

The Charismatic Charlie Wade Chapter 1656 – 1660

Chapter 1656

Kobayashi's Weisan is the flagship product of Kobayashi Pharmaceutical, and most of its revenue and profits are supported by this medicine.

If it is really beaten by JX Weisan, then Kobayashi Pharmaceutical's vitality will definitely be greatly injured.

So someone asked Masayoshi Kobayashi: "President, we can't just wait and die like this! Do you have any good solutions?"

Kobayashi Masayoshi said: "There is also a way to deal with it, that is, we must increase investment in drug research and development, and we must quickly upgrade our current products. If our Kobayashi Weisan can surpass JX in terms of efficacy. Stomach market must still be ours!"

The person in charge of R&D opened the mouth and said: "My lord, if you want to increase investment in R&D, you need a huge budget. The company was sacked of a lot of money some time ago. Can it still afford it now?"

Masayoshi Kobayashi said smoothly: "This is what I'm about to tell you. Our current cash flow is not very good. The investment in the production base in Osaka costs a lot, coupled with the previous accidental losses, which leads us to get it now. The funds invested in research and development are already less than 50 million USD, so my idea is to raise a fund as soon as possible, with at least one billion USD to upgrade our drug R&D laboratory!"

When everyone heard that they were going to raise funds, they all sat up straight. Some people asked, "My lord, do you have a suitable financing partner?"

Masayoshi Kobayashi nodded and said, “Before, Chairman Jiro had been negotiating with Mr. Yuhiko Ito, the patriarch of the Ito family, about financing. Surely everyone knows about this?”

Everyone nodded.

Jiro has always wanted to take Ito’s investment, and even wanted to become Ito’s son-in-law, otherwise he would not spend money to name Nanako in the Sanda competition, which has long been known by Kobayashi Pharmaceutical.

Even, everyone is ready for the marriage between Kobayashi Pharmaceutical and the Ito family. Unfortunately, Jiro disappeared before the marriage was officially advanced.

Everyone thought that the cooperation with the Ito family would be terminated, but they did not expect that Masayoshi Kobayashi would now start cooperation with the Ito family.

As a result, everyone immediately became interested and asked excitedly: “Sir, don’t know what kind of valuation the Ito family can give us?”

Masayoshi Kobayashi cleared his throat and said, “Mr. Yuhiko Ito of the Ito family is willing to invest US\$4.5 billion in Kobayashi Pharmaceutical at a valuation of US\$15 billion, which will account for 30% of Kobayashi’s total shares after the investment!”

“Valued at 15 billion USD?!”

Everyone couldn’t help but talk.

In the beginning, Jiro and Ito Yuhiko talked about it, but it was not the price.

At that time, Jiro greeted everyone, and his valuation figure was at least US\$20 billion.

Why is it suddenly lowered so much now!

Someone questioned: “Mr. President, the Ito family’s previous offer was not so low, why did it shrink so much?”

Someone said, “Yeah! At least 22 billion USD is appropriate? A valuation of 15 billion USD is nothing short of robbery...”

Kobayashi Masayoshi’s expression was a bit ugly, and he said: “You have to figure out that we are facing internal and external troubles. It is not just that the president has disappeared for no reason. Another Weisan has appeared in China. If we don’t hurry up and raise funds at this time, If we wait for JX Weisan to catch us by surprise, then our performance will drop significantly, let alone a valuation of 15 billion USD, even if it is 10 billion USD, it is impossible to get it!”

Chapter 1657

In fact, what Kobayashi said is true.

There is a certain information gap between Yuhiko Ito and him.

At this time, Ito Yuihiko thought that Kobayashi’s stomach med was invincible. At this time, grabbing Kobayashi Pharmaceutical was equivalent to grabbing a profitable train.

However, Masayoshi Kobayashi and other members of the Kobayashi family now know about the existence of JX Pharmaceutical.

Knowing that at this moment, in China and in Aurous Hill, there is a Weisan that is popular in China. The efficacy of this Weisan is much stronger than that of Kobayashi Weisan.

Therefore, when Kobayashi Masayoshi expressed his concerns, others changed their minds almost immediately.

Just now they thought that Kobayashi Pharmaceuticals must have a valuation of at least 20 billion, and 15 billion USD is absolutely impossible to accept.

But now they suddenly realized that there are still people willing to offer a valuation of 15 billion USD, which is already very rare.

If JX Weisan successfully crosses Japan eastward, the valuation of Kobayashi Pharmaceutical will be greatly reduced.

As a result, everyone together almost immediately supported Kobayashi Masayoshi's decision one-sidedly.

Kobayashi was very excited.

As long as the agreement is signed with the Ito family, Kobayashi Pharmaceutical will immediately receive a capital injection of 4.5 billion USD, and he will also receive 500 million USD in remuneration.

In this way, he suddenly became a super-rich man!

As for Kobayashi Pharmaceutical, even if it will go bankrupt in the future, it has nothing to do with him. US\$500 million is almost equivalent to more than 50 billion yen, which is enough for him to live a life in style.

So, he immediately notified Ito Yuihiko to go to Kobayashi Pharmaceutical, strike the iron while it was hot, and sign the contract on the spot.

After hearing this news, Ito Yuhiko was very excited.

He felt that he had bought Kobayashi Pharmaceutical at a low price and could earn at least three or four times more in the future, so he almost immediately took his assistants and lawyers and went straight to Kobayashi Pharmaceutical without stopping.

Because the two companies are both located near Ginza, Tokyo, and both are located in Tokyo's most prosperous commercial area, the distance is not too far, only ten minutes away by car.

Kobayashi Masayoshi was overjoyed and said to everyone in the family: "Mr. Yuhiko Ito will come over and sign a contract with us. After the contract is signed, 4.5 billion USD will be paid to our account. In this way, we will have enough money, to deal with the next impact of JX Pharmaceutical on us!"

Everyone immediately beamed with joy.

The US \$4.5 billion is indeed an astronomical figure. With so much money, even if Kobayashi Pharmaceuticals loses the US \$100 million each year, it is enough to last for 45 years.

In this case, these senior executives can stay in Kobayashi Pharmaceutical Co., Ltd., even if Kobayashi Pharmaceutical suffers a huge impact, the money on the books will enable them to live well with food for many years.

.....

At this moment, Takehiko Ito walked out of the luxurious office building of the Ito family with high spirits and got into his Lexus car.

Following him were his two bodyguards and an assistant, and this assistant was Koichi Tanaka who had followed Nanako before.

Koichi Tanaka was originally Ito Yuhiko's confidant. Some time ago, the reason why he let him go to China to participate in the competition with Nanako was because he was not at ease, so he let the person he trusted the most to accompany her all the way.

Chapter 1658

Now, Nanako is recuperating in Kyoto, and Hiroshi Tanaka went to China to seek medicine for her a few days ago, but there was no progress, so he returned to Tokyo to return to life with Takehiko Ito, and then stayed in Tokyo.

In addition to the Lexus extension sedan Ito took, there were ten bodyguards, divided into two Lexus off-road vehicles, one after the other protecting Ito Yuhiko's car. The three vehicles formed a convoy and drove to Kobayashi Pharmaceutical.

In the car, Ito Yuhiko looked very excited. He analyzed the financial reports and market sales of Kobayashi Pharmaceuticals in the past two years and felt that the future of Kobayashi Pharmaceuticals is very broad. It is definitely the best time to invest in shares now.

Therefore, in his view, the US\$4.5 billion investment in Kobayashi Pharmaceutical is like planting a large piece of gold in a magical land, and the future harvest will be at least 15 billion USD!

15 billion USD, converted to Japanese yen, more than 150 billion, converted to RMB, more than 100 billion!

No one can hold back the excitement of such a large amount of wealth.

While he was excited, Ito could not help but sigh, and said with emotion: “don’t know what happened to Jiro. What a great living person, how can I say that he disappeared?”

Koichi Tanaka also couldn’t figure it out, and said: “Before the young lady participated in the finals, Jiro also came to visit him, saying that he must go to see the young lady’s competition, and look forward to awarding the young lady after the final...”

“But on the day of the final, Jiro did not appear at the competition. Originally, he was still the guest of the final, but because he was absent for no reason, the organizer temporarily invited other people to present the award...”

“I have always felt that this matter is a bit inexplicable. It stands to reason that Jiro’s thoughts about the eldest lady are absolutely impossible for him to miss the final.”

Ito Xiuhiko sighed: “I wanted to get him to be son-in-law, but I didn’t expect him to disappear...”

After speaking, he said with a bit of melancholy on his face: “Nanako’s physical condition is not very good now. don’t know when and how long will it be to return to the original...”

Hiroshi Tanaka hurriedly said: “President, I have asked someone to help contact an American expert, and see if I can ask him to come over and give the lady a consultation.”

“Yeah.” Ito nodded earnestly: “Be sure to bring in the best experts in the world, no matter how much money is spent, you will not hesitate!”

Koichi Tanaka asked again: “President, what about Mr. Yamamoto Kazuki? The doctors in Tokyo are also helpless about the injury. Would you like to ask an expert from the United States to come and see?”

Ito Yuihiko waved his hand in disgust: “Forget it, it’s a waste, it’s not worth putting too much energy into him. If he is really capable, Nanako won’t be hurt so badly!”

Hiroshi Tanaka said in a hurry: “Mr. President, in fact, Mr. Yamamoto can’t be blamed for this matter. The main reason is that the coach of the opponent’s side was formidable...”

“Formidable?” Ito snorted and said disdainfully: “Tanaka, you may have some misunderstanding of the word formidable! I tell you that the truly powerful is not karate at all, but our Japanese ninjutsu and Onmyoji, this is the real great supernatural power, the karate of Yamamoto Kazuki is nothing more than an ordinary person’s fake style and fancy!”

Hiroshi Tanaka asked in surprise: “Guild President, do ninjutsu and onmyoji really exist?”

Ito Takehiko said indifferently: “Tanaka, ninjutsu and onmyoji are the national martial arts of Japan, especially ninjutsu. Even Westerners are obsessed with it. Why do you still doubt it?”

Hiroshi Tanaka said embarrassingly: “My President, I’ve been to Iga City, the hometown of ninjutsu, several times before, and I have seen ninjutsu performances there. I always feel that ninjutsu is a bit like a combination of acrobatics and magic. significance.”

Yuihiko Ito snorted and said with some sarcasm: “You, it’s the frog at the bottom of the well, I tell you, true ninjutsu is no different from what is said in the legend, but now there are few true ninjas. Few, most of them are meticulously enshrined by top families. To the big families, they are like nuclear weapons. No family will take the initiative to expose them!”

Having said that, he sneered and said: “Some time ago, the sixth generation of Yamaguchi group died inexplicably in his own heavily guarded Hokkaido hot spring palace. Do you know this?”

Koichi Tanaka nodded immediately: “This matter is almost unknown to everyone in Japan. It has been reported on TV that he died of a cerebral hemorrhage.”

“Cerebral hemorrhage?” Takehiko Ito coldly snorted: “It’s just a slander from the outside world. In fact, he died at the hands of a ninjutsu master!”

Chapter 1659

At this moment, Tanaka felt that his worldview had been subverted.

The six generations of the famous Yamaguchi team died at the hands of a ninjutsu master, which is too legendary.

However, he did not dare to have any doubts about Ito's words.

Because he knows Yuhiko Ito's character very well, this person never says anything that is unsure.

If he says that, it must be that he has some special way to confirm that the facts are indeed what he said.

Even Koichi Tanaka suspected that there might be a master of ninjutsu in the Ito family.

However, he didn't ask much about it.

Because he knows that there are some questions he should not ask, and some things he should not know.

As the assistant of the Ito family and the confidant of Ito Takehiko, what he has to do is to serve Ito Takehiko well. Do not say a word about what you should ask and what should not be asked.

Therefore, he respectfully said to Ito Takehiko: "I'm ignorant and ignorant completely. I didn't expect the legendary ninjutsu master to actually exist..."

Ito Yuhiko nodded gently, and sighed: "It's a pity that Mr. Ninjutsu is good at killing people invisible, not good at curing diseases and saving people. Otherwise, Nanako would not have to endure so much pain."

After that, he sighed and waved his hand again: "Don't talk about it, I will arrive at Kobayashi Pharmaceutical later. After signing this contract, it is considered to be a worry for me. You will follow me tomorrow. For a trip to Kyoto, I want to put aside my business and return to Kyoto to accompany Nanako for a few days."

"Sure Lord!"

.....

At this time, Charlie was still on his way to Kobayashi Pharmaceutical.

After all, the airport is still a little far away from Kobayashi's, not as convenient as Ito Yuhiko.

Therefore, Ito Yuhiko and his party arrived at Kobayashi Pharmaceutical one step ahead of Charlie.

In the executive meeting room of Kobayashi Pharmaceutical, Masayoshi Kobayashi had already instructed everyone not to mention anything about JX Weisan, and first get the money from the Ito family.

If after the investment of the Ito family, it is discovered that JX Weisan suddenly emerges, then the Kobayashi family will have to unify their slogans. If they ask, they will say that they don't know, and the relationship will be cleaned up so that the Ito family will not be accountable.

After all, it's just playing the Ito family.

Ito Yuhiko didn't know this. When he stepped into the meeting room, the entire management of Kobayashi Pharmaceuticals all stood up and applauded. They all respected him, making him immediately feel that his face was greatly respected.

Masayoshi Kobayashi even surrendered the chairmanship of the conference room and said to Takehiko Ito: "Chairman Ito, please sit down!"

Ito nodded in satisfaction, sat down in the chair, and said with a smile: "I have always wanted to visit you, but there has never been a suitable opportunity. I see you here today. It is really a talent!"

Everyone was full of joy when they saw that Ito Yuhiko gave everyone such a high evaluation. At this time, looking at Ito Yuhiko's expression, it was completely like watching a boy who lost money.

Chapter 1660

At this time, Ito Yuihiko said again: "I have always been very optimistic about Kobayashi Pharmaceuticals, and I am very willing to support it to go further, so I came here today just to sign an investment agreement with you. Regarding my investment intentions, you should not What's your opinion?"

Kobayashi Masayoshi hurriedly said respectfully: "Chairman Yitong, you can rest assured that we have reached a consensus before you come, and you are very welcome to invest in our company."

Yuhiko Ito nodded to prevent night-long dreams, and he said directly: "Well, I have had a lot of things recently, and I am going to leave Tokyo tomorrow, so we simply sign the contract now. If there is no problem, I will immediately notify the finance to arrange money."

Kobayashi Masayoshi blurted out: "No problem! Absolutely no problem, we can sign a contract immediately!"

Ito Yuihiko immediately said to Koichi Tanaka next to him: "Tanaka, take out the contract and show it to everyone."

Koichi Tanaka immediately took out a few contracts and distributed them, introducing: "Everyone, the investment details are already written in the contract. We valued Kobayashi Pharmaceutical for this investment at US\$15 billion, and we are planning to invest 4500 million USD, holding 30% of the shares. If you don't have any comments, we can sign the contract now, and we can arrange the financial payment immediately after the contract is completed."

Everyone accepted the contract, and after reading it carefully, they found that there were no hidden terms and risks, and they all looked at Kobayashi Masayoshi and asked him to directly sign the contract.

Kobayashi Masayoshi also wanted to settle this matter quickly, so he immediately signed his name on the contract with a wave of his hand in the name of the acting chairman.

After the contract was signed, Ito Yuihiko also immediately notified the finance company and credited \$4.5 billion to Kobayashi Pharmaceutical's account.

What is left is that the board members of Kobayashi Pharmaceutical must submit an application to the commercial management department of Tokyo to officially change 30% of Kobayashi Pharmaceutical's shares to the Ito family.

After hearing that the 4.5 billion USD had already arrived, Kobayashi Masayoshi was so excited that he shook hands with Ito Takehiko and said, "Mr. Ito, you will be a shareholder of Kobayashi Pharmaceutical from now on!"

Yuihiko Ito laughed and said, "Don't worry, I won't interfere with your daily operations. You only need to do well and strive to become the world's top pharmaceutical company, and we will make money together!"

Kobayashi Masayoshi hurriedly said to the surrounding executives: "Come, everyone applauds, and welcome Mr. Ito to become a shareholder of Kobayashi Pharmaceutical!"

Everyone smiled and applauded.

At this moment, the door of the conference room was suddenly pushed open. Charlie walked in first with no expression on his face, and said coldly: "What is the noise?"

Everyone immediately looked at Charlie, everyone couldn't help being dumbfounded, who is this person? Why have I never seen him before? What are you doing here?

Ito Xiuhiko didn't expect anyone to come in and spoil the situation at this time, and snorted coldly: "Who are you? Can you break into this place?"

Charlie looked at him and said indifferently: "Old Master, I am a major shareholder of Kobayashi Pharmaceutical. Can you say I can breakthrough?"

"Joke!" Kobayashi said coldly: "You are not from Kobayashi Pharmaceutical at all, so why do you say that you are a major shareholder?"

At this moment, Tanaka turned his head to recognize Charlie, and exclaimed: "Mr. Charlie, you... why are you here?"

Seeing that he was here, Charlie snorted and said: "Tanaka, you are really a bit lingering, how can I meet you everywhere?"

Ito Yuhiko hurriedly asked Tanaka Koichi: “Tanaka, do you know him?!”

Hiroshi Tanaka hurriedly walked up to Ito Takehiko and whispered: “President, this is Charlie who abolished Mr. Yamamoto Kazuki...”
