

The Charismatic Charlie Wade Chapter 2453

Chapter 2453

At the same time, Su's family Eascliff.

Father Su took the phone, resisted the urge to throw the phone, read the news, and then scolded furiously: "Damn! What the h3ll is going to do with this damn Stuart! Why is Zhiyu in the car?! Where are Liona and Zhiyu now?! Where are Stuart and the others?!"

Shoude was already scared out of sh!t, but he still pretended to be calm and said: "Dad, Stuart can't get in touch at all now, and sister-in-law and Zhiyu are still alive or dead, there is no news. Do you think someone is deliberately tinkering with our Su family?!"

The old man Su only wanted Liona's life. It was Shoude that, in order to prevent future troubles, made his people find Shred's family, added 20 million, and let Shred kill Zhiyu too.

Now that the incident happened, but Zhiyu's whereabouts are still missing. If this really leaks out the wind, then his eight achievements will be over.

Therefore, he could only deliberately divert the topic and draw the attention of Old Man to the opposite of the entire Su family.

Elder Su said with a dark old face at this time: "I can't say that this is a problem. Now that people are missing, there is no valuable clue at all!"

“I don’t know what’s going on, this whole thing is so fu*king weird everywhere! It’s so weird! Chengfeng, who has been in the rivers and lakes for dozens of years, has never seen such a weird thing!”

As he said, he said coldly: “I have a lot of questions now that I don’t understand.”

“For example, why was Zhiyu in the car?”

“That Shred was docked by Stuart. The mission I gave Stuart was very clear. I told him a long time ago that as long as Liona lives, whether he knows the fish or knows the wrong, if they go to the auction site, don’t hurt the girl at all!”

“It’s good for Zhifei to say that he flew back ahead of time and didn’t go to the scene at all, but why did Zhiyu get in the car? This obviously violated my order!”

Shoude hurriedly said, “Dad, could it be Shred who was good at advocating?”

“Impossible!” Elder Su said firmly, “I understand this person’s situation. Cruelty is one aspect, and doing things cleanly and without sluggishness is also one aspect!”

“Moreover, every case he has done before has excellent pre-planning, and he has acted steadily according to the plan, and will never engage in any impromptu things!”

“This is also the fundamental reason why he can always be wanted and still not be arrested. Such a person can count every single cent clearly when he does things. He can’t make claims and bring Zhiyu into the car! “

Having said this, Old Su’s expression was stern, and he shouted sharply: “Someone else must have instructed him to do this!”

The whole body of Shoude frightened and couldn’t help but slapped a spirit, and said quickly, “Dad, since Shred has always been connected by Stuart, then I guess that

Stuart can't get rid of this matter 80% of the time, and he's missing again, I doubt him. He may be bought by our competitors and secret enemies!"

After speaking, Shoude immediately observed the changes in Father Su's expression.

His trick was to focus on Stuart's personality.

"Anyway, this Stuart didn't get things done well. He was already unfavorable. Coupled with his disappearance for no reason and unknown whereabouts, the old man must be very dissatisfied with him. At this time, throwing the pot to him is definitely the best solution!"

"Besides, the ghost knows if this Stuart is still alive? It would be better if he has died, throwing everything to him, and he has, otherwise, no chance to explain!"
