

# The Best Son in Law Chapter 26 – 30

## Chapter 26

Haoden Ye smiled bitterly in his heart, understanding that Zyden was trying to find a way to get himself and Maya Shen back together.

“Thank you, Holander!” Haoden Ye was touched.

“We’re friends now, don’t bite one Simen, just call me Zyden, and if it doesn’t work for you, you can also call me by my nickname, Xiao Ming!” Zyden smiled mischievously.

Perhaps only in front of Haoden Ye, Zyden was so unassuming.

He was still very dignified just now in front of Chang Wei and Manager Li.

Haoden Ye was moved: “That’s good, I’ll call you Little Ming!”

Calling it that way was the same as Haoden Ye recognizing this friend, Zyden laughed and said, “I’m so happy today, getting rid of a cancer in the company, and recognizing you as a friend!”

The two people talked very happily, and Haoden Ye drank some wine.

It wasn’t until the evening that Haoden Ye called a taxi to go back.

When they arrived at the Shen family, the Shen family had already rested, and Haoden Ye went straight to his room.

In the room, Maya Shen, however, hadn’t rested and was writing a proposal to the Holander Clan.

“You’re back!” Maya Shen was very nice to Haoden Ye today, making it a little impossible for Haoden Ye to adapt.

“Mm! Why aren’t you resting yet?” Haoden Ye saw that Maya Shen looked tired and was concerned.

“I’ll finish writing the proposal and go to sleep, you can rest first.” Maya Shen smiled sweetly.

It seemed that she was very happy today, Haoden Ye couldn’t help but reveal an infatuated look, Maya Shen noticed his eyes, a blush surfaced on her pretty face, and couldn’t help but say coquettishly, “What are you looking at me like that for!”

Haoden Ye thought she was angry and quickly looked away, apologizing with a face full of apologies, “Sorry!”

Maya Shen’s face showed a touch of disappointment and cast an encouraging look at Haoden Ye.

It was a pity that Haoden Ye was worried about her getting angry and didn’t dare to look.

“You should rest quickly, I can talk to Simen about the work!” Haoden Ye thought that Maya Shen’s company would soon be his own, and was afraid that Maya Shen would be tired.

“No need!” Seeing that Haoden Ye didn’t react at all to the implication of his eyes, Maya Shen’s pretty face also went cold and spoke in a cold tone, “Your relationship with Simen can facilitate the cooperation between our company and Holander’s Group, but we still have to rely on ourselves if we want Holander’s Group to trust our abilities!”

Haoden Ye smiled bitterly, Maya Shen had a very strong personality, and it seemed useless to persuade himself.

He had no choice but to take a shower on his own, and then head to his bunk.

“Tonight... rest in bed!” Haoden Ye was about to sleep when Maya Shen suddenly said, her cheeks were hot and her long hair covered half of her face, so that Haoden Ye couldn’t see the look on his face at all.

“Mu Ya!” Haoden Ye revealed a touched look, was Maya Shen willing to accept herself?

“But only for tonight!” Maya Shen suddenly, and her tone was still cold: “Don’t think that just because you’re related to Simen, I approve of you! That’s because Holander looks up to you, not because of your own skills!”

Haoden Ye’s heart cooled down when he heard it, according to Maya Shen’s meaning, would she still divorce herself?

This thought kept Haoden Ye awake until late at night, and Maya Shen never went to bed.

The next morning, when Haoden Ye woke up, Maya Shen had already left.

After Haoden Ye washed his face and went downstairs, he saw his mother-in-law and father-in-law eating downstairs.

His mother-in-law still didn’t look good, but his father-in-law was much more polite.

“Little Ye, eat breakfast with us this morning!” Robert Shen smiled benevolently at Haoden Ye.

Haoden Ye listened with joy, but when he saw his mother-in-law cast an icy gaze, he had to retreat, “Thank you uncle, I still have things to do in my shop, I need to leave first!”

Robert Shen heard him say that and no longer insisted.

Haoden Ye left Shen’s house and bought a pancake and fruit at a roadside stall, eating while waiting for the bus.

At this time, the phone rang.

“Hey! Little Ye Zi, you should go to Sheng Wen International this morning!” The call was from Zyden.

Sheng Wen International, the company where Maya Shen worked, a medium-sized advertising company.

“What are you doing there, do you want to talk business?” Haoden Ye got nervous when he heard that he let himself go to Maya Shen’s company.

“What do you mean I want to talk business, have you forgotten that company is now yours?” Zyden didn’t have a good time, “I had the formalities done last night and invested a billion dollars in their company using your name, and now you own 85% of their shares!”

“Ah!” Haoden Ye couldn’t help but make a surprised sound when he heard it.

“You ah what ah, now this company is equal to yours, aren’t you the CEO not going to sign the share transfer contract, not going to meet your employees? What a worry!” Zyden didn’t have a good mood, “Sister-in-law is an employee of that company, right? It just so happens that you have a chance to reconcile with her, right? I’m telling you, I’ve brought the palanquin over for you, whether you can enter the bridal chamber or not is up to you!”

After Zyden said that, he piped straight to the phone!

“Shengwen International is mine now?” Haoden Ye didn’t react to this news for a long time.

“It’s better to check it out first!” Haoden Ye stood dumb for half a day and finally made a decision.

Boarding the bus of Shengwen International, Haoden Ye’s mind floated the scene where he would see Maya Shen later.

The bus had just gone through two stops, and Haoden Ye’s nostrils burrowed into an aroma, and when he subconsciously turned his head to look, Haoden Ye’s eyes lit up.

Behind him stood a very beautiful woman, in her early twenties, with a voluptuous and enchanting figure, and an even more heartwarming look.

Long eyelashes, a pair of charming peach blossom eyes and sexy red lips below.

The most important thing is to make sure that you have a good understanding of the situation, and that you have a good understanding of the situation.

Temperamentally this girl was also a flirtatious type, very touching.

Sensing Haoden Ye's gaze, the girl revealed a look of dislike, as if saying again, "Stinky man, what are you looking at!"

Haoden Ye quickly averted his gaze, not daring to look at the girl.

However, at this time, he suddenly felt that the girl seemed to be consciously moving closer to him, and the fragrantly soft and delicate body had already touched his own body.

Haoden Ye's heart couldn't help but ripple, turning his head to see if the girl was interested in him.

A look, he was disappointed, it turned out there was a dirty middle-aged man standing behind the girl, one hand in his pocket, is intentionally or unintentionally touching the girl's buttocks.

The girl's charming appearance and temperament attracted many men, the car, both young and old, almost all the male eyes focused on her, but the only man who dared to openly indecent girl.

## **Chapter 27**

Haoden Ye's character was weak, so naturally he didn't want to meddle.

Because the girl was bullied by the pervert, her pretty face showed an aggrieved look, trying to avoid the pervert, but as a result, she leaned closer and closer to Haoden Ye.

All of them were physical contact, and at this time Haoden Ye took advantage of nothing less than the lecherous wolf.

"Hubby, you're a man who keeps touching me!" Suddenly, the girl hugged Haoden Ye's arm and pointed at the man behind her.

For a moment, the eyes of all the men in the car focused on Haoden Ye.

When the man who was a dirty girl heard this, his face changed, pretending to reveal a look of shame and anger, and looked at Haoden Ye furiously.

Haoden Ye was staring at his fierce gaze, his heart used to reveal a fearful look, and the man saw it and looked even more arrogant.

“Bullshit! Who touched you, don’t you dare accuse anyone wrongly!” The man immediately glared fiercely at the sexy girl.

“If you hadn’t touched it, would I have wronged you for no reason?” The girl had an aggrieved look on her face and tugged at Haoden Ye’s clothes, “Are you just going to watch me get bullied?”

When the man on the bus saw her aggrieved look, he immediately showed an angry look at Haoden Ye.

“Is he still a man, his girlfriend is being bullied, and he’s still not stepping up?”

“All these cowardly men have girlfriends like this and I’m still single!”

“If she were my girlfriend, I’d even fight for my life if someone dared to bully her!”

For a time, countless despicable gazes were cast over.

Haoden Ye laughed bitterly in his heart, how did he let himself get into this matter?

I’m afraid that explaining at this point would make others think he was weak, so I had to try to make an angry face at the man, “You just touched her here, I saw it clearly!”

“Stinker, picking a fight is not!” The man’s face became even more vicious, slowly approaching Haoden Ye.

The contrast in stature between the two people was very obvious, the middle-aged man was a bit older, but he must have exercised a lot on a regular basis, and was very intimidating when he was vicious.

“You’re taking advantage of someone, you still have a reason, I don’t believe you dare to do it!” The girl saw that the man was going to make a move on Haoden Ye and immediately made an angry look.

“Bitch, what’s wrong with touching you, you’re dressed like a chicken, and you’re blaming others!” The man showed a nasty smile and looked at the girl with impunity.

And at this time, Haoden Ye didn’t know how to respond, if it was Maya Shen who was being bullied, he might have made a move, but he didn’t know this girl either.

Moreover, in all fairness, this girl was wearing but too sexy, if he was brave enough, he would probably quietly take advantage of it.

“TMD, there’s still a reason to take advantage of someone, are you still a man, and you’re just looking at someone else scolding your girlfriend?”

“Do it and he’ll dare to kill you? Beauty, what are you doing following a man like him!”

Haoden Ye didn’t say anything, the other men on the bus couldn’t see it.

The man saw the crowd agitated, but also a little afraid, the spear aimed at Haoden Ye: “brat, you say again, whether I touched this woman or not! I’m telling you, I’m hanging out with Sixth Brother, and if you wrong me, I’ll make you look good!”

Upon hearing that he had a mob background, many of the men in the car wimped out.

“I...I just saw you touch her!” Haoden Ye heard that he was connected to the mob and panicked a bit.

“Everything has to be about evidence, right? without evidence, why do you accuse me wrongly?” The man sneered, revealing a threatening look.

For a time many men in the car looked at Haoden Ye’s eyes with some pity, no money and no power had such a beautiful girlfriend, deserved to be bullied.

“You... you just touched it!” Haoden Ye saw the man’s words of conviction and panicked a bit.

“Yes! How did I touch it, you tell me!” The man saw that Haoden Ye was scared and had a smug look on his face.

“That’s how you touched it!” Haoden Ye’s brain snapped and stretched out his hand to press on the girl’s upturned buttocks, “That’s where you put your hand just now!”

Ho! The eyes of the man in the car immediately became envious, the girl’s pair of buttocks.....sexy indescribable.

And at this time, the girl’s cheeks also reddened.

Of course she wouldn’t think that Haoden Ye was just eager to explain, that Haoden Ye was taking advantage.

Slap! The girl slapped Haoden Ye’s cheek.

Haoden Ye came back to his senses, knowing that he seemed to have angered the girl.

“Hey! A man is just no good if he’s incapable, he won’t even let his girlfriend touch him!” The eyes of the man in the car became compassionate again.

“Then go to the police department and reason!” Haoden Ye received a slap and came to his senses, knowing that he couldn’t say anything about this matter.

The man sneered and took out his phone to make a call, Haoden Ye was also very worried and also took out his phone to send a message to Zyden, telling the general situation.

Soon, the bus stopped at the station, and a large group of vicious-looking people were gathered at the station.

The first one was a tall, dark-skinned man with an honest peasant face and a pair of triangular eyes that were very poisonous.

When the man saw these people, he immediately grabbed Haoden Ye’s collar and said, “Kid, get off with me!”

Everyone in the car looked fearfully at those on the platform, no one dared to stop them, and the girl also showed fear.

“How dare you bully my husband, I want to call the police!” But the girl didn’t even flinch in fear, instead she was brave enough to address the man.

“Bitch, you get off with me too, and I’ll show you later what it’s like to really take advantage!” The man grunted and grabbed the woman’s arm as well.

The two people were dragged off the car by him brutally and were immediately surrounded by a large group of punks.

“Sixth Brother, this kid is looking for a fight!” The man let go of Haoden Ye and the others and walked up to the swarthy man with an arrogant face.

“It’s over, it’s over, this kid is dead today!” The people in the car looked at Haoden Ye with pity.

No one dared to say a fair word, after all, they were just ordinary people.

Snap! The man just finished his sentence, Sixth Brother suddenly raised his hand is one by one slap, hitting the man’s face, blinding the man.

The bus also all look dumb, this Sixth son brain problem? Why didn’t you hit Haoden Ye instead of that man?

However, what happened next made them even more surprised, but they saw Sixth Brother finished beating the man, and the fierce look on his face was withdrawn and turned into a pleasing smile.

He walked up to Haoden Ye and said with a compensatory smile on his face, “You must be Mr. Ye, Wu Bei has already told me that I didn’t discipline my men properly, don’t mind!”

After saying that, he grabbed the man’s collar and carried it to Haoden Ye and said, “If you don’t feel relieved, feel free to beat him, this kid is very skinny!”

Hearing his words, the crowd suddenly realized that Haoden Ye also had a background, and his background was in the police station!

“Yeh?” The girl’s eyes flashed when she heard Sixth Brother’s name.

## Chapter 28

The reason she just said that was because she wanted Haoden Ye to help get rid of the pervert’s harassment.

The reason for choosing Haoden Ye was because she accidentally noticed that Haoden Ye’s body was very muscular.

She came from a rural background, and knew that the city’s muscular men only looked impressive on the surface, and that the real comparison of strength wasn’t as good as the sturdy body of a countryside man.

Take her cousin for example, he was less than 1.6 meters tall and looked skinny, but the last time she was bullied by a director, her cousin easily took care of a few muscular actors called by that director.

And she also noticed, Haoden Ye this person looks silly, giving people a kind of “honest” feeling.

Haoden Ye saw that Brother Six respected him so much, of course he knew that Zyden helped him, he wasn’t unforgiving, he said to Brother Six: “I don’t want to hit anyone, just tell him to apologize to this lady and promise not to bully women in the future.”

Sixth Brother didn’t expect Haoden Ye to be so easy to talk to, he thought that someone who could even hire Bureau Wu would definitely pick his three layers of skin.

Hearing Haoden Ye’s words, Sixth Brother raised his hand and slapped the dirty man, saying angrily, “Didn’t you hear what Mr. Ye said?”

The man’s face was blue from the beating, and hurried forward to say sorry to the girl, and vowed to promise not to bully the woman anymore, before Haoden Ye showed a satisfied look and let Sixth Brother leave with the man.

When Sixth Brother left, he insisted on leaving Haoden Ye's cell phone number, saying that he would invite Haoden Ye to dinner later, and Haoden Ye had no choice but to give him his cell phone number.

Brother Six Zi took people away, and the girl's fragrant, soft, delicate body suddenly posted over.

"I'm really sorry, I'm a girl being bullied, there's really no other way!" The girl showed an aggrieved look, a look of pity.

But Haoden Ye was mentioning caution in his heart, with this one, he wouldn't trust women easily.

"It's nothing, just be careful in the future, I have something else to do so I won't waste your time!" After saying that, he turned around and walked away.

Just after taking two steps, his arm was suddenly held by the girl.

"What's the hurry, Ye!" An aroma hit the nose, making Haoden Ye immediately feel a little drunk: "No fight, let's make friends, I'm Sun Qian, how about you?"

Haoden Ye's subconscious told him that he should ditch this girl, but being held by this sexy girl's arms and enduring the envious gazes of the men around him made him a little floaty as well.

"I...I'm Haoden Ye!" Haoden Ye's face actually blushed a bit.

Sun Qian saw that he was even shy, and a funny look flashed in her eyes.

Sun Qian has been an actress for a long time, and considers herself very experienced in this area.

Such a silly rich second generation, if she doesn't make the first move, should she wait for another woman to take the lead?

Of course, Sun Qian also had a principle, too intimate behavior could not be accepted, otherwise she would have been in big money by now.

“Haoden Ye, a nice name, very domineering!” Sun Qian’s voice was whiny, “That guy called you Mr. Ye, you must have your own company, can people go take a look?”

“No...no!” Haoden Ye quickly waved his hand, if Maya Shen saw Sun Qian, wouldn’t he misunderstand?

However, fearing what was to come, Haoden Ye just had this level of concern when he heard an angry voice behind him.

“Haoden Ye!” It was Maya Shen’s voice.

The station they stopped at was two stops away from Shengwen International, but Maya Shen wasn’t in the company, but drove out to do something, and ran into Haoden Ye and Sun Qian halfway.

When Haoden Ye turned around, he saw Maya Shen standing in front of the car, her eyes filled with tears and her pretty face filled with anger.

“Mu Ya! Let me explain!” Haoden Ye smiled bitterly and quickly shook off Sun Qian.

“Haoden Ye! You weren’t capable before, but at least you were an honest and trustworthy man! I never thought you’d become like this after falling in love with Holander!” The desperate look on Maya’s pretty face made Haoden Ye’s heart break, “I’ve already forgiven you for that last time with that Liu Fei Leng, but you’re even with another woman... Is our marriage worthless in your eyes?”

“Muah! I have nothing to do with her, let me explain!” Haoden Ye hurried to Maya Shen’s side and tried to hold her hand, but she stared at him fiercely.

“I never want to see you again in the future, you don’t have to go to the Shen family, let’s divorce as soon as possible!” Maya Shen said sadly and turned around to get into her car.

Haoden Ye was dumbfounded as he watched the car disappear into the dust, not knowing what to do for a while.

Sun Qian panicked as she saw that she had made a big mistake.

“Hmph! This woman is really too much. What’s wrong with a man being rich and fancy? Wasn’t he nice to you?”

As a girl from the countryside, Sun Qian’s sense of survival is far greater than her dignity.

In addition to her final principles that couldn’t be broken, she was still very tolerant of men.

“Mr. Ye, I’m so sorry!” Sun Qian walked behind Haoden Ye and took out her showstopper, with an apologetic look on her face that made it impossible to blame her.

Although Haoden Ye also had man flux, he wasn’t stupid, so of course he could see through her mind, but he had a good temper and didn’t blame Sun Qian.

“Don’t blame yourself, this matter is not your fault either!” Sighing sadly, Haoden Ye shook his head and said, “Don’t follow me, save anyone else from seeing the misunderstanding!” After saying that, he stepped towards Shengwen International.

“Stinky man, it’s just a woman, so much for that!” Sun Qian saw that her invincible beauty didn’t even seduce Haoden Ye’s heart, her heart couldn’t help but feel aggrieved, but soon the corner of her mouth hooked up a smile, “Humph! With my beauty and scheming, I don’t believe I can’t seduce the soul of a stinking man like you.”

These days, there are fewer and fewer men who won’t be scheming against her, grabbing one is one ah!

Haoden Ye arrived at Shengwen International, where the original Shengwei International president, Li Mingsheng, met him in his office.

Li Mingsheng was in his early forties, with a balding top, he looked like a down-to-earth type of man.

“Mr. Ye, this company will be yours from now on, I hope you can treat my company and my employees well!” Li Mingsheng’s tone was very lonely.

The Holander’s Group’s billion dollar investment had made the other shareholders of Shengwen International give up their shares without hesitation, pushing the young man

in front of him to the first chair of the board of directors, and he, the chairman, had no choice.

Although the company had been built up by his own hard work, he also had to consider the opinions of the other directors.

“Mr. Li, I actually don’t know how to manage the company, so I’ll leave the company to you to manage from now on.” Haoden Ye saw his lonely look and got a little embarrassed.

He had heard Maya Shen talk about Li Mingsheng before, and knew that he was a career man and honest.

“Hmm... Huh?” Li Mingsheng had thought that the first thing Haoden Ye would do when he took control of the company would be to kick out the person who had the deepest influence on the company, but he never expected Haoden Ye to say such words.

## **Chapter 29**

“Wha... what! You’re going to leave me in charge of the company?” Li Mingsheng could hardly believe his ears.

He had already made plans to roll up and leave, but Haoden Ye was leaving him behind and continuing to let him manage the company.

“Yes!” Haoden Ye nodded his head in a row.

Haoden Ye also had his own considerations, first of all, he was here to acquire Shengwen International on behalf of the Holander Clan, and with the power of the Holander Clan, Li Mingsheng didn’t dare to mess up.

Secondly, he also didn’t know how to manage the company, instead of letting Li Mingsheng go and finding someone else to manage the company himself, it was better to let Li Mingsheng manage it directly.

Of course the most crucial thing was that when Haoden Ye listened to Maya Shen mention this Li Mingsheng, he kept saying that he was loyal and honest.

Li Mingsheng revealed a touched look, his eyes were red.

The company was built by him, like his child, suddenly resold to someone else, of course he was heartbroken, now the person who bought it said the child was still his, he was naturally in a very happy mood.

“Mr. Ye, don’t worry, I will definitely manage the company well!” Li Mingsheng stood up with red eyes, sincerely speaking to Haoden Ye.

Haoden Ye smiled and nodded, suddenly thinking of Maya Shen.

If we told Maya Shen that the company was her own, would she still work in the company?

Thinking of this, he decided it was better not to tell anyone about this and said to Li Mingsheng, “Mr. Li, there’s no need to let anyone else know about the changes in the company, and I don’t want to make it too public!”

Naturally, Li Mingsheng had no mouth to agree, nodding his head with pleasure.

“By the way, your company’s employee Maya Shen, she is my wife, I hope you can take care of her on a regular basis!” Haoden Ye then uttered the second request.

“Maya Shen?” Li Mingsheng was shocked to hear this and nodded quickly, his heart had already decided that as soon as Haoden Ye left, he would immediately promote Maya Shen to Director of the Business Department.

After completing the handover formalities, Haoden Ye planned to leave Shengwen International Company.

He didn’t let Li Mingsheng accompany him, but left alone, and just arrived at the entrance of the company, he heard a noisy voice.

“Maya, don’t you think that this Holander Group investment is the work of you alone, if not for the company’s sufficient strength, would the Holander Group cooperate with us?” The one who spoke was a harsh woman’s voice.

“Mr. Li, don’t misunderstand, I just think it would be beneficial for me to personally approach the Hongs instead!” Maya Shen’s tone carried a prayer.

When Haoden Ye heard the voice, he was busy walking over, but he saw many people from Shengwen International forming a circle, and when he squeezed into the crowd, he saw two women standing in the middle of the crowd.

One of them was naturally Maya Shen, her eyes were still red, obviously she had just cried for a long time.

The other girl was twenty-five or twenty-six years old, tall and slender, with a beautiful and touching face, especially a pair of phoenix eyes showing her strong and domineering personality.

This beauty’s skin was very white and crystal clear, like egg white.

“Speak nicely, I think you’re trying to take credit for the business department!” Mr. Li sneered with a sharp smile on his face, “Holander’s Group is such a big company, you definitely need someone with enough experience and qualifications to approach them, your experience is too shallow and your business level is insufficient!”

Maya Shen’s pretty face flashed with anger and tightly bit her red lips.

“Hey! Li has come back to take credit for the newcomer!” At this time, someone beside Haoden Ye whispered.

“Li Meiyuan is President Li’s sister-in-law, but Holander’s Group is such a big investment, can she not take the credit for it?” Another person.

When Haoden Ye heard this, his eyebrows furrowed.

At this time, Li Meiyuan’s pair of phoenix eyes had fallen disdainfully on Maya Shen and sneered, “What’s wrong? Did I get to the heart of the matter? You’ve only been with the company for a few days and you’re thinking of taking credit every day, we can’t tolerate this kind of thing in the business department, if you feel aggrieved, you can get out before it’s too late!”

Maya Shen's body shook, her eyes reddened once again, and glittering tears hung on her face.

"This is too much!" Haoden Ye finally couldn't hold back and came out from the crowd with an angry voice, "The business of Holander's Group was obviously negotiated by Mu Ya alone, why do you have the right to take over someone's credit!"

Everyone was stunned when they saw a young man in ordinary clothes come out of the team.

When Li Mei Yan heard Haoden Ye's words, her face became ugly, "Who are you, which department are you from?"

Haoden Ye said evenly, "I'm not from your company, but Mu Ya is my wife, I can't watch you bully her like that!"

Hearing his words, everyone revealed a dazed look.

Everyone in the company had also heard that Maya Shen had a trash husband, and for a time many people revealed a look of contempt.

"Really brainless, if you have some ability to stand up for your own wife, you're a trash, and you still dare to scream at CEO Li!"

"Hey, Maya Shen is such a beautiful and capable girl, why did she marry such a loser!"

Whispering voices rang out, and at this time, Maya Shen's face was also very ugly.

Although Haoden Ye's actions were defending her, it gave Li Meiyang a reason to find herself in trouble.

"Haoden Ye, I've already said that I don't have anything to do with you anymore!" Maya Shen looked at Haoden Ye furiously.

Hearing her words, many people couldn't help but make sneering sounds.

"So his wife doesn't want him either, haha, trash is trash!"

Li Mei Yan also followed with a sneer and turned her head to Maya Shen and said angrily, "Maya Shen, the company rules do not allow personal feelings to be brought into the company, this person says he is your husband, and now he is interfering with the normal work of the company, are you also responsible!"

When Maya Shen heard this, a touch of despair flashed across her pretty face and she lowered her head, "Yes, I'm willing to take responsibility!"

"Huh? It's good that you know, you don't have to worry about the Hong's, I'll leave it to someone else!" Li Meiyan smiled proudly.

Maya Shen's face was slightly white and her fists clenched.

The people around her showed pity for her, it was so easy to get such a large investment from the Holander Group, but there was no credit at all.

"What's going on!" At this time, a dignified voice sounded, and it was Li Mingsheng's voice.

Although Li Mingsheng had an honest personality, he was still very dignified in the company.

The crowd immediately got out of the way and Li Mingsheng walked into the crowd.

"Brother-in-law! What are you doing here!" Li Mei Yan saw her brother-in-law come, the pair of phoenix eyes inside flashed a wisp of charm, whining: "I am teaching my staff a lesson, this Maya also insolent, even let her own husband come to the company to interfere with the company's work."

Li Mingsheng had already seen Haoden Ye in the crowd, and then seeing Maya Shen, he couldn't help but change his complexion.

He was still able to be the president, it was completely just a word from someone Haoden Ye, if Haoden Ye was unhappy, he would immediately have to get out.

He just promised people to take care of Maya Shen, and his own sister-in-law is bullying them, isn't this making his face ugly?

## Chapter 30

Li Mingsheng's face immediately sank, very ugly.

When the employees in the company saw Li Mingsheng's gloomy face, they couldn't help but show their awe, muttering in their hearts that Maya Shen would definitely be demoted this time.

"Brother-in-law, don't be angry, I must have decided to demote her!" Li Mei Yan quickly persuaded Li Mingsheng.

Li Mingsheng nodded and hummed, "Well, it's time to demote and remove all duties, so be an ordinary employee, okay?"

When Maya Shen heard his words, her face paled.

After working so hard for so long in the company, Li Mingsheng's words, all his efforts would be in vain.

"Well, of course it's fine!" Li Meiyang smiled proudly and glanced at Maya Shen.

"Well then, you should clean up today and let the office out!" Li Mingsheng looked grim and looked at Li Meiyang.

Eh? Everyone was dumbfounded when they heard his words.

Did Li Mingsheng say this to Li Meiyang?

"Brother-in-law...you're talking to me!" Li Mei Yan was also dumbfounded, staring at Li Mingsheng, a bit unable to believe her ears.

"Who else if not you! You're the business director of the company, but you're stealing credit from your employees, so who will be willing to work for the company in the future?" Li Mingsheng blackened his face and said angrily, "You'll move out today!"

Li Mei Yan's pretty face was red and white for a while, and suddenly her eyes were red and the inside of her eyes were shining with tears as she looked at Li Mingsheng: "Brother-in-law! How could you do this to me, we're family!"

"This is a company, not your own home!" Li Mingsheng grunted, "I made you the business director because I was impressed by your business ability, but you've let me down too much now!"

Li Mei Yan's face turned ugly, her pretty face plastered again, "You... you dare to do that to me, I'll go back and talk to my sister! Let my sister divorce you!"

"Divorce?" Li Mingsheng's face reddened with anger, "Yes! Just go tell your sister, and if she defends you too, we'll get a divorce!"

In Li Mingsheng's heart, the status of the company was far more important than his wife, and besides, if his wife was so unreasonable, it would be very harmful to the company.

"You!" Li Mei Yan was furious and her petite body had begun to tremble.

She was tall, and with a big body movement, those protruding places jumped up.

Everyone looked at Li Meiyan with astonishment in their eyes, somewhat unable to believe what was happening in front of them.

"I can't believe that usually Li is like a sullen gourd, never playing the emotion card to his employees, but he's so fair when it's crucial!"

"That's the kind of boss worth following!"

The employees reacted very well to Li Mingsheng, but few knew that the biggest reason for Li Mingsheng's righteousness was still that Li Meiyan had embarrassed him in front of Haoden Ye.

Maya Shen also had a touched look on her face, and said to Li Mingsheng: "President, Li is just uncomfortable with my behavior, he didn't mean to embarrass me!"

"Haha!" The look on Li Mingsheng's face turned suddenly, and he looked at Maya Shen with a smile on his face: "Don't plead for her, you are a great contributor to our

company, and your husband is also a profoundly righteous person, I appreciate an employee like you, starting tomorrow, you will be the business director!”

What! All the employees stared once again, not to mention offending their own sister-in-law, Li Mingsheng even let Maya Shen be the business director.

You know, Maya Shen is just a project manager in the business department now, a direct promotion to director is equivalent to a three level promotion!

“Brother-in-law! How could you do this to me!” Li Meiyan cried out in frustration.

“Hmph, let’s talk about what’s going on at home!” Li Mingsheng muffled a snort, then said to everyone, “As you can see, I will definitely promote those who have merit to the company in the future, and those who don’t have merit, I won’t let your corpse go to work!”

The crowd quickly dispersed, and Li Mingsheng got into the car with Li Meiyan as well, giving Haoden Ye a reassuring look as he left.

In front of the company, only Haoden Ye and Maya Shen were left.

“Mu Ya!” Haoden Ye walked up to Maya Shen and said softly, “You really misunderstood me today!”

“Huh? A misunderstanding? Why do misunderstandings like this keep happening when flies don’t bite the eggs without a seam?” Maya Shen came back from the surprise total, her pretty face was raw and cold as she looked at Haoden Ye: “We’ve decided to divorce anyway, so don’t explain anymore!”

Maya Shen had a pretty face, looking like she didn’t bother to listen to Haoden Ye’s explanation, but she didn’t immediately walk away, and the rest of her eyes were also surreptitiously glancing at Haoden Ye.

“Mu Ya! If you want to separate from me, I won’t stop you, but I just don’t want to see you sad, and that makes me feel bad too!” Haoden Ye revealed a look of loss.

Maya Shen's eyes revealed a touch of disappointment, she would rather Haoden Ye be a little more hypocritical and tough at this time and directly tell himself that divorce was impossible.

"Since you don't want to salvage it, what's the use of talking about it!" Maya Shen snorted coldly and stepped towards the company.

Haoden Ye looked at her back and shook his head with a lonely face.

Suddenly he seemed to think of something, and his eyes lit up again.

Maya Shen said that she wasn't thinking of salvaging, instead of other desperate words, was this a secret reminder to herself?

"Moya? Is it still possible for us?" Haoden Ye took a deep breath and muttered to himself.

At the same time, Li Mingsheng's luxurious called car, Li Mingsheng's face was ice-cold as he looked at the weeping Li Meiyun.

"Brother-in-law, even if you think I'm not qualified, you don't have to say it in front of so many people, how do you want me to stay in the company in the future?" Don't look at Li Meiyun just now being bossy, but when Li Ming Sheng got tough, she also knew to be afraid.

"Hmph! If I hadn't fired you just now, not to mention you, I wouldn't be able to work in the company!" Li Mingsheng snorted, "Do you know why Holander's Group is investing 400 million in us?"

As soon as Li Meiyun heard this, she stopped crying.

"Hey! Although Holander's Group invested in the name of the company, the investment contract is not Holander's Group, but that young man called Haoden Ye, this matter Holander's Group asked for secrecy, and I didn't tell you before!" Li Mingsheng sighed and explained.

"Haoden Ye?" Li Mei Yan was stunned, and then her face changed, "Haoden Ye, isn't that Maya's husband?"

Now, she finally realized that if all one billion was Haoden Ye's investment, it was equivalent to Haoden Ye taking the most shares of the company, and he had the power of life and death over the people in the company.

How could Haoden Ye not be angry after what he just did to Maya Shen?

But soon her eyes just lit up and she said to herself, "It looks like Maya Shen and his husband don't have a good relationship either, so if I take advantage of the weakness at this time..."

Li Meiyuan is pretty and still has a graduate degree, when there were many high-end companies that wanted to recruit her, Li Meiyuan refused to go to her brother-in-law's small company.

The reason for this is that she wants to dig her sister's corner and coax her brother-in-law to get his hands on her, and then the company will still be her own?
