

Chapter 257

Felicity was so angry that he wanted to smash the stone on the spot, "Bai Steven! What do you mean! Is it interesting to frame my husband with a broken stone!"

Xena also looked at Bai Steven with complicated eyes.

His hand is too much.

It was already difficult for William to find Bernard.

Now let William take a broken stone, wouldn't this add fuel to the fire!

Bernard must have thought that William took the pebbles to find fault and teased him!

Don't even think about invitations.

Bai Steven listened to Felicity's words, but he smiled: "What do you know about this stone? I have asked a professional to appraise this stone. It doesn't move Akashi, it doesn't move like a mountain. It's good. You don't know the goods. That's it."

"You obviously want William to die. If he really took this stone to find Bernard, it would be considered light to be blasted out in public!" Felicity said angrily.

"Well, I believe in Steven's eyes." At this time, Yasmine jumped out and said.

Yasmine saw that Bai Steven became the head of the Bai family as a certainty, and had no opinion at all.

Now that Bai Steven is dealing with William, she is even more delighted to hear and hear, wishing to be a little bit more involved at this time.

Felicity's head was about to explode with anger.

A bunch of bastards!

Take advantage of the danger!

But William put the pebbles away, and walked outside, saying: "Okay, I'll put it away first."

Felicity stamped her foot severely, glared at Bai Steven, and went out to chase William again.

Behind him, Bai Steven's relentless laughter came.

Xena finally couldn't help it.

She pulled Bai Steven aside, and said with a cold face: "Bai Steven, you are too much!"

Bai Steven said leisurely: "Why, do you feel distressed when you see your brother-in-law being humiliated?"

Xena is indeed distressed.

Every humiliation he endured today was

indirectly imposed by himself!

"Behave yourself well, you can still save the lives of both of you, otherwise, I'll be really ruthless." Bai Steven finished laughing, his face was stern, and his eyes showed a murderous intent!

The humiliation of this kid today is nothing compared to the humiliation of this kid before!

My Bai Steven is absolutely absolute, and I won't let the kid go!

Xena looked at Bai Steven sadly, and finally nodded and walked outside.

driven to distraction.

When William returned to the Genuine Care Medical Center, he immediately took out his mobile phone and called Janet.

Let Janet meet Frandick and send a few invitation letters.

Janet immediately agreed.

William was peeling the orange absently, while Melissa was watching him by the side.

If it was normal, Melissa would naturally take the orange peel and throw it into his cup.

But today, she did not dare to reach out her hand.

do not know why.

She wanted to ask, but William closed his eyes at this time.

Melissa thought to himself, forget it, anyway, this kid has a heart, and it doesn't matter what annoying things happen to him.

Worried about what he did.

In the evening, William got six invitation letters from Janet.

Of the six invitations, five are pink and one is vermilion.

When William thought about it at random, he knew that this special red color should have been given to him by Frandick.

And the other five pink invitations all have Baijia Jingqi written on them.

That night, Xena was drunk again.

There was a lot of alcohol on her body.

There is an extra knife in her bag.

She looked at the knife with teary eyes, as if she had made some terrible decision.

One night passed, and the next day everyone gathered at Bai's house.

Seeing William's delay in coming, everyone couldn't help complaining.

"What's the matter with that kid! Actually let a lot of us wait for him! What is he!"

"I think he can't handle things well, so he has no face to come over and see us."

"Hehe, maybe it's more serious, but he took a broken stone as a gift, maybe he was beaten to walk last night hahaha."

Felicity came here first because of something.

When she heard the malicious speculations of these people, she felt a fire in her heart.

She kept looking at the door.

Xena said at this time: "Shut up! One by one, I didn't dare to go, let my brother-in-law go. Now instead of talking coldly here, have your conscience eaten by the dog!"

The crowd was about to get angry when they saw William walking in.

He is empty-handed.

Bai Steven's eyes were full of immense pride.

Sure enough, I didn't get anything.

However, this is normal.

This matter, as everyone said, is difficult to reach the sky.

It's simply not something that William can do.

Seeing this, Felicity couldn't help but said to Bai Steven, "Bai Steven, you also know how difficult this thing is. It's not that William didn't

work hard, but it was simply difficult to go to the sky. How can we blame William? We can only think of other ways."

At the end, Felicity's tone softened.

Now, who else in this room is willing to speak for William.

I'm afraid it's only myself...

Bai Steven said coldly: "The rules are the rules. If you can't do it, don't say anything, let alone agree. Did we force him yesterday?"

Felicity looked at Bai Steven sadly.

When the Bai family went up and down, they immediately watched William with amusement.

Now, let's see how he confesses this matter!

Felicity thought, pulling William's hand to walk outside, "William, let's go! They are clearly trying to make things difficult for you!"

But at this time, William said faintly: "Go? It's too early."

Bai Steven said arrogantly: "What? Did you forget what you promised yesterday? Or do you want to cheat now?"

"Since you didn't get the invitation letter, don't blame me..."

"Don't blame you?" William suddenly took out something casually and threw it on the table with

cold eyes.

Everyone looked at the table together.

Upon seeing this, someone suddenly exclaimed in disbelief, "Invitation! It's an invitation!"

A pink invitation letter, lying quietly.

Bai Steven's eyes widened.

It's really an invitation!

how is this possible!

How could he get such a noble invitation letter!

There must be something wrong in it!

He grabbed the invitation letter and opened the envelope on it.

Open it, and the invitation letter says the word Baijia!

His head banged!

wrong!

It's abnormal!

He has a low status and offends Bernard.

How could Bernard send him the invitation letter!

"I see, this invitation letter is fake! Boy, I think you just found a shop and printed a fake invitation letter, wanting us to rush over and be stopped and

12:39 

humiliated in public, right! You mean it! So sinister!" Bai Steven said viciously.

@vamp20works

Chapter 258

When everyone was told by him, they immediately thought it was too possible!

Because they didn't believe it at all, how much face could William, a Bai family dog, get the invitation letter!

With regard to this invitation letter, Yasmine went out to ask Bernard in person, but he might not get it.

Could it be that this waste has more face than Yasmine?

It's impossible.

So there is only one answer, this invitation letter is fake!

Everyone's spears were aimed at William instantly.

But at this time, William looked at the people at the scene sympathetically, and said: "There is a number on the invitation, and the seat is written in the invitation. There should be a phone number for the conference affairs group of the Preparatory Committee of the Pharmacy Association General Assembly on the Internet? Call me and ask. It's not clear."

Everyone was taken aback.

Yes, the preparatory committee of the General Assembly of the Pharmaceutical Association announced the telephone numbers of the various groups a few days ago. If you don't ask, it will be clear.

However, this kid, where's the confidence, why he said so confidently!

Is this invitation letter real?

Bai Steven was the first to not believe it. He personally found the conference team's phone number from the official website of the Pharmaceutical Association, and then dialed it.

He also turned on the voice.

"Hello, this is the affair group of the Preparatory Committee of the Qingcheng Pharmaceutical Association General Assembly. What can I do for you?" There was a sweet voice on the phone.

This call was checked on the official website, and it is certainly not fake.

Bai Steven immediately asked the lady on the phone to help inquire about the number of the invitation letter in her hand and the seating arrangement on it.

"Wait a minute, I will check for you right away." The young lady said on the phone and went to check.

Less than ten seconds later, there was another voice on the phone, "Mr. I've been waiting, I've found it for you. The number and seat of the invitation you provided are the same. They belong to our guest this time, Bai Jia ."

Bai family!

As soon as these two words came out, everyone at the scene became numb!

Bai Steven didn't even know how he hung up!

The invitation letter is actually true!

This surprised the people at the scene!

This waste, actually got the invitation letter!

Achieved something that no one at the scene could do!

How did he do it!

This huge mystery stayed in everyone's hearts!

Felicity looked at William with horror.

She had known for a long time that William had a relationship she didn't know.

But she didn't expect that William's hands and eyes could reach the sky, and the relationship was so hard!

Actually got an invitation letter!

Infinite joy breeds in her heart.

William, the same William!

What a man can do!

Xena's mouth was wide open.

She is the one who knows William's identity best among this group of people.

William is the curator of Genuine Care Medical Center.

However, this level of identity is not enough for William to get the invitation letter from Bernard.

Because Bernard also hates Genuine Care Medical Center.

Could it be that brother-in-law has any other terrifying identity?

Thinking of this, she was full of excitement.

William's words came to her mind again.

He said he wanted to give Felicity better.

Having lost the position of Patriarch of the Bai Family, what could be better than this?

Now it seems that in William's eyes, the choices are unlimited and the future is bright!

Brother-in-law, sorry.

I don't know how much you paid.

I know that you have been concealing your identity and you have difficulties.

But now, because he wanted to protect me, he had to force out the strongest you.

I seem to force all your secrets and strengths out.

Everyone looked at William blankly, and was completely speechless.

The anger in Bai Steven's heart is about to gush out!

After finally setting up a game to make this kid humiliated, he did not expect that he could escape the catastrophe without a problem!

What is going on with Bernard!

Can't handle even a small waste!

Let him be so successful!

Qingcheng Pharmaceutical Association, but that's all!

No way!

If this kid gets the invitation letter, everything he has painstakingly laid out will be wasted!

Anyway, everyone already knows that I'm making things difficult for this kid.

Don't be afraid of a bad end!

Thinking of this, Bai Steven said in a deep voice, "The invitation letter is really correct, but William, what do you mean? As the Patriarch of the Bai family, I should naturally attend the

conference, and my grandmother is highly respected and should go forward. Go and join in the grand event. You only brought me an invitation letter, let me go or her?"

When these words came out, everyone's eyes narrowed!

What a strong word!

Tell right and wrong!

Sure enough, Felicity was angry on the spot, "Bai Steven! You shamelessly look, I am really eye-opening! How precious an invitation letter is, you know better than me! Now William got one. The invitation letter is out, you are still not satisfied! Instead, blame William! Are you still a human!"

Felicity was also anxious, and her words were hard to hear.

Everyone's face changed.

Bai Steven was a bit too much.

The one in previous years has already made the Bai family very happy.

Now he is still not satisfied, obviously he is going to completely drive William out of the Bai family.

Bai Steven looked at William strongly, "I'm just seeking truth from facts and telling the facts. Since you are so capable, there is still one day left anyway. Instead of playing around here, it's better

to ask for another one."

Bai Steven spoke, but suddenly saw William walking towards her step by step.

He couldn't help being timid, "What are you going to do?"

William smiled, cruelly but compassionately.

Suddenly he took out another invitation letter from his pocket and threw it directly on his face, "Are two enough?"

When everyone saw that William actually took out another invitation letter, their eyes went wide!

How terrible!

An invitation letter was enough to shock everyone to William.

Now, he actually has another one!

Moreover, how arrogant his tone is!

It seems that the change of Qingcheng Pharmaceutical Association was handled by him alone!

Obviously it's just a waste, why make amazing moves again and again!

In the Bai family, everyone who discriminated against William felt hot pain on his face at this time!

Slapped in the face by a trash!

William was indifferent and ruthless, and said

coldly, "Do you want to verify the authenticity?"

When these words came out, Chi Guoguo was mocking Bai Steven.

Bai Steven's face was blue, he was obviously shocked by the two invitation letters in front of him.

By now, he has no room to look back.

He could only insist on his tone, colder than William, "Two, right? You know how to do things, but two..."

Before he finished his words, William took out three more invitation letters from his pocket, one by one!

Slowly thrown to Bai Steven's face!

"Two are not enough, right?"

"Is this enough!"

"If it's not enough, I still have it!"

"As much as you want, just speak up."

"If you can't get the invitation letter, count me as losing!"

Chapter 259

On the table, five invitations were neatly arranged.

The Bai family was completely shocked and speechless!

crazy!

This lunatic actually came up with five invitation letters at once!

One is worth a thousand dollars, but what about five!

Immeasurable!

Think about it, if the five members of the Bai family appeared in the meeting place during a live meeting, what a shocking scene would it be!

I believe that in the entire Qingcheng, no family can attend as many as five people at this conference!

Qingcheng is the best!

Bai Steven's mouth was wide open.

An extremely strong unwillingness emerged in my heart!

How can this waste be like a Xiaoqiang who can't be beaten!

No matter how hard he tried, he was still alive

and kicking!

hateful!

He didn't directly threaten him with that video, and he still couldn't stop him!

William glanced contemptuously at the speechless Bai Steven, and walked back to sit in the chair faintly.

Felicity was trembling all over, and there were stars in William's eyes.

Amazing husband!

Sure enough, there is nothing he can't do!

Only he wants to do it!

How much surprise do you have to give me!

Bai's house is quiet.

At this moment, everyone did not dare to ask William to add one more, because five of them would definitely be the family with the largest number of participants in Qingcheng.

It doesn't make sense anymore.

And they clearly want to verify whether the following photos are true.

There was no one who dared to move.

"William, how did you get these invitations! I don't believe you can get so many invitations for your face!" Bai Steven woke up and started shooting the case!

You must not weaken your momentum at this time.

William said lightly: "President of the Pharmaceutical Association, I have to drop three points too!"

Everyone's pupils shrank!

How arrogant!

Actually said that the chairman of the Qingcheng Pharmaceutical Association would lose three points when he met him!

If this arrogance is spread out, it will definitely be laughed at by the whole city!

"Hahaha, don't pretend to be fools with us here! Do you think we will believe it? I see. Look, these invitations directly say our Bai family, indicating that they must be from the Pharmaceutical Association. The one given to our Bai family just happened to be in the hands of this kid. Because as far as I know, the invitation letters received by others are usually written directly with their names, and only our Bai family is extremely special." Bai Steven Suddenly sneered.

Everyone was stunned, and after a careful thought, it really made sense.

The invitation letter usually writes directly inviting so- and- so, rather than inviting the Bai family to participate.

So this invitation letter was given directly to the Bai family, but it happened to be cut off by William.

Maybe he found it in the mailbox outside.

Seeing that everyone had an epiphany, Bai Steven couldn't help but continue to proudly say: "Look at the invitation letter again, everyone, have you found anything?"

Everyone looked around the invitation letter again. At this look, everyone suddenly became excited, "Damn! The seat above us is actually next to the main table!"

There is such a tradition at the banquet, the main table is the honor, and the others are second.

The closer to the main table, the more prominent the position.

Now, Bai's seat is right next to the main table!

Doesn't this represent the status of the Bai family!

Doesn't this mean that the Pharmaceutical Association attaches great importance to the Bai family?

This attention can be won by the waste?

So the invitation letter must have been given to the Bai family by the Pharmaceutical Association from the beginning.

Yasmine was so excited that her old face was squeezed into orange peels, "God bless my Bai family! The glory of our Bai family is finally coming! This is the face of the Pharmaceutical Association for us!"

But Zhang Rebecca immediately flattered: "Grandma, it's a bit wrong for you to say that. This face, no one can give us the Bai family! We won it ourselves! Last time, Felicity signed a contract on behalf of the entire Qingcheng pharmaceutical industry. He is already a leader in the pharmaceutical industry, so based on this alone, the Bai family is enough to attract the attention of the Pharmaceutical Association."

Others agreed and said: "Yes, we can't belittle ourselves, who dares not give us the face of the Bai family!"

"The Bai family's becoming a wealthy family in Qingcheng seems to be just around the corner! Congratulations to grandma!"

After hearing these words, Yasmine became even more proud, and repeatedly said, "Good, good! With everyone's auspicious words! It seems that with this opportunity, our Bai family can fly into the sky!"

Everyone nodded and said yes.

But at this time, a sneer rang out, "What status is the Bai family in Qingcheng, don't you

have any compelling points in your heart?"

William!

Change the norm!

Breakthrough!

Crazy to the end!

The scene was full of joy.

After William said a word, this kind of hypocritical compliment was instantly torn apart by him!

The faces of everyone were embarrassed and angry, staring at William!

"What do you mean! What happened to our Bai family!"

"You are in the Bai family, but you can't help A Dou if you say such things!"

At this time, Bai Steven, who had been silent, said, "Okay! Don't worry about him in general. The urgent matter, we have to discuss who will participate in this event."

Felicity's words instantly diverted everyone's anger.

Everyone's eyes were shining brightly, one by one raised their hands, "I'm going! I'm going to see the world too!"

All of a sudden, the scene became a mess.

Felicity on the side saw this scene and

couldn't help laughing.

This group of people, when they let them charge into battle, one by one hides farther than anything.

Now, I'm going to show my face, one by one is more fierce than anyone else!

"Forget it, I'll just call it." Bai Steven looked around and suddenly said loudly.

The scene suddenly became quiet.

Several elders heard Bai Steven say this, although they were upset, they did not dare to speak.

Bai Steven had just taken office yesterday, and he was obviously planning to have three new officials take office.

Who wants to offend him now?

Bai Steven rubbed his temples, glanced at Felicity deliberately or unintentionally, and said, "Felicity signed the proposal on behalf of Qingcheng Pharmaceutical Company a while ago. She is meritorious, so she has a place."

Everyone poked their lips and did not speak, because this was what they expected.

This time, the Pharmaceutical Association gave the Bai family five invitation letters, in which there might be Felicity's face.

Bai Steven continued: "As the head of the Bai

family, I have one quota, and my grandma needs to be present with high respect. In this case, there are two places left."

Everyone's heart raised their throats, and Bai Steven's father, Barnes, blinked at Bai Steven frantically.

Bai Steven understood, and said: "My dad has been working hard for the Bai family day and night for the past few years, and he is also eligible to attend. The last one, considering that Xena is a rising star, the Bai family will rely more on her to help in the future, so she accounts for Take the last place, and that's it."

The reason why Bai Steven wanted Xena to go with him was simply because he felt that he wanted to hold this little girl tightly in his own hands.

The people on the scene shook their heads one by one, not daring to speak.

But at this time, Felicity suddenly looked at Bai Steven forcefully, "Where's my husband! He is the chief hero of the five invitations! He has no share?"

Chapter 260

"Your husband? Hehe." Bai Steven suddenly laughed when he heard this.

The faces of other people also showed schadenfreude.

"Your husband is just a dog of our Bai family. His status is low. What qualifications is there to attend such a grand meeting? He used to make people laugh at our Bai family for not knowing the rules and not being on the stage? Besides, these five invitations Letter, it is clearly given to us by the Pharmaceutical Association, what is his business!" Steven said righteously.

After the others listened, they also laughed and said nothing.

Felicity's face turned pale, but she sneered, "Hehe, what a fair and just Patriarch of the Bai family!"

Xena below was shaking all over.

Her eyes burst out with endless killing intent.

Her hand, reaching into the bag, was shaking.

Her patience has reached a limit!

My brother-in-law, is you a villain who can insult wantonly!

My brother-in-law is a scholar hero now!

Wendang fairy guides the way to win the spring and autumn!

Millions of blood flowed into the river of Wu Yi's dead body!

Bai Steven, sooner or later, I will smash you into pieces!

At this time, Bai Steven's mother Helen couldn't help standing up and said: "Jingsheng! Have I done little for the Bai family in recent years? Am I not eligible to attend? I need a reasonable explanation!"

Bai Steven didn't expect his mother to jump out to ask for a spot at this time, and was a little embarrassed for a while.

His mother is a complete housewife of the big five and three rough.

Normally, he didn't participate in the business of the Bai family at all.

But her character is the typical middle-aged female character who likes to take part in the fun.

Now that her son is the head of the house, and her husband has gone to the White Auditorium, how could she give up and miss this rare opportunity to show off.

However, now I have five invitation letters, and I've talked to this point.

What else can I do?

The people at the scene looked at Helen in a daze.

This woman, isn't she okay to find trouble?

Usually let her help a little bit, as scared as seeing a ghost.

Why are you so rushing today?

What qualifications does she have to participate in the General Assembly of the Pharmaceutical Association?

Thanks to her so thick-skinned, she dared to say it in person.

Helen didn't care about it, and she was a little bit going to be a rascal.

She continued: "In the past few years, I have been so tired of the Bai family that all white hair has come out. Without my quota, I am unwilling! The Bai family treats me unfairly! If I did not go this time, I will do nothing in the future. Now! Just eat, drink and have fun, who can't! And your son of a white-eyed wolfdog, I have raised you for so many years!"

For a time, the scene was extremely ugly.

Bai Steven was forced by his mother to have no choice but to look at William.

And when he saw William's indifferent appearance, his heart suddenly moved!

He couldn't help but walked up to William and

shouted coldly, "You stand up for me!"

Everyone was at a loss, wondering what difficulty Bai Steven was making towards William at this time.

William stood up lightly.

Bai Steven was caught off guard by everyone, and suddenly a hand was put into William's pocket.

Then, quickly took out an invitation letter!

When he saw the invitation letter, he burst into laughter, "Sure enough, I didn't expect it! I am surprised, you kid, are you willing to not go? It really is that you have hidden an invitation letter privately!"

Everyone suddenly exclaimed.

That invitation letter is different from the other five.

It is scarlet.

Unexpectedly, he really hid one privately, which is disrespectful!

Bai Steven raised the invitation letter and looked at William triumphantly.

When William took out invitation letters from his pocket before, Bai Steven was wondering how many copies he still had.

Give it a try now, and I got another one!

And it seems that this invitation letter is even more extraordinary!

This kid, I've caught it now!

Hahaha!

It's like me, you can't fly with your wings!

The people at the scene stared at William viciously.

William didn't change his face, and said lightly, "This invitation letter belongs to me, not from the Bai family."

However, Bai Steven's face became cold, "You speak wild words! What are you! People from the Pharmaceutical Association will send you an invitation letter! Besides, don't you lie and write drafts! Look for yourself, on this, Do you have your name!"

Bai Steven opened the invitation letter while speaking, and the name column above was blank!

William did not speak.

Haha, I didn't write my name because Frandick didn't know my name!

Bai Steven was even more proud of seeing William's silence.

When he read the invitation letter again, his heart suddenly beat!

Seats for this invitation!

It's the main table!

This kid actually hid an invitation letter for the main table!

This invitation letter is definitely for the head of the Bai family, maybe it is for Felicity.

Because she previously signed a proposal on behalf of a pharmaceutical company, and she is still the head of the Bai family.

But because Felicity is in front of me now, he has to lower his head.

and so--

"I accept this invitation letter." Bai Steven took this special invitation letter into his bag leisurely.

Seeing him so proud, William smiled and said, "Are you sure you want this invitation letter?"

This invitation letter is not something ordinary people can afford!

It should be that Frandick didn't know who I was, so he played a trick on the invitation letter.

Mark a special seat with a special invitation letter.

As soon as he takes his seat, Frandick can match himself up.

If he wanted to change the crown prince of this reckless thing, the consequences would be disastrous.

Bai Steven laughed and said, "Nonsense! I haven't pursued the crime of private possession with you yet!"

"Okay, then these six invitation letters are arranged like this. If nothing happens, let's end the meeting." Bai Steven finished speaking, pretending to be kind and caring in William's ear, "Oh, sorry, your invitation Letter, I took it away, and now you can't go, what can I do?"

William smiled faintly, "I will go, we will meet again."

Bai Steven's face stiffened, but he recovered immediately and laughed, "Oh, don't you give up and want to get in? If this is caught by someone, tut tut, I still advise you to stay obediently. At home, anyway..."

When Bai Steven said this, he walked forward triumphantly.

"You don't have many days at the Bai family, so cherish it."

Everyone dispersed, and William returned to the Genuine Care Medical Center.

Wang Qingmian couldn't help it anymore, and came over and asked: "Tomorrow you should also go to the General Assembly of the Pharmaceutical Association. What do you want to do tomorrow, can you spoil it in advance?"

Wang Qingmian is really fed up with his

analysis behind the scenes every time after the event is over.

William rubbed his temples at this time, and said lazily: "It's too much brainstorming for a while. I don't want to use my brain tomorrow."

Wang Qingmian's eyes widened, "Your weird head doesn't move anymore, what's the use of you?"

William smiled strangely, "If you don't plan, you will be brave! Go ahead! People stop killing!"

"Tomorrow, run over."

@vamp20works

Chapter 261

Wang Qingmian was heartbroken!

This little bastard has grown in!

Do not use your head to play conspiracy.

Are you ready to crush your opponent simply and rudely with absolute strength?

Tomorrow, what a bloody storm.

"Before that, you can do something for me first." William confessed Wang Qingmian's incident casually and left.

In the evening of the next day, the setting sun was golden.

William went out and went to the Pharmaceutical Association Building alone, where the General Assembly of the Pharmaceutical Association was held.

The Pharmaceutical Association Building is located in the center of the city. A white building stands tall and looks impressive.

The Pharmaceutical Association Building at this moment is even more beautiful.

I don't know if it was to welcome this conference. The outer wall of the building, from top to bottom, was covered with vermilion lanterns.

It seems that the entire Pharmaceutical Association Building is antique and unique in the city center.

And downstairs of the Pharmaceutical Association Building, luxury cars gathered, obviously today is the most grand occasion in Qingcheng.

William frowned when he walked into the building.

The ceiling on the first floor of the building is also covered with such small red lanterns.

This kind of lantern is very elegantly crafted and elegant and elegant.

And what made William frown was the smell of these red lanterns.

A faint scent is refreshing.

William asked about a faint smell of blood.

The fragrance of blood?

William looked at these little lanterns for a while, then shook his head without thinking about it.

But at this time, he saw a group of porters in overalls carrying lanterns.

The headed one, wearing sunglasses and a mask, is burly in shape.

William recognized this person at a glance.

"Brother Tigger?" William walked over.

Liu Tigger, who was wearing a sunglasses and mask, was also taken aback when he saw William. He took off his sunglasses and said, "You can recognize me like this?"

William looked at the things they were carrying, a pile of folded lanterns.

Now that I approached the lantern, this refreshing blood fragrance became clearer.

William had an urge to sniff more.

"Why are you carrying lanterns here?" William said amused.

Dignified Qingcheng Yihu actually works as a porter here?

Who can believe this?

Liu Tigger's face showed a bit of bitterness, hard to know.

He looked at the beautifully crafted lanterns, his eyes filled with endless pity.

"This kind of lantern is called the Cinnabar Hundred Years Lantern. We have a small village in Qingcheng that specializes in making this kind of handmade lanterns. The price is very cheap. Does it look good?" Liu Tigger asked William instead.

Cinnabar Lantern.

William tasted the name, only to think that it was elegant and pleasant, with infinite beauty.

"So?" William asked again.

Liu Tigger touched the lantern lovingly, and said inexplicably, "In this world, there are always things that are worthless in the eyes of others, and they are worthy of the lives of others to guard."

William stared at Liu Tigger.

I don't know if he is guarding this lamp or the person behind it.

William didn't say anything, patted Liu Tigger on the shoulder, "After a while, go up and have a drink."

Liu Tigger nodded.

Just as William was about to leave, Liu Tigger suddenly stopped him and handed him a black mask, but said nothing.

William glanced at the cinnabar century lamp, and put on a mask.

He got on the elevator and headed for the box on the top floor.

Outside the box, the lights are brilliant and peaceful.

The staff is carefully and carefully facing the invitation letter of each guest who enters the venue.

William took out his cell phone and was about to call Frandick when the elevator dinged.

A group of people walked out of the elevator together, headed by the sound of white town in suits and leather shoes.

Everyone in the Bai family was dressed brightly.

The wind and snow are in it, beautiful and pure and moving.

She naturally recognized William at a glance, stepped up and gently took William's arm.

"Oh, really cheeky and want to get in? That's not bad." Bai Steven said with a smile on the side.

Zhang Rebecca and the others also walked out and surrounded William with eyes full of disdain, "What? People dare to come, what kind of mask do they wear? Are you afraid of embarrassment? Since you know that you are ashamed, don't you go back? , And less tarnish the reputation of our Bai family here."

Felicity's face became stiff, and she couldn't help saying: "William is here, what's the point of saying this now!"

"Then I want to see, how would he get in?" Bai Steven sneered.

William shook his head lightly, too lazy to pay attention to these people.

But at this time, two more people walked out of the box.

Seeing Felicity, someone suddenly shouted: "Oh, isn't this my old classmate, Felicity?"

When everyone looked back, they saw a gorgeously dressed woman walking over with a cynical man's arm, her small waist twisted and twisted.

Felicity frowned slightly.

The person here is actually Chen Li who hasn't seen him for a long time.

The last time I saw Rachel was at that alumni meeting.

At that time, William, Felicity, and some old classmates headed by Rachel broke up unhappy.

I didn't expect to meet Rachel here today.

When Rachel saw Felicity's youthful and lovely appearance, she couldn't help but rise in anger.

The humiliation that these two people inflicted on her last time is unforgettable.

However, this time, another time!

I am no longer the same Chen Li!

Rachel took the cynical man, walked over, and laughed softly: "We really have fate, come, I will introduce you my boyfriend, Hu Henson, he is the grandson of Frandick, president of the Pharmaceutical Association. "

The Bai family's eyes widened, and they couldn't help looking at the man.

This person is actually Frandick's grandson!

This identity, placed today, can be described as brilliant!

Felicity did not expect that Rachel actually climbed to the top.

Bai Steven immediately walked up with a pleased look, and stretched out a hand to respectfully said: "Young Master Hoo, hello. I am the Patriarch of the Bai family, Bai Steven, I am lucky enough to meet."

The man named Hu Henson didn't even look at Bai Steven, but fixed his gaze lightly on Felicity, his eyes full of evil fire.

But in front of Rachel, he didn't dare to act too much. He just nodded, "How are you."

"Hehe, today we are half the master here. Meeting is fate, let's go, let's go in together, and I may even offer you a glass of wine to your husband and wife later." Rachel said strangely to Felicity and Lu. Ye said.

The Bai family looked at each other.

Bai Steven couldn't help smiling and said: "Hahaha, Shao Hu, you show your love, let's go in together. As for the trash, he doesn't have an invitation letter, and he has to rely on Shao Hu, and

ask someone to stare at him later. Don't let him sneak in."

Felicity's little face froze on the spot.

Bai Steven didn't leave any face to William!

However, Rachel's eyes were cold, full of jokes, and then there was a little bit of fooling.

She suddenly said softly to Hu Henson: "Henson, they are my old classmates. Give me a face, make a call and let this kid go in together?"
