

## Chapter 2537

'What should I do?'

Ring, ring, ring...

At that moment, he could hear vibrations coming from the solid ground beneath his feet. The tremor was not particularly loud, but Darryl could hear it.

'Sh\*t, what's going on?'

Darryl was perplexed. He quickly looked down. His gaze shifted to the ground, where he noticed a hole roughly half a meter in diameter bored into the stone ground beneath his feet. A short and tiny figure crawled out of it next.

The man was in his forties, dressed in body-hugging leather, with a rat's face, a pointed mouth, and broad cheeks.

He was Tu Xingsun. They had met a few times on the North Moana Continent.

'Sh\*t, it's him?'

Darryl was stunned when he saw Tu Xingsun.

"Tsk, tsk, tsk..." Tu Xingsun tapped away the soil on his body and spat the dirt out of his lips as he mumbled to himself, "Such a lousy place, needs so much energy just to dig a hole..."

He saw Darryl as he spoke. Tu Xingsun had a shock and almost jumped from the ground.

"Why is it you?" Tu Xingsun kept a close eye on Darryl. He was taken aback.

When Darryl and Chang Er were apprehended, and Yang Jian imprisoned them in the North Moana Continent's palace

jail, Tu Xingsun had dug a hole and rescued them.

Tu Xingsun remembered the situation vividly. Darryl was, of course, no stranger to him.

"Senior Tu Xingsun, how are you?" Darryl smiled and greeted him.

When he said that, Darryl felt relief beyond description. 'Sh\*t, I thought I would not be able to escape from this tragedy. Who would have guessed that I'd bump into Tu Xingsun.'

Tu Xingsun was about to reply when he noticed the walls. "Sh\*t, this is a route to death. Come with me right away." He rotated his body and crawled down the hole in the ground as he spoke.

Darryl did not think twice; he followed

behind him immediately.

"Senior Tu Xingsun."

After they went into the hole in the ground, Darryl asked, "Senior, why are you here?" Darryl recalled Tu Xingsun as Chang Er's disciple. He was devoted to her. Instead, he should be on the North Moana Continent. Why would he show up in Saint Fire Palace?

Tu Xingsun smiled awkwardly and said, "Didn't you hear? After the battle with the Raksasa Tribe ended, Master Chang Er wished to cultivate Taoism and gave up governing North Moana. She did not need my protection anymore; I am a free soul now."

"I heard many people explore the Wild Deserted Secret Region. I was curious, so I came to join the fun." He chuckled.

"When I passed by the Saint Fire Palace Sect, I heard they have a treasure called the Fire Bead. I am here to check it out. I bumped into you unexpectedly."

'I see.'

Darryl nodded when he understood the situation. At the same time, he felt amazed.

'Tu Xingsun is really a unique warrior who has been well-known in the community for a long time. He is powerful and brave. He has the guts to come to Fire Saint Palace Sect alone.'

Darryl continued to walk alongside Tu Xingsun as they spoke. Tu Xingsun's strength was evident to him. A simple hole on the ground was linked to many tunnels.

"Brother!"

When they reached a fork in the tunnel, Tu Xingsun turned his head around and said, "I did not manage to see the Fire Bead after such a huge effort. I am about to leave. Are you staying or are you coming with me?"

Tu Xingsun looked frustrated when he said that.

He spent almost the entire night searching around the entire Saint Fire Palace Sect, yet he did not even see the shadow of the Fire Bead. He was really disappointed.

Sigh!

Darryl took a deep breath. He gave it a thought and said, "Senior, please go ahead; I still have some matters that I need to deal with."

'Sh\*t, I managed to survive this tragedy. There is no way for me to just leave like

that.' Darryl's heart began to boil with rage as he remembered how Laura killed his enchanted beast, Rocky.

Tu Xingsun nodded. Then he shared the roadmap of the tunnel with Darryl before he turned and left.

After that, Darryl followed the tunnel and walked forward slowly.

The tunnel that Tu Xingsun made looked connected but complicated. However, it was not a problem for Darryl. He was skilled in formations that were much more complicated.

Soon, when he arrived at the end of one of the tunnels. Darryl looked at the position and was certain that it was the restricted area of Saint Fire Palace; it was also Laura's resting chamber. He crawled into it immediately.

## Chapter 2538

Wow!

Once he was on the ground, Darryl's body trembled when he saw the situation in front of him. He could not help but take a deep breath.

He saw all the tables and chairs in the grand and beautiful room were gold-tinted. Not only that, the air had an alluring sweet scent too.

That was right; that was Laura's resting chamber.

Darryl saw a lit candle at the side of the ivory bed, deep in the room.

Laura sat on the ivory bed; she had a glass of wine in her beautiful hands. She was mumbling at an ancestral tablet.

Sh\*t!

'It is so late now, and Laura is still not asleep. She is drinking and talking to herself?'

As he thought about that, Darryl's vision landed on Laura's body. He could avert his eyes.

At that moment, Laura was only in a sleeping gown made of silk. It could not hide her alluring body figure; she was gorgeous.

At the same time, Darryl also noticed that Laura looked upset. She was drinking the wine; she did not touch any of the fruits or dishes at all. There was sorrow in between her beautiful brows.

Laura was thinking about her brother, Matteo. Both of them grew up relying on each other; they had a deep relationship.

When Darry killed Matteo, Laura was devastated, and she swore that she would seek revenge for her brother.

She had captured Darryl, and she had avenged her brother. However, Laura still felt devastated when she remembered her brother again.

"Brother, do you know that I have avenged you?" Laura looked at the ancestral tablet and mumbled to herself. She thought that Darryl was still locked in the Purgatory Secret Tunnel. There was no chance for him to survive.

Darryl chuckled softly when he heard that.

What?

Laura's body trembled. She turned her head and looked around the room. She was

stunned when she saw Darryl.

"You are not dead?" Laura was astonished.

"Are you disappointed?" A smile appeared on Darryl's face as he walked forward slowly.

"Die!" A cold shout was heard from Laura's mouth. Next, she rushed forward as she pulled out her longsword and charged directly toward Darryl.

Whoosh!

Laura used her entire might in that attack! One could see how the air where the longsword passed was all twisted!

Darryl laughed coldly and stood there as steady as a mountain!

"Laura, since you want to seek revenge, let's

settle that now!" Darryl said coldly. His internal energy in his abdomen rose. Then, Darryl called for the Heavenly Halberd and went on to meet Laura's attack!

Bang, bang, bang!

Laura's longsword crashed into the Heavenly Halberd, creating loud bangs. After a few rounds, Laura sweated profusely and was shocked.

It had only been a few years; how did Darryl's power get so terrifying?!

Even though Laura's power had achieved the Heaven Ascension level, she did not have any advantage when she battled with Darryl.

At that moment, Darryl twisted his wrist and punched her!

The punch was too quick; Laura was not able

to avoid it. She could only activate her internal energy and meet Darryl's attack with her palm.

Bang!

When the two's palms connected, a deep vibrating sound was heard. Laura took a couple of steps backward. Her face looked horrible!

Darryl had cultivated the Ghost Valley Sage's technique, and his internal energy was extremely powerful. Laura was no match for him.

"You—"

Laura felt her chest ache. She stabilized her body and stared at Darryl in shock and anger. Her face was filled with disbelief!

'How... How is that even possible?'

## Chapter 2539

At the time, Laura had no idea that the Six Tribulations Lords had managed to capture Darry because of an unforeseen advantage. Darryl's internal energy had also not fully restored at the time.

Laura would not have had a chance against Darryl in an actual one-on-one encounter.

Darryl smiled coldly and did not waste time further. He raised his hand quickly and sealed Laura's acupoint.

At that moment, Laura's body went stiff. She could not move a single muscle.

"Darryl, you b\*stard!" Laura bit her lips.

"Release my acupoints now!"

"Release your acupoints?"

A smile appeared on Darryl's face; his eyes were red. He walked toward Laura and slapped her face!

Slap!

After the slap, he could hear Laura moaning. A handprint had appeared on her white and smooth cheek.

"How dare you ask me to release your acupoint? That slap is for being opinionated." Darryl looked coldly at Laura as he spoke with gritted teeth!

Matteo had been a notorious deviant. He had almost caused Lily's death. He deserved to die. However, Laura did not consider her brother's sin but only wanted to seek revenge. How awful!

Laura was stunned by the slap. She gathered her thoughts and said, "I am opinionated? You killed my brother! What is wrong with

me seeking revenge?"

Slap!

After she spoke, Darryl slapped her again!

"That slap is for Rocky." Darryl's eyes were red; he almost lost his senses. "Do you know Rocky has followed me for many years? You killed him so cruelly."

Slap!

After he spoke, he slapped her again!

Laura's body shook; she was about to explode. 'I am the goddess in the community. How can I be scolded and humiliated by Darryl in such a manner?'

"You better kill me. I will still slice you a thousand times and chop you ten thousand times if I get another chance." Laura's eyes

were filled with hatred as she shouted.

When he heard that, Darryl calmed down.

He observed Laura and grinned coldly. "You want me to kill you? I will not kill you."

As he spoke, Darryl reached out and grabbed Laura's sleeping gown.

"You! What are you doing?" Laura was stunned and furious.

"What do you think?" Darryl laughed coldly. His eyes continued to check out Laura's body as he spoke.

Laura was a lady of incredible goddess level. Her body was just too perfect. She looked so sexy from all angles.

Darry had decided; since Laura was so arrogant to claim that she was a goddess and put herself high on the pedestal, he would ruin her arrogance and dignity

completely that night.

Bang!

When Darryl had decided to take action, he felt strong vibrations from the ground under his feet!

It was as if heaven and earth had collapsed.

Sh\*t.

'What's going on?'

Darryl was stunned. He walked out to the balcony and took a look outside. At that moment, all the Saint Fire Palace Sect disciples were out too. Everyone was stunned as they raised their heads and looked at the sky.

They saw the night sky was covered with dark clouds, and they could hear thunder as

well.

An unusually bright ray rose and shone on the sky and earth in the Wild Deserted Secret Region direction.

At that moment, Laura regained her thoughts. Her body trembled when she looked at the situation in fear.

"A grand weapon is born?" Darryl mumbled to himself. He suddenly remembered something. "Could it be the missing Sky Breaking Axe?"

Darryl had already pursued Donoghue into the Wild Deserted Secret Region, near the Valley of Death when a giant python attacked the other man. Then Donoghue died after he fell into a deep valley. Later, Darryl discovered his dead body, but the Sky Breaking Axe was nowhere to be found.

"It is not the birth of a grand weapon."

Laura shook her head. "Such a phenomenon looks like a fierce beast has been upgraded into an enchanted beast." The phenomenon in front of their eyes astounded them. Laura had temporarily forgotten about her feud with Darryl when she spoke to him.

What?

Darryl was stunned when he heard that. 'A fierce beast has been upgraded into an enchanted beast?'

## Chapter 2540

Meanwhile, at the Lunar Hill in Middle Terra.

Lunar Hill was located in the midsection of Middle Terra. The hill extended for a few thousand kilometers. The scenery was so beautiful; it was a famous spot in Middle Terra.

There was a grand building on the top of the hill. That was the Endless Sky Organization's main altar.

The Endless Sky Organization was formed three years ago. Its disciples were all over the place on the Nine Mainland. Due to their mysterious principles, no one else knew the location of their main altar.

However, after Zhang Jue poisoned Jackie and controlled the Endless Sky Organization

completely with his despicable plan, he had set the main altar at Lunar Hill.

At that moment, on the main altar.

Zhang Jue sat on the throne seat; his entire body released a strong aura. A smile appeared on his hideous face. A day ago, he had captured the Carter family, and all of them were locked in the prison at the main altar.

The next step was to release the news to Darryl so that he would fall into his trap.

Tens of Endless Sky Organization elite disciples stood neatly behind the throne seat, together with the Hall Masters from each hall. They all appeared to be respectful.

A significant tremor from the sky and earth was sensed at that exact instant. It felt

sacrosanct and should not be disrespected.

Everyone's facial expression changed when they felt the intense vibration. They were all terrified.

Zhang Jue furrowed his brows. "What is the big deal? Go take a look at what is going on!"

After he finished speaking, a few elite disciples rushed outside the main hall to take a look. "Master, the tremor seemed to originate from the direction of the Wild Deserted Secret Region," they reported promptly.

When he heard that, Zhang Jue instantly stood up and proceeded toward the main hall entrance. He cast a glance up into the sky.

Zhang Jue's body trembled when he

witnessed the phenomenon. He was immersed in thought.

"Master, such a phenomenon indicates the birth of a grand weapon."

"That is correct. When Donoghue escaped and died in the Wild Deserted Secret Region three years ago, the Sky Breaking Axe was nowhere to be found. Could it be—"

"That is highly possible..."

Everyone was talking about it, and they were all incredibly emotional.

Sigh!

Zhang Jue regained his composure at that point. He exhaled deeply and shook his head as he remarked, "Such a phenomenon is not a powerful weapon. It is the birth of an enchanted beast."

Zhang Jue was well-known for several thousand years; he was extremely knowledgeable. He could plainly discern that the phenomenon was not the same as when the great weapon was born. It was important to understand that the birth of an enchanted beast would also cause such a sky and earth vibration.

An enchanted beast?

When they heard that, everyone looked at each other with interest.

Zhang Jue spoke without hesitation. "Gather all the disciples and rush to the Wild Deserted Secret Region. Remember, we have to get there before the other Nine Mainland sects."

'I was in charge of the biggest cultivation organization in the Nine Mainland. If I can tame an enchanted beast, I will be the

strongest person in the world. As such, it must be done before anyone. I can not give this chance to anyone else.'

"Yes, Master!"

Half an hour later, after they had gathered a few ten thousand elite disciples, all of them, led by Zhang Jue, set off grandly toward the Wild Deserted Secret Region.

After a few hours of progress, Zhang Jue finally led the ten thousand disciples to the Valley of Death in the Wild Deserted Secret Region.

That was right; the vibration that shocked the sky and earth came from deep inside of the Valley of Death.

Sigh!

Zhang Jue took a deep breath as he peered around the Valley of Death's landscape.

Then he issued stern commands. "Cut the trees and move the stones. Set up the formation for the valley entrance per my instructions."

Zhang Jue was wise. He knew the rest of the sects would arrive soon. It would not be an easy task to stop them. The best way was to make a formation at the entrance to block those people. That would give him enough time to tame the enchanted beast.

"Yes, Master!"

The few ten thousand disciples uniformly responded after Zhang Jue spoke. They began to cut the trees and move massive rocks under Zhang Jue's orders. They started to set up the formation.

...

The vibration in the Wild Deserted Secret Region had caused chaos all over Nine

Mainland. At that moment, everyone from various sects and mercenary groups rushed toward the Wild Deserted Secret Region.
