

The Charismatic Charlie Wade Chapter 2096 – 2100

Chapter 2096

Because he discovered that Charlie seems to have an extraordinary relationship in Japan!

The helicopter landed on the lawn in the back garden of the Ito family.

As soon as the helicopter landed, twenty men in black suits ran over neatly.

Then, twenty people stood on both sides of the hatch, very mighty.

At this time, the beautiful lady in the helicopter opened the hatch, jumped down first, and then said to Honor: “Mr. Song, please!”

Honor swallowed with some difficulty, while drumming in his heart, he stepped out of the helicopter nervously.

The beauty said: “Mr. Song, please come with me. Mr. Wade and our eldest lady are already waiting in the living room.”

Honor hurriedly asked humbly: “Beauty, can I dare to ask, who is the eldest lady in your family?”

The beauty smiled and said: “Our eldest lady’s identity, when you see her later, she will definitely tell you in person.”

Honor pretended to smile indifferently, but in fact he became a dog in panic.

He could see that such a mansion, in such a good location in Tokyo, is worth at least tens or even tens of billions of yuan. The family that can have such a mansion should be much stronger than the Song family!

At this time, the beauty gestured at him with a gesture of invitation, and said with a smile: "Mr. Song, please here."

Uneasy Honor could only nod his head, biting his head to follow.

He followed the beauty through the back garden of the entire Ito family mansion, and then through the long corridor to the door of a Japanese-style room.

The beauty said to him and his assistant: "Two, please wait a moment, I'll go in and report."

Honor nodded hurriedly: "Please... let's wait at the door first..."

The beauty entered the door and said to Charlie and Nanako who were drinking tea cross-legged in front of the tea table: "Mr. Wade, Madam, the guests are here."

Nanako nodded and said lightly, "Please let them in."

The beauty immediately said: "OK, lady!"

After that, she came to the door and said to Honor: "Mr. Song, please come in."

On the side, Honor's assistant asked Honor in a low voice: "Mr. Song, am I going in too? I'm a little nervous, so I'm not going..."

Honor saw her look very flustered, knowing that she might have been frightened by the unbelievable large formation of the other party, so she dared not go in.

He sighed inwardly: "Are you a little nervous? Did you know that I am also panicked now!"

However, he also knew that the assistant could still retreat, but he could not do it, so he had no choice but to say: "Then you wait for me outside."

The assistant heaved a sigh of relief, and nodded hurriedly, as if she was granted a pardon.

Honor mustered up the courage at this time and stepped into the door.

As soon as he entered the door, he saw Charlie tasting tea at the tea table.

At this moment, Charlie was still the same as before, with a calm face, seeing Honor coming in, waved his hand slightly at him.

Opposite Charlie, there was also a young-looking Japanese woman who was wearing a Japanese-style kimono. She looked not only extremely beautiful, but also gentle and elegant.

Honor recognized this woman at a glance!

At this time, the stormy sea had already turned up in his heart, and he muttered to himself: "This...this woman...this woman is not the eldest lady of the Ito family, Nanako, known as Yamato Nadeshiko. Is it... Is it that the local friend Charlie said is her?!"

Chapter 2097

Honor felt at this moment that his outlook on life, values and world outlook were completely subverted in an instant.

He didn't expect Charlie to have a relationship with Miss Ito.

What's more terrifying is that the eldest lady of the Ito family is wearing a kimono, kneeling across from Charlie, and pouring tea to him respectfully like a waiter.

This is simply incredible!

Honor wailed desperately in his heart: "What the hell is this? Do the Japanese also believe in the feng shui metaphysics? Otherwise, how did Charlie flick Nanako?"

Just when his mind was full of shock and surprise, Charlie saw him come in, as if he had seen a friend's son, smiled and waved at him and said, "Oh, honor, come on, please sit down."

Seeing Charlie's calm face, Honor was even more puzzled, and wondered: "Charlie has such a good relationship with Warnia, why did Warnia have been missing for so long? Charlie came to Tokyo, but instead of looking for someone So calm, drinking tea in the Ito family mansion?"

Although Honor was puzzled in his heart, he bit his head and came to Charlie's front and said respectfully: "Hello, Master!"

After speaking, he looked at Nanako and said politely: "Hello, Miss Ito. Please take care of me for the first time."

Nanako smiled slightly and said, "Mr. Song knows me?"

Honor nodded: "You are so well-known, how could I not know you."

Nanako smiled generously and stretched out her hand to signal: "Mr. Song, please sit down, just have a taste of the Japanese tea ceremony and see if it suits your appetite."

Honor hurriedly waved his hand and said, "Miss Ito is really too polite. This time, I came to listen to Master's instructions, so I just want to stand here."

Charlie faintly waved his hand: "It's honor, I've known your grandfather, you don't need to be so cautious in front of me, since Miss Ito let you sit, then you sit."

The tone of Charlie's words made Honor very disgusted.

He could hear the feeling of being elevated in Charlie's mouth.

This made his heart very upset.

But at this moment, he didn't dare to disobey Charlie halfway.

After all, Charlie is a guest of the Ito family, and this amount of gold is too great.

So he hurriedly said respectfully: “Since Master said so, it’s better to be respectful.”

After all, he just sat down beside Charlie.

After sitting cross-legged, Honor was in a state of anxiety, always wondering what kind of medicine Charlie sold in the gourd.

At this moment, Charlie asked, “Honor, what do you know about Warnia? Tell me.”

Honor felt a little bit in his heart, but on the surface, he tried to control it as natural as possible, and said, “Master is like this. Some time ago Warnia wanted to cooperate with Nippon Steel in Japan, so she brought people to Japan to start a follow-up. Nippon Steel was negotiating, but something happened suddenly last night. The commercial vehicle she was riding in crashed into a cliff in the mountains of Nishitama County. The other three people in the car died on the spot. Warnia is currently missing.... ..”

Charlie nodded, looked at him and asked, “What did the Tokyo Metropolitan Police say?”

Chapter 2098

Honor was a little guilty when Charlie saw that, he hurriedly lowered his head and pretended to respectfully say: “Master, the TMPD has sent a lot of people to search in Nishitama County, but yet to find Warnia’s whereabouts.”

As he said, Honor hurriedly added: “However, they are increasing the police force to expand the search range, hoping they can find valuable clues as soon as possible. Of course, it is best to find Warnia’s whereabouts as soon as possible.

Charlie waved his hand and said faintly: “I am not asking this. I am asking the TMPD. Is there any definition of this matter? Is this fall from the cliff an accident or not? Or was someone deliberately murdered?”

Hearing the four words of deliberate murder, Honor immediately became nervous.

He felt that cold sweat had begun to ooze from his back, and he was wearing his jacket, so it was not easy to be seen.

In fact, the TMPD already has a clear definition. They think this incident is a deliberate murder, because the scene of the accident was obviously handled by humans.

However, they have not found any valuable clues.

Now that Charlie asked so bluntly, Honor's heart became more and more panicked.

He originally thought that Charlie was alone in Japan and couldn't get over the storm in Tokyo, but now it is different. The relationship between Charlie and the Ito family is so good. As long as he has a word, the family will do everything they want in 1000 ways to help him investigate this matter.

The Ito family is very strong in Japan. Once they intervene, it is very likely that they will go slant and find out the truth faster than the police.

Honor was nervous and didn't know how to respond to Charlie's question.

And Charlie also asked at this time: "Honor, why don't you speak?"

Honor recovered and hurriedly said, "Oh, I'm really sorry Master, I just thought about Warnia, and also worried about her safety, so I was a little distracted..."

After speaking, he sat up straight and said truthfully: "Master, the TMPD defines this matter as the possibility of deliberate murder, but because no valuable clues have been found. So the specifics are to be determined based on further investigation, as for the murder, it is just a guess."

Charlie nodded, and said coldly: "TMPD is a notorious waste. Some time ago, Tokyo's public security was so poor and there were so many major and important cases. The TMPD has not solved all those cases. So if Warnia counts on them, I don't know if I have to wait until the year of the monkey."

Afterwards, Charlie pointed to Nanako and said to Honor: "Honor, Miss Nanako has a deep friendship with me, and I have some connections with the Ito family. I believe you have heard of their strength in Japan. With the help of Miss Nanako, I believe that our search for Warnia should be faster than the TMPD."

Nanako immediately said respectfully: "Master, please don't worry, as long as you say a word, the entire Ito family will be dispatched for you!"

Nanako's words made Honor panic.

He knew very well that judging by the strength of the entire Ito family, even if they could not find the living Warnia, they would definitely be able to find out the truth of the matter.

Moreover, just now the Ito family had so many helicopters to pick him up with great momentum, which is enough to show that the Ito family is very attentive to any instructions of Charlie.

It can also be imagined that once Charlie speaks, the Ito family will definitely go all out to find Warnia's whereabouts and the whole thing.

By then, everything will be over...

Honor's heart was desperate at this time.

A thin layer of sweat has even poured out of his forehead.

Charlie saw all his reactions in his eyes and became more and more certain in his heart that Honor definitely had a big problem!

Chapter 2099

At the moment Nanako expressed his attitude to Charlie, Honor had already begun to plan to leave Japan as soon as possible.

He knew that as long as the Ito family intervened, he would be exposed soon.

If at the moment of exposure, if you are still in Japan, you basically don't have to want to go back alive.

Because he knew that Charlie would definitely not let him go!

The only way at the moment is to leave Japan and get rid of the old man before he is exposed, and take over the entire Song family completely.

As long as he can take over all the assets of the Song family, he can break away from Charlie.

After all, the Song family's assets of one or two hundred billion can not be resisted by Charlie, a so-called Master!

Seeing Honor next to him, Charlie looked a little restless, and deliberately asked: "Honor, how come you look absent? Is there any physical discomfort?"

Honor hurriedly waved his hand and said, "No, Master, I'm just a little worried about Warnia. She has been missing all night. I am afraid that the more delay, the less chance of her survival..."

Charlie looked at him and said seriously: "Don't worry, as long as I am here, Warnia will never die."

Honor pretended to be pleased and said: "That's great! Master, it's all up to you if you can find Warnia!"

When he said this, Honor's heart was viciously cursed: "Even if Warnia is really alive, I will definitely kill her, even if you Charlie stand in front of me, it's useless! As long as I Song The honor is, Warnia is not allowed to live, she must die!"

At this time, Charlie said: "If you are honored, go back to the hotel first, and look for Warnia's affairs. You don't have to intervene. Stay in the hotel and wait for my good news."

Honor was a little surprised at once, and thought to himself: "What do you mean? He sent dozens of helicopters to pick me up, and just said a few words, let me go? A phone call or even a WeChat can solve it, so why bother?!"

However, although Honor was puzzled, he didn't dare to have any disobedience. He hurriedly stood up and said seriously: "Master, since this is the case, then I will leave first..."

Charlie nodded and said, “Don’t run around in Tokyo these days, just stay in the hotel and wait for my news.”

Honor quickly said: “Okay Master, I will be waiting for your news at the hotel these few days!”

Nanako spoke at this time: “Since Mr. Song is going back to the hotel, I will let the helicopter take you back.”

Honor said flatteredly: “Ms. Ito is really too polite. It’s not far from the hotel. I can just go out and take a taxi. I won’t bother you to arrange a helicopter.”

Nanako said earnestly: “Mr. Song is Master’s guest, and that is the distinguished guest of my Ito family. The Ito family has never allowed the distinguished guests to take a taxi and leave by themselves, so I should ask Mr. Song to return by helicopter.”

Honor nodded, and said with a little embarrassment: “Miss Ito, it’s okay to go back by helicopter, but you really don’t need to send so many helicopters. It’s too wasteful, one is enough...”

Nanako smiled slightly: “Mr. Song doesn’t have to be so polite. The reason why so many helicopters are sent to pick you up together is also because the Ito family attaches great importance to distinguished guests.”

Honor had no choice but to say: “Then I will follow Miss Ito’s arrangement.”

Nanako nodded, looked at her assistant and asked her to send Honor.

Chapter 2100

As soon as Honor left, Nanako hurriedly said to Charlie: “Master, your intuition is really accurate. After meeting, I also think there is a problem with Honor!”

Charlie said coldly: “As long as people with a guilty conscience, no matter how strong their psychological quality is, they will definitely expose some flaws. Honor will obviously become nervous after seeing you. This must be because he is afraid of the Ito family. Strength, knowing that once the Ito family intervenes, this matter will surely be revealed, so he must be frightened in his heart.”

After speaking, Charlie said again: "I think Honor will most likely run away soon after this incident. You must let your ninja watch him closely, and never let him run away!"

Nanako nodded and said, "Although Master can rest assured, I have already arranged everything. When Honor comes, my ninja has already rushed to the hotel, and they will monitor Honor in all aspects!"

Charlie smiled with satisfaction and said, "If he has other accomplices, the first thing he does after he returns to the hotel must be to get in touch with his accomplices. Then you must eavesdrop on all his calls to find clues!"

.....

During the flight back to the hotel, Honor was always a little restless.

After such a major change, he himself has lost his backbone, and all hopes are pinned on his father Tianming.

He can't wait to contact Tianming and tell him what happened here.

However, since he was still sitting on the helicopter of the Ito family, he could only resist this impulse and wait until the hotel.

On the way back, dozens of helicopters were still roaring and escorting him.

Outsiders seem to be very aggressive, but they put a lot of pressure on Honor.

The strength of the Ito family was undoubtedly revealed in this short flight.

According to Nanako's assistant, the Ito General Aviation Company, owned by the Ito family, has taken over 80% of Tokyo's high-rise aprons.

Usually, their helicopters do not stop at the airport, but on the top aprons of Tokyo's high-rise buildings.

The advantage of this is that once there is any demand, the helicopter closest to the demand location can take off quickly.

That's why, when he came here, Ito family helicopters took off from the top of each building.

The more the Ito family showed their muscles in front of him like this, the more frightened Honor became.

Back at the Aman Hotel, the first thing he did when he entered the room was to immediately take out his mobile phone and call Tianming.

At this time, Tianming had just landed in Aurous Hill after more than ten hours of flying.

After the call was connected, Honor's first sentence was: "Dad! I will soon be exposed. Neither in Tokyo nor in Japan can I stay for long. I plan to return home quietly tonight. You will also get rid of the old stuff as soon as possible!"

Tianming was shocked and blurted out and asked, "What's the matter?! What happened?!"

Honor said in a crying voice: "It's Charlie! That guy is too D@mn strong! Dad, you can't imagine that Japan's largest Ito family completely treats him as their father! Charlie said to look for Warnia. , The Ito family immediately stated that everyone in the family can be dispatched by him! I don't know what the hell does Charlie has, do these people have brain problems or what, it's beyond my comprehension?!"
