

The Charismatic Charlie Wade Chapter 2731

Chapter 2731

In this regard, Luther He, the head of the He family and Roma's father, was a little embarrassed, and said: "Roma, your eldest brother has talked to me these days when you went to the southeast coast.

Roma hurriedly asked: "Dad, eldest brother will talk to you What's the matter?"

Luther sighed and said: In order to find Ruoli, our He family has sent out most of the manpower and various expenses during this period of one or two billion. There is still no news, which has delayed these children's practice. Not to mention, our He family has now turned their faces with the Su family and lost the source of income. If we continue to look for her, the economic gap will become bigger and bigger.

Speaking of this, Luther continued helplessly: "The family is only for the children. The medicinal materials we prepare for practice cost three to five million a month. With so many people and so many mouths to eat and drink, the cost is even higher. Although I also want to find Ruoli, I continued to look for her. Going down, as the head of the family, I can't explain to other people!

Roma lowered her head slightly.

She also knew in her heart that it was impossible for the He family to keep investing in finding Ruoli's whereabouts.

After all, the family as a whole is not a wealthy and rich family, and the daily expenses are huge. Some time ago, she invested a lot of money to find Ruoli, which made her feel very guilty. Although she felt sorry for her daughter and wanted to find her as soon as possible, she couldn't bear it. Drag the He family into the quagmire.

So she said to Luther: Dad, I understand what you said, otherwise, I will go find her myself.

Luther sighed, "If you find yourself, it will be a psychological comfort at best. You know, finding her is like finding a needle in a haystack. We have hired so many people and so many boats, and the cost per day is tens of millions. , But still can't find any clues, what use is it if you go alone ?" Roma fell silent all at once.

Luther hesitated for a moment, and said helplessly: "If it really doesn't work, you should go to Zynn. If Ruoli was betrayed by Su family, even if he did not participate directly, he would have to bear certain responsibilities. We will not talk to them now. Right or wrong, let them put out a certain amount of funds and resources to find Ruoli.

Roma said with a complicated expression: "Dad, I don't want to meet Zynn anymore.

Luther asked in surprise: "If you leave this matter, just forget it with the Su family?!"

Roma smiled bitterly, and said:"Zynn is nothing but the puppet that the old man of the Su family, he will come and go. It can't solve any problem with him, and the old man Su's style is cold and cruel. Liona was the second lady of the Du family, and the old man did not let her go. If I go Talk to the Su family for an explanation, for fear that the whole He family will be implicated.

Luther said with helpless emotion: "The shamelessness of the Su family is indeed far beyond my cognition. Now Chengfeng's reputation has been completely ruined. I am afraid that he will be more smashed in the future, and he will have to take care of his face before. It may be completely shameless in the future.

After that, he said again: "We have broken with the Su family now and have lost the biggest source of income. We still have to find a new master as soon as possible. Although the martial arts family has a good reputation, But I don't have the ability to make money. I can only rely on a big family that is willing to spend money. What do you think about this?

Roma shook her head and said, "Dad, let me tell you, what I think of every day is If I leave, I can't concentrate any energy on other things. I'm running around these days and I don't even have the energy to think about what to eat for a meal. Every time I feel hungry and exhausted, it's directly within my sight. Find the nearest restaurant, and use the fastest time to fill up my stomach.

After speaking, she bowed apologetically and said, “Dad, I can’t help you during this time. Please forgive me.

Luther and nodded. , Comfortingly said: “You don’t have to blame yourself too much, I understand this kind of thing very well.

When it comes to this, he can’t help but sigh, and said: “It’s just that you are the only one in the family who sees the problem relatively deeply. Your brothers see the martial arts practice. With well-developed limbs and a simple mind, coupled with the fact that he hasn’t read any books, the understanding of the problem is indeed a bit superficial for him.

Roma asked, “Dad, do you have any general plans now?”

Chapter 2732

Luther said: “I probably thought about it. I still put the main family of cooperation within the scope of Eastcliff. There are many large Eastcliff families. In addition to the Su family, there are also the Wade family and the Gu family. In family cooperation. After all, the enemy’s enemy is a friend. I believe the Du family must have such a plan. Liona’s existence is unclear, no one knows whether she is alive or dead.

They cannot suffer from this dumb loss. Roma nodded, forced herself to think for a moment, and said: ‘Dad, these three families are very strong. If they can cooperate, it’s great, but I still don’t recommend cooperating with the Du family.

Luther hurriedly asked, “Why?”

Roma said: “The Du family is in a special situation, not just for the future generations. It’s not bad, and there are people in high positions, so even if they are extremely dissatisfied with the Su family, they are unlikely to cooperate with our martial arts family. If it is spread out, it will affect their reputation, and it is not easy to explain to the outside world.”

Luther suddenly realized, he blurted out: “No wonder! I always feel that the Su family is a bit unlucky now. The ocean transportation business is so large and strong, but the license is suddenly revoked. It seems that it is probably the work of the Du family.

Yes. Roma said: "The Du family will definitely choose reasonable and legal methods. Even if they use the rules of the game, they must be within the scope of reasonable and legal limits. But in their eyes, we martial arts families are walking in the marginal gray area of society. These people, will definitely draw a clear line with us.

Luther nodded and said: "I understand, it seems that I still have to find a breakthrough in Wade family and Gu family only!

After finishing speaking, he stood up and said: "Roma, in this way, I will give you another private transfer. Ten million, you go to the Jiaodong Peninsula and look for a piece of news or sign again. If you still can't find Ruoli this time, Dad suggests that you also face the reality appropriately. If she is still missing, you can't watch yourself and the whole He family languish!

Roma nodded gratefully and choked up: Dad, thank you!

Luther waved his hand and exhorted: Don't tell your brothers about this, do you understand?

"I understand Dad!

Just as Roma finished speaking, the phone rang suddenly.

A strange number with Aurous Hill extension.

She was a little surprised, but still pressed the answer button, and said, "Hello, who is it?

At the end of Issac's polite call, "Is it Ms. Roma He?

" "It's me, who are you?"

Issac hurriedly said: "Hello, Ms. He, let me introduce myself. My surname is Issac Craven. I am the person in charge of the Wade family in Aurous Hill.

"People from the Wade family?!" Roma- she was so shocked that she couldn't say anything. She was talking to her father about the Wade family, and even her father

wanted to get on the line with the Wade family. and their representative is contacting her himself!

Chapter 2733

Hearing that it was a call from the Wade family, not only Roma couldn't believe it, but Luther on the side was also shocked.

Just when Roma was surprised, Issac asked: "Ms. He, is it convenient to speak now?"

Roma recovered and hurriedly replied: "Convenient, please say.

Issac smiled and said, "That's it. On behalf of our young master, I would like to invite Ms. He to meet and have a chat. I don't know if Ms. He has time to

meet? Roma asked puzzledly: "I don't know what your young master wants to talk to me?"

Issac said, "Of course it's a chat. We have scope for cooperation. Our young master hopes to discuss with you whether the Wade family and the He family have the opportunity to develop in-depth cooperation.

Roma suddenly hesitated. She was planning to go to the coast of the Jiaodong Peninsula to find clues about her daughter. At this time, there was really no thought that she wants to talk to the young master of the Wade family about cooperation.

But when she thought of the special situation of the family, she needed to find a strong attachment, so she hurriedly said: "Mr. Issac, when and where does your young master want to meet? ?If you allow time, can I let other people from the He family come to meet him?"

Issac said: "Our young master is now in Aurous Hill. The sooner you meet, the better, but if it's someone else, let's forget. The young master called for an interview with Ms. He specifically.

When Roma heard this, her face suddenly became embarrassed.

She is going to Jiaodong Peninsula, but Aurous Hill is in another direction, so if she agrees to go to Aurous Hill, she will inevitably delay the plan and itinerary to find her daughter.

However, her father Luther hurriedly winked at her and signaled that she must agree to it.

Seeing her father's face full of nervousness and expectation, Roma struggled for a while, and had to say: "Well, then, since Master Wade thinks of me so much, then I will come to Aurous Hill to see him.

After that, she asked hurriedly: "I am in Mocheng. The nearest airport is hundreds of kilometers away from me, and there should be no direct flight to Aurous Hill from there. If the fastest is possible, I might be able to reach Aurous Hill tomorrow. May I ask Will Master Wade have time tomorrow?"

Issac said: "If Ms. He is convenient, I can arrange a private jet to pick you up.

After a pause, Issac said again: "Let's do it, Madam He, you give me your current address. I will arrange for a helicopter to take off from the nearest airport to pick you up, and then arrange a private jet to wait at the airport, and the helicopter will drop you there. After arriving at the airport, the private jet should be there. At that time, you can directly take the jet to Aurous Hill. If you hurry, you will be here tonight.

"So anxious?!" Roma suddenly wondered.

She didn't understand. She can't figure out why Young Master Wade is so anxious to see her.

Even if he really wants to reach a cooperation with her family, there is no need to rush in such a hurry.

Because according to Issac's plan, the transport alone to pick her up and drop her at Aurous Hill. The cost of millions.

First, the helicopter has to fly a total of seven or eight hundred kilometers back and forth, and then the private jet has to fly more than 5,000 kilometers back and forth. This is really a big move.

But for Roma, this time schedule couldn't be more appropriate. Because she originally planned to go to the Jiaodong Peninsula, even if she departs today, drive a few hundred kilometers to the airport at night, and the airport is not big, there are no more than ten flights at the end of the day, so she will definitely not be able to leave at night, so she can only buy it for next day. Tomorrow morning's plane will fly to Eastcliff first, and after arriving at Eastcliff at noon, then transfer to Jiaodong Peninsula.

Chapter 2734

In this case, it will be tomorrow afternoon at the earliest to reach the Jiaodong Peninsula.

However, if she can go to Aurous Hill first tonight and have a chat with Young Master Wade about cooperation, no matter what the cooperation talks are, she should be able to depart from Aurous Hill to Jiaodong Peninsula tomorrow morning.

Aurous Hill is very close to the Jiaodong Peninsula, and it takes just over an hour by high-speed rail.

Therefore, not only will this not affect her original plan, it will even be faster.

So she agreed without hesitation and politely said: "I have no problem here, but I have to trouble you to arrange the itinerary there.

Issac smiled and said: "These are all trivial matters. Ms. He will give me the detailed address. Just to mention, I arranged for the helicopter to come there first.

"Okay!

After Roma gave Issac the specific address of the He's family, the two said goodbye to each other and hung up the phone.

As soon as the phone hung up, Luther couldn't help but said excitedly: "This is really sleepy and someone will pass a pillow! Just I was looking for an opportunity to see if I could connect with the Wade family or the Gu family, but the Wade family's phone came over!

Roma nodded, but she couldn't figure it out, and said in confusion, "Dad, I don't understand. Why did the Wade family take the initiative to approach us?"

Luther blurted out: "It must be against the Su family, so they thought of coming to win us!"

Roma shook her head and said, "In my impression, the Wade family has always been to the martial arts family. There is no high requirement."

Luther waved his hand: "There was no before, it doesn't mean that they can't have it now. Maybe people just want to win over the martial arts family and improve their overall strength?"

"It's not quite right." Roma said seriously: "After the accident in the Su family, the major families have actually converged a lot. Before, they were able to pass the martial arts family and make small moves behind their backs, but now they dare not mess around, so it seems that the Wade family shouldn't be suddenly at this time want to win us over."

With that, Roma said again: "Besides, I still have something I don't understand."

Luther hurriedly asked: "What's the matter?"

Roma said, "The caller Issac asked me to go to Aurous Hill to see their young master, but shouldn't the Wade family be in Eastcliff? Even if they have power in Aurous Hill, they are not from Aurous Hill. In terms of size, this kind of second-tier city shouldn't need a Wade family master to sit, right?"

Luther frowned and asked her: "Do you think there is fraud in this?"

Roma shook her head and said: "There is a fraud or not. I can't talk about it, I just think it's weird, it doesn't seem to make sense, and even if the Wade family wants to talk to us, they shouldn't find me. Since I lost an arm, I haven't been out for publicity. Many people don't even know my identity, how did they contact me directly, and they said my name, their young master just wanted to cooperate with me?"

Luther was also a little puzzled, muttering to himself: "It sounds like it's not true. It's too reasonable. Why don't you call back and ask?"

Roma thought for a while, and said, “Forget it, I’ll go and have a look. If I think about it, it can’t be a trap. I really can’t think of anyone. Deal with me deliberately.”

After speaking, she said again: “When I arrive at night, I will talk to their young masters first, and then try to get a result, so that I will take the first high-speed train to Jiaodong tomorrow morning. It’s faster to set off to Jiaodong.”

Yeah!” Luther nodded and said: “If you have any circumstances then, please contact me in time!”

Chapter 2735

When Issac mobilized resources to pick up Roma from Northeast Desert City to Aurous Hill, Zynn was escorted on a plane by Issac’s men and flew to Syria.

At the same time, Hamid, who was far away in Syria, also began to mobilize his own soldiers, preparing to follow Wade’s points to strictly implement the nine-character policy of digging deep holes, accumulating grain, and slowly becoming king.

His friend in the construction industry in Iraq heard Hamid say that he could give a 50% project premium, and he was willing to pay five million dollars in advance. He did not hesitate to stop his late payment in Iraq. The project, with a bunch of construction workers who want to make money, hurried to Syria.

Chengfeng didn’t know that his son had already started a journey westward.

He knew that Zynn was looking for a chance to meet Ito Yuihiko today, so he waited for good news in the villa.

And Pollard, who is teaching at Aurous Hill University of Finance and Economics, has been suffering from extreme anxiety all morning.

He has been following reports on the eight hostages in Syria, but what makes him feel very nervous is that there is no latest development of any public reports on this matter.

It's not that the local media didn't report it, but the opposition, who had taken the hostages, didn't even speak up.

According to the previous public statements of the opposition, if the US embassy does not pay 80 million US dollars, now they will kill the prisoners one by one at a certain time interval.

It stands to reason that once the opposition and the U.S. embassy talk to no avail, they must kill the hostages to put pressure on the U.S. embassy, but they went silent and did not release any more information. This is really counterintuitive.

Pollard was also worried about Charlie's safety and whether he could bring his daughter back.

After all, there was a raging war there, and if it went to Charlie alone, it would be difficult for him to easily rescue his daughter.

But he didn't know that Charlie had already brought his daughter back to Aurous Hill as early as dawn.

At this moment, his daughter Melba is in a dream.

Life in Syria during this period was very difficult, and after being captured, there was a lot of fear, psychological and mental pressure.

Now she finally returned to the peaceful and calm Huaxia, lying on the soft and comfortable big bed of the five-star hotel, which made her completely relax physically and mentally, so she slept very firmly.

Charlie told Issac to contact Roma, and he strolled to the commercial area of the Shangri-La Hotel.

This kind of top-star hotel has very complete commercial facilities.

Many top luxury brands prefer to cooperate with five-star hotels.

Because in their opinion, consumers who live in five-star hotels generally have relatively strong spending power, which completely overlaps with their customer groups of luxury goods.

Therefore, many Chanel, Hermes, and Dior stores are opened in five-star hotels.

Charlie came here alone, not just rushing to go shopping freely, but planning to buy new clothes for Melba.

When he saw Melba in a cellar in Syria yesterday, the clothes she wore were so dirty that the original color was not visible.

After all, they were arrested as prisoners of war, so in this case, it is difficult to guarantee a decent dress.

However, at noon, he planned to take Melba directly to Aurous Hill College of Finance and Economics and give her father a surprise.

Since it is to give a surprise, his daughter must be delivered to him intact and clean.

If Melba wears something like a beggar and goes there, let alone how Pollard feels after seeing her, the key is that the security guards of Aurous Hill University of Finance and Economics may not let her in.

Charlie came to the commercial area and bought Melba a high-end customized garment in the Chanel store.

The style of a high-end fashion brand like Chanel is slightly luxurious, and the style of clothes is more glamorous and sexy. Charlie chose an off-white dress casually.
