

The Charismatic Charlie Wade Chapter 1676 – 1680

Chapter 1676

Charlie nodded in satisfaction, and said to Ichiro: “From today, you must cooperate with Liang to readjust all production plans, stop all production of Kobayashi Pharmaceuticals before, and fully switch to production immediately, understand?”

Ichiro hurriedly expressed his heartfelt words: “Mr. Charlie, don’t worry, I will definitely cooperate with Mr. Liang!”

Liang said to Charlie at this time: “Mr. Charlie, Kobayashi Pharmaceutical’s production capacity is still very strong. If the production of JX Weisan is fully started, the demand for raw materials for JX Weisan will be huge. We have to do this in advance. Prepare, otherwise, once the production raw materials are insufficient, production capacity will be severely restricted.”

Charlie nodded and said, “I will solve the raw material matter.”

When he said this, Charlie thought of Qin Gang, the lord of the Qin family far away in Aurous Hill.

The Qin family originally started from the medicinal material business.

Moreover, Qin Gang was also very trusted by Charlie, so Charlie planned to hand over all the raw materials and medicinal materials business to him.

After that, he immediately took out his cell phone and called Qin Gang.

When the phone was connected, Qin Gang was eating.

Seeing that it was Charlie's call, he respectfully said, "Master, why made you call me at this moment?"

Charlie smiled and asked, "Mr. Qin, I have something to ask you."

Qin Gang said respectfully: "Master, please do not hesitate to ask."

Charlie said: "What is the annual supply of medicinal materials in your Qin family?"

Qin Gang thought for a while, and said: "Last year, our Qin family made more than 200,000 tons of various medicinal materials and supplied them to more than 30 pharmaceutical companies across the country."

Charlie snorted and asked, "Can you supply one million tons a year?"

Qin Gang exclaimed: "One million tons?! Master, one million tons is almost equal to the total annual output of botanical medicinal materials in the three eastern provinces. Our total annual output in the country is also more than 5 million tons, the largest medicinal material in the country. The company can produce seven or eight hundred thousand tons a year..."

Charlie asked him: "Then do you have the confidence to supply one million tons a year?"

Qin Gang said: "Master, all the medicinal materials are in the hands of pharmaceutical farmers across the country. As long as I buy them, one million tons is not a big problem. The key is that I have no channels to digest so many medicinal materials! In fact, personally, I am eager to sell more medicinal materials, but the key is to find a strong enough next home."

Charlie smiled and said: "To be honest, I have taken over Kobayashi Pharmaceuticals in Japan. In the near future, all the production capacity of Kobayashi Pharmaceuticals will serve me, and I am also going to continue to expand the production line. This year, I will consume one million tons of medicinal materials, which is not a big problem. I can trust you. If that is so nice of you to cooperate with me, then I will give you all the orders for the supply of one million tons of medicinal materials!"

As soon as Qin Gang heard this, he was so excited that he got up and got up from the dining chair. He couldn't care about throwing the bowls and chopsticks to the ground, and said excitedly: "Wade...Master... ..You...what you said is true?!"

Charlie smiled indifferently: "When did Charlie tell you a lie?"

Qin Gang was immediately ecstatic, so excited that he couldn't add anything!

He was excited and thought to himself: "If Master can really digest one million tons of medicinal materials from the Qin family every year, it would be equivalent to five times the business volume of the Qin family! That way, Isn't the Qin Family's strength going to soar?! And my dream of revitalizing the Family can be easily realized?!"

At this moment, he almost regarded Charlie as the reborn parent of the entire Qin family, and said excitedly: "Master! Since you look down on Qin so much and are willing to pull a certain Qin, then Qin will never give it. You are holding back! Don't worry, no matter how many medicinal materials you want, even if I have to fight with my life, I will definitely get it for you! And I will definitely give you the best quality and the lowest price!"

Chapter 1677

After Qin Gang hung up the phone, Aoxue next to him hurriedly asked curiously: "Dad, what did Master? Why did he call you?"

Qin Gang, who was still trapped in excitement and couldn't help himself, took about a few seconds to recover, and said excitedly: "Aoxue! We Qin family, we are going to meet the great opportunity!"

Aoxue asked in surprise: "Dad, what great opportunity?"

Qin Gang was so excited that even his words were a little trembling, and said, "Master has annexed Kobayashi Pharmaceutical, saying that he will let the Qin family supply him with raw materials and medicinal materials. The demand for a year is almost One million tons!"

"Oh my God!" Aoxue exclaimed in a dumbfounded voice: "One million tons?! Our family now has a supply of about 200,000 tons a year, right?"

“Yes” Qin Gang said excitedly: “Master asked us to supply one million tons a year, and our Qin family’s revenue immediately doubled! Isn’t this a great opportunity?”

Aoxue nodded repeatedly, and said with gratitude: “Master has really taken good care of our family. He can think of us for everything. He has helped us so much, and don’t know how to repay his kindness.”

Qin Gang also agreed very much and said: “Master is the second parent of our Qin family. Whether the family can rise in the future depends entirely on Master!”

After speaking, he couldn’t help but look at Aoxue, and sighed: “Aoxue, Master is right, our family has had such a great kindness, and he will always take care of you like this, you have to hurry.”

What exactly did Aoxue’s father mean? Knowing that he wanted to hold on tight, in fact, he wanted to make her act faster and make substantial progress with Master.

She suddenly said with a little shame: “Dad, many things are not what I want to do. After all, Master has a wife. Although I like him, I still have more than enough energy.”

Qin Gang nodded, and then said earnestly: “Aoxue, otherwise, you will come forward to meet with Master for the supply of medicinal materials. Anyway, you are graduating this summer and you should enter the internship period soon. Now, just serve the Master’s pharmaceutical factory wholeheartedly! This way you will have more opportunities to get along with him.”

Aoxue thought for a moment, then nodded immediately: “Okay, dad!”

Like Nanako, she is already in her senior year this year.

There are basically no classes in the next semester of the senior year. After the Chinese New Year, she will enter the internship period.

At that time, almost all senior students will find a work unit to start an internship, and Aoxue is no exception.

She studied finance and management at the Aurous Hill Institute of Finance and Economics, and she was asked to cooperate with Charlie, which happened to be a professional counterpart.

Thinking of this, Aoxue couldn't help but look forward to it.

She herself has always been melancholic for not having the opportunity to get along with Charlie often. If there is a work issue with Charlie in the future, it means that she will often have the opportunity to see him.

This made her feel very excited

Tokyo, Japan at this moment.

After Charlie's killing of chickens and monkeys, the only remaining executives of the entire Kobayashi Pharmaceutical were as honest as sheep.

Ichiro also cooperated with Paul in the local commercial department in Tokyo to complete the transfer and change of the shares of Kobayashi Pharmaceutical.

Chapter 1678

Now, 90% of Kobayashi Pharmaceutical's shares are all under the name of JX Pharmaceutical.

Because the next production work of Kobayashi Pharmaceutical is of great importance, Charlie cannot leave Tokyo for the time being. He wants to ensure that all production lines of Kobayashi are successfully converted to JX Weisan before leaving Japan.

Therefore, the first production line to complete the conversion work is Kobayashi's Tokyo production line.

Charlie asked Liang to take inventory of all the medicinal materials of Kobayashi Pharmaceutical, count all the medicinal materials that can be used to produce JX Weisan, and then calculate how much other medicinal materials are needed based on the production capacity of the Tokyo production line.

After counting the demand, he immediately sent the list to Qin Gang, and asked him to immediately make arrangements to prepare these medicinal materials as soon as possible, and then quickly transport them to Tokyo by air.

At the same time, Liang had to count the medicinal materials needed by several other production lines, and send them to Qin Gang one after another, so that Qin Gang could prepare, and then send the prepared medicinal materials to other production bases.

After doing all this, Charlie and his party, led by Ichiro, came to the luxurious flat-floor villa of the Kobayashi family in central Tokyo.

Originally, Issac had arranged a hotel for Charlie, but because of Ichiro's kind invitation, Charlie decided temporarily to stay at Ichiro's house.

This flat-story villa of Ichiro's is the entire top floor of an 80-story building. The indoor construction area alone is thousands of square meters. It is extremely luxurious. It also has exclusive use of the entire roof terrace and its own helipad. , Sky infinity swimming pool, can be said to be the ultimate luxury.

After nightfall, Charlie took a bath and called his wife Claire to report that he was safe. Then he stood alone on the large terrace on the top floor, watching the bustling night view of Tokyo, with thoughts flying.

Kobayashi Pharmaceutical is a key part of his energy accumulation.

If Kobayashi successfully converts all production to produce JX Weisan for him, then JX Weisan can be marketed worldwide in the shortest time.

Moreover, Charlie had already figured it out clearly that the price of his Weisan scattered in the domestic market would never be increased, and to give back to the domestic people with the greatest cost-effectiveness, but the price overseas must soar.

The selling price of retail terminals should be at least two to three times higher than RMB 100.

That is about sixty a box.

In this way, the net profit of each box is at least 30s.

Since JX Weisan can greatly relieve and treat many stomach diseases and discomforts, it will definitely become an essential medicine for every family in the future. Therefore, Charlie estimates that JX's future income will increase rapidly at a rapid rate. , Maybe it can make tens of billions a year, and it's still in USD.

If you develop a few other categories, it will really make a huge profit.

Charlie is not a greedy person. The main reason why he can't wait to make more money is that he hopes to improve his overall strength as soon as possible.

The parents' grievances have not yet been repaid. The many Eastcliff families that formed the anti-wade Alliance led by the Su family back then had to pay the price for the death of his parents.

Even the Wade Family bears a unshirkable responsibility in this matter.

Charlie knows very well that if he wants to oppose the entire Eastcliff family and make them surrender to him, the first thing is to improve his strength!

If one day, he can return to Eastcliff as the raptor crosses the river, then all Eastcliff's families will tremble in front of him!

Chapter 1679

Kyoto City is hundreds of kilometers away from Tokyo.

The huge mansion with a century-old history of the Ito family is located in the center of Kyoto City.

The Ito family residence is next to Nijo Castle, the residence of Oda Nobunaga, one of the three masters of the Warring States Period in Japan. Although the area is slightly smaller than Nijo Castle, the overall area is larger than the largest single-family villa in Eastcliff. Even much more.

Around the mansion, there is a moat dug during the war, and it still bears the responsibility of guarding the mansion.

On the city wall, 360-degree surveillance with no dead ends was installed to ensure that this mansion would not be violated by anyone.

And behind the towering city walls are bodyguards with live ammunition.

The buildings in the mansion are all typical Japanese-style wooden buildings. Each one has a history of at least a hundred years. There are dozens of ancient trees with a history of 100 years in the courtyard, plus those mottled and countless. The century-old stone sculptures are antique and full of charm.

At this moment, in the large courtyard, a beautiful young woman is sitting alone in a wheelchair, looking up at the hazy sky. This beauty is the eldest lady of the Ito family, Nanako.

She is waiting for the first snow this year in Kyoto.

In the past, the snow in Kyoto would come a little earlier, but this winter is an exception.

Although the winter of this year was cold, and every day was extremely cold, but no snow fell.

Earlier today, the Kinki Regional Meteorological Department issued a heavy snow warning, saying that it will be heavy snow in Kyoto tonight, and Nanako loves snowing days, so she waited early in the yard.

However, after waiting till late at night, there was still no trace of the heavy snow, the sky was very cloudy, there was no starlight, and even the moon could not be seen clearly.

The housekeeper of Ito Mansion looked at Nanako from a distance for a long time. Seeing that it was late, he walked over and respectfully said, "Miss, it's late. It seems that the snow will not fall tonight, the weather's too cold, you should go back to your room and rest earlier."

Nanako looked at the hazy moon in the sky and whispered softly: "Since the weather forecast has said, there is still some hope after all. You should go back to rest first and leave me alone."

The housekeeper sighed slightly, and said distressedly: “Miss, or go back to rest first, I will arrange for someone to wait here, if it snows, let them notify you as soon as possible.”

Nanako smiled lightly and said, “I’m here to watch. I just want to see the first snowflake falling from the sky, and I want to feel the first snowflake on my face. I have waited for the snow to fall. If I go in now, I will lose the fun.”

The housekeeper hurriedly said: “But now it is cooling down, the temperature is getting lower and lower, and you will catch a cold if you stay outdoors for a long time.”

“It doesn’t matter.” Nanako said with a smile: “I will wait until twelve o’clock, no matter whether it is snowing or not, I will go back to my room to soak in a hot spring. You can rest assured, although I am injured, I still have relatively strong physical fitness. , The temperature is colder, it will not have any effect on me.”

The housekeeper nodded helplessly, and said respectfully: “I’m nearby. Miss, call me whenever you have any needs.”

Nanako chuckled softly: “Okay, thank you!”

The butler carefully retreated to the distance, and Nanako continued to look up at the sky.

For some reason, Charlie’s appearance suddenly appeared in the cloudy night sky at this moment.

She felt like spring blossoms in her heart, and thought to herself: “Master Wade, don’t know if it snows in Aurous Hill? I wonder if you are looking at the night sky above your head now? don’t know, do if you will think of me?”

Chapter 1680

Thinking wildly, the phone in her pocket suddenly vibrated.

She took out her mobile phone and found that it was Hiroshi Tanaka who was calling, so she hurriedly put away her thoughts, connected to the phone and smiled: “Tanaka, why call me so late?”

Hiroshi Tanaka sighed and said, "Miss, something happened today. The president is very angry. He just smashed a lot of antiques in the house."

Nanako felt nervous, and hurriedly asked, "Tanaka, what happened? Is father having any trouble?"

Koichi Tanaka said: "Today, the president took me to Kobayashi Pharmaceutical, intending to sign a share agreement with the board of directors of the company. After the agreement was signed, the president and the financial staff sent 4.5 billion USD to the account of the company." Then some people came in and the trouble began.

When Nanako heard this, she asked in a puzzled way: "Isn't my father always wanting to invest in Kobayashi Pharmaceuticals? Today this is what he wanted, so why is he angry?"

Hiroshi Tanaka said helplessly: "Before the president, the financial staff made the payment, we didn't know that company had actually changed hands."

"Changed ownership?" Nanako asked in surprise, "What's the matter? Didn't it mean that Jiro is missing? Is he back again?"

"No," Koichi Tanaka explained: "It's not Jiro who is back, but Jiro's brother, who is said to have been dead, suddenly came back alive!"

"Huh?" Nanako said with a bit of sorrow: "What's the matter? Why am I getting more and more confused?"

"Hey" Hiroshi Tanaka sighed and said, "This is nothing. The point is that Ichiro, as the sole heir of Kobayashi Pharmaceuticals, transferred all the shares of Kobayashi Pharmaceuticals, 90% that is to be exact, to a Chinese company called JX Pharmaceuticals."

Nanako was surprised and said: "Isn't my father investing in Kobayashi Pharmaceutical for 30%? Then Ichiro only has Kobayashi Pharmaceutical 70% shares. How can he transfer 90% of the shares of the company?"

Hiroshi Tanaka said in a stunned voice: "This is the reason why the president is angry! He signed a share agreement with Masayoshi, the acting president of Pharmaceuticals,

and paid after the signing, but Ichiro is back, which means The equity agreement signed by Masayoshi is invalid.”

Nanako nodded slightly and said, “So, my father’s plan to buy a stake in Kobayashi Pharmaceutical has been lost?”

“It’s more than an intention to fail,” Tanaka sighed: “The chairman of JX Pharmaceutical clearly told the president that Ito Co., Ltd. remitted the 4.5 billion USD to Kobayashi Pharmaceutical, he will not refund!”

“Ah?!” Nanako exclaimed, “How come there is such a shameless person? The act of holding shares is an equity transaction. When we pay, the other party must pay the corresponding shares. If the other party is unwilling to pay the shares, then it must return the money the same way, and even paying liquidated damages, why did the other party not give us shares and deduct our money?! This is too much, right?! Doesn’t he know law?”

Koichi Tanaka said very depressedly at this time: “Miss, the other party is simply an extrajudicial fanatic!”

“Extrajudicial fanatic?” Nanako frowned: “With the character of her father, it is impossible to be willing to suffer from this dumb loss, right? Does he have no countermeasures?”

Hiroshi Tanaka sighed: “Of course the president is not willing to suffer from this dumb loss. He originally wanted to fight the other party desperately, but he was persuaded by me. the president can’t offend him! Oh, right, speaking of it. You even know this person, Missy.”

“I know?” Nanako asked in surprise, “Who is he?”

Koichi Tanaka said: “That’s Aoxue’s coach, Charlie Wade who injured Mr. Yamamoto Kazuki with one palm!”

“What? Master Wade?!”

When Nanako heard this, she exclaimed in excitement, and blurted out: “Master Wade has come to Japan?!”
