

# The Charismatic Charlie Wade Chapter 2413

## Chapter 2413

At this moment, Aurous Hill.

A man wearing a mask appeared at the subway station near Treasures Pavilion.

There are a large number of monitoring probes at the subway station entrance, some of which are security videos of the subway, some are monitoring of the city's Skynet, and several new high-end cameras equipped with face recognition functions.

In recent years, with the rapid development of technology, face recognition has successfully emerged from science fiction films and entered the lives of ordinary people.

Not only does the mobile phone support facial recognition, more importantly, the police also has a complete set of facial recognition systems connected to big data.

The biggest use of this system is to quickly screen a large number of people.

For example, if hundreds of people come to the front if there is a wanted criminal mixed in, then relying on police officers to check one by one will not only be inefficient, but it is also particularly prone to omissions.

However, now with the face recognition system, when hundreds of people pass by quickly, the system can directly identify the identities of hundreds of people through face recognition.

At the same time, the system will immediately verify the identities of hundreds of people. If there are fugitives or suspects, the police will get system reminders as soon as possible.

The most typical example is that a well-known Hong Kong singer came to the mainland to hold a concert. At each concert, the police can always catch several fugitives from the tens of thousands of audience at the arena.

Why is there such high efficiency?

Almost all rely on the powerful features of face recognition!

Therefore, with the increasing development of science and technology, the possibility of criminals trying to escape legal sanctions has become less and less.

At this moment, the man wearing a mask looked around, then reached into his pocket and took out a pack of cigarettes that were very dry and crumpled.

He tore open the cigarette case and found that there was not even a single cigarette inside, so he stepped to the mobile convenience store at the subway station entrance and said in a low voice to the shopkeeper: "Boss, give me a package of Dunhill."

The shopkeeper hurriedly asked: "Soft or hard?"

The man opened his mouth and said, "Soft."

The shopkeeper took out a pack of Soft Dunhill from the glass cabinet and handed it to him, while saying, "Sixty-five."

The man directly threw him a hundred bills and said lightly: "No need to look for change."

The shopkeeper was overjoyed and said with a busy smile: "Oh, thank you!"

The man took the cigarette and turned around, he had already taken apart the plastic film on the outside of the cigarette packet and then tore the right side of the case.

Afterward, he skillfully tapped his fingers on the left side of the cigarette case, and a cigarette came out of the torn opening on the right.

He took out the cigarette and took off the mask he was wearing, revealing a fierce face with Chinese characters.

He held the cigarette in his mouth, took a hard sip after lighting it, and then turned his head to look around.

He glanced at the rows of surveillance cameras at the subway entrance and wiped a resolute smile on the corner of his mouth.

He has been on the run for three years.

In the past three years, he has lived a ghostly life, hiding in Tibet, and has long been exhausted.

He wanted to find opportunities to sneak overseas so that he could give himself a sigh of relief, but he didn't have the ability at all, and he didn't have the opportunity.

So he can only hide everywhere with a hunger for what he desired.

The only thing that can bring him comfort is that he and his family have a very secret contact method that even the police do not know about yet.

It is precisely because of this contact method that his family members contacted him two days ago and told him that someone gave them ten million and in return wants him to kill a person. After the work is done, he could use his contacts to send him abroad.

Because his family had received this ten million, he was moved almost instantly.
