

# The Charismatic Charlie Wade Chapter 1706 – 1710

## Chapter 1706

“Yes!” The girl nodded and continued: “They are all members of the runaway group. The gentleman saw the uneven road and injured several other violent elements. Then the runaway clan who was hit by the car took a knife to my neck. Because of me, the gentleman knocked down his knife and I was spared.”

“Then the violent race was about to run away, and the gentleman chased him out, causing him to be hit by a car. You know the rest.”

After hearing this, Zhiyu was stunned.

She did not expect that the plot would be reversed so quickly!

The rebellious and Abneral young man just now was actually trying to save an innocent girl from the hands of the members of the runaway group.

Moreover, that little girl is a Chinese compatriot!

She could even imagine that if it weren't for the man to rescue her today, this Chinese girl in a foreign country would definitely be harmed by the mobsters, and might even be abused by them!

No wonder, that man shot so hard!

If it were herself, she would want to abolish these people!

Eiki was still yelling at the other party in anger, and even let a dozen bodyguards go up and besiege the other party. From this point of view, it is not too much to have two arms scrapped!

At this moment, Zhiyu's anger at Charlie disappeared instantly.

So, she looked at the girl and asked, "Do you know where the other party is from? Which runaway group is from?"

The girl hurriedly replied: "It's the Bunkyo Group, the biggest violent group in Bunkyo District!"

"Bunkyo Runaway Group?" Zhiyu looked at Eiki, and asked coldly, "Bunkyo Runaway Group should be an external force of your Takahashi family, right? They grabbed money from a little girl in the street and forced her to accompany them. This is too much, right?"

Eiki's expression was shocked, and then he couldn't hide his embarrassment and said: "Miss Su, where did you hear the rumor? Our Takahashi family has nothing to do with the runaway group..."

Zhiyu snorted and said: "Mr. Takahashi, I have investigated it clearly before I came here. Your Takahashi family started from the gray world in the early years, but later you didn't go to the black, and then washed the white in time. The transformation is very successful!"

After that, Zhiyu said again: "I know that more than half of the runaway groups in Tokyo and the surrounding areas are under your family's control, but you are very smart and did not let the Takahashi family directly control these runaways. The regiment, instead of using some distant relatives with foreign surnames, right?"

Eiki said embarrassingly: "That...Miss Su...These runaway groups are indeed managed by our foreign relatives, but our Takahashi family has long since ignored this business. ...."

Zhiyu snorted coldly: "Mr. Takahashi, everyone is an adult. Don't think of me as a fool! The reason why this happened today and the reason your arm was scrapped is entirely because of your family. Tolerate the fate caused by the rampant group's nonsense!"

Eiki Takahashi was speechless and wanted to refute, but he couldn't find a reason.

Zhiyu pointed to the girl and said to Eiki: "Mr. Takahashi, this lady has nothing to do with this matter. I hope you will not trouble her in the future. Can you make that sure?"

Eiki Takahashi knew that he was wrong, and did not dare to offend Zhiyu, so he nodded sadly: "Miss Su, please rest assured, I will never embarrass her in the future..."

## Chapter 1707

At this time, Eiki was already angry inside.

He wanted to find a clue about the man from this girl, but he didn't expect that the girl didn't even know him!

Eiki knew in his heart that what the girl said was definitely not a lie, so he was afraid that it would not be so easy to find that man to settle accounts.

However, what is more important right now is to send someone from the family to the hotel, and to the hospital with Zhiyu and Zhifei.

Zhiyu ignored Eiki who had abandoned his arms. Instead, he helped the Chinese girl put the guitar away, then gave the other party a business card, and said seriously: "Girl, if anyone from now on, dare to do what happened today If you are in trouble, call me immediately. In addition, give my phone number to the person you trust most. If you are in trouble and can't call me in time, let the person you trust most call me."

Zhiyu's words are more for Eiki.

She knew that she would not stay in Japan for a long time at most. What if Eiki waited for her to retaliate with this girl after she left Japan?

Therefore, she must make Eiki hesitate.

With what she said just now, Eiki would never provoke this girl again, because the energy of the Su family was definitely not something they could contend.

What's more, the Takahashi family is bent on reaching a cooperation with the Su family, and he has said it all. If he dares to trouble this girl, it can only show that Eiki is mentally retarded.

Takahashi Eiki naturally knew what Zhiyu meant in his heart, and he was very uncomfortable because he couldn't come up with a depressed breath.

However, no matter how uncomfortable, you have to endure it.

As a result, he could only find a subordinate who could still make a call, and asked him to call home quickly.

Ten minutes later, the Takahashi family brought dozens of cars.

Headed by the head of the Takahashi family, Eiki's father, Machi Takahashi.

Before Machi Takahashi got out of the car, he was shocked by the tragic sight in front of him and could not speak.

More than a dozen bodyguards were staggering everywhere, and traffic was even blocked because of them.

His own son's face was swollen and half of his face was drawn. What's worse, his two arms had completely lost control, and he was shrugging pitifully.

With a dark face, he apologized to Zhiyu and Zhifei first, and sent someone to send them and their entourage to the hotel.

Arranged for the Su family, he then ordered people to take his son and other people into the car and go to the hospital.

On the way, Machi Takahashi asked Eiki carefully about the whole process. After listening, he was even more speechless.

After a while, he slapped the central armrest of the car fiercely, and shouted angrily: "What a j3rk! A foreigner dares to hurt my son and a dozen bodyguards in Tokyo. This is a trampling on the dignity of my family!"

Eiki was also furious and choked and said, "Father, you must find that man and kill him to avenge me!"

Takahashi nodded and said coldly: "Don't worry, I will let the wind go and let people find out his whereabouts!"

Eiki couldn't wait to say: "Father, find him, I will kill him myself!"

“Personally?” Takahashi asked with a frown, “Can you still kill with your hand?”

“Uh...” When Eiki heard this, he cried and said, “Then I will let someone tie a knife to the sole of my shoe! Anyway, I must kill him myself!”

## Chapter 1708

Machi Takahashi nodded and said, “But we can’t be too fanciful about this matter. After all, we still have to discuss cooperation with the Su family. If we want to find him in Tokyo and kill him, the Su family will definitely have minor words in heart!”

Eiki suddenly panicked: “Dad! Are you going to let the b@stard off?!”

Takahashi said coldly: “Don’t worry, I will never let him go. I will let people find him first, and then let the top ninja of the family watch him secretly. No matter where he goes, he will follow him all the way. After the dust settles on our cooperation with the Su family, we will catch that guy and quietly bring him back to Tokyo, let you execute him yourself!”

Hearing this, Takahashi Eiki really felt relieved.

He can endure for a while for the cooperation between the clan and the Su clan, but he must not let him go.

He was relieved to hear what his father said.

As long as you can kill Charlie personally, you can wait a few more days!

Moreover, he believed that to his top ninja, Charlie could never be an opponent!

.....

After Charlie left near the University of Tokyo, he went directly to Ichiro’s home.

He didn’t know that at this moment, he was completely popular on short video app in Japan.

Just now, someone who had something good taught him to the Mozou clan, and the video of him disposing of Eiki was filmed and then uploaded to the short video app.

This time, the whole of Japan was shocked!

No one thought that a Chinese person could have such a strong strength, one person defeated almost 20 people in a row, it was incredible!

What's more, what makes people even more unbelievable is that this person dared to do something on Eiki on the streets of Tokyo!

As Japan's top rich second-generation and, who doesn't know Eiki?

He was beaten up as a ghost on the streets of Tokyo. This is simply the most explosive news in Japan in recent times!

In this video, Charlie and Eiki, because it was late and the mobile phone video was not very clear, they could only take 50% of their looks clearly, and the quality was comparable to those videos released by paparazzi night celebrities. The photos are similar.

However, the picture is enough for the Japanese people to recognize Eiki.

As for Charlie, because the Japanese people didn't have any idea about him, so when the video was released, the Japanese couldn't recognize him.

However, if you are a little familiar with Charlie, you can still recognize Charlie's identity from this video.

Ito Takehiko was sitting in his study at this time, bored with a Cuban cigar and a glass of Scotch in his hand.

He was still annoyed at the first meeting of the Su family with the Takahashi family, and even more worried about Charlie, his mood was naturally bad.

At this time, Tanaka Hiroshi rushed in without knocking on the door suddenly, and said anxiously: "President, something has happened!"

Ito Takehiko scolded annoyedly: “What big thing can make you mess like this?! What kind of style is this?!”

Hiroshi Tanaka didn't have time to explain, he hurriedly handed the phone to him, clicked play, and said, “Let's take a look, it's the big news of the Takahashi from the family!”

## Chapter 1709

“Big news from the Takahashi family?!”

As soon as Ito heard this, he immediately glared: “d\*mn! What big news? Did the Su family announce their cooperation with them so soon? Shouldn't it, the Su family should have just landed in Tokyo, how could it be? Are they making a decision so quickly? Don't these beasts plan to meet us?”

Hiroshi Tanaka hurriedly said: “It's not this news, it's Eiki Takahashi who was scrapped on the street!”

“Eiki was abolished?!” Ito Takehiko blurted out like a lightning strike, “Who did it?”

In his impression, there are only a handful of people in Tokyo who dare to act on Eiki.

If you want to do it yourself, you will be frustrated. After all, the gap between the Ito family and the Takahashi family is not too big. If you really do it on Takahashi, it is almost equivalent to declaring war on that family.

Therefore, except for his father, Ito Takehiko can't think of anyone else who would dare to attack him.

So, he quickly looked at Tanaka's cell phone, wanting to see who was so kind.

It didn't matter at this look, Ito was trembling with fright. He couldn't hold his fingers firmly, and the cigar fell out of his hand and fell on his pants. It immediately burned a hole in his expensive hand-sewn suit pants.

Ito Takehiko didn't care about feeling distressed, grabbed the cigar and threw it aside, pointed at the evil-looking man on the phone, and blurted out: "This...this...isn't this Charlie?!"

Although he only met Charlie at that time, Ito Takehiko remembered his appearance clearly.

This may be the power of hatred.

After all, Charlie's face not only means humiliation to Ito Takehiko, but also represents a huge sum of US\$4.5 billion!

He can recognize it really turned into ashes!

Seeing Charlie in the video, continuously flipping Eiki's more than a dozen bodyguards, and then abolished Eiki's arms, Ito Takehiko couldn't help but feel his back chills.

Only then did he realize how strong Charlie is!

Last time, he just abolished his two bodyguards.

This time, he simply scrapped a dozen of Eiki's bodyguards in one go!

With this strength, the average ninjutsu master is not an opponent either!

While surprised, deep in his heart he couldn't help but fear.

Fortunately, he didn't make Charlie anxious that day.

Otherwise, just like Charlie's violent temper, wouldn't he just get hammered half to death?

Eiki is a young man. He has a some physical resistance. He is too old, and he is really guilty of him. he will go directly to see Amaterasu in one or two rounds!

After a while of fear, Ito Takehiko was also a little gloating.

He watched Eiki's screaming again and again, a smile appeared at the corner of his mouth, and then reached out to drag the progress bar, and replayed Eiki's unlucky process again, and the smile on the corners of his mouth became even stronger.

## Chapter 1710

Immediately afterwards, he played it again, and the smile at the corner of his mouth became more intense.

After watching it a dozen times in a row, Ito Takehiko smiled: "Okay, the Takahashi family also has it today! After this video has become popular throughout Japan, don't want the faces of their Takahashi family hide on the roads!"

Hiroshi Tanaka nodded and said: "Now this video has become a hit on all major online and video platforms in Japan, and the reputation of the Takahashi family will definitely suffer a severe setback!"

"Very good!" Takehiko Ito exhaled happily and said: "Oh, seeing this video makes me feel much better!"

After that, he remembered something, and said: "The Takahashi family and I have never dealt with each other, but this time we finally have a common enemy!"

Hiroshi Tanaka said in a hurry: "President, are you trying to deal with Charlie together with the Takahashi family?"

"Of course not!" Ito said with lingering fear: "I am different from the Takahashi family. Eiki was beaten up in the street by Charlie. It is known throughout the country. In contrast, I am much better. I was at Kobayashi Pharmaceutical that day. Although I suffered a big loss, at any rate, I closed the door and suffered a loss without letting the people across the country know..."

Tanaka was stunned for a while.

Unexpectedly, the guild leader, who has always been a staunch personality, would be so self-comforting...

At this time, Takehiko Ito said enthusiastically: "This incident is bound to affect the impression and attitude of the Su family towards the Takahashi family. This is a great thing for us!"

"That's true." Hiroshi Tanaka nodded again and again, and said: "This time the Takahashi family has not only suffered damage to their reputation, but also their ability. After all, they can be beaten like this at their own door. The Su family must be honest. They are cooperating in ocean transportation and they will definitely worry that the Takahashi family will not be able to protect this business."

Ito Takehiko smiled and said, "Hahaha, this is really the one thing that makes me most happy in recent times!"

When Hiroshi Tanaka saw that Ito Takehiko was in a better mood, he was relieved and said with a smile: "President, I have received news that the Takahashi family is now inquiring about Charlie's identity. I guess they still want to find him out and take revenge."

Ito Takehiko asked, "What do you think about this? Do you think the Takahashi family can beat Charlie?"

When Tanaka thought of the tremendous shock and horror that Charlie had brought, he said: "I really can't say this. I always have a feeling for Charlie... It feels like what we see about him it is just the tip of the iceberg!"

Ito Takehiko frowned: "What? Do you think that even if the Takahashi family gives it all, it is impossible to beat Charlie?"

Tanaka nodded and said truthfully: "President, Master Wades make tricks. Whoever is stronger will have the last laugh. Charlie's strength lies here. A dozen top masters can't match him. How does that family fight him?"

Ito Takehiko sneered and said: "Don't forget, the Takahashi family also enshrines several top ninjas. The Ninjutsu is so powerful, Charlie can't be their opponent!"

Tanaka reminded: "President, even the top ninja we worship, may not be able to defeat Eiki's dozen personal bodyguards so easily, right? Even if it can be played, I am afraid it will be a terrible victory, but for Charlie, it's just one-sided crushing..."

With that, Tanaka pulled the video progress bar back to the scene where Charlie singled out a dozen bodyguards of Eiki. He pointed to the video and said to Takehiko Ito: “Sir, look, these dozen people are in the hands of Charlie. In front of him, even chickens, ducks and geese can’t compare with them. He almost knocked down one with a punch, kicked one with one kick!”

“Even when the chickens, ducks and geese are beaten by someone, they can still jump up and peck twice, but these so-called masters are absolutely waste in front of him!”

“Uh...” Ito Takehiko’s expression gradually became more serious.

In the video, Charlie’s strength is really terrifying.

It seems that these dozen masters, who are not human at all, were directly ravaged by his cruel and inhuman madness...

Thinking of this, he looked at Tanaka sadly, and asked helplessly: “Tanaka, you say, our 4.5 billion USD, can we still ask it back?!”
