the situation. She knew that blindly looking at her son would be useless and would only annoy Charlie and Weiliang, so she could only cry and plead: “This gentleman , I beg you, don’t be familiar with my son, he is an unlearned dude, he has been punished last time, this time you let him go!”

Charlie smiled and said, “It’s not that I didn’t let him go, but that he bit me so hard. He provoked the matter last time. It’s the same thing today. He has to follow the bet, can you blame me for failing if you lose?”

Weiliang on the side also echoed: “d*mn, Delon, you bet with Mr. Charlie, do you want to deny it if you lose? Okay, if that’s the case, don’t blame me for turning over and denying you!”

Delon waved his hand in fright: “No, no, I admit it! I admit it!”

At this time Delon has already seen the situation in front of him. If he doesn’t recognize it today, Weiliang must just let him go. Maybe he won’t be able to get along in Eastcliff in the future, and he may even hurt the Kevin family because of himself. And Dong’s house.

Therefore, he can only honestly say: “I am willing to bet and lose...”

Having said that, he picked up the jade pendant and looked at it for a while, gritted his teeth, but was unwilling to swallow the jade pendant.

He knew exactly how painful it would be to swallow this kind of thing.

Juanita on the side was very distressed. She had witnessed how painful her son had been during the last operation and almost caused intestinal obstruction. How could he be willing to experience it again this time? !

Thinking of this, she hurriedly pleaded: “Young Mr. Gu, you have poor pitiful Delon. It hasn’t been long since he just had an operation, so he can’t do it again this time...”

Don't look at Weiliang here urging Delon to be willing to bet and lose, but he really doesn't know what exactly Delon bet with Charlie. Hearing Juanita said that he would have another operation, he asked Delon in surprise: "You kid and Wade What kind of bet did you make?"

Delon replied tremblingly: "I...I...I bet with Mr. Charlie that if the fan he takes is more expensive than the jade I bought, I will swallow the jade. in stomach....."

Weiliang was taken aback and asked in surprise, "Your mother said you just had an operation. What's going on?"

Delon had to bite the bullet and said: "Last time I was at Song's house in Aurous Hill, I also made a bet with Mr. Charlie. I also lost that bet. Then I swallowed a string of gemstone necklaces, which were later surgically removed due to intestinal obstruction."

Weiliang swallowed, horrified in his heart.

This Delon is too miserable, right? Even swallowed a string of necklaces...

And this time, I have to swallow a jade pendant...

Although Weiliang is not a good person, nor a kind, but when he hears such things, he can't help but sympathize with Delon in heart.

It's not good to provoke Charlie?

Who is Charlie?

Don't talk about you, the God of War was in front of him, and he was crushed into a baby boy in an instant.

I am the d*mn young master of the Gu family, Eastcliff's well-known diamond king, nicknamed "Eastcliff Humanoid Driver", it is windy and suave, and almost no one dares to mess with it in Eastcliff.

Didn't Charlie make him lose his fertility and be beaten into a dog? In the end, he had to kneel down for Charlie to beg for forgiveness.

Just like that, let alone a b@stard from a second-rate family like you!
