

Chapter 866

Upon destroying the Oatker family, which was one of the Four Greatest Households, Karen had acquired a drug that they had developed.

The drug was invented by the Oatker family to physically enhance their bodies.

Therefore, Chuck possessed that drug at the moment.

An external application was sufficient for it to work.

However, an injection would be much more effective.

If he did that, he would not feel any more pain.

It would also strengthen his muscles.

That way, his strength would increase to a whole new level.

It was the only method Chuck could use to confront the Yeager family.

"No, Young Master! Absolutely not!" Betty obstinately refused.

Yvette was also shocked by his announcement. "Hubby, don't be like this! Once that drug enters your body, you'll lose your sense of pain and your lifespan will be reduced too. Don't do this!"

"This is my only way now!" Chuck clenched his fists tightly.

"It's not the only way. If Auntie Karen knew that you were torturing yourself in order to avenge them, she would not be able to rest in peace! If you died an early death because of the drug, how would you face Auntie in the afterlife?" Yvette held Chuck in her arms.

She resolved to stop Chuck.

Chuck was in great agony at the moment.

If he didn't take the drug, Yvette would leave as well, and so would Betty. They would end up the same.

How could Chuck let Yvette and Betty leave him like the rest had?

Chuck could not do that.

"Please don't. Even President Lee didn't do that when she was alive. If you inject yourself with the drug, you would lose your humanity; you'd become a robot. How sad would she be if she finds out?" Betty tried to persuade him.

Something like that would only be done by a desperate person.

Only a person unafraid of death would do that.

At the moment, Chuck still had a bright future ahead of him. How could he turn himself into a machine that felt no pain?

"I don't want you to leave too," admitted Chuck in his pain.

If inaction meant that the people around Chuck had to die, he was willing to take the drug.

"Hubby, I won't leave you. I'll never leave you," Yvette sobbed.

It was because of Karen that she and Chuck were together.

However, Karen had died!

Therefore, Yvette would not leave Chuck.

"Young Master, don't worry. We'll be fine!" Betty shook her head.

She was touched that Chuck was thinking about her as well.

"Okay. Betty, take me to the technology company! I want to get that drug ready! If there comes a day when I need to use it, I will use it!" Chuck said. "Honey, Betty, you two need to be prepared as well!"

Yvette and Betty exchanged a glance. 4

If it was just for preparation, then that was fine.

Chuck lingered at the scene in great anguish for a long period of time.

During that time, Yvette and Betty accompanied Chuck.

Betty also called for people to look for Willa and Black Rose's bodies.

However, they could not be found.

That put Chuck in greater pain.

He could not find Karen's body, Willa's, and even Black Rose's.

Chuck felt so sorry towards them.

Meanwhile, Yvette stared blankly at the dried bloodstains on the ground. Willa was dead, and so was Black Rose.

It would be her turn next.

She stared at Chuck with her beautiful eyes. From her gaze, it was obvious that she was reluctant to leave him. "I'm not afraid of death. I'm just afraid of leaving you..." she thought to herself.

Betty, Chuck, and Yvette arrived at the technological company.

Each one of them prepared a dose of drug.

It would all be fine as long as they injected it into their bodies when they were in danger.

Once they did that, they would completely lose their sense of pain.

Then, their strength would increase.

Chuck remained in the technological company for a long time. Once again, he increased the weight of the barbell he was lifting, determined to break through his limits again and again.

"Young Master! There's someone looking for you! It's one of Willa's people," informed Betty.

Chuck, who had been training like crazy, left the room to meet that person. The person was a trustee for Willa's company, someone Chuck had seen when he had been in the country.

"This is what President Logan asked me to give you. This is all of President Logan's companies, all of her property, money, cars, land..." The list of items was long.

Once again, Chuck began to tear up.

Willa had given everything to him.

She knew she was going to die, so she had passed everything over in advance.

Chuck's heart throbbed and an urge to cry welled up within him.

"... and these are President Logan's most precious belongings, all of which are in this safe," explained the man as he brought over a safe.

He had found it in Willa's office.

It contained Willa's most important belongings.

"Thank you!" Chuck muttered to himself.

"It's my duty. Please take care of everything for her when you have the time."

Nodding, Chuck softly muttered, "I understand!"

The man left.

Chuck sat at the door and opened the safe.

What was inside?

It was not diamonds, nor gold, silver, or jewelry. It wasn't a certificate of property ownership either. Instead, it was something very ordinary...

All of a sudden, Chuck was dumbfounded.

He took the item out of the safe. It was a mask. A cat mask to be exact. ²

Chuck was instantly transported back to that night.

On that night, Chuck had taken the woman wearing a cat mask out of

the bar. As he had thought she was Yvette, he had kissed her.

Chuck remembered the feeling of that kiss very clearly.

It was as sweet as his first kiss.

In fact, Chuck had given it some thought before. Others around him had also reminded him that the person under the cat mask was Willa.

Nevertheless, Chuck hadn't believed it.

Therefore, he had also gone into Willa's room to search but it was to no avail.

Finally, it was revealed to him that he had indeed kissed Willa that night...

Although she did not resist, she turned to leave after the kiss.

It was because she had been flustered and conflicted.

It turned out that he had kissed Willa.

When Chuck recalled the memory, tears streaked down his face without him realizing it... 

Chapter 867

Chuck put away the cat mask and everything that Willa had left him.

Then, he thought for a long time.

He pondered how to avenge Karen, Willa and Black Rose.

Nevertheless, he absolutely couldn't be impulsive.

He had to be meticulously careful.

After all, if Chuck died before he could get revenge, it would be a dishonor and an unfilial act to Karen.

Chuck knew that it was impossible for him to surpass the Yeager family even if he worked hard for his entire life.

Neither did he have the time to waste away his whole life.

It was because the strength of the thousand-year-old Yeager family was astonishing and terrifying. 3

The Yeager family was like an unbeatable obstacle.

Simply relying on his strength to surpass them would be too difficult. 1

He could not avenge Karen, Willa and Black Rose in a day.

At the thought of that, Chuck could not fall asleep and he lost his appetite.

Therefore, Chuck currently had two options.

The first option would be to abandon Yvette and marry Adriana, which was what Chadrick had suggested previously.

Then, he could use the power of the Whitlock family to confront the Yeager family.

That option had the highest chance of success.

After all, the Whitlock family was the first and greatest hidden family.

There was much room for dispute about the outcome if the first family went against the second family.

It was highly plausible the Whitlock family would prevail.

When the time came, Sabina would undoubtedly die.

However, Chuck didn't want to choose that path.

He only had a number of loved ones left. How could he abandon Yvette and rely on Adriana to confront Sabina?

Chuck could never do something like that.

The second option was to get in touch with the third hidden family, the Cannon family.

Once he contacted them, they could work together.

That was the fastest method.

Chuck had been considering that option for a long time.

"Are you really going to work together with the Cannon family?" Betty asked, worried for him. That plan seemed to be like playing with fire.

If he was not careful, he would be swallowed by the flames.

"Yes. This is now my method for confronting Sabina! If I got my hands on the Yeager family, I wouldn't want anything but Sabina. Wouldn't the Cannon family agree to this?"

"That makes sense. However, Young Master, you have to be careful! Nothing is so simple!"

Shaking her head, she continued, "President Lee seemed to be unhappy with the Cannon family when she was alive. She wanted to keep a distance from them. Clearly, the Cannon family is not easy to work with."

"I know," replied Chuck. "However, if I don't do this, wouldn't it take years for me to become stronger? I'm willing to train tirelessly for years, but would Sabina allow me time for that? She wouldn't! Ever since she sent someone to assassinate my mom, she has never intended to give me any more time. Betty, do you understand?"

All of a sudden, Betty's heart ached for Chuck.

All the pressure was on Chuck.

He had a hard, difficult decision to make.

"I know. Whatever decision you make, I will always support you!" Betty said.

"All right. Is there any way we can contact the Cannon family? I want to talk to them. If we can't reach an agreement, then don't stop me, Betty. I will inject the medicine and kill the Yeager family myself!" Chuck glowered.

If the Cannon family refused to cooperate, Chuck would have to resort to extreme measures.

"I..." Betty finally sighed.

The pressure on Chuck was too great.

His thought process had changed. Different from the past, it currently revolved around the people by his side.

"Betty, go and help me look for the Cannon family!"

"Okay. Give me a moment. I'll do my best to find the Cannon family!"

Betty immediately went to do it.

Chuck waited.

All of a sudden, Yvette appeared. Chuck hugged her and assured, "Honey, I'll protect you!"

Yvette stuck herself to Chuck's chest but did not respond.

Willa was dead. Someone with the same strength as Karen would be coming to kill her. It was impossible for her to resist.

In order not to involve Chuck, Willa chose to leave and die.

Therefore, she should do that too!

Yvette gazed at him gently. "Honey, I never regretted meeting you."

"Me too."

Chuck looked straight ahead as he thought, "Sabina Yeager, just you wait!"

.....

Meanwhile, in the Whitlock family...

"Miss, given Eleanor's efficiency, Willa should be dead already," Adriana's bodyguard leisurely commented.

"Of course. I've always believed in Eleanor. After all, she killed Karen! Willa isn't nothing in comparison!" Adriana replied lazily.

"Then, after Eleanor kills Chadrick, Yvette Jordan..."

"Oh, her? Yeah, kill her too!"

"Okay, but I received a message yesterday," informed her bodyguard cautiously.

"What news is it? Tell me!"

"The Yeager family is watching us closely."

"Oh, it's about that? Well, I'm not surprised. I've taken a fancy towards Sabina. Even Chuck suspected me of assassinating Karen. Considering Sabina didn't do it, she can cross herself out from the list if suspects already. In that case, if it isn't me, then who else could it be?" Adriana explained as she idly read a book.

She had already known about Sabina's actions a long time ago.

"I'm just afraid that Chuck will target Sabina instead of the Cannon family. That wouldn't be as interesting. Chuck's target being the Cannon family would be the most meaningful..."

While Adriana was muttering to herself, Eleanor walked into the room.

"Miss!" There was no smile on Eleanor's face.

Cool as a cucumber, Adriana asked, "What's wrong with you? You're not going to tell me that you failed, are you?"

"When I went to kill Willa, someone suddenly showed up!" Eleanor informed stonily, her expression was like that of ice. 10

Chapter 868

"There was someone? Did you see who it was?"

The nonchalance on Adriana's face melted away. In its place was a mask of seriousness.

Adriana's bodyguard was stunned by her reaction. So what if there had been someone?

Why wasn't she punishing Eleanor?!

"I couldn't see who it was clearly. Just as I was about to kill Willa, that person appeared suddenly and threw a boulder at me!

"After I punched the stone to smithereens, Willa had already disappeared!" Eleanor informed.

Her beautiful gaze was cold as ice!

Just as she was about to kill Willa and Black Rose, a person had suddenly appeared! 

Otherwise, Willa would have definitely died in that state!

"You didn't see the person clearly at all?" Adriana asked coldly.

"I didn't! I must say, the rock was thrown towards me really quickly!" Eleanor explained. 

That was right!

The rock had come down on her too suddenly!

After Eleanor had broken the stone, all she saw was a shadowy figure!

That silhouette had taken Willa and Black Rose along with them.

Eleanor had chased after the figure!

Nonetheless, she had failed to catch up to them.

It was something that had never happened to her before!

It sent a chill down Adriana's spine!

"Willa hasn't even died after two attempts?!"

Adriana turned her beautiful eyes to Eleanor, fixing her cold glare on her. With a gloomy expression, she chided, "Eleanor, this seems to be the first time that you've failed the mission. I must say, this is the first time you disappointed me!"

"Miss, I'm sorry!" Eleanor lowered her head.

It was the confident Eleanor's first time lowering her head in front of

Adriana.

"This is my first time hearing you say you're sorry. Remember, I don't want to hear them ever again!" Adriana decided, her tone stony.

Like a sharp icicle, her cold voice pierced straight into Eleanor's heart!

Eleanor nodded.

"Yes, Miss!"

"What kind of person could take Willa away? Is there anyone in the world who can just carry a person away from right under your nose?" mused Adriana coldly. 4

The Whitlock family was the first hidden family.

Therefore, their bodyguards were also the most skilled people in the world.

That fact was absolute and irrefutable!

However, they could not deny what had happened.

Someone had stolen their hostages that had been guarded by the strongest bodyguard of the Whitlock family!

How could that be possible?

How could someone be stronger than Eleanor?

"I don't know either!" Eleanor also found the whole incident strange.

She had not even managed to see that person's back!

All she had seen was the sight of Willa and Black Rose being carried away!

"The only person in the world who can compete with you is Karen, but she's already dead! Now, it seems like another Karen has appeared," Adriana concluded.

"It's possible that they've stowed some talented people away!" Eleanor replied.

A loud crash echoed in the room.

Adriana had smashed a glass to pieces.

"Stowed some talented people away? Stowed them away? Who on earth dares to do that right under the nose of the first hidden family?!" yelled Adriana.

That was true. Who could do such a thing without being discovered by the first hidden family?

In the past hundreds of thousands of years, there were very few people

who knew about the hidden families. After all, they had hidden themselves from the world.

However, stowing hidden talents from the first family was an even greater feat!

The Whitlock Family was the first hidden family, and one-third of the world belonged to her family. Thus, how could there be anything that the Whitlock family did not know?

There was nothing that went past their knowledge.

How could there be talents undiscovered by the Whitlock Family?

"Yes, you're correct! I was acting brash!" Eleanor acknowledged her mistake.

"This is definitely due to your carelessness. Eleanor, find and kill this person! I don't want another Karen to appear as that would make me extremely unhappy!" ordered Adriana.

"Yes! Don't worry, Miss! I too am very interested to meet such a person again!"

At last, Eleanor smiled again, "By the way, Willa was already on the verge of death. Even if she was saved, she won't wake up for another few months or even a year!"

"That barely makes me feel a little happier! Eleanor, go and find that person!" commanded Adriana, laxness finally reappearing on her face.

"By the way, do you have any suspects?" enquired Adriana.

That question was directed at Eleanor.

Eleanor was silent for a few seconds before replying, "I don't think that I have any suspects in mind, but that person keeps on appearing and I find that to be really strange!"

"Fine, just take care of the matter well! Kill that person, Willa, and Chadrick! Then, bring Yvette to me!!"

"Yes, Miss! Be rest assured that I'll do my job well!" promised Eleanor.

As she said that, she grinned faintly.

Adriana suddenly thought of something, and shouted, "Wait a minute!"

"Miss, do you have any other orders?"

"Are you sure that Karen is dead?" Adriana slowly asked.

Eleanor smiled faintly, "I'm sure that she's dead!"

"Then, what about the person who took Willa away?"

"It's someone else!"

"Can you confirm that"

"Yes, I can! It has been less than ten days since Karen died. Even if she's not dead, do you think that she can take Willa away from me with those injuries of hers?" affirmed Eleanor while maintaining the same smile on her face.

After a moment of silence, Adriana relented, "That's right. Maybe I'm overthinking it. Karen must be dead...I'm just overthinking."

"Well, I'll get going then!"

"Eleanor, don't let me down. I'm going to inherit the position of the head of the Whitlock family, so don't upset me!" reminded Adriana. Nevertheless, there was another meaning laced within her words.

"Don't worry about that!" assured Eleanor.

Then, she left the room.

"Do you think that the person is Karen?" Adriana questioned her bodyguard again.

"Miss, you're worrying too much. How could it be her? Eleanor just said that since Karen had been seriously injured, it's impossible for her to take people away in that state," Adriana's bodyguard shook his head firmly.

He refuted Adriana's wild and imaginative idea.

"Yes, Karen has died. However, another person like her has appeared, so I hope Eleanor won't let me down yet again!"

Adriana lazily closed her beautiful eyes as if there would be good news after she woke up from her sleep.

Chapter 869

"I have news about the Cannon family!" exclaimed Betty.

She was running towards Chuck as she spoke.

After several days of investigation, she finally had found some traces of the Cannon's family's working background through exhaustive means.

Chuck said, "Then, let's head over there right now!"

He could not wait any longer.

Willa's death had truly put Chuck on the verge of madness!

Chuck had dreamt of Willa every night throughout his past few days of suffering.

He was determined to avenge Willa, his mother and Black Rose!

"Alright! I've already arranged for a car." Betty knew Chuck was anxious, thus she had gotten everything ready.

"Ah, wait for me in the car. I'll go and call Yvette!" Chuck told her.

Betty entered the car and waited for Chuck.

"Honey!" Chuck ran to find Yvette.

"Hubby, I'm not going," decided Yvette.

The person who had assassinated Willa, namely Sabina, would find a way to assassinate her, just like how she had done to Willa!

Yvette knew that extremely well.

Therefore, she had decided to silently leave the place like how Willa had done.

She did not want to drag Chuck into her troubles again.

"What are you going to do?" asked Chuck. He was aware of her intentions.

"I won't do anything. I just have some personal matters to take care of." Yvette shook her head and answered coldly. She could not look Chuck in the eyes.

Chuck's eyes saw through her.

Without another word, he kissed her.

Surprise filled Yvette's gorgeous face.

Their lips remained intertwined for rather long.

Finally, Chuck let go of her. "Are you still leaving?"

"I..." Yvette felt resentful towards him. She had been caught off guard by Chuck's actions!

"If you continue speaking, I'll kiss you again and I won't stop until you've run out of breath. Do you want that to happen?"

"No, I don't!"

"Let's go then!"

Chuck brought Yvette out with him.

Yvette sighed.

They got into the car.

Then, Betty drove them to their destination.

The journey was short.

"This hotel should belong to the Cannons! We can go in to contact them," Betty announced.

Chuck held Yvette's hand tightly. "Don't run away!"

"I won't," Yvette replied sweetly with a sigh.

The three of them entered the hotel.

.....

A short while passed.

The Cannon family was gathered in a room.

"Mr. Cannon, Chuck requests a meeting with you!" informed a subordinate respectfully.

"Chuck? Oh, that's interesting. What does he want to see me for?"

In the darkness, the head of the Cannon family, Osford Cannon's turbid eyes were filled with ridicule!

"He didn't mention anything about that, but he did say that you would not regret meeting him."

"He's quite confident, saying that I won't regret it! However, he's just a replacement pawn of Karen," commented Osford in bursts of laughter.

He was mocking Chuck.

"Mr. Cannon, so what do you want to do?"

"Where's Chadrick? I want Chadrick to meet Chuck and do as I say! I can't believe that Chuck is still in the United States. What's Chadrick doing?"

"I'm not too sure. It's as if he has gone missing!" replied the subordinate.

"That b*stard! How many times have I told him that Karen is just a pawn he shouldn't care about? She's even dead now! How dare he not listen to me?" Osford was so enraged that he started coughing.

The moment Chadrick had entered the Cannon family, it was already decided that he would be the heir.

However, in the past twenty years, his initial fiery ambition had slowly extinguished.

Not only had he not made any progress, he had also ended up in such a state!

He was giving everything up for a dead woman!

Osford was incredibly disappointed in him!

"Judging from his personality, you must know that he might be..."

"Of course I do," interrupted Osford. "He has no idea about my expectations towards him, but how much longer can I live? Eventually, he'll be the head of Cannon family, yet he's still not living up to my expectations!"

"Shall I contact him?"

"There's no need for that. There are some things that I can decide on his behalf. Otherwise, he will never grow up! Go, bring Chuck to me! However, he must be alone!" ordered Osford.

"Yes! Mr Cannon, please wait for a while!" the attendant nodded.

"Ah, Chuck. You weren't qualified to join the Cannon family at first as you shouldn't have been born in the first place! Your mother, Karen, was one of my pawns. You, on the other hand, aren't even qualified to be one! However, things are different now. Karen, who I valued the most, has died. Since you are so proactive, I won't let you down!" mused Osford.

"As Chadrick's son, I don't think you'll mind me using you to give him a wake up call!"

In the darkness, the head of Cannon family's teeth shone as he laughed sinisterly.

His entire face was covered in wrinkles and it exuded a terrifying aura!

"Mr. Cannon, I've brought Chuck here!"

"Let him in, and only him alone!"

"Alright, Betty and Yvette who have come with Chuck insisted on

coming with him, but I didn't allow them to do so. What right do they have to come here?" responded the attendant.

"Well done! Let him in!"

"Yes, Mr. Cannon!"

"Luqman!" called the head of the Cannon family.

Behind him, a man appeared. He was in his thirties, and his face was wearing a stony expression!

He was the top fighter of the Cannon family, Luqman Harris! 

"What can I do for you, Mr. Cannon?" enquired Luqman.

He waited for an order.

"When Chuck comes in later, test him for me! I want to know how much he lacks compared to his mother!"

"Yes, Mr. Cannon. Be rest assured! However, I have something to say, but I'm not quite sure if I have the right to do so," said Luqman.

"Just tell me. The Harris family has worked for the Cannon family for so many years and you've contributed immensely!" praised Osford.

Luqman replied, "Chuck is the son of Young Master Chadrick. What if Young Master Chadrick discovers how we've treated Chuck?"

"If Chadrick finds out about this, then so be it. Even if I were to kill Chuck in front of Chadrick, what can he do to me?" answered Osford with a sneer.

Chapter 870

"That's right. Mr. Chadrick Cannon is a member of the Cannon family, and you're the one who personally raised him! What can he do to you?" Luqman smiled slightly.

In hindsight, he found that question of his a little ridiculous.

"I'm glad you realized!"

Osford sneered sinisterly. "By the way, I don't want to hurt Chuck for the time being, because I need to use him. So, just give him a simple test!"

"Don't worry, Mr. Cannon!" Luqman said confidently.

At that moment, the door opened.

Chuck strode in, his eyes narrowed.

The room was so big. Why were the lights off?

Chuck was confused.

He had asked Betty and Yvette to wait in the hotel.

Meanwhile, Chuck and the members of the Cannon family had arrived by plane.

There was no doubt that the Cannon family was the same as the Yeager family. They lived a hidden life in the depths of the mountains.

Since it was not possible to scale the mountains, no one would discover the existence of the Cannon family by chance.

Chuck had been to the Yeager family before.

However, in his opinion, the Cannon Family was even more secretive.

The moment he entered, he sensed an ominous presence, as if the place was riddled with schemes and conspiracies.

Chuck felt very uncomfortable.

Perhaps he was too out of place.

Whatever the reason was, he could not shake off that feeling.

It was as if he could not describe in words.

"Mr. Cannon?"

In the dark, Chuck could already see a pair of clouded eyes.

They were terrifyingly cold.

"That's right, it's me! You said I would not be disappointed in you? To

tell you the truth, I'm very disappointed now!" Osford said.

"Oh, is it because I came here empty-handed?" Chuck asked.

"No. It's just that I only see Karen's shadow on you. Do you know why a shadow is a shadow?"

"I know. A shadow always has a rightful owner!"

"So you know! To tell the truth, with how you are right now, you aren't qualified to talk to me. Your mother, Karen, had at least a little qualification. On other hand, you... You're nothing but her shadow! A shadow that would only be trampled beneath many feet." Osford scoffed coldly.

"I was born from my mother's flesh and blood. Therefore, I have always been her shadow and a new form of her life. I don't think there is anything wrong with that."

Chuck did not agree with Osford.

"Hmph! Let's stop this nonsense. I want to see how you are compared to your mother. Luqman!"

"Yes, Mr. Cannon!"

At Osford's beck, Luqman took a step forward.

Then, he approached Chuck step by step.

Chuck froze, his gaze fixed on Luqman.

Suddenly, a loud sound echoed in the room.

Luqman had hurled an object as big as a fist. With a crash, it smashed into the ground, causing the floor to crack.

"I won't hit you, nor will I use some other way to test you. This thing weighs 200 kilograms. Pick it up and let me see! With one hand!"

That was how he decided to test Chuck without hurting him.

Looking down, Chuck realized it was similar to the special metal from his mother's technological company. Even a small amount of it would be very heavy.

Chuck squatted down to grab it.

However, when he tried to pick it up with one hand, it required quite a bit of strength.

Luqman dismissed his attempt. "If you can't pick it up, then forget it. Put it down!"

"It's not that I can't pick it up, but..." Chuck still had something that weighed 250 kilograms on his body.

Each arm weight was 75 kilograms.

At the moment, he already had 250 kilograms fitted on him.

Chuck had not taken it off.

If it was removed, it would be a piece of cake to lift 200 kilograms.

"Let go! There's no need for excuses! You? Your strength isn't even a third of your mother!" Luqman declared his judgment.

Chuck was no good.

Finally, Chuck let go of it without another word.

"Mr. Cannon, Chuck won't do!" Luqman returned to Osford's side.

Osford was disappointed. There was a reason Chuck was only a substitute pawn.

The main reason was because he was simply inadequate.

"Chuck, you have disappointed me even more. Do you know that?"

"That may be the case! I came here today to negotiate and cooperate with you!" Chuck didn't care about Luqman's comments.

Chuck only wanted to add another 50 kilograms to his weights when he went back!

In this way, Chuck was training his body all the time.

After all, he wanted to strengthen his muscles and increase his power.

Only by forcing himself through that method would he be able to increase his strength as soon as possible.

"Cooperate? Do you think you're qualified to talk about cooperating with me?" Osford burst out laughing, his two teeth shining brightly in the dark.

He was mocking him.

"Yes. Let's not talk about anything else. I've inherited everything from my mother, so I have the ability to cooperate with you!"

"Spit it out. What do you want to cooperate with me on?" Osford enquired.

Nevertheless, Osford already knew Chuck's intention.

"I want to team up with you to deal with Sabina!"

"Her? I have no conflict with her. Why should I cooperate with you? To break the peace between me and the Yeager family?"

Osford found his suggestion hilarious. After all, he had led the Cannon family from behind the scenes for a long time.

Meanwhile, Karen dealt with the Yeager family and the Whitlock family, allowing him to sit back and watch.

He planned for the Cannon family to make a move only at the end to take care of the mess.

He was a player controlling the pawns on his board.

Why would he put himself in the middle of a warzone?

"I won't beat around the bush. I don't think it is necessary for you to keep the peace between your families! Listen to me! If you work with me to deal with Sabina, I only want her herself. I'll give the rest to you!" Chuck offered.

"Haha! You're going to give it all to me? Chuck, you've disappointed me!" Osford burst out laughing.

"You can leave now! You don't satisfy me!"

"What if I have leverage over the Cannon family?" Chuck said out of the blue.

Leverage?

Instantly, Osford's eyes gleamed sinisterly. "What do you know? Tell me!"

Chapter 871

"Haven't your family been silent for a long time?" Chuck asked. His tone seemed to be implying otherwise. 1

"Mr. Osford, how dare he try to bluff!" Luqman was furious!

Osford's eyes darkened as his anger grew. He said, "I should kill you right here!"

"If you do so, then you will lose a good chance to rise back again!" said Chuck and shrugged his shoulders.

"You think that my family would rise again if I cooperated with you? You think too highly of yourself!"

"I know my place, but you don't seem to know yours!" Chuck giggled slightly.

Osford glared treacherously at him. "What did you say?"

At that moment, Osford was so furious he wanted to kill Chuck.

"I know that even after inheriting my mother's estate, there is still a large gap between me and the hidden family. It is because you all have been around for more than a thousand years, whereas my mother had only been around for twenty years. That's what I know! But what you don't know is that your family is in danger right now!"

"Danger? Are you kidding me?" Osford sneered.

"Yes, your family has been idly hiding for so long. However, you should be familiar with Adriana. She is about to take over the Whitlock family soon! Do you know this?"

"I know!" Of course Osford knew!

Because how could he, the leader of the third hidden family, not know about that?

It was true that the hidden families always kept everything a secret!

However, the three hidden families would always announce the head of the family to each other!

It wasn't just limited to an announcement.

They would also invite the other two families to attend the succession ceremony!

"It's good that you know. Adriana is a possessive and a control freak. What gift will you prepare for her on that day? I think she will be

coming for your family soon. What better present for herself than to revive the Whitlock family?" Chuck shrugged his shoulders.

Luqman's eyes narrowed!

Osford scoffed. "I know Adriana's character, but she won't attack my family at the moment!"

"Oh, so you already knew that she would do something to you?" Chuck laughed softly!

Osford was rendered speechless, his expression livid.

Osford had underestimated Chuck's ability to improvise.

Chuck could think quickly on his feet. In that aspect, he had even inherited a certain part of Karen!

"So what if I knew? Even if I don't know, you won't be able to convince me!"

"I think you have misunderstood me. I came here to cooperate with you, and I came prepared! Did you think I came here empty-handed?"

Chuck revealed a small grin!

He seemed completely calm and collected!

That grin truly annoyed Osford!

Osford was disgusted. How could that young man smile in such a manner in front of him?

"Tell me, what did you bring with you?"

"It's my wedding invitation!"

"You? Well, does your marriage have anything to do with persuading me?" Osford asked coldly!

"Yes, don't you want to know whom I'll be marrying?" Chuck still had a smile plastered on his face.

Osford snorted coldly. "If you're here to talk nonsense, save it and get out!"

"Well, I am going to marry Adriana. Do you understand?"

Osford was shocked!

So was Luqman!

"What did you say? You and Adriana will be getting married?" Osford blurted out.

"That's right! As the head of the Cannon family, you're not very well-informed. I wonder if you knew that Adriana met me the last time she

went out? And she took a liking towards me?"

Osford pulled a long face. He asked, "Luqman, is this true?"

"I'll investigate it." Then, Luqman went out to enquire.

Meanwhile, Chuck waited quietly!

A minute later, Luqman returned. With his head bowed, he informed, "When Loomis got married, Adriana brought Chuck to the Yeager family... What's more, when Chuck opened his casino in the US, Adriana gave him a lot of gold, and the floor of his casino was also paved with the gold given by Adriana..."

Osford found it hard to believe.

"This fella?"

"I find it strange too. Why would Adriana fall in love with him? Nevertheless, Chuck isn't lying!" Luqman said.

Osford viewed Chuck under a different.

"If you marry Adriana, you'll really disrespect your mother. Now that you're in the Whitlock family, you will no longer be able to call yourself by that name!"

"It doesn't matter! Do you want to know what will be the first thing I would do after marrying Adriana?" asked Chuck with a smile.

Osford pulled a long face again!

"I hate rejection the most. Therefore, once I am in power, for example, after hooking up with Adriana, I will let Adriana immediately deal with the person in front of me who has refused me. I think it will be very interesting..." Chuck grinned!

Bang!

Osford slammed the table hard!

Luqman was also enraged that he was ready to strike at any moment!

"You b*stard! Are you trying to threaten me?" shouted Osford furiously!

It has been many years since anyone dared to speak to him that way!

How dare he speak to Osford like that?

It was absolutely unacceptable!

At that moment, he really wanted to kill Chuck.

He wanted to murder him right there and then!

"If you think I am threatening you, so be it. After all, it shouldn't be that easy for the first family to deal with the third family, but it's not

impossible either. What do you think, Osford?" Chuck chuckled lightly. 1

Chapter 872

Chuck's confidence was overwhelming.

After all, he had a knack for coercing and cajoling!

How ambitious was Adriana? How possessive was she?

Osford was very clear about the situation he was in currently!

Chuck had a feeling that she would make a move against the Cannon family on the very day she inherited the Whitlock family!

In his opinion, Adriana was like an ancient empress!

She was a person who wanted to control everything!!

The second hidden family?

The third hidden family?

She didn't even need them. One by one, they would be eradicated by her. All she needed and wanted was the Whitlock family!

After Chuck finished speaking, he felt at ease!

"Osford, what Chuck said is possible! It's not like you don't know Adriana. It's possible that she already knows about your deployment!"

Luqman reminded Osford in a low voice.

Osford's eyes emitted an icy glare. "Well! So what if she knows? Should I be afraid of her?"

He was not afraid, because they all belonged to the hidden families!

The only difference between the families was their strength!

He admitted that the overall strength of the Cannon family was not as strong as that of the Whitlock family!

Because the Whitlock family was the first, and the Cannon family was the third, there was evidently a gap in strength!

"But, Adriana.. you've seen Adriana before. I've seen her too. That woman terrified me... she is untouchable..." Luqman began to worry.

He was lucky enough to meet Adriana before!

Adriana's calm and nonchalant demeanour was paired with her urge to control everything. It was simply terrifying!

"I know! But Chuck is not qualified to cooperate with me. He is just a pawn on the chess for me!" Osford sneered in response.

"Well, cooperation is just a word. He'll still be your substitute pawn; that

won't change. It's just a matter of technicalities."

Luqman's words reminded Osford.

The truth was that Osford was mad at Chuck because no one had ever threatened him like that.

"What do you think, Osford?" Chuck asked.

"How do you want us to cooperate?" Osford replied while staring coldly at Chuck.

It seemed that Osford had finally agreed to the matter!

"Like I said previously, we will deal with the Yeager family together. I only want Sabrina, and the rest is for you. After absorbing the Yeager family, you'll have the ability to fight against Adriana. I'm doing this for your own good!"

"Doing it for me? Cut the bullsh*t. What the hell are you going to do? Tell me, what are you going to do? You must have a plan, don't you? It's not that easy to destroy the Yeager family. If it's that simple, I wouldn't have waited for so long."

Those were Osford's honest words!

The three hidden families had been around for more than a thousand years! 

On the surface, everything had always been peaceful.

Yet, unbeknownst to others, their conflicts and battles were countless!

If things were as simple as they seemed, the Cannon family wouldn't have had to scheme for so many years!

Of course it would be difficult to defeat the Yeager family!

At the moment, it was doubly so.

After Sabina took over the Yeager family, that family had started to prosper!

Osford was worried that if he gave Sabina enough time, would the Yeager family be on equal footing with the Whitlock family?

At that time, wouldn't the Cannon family be singled out?

"Or are you just a reckless boy, coming to me simply to cooperate without having any plans in mind?" Osford asked sarcastically.

Of course Chuck had a plan!

"The simplest way is to go directly against the Yeager family. However, I don't think that you would do that. Therefore, I have a better suggestion. You find a way to invite Sabina out. Ask her to come out of

the Yeager family! Once she is out, leave her to me! I'll deal with her! When she is dead, that will be equivalent to the head of the Yeager family being decapitated. Then, you'll be able to invade the Yeager family easily." He explained his plan nonchalantly.

That plan was direct and effective.

All the Cannon family had to do was to lure Sabina out of the Yeager family!

Meanwhile, Chuck would plan for the best way to catch Sabrina and kill her to avenge his mother, Willa and Black Rose!

Chuck didn't want Adriana to help him. Hence, the Cannon family was the only one who had the ability to invite Sabrina to come out of her family!

Moreover, if the Cannon family followed his plan, it would put them in conflict with the Yeager family. Hence, they had to put more effort in designing the details of their plan.

After all, once they had fallen out with the Yeager family, they had to be well prepared.

With the help of the Cannon family, Chuck had a higher chance of capturing Sabina!

There was a glint in the eyes of Osford. "Is this workable?"

He whispered to Luqman to get his opinion. After all, Luqman was the top fighter of the Cannon family.

"It's workable! It's indeed the simplest way to lead Sabrina out of her family. However, is it that easy to ask her to come out? What excuse can we use?" Luqman wondered.

At the very least, he was not able to find an excuse.

Sabrina controlled the Yeager family. How could one predict her strength and wit?

Was it possible?

That she would be led out so easily?

Osford finally agreed with Chuck on his simplest method!

"Well, this method is okay, but how are you going to lure her out? How sure are you that you can capture her?"

"Shouldn't you work your brain a little? This is a cooperation between you and I and yet you want me to do all the planning while you sit back and watch? What kind of cooperation is that? If you think this is cooperation, then it's fine. I'll just stand at the sideline and see you

perform then," Chuck replied bluntly.

Osford was furious!

Sh*t!

He was mocked by that fella!

What a sharp tongue!

"You also need to contribute. Don't you agree? Tell me!" Chuck said coldly.

Osford's anger reached its boiling point!

He was so much older than Chuck!

How dare Chuck speak to him in that manner!

"Well, I agree to cooperate with you!"

"Good, you can start to prepare. I'll contact you in three days!" After saying that, Chuck left without waiting for Osford's reply.

"Wait, tell me what method you are going to use to lure Sabina out!" Osford did not understand Chuck's thoughts!

However, he could finally see Karen in Chuck!

She had always been planning!

In the past, Chuck was quite passive. Yet, someday along the way, he began to be more proactive!

At that moment, Chuck was already long gone!

Meanwhile, Osford fumed in the room. "What the heck? I really want to kill him!"

"Don't be angry, Mr. Osford. Chuck is not good at fighting. He can't even lift an object with 200 kilograms just now. If his IQ is not that high, then he's really useless! I think Chuck already has an idea!" said Luqman.

"Idea? This kid has a fu*king personality. I hate this kid! However, since Karen is dead, you should try your best. It's good for me... Alright, let's start planning! Let's plan how to make sure Sabina stays behind!"

"Yes! Mr. Osford! I have a suggestion, but I don't know if I should say it?" A thought suddenly came to Luqman's mind.

"What??"

"Well, since Chuck is Young Master Chadrick's son, why don't you give Chuck a proper title to make him part of the Cannon family? What do you think, Mr. Osford?"

"Part of the family? Him? Is he even worthy? He's just the son of a

pawn of mine. He'll never be able to join my family!" Osford declared rudely.

Chapter 873

That's right!

How could a substitute pawn be qualified to join the Cannon family?

What a joke?

It was simply ridiculous!

Even if Chuck knelt down and begged to be listed as one of the members of the family, he would not allow it.

Osford had enough of all the foolish ideas!

"Alright. Osford, just take my suggestions as a joke," Luqman said simply.

It had nothing to do with him even if Chuck entered the Cannon family.

"Don't mention this again."

"Yes. Then should we tell Young Master Chadrick about this?" asked Luqman.

"No! I don't care about Chadrick for the time being. Using his son should be enough for me! I'm going to teach Chadrick a lesson on how to use pawns through his son Chuck. If Chuck really has a way to lure Sabina out, then the Yeager family will belong to our family!! When the time comes, I'll see how arrogant Adriana can still be! I'm going to destroy the Whitlock family!"

Osford yearned to savour the sweet taste of vengeance.

After all, their family had been suppressed by the Whitlock Family for a thousand years! For dozens of generations!

The Cannon family was always the third!

He had enough of being last in place!

He wanted to turn over everything!!

"That's right. After absorbing the Yeager Family, the Whitlock Family wouldn't even be a big deal anymore! However, I'm still worried that Chuck doesn't have the ability to take down Sabina! That's because his combat strength is too weak....."

Luqman remembered that Chuck couldn't even lift a thing at 200 kilogrammes just a few moments ago! 

What a joke!

Was he actually the son of Karen?

He was just too useless!

How could he try to assassinate Sabina with that strength?

He'll be a fool to think he could!

"Well , as long as he has a way or proposed a way to draw Sabina out, Chuck will be a dead man for me!" Osford giggled.

"What do you mean?" Luqman enquired.

"He is my substitute pawn. I have no use for him once he lures Sabina out. He is just a pawn that can be disposed of at any time. I don't care if he is alive or dead, so do you still think that Sabina has any chance to get away alive?" Osford chuckled to himself.

"Oh, I see!"

What was Osford's plan?

Osford's plan was to blow them all up with a bomb!

His plan was rather simple.

"Go and prepare! Three days from now, I want to see how Chuck plans to draw Sabina out! I'm curious about it!"

The insidious laughter of Osford echoed sinisterly in the dark room.

With a grin, Luqman went to make the necessary preparations!

"Chadrick, you have to look closely. You have to learn how I use a pawn! Don't let me down again!" muttered Osford.

He had high hopes for Chadrick!

...

"I- I can't wait any longer. I'm going up there to look for Chuck!" Yvette was already trembling with fear!

Chuck had been gone for so long!

That could very well mean that things had not gone as planned.

Had he been restrained by the Cannon family?

Yvette panicked at the thought of that!

She was too worried about Chuck!

"Have some faith in Chuck! I believe in him!" Betty advised her.

That's right!

Chuck had taken over Karen's place!

On their way there, Chuck was calm and collected that Betty almost thought she was with Karen.

It must be an illusion!

When Karen handled things, she would never be flustered by anything even if the world was collapsing in front of her!

Chuck also had such temperament!

"I believe in him, but..." Yvette could not calm herself down!

"Yvette, you have to know that Young Master Chuck has President Lee's blood running in his veins, and also her genes! Young Master Chuck is growing up! One day, he will be an independent man, another President Lee! He is heading in this direction slowly! I can see it!" Betty explained to Yvette, feeling relieved herself.

If Karen knew it, she would be glad!

"Hubby!" cried Yvette when she suddenly noticed Chuck.

She threw herself at him desperately. It was a hug after going through the torment of waiting for Chuck!

In fact, only an hour had just passed. Yet, the wait felt like a year to Yvette!

"I'm here!"

"Young Master Chuck, what did Osford say?" enquired Betty.

"Osford has agreed to cooperate with me! No, wait. He actually said he'll use me..." answered Chuck with a shrug of his shoulders.

"What would happen to you, Young Master Chuck?" Betty was shocked to hear that!

Yvette could not hold back. "Hubby, is Osford sending you off to die!?"

"It's not true. He is using me and I am also using him. We're just using each other," Chuck said with a devious smile.

"Young Master Chuck, what do you think? How can you take advantage of the Cannon family? Will Osford let you use him?" Betty was worried.

"Yes, hubby. I don't know why, but I hate the Cannon family very much!" Yvette revealed her thoughts. 

She felt uncomfortable when she got too close to their lair!

"I also hate it. I don't know why, but I think it's because of this place. Alas!" Chuck didn't know how to describe it.

"Betty, go and prepare. I want to use the simplest method to deal with Sabina!!"

"The simplest method?" Yvette and Betty were stunned!

What method was that?

Betty racked her brain to devise a plan but the Yeager family was just too powerful! Karen was also no longer with them...

"That's right, we need to cut the head off the snake! We need to use the simplest method. I don't have time to waste on Sabina, and I don't have the ability to do so either. The only method is to lure her out and get closure on this!" said Chuck while clenching his fists tightly.

His eyes had turned cold!

Chapter 874

"Darling, how are you going to lure her out?"

"That's right, Young Master Chuck. How are you going to lure Sabina out?"

Yvette and Betty both questioned his method.

The reason was very simple!

Chuck and Sabina had completely fallen out with each other!

It might have been very simple in the past for Chuck to call Sabina and asked her out. However, that was currently impossible!

"Three days later, I'll tell you. Let's go back and get ready!" said Chuck. There was a gleam in his eyes.

To be truly the best, in addition to combat skills, intelligence was also very important!

Both of those were indispensable!!

Intelligence was Adriana's most obvious advantage. After all, she didn't know how to fight.

Even the best fighter in the world was dumb, he would merely be a machine.

Therefore, intelligence was no less important than combat skills!

"Yes! Hubby, let's go back first!"

Yvette had been too worried moments ago. At the moment, all she wanted was to sleep in Chuck's embrace.

After all, it had been a long time since they had been like that.

Yvette had grown accustomed to sleeping with Chuck.

They had also become more and more distant.

However, Yvette wanted to experience the thrill of their childhood love. After all, she knew she would perish soon...

Betty drove the plane home together with Chuck and Yvette.

Was it really necessary?

It had to be executed perfectly!

It was because if it failed, there wouldn't be a second chance!

Sabina would use the power of the thousand-year-old Yeager family to destroy Chuck at all costs!

In terms of business, Chuck would definitely not be able to withstand her attacks!

Because Chuck hadn't grown up to be as strong as his mother!

After all, he still had too little experience!

Nevertheless, Chuck was prepared to kill Sabina to avenge his mother, Willa, and Black Rose!

...

What Chuck didn't know was that on the opposite side of his home, at a location far, far away, there was a pair of binoculars.

The person holding the binoculars was someone Chuck had encountered before. It was Eleanor!

That's right!

Unexpectedly, she couldn't locate Chadrick.

Therefore, in the process of gathering intelligence, she decided to catch Yvette first!

That would at the very least allow her to preserve her dignity in front of Adriana...

"So, you're Yvette? You're as beautiful as Miss Whitlock; your beauty is unmatched. Too bad Miss Adriana has fallen for your lover! It's not my fault, you can only blame yourself for this." Eleanor had been keeping a close eye on Yvette.

Her experience told her that she could secretly capture Yvette and take her to Adriana...

...

Meanwhile, Sophia was pacing back and forth at home.

Chuck had just called her to tell her that he wanted to come over!

Chuck didn't say much on the phone, but she knew that Chuck had something to do.

Indeed, Chuck had come to ask her for something because he was preparing to capture Sabina!

"Mom, why are you so nervous? Who is coming over?" Elisa wondered.

She was curious why her mother was pacing back and forth.

"It's nothing. Chuck will come over later," Sophia answered.

"Really? Chuck is coming? I- what should I say to him? His mother just passed away, how should I comfort him!" Elise had heard of that news.

Previously, Chuck had saved her from Loomis!

In her heart was filled with nothing but thoughts about Chuck!

Before that, she had already fallen for Chuck!

Currently, she was even more in love with him!

Sophia let out a sigh. It seems that her daughter had fallen for Chuck as well.

The truth was... Sophia herself had fallen for him also a long time ago due to that accident.

But what could she do?

Sophia knew that her feelings would amount to nothing.

However, what should she do with her daughter who had also fallen for Chuck?

Her daughter was still young.

She wasn't even twenty years old!

Sophia could not think of a way. It was easy to fall in love with a person, but it was simply too difficult to forget a person!

She had a deep understanding of that!

"Mom, why did you sigh? I- I'm going to change my clothes," Elise headed to her room, brimming with anticipation.

Chuck was coming; Elise's hero was coming.

She wanted Chuck to see her most presentable self.

Sophia waited for a while before Chuck was brought in. Her heart ached when they looked into each other's eyes.

She had found out about Karen's death quite early.

Although she wanted to do something, she couldn't.

What position was she in to comfort him?

She was in no position to be by his side!

"Sophia..."

"Chuck, are you alright?" Sophia enquired, her heart aching for him.

Chuck looked haggard.

Although his gaze was filled with determination, he had become much gaunter.

Pain closed its fingers around Sophia's heart at that observation.

"I'm fine. I want you to help me get something from your arsenal..."

"Whatever you want, I'll give it to you," Sophia promised, shaking with emotions.

She decided to comfort him.

Just a hug, she thought to herself!

Sophia wrapped her arms around Chuck. However, the embrace was filled with all the longing she had for Chuck for the past few days.

She wanted to see him, but she couldn't.

Sophia was feeling a wave of pain and torment that she had never felt before.

It was all single handedly caused by Chuck.

After a moment of silence, Chuck spoke, "Sophia, I...."

"I know, I know what you want to say. I don't need you to do anything, I just want you to be in a good place." Sophia was very open-minded at her age.

Chuck was still young, and he still had a wonderful future ahead of him. She should not deter him.

After all, Chuck didn't feel anything for her.

"Mom, what are you doing?" Suddenly, a trembling voice came from outside the door. Elise had witnessed the entire scene...

Chapter 875

Elise looked forward to seeing Chuck again.

She had already thought about how to comfort Chuck!

In fact, she also wanted to bring Chuck to the bar for a drink. Through that, she could relieve Chuck's sorrow of losing his mother!

However, things did not go as planned.

She had never expected that she would see her mother and Chuck wrapped in an embrace!

At the sight of it, Elise felt as if the sky was about to fall on her!

She really liked Chuck!

She knew it very well!

However...

Did her mother like Chuck too?

"Elise!" cried Sophia. Her face was a white sheet of shock!

She had been worrying about that matter since the moment she had fallen for Chuck.

Would her daughter discover her love for Chuck?

Sophia was very afraid!

She feared that she would hurt Elise!

Unfortunately, her fear turned to reality.

On that very day, that unimaginable scene unfolded before her.

In that instant, their eyes locked together!

Sophia was terrified!

"Mom, I... I'm sorry to disturb you." With that, Elise ran out crying.

"Elise!" Sophia's heart ached.

Why did she hug Chuck?

"Sophia, let me go after her."

Chuck sighed. He had come to ask Sophia for a favour. To his surprise, things evolved in such a manner.

"Chuck, you must bring Elise back. Please, I'm begging you. I'm too ashamed to see her!" Sophia's eyes were brimming with tears.

She used to be a charming woman!

But at that moment, she was a woman who wanted to die!

"Don't worry!"

No matter how fast Elise was running, she was no match for Chuck!

Chuck went and chased after her!

"Elise, I'm sorry," Sophia said as she burst into tears silently.

The loud roar of the engine sounded outside the house.

Elise was leaving in a vehicle!

Everyone in the household was stunned!

What was going on? they wondered.

Following her example. Chuck got into his own car and chased after Elise!

After Chuck's strength had improved, he became bold yet cautious.

He was also good at driving! He was comparable to a professional racer!

In retrospect, he had been so afraid to drive at a high speed when he had first driven the first car he had purchased. How time flies!

The engine of his car hummed loudly.

Chuck floored the accelerator, causing the engine to roar!

He was almost there!

The roaring of the engine only grew louder as he approached Elise's car.

Suddenly, Chuck drifted to the front of Elise's car!

Elise was tempted to collide with his car. However, she stepped on the brakes!

Her face was ashen.

"Let's have a chat," Chuck said as he got out of his car.

"No, I don't want to talk to you." Elise refused.

Her beautiful face was stained with many tears!

She couldn't accept that the person she liked was actually...

Although his mother had been divorced for ten years, that was not going to work!

"Don't you want to know what happened?" Chuck asked calmly.

"No, I know you are in a relationship with my mom. I don't want to know anything else. And if I didn't see it today, how long are you going to hide

it from me? How long do you want to hide it from me? I really like..." Elise cried bitterly.

"Let's have a chat. I'll wait for you over there." Chuck nonchalantly headed over in the direction he had pointed. 

It was a sunny day. Around them, there was no one; only trees and grass!

It hadn't been like that for a long time.

Recently, Chuck was pondering what would have happened if his mother hadn't called him in the past. What if she hadn't given him five million dollars? Would Chuck rather have his life to be a mess as it had been in the past?

He wondered if his mother was alive.

Nonetheless, Chuck's heart was calm and still.

Meanwhile, Elise had been crying for a while

Watching Chuck sitting there alone, she suddenly remembered that Chuck's mother had died recently.

Therefore, Elise suppressed her tears and got out of the car.

She sat next to Chuck.

As the two of them enjoyed the breeze, Chuck handed her a tissue. "Don't cry."

"I don't want to! Tell me! When did you start going out with my mom..." Elise was fuming.

"If I tell you that it's something that I didn't expect, will you believe me?" Chuck recalled what happened that day.

"I won't!"

Elise stubbornly refused to believe!

"Then do you believe your mother? Do you not trust your mother at all?"

"I... I believe her, but, regarding this matter, I can't trust her." Once again, Elise burst into tears.

"That day, she went to see the Oatker family and drank a glass of wine. You know what type of wine that was. Later on, I discovered her by accident. I took her with me to send her to the hospital, but..." Chuck began to explain.

"But what?" Elise asked in exasperation.

What?

How could the Oatker family do such a thing?

"Maybe she couldn't control herself. I know I couldn't restrain myself. Then, it happened when she and I didn't expect it," Chuck said.

Elise was stunned to hear that. "That's it?"

"Yes, that's it. What do you think? Did you think I forced myself on her?"

Chuck shrugged his shoulders.

"No, I..." The truth was that she had thought so.

After all, Sophia had been single for so long. Elise simply did not believe that Chuck had managed to attract her.

However, when Chuck revealed the truth to her, she suddenly felt sad.

She didn't know about it until then!

Her mother had encountered such a thing at that time!

If Chuck didn't show up, how desperate would Sophia have been?

Elise did not dare to think about it!

"Why didn't she tell me?"

"How could she?" Chuck said with a shrug.

Sophia adored Elise. Therefore, how could she say it?

There was no way she could bring herself to tell her!

No one in her position would do that.

"Then you started to like her because of that, didn't you?" Elise asked. Her hands had become clammy with sweat.

Chapter 876

"I... "

"Stop talking, Chuck. I don't want to know." Elise covered her ears. 1

Unconsciously, tears started welling up in her eyes again.

"What are you hoping for?" Chuck enquired.

"As a daughter, I hope you like her! I plead you to like her, because she has been under a lot of pressure lately as the burden of the family is heavy on her. I've always wanted to find a man for her, to help her, but she has always refused my attempts." Memories of the past began to resurface in Elise's mind.

In fact, she had grown extremely exhausted over the past few years.

For a long time, Elise had been trying to introduce different men to Sophia!

However, Sophia hadn't taken any interest in any of them.

Therefore, after a long period of time, Elise finally gave up.

Chuck smiled faintly.

"But, as a woman, I don't want you to be with her, because I also like you," Elise admitted, tears trickling from her eyes.

Chuck sighed at that. "Why do you like me? Haven't you always looked down on me?"

"Yes, it was like that at the beginning. I hated you very much, but after you saved me in the Amazon forest, I began to like you." Elise confessed the truth.

Once again, Chuck heaved a sigh.

Chuck neither hated nor liked Elise.

Even if there was any feeling, it was also because of Sophia.

Nonetheless, whatever he felt for her was not romantic love.

"I think you have mistaken your feelings of gratitude towards me as romantic feelings."

"No, definitely not. I know it very well. I like you! I really like you!" Elise anxiously corrected him.

Chuck was silent for a while. Finally, he told her, "Please forget about this feeling."

Elise started crying silently and said, "Don't be so cruel to me. Please don't be like this. I've never liked a person, and you're the first one."

"For Sophia's sake, I can also like you," Chuck said.

"No! I don't want that! I hate that kind of love!" Elise broke down in tears.

She was young and beautiful, and her figure was one to die for.

She had had many admirers since her days in school.

However, she didn't like a single one of them!

She thought that she would marry a handsome man!

However, things did not turn out that way.

Elise didn't expect that she would fall in love with Chuck, whom she had hated the most previously.

Chuck remained silent.

Elise continued crying for a long time until the sun set.

Even when nightfall was nigh, she was still crying!

Her eyes turned red and swollen. However, Chuck did not say a single word to comfort her.

She was twitching.

In the end, she ran out of tears.

Perhaps it was because she was tired of crying, or maybe she had suddenly figured it out.

Her beautiful eyes looked at the moon in the distance as she suddenly fell silent.

"Are you done crying? I'll send you home," Chuck said.

"Well, that's not necessary. I'll go home by myself." Elise rejected his offer.

She got up and got in her car.

However, Chuck caught up with her. "I'll take you home."

"Who are you to send me back?" Elise asked.

Chuck was stupefied.

He had a wife and it was Yvette!

So, who was he to her?

Even he himself didn't understand.

"Whoever you think I am, it doesn't matter." With that, Chuck lugged

Elise into his car.

Chuck had promised Sophia that he would bring Elise back safe and sound.

Finally, they arrived home.

Elise calmly said, "Well, I'm home now. You can go back."

"I still have something to say to Sophia. Are you going to drive me away?" Chuck asked.

Without a response, Elise got out of the car and went in alone.

Chuck was silent for a moment. The situation he was in was unspeakably awkward.

He felt like a fool!

Chuck entered Sophia's house.

In the house, Sophia was hugging Elise!

Sophia was overwhelmed with emotions, and she could no longer hold back her tears.

She had waited for a whole afternoon, and it had been a nightmare!

"Mom, I'm sorry. I won't be self-centered anymore." Elise apologized.

Elise had thought it through.

Sophia had tried her best to raise Elise up. Elise should know how to behave!

"Elise, I'm sorry, I..."

"Don't say that. You're worried about hurting me. I know."

Chuck nodded.

Chuck told Sophia that he had already convinced Elise.

Sophia felt grateful.

"Mom, you two talk. I'm going in." With that, Elise entered her room.

"Don't go, I won't see him again." Sophia knew that Elise was sad.

It was true Sophia had affection for Chuck!

However, she knew that there would be no outcome from their relationship!

Since that was the case...

It's best to keep it to herself forever!

It would be the best to have Elise instead of Chuck.

She should just treat her affection for Chuck as an unattainable

fantasy.

"No, you should see him. I'm going in." Elise returned to her room.

Sophia was at a loss. What had happened to her daughter during the afternoon?

She thought that Elise would make a fuss and find a place to hide.

However, it didn't occur!

Did it mean that she had grown up?

Sophia was moved and distressed at the same time. How capricious was Elise beforehand?

After all, Elise had knocked Chuck out and brought him to Amazon!

Yet, Elise was currently so rational that Sophia couldn't even believe her eyes!

"Sophia, I..."

"Chuck, you and I should stop here. You have given me something to keep in my memory and that's enough. Can we end it here?" Sophia said.

Chapter 877

Sophia struggled to say those words. Upon saying those words, her heart began to bleed.

She had never fallen in love with a man since her divorce.

How many men had Elise introduced to her?

She didn't even bother herself with a single one of them.

Time had made her realize that she had gone through a lot in the past.

She had believed that she would live a lonely life until her death!

After all, there were too many things in the family for her to deal with!

She had long shut her heart from anyone and any romance!

Only Chuck was able to break down her walls and capture her heart, especially after they had made out in the car that day.

Sophia's love for Chuck was as if he was her first love!

Seemingly attached yet surreal!

"Yes."

Chuck agreed.

He knew that Sophia must have suffered a lot.

Since Elise had witnessed the previous event, she would not be able to accept it!

Ending their relationship was perhaps the best way to deal with the current situation.

It would also allow Sophia to calm down a little.

That was the only way for her and Elise to get along with each other.

Sophia sighed, "No matter what, I hope you'll be happy. I know what happened to your mother. I hope you won't be sad. If there's anything you need, just tell me. I... I have a new weapon in the arsenal..."

Chuck was moved by her words. "Sophia."

"I know Karen's strength. She broke into my house alone at that time. How could she die because of an accident? Someone must have assassinated her. This person might be..." Sophia was an intelligent person!

After analysing the event, she knew it was impossible that it was an accident!

Chuck covered Sophia's mouth and shook his head. "Don't say that. I don't want to drag you in!"

"I'm not afraid." Sophia was not afraid at all.

If it wasn't for Chuck, Loomis would have killed her a long time ago.

If Chuck wanted the support of Sophia's family, she would let Chuck have it.

What's more, she was cooperating with Chuck.

The money had been transferred to Chuck every month.

"I'm afraid..."

Chuck was afraid that Sophia would be killed by Sabina.

Therefore, Chuck was very careful when he came over.

Sabina should have no idea about his relationship with Sophia!

Sophia was deeply moved and asked, "What do you want?"

"Do you still have the bombs from last time? Please give me all that you have."

"I made it myself. This is even smaller in size. There are hundreds of them, and I'll give them all to you."

Sophia took out a small pearl. It was even smaller than the bomb given by the mastermind behind the scenes.

It was a modified version, so it should be more powerful.

As a specialised weapon dealer, it was not difficult for Sophia to make that weapon.

"No, thirty is enough." Chuck shrugged.

He needed them as a backup plan!

If Sabina did something else, Chuck might choose to perish together with her!

Sophia went to get them, and finally gave Chuck fifty of them.

Chuck took a bag and put them into it.

They were convenient to carry and undetectable by any device.

"Take good care of yourself. If I can..." Chuck wanted to say that if he could survive, he would come to Sophia again.

He would visit her for a good chat.

"Don't say that! You will live. Although I broke up with you, my things are still yours. I'll help you to become the richest man in the world, okay?"

Sophia knew what Chuck meant.

Chuck was working hard.

She also had friends in Chuck's country. Therefore, she knew that before Chuck returned to the United States, he had made some drastic developments in his own country.

She was aware of Chuck's ambitions.

"Sophia, there's no need for that. I'm going back. You should have a chat with Elise." Chuck did not dare to stay there for too long.

He was worried that Sabina would go crazy and go after Sophia.

"Chuck, I will never forget what happened that day. I'll remember it for the rest of my life." Sophia burst into tears.

She couldn't help it!

"Neither will I!" With that, Chuck turned to leave.

Sophia sighed.

She felt like she had lost her soul.

Perhaps it was better that way. After all, it was impossible for her and Chuck to have a relationship.

Why should she bother Chuck?

"Mom..." Elise had overheard their conversation.

It was extremely complicated!

Sophia had said those words were for her own sake.

"Elise!"

Sophia hugged her.

They were embraced in a long hug. Finally, Elise began to speak.

"Mom, I've already gotten over it. Chuck doesn't like me at all, and I won't force him. If not, you won't be happy."

That was the decision Elise had made in the afternoon.

She had thought it through.

"That's not the case. Even if it weren't for you, it would still be impossible for Chuck and I to have a relationship." Sophia was well aware of that.

It was simply impossible at her age!

What's more, Chuck had a wife.

She couldn't just force herself onto Chuck!

"Why is it not possible?"

"You know that he has a wife."

Elise felt helpless. "Well, well, I didn't expect this. Mom, you... I..."

She was extremely agonised!

Elise also knew that even if there was no Sophia, it was impossible for her and Chuck to be together.

That had been the case ever since she hit Chuck on his head with a steel pipe.

Therefore, she knew she stood no chance to be with Chuck.

"Elise, please adjust your thoughts."

"I can't help it. My heart is empty. Except for him, I won't like anyone. If we cannot be together, then so be it. As long as he's well, that's enough," Elise looked calm.

"Elise, you... Alas, I too..." Sophia sighed.

She hoped Chuck would be fine!

Chapter 878

There was a commotion in the Yeager family!

"Master Sabina! Master Sabina!" The members of the Yeager family ran in quickly!

Basically, all the core members of the Yeager family had come running.

At the moment, Sabina was planning the future of the Yeager family.

The recent developments of the Yeager family was evident to everyone!

The goal of Sabina was to become the first family!

Sabina thought of Adriana!

She was also a woman, so Sabina would definitely think of ways to surpass Adriana.

That was the goal Sabina set for herself!

"What's wrong?" Sabina asked coldly.

"Someone from the Cannon Family has come to pay a visit!" said an elder.

That was too strange!

The Whitlock family and the Yeager family were close, but the Cannon family had not appeared for decades. It was as if they had disappeared!

Why did they suddenly visit?

It could be said that all the members of the Yeager family were surprised by that!

"The Cannon family?"

Sabina put down the items in her hand and asked in surprise, "Who came to visit?"

"The number one bodyguard of the Cannon Family, Luqman!"

"Luqman? How insincere! They sent a bodyguard here to visit! What the heck is a bodyguard doing here?"

"Don't tell me that they planned for Luqman to kill Master Sabina?"

"How dare that old fox do so!"

"It's not like that. In addition to Luqman, there is another person, Xandra. She's the eldest granddaughter of that old fox of the Cannon

family!"

"Oh, that's good!"

The members of the Yeager family were discussing among themselves.

The Three Great Hidden Households had been fighting both openly and secretly for so many years. However, the intention of their sudden visit was still unclear!

"Master Sabina, do you want to meet them? I think they are up to something!"

"That's right. That old fox of the Cannon family is up to no good! He has been quiet for nearly twenty years. Who knows what he's up to?"

Many members of the Yeager family opposed the idea of meeting the members of the Cannon family.

After all, Sabina was the current pillar of the Yeager Family!

Something bad could easily happen!

What should they do in that case?

That was what they, the members of the Yeager family, were worried about.

"I will meet him!"

Sabina was looking forward to it.

"I don't need to guess what the Cannon family is up to because I know it very well. Each of the three families has the same idea. They all want to get rid of the other two families so they can become the one and only! This is the goal that everyone has in mind!" Sabina said. 1

"That's right. The Three Greatest Households are all aware of each other, but we didn't announce it openly. In this situation, you have to be even more careful! The Cannon family's old fox is definitely up to no good!"

...

The other family members analysed the situation and reminded Sabina.

"I want to know what he is up to. Don't forget that Master Osford must be approaching me for some reason. Through his messengers, I make a conjecture of the situation of the Cannon family! Let the two of them in!"

Sabina ordered.

Her words instantly persuaded the members of the Yeager family.

Immediately, they went to make arrangements!

"The Cannon family? Xandra?" Sabina's eyes gleamed at the thought.

"Master Sabina, we have brought him in!" reported one of her men.

With a nod of her head, she went out with them!

Their meeting place was a very spacious room.

It was lined with a thick bulletproof glass.

Luqman stood there, and there was a person beside him!

It was a woman in her forties, who looked somewhat similar to Chadrick.

Sabina observed Xandra whom she never had met before.

However, rumours had it that Xandra was a promiscuous shrew.

"So, this is the new head of the Yeager family. I apologize, the Cannon family has been too busy recently, so we only have time to congratulate you today. I hope you don't mind!" Xandra smiled faintly.

Her voice was laced with sincerity!

"You're too kind." Sabina shrugged.

Luqman was surprised deep down.

It was the first time he met Sabina!

The look in that woman's eyes was comparable to that of Adriana Whitlock!

Such a look in her eyes meant that she was a powerful woman.

As the Cannon family's number one combat master, he had the exact feeling that that was the case!!

"How's Master Osford?" Sabina enquired.

It was rumoured that Osford was 100 years old.

His longevity was rare.

"My grandfather still can eat and drink! He's doing alright!" Xandra answered.

Naturally, the members of the Yeager family didn't believe it!

Being almost a hundred years old, he must be at death's door. Yet, Xandra claimed that his condition was not bad?

Who would believe it?

"That's good. Why did you suddenly visit? You can directly tell me!"

Sabina was straightforward.

"All right then! I don't want to take up anymore of your precious time. My grandfather would like to invite you to meet him alone!" Xandra said.

"Why does he want to meet Master Sabina alone? He can't meet her here? What is he trying to do?" The members of the Yeager family were blunt! with their thoughts

Sabina's beautiful eyes sparkled. "Meet me alone? I don't have a close personal relationship with Master Osford. There's no need for us to meet alone!"

"The truth is, my grandfather wants the Cannon family and the Yeager family to form an alliance."

"Alliance? I think you are looking for someone to depend on instead?"

"That's right. The Cannon family is the last amongst the Three Greatest Households! Why do you call it an alliance? You must be looking for someone to depend on?"

All the members of the Yeager family mocked Xandra.

"Master Yeager, is this how you treat your guests?" Xandra asked, her expression suddenly clouded.

"I'm not interested in forming an alliance!" Sabina refused.

"Really? You'd better look at this first, Miss Yeager!" Xandra took out something.

Chapter 879

Xandra took out a tablet.

"Miss Yeager, you can look at it first! We'll talk about the alliance later!"

The members of the Yeager family immediately scanned the information for anything significant.

However, they couldn't find anything there.

Therefore, they passed it over to Sabina!

In just a span of 10 seconds, Sabina's expression changed.

Sabina was shocked!

Everyone in the Yeager family was shocked after they saw it too!

"I think Miss Yeager has already figured it out clearly. The Cannon family has been quiet for many years. We have no choice as the Whitlock family is very powerful. Therefore, we are forced to remain silent!"

"However, we didn't sit idly by! Twenty years ago, the Whitlock family made a plan! I don't need to say what the purpose of this plan is, you must know by now, Miss Yeager!"

"I heard that Adriana will do something to convince the Whitlock family when she inherits the leadership of the family! No one knows what she is going to do, but it's not difficult to guess!"

"Yes, this is the strength of the Whitlock family! It's even stronger than how it looks on the surface! Since you have seen it clearly, I think that this alliance should be reconsidered!!"

Xandra had spoken a lot.

The expression on the faces of the Yeager family was different from before.

They were whispering to each other in discussion.

Sabina put down her tablet.

"So, these are the activities of the Whitlock family that you've found?"

Sabina asked Xandra.

"That's right!"

"Our Yeager family has known two-thirds of it, but there's one thing that we had no idea about!"

That was the reason why Sabina's expression changed!

The Yeager family was not sitting idly by too!

The Yeager family was aware of the terrifying strength of the Whitlock family. How could they not make preparations in advance?

"Oh, which one?"

"Everyone is more powerful than they look. This applies to the Whitlock family, your Cannon family, as well as my Yeager family! There's nothing to exaggerate about!"

Sabina shrugged her shoulders.

Her response made Xandra frown!

"What my Yeager family doesn't know is that your Cannon family has collected so much information!"

Sabina continued to say.

"Miss Yeager, it seems that you haven't told the truth! I'll just say it then, you didn't know about the immediate heir of the Whitlock family, Adriana, right? To be fair, that is a bit unexpected! I'm certain you didn't know!" Xandra chuckled.

She was confident.

Sabina looked at the tablet again. "So?"

"So, my grandfather is inviting Miss Yeager to have a private chat about the alliance! After all, with the strength of the Whitlock family, they could destroy the Cannon family and absorb our forces. When that happens, is the Yeager family able to withstand their strength?"

"If we don't form an alliance, our Cannon family will be the first to be destroyed. The next would be yours!"

"Hmph, are you looking down on the Yeager family!?"

An old man in the crowd scoffed.

"Are you looking down on Adriana?"

Xandra immediately retorted.

The old man was furious!

Meanwhile, Sabina's eyes sparkled!

"Let's form an alliance to fight against the Whitlock family! Destroy them, then the Yeager family and the Cannon family will share the power equally!"

Xandra repeated again.

Sabina glanced at her. "This is the alliance you want to form?"

"Yes, Miss Yeager can think about it! By the way, there is something in the tablet that Miss Yeager hasn't read yet! You should take a look at it first! I'll go back and wait for your reply!"

With that, Xandra left.

Luqman followed close behind!

They left the members of the Yeager family behind.

The members of the Yeager family were exchanging changes but they didn't stop them!

Meanwhile, Sabina was silent!

"Miss Yeager, that cunning old man from the Cannon family is trying to manipulate us!"

"With just the strength of the Cannon family, they must need someone to depend on. Shame on them!"

"Didn't Xandra say so herself? She admitted that the Cannon family would be destroyed by Adriana. They are going to die anyway. They want to drag the Yeager family along with them too! 'If you refuse to cooperate with me, your Yeager family will not escape death once we were destroyed! How shameful!' One of the family members mocked.

"Ah, they are indeed shameless. If the Cannon family is really destroyed by Adriana, their strength will definitely be increased a lot! Once Adriana destroys the Cannon family, our Yeager family will also be in jeopardy!"

"So, do you mean that we, the Yeager family, must cooperate with the Cannon family?"

"What the f*ck! I want to kill the cunning old man from the Cannon family! He only knows how to drag us down but he doesn't work to save himself!"

"Miss Yeager, what do you think?" someone asked.

After a moment of silence, Sabina finally said, "The Cannon family has made things clear. I think..."

"What do you think?" interjected another person.

Then, another discussion among the members ensued. "What's wrong with that? Why is the cunning old man from the Cannon family so aggressive? This isn't his style!"

"What kind of person is he? He's an extremely shameless person! In my opinion, let's not cooperate with the Cannon family, instead, we

shall take over their power. By that time, we will have the strength to fight against Adriana from the Whitlock family!"

"Hey, this is a good idea!"

"What the heck! What's the idea? It's not too difficult for us to destroy the Cannon family, but will Adriana allow us to take over the Cannon family? Is that even possible? At that time, if we're attacked, we'll lose faster. Perhaps Adriana wants to see us fighting with the Cannon family and she'll reap the benefits while we are in chaos!"

"What should we do?"

"It's a difficult decision! Should we cooperate or not!"

The Yeager family fell into silence!

It was clear that danger was at their door!

"Miss Yeager, what do you think?"

Everyone's eyes were fixed on Sabina!

However, Sabina was looking at the information on the tablet!

All of a sudden, something caught her eye. Immediately, her eyes gleamed!

Chapter 880

"Miss Yeager?"

Yeager family!

Sabina's silence made everyone in the Yeager family anxious.

What was Sabina contemplating about?

"Miss Yeager, are you really going to agree to the alliance? That cunning old fox from the Cannon family is doing this on purpose!"

Everyone in the Yeager family was enraged!

"Let me think about it! You guys may go out first!"

Since Sabina said so, everyone had to go out!

Her beautiful eyes were fixed on the tablet! She fell into silence!

.....

Cannon family!

"Grandpa, I saw Sabina!"

Xandra said.

She and Luqman had indeed returned.

"What did Sabina say?" asked Osford Cannon.

The day before, Chuck came again and explained to them the method of the alliance to draw Sabina out!

Osford thought that there was no better way, thus he agreed!

Looking at it now, Sabina was still contemplating it.

Xandra told everything that had happened in Yeager family!

Osford had a pair of sinister eyes as he said coldly, "You once said that Sabina and Adriana are almost similar, haven't you?"

"Yes, I think so. Sabina is really calm, which is quite similar to Adriana! To be honest, if we don't kill her as soon as possible, she'll be as dangerous as Adriana was if she brings up the whole Yeager family!" Xandra said.

"Is that so? What do you think, Luqman?" asked Osford.

Luqman was silent for three seconds. "How should I put it, Sabina really gives me the same vibe as Adriana. The heir that the Yeager family have this time is really good. We have to kill her! It's..."

"What is it?" Osford asked as he straightened his back.

"It's just whether Sabina will agree to the alliance. Also, even if she agrees, can Chuck really kill her? These are all uncertain!" Luqman said.

He felt that Sabina had this kind of strength.

To control and kill a woman like her was extremely difficult.

Moreover, although Chuck was Karen's son, his strength was much worse than expected.

To depend on him?

There was not much hope!

"What do you think, Xandra?" asked Osford.

"Grandpa, I also think that Sabina is much better than Chuck. If Chuck is to kill her, we must do our best. Otherwise, we can't succeed."

This was Xandra's opinion.

Osford's expression looked horrid. "Let's see if Sabina agrees to the alliance. She will come to talk to me if she does. Then, it could be considered that we've managed to lure her out. If she doesn't agree, then it's useless to say anything now!"

That was true!

Nothing was certain now!

Why were they discussing it so soon?

He had listened to how Xandra and Luqman commented about Sabina!

He didn't know what to do.

"I don't think Chuck's method is feasible. Sabina won't be fooled. We'd better find another way!" Xandra said angrily.

The more he thought about it, the more strange it was.

Sabina wasn't a fool!

Why would she be tricked?

"It's a waste of time. We believed in Chuck too much. I didn't expect that he would let us down!" Xandra said.

Osford's expression looked terrible!

"Luqman, ask Chuck to come over now!"

"Yes, Osford!"

Luqman called Chuck.

"Osford, Chuck said that he's almost here."

Luqman said.

"Huh, he still has the nerve to come here? He has wasted my time," Xandra said coldly.

Although he was indeed Chuck Cannon, she didn't want to acknowledge him!

Osford looked troubled. "Let him come over and explain himself!"

"Grandpa, you really believe him too much. Look at him, he's just trash! He has no skills at all."

Xandra said disgustedly.

"Look at him, if it weren't for the fact that he's Chadrick's son, he wouldn't even be qualified to be part of the Cannon family!"

"Let's not talk about it first. When he comes, let's see what he has to say!" Osford also felt that this would not work.

"Let's see if Chuck has any other ideas!"

If there was none, then he will continue to be Karen's replacement!

Ten minutes!

Chuck came alone!

"Chuck, yesterday, you clearly said that Sabina would definitely agree to the alliance! I had just come back from there, and she didn't even show any signs of agreement. I almost exposed our Cannon family!"

Xandra said angrily.

The more she looked at Chuck, the more annoyed she became!

Chuck was also a part of the Cannon family. How could he be so useless?

"Just do as I say. There won't be any problems. Sabina will agree!"

Chuck shrugged.

The three hidden families were indeed in such a situation at the moment!

Using the method of the alliance to lure Sabina out was the most direct method.

"I don't think so. You weren't at the scene. Sabina is so clever! I don't think she will agree!" Xandra said angrily.

"Chuck! Your idea will not work!" shouted Osford.

"Why not? It's such an important matter, she must contemplate it! Give

her some time. In the end, she will agree!" Chuck insisted.

"Huh, I really don't know where your confidence comes from! Fine, even if Sabina agrees, how are you going to kill her with your current strength? Please don't embarrass yourself, okay?"

Xandra was really angry!

Her brother Chadrick was excellent. How did he give birth to such a useless son? 

 [Watch Ads to Get 15 Vouchers](#)

Chapter 881

"You don't need to worry about how I will kill her! You just need to do your part and we will carry out our own duties! This is how we cooperate!"

Chuck said coldly!

"You little brat, how dare you speak to me like this? Luqman, catch him!" Xandra was furious.

How dare a good- for- nothing who couldn't even enter the Cannon family say something like that?

Luqman nodded!

He also had to listen to Xandra's orders!

Chuck remained unfazed!

"As I've said, I have given Sabina some time to think about it!" Chuck repeated.

Luqman looked at Osford!

"How long does she need to consider it? Does she want me to wait for her for ten days or half a month?"

Osford didn't have so much time to waste!

Adriana was about to inherit the Whitlock family, thus she would definitely make a big move!

"You don't have to wait that long. Her action and execution is powerful! She'll give you a reply in at most a day!"

Sabina was indeed cold-blooded and insidious!

However, in terms of her execution ability, after she became the head of the family, it would not regress. Instead, she would consider the problems faster than before.

"Who do you think you are to speak for her? Don't think that you are great just because you and Sabina know each other. Do you think that you already have her, and you can see through her? What? She is now the head of the Yeager family. Who do you think you are?" Xandra said angrily. 

However, she didn't finish her words!

Ring, ring!

Her cell phone rang!

When Xandra took it out, she frowned and was not ready to pick it up, because it was a stranger's number!

"I think you should take it! Perhaps, it's Sabina." Chuck shrugged.

"Are you sure? If this is indeed Sabina calling, I will kneel in front of you today! If not, your mother will kneel before me for a day!" said Xandra while being furious!

How could it be a phone call from Sabina!

How long had it been since she returned?

She felt that Sabina was so smart that it was impossible for her to agree to form an alliance!

"Okay, just pick it up!"

Xandra answered the call. Three seconds later, she was shocked!

Twenty seconds later, she was even more flabbergasted!

Luqman was also shocked!

Osford noticed their expressions and was curious. He asked, "Xandra, who is it?"

"Dad, it's, it's the Yeager family!" Xandra was shocked!

"What did they say?"

Osford had already stood up!

"They said that Sabina has agreed to form the alliance!" exclaimed Xandra. She still couldn't believe it!

Was this phone call real?

"Really?" Osford was surprised!

Luqman was also very surprised!

Sabina had agreed!

How could she agree!

"It's true. But the Yeager family said that they'll meet us personally after ten days!"

"Why do they need ten days? Can't they just do it now?" Osford said coldly.

Chuck's eyes sparkled and a mysterious expression emerged on his face...

"Yeager family said they can't do it now!" Xandra didn't understand why they needed ten days either!

Why ten days?

How much would change in the coming ten days?

"What do you think, Luqman?" asked Osford.

"I feel like this is quite normal. A woman like Sabina will definitely be cautious. It's normal for them to take ten days to prepare!" replied Luqman!

Everyone would have a moment where they would be cautious.

Especially for such a crucial event.

Osford's eyes looked sinister while he was pondering.

Sabina had really put much thought into this matter!

"Chuck, what do you think of ten days?" Osford asked again.

"It doesn't matter. As long as she agrees, it's good enough. I'll be ready in ten days, and you'll be ready as well!"

Chuck shrugged and said.

Had Chuck anticipated that she would take ten days?

That Sabina would definitely say that she needed this amount of time!

As for why, Chuck had also thought of it.

"I hope that in ten days, you can really take down Sabina for me!" Osford's eyes sparkled!

He had been waiting this day for too long!

After so many years, the balance between the hidden families was finally about to change!

"Of course, I'll be ready!"

Chuck's eyes were ice-cold!

In ten days, Chuck would be prepared for everything!

He would make sure nothing went wrong!

"Good, you did a good job this time!" Osford praised.

Regarding this matter, Osford hadn't even thought of this so-called alliance plan!

Yet, Chuck had come up with such a plan and also succeeded.

"It's what I should do. This is what we call a cooperation!" Chuck shrugged.

"Grandpa, I think that we need to make a new plan here. There may still be a lot of changes in the next ten days."

Xandra proposed.

"Alright, you and Luqman can do it!"

"Yes, sir!"

"Yes, Grandpa!"

Xandra said coldly, "Chuck, what are you doing here? Don't you need to go and get ready? Don't forget that ten days is not a lot of time, because Sabina's strength far exceeds yours!"

She was right!

Sabina was indeed the head of the Yeager family!

Who the hell was Chuck?

They were not on the same level!

If he didn't prepare in advance, the probability of success would be very low!

"I'll be ready. You seem to have forgotten something."

"What? I haven't forgotten anything! You can leave! Luqman, follow me and get ready!"

Xandra wanted to leave, but Chuck stepped forward!

Luqman said coldly, "Chuck, what are you doing?"

Xandra was angry. She said, "How dare a b*stard like you block my way?"

Chuck was courting death!

"You said that you would kneel before me. You seem to have forgotten about this! So let me remind you, kneel down before me now!!!"

Chuck said!

Chapter 882

"You want me to kneel down? Do you think you are even worthy of it?"

Xandra said angrily.

Luqman's eyes turned cold!

Osford also had a horrid look on his face!

"Of course, I'm worthy! You said you would kneel down before me! Don't you remember? Let me remind you again, kneel down now!"

Chuck said!

"Do you know who I am?" Xandra was furious!

Since Chadrick was her younger brother, who was she to Chuck?

Yes!

However, she would never acknowledge it!

Because Chuck's mother Karen was just a pawn of the Cannon family!

The son of a pawn wanted her to acknowledge his identity?

"Chuck, go back! There's no need to bring this up any further!" Osford commanded.

What was the point of asking Xandra to kneel down before Chuck?

How could he save the reputation of the Cannon family even if Xandra knelt down?

"Don't bring this up? I wasn't the one who brought it up. But today, she must kneel down before me!"

Chuck had no room to negotiate!

Osford looked terrible. He said, "Chuck, don't you dare push it too far!"

Luqman was ready to attack at any time!

Since Chuck had offended the Cannon family, he would attack at any time!

Chuck Cannon?

He was a person who couldn't even lift 200 kilograms!

To be honest, he usually wouldn't have the right to make a move!

It was only at such a moment that he could!

Thirty percent of Luqman's strength would be sufficient!

Then, he would finish Chuck!

It wasn't too big of a deal!

Just a punch was enough!

Luqman was that confident!

"Push it too far? Are you saying that I'm pushing it too far? It was her who said it herself. Is this how the Cannon family keeps their word?" Chuck said coldly.

Osford was furious!

"Get down on your knees! Didn't you hear me?" Chuck stood up coldly.

Xandra was exasperated. She said, "You don't even have the right to kneel before me! You are not worthy to be knelt before either. You should know that I am your..."

"Xandra!" Osford looked grim.

Xandra realized that she almost made a slip of her tongue. She was furious after all!

"I will make you kneel!"

After that, Chuck left!

"What a b*stard, you want me to kneel down? Who do you think you are? If it weren't for you being Chadrick's son, our Cannon family would have already tortured you to death!" Xandra was infuriated!

"Aren't you going to make the preparations?" Osford was also infuriated.

"Got it, Grandpa! Let's kill Chuck in ten days as well! Grandpa, what do you think?"

Xandra asked.

For so many years, ever since she was young, she had never been treated like this before.

As for Chuck, she wanted him to die!

He wanted Xandra to kneel down?

It was extremely ridiculous!

"Of course! If Chuck can't kill Sabina, then I'll personally make sure that they go down together!" Osford had already made up his mind.

A pawn would have to be ready to be abandoned by his master at any time!

"That's good! By the way, all of Karen's property has been given to Chuck. At that time, let's also take everything that belonged to Karen. Although it is not much, it can at least enrich the Cannon family a

little!" Xandra said.

They must kill Sabina!

Everything that belonged to the Yeager family would be taken over by the Cannon family!

No matter big or small, the Cannon family would take over everything that Chuck had gotten from Karen!

The Cannon family would enhance their strength by taking over the Yeager family!

When that happens, wouldn't they be more confident when dealing with Adriana later on?

"Of course. In the next ten days, prepare it well! Sabina will also be prepared! Our success or failure will depend on this!" said Osford while his sinister gaze was sparkling.

Xandra and Luqman were also looking forward to it!

Once Sabina died, the balance would be shifted!

It also meant that the top household would be the Cannon family!

"Chuck actually thinks that he is cooperating with us. Little does he know that he's just a pawn of ours!" Osford smiled faintly.

What Chuck said the last time was not enough to persuade him!

Osford had agreed to cooperate!

However, he was just playing along!

Osford was pretending to cooperate with Chuck, but the truth was he was just taking advantage of Chuck!

Chuck was such a fool!

He still didn't know that he was being played, yet he was still so smug and complacent. Did he really think that he had convinced Osford?

It was the right decision not to let Chuck enter the Cannon family!

This kind of idiot would lower the entire standard of Cannon family!

.....

Yeager family!

"Ma'am, why did you agree to it? Isn't this the same as falling into the hands of that cunning old fox from the Cannon family? Sigh!"

Everyone in the Yeager family thought that it was not a good idea that Sabina had agreed to it!

It was like dragging the entire Yeager family into a mess!

In the face of all the doubts of the Yeager family!

Sabina said blandly, "No matter what the old fox of the Cannon family thinks, he's doing this for his own sake! Isn't that right?"

"That's right. That cunning old fox knows this very well. He's dragging us to form the alliance!"

All the members of the Yeager family sighed.

They were using Adriana as the pretext for this plan!

What could the Yeager family do?

They couldn't make a move at all since they were being caught in this situation!

Since the Cannon family was threatening them with their lives, the Yeager family had no choice but to agree!

There was no other way to go!

"That's right. The Cannon family knows very well that the Yeager family will cooperate with him! Thus, why shouldn't I just follow his lead?" Sabina suddenly said.

"Ma'am, what do you mean by this?"

All the members of the Yeager family were a little confused.

They were coerced to do so, so why do they still need to follow along with the plan?

All the members of the Yeager family couldn't do anything about it!

What was going on!

Were they supposed to allow themselves to be lured by the Cannon family?

"What I mean is if I didn't agree, then how am I supposed to meet that crafty old fox from the Cannon family? If I don't meet him, how am I supposed to destroy him? I'm taking advantage of this opportunity to wipe out the entire Cannon family in one fell swoop! That's because I hate being threatened the most!" Sabina said.

Chapter 883

Everyone in the Yeager family was shocked!

Then, their blood was rushing!

"Miss Yeager, are you going to take this opportunity to destroy the Cannon family?"

"Will there be any risks?"

"I think there will be huge risks!"

"There will always be risks in whatever you do. I think Miss Yeager is right. The Yeager family is the second family. Why should we be threatened and pressured by the Cannon family?"

The atmosphere in the Yeager family was gradually calming down!

They were all staring at the head of the family, Sabina, who had just uttered these words!

"Miss Yeager!"

"Do you really think the Cannon family is doing this for the sake of the alliance? It's not that simple! The situation now is so chaotic that everything can change in an instant! If we are not careful, we'll be swallowed completely by others! The cunning old man from the Cannon family reminded me that he was going to drag the Yeager family down. We won't let him do so! We'll destroy the Cannon family! As for Adriana's Whitlock family, do you think there's any need for us to be afraid of them?"

Sabina had thought about it for a long time before deciding to do so!

This was an opportunity!

To be on equal footing with the Whitlock family!

"Yes, Miss Yeager is right. We were at a dead end just now. We only thought of the alliance. We didn't expect that we could destroy the Cannon family!"

"It's an alliance and also a collaboration! It's just that the Cannon family has changed their way to become a part of our Yeager family. It's still a collaboration!"

Everyone in Yeager family was excited!

Sabina had proposed this boldly!

This made them excited!

To destroy the Cannon family!

This was an opportunity!

"Miss Yeager, what are we going to do about the cunning old man from the Cannon family? He won't let us succeed so easily, will he?"

"Of course, we must not look down on anyone! Please arrange and prepare for it, and I'll tell you what to do!"

"Yes, Miss Yeager!"

Everyone in the Yeager family was inspired!

"Wait! How's the surveillance on Adriana?"

"She's under our close monitoring!"

"Ten days later, there shall be no mistakes at all!" Sabina knew what the consequences of a mistake was, which was death!

"Yes, Miss Yeager!"

"Gather all information about Adriana at once!"

"Yes!"

Sabina stared at the tablet with her beautiful eyes and was deep in her thoughts!

Ten days, ten days...

"Adriana, Adriana!"

.....

"Young Master, are you going back?" Betty suddenly heard Chuck saying.

That was what Chuck said when he came back from the Cannon family.

She didn't expect that Chuck would do this!

She couldn't see through Chuck anymore!

It had only been a few days, yet Chuck had grown a lot!

Chuck was going back to Wolfen Sect!

Just in case Sabina over-prepared?

This should be the only chance. There shouldn't be any mistakes!

Therefore, Chuck thought of the Wolfen Sect!

His mother had a request for the Wolfen Sect!

She wanted everyone from the Wolfen Sect to attack him once!

Karen had passed away.

Chuck, as Karen's biological son, should be able to make use of this request!

Chuck didn't know, but in the next ten days, he had to use five days to go back and forth.

Chuck decided to make use of this time!

In other words, he would go back to the country again!

If it didn't work, Chuck would come back immediately!

Hopefully it would work!

Furthermore, Chuck was ready to die this time!

He would like to say goodbye to the people there.

"Yes, help me to prepare it!" Chuck said.

"Yes, please wait a moment, Young Master. I'll prepare it right away!"

Betty went to prepare.

"My dear, please come along with me!"

Chuck meant that he would not bring Yvette back once he brought her there.

This was because Chuck didn't know if he could even survive after confronting Sabina!

Moreover, Chuck had other matters that needed Yvette's help!

"I, I don't want to go back." Yvette was not reluctant.

For the past two days, she felt that something was amiss.

"You must come! Pack up your things, let's go!" It was the first time that Chuck had been so stern!

"Honey, why are you scolding me?" Yvette was taken aback.

Chuck shrugged and said, "Go! Quick! If you don't listen to me, I'll hit you!"

Chuck made a gesture of wanting to hit her!

But how would he bear to beat Yvette!

"Okay, I'll go pack up. Don't hit me, honey." Yvette listened to him and went to the room.

She suddenly smiled.

But her smile was bitter.

It had been a long time since she felt this way.

If Chuck was still studying and she was still Chuck's teacher, how great

would that be?

Unfortunately, it was already in the past.

"Hey, where are you going?"

Eleanor frowned.

She had been monitoring Yvette for a few days, but she still hadn't found a good time to take action!

She couldn't let Adriana down again!

"No matter where you go, I will catch you!" Eleanor smiled.

She was full of confidence.

She was right. As the best in the world, she should have such confidence, right?

It was ready!

Chuck seized the time of ten days to make all the necessary preparations!

Betty had gotten the plane ready!

Chuck and Yvette boarded the plane!

Betty flew the plane herself!

They crossed the sea and mountains!

Finally, they arrived in the country!

Chuck was silent.

The last time he returned was his first time returning since he left America, and this was his second time returning!

However, there were three people missing by his side!

"Mom, Willa and Black Rose, please wait for me. I, Chuck Cannon, will avenge you in ten days!

Chuck swore in his heart!

Chapter 884

Wolfen Sect!

Miss Scarlett was practicing alone!

Chuck broke the record and left the Wolfen Sect. Until this day, he had been the topic of conversation amongst all the disciples of the Wolfen Sect!

They admired Chuck!

They envied Chuck!

Also, Chuck was their new target!

It was because Chuck had set the new record!

No one could ever break this record!

This was going to be the newest history of the Wolfen Sect!

It was created by Chuck!

Sometimes, Miss Scarlett would wonder when she could recruit a new disciple with such talent.

Perhaps, she would never have the chance anymore!

Perhaps, this was why she suddenly missed Chuck, who was such a talented disciple!

"Miss Scarlett, Miss Scarlett."

Tessa almost fell down while running in!

"Tessa, why are you in such a hurry? I've told you, you should first improve your own ability before talking about this again!"

Miss Scarlett couldn't do anything about it.

Ever since Chuck left the Wolfen Sect, Tessa had been coming here every day!

She begged Miss Scarlett to accept her as a disciple.

However, Tessa's talent paled in comparison to Chuck's!

Miss Scarlett didn't want to accept her.

Nonetheless, Tessa would still come here every day!

She couldn't reject her either!

Because they were women.

"No, it's not that. Miss Scarlett, I have a piece of bad news." Tessa was even gasping for air.

Tessa ran up the mountain from a long way.

"What bad news?"

"Karen is dead." Tessa got this news from a friend of hers.

She had just heard of it.

Then, she came to Miss Scarlett as soon as she knew of it.

"What did you say?" Miss Scarlett was shocked!

Karen was her idol!

"My friend said that Karen died in an accident," Tessa said.

"An accident?"

Miss Scarlett was even more shocked!

How could there be an accident?

"Yes, I heard that when she was driving, a part of the road collapsed. Karen fell into the river in her car and died."

Miss Scarlett fell into silence. She asked, "Karen is dead? What about Chuck...?"

"Yes, Chuck doesn't have a mother anymore," Tessa said.

Miss Scarlett was already at a loss. She suddenly sighed emotionally and felt sorry in her heart!

Karen, such a great person, had died unexpectedly!

Perhaps, Karen herself didn't even expect it!

It was such a pity for such a combat master to die in such a manner!

Alas!

Miss Scarlett sighed, "Are you sure?"

"I wouldn't dare to come over to report if I was not sure!"

Tessa verified the news again and again before coming over.

"What a loss. I don't know about Chuck's situation. He must be very sad!"

Chuck was her student. Such a major incident had happened to her student.

She didn't know until now.

Miss Scarlett couldn't do anything about it since she didn't pay much attention to Chuck after he left.

"Of course, Chuck must be very sad! I really want to go and look for him!" Tessa had hoped so.

How sad it would be for Chuck to lose his loved one!

"Chuck?" Tessa was dumbstruck all of a sudden!

This was because three people came in!

One man and two women!

The man was Chuck!

The two women were both beauties!

Especially one of the two women by Chuck's side. Tessa felt that she had never seen such a gorgeous woman before!

It was Yvette...

She was Chuck's girlfriend!

Suddenly, Tessa felt lost.

Miss Scarlett was also surprised. She didn't expect Chuck to return. What brought him back here?

She also noticed Yvette.

And was also shocked by Yvette's impeccable beauty!

"Miss Scarlett, I came here to ask you about something," Chuck said.

Miss Scarlett was dazed for three seconds before reacting. "Yes, what do you want to ask about?"

"I... My mom passed away. Before that, my mom had one request. I don't know if I can use it now?"

That was the purpose of Chuck's visit.

Miss Scarlett took in a breath and wondered if Karen had really passed away.

She felt sorry.

"I have to seek the opinion of the Wolfen Sect about this!" Miss Scarlett answered.

"Sure, I'll wait for your reply, then. I'll stay around here for about three days," Chuck said and shrugged.

"I... Chuck, I'm sorry for your loss!" said Miss Scarlett sincerely.

Sometimes, she had even thought about meeting her idol, Karen, one day!

However, there was no such chance anymore!

"Thank you."

Chuck, Yvette and Betty left.

In these three days, Chuck would finish the last task at the Wolfen Sect!

"Wait, Chuck." Tessa chased after him outside.

"Yes? What's the matter?" Chuck shrugged.

"I also want to tell you I'm sorry for the misfortune

you've gone through."

Tessa didn't feel too confident.

Yvette, who was standing beside Chuck, was too beautiful that she didn't dare to say anything.

"Thank you. It's all right, don't worry." Chuck still had other things to deal with.

"Wait, Chuck, is she your girlfriend?"

"This is my wife, Yvette."

"Your wife?" Tessa felt a lump in her throat. Chuck had once saved her. Did he not have any other thoughts about her?

Of course. Chuck's wife was so beautiful. How could he have other thoughts in mind?

"That's right, she's my wife. If there's nothing else, I'll see you next time."

"See you." Tessa wanted to cry.

Chuck, Yvette and Betty went down the mountain.

"Hubby, why was she looking at you weirdly?" Yvette was a teacher, thus she had good observation skills.

She noticed Tessa's sad expression.

"How would I know?" Chuck shrugged.

"You don't know? Does she like you as well? When you were still at Wolfen Sect... Huh!" Yvette said coldly, pretending to be angry.

Chuck smiled and kissed Yvette.

"There's nothing between us. Don't misunderstand!"

"I'm not. I don't care about you at all," Yvette said as she shook her head. She drew closer to Chuck and said, "I was just being sarcastic. I cared about you when you were young, thus I'll care about you now as well."

Chuck gave a faint smile!

Alas!

Having been through so many things for so many days, Chuck could only relax when he was with Yvette.

After all these years, Chuck had grown up with Yvette. She knew him the best!

"Young master, are we going to meet Yolanda and the others now?"

Betty asked.

"Yes, I have something to discuss with them."

Chuck shrugged.

"Okay, then I'll fly you there by plane now. This will save a lot of time."

"Yes."

Chuck and Yvette boarded the plane.

Betty steered the plane!

Across the mountains!

"Hubby, look at the school. That's the school where I was still a teacher back then!" said Yvette when she saw it.

She recalled her own memories.

Chuck also saw it and said, "Yes, the turning point of my life started from college!"

"At that time, you were really strict."

"I... I hated myself at that time." Yvette shook her head. She really hated herself.

She had been against Chuck so much that she had forgotten that he was her husband at that time.

"But I like the person you were at that time. And now, what I notice is that you are changing, but the only thing that doesn't change is the way you treat me," Chuck said as he smiled slightly and sighed in his heart. He was happy to have such a good wife.

Chapter 885

Recalling the past.

Only then did Chuck realize that Yvette was the one who had accompanied him for such a long time!

She was a true childhood sweetheart!

Yvette couldn't stand it anymore. She hugged Chuck and said, "Hubby, if I was still a teacher and you were my student, how good would that be?"

Indeed, Yvette had always had this thought in her mind!

Back to the past!

At the very least, she would not experience so many painful incidents!

Besides, it would also be good if she could get along with Chuck in a simple and peaceful way.

Perhaps, Yvette would nag a bit sometimes.

However, every man could see that Yvette had refused to accept any person other than Chuck.

No matter what happened, the person she would eventually choose would be Chuck, who was a loser at that time.

She would not regret it.

She would try her best to improve Chuck.

She could take him to work, start a business together, raise their children together, be poor together, be rich together, be plain together. It was also good this way.

"Yes, if we could go back to the past, my mom wouldn't die, Auntie Logan wouldn't, and Black Rose wouldn't..."

Chuck's heart ached.

He was willing to give up everything he had now in order for the three of them to come back to life!

Chuck and Yvette embraced each other!

They were both caught up in their memories and fantasies!

Betty had already flown the helicopter and arrived at Chuck's first career place, and they were above City Square now!

A helicopter!

It could land on the top of the plaza!!

"Young master, we are here!" Betty said.

Chuck and Yvette got off the helicopter!

Chuck called Yolanda in advance, but he couldn't get through!

What was going on!

"Betty, I asked you to send someone to protect Yolanda. Where are those people?"

Chuck asked.

He had a bad feeling about this!

Betty had not been paying attention to this place because of Karen's death.

It was not until Chuck had suddenly brought it up that she thought of it.

She couldn't get in touch with Yolanda either. She said, "Oh no. Is it possible that Yolanda...?"

Beep! Beep! Beep!

Chuck's cell phone rang!

Chuck recognized this number. It belonged to Frieda!!

"Hey, Chuck, are you coming back yet? Anyway, since your mother is dead, just come back here, I'll wait for you..." Frieda said insidiously.

"Chuck, don't come over, don't!"

It was Yolanda's voice.

Chuck's face darkened!

Frieda had a death wish!

She had taken the chance when Chuck was away to capture Yolanda!

Yolanda was the most important person for Chuck's business empire!

Frieda had indeed gotten under his skin!

"Wait for me!"

Chuck hung up the phone!

"Betty, find out where Yolanda has been taken to!" Chuck told her.

Frieda was such a malicious person. Now that she had captured Yolanda, Chuck had to figure out what would happen next no matter what!

"Okay, young master, wait a minute!" Betty used WhatsApp to locate Yolanda!

This way, she could find the exact location of Yolanda's whereabouts!

"Hubby, we'll definitely rescue Yolanda," Yvette said.

Yvette knew clearly what it meant for Yolanda to be caught!

"Of course."

Frieda thought that Chuck was still away and she would have plenty of time!

Betty was experienced, thus there would be results soon.

"Chuck, is it really you?"

Suddenly, someone came up. She was wearing a pair of tight jeans. It was Zelda!

She happened to be in a shop in the city and heard the sound of the helicopter. Hence, she couldn't help but go upstairs!

Chuck was the person she wanted to see the most!

However, as soon as she was pleasantly surprised, she became shocked.

Because there was a perfect, gorgeous woman standing next to Chuck, and it was Chuck's wife, Yvette!

Zelda remembered clearly that Yvette had once slapped her in the face. What's more, she was slapped in her own home.

Therefore, Zelda, who didn't know how to fight, was still instinctively afraid of Yvette.

She didn't dare to go forward nor get close to Yvette. She didn't even dare to look at Yvette because of that slap.

Yvette knew why Zelda took the initiative to come over.

At that time, as Yvette had just escaped from that place, her personality was still violent and she hit Zelda.

Sometimes, whenever Yvette thought of this, she would feel guilty too!

Zelda took a step back!

"I'm sorry about what happened last time. I shouldn't have hit you," Yvette apologized.

Zelda was very shocked. Did Yvette just apologize to her?

"But I, I really did something that I shouldn't have done," said Zelda who still couldn't believe it. Yvette was calm at this moment, and she was exactly like when Zelda had first seen her.

There was no murderous look on her face. Yvette was just like an

ordinary person, except more beautiful.

"I knew and I could feel that he was interested in you."

"No, Chuck and I hadn't reached that stage yet at that time. Don't get me wrong. I..." Zelda was busy explaining.

"I know, I understand!"

Yvette had experienced too much, and her mentality had changed.

Zelda was silent for three seconds before saying, "I'm sorry. I..."

"There's no need."

Both of them fell into silence.

Under such circumstances, Chuck did not dare to approach.

Because Zelda was Chuck's enlightenment.

Chuck had a very unique and deep memory of Zelda. Until now, he had never forgotten a single thing about Zelda!

"Young master, we've found the location. She's in an abandoned construction site 50 kilometres away from here," Betty said.

"Okay, I'll head there right now. Honey..."

"Dear, I want to have a stroll at the place where I lived before, okay?"

Yvette really wanted to do so.

She wanted to go back to her original home and also her school where she used to teach.

She wanted to reminisce about her past.

This was because Yvette felt that she was going to die.

"No, you must come with me!" Chuck shook his head resolutely.

But!

Yvette took a step forward!

And gave Chuck a kiss!

Chuck couldn't refuse, and he couldn't insist due to Yvette's determination.

"Hubby, can I? "

Chuck couldn't do anything about it.

Yvette gave Chuck another kiss and asked, "What about now? Is that okay? I'll have a stroll alone."

"Alright, but you must be careful!" Chuck was worried that something bad might happen to Yvette.

If that was the case, Chuck would go crazy.

"I know, I'll listen to you, Hubby. Is that okay?" Yvette was actually reluctant to leave.

"Alright."

"Hubby, if we both survive, how about I bear two babies for you? A boy and a girl, that's the best. I'll be their teacher." Yvette was fantasizing at this moment.

"Yes, sure!"

Chuck was also lost in his imagination.

However, would he be able to survive this time?

Chuck had no idea!!

Alas!

Chuck and Betty took the helicopter and left to save Yolanda!

Yvette wasn't worried about Chuck because Chuck's strength had been enhanced to a very high level!

To deal with people like Frieda!

It was not a problem.

"Zelda, if possible, you can also bear a child for Chuck," Yvette said.

Zelda was flabbergasted. She was so excited that she trembled.

"Yvette, what did you say? I can be with Chuck?"

"That's right, that's fine! Because I might not be able to bear him a child..." Yvette said while feeling sad and regretful.

Until now, Yvette had not been intimate with Chuck.

Previously, it was because of Karen. And now, Chuck was in no mood due to Karen's death. It was a pity that she hadn't been intimate with him earlier!

Chapter 886

"Yvette, what do you mean? Why would you say that? You and Chuck are doing well. Why did you say that you're not willing to carry a child for him?"

Zelda felt that Yvette was acting somewhat out of character today.

"It's nothing. By the way, could you tell me what happened between you and Chuck?" Yvette asked.

"Well..." Zelda hesitated.

Since Yvette asked, then she was just going to come clean.

Zelda reiterated everything that had happened between her and Chuck. Yvette's beautiful eyes were filled with shock, rendering her speechless. She could only reply, "Oh...."

"Well, I... I'm sorry, I..." Zelda said apologetically.

Everything that happened between her and Chuck, to a large extent, was something that she could not control!

"It's alright. I was too controlling back then," Yvette said, a note of guilt in her tone.

At that time, Chuck could only seek comfort in Zelda!

As his wife, this was something she should not have allowed to happen.

Zelda lowered her head, seemingly guilt-ridden. Yvette patted her on the shoulder and left.

Zelda was stunned. Why was Yvette unwilling to bear a child for Chuck?

She would have done it in a heartbeat.

Zelda felt like crying all of a sudden.

She went downstairs and realized that Quinn had come over.

Stunned, she hurried over to her and asked, "Quinn, are you alright?"

"I bumped into Chuck's wife, she told me...."

Quinn was a little hesitant.

Yvette had approached her and asked her what happened between her and Chuck. She seemed very sincere.

Quinn could not hold it in any longer.

She was mentally prepared for Yvette to slap her!

However!

It did not happen!

Yvette seemed baffled.

She remained silent after hearing everything that had happened between Quinn and Chuck.

Chuck, that b*stard, had done a lot of things behind her back!

Yvette had been kept in the dark all this while.

"Don't you think Yvette seemed to have changed after coming back?"

Quinn asked.

"That makes the two of us. Maybe something happened to her," Zelda said, a little worried.

No matter what, Yvette was still Chuck's wife!

They did not want anything to happen to her.

"Alas, what happened to her?"

They could not seem to put a finger on it!

.....

"I was brought here to live with Chuck. I remember the first time I slept together with him on the same bed. I was five years old."

Unknowingly, Yvette made her way to a shabby house.

Ever since Chuck's grandfather had passed away.

No one had lived in this shabby house. 1

However, memories from her childhood flooded into her mind when she arrived at this old house.

Yvette smiled.

"He hugged me to sleep. I felt it was a little strange. He was only about three years old back then, but why did he hug me to sleep?"

"After that, I got used to it. From that day on, we slept together, studied together, went home together, ate together. We basically did everything together. We watched each other grow up. Now, look at us, everything is perfect."

Yvette was immersed in her own memories.

She was reminiscing about how far she and Chuck had come.

She smiled unknowingly. It was a genuine smile.

Interesting memories flooded her mind.

"In the middle of it, I was lost. I even became worse. I did not treat him well. Fortunately, he did not give up on me and brought me back."

"I regret that I did not give birth to a child for him. However, I may not have time... Honey, the one thing that I don't regret in life is meeting you. I do not have any idea how I would turn out if it weren't for you. Fortunately, I have you. But then, we are about to be separated."

Yvette sighed. All of a sudden, she said calmly, "Come out!"

"Hey!"

A short-haired beauty walked out.

It was Eleanor!

Yes.

Chuck, Betty, and Yvette came back from the States. Eleanor, too, followed.

However, she was too cautious and no one noticed her.

However, at this moment, she was caught by Yvette.

"How did you know that I was here?" Eleanor asked with a smile.

"I had a hunch." Yes, Yvette had a hunch that she was here.

Her beautiful eyes were cold. "Were you the one who killed Karen? Were you the one who killed my husband's mother?"

At this moment, she was cold!

"You're right. I was the one who killed her!" Eleanor smirked.

"I thought that you and Karen didn't see eye to eye. Shouldn't you be thanking me for killing a person who you couldn't kill for the rest of your life?"

"I'm not going to thank you. It's because of you that my husband lost his mother! He is devastated!"

"Hah, why are you trying to pretend to be a saint? Karen killed your father! Haven't you always wanted to kill her? You have me to thank!" Eleanor said, her voice icy.

Yvette remained silent for a moment before she said, "Yes, I admit, I'd always wanted to kill her. However, I had never thought of assassinating her! That's shameless. She hasn't been found up until this moment!"

Up until now, Karen's body still hadn't been uncovered!

There was no hope.

It had been too long.

All of a sudden, Yvette was inundated with sorrow!

Karen had been very tolerant of her. She was even willing to teach her.

She had even encouraged her.

However, she was assassinated...

"I can't be bothered to continue with this conversation. You ought to be smart. Come back with me obediently!" Eleanor said as she approached her.

"Are you not going to kill me?"

"Oh, don't worry, we're planning to kill you. She has vowed to personally kill you!"

"She? I thought you worked for Sabina!" Yvette was shocked.

Sabina was the head of the family.

Why would her subordinate address her so casually then?

It did not make any sense.

"Well, what do you think?" Eleanor smiled!

Yvette suddenly became angry. "Are... are you working for Adriana Whitlock? She was the one who ordered you to assassinate Karen, Willa, and Black Rose, right?!"

"Bullseye. But it's a little too late for you to find out about it now." Eleanor continued to smile.

"Adriana. Why did she have to do this? Why?!" Yvette was out of control.

Did that mean that Adriana was the one who attacked Willa?

Willa probably knew that Adriana was too powerful, that was why she left on her own silently.

"Why? Karen always gets in the way of things, that is why she had to die! As for Willa, haven't you realized that she is Karen's backup? Oh, I bet you didn't. She is a stand-in, of course, she had to die as well! As for the Black Rose, it was purely a coincidence. She asked for it!" Eleanor smiled.

Yvette was mystified.

Chuck had initially thought that Sabina was the one who had murdered Karen!

"Stop struggling. It's useless!"

Eleanor took a step forward.

Yvette retrieved her gun.

Shots were fired.

But not a single bullet managed to hit Eleanor!

"Your shooting technique is atrocious!" Eleanor gave a flying kick.

Yvette had no time to shoot.

She was sent flying before she knew it.

She fell onto the ground with a loud thud.

Yvette spat out a mouthful of blood and remained rooted to the spot!

"I've told you not to resist, but you refused to believe me. Look at you!"

"I'm going to kill you!!"

Yvette's voice was cold.

She rushed forward.

She had to use everything that she had learned during this period of time!

She had to push herself to the limit!

An average person would definitely be surprised. However, Eleanor merely smiled and subdued her.

"You will be punished if you don't listen to me. Have a good sleep. You will see Miss Adriana when you wake up. You will be very happy because not everyone is qualified to see her."

Eleanor smiled faintly as she pressed down with Yvette's fingers!

Yvette could no longer struggle, and she fell unconscious. She muttered to herself, "Honey..."

Chapter 887

Yolanda and Nancy were tied up.

Within a pile of rubble.

Yolanda's hair was in a mess, and so was Nancy's. The two of them were tortured by Frieda.

Frieda was a psychopath!

Yolanda had a firsthand experience now.

Nancy was crying out loud.

Her face was covered in palm prints.

This showed how stubborn Yolanda was.

Yolanda remained indifferent.

Even though she was tormented by an inhumane person.

This was Yolanda!

The Yolanda whom Chuck trusted!

"Frieda, when do you think Chuck will be arriving? I can't wait any longer!"

Loomis expressed his excitement. He had been waiting for this day!

He glanced at Yolanda and Nancy!

Truth be told, he was more attracted to Yolanda than he was to Frieda.

He did not want to waste this opportunity.

"Chuck should still be in the States. Even if he rushed over, he would only get here by tomorrow. Why are you in such a hurry?" Frieda asked coldly.

Her sniper rifle was already in place.

"Don't worry. Since Chuck will only arrive tomorrow, why don't the two of us..." Loomis said with a faint smile.

Frieda frowned. She understood what Loomis meant. She snarled, "Get lost!"

Loomis laughed heartily.

He had gotten used to Frieda's temper after so many days.

"Chuck is not as simple as you think! He might surprise you by showing up here today! We'd better err on the side of caution!"

This was what Frieda had learned ever since she became an assassin.

Loomis shrugged.

Anyway, it was not him who would do it. It was Frieda.

Frieda aimed her sniper and surveyed her surroundings.

She wanted to make sure that no one was lurking.

"Oh, yeah, I want to take down the assassin organization after killing Chuck this time. I want to be the head of the organization!"

Frieda's beautiful eyes flashed!

"That may be a feat, no?" Loomis felt that the organization was the largest assassin organization in the world.

They had tens of thousands of assassins in the world!

Furthermore, the boss of that organization rarely showed up. How was she going to replace him then?

"Difficult? Let me show you something. Do you know who is the boss behind the organization?"

Frieda took out her mobile phone and asked.

"Of course."

Loomis smiled faintly.

He was very interested in the boss of the organization.

However, he had forgotten about it because something had cropped up.

"Do you know who's the person in this picture?" Frieda showed her phone to Loomis.

Loomis looked at it. He was shocked when he saw the picture and asked, "Who took this?"

"Me. She got drunk that day. I was the one who took the picture. Now that I have this picture, do you think I'm afraid that I would not be able to take her down? Do you think I'm afraid that I would not be able to be the head of the organization?"

Frieda flashed him an evil smile!

"Frieda, you are awesome!"

Loomis guffawed.

He had found a powerful backer.

Once they took over the organization, come what may, he could lay low for a while. He would then use the time to slowly improve his strength!

He swore to himself, one day, he would return to the Yeager family!

He was going to take over as the head of the Yeager family!

That position belonged to him. It always had been!

.....

"Don't cry!"

Yolanda said.

Nancy swallowed hard. She was terrified when she saw Frieda's perverted smile.

She had already been tortured.

"Will Chuck come to save us?! Yolanda? I'm scared." Nancy was scared out of her wits.

She could not be as calm as Yolanda.

"Yes. I'm confident that Chuck will show up!"

Yolanda had always regarded Chuck as a powerful man.

However.

She did not want Chuck to come over.

"When will he come? I'm scared."

"Don't cry! Chuck will come, but he will be in danger!"

Yolanda shook her head.

Nancy closed her eyes in despair. What should she do?

"It doesn't matter. Worse comes to worst, we die. It's no big deal." Yolanda looked away.

"Yolanda, since we are about to die, I want to tell you my last words! You should too!" Nancy said in despair.

"Alright, go ahead."

"Actually, I always felt that Chuck is very charming ever since I started working for him. Yolanda, what do you think?"

Charming!

Yolanda was stunned.

Nancy just said that Chuck was charming.

"If Chuck wanted to woo me, I would definitely agree to be with him," Nancy said.

She was about to die. She wanted to express her truest thoughts.

Yolanda was stumped. "Are you being serious, Nancy?"

"I'm not afraid that you will laugh at me. I admire Chuck's abilities and the fact that he is rich. Who wouldn't like that?"

These were Nancy's thoughts.

Yolanda was speechless. "Other people have money too!"

"None of them are as rich as Chuck! What about you? What do you have in mind? You've been working with Chuck for so long. Don't you like that he is filthy rich?"

"I... I like money, but I like him not because of his abilities and the fact that he is rich. He gave me a chance, and he trusts me! What I want is a future!"

Yolanda said.

"Do you not like him at all? You've been a little distracted recently. Do you miss him?"

Nancy, a been-there-done-that of a woman, could understand.

These were signs of longing.

It was not that she missed her boss per se. Instead, it was because she missed Chuck!

It was possible, for familiarity breeds fondness.

"Miss him? Maybe!" Yolanda wasn't sure either.

"Do you like him?"

"I don't know. I have never thought about this sort of thing. I have been too busy, but... whenever I think of him, my heart will feel much better. I really want to see him. Does this mean that I like him?"

Yolanda inquired.

Chapter 888

"Exactly! It means that you like him."

Nancy had dated before, and that was how she had felt back then.

She longed to see him to an overwhelming extent!

She wanted nothing more than to see him!

She would be flustered whenever she did not see him, and she would feel comfortable and at ease when she saw him.

Yolanda's description matched that to a T.

"Is that so?"

Yolanda did not think so. This was her being concerned as a friend, right?

"Do I like Chuck?"

Yolanda had never thought about him that way.

The desire to meet him was a kind of feeling between a boss and his subordinate.

There was no love involved.

"Absolutely! Do you feel disappointed at times because of Chuck?" Nancy asked.

"Sometimes."

"Right. There's no denying it, this is the feeling of love," Nancy said with certainty.

Yolanda was stunned.

Did that mean that she liked him?

When did this feeling start?

Yolanda wasn't sure herself.

It seemed that it had been set in motion ever since Chuck left the country for the United States.

Yes, that was exactly when it started.

"Fine then, if you call it that. Be that as it may, if I am able to come out of this alive, I will not confess to Chuck."

This was Yolanda's personality.

"You won't?"

"Of course not. I'll just keep it to myself. I have always regarded him as my boss. I am his subordinate, I can't have a dual relationship, can I?"

"Then, if I am able to emerge from this alive, don't tell Chuck about what I've just confessed," Nancy said.

It would be very embarrassing if Chuck knew about it!

He probably wouldn't allow her to work with him once this relationship was tainted.

Nancy knew this very well.

"Alright then. We will just keep whatever we have just said to ourselves." Yolanda agreed.

"Yeah."

Nancy was no longer in despair. She felt much more at ease now that she had expressed her inner feelings.

As for the rest, she had to leave it to fate!

If she really had to die, there was nothing she could do.

Man proposes, God disposes!

"That psycho is coming. I'm scared!" Nancy was terrified.

Frieda assumed a cold smile on her face, carrying with it a mad-hatter feeling!

She had been slapped more than ten times ever since she had been captured.

Their faces would be disfigured if Frieda continued to slap them.

A loud sound rang in the air.

Frieda slapped Nancy in the face.

Nancy sobbed, "Stop hitting me!"

Another piercing slap echoed across the room.

Frieda slapped Yolanda on her face.

Yolanda, ever the stubborn one, did not lower her head even after being slapped!

Frieda extended her arm once again.

And slapped Yolanda hard.

Yolanda still did not lower her head. "If you have the guts, slap me to death!"

Frieda smiled slightly. "How could I bear to slap you to death? You must mean something to Chuck. Otherwise, why would he allow you to

manage all the business? Let me ask you, are you not Chuck's mistress? You really worked hard, huh!"

"No! I'm his subordinate!" Yolanda said stubbornly.

"Hah, just a subordinate?!"

Yolanda suddenly thought back about her harrowing past.

At that time, Chuck was not interested in her at all!

Yolanda had misunderstood Chuck's love for her. Chuck had never been interested in her at all!

It hurt her when she found out the truth.

If Chuck did not like her at that time, then he probably would not like her now!

Frieda's anger was building.

She kept on slapping Yolanda to vent her anger.

Yolanda still refused to lower her head.

Frieda continued to slap her.

She kept on slapping until Yolanda's lips started to bleed, her cheeks red and swollen.

Another ear-splitting slap rang across the air.

Yolanda coughed out a mouthful of blood after that last slap.

"Slap me to death if you dare!" Yolanda said coldly.

"Headstrong, aren't you? With your character, if you have the chance to be a fighter, I'm sure you would excel in it. However, you won't have the chance this time around. Because..."

All of a sudden.

There was a commotion outside.

Frieda raised her eyebrows. She stopped talking.

"Frieda, what are you doing?" Loomis smiled.

"Listen, I heard something outside! One of your men may have died!"

Loomis had a few men keeping watch on the outside.

"One down? That's impossible. All of my men are experienced fighters! I did not even hear anything."

Loomis did not, indeed, hear anything.

There was nothing he could do. He knew how to fight, but he was not good at it.

"I did hear something! Chuck is probably here!"

Although Freida did not have much experience under her belt as a fighter, her senses told her that Chuck was here.

"No way. Isn't Chuck in the United States?" Loomis smirked.

"You're an idiot! What makes you think that he isn't back in the country?"

Frieda flashed out a sniper rifle in an instant!

Loomis was furious. Was Chuck really here?

"Chuck is here to save us!" Nancy cried with joy!

This was their glimmer of hope!

"Yes, he's here!"

Yolanda felt at ease when she realized that Chuck was finally here!

It was precisely this feeling. The feeling of being at ease whenever she was with Chuck.

Chuck was the only one who could make her feel this way.

There was another clack outside.

Frieda could hear it clearly.

But Loomis still could not hear it.

Frieda was furious. "Come out, show yourself!!"

She cocked the rifle towards the door.

And positioned herself.

Finally, she placed her eye on the scope.

Frieda pulled the trigger!

"Chuck, since you're here, what are you hiding for? Come out this bloody instant!"

There was another clatter outside.

Again, she could hear movements outside.

There was about a ten-second interval between each clatter.

It was too quick.

Loomis finally picked up on the movements outside.

"He's here! Chuck is here! Where is he?!"

"Shut up! Be quiet!"

Frieda wanted to use her senses to determine Chuck's location.

There was a clatter after another!

One moment it was close by, the next moment, it could be heard somewhere else. The interval between the sounds was only a few seconds, the longest one lasting for about one minute!

Why was it so quick?

Frieda was taken by surprise!

All of a sudden!

A corpse fell to the ground!

A shadow appeared, it was none other than Chuck!

He was really here!

Chapter 889

Chuck was like a statue!

He suddenly appeared there, stoic and expressionless.

Yolanda was stunned by the sight.

Likewise, Nancy was stupefied too.

He actually came!

In that moment, Nancy wanted to reveal herself; Yolanda felt a lump in her throat.

There were a lot of people at the abandoned construction site!

They were all Loomis' subordinates.

On top of that, each one of them was an experienced fighter.

However, Chuck still successfully appeared.

It was obvious what it meant.

As mentioned before, all of them were Loomis' subordinates.

Despite that, Chuck managed to overcome all of them!

"Chuck, where are my men?"

Loomis was extremely infuriated.

He had brought all of his men when he left the Yeager family. However, they were all gone!

Who was going to protect him from that point onwards?

"They are all dead!"

Chuck replied nonchalantly.

Chuck then turned to look at Yolanda and Nancy's flurried expression.

In an instant, his eyes became cold.

They emanated an icy glare.

"They are dead? You killed my people? I'll make sure you will not walk out of here alive!"

Loomis was enraged.

"Yolanda, Nancy, I'm sorry that you had to suffer," Chuck said.

It was obvious that Yolanda and Nancy had been tortured by the crazy woman, Frieda.

At first glance, Chuck realized that fact.

Yolanda's face was currently red and swollen. Therefore, Chuck wanted to send Yolanda to the hospital as soon as possible.

As a white-collar worker, Yolanda always donned an image of cleanliness.

However, at the moment, she was unrecognisable.

Her face was swollen.

Blood stained the corners of her mouth.

On top of that, her clothes were torn.

Chuck could only imagine how much Yolanda had suffered while she was locked up.

"I'm fine. Be careful. She has a gun!" Yolanda warned.

On the other hand, Chuck did not have any weapon.

Frieda had a gun. What was he going to do?

It did not matter how powerful Chuck was. After all, he was no god. He would most probably die if he were shot.

"I know. Wait a minute, I am going to rescue the both of you!"

Then, Chuck fixed his eyes on Frieda.

She was the craziest woman on the planet!

Chuck suddenly became indignant. However, it was a pity that Black Rose was already dead. She could not avenge herself!

Therefore, Chuck had to take matters into his own hands.

Perhaps that way, Black Rose would be able to rest in peace in the afterlife.

"Alright, we'll wait for you." Yolanda was touched.

Moved by his words, Yolanda felt at ease when she heard him speak.

Only Chuck could make her feel that way. 

Nancy began to cry.

Despite the hell she had been put through, she was still alive. Hence, tears of joy trickled down her face.

"Hmph, Chuck, aren't you being too optimistic?"

The sniper rifle in Frieda's hands had been pointing at Chuck ever since he appeared!

Her finger was already on the trigger.

With a single tug, he would die.

Just like that, he would perish from a bullet to his head.

"No! Frieda, prepare to die today." Chuck slowly stalked toward her.

His strides were calm as water.

At that moment, he exuded the temperament of a king.

Although she had a gun pointed at him, he did not seem afraid at all.

"Frieda, shoot him! Go on. Pull the trigger!"

Loomis couldn't wait any longer.

He was very disappointed that Chuck did not die when he captured Sophia previously.

"Chuck, do you regret it? Let me ask you."

Frieda asked stonily.

"Do I regret what?"

"Do you regret not falling in love with me back then?"

"No, I have never liked you before. Not even one bit!" Chuck continued to pace slowly towards her.

He was getting very close to the sniper.

"This is where you will regret not liking me, you know that? If you liked me back then, even if I refused you and dumped you, you would still be a young master, while I would still be the campus belle of the school! We would not have ended up like this."

Frieda bellowed.

He was the reason she had become an assassin.

It was Chuck who had infuriated her!

In her mind, Chuck had backed her into a corner, leaving her with no other path to walk.

She was actually an obedient campus belle, but Chuck had ruined her.

"Have you ever thought that it might be your problem?" Chuck enquired.

"It's all your fault! All you had to do was like me. Upon your confession, I would simply turn you down. Things were supposed to be that simple, but you complicated everything! Do you still remember when you rejected me? You told me that you had no feelings for me. Worse still, you seemed repulsed by the idea. I still recall the look of disgust on your face! I will remember it for the rest of my life."

A maniacal smirk appeared on Frieda's face.

Chuck had rejected her.

That horrifying memory filled her with pain and suffering.

However, she could take it all back that day.

She had been waiting for that moment for a long time.

A very very long time!

Although it had not been a year, Frieda felt as if an eternity had passed.

Her hatred for Chuck was engraved in her bones.

It would only be cleansed from her soul if Chuck died.

"You probably did not expect things to turn out like this today. This is the outcome of you not liking me. You caused this!" Losing control, Frieda began to laugh.

"I don't like you!"

"You know something? What happened to me when I arrived in the United States? That boss, I let a man...do you know?"

Frieda seemed completely out of control.

Her face was flushed red as anger thrummed through her veins.

Although she had been unwilling, she had given away the most precious part of herself.

"You deserve it!" Chuck said as he slowly moved toward her.

"I deserve it? I deserve it?! Chuck, go to hell!!!"

A loud sound echoed in the chamber.

Frieda finally pulled the trigger.

She lost control at the thought of what had happened in the United States.

At that loud noise, sparks were emitted from the muzzle of the sniper as a bullet flew towards Chuck.

"No!!"

Yolanda cried out in fright.

"Chuck, I can finally watch you die." Loomis guffawed loudly. 

Chapter 890

However, it did not go as Loomis wished.

The bullet was fired from the sniper as soon as Frieda pulled the trigger.

It flew towards Chuck.

However, Chuck evaded the bullet in the nick of time.

Bang!

The smouldering bullet hit the wall.

Frieda laughed sinisterly. "Trying to dodge? I'll continue firing. I'll see how you dodge!"

She pulled the trigger again.

The speed was lightning fast.

However, Chuck merely glanced at her coldly.

On the contrary, Frieda's face was an expression of grim and fury.

"Dodge! Dodge!" screamed Loomis.

A thought flashed in Loomis' mind and he suddenly became frightened.

Meanwhile, Frieda was still puzzled by what was going on.

A sudden booming noise filled the chamber.

A small bead was flying toward Frieda.

She didn't know what it was.

Regardless, it was too late.

A clear and crisp sound could be heard as it landed on the ground.

Soon, it was followed by an explosion!

The immense momentum of the explosion sent

shockwaves across the area.

Instantly, Frieda was plunged into fear.

A crashing sound resounded in her ears.

Frieda was hit by the momentum of the shockwave.

As she collided with the wall, the gun in her hand fell to the floor.

Due to the impact, blood dribbled from Frieda's mouth.

Loomis, on the other hand, screamed in agony.

He cried repeatedly as his whole body was covered in blood.

It was that easy.

Meanwhile, Yolanda and Nancy were both shocked and puzzled. "Was that a bomb?" they wondered.

How could such a tiny bomb be so powerful?

Chuck walked over slowly.

Cries of pain filled the room.

Loomis's world was filled with nothing but fear and trepidation.

At the moment, he was injured by the explosion.

His whole body was engulfed in pain.

"Is that all you got? You can't even withstand a single explosion! A single bomb can kill the two of them. However, I don't want to kill you guys. You know why? Because I want to let you guys know what fear feels like!!"

Chuck gradually strode over.

Exhausting all her strength, Frieda climbed to her feet to pick up the gun!

She had to kill Chuck with the gun.

However, she failed.

In a flash, Chuck was already by her side.

Once again, a loud noise was heard.

It was the sound of Chuck's punch.

Like a discarded rag, Frieda flew across the room.

"You think you're a killer just because you are armed?
You are too weak!"

Chuck was still gradually marching his way toward her.

Frieda was already in a terrible state. "Chuck, Chuck!"
she cried out.

If he didn't have the bomb, she would have been able to
fire at Chuck and then she would torture him!

"Since you use a gun, it's only fair that I use a bomb.
However, I must say, it was a waste. You're just not
worth it. Now, do you know what fear tastes like?"

Chuck's jabbed at her with explosive force.

The punch was so powerful; the momentum was simply
frightening. No one would be able to withstand it!

In response, Frieda howled as she raised her hand to
block the attack.

An audible crack resounded through the room.

As a woman, Frieda's fists were much smaller than
Chuck's. No matter how much she trained, she couldn't
just change the structure of her bones!

As soon their fists collided, her arm fractured instantly.

Blood spurted out in all directions.

From Chuck's powerful punch, Frieda's arm was ruined.

After all, Chuck was wearing fifty kilograms of weight on
each of his arms.

Hence, his punch carried a force of 700 kg!

Frieda couldn't withstand such force!

There was absolutely no way she could withstand that.

"Help! My hand! My hand!"

Frieda could not believe it.

She shook her hands frantically, but she lost control of her hand. All she could feel was a sharp pain in her hand.

She couldn't close her fist.

Neither could she move her fingers.

Her arm stayed like a rotting piece of wood, unable to move!

"It's just the beginning. Do you understand?"

Chuck's voice carried an icy undertone.

He raised his fist and threw a punch.

Once again, a loud sound filled the room.

Yet, there was nothing that Frieda could do.

She couldn't hide; she couldn't dodge. She had no choice but to accept the punch!

However, one of her hands was still working perfectly fine.

Therefore, she used it as a shield.

Nonetheless, it was to no avail.

She couldn't even last a split second.

Once again, she flew across the room.

She was so vulnerable that she could not even take a single blow!

It left her panting wildly.

Frieda spat out a mouthful of blood as her internal organs began to bleed.

"That's impossible! How did your strength increase so rapidly?!"

Frieda could not believe it.

She had also undergone training!

She learned how to spar in close combat.

Despite that, she was nowhere near Chuck's level.

"Even if I tell you, you won't be able to comprehend."

Slowly, Chuck made his way to her.

"You ruined my life!" Frieda bellowed at him.

"You're the one who destroyed yourself!"

Chuck uttered coldly.

"I can't accept this! This is unacceptable. Kill me!"

Frieda did not want to give up.

She was as good as the best assassin, Black Rose!

However, at the moment, both of her hands were damaged beyond repair.

Within seconds, she had been defeated by Chuck.

Despite Frieda's abilities, Chuck could still kill her within seconds.

It was because of his training at the Wolfen Sect.

"Kill? That's too simple. I'll torture you for what you've done!"

Suddenly, his eyes turned livid.

The look in his eyes was terrifying.

It happened all too sudden.

For once, Frieda was fearful.

Chuck took each step towards her leisurely.

"No! Let me go! Chuck, don't do this to me!"

Frieda tried her best to beg for mercy.

She had thought she was the best assassin.

However, Chuck defeated her within seconds, dragging

her back to reality.

She was so weak that she couldn't even withstand one blow!

"Let you go? You're joking! I won't let you go. As I said before, I want you to know what fear feels like."

Chuck slowly shook his head.

Frieda's beautiful eyes suddenly glinted coldly.

She had a sharp dagger on her.

After all, she was an assassin!

She could kill people with anything she had.

Perhaps that could turn the tide.

An ambush would definitely kill Chuck!

"Chuck, go to hell!"

Frieda was beautiful, but at the moment, her face was distorted by her ferocious roar.

She was a vengeful woman.

Despite the element of surprise, her plan fell through.

A crisp sound filled her ears.

It was the impact of Chuck's harsh slap.

Frieda's eardrums hurt terribly.

It all happened too quickly.

Suddenly, Frieda realized she lost her sense of hearing in one ear.

There was also blood gushing out!!

The impact had burst her eardrums.

A pitiful screech cut through the air.

Frieda was screaming in suffering.

"Don't you like to slap people? Tell me, don't you like to do it?"

Chuck slapped Frieda across the face again and again.

His hand was as hard as steel.

The weight that he usually wore was 200 kilograms, and it had already formed Chuck's iron body.

"Ah! Not my face!"

The impact was audible.

The final slap deformed Frieda's face, transforming into a swollen mess.

All that could be heard was Chuck's attacks.

Then, he raised his fist, which was as powerful as the force of eight hundred kilograms!

He didn't show any mercy at all.

Vehemently, he landed a blow on Frieda's chest.

With her ribs fractured, Frieda was thrown backward, spurring a mouthful of blood in the process.

Frieda laid there on the ground.

Her body curled up, her organs were bleeding, and her face was full of fear. It was the fear of death!

"No, Chuck. Let me go! Let me go! I will never dare to do that again!!"

Frieda was begging.

Fear was devouring her.

Chuck walked over slowly.

Despite her pleas, he raised his foot.

Following that, a clear cracking sound could be heard.

Frieda's arm was broken.

Hovering his foot over her again, he put it down.

Once again, a crack filled their ears.

Frieda's leg was broken!

Each of Chuck's stomp was a force of more than 500 kilograms!

.....

Frieda wept in pain.

She was on the verge of death, and her death wish was clear. "Kill me, kill me."

"Take your time to feel the fear of death!"

Chuck muttered.

Frieda was changing. Her eyes were full of tears as she endured the horrifying experience.

Finally, she realized what she had done. She regretted it. She should have left back then and not gone against Chuck, but what good did regret do?

Nothing!

She was twitching, trembling, and pleading. "Kill me..."

However, Chuck didn't pay her any attention. She had already been overwhelmed by fear.

Instead, Chuck's gaze was fixated on Loomis who was trying to escape.

"Trying to escape? Stay behind and taste the fear!" Chuck said as he slowly stalked towards him.

Chuck had wanted to kill Loomis for a long time. Finally, he got his chance on that day.

Chapter 891

Chuck's voice entered his ears.

Loomis, who was trying to flee, felt as if his legs were going numb.

He couldn't move.

Frieda, who was so powerful, was killed in seconds!

He didn't have any confidence in facing someone like Chuck.

"Run, run quickly!!"

Loomis roared.

He shouted to himself, thinking that it would do him good.

Nonetheless, it was to no avail.

Suddenly, he heard a whistling sound behind him.

Something must be rushing over, he thought.

Turning his head to take a look, his expression instantly changed drastically.

It was a brick!

His cry and the sound of collision simultaneously filled the air.

The brick hit him on the head.

As a result, Loomis screamed as he covered his head with his hands.

Blood was gushing out.

Meanwhile, Chuck approached him leisurely.

"Loomis, why are you running? Frieda has already experienced fear. It's your turn now!"

Chuck articulated each word.

Loomis sat motionlessly on the ground. The bomb had burned him all over, disfiguring his body.

"Please don't, Chuck. Can you spare my life? Please, I'll be your pet dog from now on. I'll listen to anything you say from now on, alright? I only want to live. I'll do anything you ask me to do!"

Loomis began kowtowing.

Fear, as Chuck approached step by step, drowned him.

"Dog? I don't want a dog like you!" Chuck shook his head.

He approached gradually.

"Are you injured all over? Good! I must say though, your hands are still fine. How can this be? It doesn't match your body. Let me take a look at you again. Come on, be good!"

Chuck stretched out his hand.

Loomis whimpered in fear.

Crack!

The familiar crisp sound cut through the air cleanly.

Chuck grabbed Loomis' hand and toyed with it.

One of his fingers was broken, and Chuck was the one who broke it. 

Loomis's face twitched. It was useless for him to resist.

It would be futile if he struggled.

After all, Chuck's strength was far greater than his.

"Chuck, d-don't, I won't do it again! Let me go, let..."

Loomis was pleading.

Chuck's livid gaze filled him with trepidation.

His entire body was drenched in beads of cold sweat!

"No. Your fingers are very fun to play with."

Chuck shrugged.

Once again, a crisp sound rang in the air.

Another one of his fingers was broken!

Loomis was on the verge of fainting.

His fingers were in so much pain.

Ordinary people wouldn't be able to bear such pain!

"Are you going to faint so soon? You are really weak! You can't just faint on me. Come on, I'll help you regain consciousness!"

Chuck mused.

Crack!

The third finger was broken.

"You could've been the young master of the Yeager family but you had to stir up trouble with me. Is it fun? Yes, I find it very fun!"

After Chuck said that, he put in some force and Loomis' fourth finger broke.

While Loomis was screaming, he passed out.

Slap!

Chuck slapped him across the face.

It jarred Loomis back to consciousness.

"Help! My hand!" Loomis was terrified.

"Don't be afraid, the other hand is still fine. I'll help you."

Cracking sounds filled the air.

Crack!

Just like that, his remaining fingers broke crisply.

Each time Loomis passed out, he was awakened by a slap. It went on and on.

Fear completely drowned him.

"No, you can't kill me. I am a member of the Yeager family!"

He uttered that statement with his last breath.

Loomis didn't beg for mercy.

"Kill you? What would killing you bring me? I'll kill Sabina right away!" Chuck's eyes turned livid.

"What?" Loomis was in a state of shock.

"You... Ah!"

He was interrupted by another attack.

Chuck landed a blow on him.

With a single punch, his ribs were broken, and his chest collapsed inwards, turning concave.

Loomis's pupils dilated in fright. "Spare my life, spare me..."

"Oh, I'll listen to you. I'll spare your life." Chuck shrugged.

Loomis' face was a mask of terror. Gradually, Loomis's face stopped twitching...

Loomis was dead!

Perhaps he only understood at the very last moment that he had done something wrong.

All along, Yolanda and Nancy were watching from the side.

They were both stunned and frightened.

Chuck had dealt with them like that?

The two of them found it hard to express their feelings.

"I'm sorry that you had to go through that!" Chuck came over and untied them.

Yolanda and Nancy rose to their feet.

Chuck's heart also ached for the two of them.

They had been tortured by Frieda to such an extent.

"I'll take you to the hospital."

The wounds on their bodies were all caused by Frieda.

"No, there's no need to go to the hospital."

Yolanda didn't think it was necessary.

The same was for Nancy.

"Then, if I let go of you, can you walk home by yourself?"
Chuck asked.

"Yes, I can."

"Me too."

"Well, if that is the case then head out first and wait for me." Chuck suddenly thought of something.

"Yes!"

The two of them headed out first.

Chuck arrived in front of Frieda's corpse. She was already dead.

All four limbs had been trampled by Chuck. How could she not die?

What came to Chuck's mind was Frieda's mobile phone.

He was dumbfounded the moment he switched it on. "Is this Alexandrina's? How could it be?"

"We have been saved. Chuck saved us all by himself. Without him, we would definitely be dead!" Nancy was very emotional.

After all, Chuck's appearance made him a hero, just like Prince Charming.

Nancy was touched by that.

Yolanda hummed her agreement. With him around, she felt a sense of security.

"I don't regret working for him. I am willing to work for him for a lifetime because he can protect me!" Nancy

fantasized.

"Me too. I am going to devote my life to him," Yolanda proclaimed with determination in her beautiful eyes.

There were some words, she could only bury deep in her heart.

It wouldn't be good if she accidentally blurted them out loud.

She would definitely be shocked because Chuck was going to hand over the phone to Alexandrina.

"Alright, I'll bring you guys back."

Chuck brought them back and bought them a meal because they were starving.

After the meal, they began to chat.

"Yolanda and Nancy, I will go back to my country tomorrow." 

The reason Chuck had returned was just to be accountable.

The two of them remained silent.

What could they do although they were reluctant to let Chuck return?

Chuck was their boss, so he had the right to decide.

"You can continue to work. Don't worry about me." Chuck did not directly say that he might die.

If he did, they would panic.

Given Yolanda and Nancy's ability, Chuck believed that they could build him a business empire.

"Yes!"

"Just go. You don't have to worry about me."

The two women's beautiful eyes sparkled. They swore in their hearts that they would build Chuck a business empire the next time he came back.

Chuck gave a lot of instructions, including the development of the business empire that Chuck had in mind.

He told them all the details.

In the end, they stayed up the entire night.

The three of them discussed it until dawn arrived.

Finally, Chuck left.

"Chuck has left," said Nancy sounding uninterested.

"Well, work hard!" Yolanda was injured, but she still continued to work.

What could they do?

They would think of him when they were bored. Therefore, wasn't it better if they just devoted their time to working?

"Me too. I want to work too." It was the same for Nancy.

"Yolanda, I really wanted to say what I was thinking just now. I really want to," Nancy said.

"Right." It was the same with Yolanda.

However, they decided not to say it.

Some things were decided by fate... It was up to fate. Yolanda wouldn't force it.

Meanwhile, Chuck went to Wolfen Sect.

However, he was rejected.

Chuck was silent for a moment. Since his mother was not by his side, he couldn't just force his request.

Therefore, Chuck left without saying a word.

Miss Scarlett's beautiful eyes sparkled. It was not that she did not agree, it was just that she had received a message from an anonymous user the day before... 

.....

"Betty, if the Wolfen Sect is not willing to make a move, then forget it." Chuck finally got over it.

Betty sighed.

"So, you're leaving now?"

"Yes, I've been here for three days and I have a few more days to prepare before I return." Chuck was aware of his situation.

This battle was a matter of life and death.

It was part of Chuck's plan!

Given the situation, the Yeager family and the Cannon family may follow Chuck's plan.

"Well, call Yvette over and I will drive you guys back."

Betty told Chuck.

However, when Chuck made a call to Yvette, he realized her phone was switched off.

He called again but no one answered.

Chuck felt that something was wrong.

"You can't get through?" Betty asked.

"Yvette, Yvette." Chuck went to look for Yvette.

Betty followed him closely.

Soon, three hours passed.

Finally, Chuck discovered traces of blood in the forest of his hometown.

A gun was found nearby!

There were also traces of a battle.

Chuck's eyes turned bloodshot as tears welled up in his eyes.

Was Yvette, Willia and Black Rose dead?

At that moment, Chuck's emotions spiralled out of control. Like an enraged lion, he roared, "Sabina! Sabina,

how dare you kill Yvette!"

Chapter 892

Sabina let out a yawn.

At the moment, she was in the Yeager family home.

Despite sneezing, she had a gloomy expression on her face.

"Miss Yeager, did you catch a cold?" asked someone beside her, clearly concerned for her.

"No," Sabina replied.

She didn't catch a cold.

"Then who is cursing you, Miss Yeager?"

"I don't know. How's the preparation for meeting up with the Cannon family?" Sabina questioned indifferently.

"Most of the things have been dealt with. All we have to do now is to wait for the time to come."

"Well, what about Adriana?"

"The Whitlock family doesn't seem to be making a fuss. They have not made a move yet."

"We can't let Adriana find out about this!"

"Yes, this is related to the safety of the Yeager family. I will definitely monitor it well. What's more, the Cannon family have also taken all the precautions and they won't let Adriana and her subordinates find out about this."

"Good."

Then, Sabina enquired stonily, "Where... is Chuck?"

"Chuck? He is probably still in the United States!"

"Probably? Aren't you monitoring him?" Sabina was furious.

"Chuck seemed to have changed drastically when he returned to the country. From my investigation, it turns

out he studied in the Wolfen Sect for fifteen days. On top of that, he has broken the Wolfen Sect's record..."

"Is there such a thing?" Sabina asked nonchalantly, but she was a little surprised.

"That's right. After leaving Wolfen Sect, his strength skyrocketed and he has matured quite a lot. Above it all, he learned to conceal himself, so..."

"I see."

"Miss Yeager, you don't have to worry. After we defeat the Cannon family, he is next. The Yeager family will be indestructible. Then, we will defeat the Whitlock family with ease."

Sabina's eyes twinkled.

"Oh, by the way, Miss Yeager..." The person who was speaking became cautious with his words.

"What?" spat Sabina.

"You mentioned that everything will be done within a month. Now half a month has passed, so how are your preparations going?"

The Yeager family's tradition couldn't wait any longer.

Sabina must deliver a child by next year as the Yeager family needed an heir.

"I..." Sabina was speechless for a moment. "When the time comes, I will do what I need to."

"Then we're relieved. Miss Yeager, please have a good rest. Tomorrow is the day we meet with the Cannon family."

"Yes... Wait a minute!" Sabina suddenly called out.

"Miss Yeager, is there anything you need?"

"It's fine. It's nothing." Sabina shook her head, feeling uneasy.

Why was that?

"Then have a good rest, Miss Yeager." With that, they left the room.

"Wait!!" Sabina was really confused.

Shouldn't she be happy over what was going to happen the next day?

The members of the Yeager family exchanged glances before heading back in. "Miss Yeager, what is it?"

"Do you think... there might be a misunderstanding?" she enquired.

"Of course there is a possibility."

"Misunderstanding definitely occurs when people have problems communicating with each other. However, what misunderstanding are you talking about, Miss Yeager?"

"I-I don't know how to put it into words. I..."

Sabina's head was spinning. Was it because the next day's events were too important that she couldn't calm down?

"We are willing to listen."

"That's right. Just tell us."

They all looked for a quiet place to sit down because although Sabina was indeed the head of the family, they all belonged to the same family.

"I haven't known Chuck for all that long. However, I think I know him, and he knows me too... When I came to look for Grandpa that day, someone shot me with a gun. When I escaped, I saw a sniper rifle in Chuck's hand. The bullet found in me was from the sniper rifle in Chuck's hand."

Sabina finally told them what had been causing her pain all this while.

The members of the Yeager family looked at each other.

"So, what do you mean?"

"Nothing. No..." Sabina shook her head. "I just wanted to tell you what's on my mind..."

Alfred sighed and said, "I understand what you're trying to say. You're saying that the person who shot you wasn't Chuck?"

"How could it not be him? If it was not him, why would he be holding the gun when you escaped? I'm certain that he was the one who fired that bullet but unexpectedly, you didn't die and saw him holding that gun as you escaped..." someone immediately slandered Chuck.

"What if..." Alfred hesitated.

"What if what?" Sabina pressed on.

"We also don't wish for you to be depressed all day long. That is why I'm skeptical. Miss Yeager, did you actually see Chuck firing that bullet?" Alfred asked.

Sabina was dumbfounded.

"Alfred, what do you mean? How could she see the shooter from such a long distance?"

"I don't think it is possible either. I understand what Alfred means too. You mean that Chuck might not have been the one firing the bullet, right?"

"Yes, that is possible." Alfred nodded in agreement and continued, "Is it possible that someone else fired the shot? The man lost his gun and Chuck happened to pick it up, and then you happened to see him?"

Sabina was stupefied!

"Alfred, such a possibility is very slim, isn't it?" Some of them were doubtful.

"But it is still possible! If we didn't see Chuck firing the

bullet, how can we be sure that it was him? Maybe someone has ulterior motives? We all know how many enemies we have. After all, what reason does Chuck have to shoot Miss Yeager?" Alfred was certain of his opinion. 

"This..."

The entire Yeager family turned to look at Sabina.

"Miss Yeager, what do you think?" Alfred asked.

"I-I don't know." Sabina shook her head. Her mind was in a mess.

"Miss Yeager, why did Chuck go behind the mountains of the Yeager family? Have you met him before?" Alfred continued to question.

"He knew that I was there looking for Grandpa," Sabina answered.

"Then, is it possible that Chuck was worried about you, so he sneaked behind the mountain of the Yeager family?" Alfred suggested.

Sabina was puzzled.

"Alfred, you are getting more and more outrageous. Is it even possible? Will Chuck be worried about Miss Yeager? That's impossible!" More people questioned his theory.

"Miss Yeager, you should know better yourself. That is all I can say!" Alfred sighed.

"Yes," Sabina answered absentmindedly. "Will Chuck go behind the mountain of the Yeager family to save me? But why was the gun in his hand? Why?"

"Miss Yeager, perhaps there really might be someone with ulterior motives who was one step ahead?" Alfred added.

"Ulterior motives?" Sabina's beautiful eyes were shining.

"It's possible. I don't think highly of Chuck. In fact, I even want him dead. However, there are some things that need to be made clear. Otherwise, he might become someone else's chess piece. What do you think, Miss Yeager?" Alfred said.

"Someone's chess piece?" Sabina was livid and confused. Once again, the scene where Chuck was holding a sniper rifle cropped up in her mind.

Chapter 893

"Yes, let's not mix things up. According to what you're saying, it seems like there is more than what meets the eye. Therefore, it's better to be careful. After all, the more someone is filled with rage, the further they sway from the truth!" Alfred advised.

All the members of the Yeager family fell silent.

What Alfred said made sense.

Therefore, they did not disagree with him.

"I know." Sabina's beautiful eyes twinkled. "Then who do you think is this person with ulterior motives?"

"Who else could it be?" Alfred shrugged his shoulders.

Everyone fell silent again, and they were all staring at Sabina.

"Chuck..."

"Yes, it's her. Don't mix things up. Chuck's mother, Karen, has accumulated quite a ton of property for herself over the past twenty years. If we defeat Chuck, the Yeager family will greatly benefit from it. But don't get carried away and let someone else take advantage of us," Alfred warned.

Sabina's eyes twinkled.

"In my opinion, Miss Yeager, you have to find an opportunity to ask Chuck. Was he the one who shot you?"

"Miss Yeager? Miss Yeager?" called Alfred again.

Suddenly, Sabina was frozen in place. Only when she was repeatedly nudged by the members of the Yeager family did she come back to her senses. "I- I'll... let's discuss it another time."

"All right, Miss Yeager. You should go to bed early. Tomorrow is the day you meet the Cannon family!"

"I know."

Only when all the members of the Yeager family left did Sabina let her guard down.

Sabina stayed silent in the room for a long time.

The moon seemed particularly full on that night.

.....

"Brat, where did you get this??" Alexandrina's face was flushed red.

Chuck suddenly looked for her in the middle of the night.

He handed her a phone. Opening it, she found her picture.

"From Frieda." Chuck shrugged her shoulders.

"Her? What about her?"

"She's dead."

Alexandrina was furious. It turned out to be her!

So, it was Frieda!

How could she just act so recklessly?

Why did she behave that way?

"Destroy it yourself. I'm going back." Chuck made time to come over because he had to do something big the next day.

He was going to kill Sabina.

"Wait, brat, what's wrong? Why do you look so depressed? What happened?" Alexandrina enquired. It was obvious that she felt distressed for him.

After all, Chuck's eyes were bloodshot.

"What's wrong? Tell me, what's wrong?" Alexandrina hugged Chuck and comforted him.

"I took Yvette to the country but we didn't return together." Chuck couldn't continue to speak.

Alexandrina was dumbfounded. "Do you mean Yvette is..."

She knew Yvette. After all, her first bounty was Yvette.

"Yes. I searched around, and there was only blood. In fact, there was a lot of blood. She died, but... tomorrow, I will avenge her and my mother. I will avenge Willa and Black Rose too!" Chuck swore stonily.

"Kid, what are you going to do?" Alexandrina was visibly shocked.

Chuck's words indicated what he would do the next day.

"I'm not going to do anything. Go and rest. If I'm still alive, I will come and look for you again." With that, he walked to the door.

Alexandrina ran after him and embraced him from behind. "You are not allowed to leave! I won't allow you to leave!"

"I can't just forget about the death of my mom, Auntie Logan, Yvette and Black Rose. Therefore, I must avenge them tomorrow. This is what I have decided on. How could you be so cruel to stop me?"

"I don't want to hold you back, but I don't want to see you die. Do you understand?"

Karen's death had a huge impact on Chuck.

"I know. So, go and rest now. Two days from today, you will know if I'm alive." Chuck pressed his hand to her neck.

"No. Don't knock me out. What on earth are you going to do? Chuck..."

Alexandrina couldn't finish her sentence, because Chuck had already knocked her out.

Nonetheless, Alexandrina's arms were still locked around Chuck, reluctant to let him go.

Chuck carried her to the bed.

After covering her with a quilt, he left.

.....

"It's time. How's your preparation going?" Osford asked.

After all, assassinating Sabina concerned the Cannon family's future. There was no room for mistakes.

"I'm ready. I'm more prepared than anyone else." Chuck was no longer smiling.

He had suffered for a few days.

The pain he was enduring had been caused by Yvette's death.

Having flashbacks of their relationship, Chuck was about to tear up.

He was not someone who easily shed tears. However, he had just lost the love of his life.

Nonetheless, what good would tears do him?

"That's good. Let's set off now," Osford urged.

With that, Chuck went out.

"Osford, the way I see it, this Chuck isn't ready. Something unexpected might happen when he tries to kill Sabina!" Luqman commented.

Xandra agreed with him. "Yes, Grandpa, I don't think Chuck will win either."

"It's alright. As long as Sabina shows up and if Chuck does not defeat her, then both of them will die. I have already placed an explosive at the meeting point!" Osford muttered indifferently.

Over the past ten days, the Cannon family had been making preparations too.

Of course, it was an important matter, so he personally ordered his subordinate to take action in secret.

"That's good. Today will be the most important day in the history of the Cannon family! Because after today, the Yeager and Whitlock family are going to disappear from this world. The Cannon family will be the only hidden family in this world!" Osford was extremely excited.

He had waited too long for that day to arrive.

Who would have expected that it would be all thanks to Chuck.

It seemed that Chuck was a pretty good pawn.

"Yes, that's right."

Luqman and Xandra were brimming with zeal and excitement too.

"By the way, where is Chadrick? Where did he go?" Osford enquired.

It was such a wonderful day. How could the Cannon family heir not be there to witness it?

"I don't know."

"Forget it, Luqman, go prepare the plane. We're going to set off soon. By the way, have you mobilized the manpower?"

"Yes. I have already assigned snipers and bodyguards. There are only ten of them but it is enough," Luqman replied.

"OK. Let's go."

With that, Osford strode out.

Finally, the Cannon family would create history.

.....

Their meeting location was on a high mountain.

At the moment, Chuck was on a big tree, and there was a hidden device beside him. Made from the skin of a chameleon, it could camouflage into the surrounding. 1

In fact, there was a house on top of the tree.

There were two people inside, Betty and Chuck.

"Young Master! Are you ready?" Betty asked.

"Yes." Chuck's eyes burned with zeal.

They were at the meeting location.

When Sabina appeared, Chuck would kill her to avenge his mother, Willia, Yvette and Black rose.

"Give me a moment... I will definitely avenge each of you."

Chuck's eyes were bloodshot at the moment.

Chapter 894

"Chuck!!"

Betty grabbed Chuck's hand, trying to calm him down.

It was not the right time to be blinded by rage.

Mistakes would occur if one were blinded by rage.

"Chuck, I know you have a heavy burden on your shoulders, but please calm yourself down." Betty burst into tears.

Since he came back to the country, Chuck hadn't smiled at all.

Day after day, she watched haggardness line Chuck's face. The hatred in his eyes had accumulated until the point that it was about to burst out.

"I know, Betty, don't worry." Chuck came to his senses.

It was the only chance Chuck had to avenge his mother and the others.

Chuck couldn't afford to make a mistake.

"I believe you can do it," Betty assured.

Chuck suddenly turned his head and said, "Betty, I want you to remember every single word I've said."

"Okay, Chuck, I will remember every word precisely and clearly." Betty promised.

"You probably think that what I'm doing is very risky. If I kill Sabina then the Cannon family will defeat the Yeager family and the Cannon family will inherit all of my mother's property. If this happens, I'm going to lose regardless. Is that what you're thinking?"

"I... Yes, but I will abide by all of your orders. No matter if it is right or wrong, I will do as you say," Betty muttered with tears streaming down her cheeks.

"Betty, if I were to tell you that I have found out the intentions of the Cannon family a long time ago. Are you surprised?"

"Not surprised. Chuck, you're President Lee's son! Not only did you inherit President Lee's combative genes, but also her wisdom." Betty had always thought that way. Suddenly, it dawned on her. "Chuck, what do you mean?"

"That's right. I know the intentions of the Cannon family, and I know what Sabina is thinking..." Chuck's eyes gleamed with anticipation.

"Chuck, you?" In a trance, Chuck was silent, which made Betty feel as if she was watching Karen fall deep into her thoughts.

"Now everything seems to have gone according to my plan. Betty, you have to listen carefully to what I'm going to say."

"Alright, Chuck, please tell me."

.....

There was a rumble.

The Cannon family's helicopter had ascended above the hills.

It continued to descend.

A pavilion had been set up there.

It was the location of their meeting.

Osford, Luqman, and Xandra were all present.

They had arrived at the pavilion.

"Grandpa, Sabina and the others will arrive soon. The surveillance team has spotted the Yeager family's helicopter," Xandra reported to her grandfather.

"Great!" Osford could no longer contain his excitement.

"Where is Chuck?"

"Karen's company has developed a kind of glass that can camouflage with its surroundings. It's also a display screen. He is going to use this kind of display screen to camouflage himself." Xandra knew of his plan in advance.

Osford grunted in acknowledgement although he didn't seem to care.

There was a further rumble.

A luxurious plane flew over.

"Grandpa, Sabina is here." Xandra was excited.

"Very well, get everyone ready," Osford ordered.

"Grandpa, don't worry. The moment Sabina steps out of the plane, there is no way she can leave." Xandra's eyes gleamed with glee.

Xandar had been sleep-deprived because she was anxious that something unexpected might occur on that day.

They mustn't make any mistakes.

The rumbling noise grew louder.

Finally, the plane landed.

From the plane, a few people disembarked.

"Is that Sabina?" Osford enquired.

Leading the entourage was a woman.

She looked like she was only in her twenties.

Nonetheless, she looked aggressive.

"Yes, that's Sabina. She's here," Xandra confirmed.

Osford grinned and he walked out.

It wasn't easy to get her to meet him.

"Miss Yeager, nice to meet you!" Osford greeted her with a faint smile.

Sabina's beautiful eyes twinkled. "This place is not bad."

"This is a scenic place with beautiful scenery. If you like it, I can give it to you " Osford chuckled.

"That won't be necessary. Let's get to the point. How do you want to form an alliance?"

"Of course. The Yeager and Cannon family are definitely going to form an alliance." Osford grinned at her.

"Tell me, how do you plan to collaborate?" Sabina asked calmly.

"We will combine forces and go against the Whitlock family..."

"Combine forces? If I understand correctly, the Cannon family is going to destroy the Yeager family before defeating the Whitlock family. Isn't this your intention?" Sabina interrupted.

"Miss Yeager, how can you say such things?" Osford retorted. Nonetheless, he kept the smile on his face.

Meanwhile, Xandra sneered while Luqman remained stoic as ever.

"Well, let's be honest with each other. Ask your subordinates to step out," Sabina said.

"So, you know that there's a trap today." Osford smirked.

"Yes, I'm not stupid. It's obvious why you suddenly asked to meet up. Well, I have the exact same plan as that you have. Who do you think will be victorious?" Sabina's beautiful eyes were ice-cold.

"What do you think? This place belongs to the Cannon family. What can you do?" Osford uttered furiously.

"Well, don't think that way. Are your subordinates not willing to come out? If they aren't, I will have to ask my people to drive them out."

Sabina spat coldly.

All of a sudden, something happened.

Someone fell from a big tree!

It was a man dressed in black, and he was a subordinate from the Cannon family.

Just like that, he fell to the ground and died.

Osford was furious. Didn't they plan everything perfectly? How could the man be assassinated?

Lugman was dumbfounded.

"You think I don't know what you're planning? You think I would agree to meet up with you without making any preparations? You really underestimated me," Sabina mused indifferently.

She had already sent someone to secretly scout the place.

Everything had been planned beforehand.

After all, she was very skilled at assassination.

Therefore, she personally designed the plan.

She was determined to demolish the Cannon family.

This was because the Cannon family was courting death.

"You killed only one of my people. Come out!!" Osford was furious.

Suddenly, a loud whirring sound filled the air.

The trees around the top of the mountain began shaking.

Meanwhile, Dozens of helicopters appeared in the air.

Nonetheless, Sabina remained expressionless. "You did this?"

"What do you think? In order to bury you here, I've spent a lot of effort. Oh right, do you know who brought this up?"

In contrast to Osford's expression of glee, Xandra and Luqman were both calm.

No matter how much preparations Sabina made, it was useless.

It was just a last-ditch effort.

"Who brought it up? Was it not you?" Sabina frowned.

The people behind her whispered. Wasn't Osford the one planning all of it?

Was there someone else?

"Looks like he's quite capable. He's the one who led you here and you don't even know it was him!" Osford said with a laugh.

"Someone else planned it?"

Sabina's beautiful eyes were ice-cold. When she realized who he was, anger burned in her heart.

"Yes, I'm telling you. The reason we're meeting up here is all thanks to him. He's going to kill you today. You don't even know who he is? It's alright, I'll tell you."

Guffawing, Osford called, "Chuck, where are you? Your enemy, Sabina, is here! Why don't you come out?!"

Chapter 895

"Chuck!!"

Osford was fuming with anger because Chuck had yet to be seen.

What was he trying to do?

"Hmph, are you going to be a coward?" Osford harrumphed lividly.

Similarly, Xandra and Luqman who were standing next to him were infuriated.

Luqman began to look for Chuck.

The Cannon family had showed up but he was yet to be seen.

Sabina's eyes twinkled. "Osford, is Chuck the mastermind behind this plan?"

"That's right."

"Then you are also an idiot. Chuck has taken advantage of you and you don't even know it." Her eyes glinted coldly.

Osford snorted. "Take advantage of me? How so? Does he have the right to take advantage of me?"

"If he did not take advantage of you, do you think you would lure me out? Osford, you are really simple-minded. Chuck knows that if you join forces with me, I'm definitely going to destroy you all. He wants us to destroy each other while he just sits by and watches. Is this not considered taking advantage of you?"

Osford was furious. "I know!"

"What do you know? Let me guess. You are thinking that after Chuck kills me, it is going to benefit you." Sabina broke into a faint smile.

However, her grin was mocking.

"So what if I do?"

Osford sneered incessantly. "Let me warn you, Sabina. You are going to die here regardless!"

"That won't be the case. Chuck took advantage of me, you took advantage of him and he took advantage of me. Everyone is taking advantage of each other. Initially, both of us wouldn't have ended up here but Chuck made it all happen. He is the reason why we are here! Do you understand?" Sabina's eyes darted around as she spoke.

She was going to find Chuck's location.

"So what? Both you and Chuck are going to die." Osford raised his hand.

Everyone from the Cannon family gathered around.

"No." Sabina shook her head. "If I die so easily, do you think you can destroy the Yeager family and kill Chuck too? He won't give you such an opportunity. I won't give you such an opportunity either. You have your people? I have my people too."

A series of booms were heard.

There were a lot of planes coming from afar.

At the same time, many people appeared.

They were all Sabina's subordinates.

Loud rumbling noises filled the air.

As soon as the planes fired at each other, an intense battle erupted.

The scene was extremely terrifying.

Osford was taken aback. Numerous as ants, a group of people appeared and descended from the plane.

There was...

There was an invisible plane in the sky!

Alighting the plane were countless armed personnel.

Instantly, a gunfight began.

Like hail, bullets rained down from the sky.

"This is your doing? Sabina?" Osford was shocked and furious. At the very moment, she had more subordinates than the Cannon family.

Osford never expected that.

"It's hard to say who will emerge victoriously," Sabina muttered indifferently.

Two hidden clans were engaged in a fierce battle.

The terrifying scene was a warzone as bullets rained down from the sky.

Loud explosions continued successively.

It was so shocking.

It was a real battle!

The two hidden families were locked in a battle.

Sabina suddenly called, "Chuck, are you still hiding?"

Just then, a deafening gunshot was heard.

A bullet flew over from a distance.

Bang!

However, the bullet stopped right in front of Sabina.

At the very moment, there was a transparent bulletproof glass in front of her.

"You shot me again!"

Sabina was instantly angered. She recalled what happened at that time when she had been helplessly chased by a dozen people. She could have dealt with all of them herself, but she had been shot.

Chuck appeared.

He was holding a sniper rifle in his hand.

His eyes were blood red.

"You shouldn't have done that. You shouldn't have done that." Chuck strode over, step by step.

The Sabina before him was not a person he knew.

"You shot me again and again!" Sabina enunciated.

Bang!

Chuck threw his sniper away and promised, "I won't let you die so easily, I won't!"

"You've killed everybody dear to me. Today, I'm going to watch you die!"

Osford smirked. Finally, Chuck showed himself.

In fact, the situation could've been reversed even without Chuck's help.

The reason why he called Chuck was that he wanted to see Chuck die.

"Chuck, is what she said correct? Are you taking advantage of the Cannon family?" Osford smiled gently.

"You are looking for death!" Xandra was infuriated!

Chuck retorted nonchalantly, "We're all taking advantage of each other. Don't act as if you trusted me so much, when you were just underestimating me."

Indeed, Osford had underestimated Chuck.

He thought that Chuck was just a pawn and that he could use him as he wished.

However, he didn't know that Chuck had something up his sleeves.

He took advantage of Chuck, so Chuck took advantage of him as well.

Because Chuck would never allow either of the hidden families to survive and monopolize the entire market. Because if that were to happen, then the surviving family

would inherit all of his mother's property.

Therefore, Chuck would not allow such a thing to happen.

"Well, you have skills. You can make use of me, but you are still too young. You don't know that I have already made other preparations." Osford smirked slightly.

"I know, but focus your resources to counter her preparation." With that, Chuck suddenly stepped forward.

He threw his fist forward.

The punch carried the force of all his rage and despair.

He wanted to kill the person who murdered his mother, Willia, Black Rose and Yvette.

He wanted revenge for the dead.

Sabina's bodyguards charged forward.

They were tasked with protecting Sabina.

"Move aside!" Sabina's expression turned ice-cold in an instant.

Sabina wanted to deal with Chuck herself.

Therefore, their bodies collided.

Sabina received Chuck's fist of fury head-on.

Chuck's punch was so powerful that it weighed more than a thousand kilograms. After Chuck was trained in Wolfen Sect, his fighting prowess had exceeded Sabina's.

The loud impact echoed through the air.

While Sabina was retreating, she spat out blood.

"Miss Yeager!"

The members of the Yeager family turned pale with fright.

"What? Why is Chuck's punch so powerful?!" Luqman was a little surprised.

Wasn't Chuck a person who couldn't even lift 200 kilograms?

Why was the punch so powerful?

"Sabina, where are your bodyguards? You've regressed a lot. Do you know how much training I have gone through? It was all for today. I'll kill you today!"

Chuck threw another punch.

During his period of training, the gap between the two of them had grown too wide.

The loud sound of flesh landing on flesh filled the air again.

Sabina was sent flying through the air.

"Miss Yeager!"

Sabina's bodyguards rushed over in anger.

He wanted to buy time for Sabina.

However, out of a sudden, someone rushed toward Sabina.

It was Luqman.

His only goal at the moment was to take down Sabina.

As long as Sabina died, the fierce battle would end.

It also meant that the Cannon family would be victorious.

His fist descended, about to smash Sabina to death.

However, an icy-cold roar sounded, "She is mine!"

That was right.

The person shouting was Chuck.

Sabina was his, because Chuck wanted to kill her with his own hands. 

Chapter 896

"Take care of yourself. You are in no position to bother with her!" scoffed Luqman.

He was frowning at Chuck, clearly despising him.

It was the best time to kill Sabina. How could he let it go?

The reason why Chuck could land a punch on Sabina was because she was caught off guard.

Did he really think that he could defeat Sabina?

What wishful thinking!

However, Luqman was soon proven wrong.

Chuck threw a punch.

Behind him, Luqman suddenly felt a gust of wind rushing toward him.

Luqman was dumbfounded. The moment he subconsciously turned his head, he was shocked.

Because within a mere second, Sabina's bodyguard was lying on the floor.

What on earth happened while he was trying to kill Sabina?

Within a second, Chuck had gotten rid of all of Sabina's bodyguards?

How was that possible?

In Luqman's puzzlement, Chuck's fist was headed towards him.

"You're courting death!" shouted Luqman.

He was, after all, the most powerful warrior in the Cannon family.

Therefore, he wanted Chuck to know the great difference between them.

Bang!

The two fists collided.

Instantly, Luqman's expression distorted into one of pain. "It hurts!"

After experiencing a stabbing pain in his fist, his arms went numb. He was stupefied by the experience.

Why was the punch so powerful?

Chuck was a person who couldn't even lift 200 kilograms!

How could that happen?

Luqman simply could not understand.

A loud smash interrupted his thoughts!

It was the sound of a fist landing on his head.

Luqman tried to shield himself with his fist.

Nonetheless, a booming noise resulted from the impact!

Already shaky from the impact, Luqman stumbled backward. Just then, Chuck launched a kick at him.

He did it all in one breath.

Luqman was shrieking as he was thrown five meters back. Upon landing, his bones were fractured.

He spat out a mouthful of blood.

"You!" Luqman was horrified.

Meanwhile, Xandra and Osford were both shocked.

Luqman was the most powerful fighter in the entire Cannon family.

However, he was sent flying with just one blow?

What was going on?

"Impossible, impossible, how can your fist be so powerful? You can't even lift a 200- kilogram object!" Luqman coughed vigorously and struggled his way up.

He was the Cannon family's bodyguard, the best in the Cannon family. He had never been in such a difficult position like he was that day!

With just two punches, he was sent flying .

Initially, he wanted Chuck to know how he was so much more superior than him. However, he was the one that was overwhelmed.

After Chuck's punches and kicks, Luqman was aware where he stood.

"Two hundred kilograms? You're wrong. I have been carrying two hundred and forty kilograms! Do you know that?"

"Impossible! You!" Luqman was dumbfounded.

Since Chuck was carrying two hundred and forty kilograms of weights on him, he couldn't lift two hundred kilograms because that was the equivalent of four hundred kilograms.

Luqman was stunned.

Boom!

While Luqman was still in shock, Chuck threw a punch at Luqman.

Luqman tried to struggle and block it.

However, the punch was too powerful.

As the fist landed, Luqman was sent flying.

He coughed upon landing.

Blood spurted out of his mouth.

He was in a terrible state.

Chuck leaped over and landed on him.

Without hesitating, he stomped on Luqman's body.

Luqman freaked out.

It was useless to attempt to run, flee, or resist.

Chuck was unstoppable.

There was no way for Luqman to dodge.

Luqman cried out pitifully.

Chuck stomped on Luqman and it broke his ribs. His body tensed up for a brief moment before it relaxed and remained motionless.

"You know what? You are very weak!" Chuck commented.

"You..." Luqman's eyes were wide open.

Just like that, he died.

The moment he died, he understood the consequences of underestimating someone... 

Meanwhile, Xandra and Osford watched in bewilderment.

Were their eyes deceiving them?

The strongest bodyguard of the Cannon family was killed by Chuck in less than a minute?

Was that true?

At this very moment, the two of them were at a loss.

Chuck didn't even spare Luqman's corpse a glance. He didn't even bother looking at him.

Chuck finally realized just how powerful his mother had been.

It was a pity that his mother couldn't witness this because she was already...

"Sabina, you're mine. No one can kill you. I'm the only one who can kill you!" Chuck leisurely approached her.

He was boiling with anger.

His eyes were scarlet red.

All this while, Sabina had been hiding inside the Yeager family. Thus, Chuck couldn't lay his hands on her. But that day, Sabina had been lured out and Chuck wanted her to receive what she deserved.

"You shouldn't have killed my mother, Willa, Black Rose and Yvette. You shouldn't have done that." Chuck approached her.

"I like it. I like it." Sabina stood up with her back straight.

Once again, booming sounds of flesh hitting flesh filled the air.

Chuck threw a punch.

It was a punch full of fury.

Sabina couldn't avoid it.

Unable to withstand it, she was sent flying.

Chuck approached, step by step, towards her. His blood-red eyes were already blurry. "Mother, did you see that?" he thought to himself.

"I'm avenging all of you. Revenge!"

"This is for my mom. For my mom!" he cried aloud.

Then, Chuck landed another blow on Sabina.

Although Sabina tried blocking his attack, she was sent spiralling in the air.

"This is for Willa!"

He threw out another punch.

There was a huge difference between their abilities. Sabina was not able to withstand it.

Plop!

Sabina fell to the ground awkwardly.

Despite that, she struggled her way back to her feet stoically.

"This is for my wife, Yvette!" Chuck clenched his fists.

Once again, a loud crashing sound was heard.

Chuck delivered another powerful punch.

Sabina was also a combat expert. However, she wasn't trained in the Wolfen Sect, thus there was a huge gap in their combat prowess.

Nonetheless, she had also grown up amongst a pile of corpses.

Her body was baptized by death because of the countless injuries she had suffered. Countless times, she had been on the brink of

death. Therefore, she could endure a lot of blows.

"This is for Black Rose!!"

Chuck delivered his fourth punch.

Sabina was thrown back five meters.

Landing on the ground, she coughed.

Then, she spat out blood.

Sabina got up nevertheless. "Where did your strength go?"

That was right.

Sabina was already on the verge of collapse, but she still said that.

"I have begged you. If you have a grudge, come and look for me. Why did you kill Willa, Black Rose, and my wife, Yvette?" Chuck was in great pain.

They were people important to Chuck.

However, death had separated him from them.

"I did it for fun, just like when you shot me. It was the same," Sabina uttered coldly.

In an instant, Chuck's suffering intensified.

He walked to stand in front of Sabina, who was on the verge of collapsing, and grabbed her by the neck.

This person had killed his loved ones. She killed the people closest to him!

"You killed my mother and my loved ones because of this?" Chuck's eyes were bloodshot.

"That's right, you were the one who shot me first. That's why I wanted to kill all of the people around you. You were the one who crossed me first!" Sabina roared.

"No, you are mistaken. I have already told you that I did not shoot you!" Chuck cried out in pain.

"I don't believe it. You are the one who shot me."

"No, I didn't. When I went over, I saw a gun on the ground, so I picked it up. The shooter had already left, but you saw me. You said I shot you and you were not willing to listen to me. I didn't shoot you! No!! However... It's useless saying this now. You killed my mom and the others. Now, you can go and join them."

Chuck's gaze turned frigid as he grabbed Sabina's neck. Suddenly, he tightened his grip.

Chapter 897

"Did you really not shoot me?" Sabina asked with an agonizing expression.

Chuck had his hands wrapped around her neck, cutting off her air supply.

At that very moment, she was extremely close to dying.

Her current situation was more dire than all the previous times.

"Answer me, and let me die knowing the truth!" Sabina's face was turning red from suffocation.

"I did not shoot you! I went to save you but you slaughtered my mother, Willia and..."

"If you were not the one who shot me then I was not the one who killed your mother!" Sabina shook her head in pain. 

"It's useless. You will definitely die today," Chuck muttered lividly.

"You don't believe me? Fine, I'll prove it to you." Sabina suddenly raised her hand.

A loud gunshot cut through the air.

From afar, a bullet flew towards Chuck.

It buried itself into the ground, forming a pit.

Then, a red dot appeared between Chuck's eyebrows.

A sniper had been pointing his gun at Chuck all this while.

However, Sabina had not instructed him to fire at Chuck.

"While you were kicking me around, I could have told him to shoot you. But I didn't. Because I want to get to the bottom of this."

Sabina coughed and continued, "If I am the person who killed Karen then I would have let the sniper end your life when you were punching me around."

"You think he can hit me?" Chuck asked indifferently.

"He can try. I didn't kill Karen. I didn't," Sabina coughed and forced out the sentence.

Chuck's eyes sparkled. "No? Why should I believe you?"

"Simple. It's exactly like how I believe that you didn't shoot me. Please put yourself in my shoes." Sabina's anger and lividness had vanished.

It was just like their first meeting where she had treated Chuck to a meal.

Within a night, they got close to each other.

Just like that, they became friends overnight.

Chuck was Sabina's first friend, her first true friend.

Sabina felt at ease. Even if they shared the same bed, Sabina had no worries. She was not afraid that something might happen while they shared the same bed because she treated him as her own sibling.

"No. If you didn't kill them, then who did?" Chuck spat coldly.

His hand continued to exert force on her neck.

"Among the three hidden families, excluding me, who do you think is capable of such a thing? Have you thought about this possibility?"

"Adriana! I went to find her, but she wasn't the killer."

"No. Is it because I admitted it, hence you stop suspecting her anymore?"

Chuck was silent for a moment. Yes, it was because Sabina had admitted that she was the killer.

As a result, it wiped away all suspicions Chuck had about Adriana.

"You are the prime suspect because you think that I am the one who shot you."

"Yes, I thought so, but do you think I would be so cruel to murder Karen and kill everyone dearest to you? Do you think it's possible? Karen spared my life once so I won't kill her. Don't you understand?" Sabina answered truthfully.

Despite the fact that Sabina tried to plot against Chuck, it was the truth.

Karen had indeed spared Sabina's life previously.

Given Sabina's personality, she felt that she owed Karen a favour for having spared her life.

Although Sabina was cruel, she had moments of compassion and empathy.

"You're trying to deceive me!"

"I'm not. You didn't suspect Adriana and you kept accusing me over the phone. Thus, I got furious and said that I killed her. Is this enough now? Now I can also say that I killed Karen, Willia, Black Rose and Yvette. All of them were slaughtered by me. Do you believe me? Are you satisfied

now?" Sabina suddenly roared.

She suddenly felt wronged.

Why was he suspecting her?

Did he really think that Sabina was such a person?

"Adriana has a subordinate named Eleanor. I'm not sure if you have heard of her. She is the only person capable of killing Karen. Karen killed the strongest bodyguard of the Yeager family herself, so how am I supposed to kill her? How else do you want me to explain this to you?"

"Eleanor!"

Chuck remembered the short-haired woman by Adriana's side, Eleanor.

"Yes, she is one of the most powerful bodyguards in the Whitlock family. She is capable of assassinating Karen. Do you understand now? Do you know what Adriana is thinking? Do you know what her intentions are?"

"What does she want?"

"She likes you. That's the reason why she started scheming after I became the head of the Yeager family. That way, you would eventually beg her..."

Sabina finally admitted everything.

"The reason why Eleanor assassinated Karen is because she got in the way. She wanted you to be left alone so that in the end you have no choice but to turn to her. This is because she wants you by her side. Do you understand?"

Chuck's grip around Sabina's neck trembled.

"Are you feeling the agonizing pain? Let go of me! Do you really want to kill me? I already said that it was not me who killed Karen!" Sabina was furious.

Just then, a loud bang was heard.

A bullet flew past Chuck's ears.

The Yeager family's sniper had pulled the trigger.

"Don't shoot!!" Sabina roared. "Do you see? I can ask someone to kill you right now! If I am really the killer, I would have killed you a long time ago."

"Not necessarily," said Chuck.

His reply was followed closely by another gunshot.

The bullet was shot from another source.

And it hit a spot.

The red dot aimed between his Chuck's eyebrows wavered. It was because Betty finally jumped into action and found the sniper who had his aim on Chuck.

"And, if you kill me, you'll die too." Chuck knew what was going on. He had planned everything beforehand.

If he were to die, Sabina had to die with him.

That was because Chuck had a ton of bombs in his hands.

"You have really changed. You are as smart as Karen," Sabina replied. "But despite that, you just won't believe me. I even believed you but you won't believe me..."

All of a sudden, Chuck let go of her.

Upon her release, Sabina coughed.

"Adriana hired someone to kill my mother? Adriana, Adriana..."

At that very moment, Chuck muttered to himself. It finally dawned on him that when he went to Adriana's place, she acted all pitiful but she actually had ill intentions.

At that moment, he understood why he felt uneasy when he saw Eleanor. It was because she was the one who killed his mother!

Chuck's eyes were bloodshot.

"Now you believe me? Adriana is the mastermind behind all of this. She planned everything from the start," Sabina said.

Sabina was already looking much better.

She was in a good mood because her only friend who understood her was still her friend. He just misunderstood her...

"She's taken a fancy to you. She wants to render you helpless so that you will go to her. That way you would be easy to manipulate. After all, she wants to control everyone!"

"She killed my mother, Willia, Black Rose and Yvette!" Chuck cried.

At that moment, he was filled with rage.

It turned out that he had made a mistake all along.

"Yes, it's her. What are you going to do?" Sabina asked.

"I'll avenge my mother's death!"

Clenching his fists, his eyes were filled with cold flames of fury.

"Adriana, Eleanor, I will kill all of you!"  8

Chapter 898

"Chuck, you must plan beforehand. Adriana isn't that easy to defeat."

Sabina realized that the coldness Chuck emanated was due to resentment and hatred.

It was the same aura he radiated when he was trying to kill her previously. He was exuding a frightening murderous intent.

"I know what to do. I'm going to humiliate her and after her reputation has plummeted, I'll kill her!"

That idea flashed through Chuck's mind.

He had only one thing in mind and he would not stop until it was done.

That was, to look for Adriana!

"Chuck, what are you thinking? You have to calm down. Really!" Sabina persuaded.

Chuck acted like he was out of his mind. What was he trying to do?

"I'm very calm. Very calm."

Chuck uttered each word coldly.

In an instant, Sabina felt that although she knew Chuck, Chuck had become a stranger to her.

Was he growing up?

"It's good that you're calm. The Whitlock family is the real number one family. The only way to take her down is to work together. Because I'm certain that she was the one who was behind that shot, I want revenge too," Sabina muttered lividly.

"No, she's mine." Chuck clenched his fists.

In an instant, the atmosphere was tense.

Their eyes were scarlet red.

Chuck was in pain and rage.

He was going to look for her.

Why did he save her from the Amazon wilderness?

Why did he!?

If he could go back in time, Chuck would definitely not save her. He would have killed her back then!

That vicious woman.

D*mn it.

"Well, she's yours, she's all yours." Sabina was puzzled. At the moment, Chuck was just too stony!

The thunderous sounds of explosions ensued.

At the moment, the Cannon and Yeager family members were still engaged in a fearsome battle.

The fact that Chuck had killed the strongest bodyguard of the Cannon family shocked everyone in the Cannon family.

The morale of the Cannon family plummeted and they started losing fights.

The battle raged on.

However, the Cannon family's subordinates started to fall one by one into a pool of blood.

There was too much blood at the location.

Suddenly, a cry could be heard.

Without warning, something shocking happened.

The last helicopter of the Cannon family fell from the sky with a rumble.

It crashed to the ground in a series of loud noises.

Everyone from the Cannon family had perished, leaving

only two people. One of them was Osford and the other was Xandra.

Slowly, the noises of battle died down.

The Yeager family's subordinates gathered around the Cannon family, standing before them in a terrifyingly imposing manner.

Xandra and Osford were shocked.

"What? How is this possible? Where are my people? Where are my people?!"

Osford was furious.

In fact, after Chuck and Sabina made peace with each other, Betty used the sniper rifle to rain bullets down on the Cannon family's subordinates.

No one knew where Betty was.

Therefore, Betty had shot many members of the Cannon family.

As more people from the Cannon family died, the remaining ones panicked and they started to retreat.

It was not surprising as their entire platoon had been wiped out.

Therefore, the situation had turned around quickly.

Xandra and Osford were both in a daze.

It could be said that they fell into a daze the moment Chuck took Luqman down.

And it was all because of their stubbornness.

"Sabina, you brought a lot of people," Chuck commented.

No matter how cunning Osford might be, he still suffered a crushing defeat at Sabina's hands.

"I grew up among a pile of corpses. I know how to survive," Sabina replied.

"Chuck! What are you doing?! Kill Sabina! Now!" Osford

roared with rage.

Why didn't Chuck end Sabina's life?

He was chatting with her like an old friend!

What on earth happened?

"I won't kill her." Chuck shrugged.

"What? Why won't you kill her? Don't you want to avenge your mother?" Osford was stunned.

Xandra was puzzled.

What on earth happened?

"It was not Sabina's doing, so I won't kill her."

"You! Are you kidding me? Do you think she will let you go? She is trying to gain as much power as she can to fight against Adriana and when that happens, she is also going to destroy you! Are you unaware of this?" Osford was infuriated.

There were three things that were unexpected to him. The first was that Sabina came well-prepared. She even brought so many subordinates.

The second one was that Chuck had killed the strongest bodyguard of the Cannon family.

The third one was that Chuck had tried to make peace with Sabina and they currently were on the same side.

The third one was something he had never imagined!

"No, she's on my side."

"I won't destroy him. He is on my side."

The two of them spoke simultaneously.

The two looked at each other and their eyes met.

Chuck felt at ease as the misunderstanding had been resolved. Sabina was still the Sabina he once knew.

The two of them were so close that they could share the

same bed without worries.

Sabina was behaving strangely because of Chuck.

All the members of the Yeager Family watched, dumbfounded as they wondered what was happening.

They were on each other's side?

What kind of relationship did Chuck and Sabina have?

Osford and Xandra were both stunned.

"Chuck, you're crazy! She's lying! She's lying to you! She'll destroy you and you'll regret it then. Don't be silly. Kill her now to get rid of possible complications!" Osford was fuming.

"No, I think I'm going to kill you."

Chuck walked over slowly.

His eyes were cold, and his tone was indifferent.

"Osford, do you know what my plan is? You're right. I was going to come out when the two families are done fighting. But there has been a sudden change of plan. I don't want to fight Sabina anymore. So, I'll have to kill you. That's because... you asked me to kill Sabina. Once Sabina was dealt with, you were going to destroy me. So, do you think I will let you do this?" Chuck walked over step by step.

What a joke!

Everything Chuck had at the moment was the fruit of twenty years of his mother's hard work. Chuck would never let the Cannon family inherit his mother's property!

Therefore, Chuck had set up this trap.

However, Chuck didn't expect the outcome.

He did not think that Sabina was not the one who killed his mother, and that it was someone else.

"Chuck, you are overthinking. How would I ever do that? Once you kill Sabina, the Cannon family won't mind splitting half of the properties with you or you can even have it all! As long as you kill Sabina. What are you waiting for?"

Osford said with a roar.

Chuck shook his head indifferently. "No. Today you're going to die."

The murderous aura he exuded intimidated them till the point that they started to suffocate.

Xandra backed away in fear, falling down with a cry in the process.

"As I said, you will kneel down to me," Chuck muttered indifferently.

"Chuck, you're wrong. You can't trust Sabina!" Xandra had never encountered such a situation before.

Extremely fearful, she was in a state of panic.

How did that day turn out like that?

"However, it's too late to kneel now."

"It's not too late, Chuck. You have to trust the Cannon family. We definitely won't plot against you! I was thinking about dividing the properties evenly with you. Now that the Cannon family has evenly distributed the Yeager family's property with you, what else do you want? Believe me, don't trust her!" Xandra pleaded in fear.

Chuck had killed her most powerful bodyguard within a few moves, and that scene had been carved in her brain. She was terrified.

"I trust her, so you two must die today. I forgot to tell you that my original plan was to kill Sabina and then kill you. Now the plan has changed, but I'm still going to kill you!"

Chuck approached them leisurely.

Chapter 899

"Chuck, do you think you can kill us? Do you think you can destroy the entire Cannon family?" Osford asked as his expression turned gloomy.

Finally, he remembered that he was one of the heads of the Cannon family, which was one of the hidden families.

The power of the Cannon family was greater than one could imagine.

All Chuck had was Karen's inheritance. How could he possibly destroy the Cannon family?

"You don't have to worry about this." Chuck shook his head and walked over indifferently.

"Humph, such a lowly kid is trying to make me suffer? Did you forget that I am the head of the family? Did you think it through? Do you know what is in my hand?"

Osford produced a small remote control.

"A bomb? I know that you have planted a lot of bombs underneath." Chuck shrugged as he spoke.

Sabina was dumbfounded. How did Chuck know about that?

"That's right. There are a lot of bombs planted right below us. These bombs are going to kill us all. So if you really force me, I'll have no choice but to blow everyone up!" Osford had a sneer on his face.

Just then, Xandra began to cry. She was afraid of dying.

"Grandpa, I don't want to die," Xandra begged. 

However, she was cut off by a slap.

Osford slapped her in the face. "Shut up!"

Nonetheless, she continued to cry.

Xandra's cries filled the air.

She had been raised delicately and pampered since she was young. She did not expect to die on that day!

She didn't want to.

"Chuck, you are still young. You have yet to avenge your mother's death. So let us go, then we can call it a day. From this day onward, we will not interfere with each other's business," Osford uttered coldly.

However, Chuck remained indifferent.

Meanwhile, Sabina didn't react at all.

She didn't like being threatened.

"Chuck, are you not willing to avenge your mother's death? How are you going to face your mother? She spent so much effort raising you but you can't even avenge her!" Osford wore a confident smirk on his face. 1

He knew Chuck's weakness.

Family affection was his flaw.

After all, his father Chadrick was the same.

"I don't need to explain myself, because I will avenge my mother," Chuck replied stonily.

"If you are going to die with me, how are you going to avenge your mother? Do you need my reminder?" Osford still had a smirk on his face.

"I think you are mistaken. There are indeed a lot of bombs planted beneath us, but they can not be triggered." Chuck shrugged.

Scoffing, Osford frowned. "Why not? Let's give it a try!"

He had installed the most advanced remote detonation system. How could it not work?

"Just press it," Chuck answered nonchalantly.

"No, Grandpa, I don't want to die!" Xandra pleaded

fearfully. 

"Idiot! That brat, Chuck, is trying to use reverse psychology on us!" Osford snarled angrily.

"Don't do it. I don't care if it's reverse psychology. Don't do it. Grandpa, I don't want to die..." Xandra cried desperately.

Osford was deeply distressed.

"Chuck, don't force me!" Osford was yelling and he was fuming in anger.

"You know that my mother has a technology company?" Chuck approached, step by step.

"What do you mean?"

"My mother's technology company has much research going on, such as developing medicine for cancer, future technology, future planes, and future cars. Amongst our many inventions, we have something called a jammer. I can jam that remote control in your hand," he explained.

"Bullsh*t! There is nothing that can jam this remote control!!" Osford roared in anger.

What a joke!

The Cannon family also had a technology company.

Indeed, they also had developed the most advanced technology to date.

"But my mom's technology company has developed one. If you don't believe it then just press it. Don't be afraid, because it won't detonate." Chuck smiled.

He walked over slowly.

Betty was wise and experienced. She had already told Chuck that the Cannon family would use this method. Thus, they prepared the jamming device beforehand.

All signals within a three-kilometer radius were jammed.

Of course, that included the remote control in Osford's hands.

Osford was furious. "Chuck, do you want to die? What? No, don't do it!"

"No, no, I don't want to die. Stop!" Xandra panicked.

Chuck snatched the remote out of his hand and pressed it in front of him. True enough, the bomb did not go off!

In the forest, a jamming device beside Betty was beeping.

Sabina shrugged and heaved a sigh of relief. Chuck was more well-prepared than she was! Fortunately, it did not detonate.

"How is this possible?!"

Osford was stunned. He couldn't help but tremble involuntarily.

He was certain that the remote would blow all of them to pieces.

However, it was useless.

What could he do?

There was nothing left that he could do.

He had never expected such a thing to happen to him that day.

He was a cunning old man. But that day, he failed miserably.

Everything had been provided to him since young, and he never lacked anything. However, at the moment, all of his subordinates had been wiped out. He had no one to command.

All of a sudden, it dawned on him how terrifying his situation was.

There were no more of the Cannon family's subordinates

for him to command and the only one left for him to command was Xandra.

As a result, he felt a hint of fear.

There was nothing he could do.

Xandra felt as if she survived a catastrophe. She collapsed on the ground and cried, "I don't want to die, I don't want to! Grandpa, I don't want to die! Tell him, tell him, tell him who I am!"

Xandra was tugging on Osford's shirt. "Grandpa, tell him. Tell him everything, and he will let us go!"

"What a fool. We're going to have a worse death if we tell him the truth." Osford fumed with anger.

"Grandpa, we'll die if you don't tell him!" Xandra cried desperately, feeling hopeless.

Osford sighed. He didn't expect to be in such a situation that day.

He had been outsmarted by a pawn!

"Alright then. Go ahead." Osford lowered his head.

Even if the truth was out, there was no way he could face Chuck.

"Whatever you guys say, you're going to die today." Chuck approached them icily.

So what if she pleaded with him?

Chuck was so indifferent. No matter what they said, Chuck would still end their lives.

It was because if he left the two alive, there would be a ton of complications in the future.

They were part of the hidden family.

As long as they survived, they would definitely retaliate like maniacs.

Chuck would still need to kill Adriana. There would be no

time for him to battle with the Cannon family.

Therefore, he had to kill them to avoid future complications.

It would be perfect to destroy them.

"No, wait, hear me out first! Chuck!" Xandra crawled to Chuck and begged him piteously.

There was no other way if she wanted to live. The Cannon family was too wealthy. She didn't want to die just like that.

Just then, Chuck grabbed her by the neck. Struggling in his grip, she screamed shrilly in fear, "Don't kill me, Chuck, Chuck! Listen to me, your last name is Cannon and my last name is also Cannon. I'm your aunt!"

Chapter 900

"What did you say?" Chuck's voice was devoid of a single trace of emotion.

Sabina was stunned. Did Xandra say that she was Chuck's Aunt?

What?

So Xandra was Chuck's father's sister?

"Listen to me, don't choke me, and listen to me. Your father is Chadrick. He is my brother, and I am his sister, so I am your aunt! Let go!" Xandra shrieked.

It was because Chuck's big hand was choking her in an iron-grip.

He could break her neck at any second.

Chuck seemed to be in a daze. "What are you talking about?"

Sabina was even more shocked although she already knew that Chuck's father was Chadrick.

However, he had always been a mysterious person to her. Although he seemed to have enjoyed Karen's care and financial support, it turned out that things were not as simple as it seemed.

She had never thought of where Chadrick came from.

Never had she imagined that Chadrick would be a member of one of the hidden families – the Cannon family!

So, what the hell was going on?

Everyone's expression, including that of the members of the Yeager family, changed drastically.

"I said, I am your dad's sister. I call him Grandpa, and your dad also calls him Grandpa!" Xandra screamed in a frenzy.

She wanted to live.

"Nonsense! Nonsense!" Chuck was extremely livid.

"No! Your father married Karen because my grandfather planned it. Don't choke me. Let me go! I can't breathe!" Was Xandra begging? Was she terrified?

Suddenly, she fell to the ground with a thud.

Chuck involuntarily released his grip. At that moment, he was completely lost. "What did you say?"

"It's all Karen's fault for being so excellent. Grandpa met Karen when she was thirteen years old on the streets. She was too outstanding and back then and had already surpassed many people. She also was a business-minded person. Thus, Grandpa was impressed by her," Xandra explained fearfully.

Meanwhile, Osford was in a trance.

Sabina, on the other, was bewildered.

Sabina was shocked because she found it appalling.

"Continue. Why was Osford impressed? What did he want from her?" Chuck's eyes were bloodshot as he growled at his aunt like a lion.

"Because Grandpa needed somebody, and he wanted to train someone to change the situation of the hidden families. Therefore, Grandpa decided to nurture her and eventually defeat the Yeager and Whitlock family. Once the Yeager and Whitlock family became desperate, the Cannon family would come out and entirely demolish them. This is why grandpa took a liking to your mother..."

Xandra spoke as she trembled.

"And then? Continue!" Chuck bellowed. His bloodshot eyes were filled with pain. He was suffering for his mother.

"Then, Grandpa planned to train her first. Upon investigation, he found out that she was part of the Lee family. But the Lee family was too weak and they couldn't train her to defeat the Yeager nor the Whitlock family! Eventually..."

"Say it!"

"Eventually, Grandpa decided to use another way to manipulate her," Xandra admitted in fear.

"And that is when my dad came along, right?" Chuck spat bitterly.

Each word that left his mouth chipped away at his heart. How heartbroken would his mother be if she found out about that?

"Yes, Grandpa made Chardrick appear in her life as a stranger at first. Then at last, they got married and then it was easier for Grandpa to manipulate her and train her... For twenty years, she did not let Grandpa down. Eventually, she was right behind the three hidden families."

"So, my mother is a pawn of the Cannon family?" Chuck asked bitterly.

"No, Grandpa changed his mind. He wanted Karen to be a part of the Cannon family." Xandra didn't dare to say anything else.

"No, my mother was just a tool for the Cannon family all this while!"

Chuck's bloodshot eyes turned colder with each passing second.

It turned out that... the entire fiasco had been transpiring for twenty years.

"No, it's the greatest benefit your mother has ever received!"

"Does that mean if Adriana did not assassinate my mother, the Cannon family would just use her as a pawn to fight against the Yeager and the Whitlock family? She was just a pawn in your eyes?" Chuck articulated each word carefully.

"No, Grandpa changed his mind. Stop with the nonsense. I am your aunt. Chadrick is my brother!" Xandra cried.

"My father? Is he still my father?"

Chuck shook his head with a bitter smile as his voice turned hoarse.

Suddenly, it dawned on him.

He understood why his father had never been by his mother's side all this while.

Was it because he couldn't face Chuck?

"Why not? If it weren't for him, where would you come from?"

"No, he simply took advantage of my mother. God, I pity my mother. From such a young age, she was used as a tool. Taking advantage of her love to manipulate her. You guys..."

Chuck's eyes burned with rage.

He had always thought that his mother was an independent person. It turned out that she had been taken advantage of since young!

Sabina was astonished that Karen turned out to have such a history.

Having seen Karen several times before, Sabina did not think that Karen was manipulated by anyone. Was it really true that Karen had been unaware that she was being manipulated by the Cannon family?

Sabina understood Chuck's kind of bitterness.

She knew it too well.

She suddenly sympathized with Karen.

If Karen did not work hard enough and did not meet Osford's expectations, then she might have been abandoned or even killed.

"Chuck, you can't say that. Chadrick is your father, and I am your biological aunt. Don't forget it! You can't change this. You are part of the Cannon family. You know that? The one standing in front of you now is your father's grandfather and he is your..."

Xandra shrieked as she tried to explain.

"Shut your mouth! Shut up!!"

Chuck bellowed, "I'm not from the Cannon family. From today onward, my family name is Lee. I am Chuck Lee!!"

"Chuck, how dare you speak to me like that? I'm your..."

"Shut up! Do you hear me? Shut up!" Chuck was extremely terrifying as he walked towards Xandra slowly.

"Your family manipulated my mother and treated her as a pawn. You guys never treated her as a human being yet you are telling me that you want her to be a part of the Cannon family? That you want me to be a part of the Cannon family? Impossible! My last name is not Cannon! I am not related to the Cannon family!" Chuck's eyes glowed with anger as he roared furiously like a ferocious lion.

"Chuck, you can't say that. You're Chadrick's son! How would you have been born without Chadrick? It's Chadrick who gave you life!" Xandra tried to reason.

"Really? I'm his biological son? No, I'm just a tool that he could use to manipulate my mother. When I lose my value, he will simply discard me. I am not related to him at all. I would rather not be born than let my mother suffer this way," muttered Chuck with an ashen expression of gloom.

Chapter 901

That was what Chuck thought.

His mother had lived a pitiful life. She even ended up assassinated.

Chuck's heart was filled with grief.

Initially, he was comforted that he still had a relative. However, it turned out that his biological father was no father at all.

Was he worthy of being Chuck's dad?

The emotion Chuck was experiencing was simply indescribable. At the moment, disappointment engulfed him.

"Chuck, you can't say that, you..."

Something within Chuck snapped.

Clenching his fists, he shouted in a horrifying tone, "Stop talking!"

Xandra was dumbfounded by the look of Chuck's gaze. "Alright, I'll stop but you can't kill us. I am your aunt!"

"No, you are strangers to me. You must die today. Your family has taken advantage of my mother for far too long. All of you are going to the afterlife to apologize to her!" With that, Chuck began to choke Xandra.

"Don't kill me! Don't kill me. I am your aunt, your dear aunt!"

Xandra shrieked with fear.

Osford sighed as he knew it would be futile. Nonetheless, he did not expect to die in Chuck's hands.

In his eyes, Chuck was just a disposable pawn.

"No, Chuck, please don't. I don't want to die. Help, I can't breathe. It's terrible..."

Xandra slowly began to lose hope. She could feel that Chuck's strong grip was about to snap her neck.

But all of a sudden...

Chuck stopped.

He turned his head, his expression a frigid mask of gloom. "How dare you show yourself in front of me?"

A man had appeared.

Yes, it was Chadrick.

He walked over slowly.

Sabina's subordinates moved to restrain him but she gestured them to stay put.

Walking up to them, Chadrick asked, "So you know everything?"

"I know, I know what you've done. I am grieving for my mother. She treated you so well, but you took advantage of her and in the end, you sent her to her death. You're too cruel!" Chuck was terrifyingly ferocious.

After all, he was boiling with rage.

Chadrick was silent for a moment. "I-I'm sorry about her. However, the woman in your hands is my sister and also your aunt..."

"No! No!" Chuck bellowed in fury.

Chadrick quietly said, "Just let them go, then you can do whatever you want."

"Whatever I want? My mother was assassinated. You should personally apologize to her!" Chuck roared.

"I will. You can be rest assured that I'll do that. Just let them go. I beg you. If your mother is alive she will definitely let them go."

"You don't have the right to talk about her anymore. No more!"

"Yes, you're right."

"Help, I'm choking!" Xandra cried. "Chadrick, tell your son to let me go. I don't want to die."

"Xandra, let him make his own decision." Chadrick replied calmly.

Meanwhile, Sabina remained silent as it was Chuck's personal matter.

Chuck squeezed Xandra's neck tightly. Although he really wanted to break it, he suddenly sneered when he looked at his so-called father. Then, a loud thud was heard.

Just like that, Chuck flung Xandra away.

Xandra was scared. She fell to the ground and fainted.

"You, I have nothing to do with you from now on. I will never see you again!" After saying that, Chuck left.

Sabina followed suit, and so did the members of the Yeager family.

Chadrick fell silent for a long time before he forced out a bitter laugh.

"Chadrick, this son of yours is outrageous. I'm going to kill him!" Osford was fuming.

He had to think of a way to regain his pride.

Chuck, the little b*stard who was born by Karen. He was going to kill him!

"Enough!" Chadrick shouted stonily.

Osford was horrified. "Chadrick, how dare you speak to me in this manner? You..."

"Grandpa, all this while, I have been listening to you but now I regret it. You were not willing to spare me nor Karen. You are the cause of her death. Do you know that?" Chadrick was in agonizing pain.

"You have to know that she was a pawn. She..." Osford was furious.

"She might be just a pawn to you but she was my wife! You won't understand!" Chadrick suddenly spat.

"Chadrick, you are misbehaving! You are the successor of the Cannon family. How can you speak to me like this over a dead woman?" Osford was heartbroken.

"Grandpa, take care of yourself. I'm leaving!"

"Chadrick, what are you doing?" Osford had a bad feeling.

"I'm going to do what I should have done. I'm in debt to her and I'm not certain that she would forgive me... I don't know if she would forgive me," Chadrick muttered.

Karen was already dead, so the only way he could meet her was to die.

And then he could apologize to her.

"Chadrick, do you hear yourself? Bastard!" Osford was so furious that he wanted to slap Chadrick.

"Grandpa, I have to repay what I owe her, or else it's meaningless for me to continue living." Chadrick shook his head.

"You're going to look for Adriana yourself? Are you even her match? You're going to die. You're the heir of the Cannon family. If you dare to go, I'll die in front of you!" Osford was exasperated.

He thought too highly of Chadrick. He was the only one who could be the successor of the Cannon family.

"Grandpa, I'm sorry. There are some things that I have to do." Chadrick shook his head and left.

Osford was stupefied. "B*stard, what's so good about Karen? Is she worth dying for?"

"You don't understand her. Over the past twenty years, I came to

understand her," Chadrick muttered to himself as he thought of Karen. 2

Chapter 902

Meanwhile, in the Whitlock family home, Yvette stared coldly at Adriana with her fatigued eyes.

"It turns out that everything happened because of her," Yvette murmured internally.

She had been kidnapped by Eleanor and brought to the Whitlock family. Finally, she was hit with the truth.

With a nonchalant smirk, Adriana began, "Initially, I didn't want to do anything to you. If you were just a little smarter, you would've left Chuck. I might consider sparing your life, but now, you are here because you are too dumb. Do you know that?"

Eleanor had a faint grin on her face as she watched from aside.

It was just a walk in the park bringing Yvette here.

"Kill me," Yvette muttered with her eyes shut.

Eleanor was simply too strong. At that moment, Yvette hated Eleanor so much that she wanted to kill her.

It would be revenge for Karen.

However, she was not strong enough. She had died the moment she was brought there.

Nevertheless, Yvette was never afraid of dying.

The only thing she felt was remorse. As Chuck's wife, she did not bear him a child.

"Don't worry. You'll die. I won't let you live."

A relaxed grin spread across Adriana's lips.

"What are you trying to do?" Yvette was livid and fuming.

Adriana mused on that question.

"What is it?"

With a slight smirk, Adriana replied, "Yvette, I won't hide anything from you. I must say, I am curious about you. Do you know what I am curious about?"

"I don't want to know." Yvette's cold and beautiful eyes glittered.

"Slap her!" A cold ray of light flashed in Adriana's beautiful eyes.

Eleanor slapped Yvette.

It filled the room with a loud, crisp sound.

Yvette's cheeks turned red and swollen, and the corners of her mouth were bleeding, but her gaze was still filled with cold fury.

"You'd better be obedient here. I'll ask you again. Do you want to know what I'm curious about?"

Adriana asked again.

"No, I don't."

Once again, a loud sound cut through the air.

Eleanor smiled as she slapped Yvette for the second time.

The force was so great that the second slap made Yvette pass out.

Splash!

A bucket of water was splashed over Yvette.

After regaining her consciousness, Yvette declared, "If you dare lay your hands on Chuck, I'm not letting you go, not even in the afterlife."

"You won't let me go, even if you are in the afterlife? I'm so scared! Do you know how many people I can kill with just one order?" Adriana smirked, as she didn't care about Yvette's warning.

"I'm curious why Chuck likes you. What's so interesting about you? In terms of physique. I'm better than you in terms of appearance. What does he like about you?" Adriana asked with a smile.

Yvette glared at her stonily. "There are some things that you will never understand."

"No, there's nothing in this world that I don't understand." Adriana grinned.

She laid lazily on the sofa.

"What about kindness? What about not killing innocent people? Do you understand that?" Yvette questioned indifferently.

"Do I need to understand these things? You have no idea what I'm going to do next. I'm going to destroy the Cannon and the Yeager family. Then the Whitlock family will be the only hidden family in this world. The entire world will belong to me! So, why would I need to understand that?" Adriana retorted disdainfully.

"That's why my husband..."

"Give her a slap!!" Adriana glowered with cold fury!

The sharp noise cut through the air.

Eleanor slapped Yvette once again.

"From the moment I laid my eyes on Chuck, he stopped being your husband. Can you still not understand this?" Adriana warned her stonily.

"He's not."

"I say yes, he is mine. He will come and beg me soon. I will give him the best things in the world. Can you offer him these things? I can. I can give him all the wealth in this world. Can you? All men like this; Chuck is not an exception."

Adriana was obviously full of confidence.

"He will rely on himself, not you." Yvette shook her head. "I know him. He won't live off a woman. He'll never need your financial support!"

"He has no choice. Soon, the world will be mine. He can only come under my watch. Oh, you don't even understand what I'm saying."

"I don't need to understand."

"You won't understand either. You are just someone from the slums. Do you think that because your family is worth tens of millions of dollars, you are very powerful? In my eyes, you are a beggar. Do you know that?"

Adriana smirked slightly.

"What do you plan to do to Chuck?"

Yvette wanted to know before she died.

Otherwise, she would die with regrets.

"Why should I do anything to him? He is my future husband, and I will only give him the best." Adriana seemed to have fantasized about her life after getting married to Chuck.

"Impossible. Have you ever thought of what would happen when Chuck finds out that you are the person who killed his mother? How is he going to react?"

"I haven't thought about this. Do you know why? Because he will never know."

Adriana boasted confidently.

"He will find out." Yvette shook her head.

"Slap her!"

Slap!

Yet again, Eleanor slapped Yvette.

Blood flowed from the corner of Yvette's mouth. However, she was not

afraid, and her beautiful eyes were still blinking with life.

"I said that he won't know, so he won't know! Do you understand? You can't possibly understand. It's getting boring. I have no interest in talking to you anymore. Eleanor, look after her. I'm going to look for Chuck and see what he is up to..."

"Adriana, stop right there!" Yvette was struggling to get out.

When Eleanor grabbed Yvette's neck, Adriana said with a smile, "Don't choke her too hard. She's a vulnerable piece of trash that can be easily killed. I don't want her to die so soon."

Before she finished speaking, a man came in to inform, "Miss, someone wants to see you."

"Who is it?" Adriana shrugged.

"He said his name is Chuck."

With a smile in her beautiful eyes, Adriana said, "Oh, he has finally come looking for me. Invite him in!"

Chapter 903

"Yvette, see, I've told you that Chuck would come and look for me. Now, do you believe me?"

Adriana was boasting.

Yvette fell silent and she lowered her head.

"Guess why Chuck came over to look for me? Can you guess why?"
Adriana smirked slightly.

Yvette shook her head. "I don't know."

She didn't know.

"You don't want to know, do you? Chuck thinks that you are dead or he might think that you died at the hands of Sabina. Thus, he needs someone to comfort him and he needs to avenge you. So he came looking for me. Do you understand now?"

Yvette shook her head.

"Look after her and don't let her die. I want her to see my wedding with Chuck! And then... I'll kill her then. That should be interesting."

Adriana left.

Eleanor smirked. "Yvette, aren't you afraid?"

"No."

Yvette was livid and decisive.

"That's true. It's useless to be afraid. You will die regardless." Eleanor shrugged.

"I'll hunt you down even if I am a ghost." Yvette's eyes turned cold.

"Whatever. I've killed so many people, including Karen. They don't even try to haunt me, so can you? Well, I'll be expecting you at night." Eleanor laughed.

Yvette hated her so much.

"How do you feel about your so-called husband meeting with Miss Whitlock? Pain? Uneasiness? A complex mix of emotions?" Eleanor enquired with a grin.

"You're shameless!"

"Interesting." Shrugging her shoulders, Eleanor walked over to give Yvette a slap.

Yvette's eyes were scarlet red. "You'll die a terrible death."

"Is that so? I will surely die, but I'm going to die of old age because no one in this world can kill me. My opponent, Karen, is dead."

Eleanor shrugged.

Indeed, she was currently the best fighter in the world.

No one could kill her.

Yvette was not desperate. She was just sad and angry.

She knew that given Eleanor's strength, only Karen could beat her.

The current power that Chuck possessed was not on par with her and it would take him way too long to achieve her level.

Could it be that someone like Eleanor really couldn't be killed?

"Let's just wait and see. You won't be able to live much longer."

Yvette was silent. She hoped that Adriana wouldn't treat Chuck that way.

No.

Adriana appeared in front of Chuck with a smile and enquired, "Chuck, why are you here?"

Chuck fell silent for a moment. Although he was extremely livid, he concealed it. "Adriana, I want to talk to you about something."

"Go ahead."

"I want revenge on Sabina," Chuck said.

"Revenge? Is it because Sabina killed your mother?"

"Not just that, but my wife, Yvette, also died in her hands. An eye for an eye. I want her dead," Chuck uttered coldly.

"Sure, no problem. Just let me deal with it. Have you eaten? I'll ask the best chef in the world to cook for you... Chuck, you..."

Suddenly, Chuck did something expected.

He embraced Adriana.

Adriana was dumbfounded and asked, "Chuck, what are you doing?"

"Adriana, let's get married," Chuck said.

Adriana was puzzled for a moment. She smiled faintly, and there was hidden pride and joy in her smirk. "Why do you want to marry me?"

"I-I want you to deal with Sabina. And after that, give me some time. I feel that I might fall in love with you."

"Is that so?"

"Well, you don't want to?" Chuck sighed.

"No, I'd love to. I've waited for this moment for a very long time, and now you've finally proposed to me."

The indescribable feeling within leaked into her voice.

That was right.

She had waited for that day for far too long.

Chuck finally proposed to her!

She was very moved because she knew that the decision to kill Karen was the right choice.

Once Karen was dead, Chuck had no one to rely on.

Karen's death was completely worth it.

"Well, can we get married as soon as possible?" Chuck asked.

"Of course it is not a problem. After three days, I will inherit the Whitlock family. What if we get married at that time?"

Adriana smiled slightly. On that day, she was supposed to do something big.

But this news made her day even better!

"Whatever you say. Once we get married, I will slowly fall in love with you."

"Well, I'll give you time. Come, let's eat. I'll ask the best chef in the world to cook for you. You can eat whatever you want."

"Alright."

After dinner, Adriana arranged for Chuck to rest and she came back to boast again.

"Yvette, you'll never be able to guess what Chuck just said to me." Adriana beamed at her.

However, Yvette did not spare her a glance.

At the moment, Yvette looked extremely haggard.

"Chuck said he wants to marry me!"

Yvette was taken aback. "What did you say??"

"Didn't you hear me clearly? He wants to marry me. Can you comprehend? I guess I got the last laugh." Adriana grinned at her. "You must know that I'm the most outstanding person in the world. It's Chuck's blessing to marry me."

Yvette sighed internally, "Hubby, are you really going to marry her? Well, it's up to you, because I'm going to die..."

"Chuck is still smart. He knows that I can give him everything he wants. I can indeed give him whatever he wants." Adriana giggled at the thought.

Her laughter was fuelled by her desire to control everything.

Chuck was about to marry her!  5

Chapter 904

Yvette felt conflicted.

On one hand, she was in despair because Chuck was going to marry that woman.

Adriana was so manipulative that if Chuck really married her, he would most likely suffer a lot.

On the contrary, Chuck would have a home if he married Adriana.

However, that home was not right for him.

Drip! Drip!

Yvette shut her eyes and her tears ran down her cheeks.

There was nothing she could do at the moment because Chuck thought that she was dead.

"Adriana, I beg you to take good care of Chuck," Yvette uttered coldly.

It was a plea, wasn't it?

Indeed it was.

Yvette admitted it herself.

That was her only plea.

Having grown up with Chuck, all she wanted was for Chuck to be happy and content.

However, she was going to die. How could she ensure that?

It was impossible!

Therefore, she could only beg Adriana to fulfil her wish.

"Of course. If he marries me, he'll be my man. Of course, I'll treat him well. I'll give him whatever he wants." Adriana grinned.

"If you can't keep your promise, I will haunt you when I'm dead!"

"Well, it's up to you!" Adriana giggled.

Indeed.

She was very excited.

After all, it was her first time pursuing a man so proactively.

She admitted that she had fallen in love with Chuck.

She was simply delighted to marry Chuck.

Then, of course, she would treat Chuck well.

As long as Chuck... treated her well.

Yvette shut her eyes and continued to cry. She was waiting for death.

"Hubby, you must be happy..."

"Congratulations, Miss Whitlock!" Eleanor had a faint smile on herself.

"Well, inform the family that I will get married in three days."

"Yes, I will attend to it immediately."

Eleanor shrugged her shoulders. The entire family wished that Miss Whitlock would get married as soon as possible.

If Adriana said that she wanted to get married, no one in the Whitlock family would oppose.

That was because, after three days, Adriana would be the new heir of the Whitlock family.

She could be considered the new head of the Whitlock family.

"Also, invite the Yeager and Cannon families," Adriana ordered.

"Miss Whitlock, what's on your mind?"

"Initially, my plans for them weren't so soon, especially my plans for Sabina. However, since I'm in a good mood and Chuck is finally my man, I must give him a wonderful gift. That will be..."

"Yes, I'll deal with it right away."

After Adriana left, Eleanor had a faint smile as she said, "Yvette, did you hear that? Can you offer Chuck what Miss Whitlock offers him?"

Yvette kept her eyes closed.

"Hmph, the day Chuck and Miss Whitlock get married will be the day you die." Eleanor left and carried out Adriana's instruction.

Only the hidden family was worthy of attending Adriana's wedding.

The other families were not qualified.

Another reason was because the hidden family would keep it a secret.

However, the Whitlock family was going to hold a grand wedding this time.

All the Three Greatest Households were going to attend this wedding, and it was going to be a grand wedding.

Yvette wept and said, "I'm sorry that I can't stay with you until the end. Hubby, you must live happily ever after. I will wait for you in the next life..."

Meanwhile, a messenger was running in the Yeager family

"Miss Yeager, Miss Yeager..." A man rushed in.

"What's the matter?" She was actually rather absent-minded when dealing with the Yeager family's affairs.

"Adriana sent someone to give us these invitation cards to her wedding."

"Who is she marrying?"

"Chuck!"

Sabina instantly stood up, her beautiful eyes twinkling. She accepted the invitation and looked at it. "Chuck, is this what..."

"I understand now..." Sabina whispered.

"Miss Yeager, are we going to attend?"

"Of course. On that day, Adriana is also going to be the head of the Whitlock family. It's definitely a huge day for Adriana. We, the Yeager family, are definitely going to attend," Sabina uttered.

"Th-then, I'll go prepare?"

"Go ahead."

Adriana was deep in her thoughts for a moment before she left to make preparations. 1

The Cannon family also received the news.

"Chuck, that little b*stard, did he hook up with Adriana?" Xandra accepted the invitation as she fumed.

Meanwhile, Osford was cold and gloomy.

"Chuck, that son of a b*tch, he clearly knows that Adriana is his enemy, but he still did it regardless. What is he planning to do?"

"I'm not sure."

"Must we attend? I feel that Adriana will use this opportunity to stir up trouble." Xandra was wary of the situation.

She was scared.

Even Chuck could deceive her, so let alone Adriana.

"Yes. I want to know what Chuck is up to," Osford uttered coldly. "By the way, where did Chadrick go? Did anyone see him?"

"No, but his son is getting married. He will definitely be there. Chadrick is too indecisive..."

"Stop the nonsense. Go and prepare."

"Yes."

The entire world was unaware that Chuck and Adriana were getting married.

However, the Whitlock family was well aware.

No one dared to oppose the new head of the Whitlock family.

It was because they knew Adriana's character very well.

Although they were aware of Chuck's background, none of them dared to say a word.

Therefore, the only thing they could do was to make the wedding as grand as possible and luxurious. It must be a wedding that Adriana would not forget in her lifetime. 

They had three days to prepare.

Finally, the time arrived.

On that day, the new head of the Whitlock family, Adriana would marry Chuck!.

Chapter 905

On that day, the entire world would be peaceful and quiet.

However, the greatest family of all, the Whitlock family, had decorated their house extravagantly.

Never in history had there been a wedding so grand.

It was simply beyond imagination.

Adriana's wedding was about to happen.

"Miss Whitlock!"

All the members of the Whitlock family treated her with utmost respect.

In fact, since a very long time ago, everyone from the Whitlock family knew that Adriana would be the heir of the Whitlock family.

Therefore, they would obey Adriana's orders most of the time.

That day was Adriana's wedding day as well as the day she would become the head of the number one family in the world.

The entire Whitlock family was celebrating, full of excitement.

"Is everyone here?"

Adriana was wearing the most expensive wedding gown in the entire world.

Using the most luxurious material, the best designers tailor-made each and every piece of clothing of hers. Adriana was exceptionally gorgeous on that day.

Her figure was perfect, and the Whitlock family was pleased. Adriana becoming the next head of the family was a good sign for the future of the Whitlock family.

"It's almost time. Sabina is here," someone informed.

"How many people did she invite?" Adriana queried.

"Five people including Sabina."

"Only five people? What about the Cannon family? "

"The Cannon family hasn't arrived yet... Oh, they are here. Osford brought three people."

"Oh, I see."

Adriana stared at herself in the mirror.

She realized that she was exceptionally gorgeous that day.

"Miss Whitlock, please carry on. We will only return when it's time for you to show yourself."

"How is Chuck doing? Today, I will be the most beautiful person there and I want my man to also be the most good looking one."

"Miss Whitlock, don't worry. Chuck has ten stylists attending to him. He will be the most handsome person present."

"Then go ahead."

Adriana continued staring at the mirror.

"Miss Whitlock." Eleanor was by her side.

"What?"

"All the guards are stationed. The entire place is under surveillance. You can relax." Eleanor smirked.

She was proficient in that aspect.

There had never been any problem with the safety of the Whitlock family.

It was the fruit of Eleanor and the bodyguards of the Whitlock family's labor.

"Relax? I've always been at ease, but don't forget that you disappointed me last time. Have you forgotten?" Adriana was lazily putting on lipstick. 2

There was only one stylist with her and no makeup artist.

She was a natural beauty, and all she needed was just some lipstick.

Eleanor fell silent for a moment. "I have personally hunted down the person who rescued Willa and Black Rose but..."

"But you haven't found that person, right?" Adriana suddenly became livid.

"Yes, I haven't found that person yet..."

"Since that person could slip past your fingers, they must be at least as strong as you. Today is my big day, so I don't want any hiccups."

"Yes, Miss Whitlock, be rest assured. I'll personally monitor the entire place."

"Don't disappoint me again." Adriana continued to put on her lipsticks.

Her lips were scarlet red.

She yearned to have control, just like a queen.

"Yes, Miss Whitlock. I won't disappoint you." Eleanor lowered her head.

The person who rescued Willia and Black Rose never showed themselves after that incident.

Who on earth was it?

Did a person as skilled as Eleanor exist?

"However, Miss Whitlock, wasn't it a little too sudden when Chuck proposed to you?" Eleanor questioned.

"Yes, it was a little too sudden. No matter what he's thinking, he'll be my man after today. As my man, he won't betray me," Adriana replied dismissively as usual.

That was right.

Given Adriana's ability to manipulate, was there anything Chuck could do?

He could only obediently obey her wishes.

"Chuck has nothing now. Karen is dead, Willa is dead, Black Rose is dead, and Yvette is about to die. He is all alone and in an effort to seek revenge, he can only look to me," Adriana explained.

"Yes, I'll go check on Chuck."

"Go ahead."

Eleanor left the room while Adriana turned to face the mirror. She wiped off the lipstick she had just applied, took out another bright red lipstick and applied that. With a light smirk, Adriana decided, "This suits me."

"Chuck, it's about time. How are you feeling?"

Eleanor went to inquire about Chuck.

Clad in a dashing suit and sporting a neat hairstyle, Chuck looked handsome.

After staring at him for a moment, Eleanor decided he looked good.

At least Adriana had a keen eye when it came to men as Chuck was a fine candidate.

"Okay, I'm ready," he said.

"Alright then. Someone will bring you in before noon. Just follow them." With that, Eleanor turned to leave.

"Eleanor."

"Yes?" Eleanor enquired with a smile.

Chuck approached her, step by step, and asked, "Who do you think is the most skilled martial artist in this world?"

"I'm not certain. Why do you ask? Do you want to be the best martial artist in the world?" Eleanor asked.

"I want to defeat the ruling best martial artist. I want to become the top martial artist."

"Oh, do you mean that you're trying to defeat me?" Eleanor's beautiful eyes twinkled in amusement.

"Yes."

"Young Master Cannon, you don't have to defeat me. I'm your wife's subordinate, and this makes you the best martial artist. You can even be the wealthiest man in this world. Just carry on and keep an eye on the time. Today is your big day!"

Then smiling faintly, Eleanor strode out of the room.

"No, it's Adriana's big day." Chuck, dressed in a suit, muttered to himself. 3

Chapter 906

Eleanor returned to Adriana's side. By then, she had already taken a good look at her surroundings.

She didn't think that there would be any problems during the wedding.

"Miss Whitlock, there's nothing wrong with Chuck. He's almost done with his preparations and it's about time for him to arrive at the hall. The Whitlock family, the Yeager family, and the Cannon family have all arrived," Eleanor informed.

Then, she added, "Miss Whitlock, you look so gorgeous today."

Eleanor was not good at sweet-talking but indeed Adriana looked exceptionally gorgeous that day.

She was going to be the most beautiful person there because Adriana was the star of the day.

"Let's move."

Adriana shrugged her shoulders, and behind her formed a long line of people; it was as if she was about to ascend a throne!

Eleanor shrugged her shoulders.

They arrived at the venue.

Chuck had already arrived with flowers in his hand.

The groom was waiting for the bride.

Adriana smirked slightly. "He is quite handsome. I like it."

Because he was a martial artist, his figure was lean and masculine. He looked exceptionally dashing in the suit.

In addition, Chuck's suit was custom-made. It was one of a kind.

"Yes, he is the perfect match to you, Miss Whitlock."

Eleanor giggled in agreement.

The handsome Chuck and beautiful Adriana were the perfect couple.

She slowly walked over and faced Chuck.

Off the stage, Sabina's beautiful eyes twinkled as she watched in silence.

Meanwhile, Osford stared at Chuck, who stood tall and upright, quietly.

Even Osford himself did not understand why he was there.

The only person he would congratulate was Adriana.

After all, Chuck was not part of the Cannon family.

The entire venue was dead quiet, and most of the people present were the Whitlock family members.

Adriana was the head of their family, so how could they refuse to attend?

"We would like to invite the new head of the Whitlock family, Adriana, to step onto the stage," the emcee said.

As everyone watched, Adriana walked up to Chuck.

Adriana had a faint smile on her face. It was a good day for her.

She had become the head of the greatest family, and at the moment she was marrying the person she loved.

"Miss Whitlock, today is the day of your wedding with Mr. Chuck. Please, this way!" said the emcee.

Adriana stood beside Chuck.

The members of the Whitlock family were satisfied because in terms of appearance, they were a match. Even if they were not pleased, they did not dare to indicate in any way.

The atmosphere was full of joy.

"Do you take Mr. Chuck as your lawfully wedded husband till death do you apart?" the emcee asked.

"I... I do," Adriana declared, beaming.

Off the stage, there was a change in Sabina.

She suddenly felt like she didn't want to listen anymore.

"Miss Yeager, what's wrong?" Beside her, Alfred asked.

"It's nothing."

Alfred fell silent for a while before he continued, "Miss Yeager, is it because you and Chuck have a little...That's why you don't feel comfortable now?"

"No." Sabina shook her head and denied immediately.

"Chuck and I are good friends. Even if we were to share a bed, nothing would happen to us. So, whatever you have in your mind is not true."

"Miss Yeager, the one month we've given you will end in just a few days..."

"Yes...I know." Sabina shook her head before she fell into silence.

"Actually if you really despise other men, you can consider Chuck. We have no objections," Alfred said.

Sabina was speechless.

"Because you don't like other people so you don't want them getting close to you. But you are friends with Chuck. You should be able to take it if Chuck gets close to you right?"

"I... "

"In any case, Miss Yeager, you should think it over. There's not much time left."

"I know, we can talk about this if we get out of here alive..." Sabina's voice was so soft she was practically

whispering.

Ask Chuck to get her pregnant?

Was that even possible?

Could she do that?

"No way. We are so close. Chuck is not interested in me at all and I am also not interested in Chuck," decided Sabina internally.

Under the circumstances, it was even more impossible.

While Sabina was thinking about that, Aldred, who was next to her, sighed and wondered if he was right.

"Mr. Chuck Cannon, are you willing to take Miss Whitlock as your lawfully wedded wife till death do you apart?"

Chuck's deep eyes stared right at Adriana.

"Mr. Chuck, are you willing to..." the emcee repeated again.

He asked because Chuck did not answer.

How could he not answer?

"What's going on? This Chuck doesn't know what's good for him. Why won't he answer?"

"Is he dumb? He is lucky that Miss Whitlock took a liking to him and yet he is not replying?"

"He must be emotional."

The members of the Whitlock family were fuming as they whispered.

"Adriana, you've been looking forward to this day for a long time?" Chuck quizzed.

"Yes, it has been a very long time." Adriana smiled.

"I only started looking forward to this day a few days ago."

Chuck said slowly, "I never thought this day would come.

Back then, I thought that there is no way that I'll ever be with you..."

"Chuck, what are you trying to say?" Adriana was so furious that her eyebrows furrowed.

Everyone fixed their gaze on Chuck, Why was he saying something so out of context?

"Mr. Chuck Cannon, are you willing to marry Miss Whitlock till death do you part?" the emcee repeated.

His voice carried a threatening tone.

Chuck was misbehaving.

"I'm not willing!" Chuck suddenly turned stony. He stared at Adriana and declared, "Adriana, I will not marry you!"

Chapter 907

Everyone present was filled with astonishment.

"Chuck, what are you talking about? You will not?"

"What is he trying to do? Does he have the right to say that he will not?"

"This son of a b*tch is courting death! How dare he mess with Miss Whitlock?"

The entire Whitlock family was furious.

The words that Chuck uttered were an utter humiliation to the Whitlock family.

They were harsh slaps across their faces.

"So that's how it is..." Sabina clenched her fists.

"Grandpa, does Chuck, the b*stard, want to die? Will Adriana come and cause us trouble because of Chuck?" Xandra asked anxiously.

"He's really a mischief maker."

Osford looked gloomy.

He didn't expect Chuck to actually refuse.

"Unless Chuck is trying to..."

Osford was stunned as he watched the scene unfold.

Everyone from the Whitlock family was furious because Chuck refused.

Meanwhile, Eleanor stared, her eyes blinking.

A furious roar filled the room, and Adriana's expression changed drastically. Her smile disappeared. In its place was a flame of cold fury. She was livid. Extremely livid!

"Chuck, what did you say?"

"I said, I will not."

Chuck threw away the flowers in his hand and tore off the groom's sign on his chest.

He threw it away casually.

Adriana's beautiful eyes were ice-cold. "Say it again."

"I am not willing! Are you hard of hearing? I can say it again. I will not marry you. Who do you think you are that I would want to marry you?"

Chuck shook his head.

Adriana clenched her fists so tightly that the crack of her knuckles could be heard.

"Miss Whitlock, this kid doesn't know what's good for him. Let me kill him!"

"Oh my god, it's so infuriating!"

"Chuck, are you courting death?"

All the people in the Whitlock family had gone mad.

They were all exasperated.

Killing intent pervaded the air. They were the number one family in the world! On such an important day, such a humiliation had happened all of a sudden, creating a dent on their ego.

"Chuck, I advise you to think about it before you speak again," Eleanor said indifferently.

Chuck shrugged and took off his tailored suit.

"Chuck, let me ask you this, since you have agreed to marry me, why are you doing this now?!"

Adriana was practically shrieking at him.

"Why? Ask yourself." In an instant, Chuck's eyes turned extremely cold.

"Ask myself?" Her brows furrowed together.

Meanwhile, Eleanor's eyes twitched.

"Yes, do you really think that I have no idea what is going on? You instructed Eleanor to assassinate my mother, Willa, Black Rose, and my wife. Do you really think I don't know that?"

Chuck's voice was hoarse.

Adriana suddenly chuckled. "Oh, so you knew? So you said no just to get your little revenge?"

"Yes, I will see to the complete undoing of your pride." With that, Chuck undid his tie.

"Then all your efforts are in vain. Everyone in this hall is a member of the Whitlock family. Who would dare to laugh at me? Who would dare to judge me?" Adriana smirked.

Her eyes swept across the audience.

No one in the Whitlock family dared to laugh.

However, a light laugh suddenly broke the silence.

The source of the sound was Sabina.

"Adriana, such a day has come when someone is rejecting you? There goes all your face," Sabina said with a smile.

"Sabina, you want to die?" All of a sudden, Adriana's expression turned livid.

"No. I'm not certain who is going to die today."

Sabina didn't say much.

Adriana suddenly smirked again. "So both of you colluded with each other. Not bad... Chuck, I killed your mother, Willa, and Black Rose. However, what can you do? Did you forget that this place belongs to me?"

"So you have not thought it through. However, I won't hold a grudge against you. Just become my man and get on with the wedding. Or else I won't spare your life. Decide!"

"I came here to avenge my mother. What do you think I would decide on?" Chuck's eyes were cold and his scarlet red eyes were full of hatred.

Within him was a burning hatred for Adriana.

That woman was absolutely vicious.

"I'll say it again, marry me or die! Don't make the wrong choice!" Adriana's anger reached its boiling point.

No one in the Whitlock family had never seen Adriana so furious before.

Adriana's temper had finally revealed itself.

That was right.

She had come in hopes of marrying Chuck.

Chuck was the first man she had ever fallen in love with.

Therefore, she was reluctant to kill him.

"No." Chuck shook his head.

"Then you choose to die? Chuck, you are so dumb. What can you do? You are all alone." Adriana's eyes were bloodshot.

She was disappointed.

He was utterly disappointed in Chuck.

"Alright, since you're so heartless, then I won't be emotional. Eleanor, grab him for me!" Adriana stepped back.

A group of people rushed over.

They protected Adriana.

All the bodyguards of the Whitlock family came rushing over.

Although Chuck did not have strength in numbers, he remained as stoic as ever.

"Chuck, you are so stupid. If your mother was here, you might still stand a chance. Surrender yourself and I will let you die a painless death."

Eleanor looked at him as she uttered coldly.

"You're the one who assassinates my mother! It was you!" Chuck was enraged. 

"Yes, I was the one who killed her. I forced your mother into the stream and watched as the current washed her away. I deliberately pushed her car down, making it look like an accident. What can you do about it?" Eleanor smiled lightly.

Chuck was not worth taking seriously.

"What can I do about it? Today, I am going to avenge my mother and get revenge on you for everything you have done! You should have never laid hands on the people I care about. Never!"

Chuck's vigour was intense. He was determined to get his revenge on that day.

Chapter 908

Everyone had their eyes fixed on Chuck.

Each and every one of the Whitlock family members mocked and scoffed at Chuck.

How could a person try to stir up trouble in the Whitlock family alone?

He could try.

In any case, there would be blood shed on that day.

Chuck, who didn't know what was good for him, had humiliated the Whitlock family and he would going to pay the price. 

"Sabina, stay where you are. I am not done with you!"

Adriana called out lazily.

She was intrigued by how Sabina had been balling her fist.

Since her plans were ruined, she might as well make new changes on that day.

"Everyone from the Cannon family, you don't move either."

Adriana's relaxed composure had returned.

"We are going to get dragged into the mud by Chuck. How did Chadrick sire such a b*stard?" Xandra was extremely furious.

She was terrified by Adriana's horrifying gaze.

"Chuck, you are the one who chose this path. Eleanor, get hold of him!" Adriana commanded lividly.

Chuck humiliated her that day.

She... was furious.

She had to lock Chuck up.

"Yes, Ma'am."

Eleanor strode over, step by step.

"Chuck, do you know how long your mother struggled in my arms? Do you know?"

Eleanor maintained her smile.

Who was Chuck in the face of her might?

Chuck was just a nobody.

She could kill Karen, so why wouldn't she be able to kill Karen's son?

She approached him one step at a time.

All the people present were amazed by her fighting style.

"I've always known that Eleanor was the best fighter in the entire Whitlock family but I have never seen her fight before. Today, we get to witness it."

"Yes, Eleanor is so skilled that I think Chuck might actually get knocked out immediately." 

"Of course! How can a trash like Chuck beat Eleanor? But Eleanor's legs are really gorgeous. They are slender and long..."

"Don't even think about it. Apart from Miss Whitlock, do you think anyone can ever lay their hands on her?"

"Well, I won't dare."

"Stop talking. Let's see how Eleanor disposes of that trashy Chuck."

The entire Whitlock family thought that Chuck would be immediately defeated within seconds.

However, Chuck's rage only grew more and more. Like an enraged lion; he had reached the pinnacle of his rage.

"I made the road collapse. She broke her skull and it was bleeding profusely, and then I started punching her. She retreated step by step and was at a disadvantage in every aspect. She wasn't as godly as rumored..." Eleanor grinned lightly.

That was right.

She was trying to enrage Chuck.

What was the point in killing Chuck within mere seconds?

She wanted to see how capable Chuck was.

After all, he was Karen's biological son.

"You're courting death," Chuck said.

He leaped over.

He used all his strength and threw a punch.

Eleanor maintained her grin.

Then, she threw a punch to intercept his blow.

As a result, a loud sound cut through the air.

Chuck was thrown back while Eleanor remained rooted to the ground.

"Not bad, but you still have a long way before you can match me."

Then, she promptly kicked him with her long legs.

Just like that, Chuck was thrown backwards.

There was no way he could avoid her.

Eleanor was indeed very skillful.

"I could make your mother retreat one step at a time. You? It would only be easier for me. Let me ask you again. Will you surrender or are you going to continue to resist?"

Eleanor strode over slowly.

Chuck got up from the ground and attacked again.

"I am not certain how you are so bold as to actually start up this fuss with the Whitlock family. You are really a disgrace to your mother, at least she knew how to hide! But what can you do? You say a few words and tease us? Then get beaten up by me? You are not a man. You are a fool, you know that?"

Leisurely, Eleanor approached him.

A loud collision filled the room.

In a show of her true strength, she threw a harsh blow at him.

Chuck's bloodshot eyes were wide open as he used his fist to block the attack.

Once again, Chuck was thrown back by the force.

Yet another loud punch echoed in the room.

Eleanor launched another kick that Chuck could not dodge in time. He was sent flying ten meters away and fell hard on the table, rendering him in a terrible state.

Red wine and food were scattered all over the ground.

"You're too slow. I heard that you went to Wolfen Sect to train and even broke your mother's records? Is this the so-called training in Wolfen Sect? It's nothing. Sure enough, Wolfen Sect is not a good institute. Look at me, I didn't go to that kind of place to train, but you and your mother still can't defeat me."

Eleanor smiled faintly.

"You are really trash!"

"You are so weak and you are not aware of what you are capable of. Yet you came here to stir up trouble?"

"You can't even withstand a blow!"

All the members of the Whitlock family were sneering.

They were all glad to see Chuck get beaten up.

"I know what you're capable of now," Chuck said as he clambered up from the rubble.

"You got it? What do you think?" Eleanor approached him step by step.

"You are still a little weaker than my mother." Chuck shook his head. His eyes were bloodshot with anger.

"Weaker than her? I'm alive, and she's dead. That's the difference between us. Alright, I don't want to waste any time talking to you anymore. You...hey? What are you doing?"

Eleanor's smile began to fade.

She watched as Chuck took off the ring on his finger and threw it to the side.

Upon impact, it smashed a hole through the ground!

The loud impact echoed dully.

Chuck took off the other ring on his finger.

Similarly, another hole was formed in the ground.

Once again, the impact was very much audible.

It was a dull ringing sound.

Finally, Chuck took off the anklets on his feet and threw them on the ground as well. The floor cracked yet again.

The scene was dead quiet.

Everyone from the Whitlock family was stunned.

Chuck actually had a few hundred pounds of weights on him?

All that while, was he fighting Eleanor like that?

Chuck stretched his arms and legs, jumped, and stretched his neck. Then, squinting his eyes, he said, "It's much easier now. So, Eleanor, allow me to show you my true potential." ²⁹

Chapter 909

"Chuck, you..."

Eleanor was taken aback for a moment before she suddenly chuckled lightly.

"Not bad. Do all these things total up to two hundred kilograms?"

Eleanor was surprised.

No wonder Chuck was so clumsy a few moments ago.

There had been more than 200 kilograms of weight on his body.

"It's more than that. It's as heavy as you." With a shrug, Chuck approached her.

After taking off the weights, his body felt as light as a feather.

How long had Chuck been carrying those weights on his body? He had been doing so for almost a year.

In the beginning, he started off with tens of kilograms. But recently, he increased the weight to two hundred kilograms.

Chuck was wearing it all the time.

Finally, he had taken it all off. He was going to fight with everything he had.

"As heavy as me?" Eleanor smirked faintly.

"Yes, two hundred and fifty kilograms." Chuck shrugged.

Eleanor's smile disappeared as her beautiful eyes twitched. "Are you mocking me?"

"That's right."

"Then I won't let you off so easily." Eleanor suddenly made a move.

This speed caused another uproar among the Whitlock family.

So what if Chuck was carrying so much weight?

He was nothing compared to absolute strength.

"So this explains everything." Sabina suddenly understood.

She finally understood why her strength was not comparable to Chuck's power when they had formed the alliance previously.

It turns out that Chuck was doing physical training all the time.

Ordinary people would have shortness of breath from just carrying

thirty kilograms of weight.

However, Chuck carried more than 200 kilograms of weight and he seemed like he was used to it. His face wasn't flushed red, nor was he short of breath.

With this kind of adaptation, it was not a problem for him to increase the weight to three hundred kilograms. 4

"So that's how it is. Even with so many weights on him, his movements were still so natural. Therefore, Luqman did not stand a chance." Osford was already at a loss.

All of a sudden, he realized why Chuck could knock Luqman out.

Because Chuck was indeed strong enough to knock him out.

Adriana's beautiful eyes twitched. "Chuck, Chuck, are you too eager to kill me? In order to kill me, you carried so much weight on you? Aren't you tired?"

She was both furious and disappointed.

She shouldn't have fallen in love with Chuck. It was not worth it!

Bang!

Eleanor threw a punch at Chuck who had removed his weight. His movements were so light and he was able to dodge her punch.

Eleanor's beautiful eyes twinkled and she was puzzled. His movements were way too fast!

Did Chuck always have that habit?

Did Karen also have the habit of wearing so much weight on her body all the time?

Why didn't Karen take off the weight during the crucial moment?

Was it because Eleanor was not worthy in her eyes?

No, she didn't have time to take the weights off when she was cornered. She didn't have time to take the weights off!

That was probably why.

"How long are you going to dodge?" Eleanor asked indifferently.

Everyone in the Whitlock family was stunned. How could Chuck dodge so quickly?

Chuck's body was as light as a feather, as if he was a kite without the strings.

Then all of a sudden, something happened.

Eleanor stepped back.

But Chuck almost kicked her in the face.

Eleanor scoffed coldly, "I didn't expect that surprise attack on me, but this is the end of you."

She suddenly lunged at him.

However, something surprised her.

Chuck was still advancing towards her.

His speed was simply astonishing.

Involuntarily, Eleanor took three steps back.

Everyone from the Whitlock family was stunned. The number one martial artist in the Whitlock family actually retreated!

"Eleanor, what are you doing? Get him!" Adriana ordered gloomily.

"Miss Whitlock, give me a moment. I'll catch him right now."

Eleanor had already been provoked. She didn't expect Chuck to carry the weights, and she didn't expect Chuck to remove the weights so quickly.

"Stop!" Eleanor said coldly as she threw a punch.

The power of her punch was great.

Bang!

Chuck squinted as he blocked it with his fist.

Slap!

Both of them were rooted in place.

Both their fists were stuck to each other.

Chuck had an indifferent expression on his face but his heart ached.

"Now I know, if you did not ambush my mom, you would have never been able to kill her."

Chuck understood what happened, but unfortunately, his mum had already been assassinated. There was no use for that.

Chuck turned his heartache into his source of strength.

Eleanor's expression was a mask of ice as she retorted, "Is that so? I didn't expect a day like this to happen. However, there is still a huge gap between you and me. I'll show you the gap because I am the number one martial artist in this world."

Bang!

Eleanor retracted her fist and kicked outwards with her long leg.

Her kick went flying out.

Chuck used his arm to block it, but he was kicked back three meters.

Chuck wasn't injured at all. The weight he had on his body had turned his body to steel.

Chuck was totally uninjured by Eleanor's kick.

As the two fought, if it was not Chuck who was sent flying, it would have been Eleanor flying back.

Everyone from the Whitlock family was in a daze.

Eleanor was the best martial artist in the Whitlock family. However, five minutes had passed and the two of them were evenly matched.

Shouldn't Eleanor have killed Chuck within seconds?

Sabina's eyes twinkled. "You've grown so much... However, what is going on in your mind?"

She didn't understand. How could Chuck be so bold and think that he was an army by himself?

Boom!

Eleanor was sent flying by Chuck.

Eleanor retreated and almost fell to the ground.

"Eleanor, what are you doing? Get him! Get Chuck!" For the first time, Adriana lost her composure and shrieked.

"Miss Whitlock, Chuck and I are on par with each other. Even if we were to fight for a day, it's impossible to say with certainty who would come out victorious," Eleanor said as she lowered her head.

Thud!

Adriana slapped Eleanor across the face.

Eleanor didn't dare to say a word. "I'm sorry, Miss Whitlock."

Adriana uttered lividly, "Chuck, is this what you have planned? Indeed you have surprised me! But you don't know how many bodyguards there are in the Whitlock family. All of you, come and catch him!" Her eyes were darting from left to right.

Adriana ordered.

From the crowd, person after person came rushing forward.

Everyone was indifferent and cold.

There were two other men, who were on par with Eleanor.

"Hump, look at how proud this Chuck is!"

"He will definitely get caught by the Whitlock family. I'm going to enjoy the show."

The Whitlock family ridiculed him. They were not short of manpower. If Eleanor could not get rid of him, a ton of other Whitlock family's bodyguards could.  1

"Chuck, be ready to get trampled on!" they thought to themselves.  18

Chapter 910

All of the Whitlock family's bodyguards appeared.

Adriana sneered while Eleanor had a vengeful look in her eyes.

However, Chuck was calm and composed.

Sabina clenched her fists. She wanted to give Chuck a hand.

"So what if Chuck can fight? There are so many bodyguards present. Can Chuck defeat all of them? Such a fool. He is still going to die at her hands!"

Xandra spoke furiously. Chuck was a brainless guy. How could he fight so many people by himself?

Did he think that he was immortal?

The crowd sighed.

Osford sighed too.

"I succeeded again." Chuck suddenly guffawed.

However, his laughter was vindictive.

"If you think that saying this is humiliating to me then you have succeeded. However, I am not affected in the slightest bit, but you are now going to get captured."

Adriana was back to her usual nonchalant and unperturbed self.

Was there anything that could make her change her mind?

No, there wasn't.

"No, didn't you go with me to the Yeager family? Are you not aware of what I did during Loomis' wedding?" Chuck smiled.

However, he was laughing and gnashing his teeth.

Sabina instantly thought of something. She understood what he meant.

Adriana frowned. "Oh, you are right. When Loomis and Willa got married, didn't you bring a bomb that had not been tested?"

"A bomb?"

"What? He has a bomb? That's impossible!"

The entire Whitlock family was in an uproar.

"That's right, and guess how many I brought this time? I can tell you that there is definitely more than one." Chuck grinned.

"Oh, how many of them are there?" Adriana maintained a lazy smirk.

"Well, I will show you one." Chuck took out one and threw it at Adriana.

However, Adriana did even twitch and she did not retreat a single step.

Because someone jumped over and grabbed hold of the bomb.

It was like he was not afraid of death.

Bang!

The bomb exploded. Flesh and blood splattered everywhere.

The bomb resulted in a cloud of bloody fog.

All of the Withlock family members were stunned.

Chuck's eyes turned cold.

"How many more? Continue." Adriana smiled as she walked over. "Do you know why the Whitlock family has been the best hidden family for so long? It is because each and every one of the Whitlock family members are not afraid of dying. Go on. Keep throwing."

"This isn't good." Sabina's expression instantly turned stony.

"Chuck brought bombs with him? What a lunatic! Is he going to blast us to death?" Xandra was infuriated.

"I have to say, you have some brains. It's exactly like back then when you single-handedly controlled the entire Yeager family. However, I'm not Loomis, so I won't be fooled. Before throwing more bombs, I want to show you something. After that, you might become obedient. Eleanor, why don't you bring her out?"

Adriana smiled slightly.

Eleanor went away to escort someone.

"Could it be..." Sabina was dumbfounded.

Chuck's eyes were trembling. Wh-who was it?

Eleanor dragged somebody out. And yes, it was Yvette!

"Honey, you are still alive?" Chuck was dumbfounded.

His eyes were bloodshot, and tears started pouring down. Chuck was crying!

He thought that the person with whom he had grown up with had died. He was heartbroken.

However, she was standing right in front of him.

But... she looked haggard, and her lips were pale...

However, she was still so gorgeous.

"So it really is Yvette," Sabina muttered to herself.

"Hubby..." Yvette cried. When she saw Chuck again, she had no more regrets.

Chuck became fed up.

"Adriana, let her go!" Chuck was exasperated.

"Let her go? Why should I listen to you? Put down all the bombs in your hands and I'll let Yvette go." Adriana smirked.

"No." Yvette shook her head with streams of tears on her face.

If he dropped the bombs, he was going to die.

"Chuck, don't drop the bomb, don't!" Sabina added.

Chuck clenched his fists and stared at the haggard Yvette. His heart ached for her. "My wife, she's still alive. She's still alive..."

"Chuck, I've lost my patience. You think I'm Loomis? No one can toy with me! Put down all the bombs in your hands. Hurry up!"

"No, don't..." Yvette was eager to kill herself.

"Yvette, you dare!" Chuck bellowed.

"I dare. I dare." Yvette shook her head. "I'm satisfied with seeing you just once more. Avenge Karen. You have to..."

"Adriana. These are all of my bombs. These are all of them."

There were a bunch of bombs in Chuck's hands.

Yvette was desperate. "No."

Adriana smirked and said, "Well, go and get those bombs."

"Yes, Miss Whitlock."

A man walked over and Chuck put down the bomb in his hand. "Let her go."

"No. I don't trust you. There must be more bombs hidden on you. Search him!" Adriana smiled lazily.

That person searched Chuck's body but there were no more bombs.

"It's over." Sabina sighed.

"Chuck, you son of a b*tch. Why did you hand over the bombs? You killed us all!" Xandra was furious.

"Let her go."

Chuck spoke coldly.

"Alright, I've always kept my promise. Eleanor, let her go." Adriana

shrugged her shoulders.

Eleanor let go of Yvette.

Yvette approached Chuck step by step. All she wanted was to be in Chuck's arms. She was not afraid of dying. She just wished for Chuck to get out of this alive.

However, that wasn't the end.

Adriana suddenly grinned. She raised her hand and snapped her fingers.

Bang!

Suddenly, a fiery bullet shot out of somewhere.

It was coming straight at Yvette!

"No!!" Chuck roared with rage.

Yvette stopped. She was not afraid of dying. She felt guilt for being in Chuck's way.

Bang!

Somebody fell to the ground.

Chuck was dumbfounded.

Sabina was taken aback.

Osford's eyeballs nearly fell out of his eye sockets. In front of him was a pool of blood. "Chadrick, it's Chadrick!"

Yvette turned around. There was a man on the ground, and the bullet was in his body.

He laid on the ground.

Then, he spat out a mouthful of blood.

"This is? Chadrick? How did he get in?" Adriana frowned.

"I...Impressive. He managed to sneak in," Eleanor lowered her head and said.

Chuck ran over, tears streaming down his face. "Chadr... Dad, Dad."

Chuck applied pressure on Chadrick's wound, yet Chadrick kept bleeding profusely. Chadrick's face was pale. Yet, he was at ease and said, "This is all I can do. I'm sorry... Karen, I'm coming to you. Please forgive me..."

"Dad!" Chuck grabbed Chadrick's hand tightly and burst into tears instantly.

"Adriana! Adriana!" Chuck's eyes emanated a frosty glare. With his

bloodshot eyes, he looked like a roaring wild beast.

Adriana was very proud of herself. "Chuck, you can't beat me!"

"Really?" Chuck put his finger into his mouth and produced three bombs. They were hidden in his mouth because they were tiny and could be concealed.

Adriana frowned. "Only three? That's useless. Catch the two of them for me."

"Yes, Miss Whitlock."

The members of the Whitlock family were not afraid of dying.

However, Eleanor's expression suddenly changed. She turned around and glanced in a different direction. "What's wrong?" asked Adriana, her eyebrows furrowed together.

"Someone is intruding into the Whitlock family home." Eleanor's expression was gloomy.

"Who is it?" Adriana's beautiful eyes were cold. ²²

Chapter 911

"For the time being, I'm not certain."

The sensor that Eleanor was equipped with had detection that someone had broken in.

However, it didn't matter. The Whitlock family's security was the tightest in this entire world. The house was easy to defend but it was hard to intrude.

It was useless trying to break in.

They would never succeed.

The reason was very simple. It was because this place belonged to the Whitlock family. 3

No one had succeeded in breaking in.

Nobody ever succeeded in the past, and nobody would be able to in the foreseeable future.

"Eleanor, again and again, you disappoint me," Adriana uttered coldly.

"I'm sorry, Miss Whitlock. I will get to the bottom of this immediately," Eleanor replied.

The members of the Whitlock family were all talking among themselves. Someone had broken in!?

Who could it be?

Who had the guts to do this?

Chuck took a look outside. Who was the intruder?

He wasn't sure, but one thing for sure was that Chuck wanted Adriana dead.

As Chuck pulled Yvette behind him, he could tell that she was weak from all the suffering she had endured.

Chuck wanted to take her and leave, but how?

When Chuck came to the Whitlock family home, he was ready to die.

Because given Chuck's current situation, the only way he could deal with Adriana was if he died too.

Therefore, Chuck kept the three things that Sophia gave him.

Chuck was gratified to see that Yvette was still alive, and he also saw hope.

Just a few moments ago, the moment Chuck saw Yvette, he wanted to bring Yvette to somewhere rural and hide there.

However, his father was shot in the chest.

His mother was assassinated, and Willa, Black Rose...

Chuck couldn't get over it.

He couldn't just forget about all of that.

If that was the case, how could Chuck take Yvette and hide somewhere rural? No, he couldn't!

If he left the Whitlock house, he would be fleeing like a coward. That would mean that he had given up on avenging his mother. How could Chuck allow himself to do such a thing?

He simply couldn't allow it.

"Honey, I'm sorry, I have to..." Chuck tried to explain himself.

"I know what you want to do. I'll accompany you, just like... how we went to school when we were kids."

Yvette was exhausted, but she smiled.

Things had escalated to this point, hence she didn't mind dying. It was worth it... at least she got to die with Chuck.

"Alright."

"Hubby, are you the one who arranged for someone to intrude?" Yvette asked.

"No, I didn't engage anyone." 

Chuck denied it. He did not even arrange for Betty to tag along. In fact, he forced Betty to stay out of it.

"Then, perhaps that person is also an enemy of Adriana's."

"Well, that's possible."

Chuck shrugged his shoulders. He had lost his focus. Suddenly, Sabina turned to look at him. She wanted to get closer.

Chuck shook his head. He wanted to die with Adriana.

So why did Sabina want to get close?

With Adriana's death, Sabina could control the entire Whitlock family!

And it wasn't difficult for Betty to take over all of his mother's property.

It was because Sabina would definitely not manipulate Betty.

In Chuck's mind, that might have been the best outcome.

But Sabina was about to step forward.

Chuck continued to shake his head.

Sabina fell silent for a moment and her eyes turned red.

"Chuck, what did you expect?" Adriana smirked slightly.

Eleanor had everything under control outside and thus she was not worried.

She raised her hand and snapped her fingers.

The bodyguards of the Whitlock family approached.

The three bombs were used on the Whitlock family's bodyguards but it was not enough.

Chuck stared at Adriana. An idea flashed in his mind on how he could die with Adriana.

However, something happened.

"How could this happen?" Eleanor was puzzled.

"What's going on?" Adriana asked indifferently.

"There are many skilled martial artists breaking in! And it is? Let me take a closer look."

The equipment in Eleanor's hands had captured the people who were breaking in and one of them was a woman.

Eleanor used the Whitlock family's network to search her up and she had access to all of her records.

"This is? Scarlet from the Wolfen Sect?"

Eleanor's gaze turned gloomy as she discovered who was breaking in.

"The Wolfen Sect? They dare to march in? Catch them for me. I want to find out who gave the order!" Adriana ordered stonily.

"Yes, Miss Whitlock. I'll take care of it right away."

Boom!

Suddenly, something came flying over.

It destroyed the Whitlock family's line of protection.

Eleanor's beautiful eyes twitched. "You think you're so great because you can do this?"

Eleanor was indifferent. She took out a sniper rifle and aimed it at a helicopter outside.

Bang!

She pulled the trigger.

Bullets fired like crazy.

She hit the fuel tank of the plane. Her aim was terrifyingly good.

The plane exploded.

However, a person jumped off the plane and brought a parachute with her.

Swoosh!

This person glided down. Eleanor smirked disdainfully and pulled the trigger.

Thud!

Bullets fired like crazy again.

But none of them hit her.

Eleanor furrowed her brows. She always had perfect marksmanship, so why couldn't she hit her?

What a joke!

She peered through her scope to aim better. However, she was instantly stunned. "No, it's impossible. Impossible!"

"Eleanor, what's wrong? What's the big deal?" Adriana had always been calm and composed.

It didn't matter if they broke in, because there were so many people in the Whitlock family.

"Sh-she's still alive!" Eleanor's eyes were filled with shock!

"Who is still alive?"

"Karen!" Eleanor sucked in a breath of cold air. ²⁶

Chapter 912

Chuck was taken aback.

What did Eleanor just say? Was his mother still alive?

Was that even possible?

Impossible!

Wasn't Chuck's mother assassinated by Eleanor?

Her corpse had been washed away by the stream and they were unable to find her corpse!

Could it be?

Was Chuck's mother really still alive? Was that the reason they couldn't find her corpse?

Was it possible?

Yvette raised her head and stared at the figure above her. For a moment, the tone of her voice was complicated, "It's her. It's really her..."

Yvette wanted Karen to die but when Karen was actually dead, her emotions were complicated.

She really couldn't distinguish her emotions.

However, seeing her at that very moment, Yvette suddenly felt relieved.

"So, you're not dead yet?"

Sabina was gratified. She always felt sorry for Karen's death.

Sabina had not properly fought her yet.

"Grandpa, did you see? That the Karen b*tch is not dead! She didn't die at all!" Xandra was also dumbfounded.

Osford was already at a loss.

What on earth was happening?

Bang!

The parachute descended, and a woman jumped out. Bang! Someone pulled the trigger.

The sniper rifle in Eleanor's hands fired away.

Karen jumped down from the air and landed lightly.

Everyone was stupefied.

Bang!

She didn't even bother to aim and she fired simply.

Suddenly, there was a loud cry.

Someone in the room shrieked.

One of the Whitlock family's snipers was dead.

The bullet went straight through his brains.

Bang!

Karen shot again.

Another sniper died.

A surprised look flashed across Adriana's face. "You're still alive?"

Her eyes swiveled as she stared at Eleanor. The look in her gaze indicated that Eleanor had disappointed her again.

"You... How could you not have died?" Eleanor could not believe her eyes.

She saw Karen die with her own eyes when Karen jumped into the rapid stream. Was it possible that Karen did not die from the current?

"Don't you know that I can hold my breath in the water for more than 20 minutes?" Karen said lightly.

Only one person in the room knew that.

And it was Yvette.

Back when she first tried to assassinate Karen, she used a capsule poison on her. But who would have expected Karen to be absolutely unaffected by the poison, and Yvette herself was the one who got poisoned.

Since then, she learned a terrifying fact about Karen, and that was Karen could hold her breath for twenty minutes.

"You! You intentionally jumped into the stream?" Eleanor was exasperated.

"Yes, back then, I had no choice but to jump." Karen shrugged and strode over step by step.

"You have such wishful thinking! You really believed that you would survive despite the slim chance," Eleanor sneered.

"That's right, the odds are against me. However, surviving was not the main reason why I jumped."

"What was your main motive?" Eleanor sneered.

"My son, Chuck. I want my son to improve by leaps and bounds so that he can inherit all of my inheritance. Therefore, I thought of this method. Chucky, please don't blame me." Karen was smirking.

Her eyes were getting redder. She missed her family.

"Mom." Chuck teared up.

Karen sighed.

"Hmph, you're just finding excuses for yourself. Back then, you had no choice but to jump." Eleanor was fuming.

"No. Back then, jump or not jump, I could have survived regardless. I had no problem dealing with you." Karen shrugged.

"Outrageous. You think I believe you? Back then you were beaten up so badly that you had to retreat a step at a time!"

"Let me tell you, back then, I was carrying three hundred kilograms of weight on me. What do you think?"

"What? Really?" Eleanor was puzzled.

"Yes, why should I lie to you? And... I have planned this for a very long time and I felt like it was time for me to jump," Karen shrugged as she said.

"Oh, what did you plan?" Adriana said as she had a lazy smirk on her face.

"Quite a lot. Twenty years ago, I went to Wolfen Sect for training and I asked them to promise me one thing... and that was that they all had to help me once. And after giving it some thought, using it this time is really the best option."

"Oh, but they have not yet attacked us." Adriana was smiling.

"No, they are almost here. There are currently two snipers supporting me. Because I have already figured out the layout of the Whitlock family, planning an attack on you guys became a lot easier."

"What? You, were you the one who saved Willia and Black Rose?" Eleanor was furious.

"Yes, it was me."

"Mom, Auntie Logan and Black Rose are still alive?" Chuck cried.

"Yes, they are still alive. Now they are recovering and Miss Scarlett is with them. Because I am worried about you, so..."

Suddenly, Karen found Chadrick lying on the ground. For a moment, Karen was dumbfounded.

She sprinted over with her eyes red and she leaned her ears against his chest to listen to his heartbeat.

"Mom, Dad he..." Chuck was at a loss for words.

"I know, I know... I didn't know it at first. Later, I checked up on it myself and I found out everything," Karen muttered to herself.

Chuck was stupefied. According to Betty, back then when Karen was investigating the hidden family, she suddenly fell silent for an entire night when she investigated the Cannon family. Given how smart Karen was, she might have figured out everything that night.

It was just that she pretended that she didn't know...

Perhaps Karen wanted the relationship to continue, however... she had no say in the matter as Chadwick was already lying motionlessly on the ground...

Chapter 913

"Karen, are you pretending to cry? I can't tell if you are unaware of why Chadrick approached you." Adriana found it hilarious.

"I know, but you don't understand." Karen's eyes were bloodshot.

"I don't understand? What do I not understand?" Adriana said with a lazy smirk.

"You don't understand what love is, nor what having a relationship feels like. I have been with Chadrick for twenty years and he was forced to do this. But I know that he has always been by my side helping me. I know..." Karen was muttering to herself.

"So what? He's dead. I ordered my men to pull the trigger. I was going to kill Yvette, but he ran over like a fool and blocked the bullet for her. Haha! He's a fool."

"Shut up!!"

Karen stood up.

Adriana's eyes were cold. "You're going to die. Eleanor, this is your last chance to redeem yourself. Kill her!"

"Yes."

Eleanor took a step forward.

Karen didn't die, which was a blow to her.

She was the best martial artist in the entire Whitlock family.

She killed Karen but Karen didn't die? 

It was an utter humiliation.

Clang!

Karen removed the ring on her finger. Two rings!

Clang! Clang!

They smashed the floor.

Clang!

She removed another two.

She removed an anklet.

It smashed through the floor too,

Everyone from the Whitlock family was dumbfounded. How could that be?

Was she carrying weights like Chuck? A woman was carrying more weights than Chuck?

"Eleanor, right? I've never used all my strength. Today, you will be the first to experience it."

Karen spoke coldly.

"Good! I would like to see how... What, you're so fast!"

Eleanor was ready to fight, but Karen rushed over with a swoosh.

Eleanor did not have time to react.

Bang!

Blood spurted out of her mouth and she was thrown back ten meters.

Thud!

Eleanor smashed against a table and laid on the ground. She was a complete wreck!

Everyone from the Whitlock family was dumbfounded.

The jaws of the bodyguards of the Whitlock family were hanging wide open.

What kind of power was that?

Sabina, Xandra, and Osford were all stupefied.

"It turns out that my mom is terrifying," Chuck muttered to himself.

"I-I will never be able to defeat her in this lifetime. No way..." Yvette also muttered to herself.

Thud!

Eleanor got up and said, "Alright, alright. You've forced me into it. Seems like I'm going to have a good fight with you."

"No, after I took off my weights, you are no longer my match. Because you were my match when I had my weights on or perhaps you were my match when I have a broken limp. But now, you are no longer my match."

Karen shook her head and stepped forward.

Boom!

Eleanor tried to block Karen's attacks but Karen was right up in her face.

Their battle lasted for less than ten seconds.

Karen could easily parry Eleanor's attacks.

Because Karen, who had removed the weights, was really way too fast.

It quickly came to an end,

Karen held Eleanor by her neck.

Eleanor was shocked. "H-how is this possible?"

She had a hard time speaking.

"Everything is possible. And you are really too weak," Karen said.

"No!" Eleanor was horrified.

Karen exerted some force on her grip.

Crack!

Eleanor's expression remained horrified. Her body stopped struggling as it hung limply.

Because her neck had been snapped off.

Thud!

Karen threw Eleanor's body away.

Everyone was in a state of shock. Eleanor was the best martial artist and Karen defeated her just like that?

Who would have thought that the number one martial artist, Eleanor, would have such a day.

"Sh*t!" Xandra was shocked.

Osford was in a daze. His pawn was way too terrifying. When did she improve to such an extent?

"All of you come at me at the same time!" Karen shouted.

"All of you, go!" Adriana was furious.

Roar!

The bodyguards of the Whitlock family all rushed forward.

All the fists punched toward Karen.

"Mom, let me help you!"

Chuck rushed over.

Karen and Chuck's strength was amazing, especially Karen's. One punch was enough to knock out one person. She was unstoppable.

Eleanor, the best martial artist, was defeated in a matter of seconds. What chance did those people have?

Fists, kicks, and screams rang out continuously.

Boom!

Within three minutes, Karen had killed thirty of the Whitlock family's

bodyguards and the rest were laying on the ground.

Their numbers were reduced by half.

All of a sudden, something happened.

A shot was fired.

Bang!

It killed one of the Whitlock family's bodyguards.

A person rushed in.

Chuck's eyes turned red when he saw Willia.  1

It was really Willa!

Willa was dressed in black, holding a sniper rifle in her hand. She was so cool.

And she was still alive!

Willa smiled at Chuck. "Are you alright, Chucky?"

"Okay, I'm fine." Chuck began to cry again.

Boom!!

Another shot was fired.

It killed another of the Whitlock family's bodyguards.

Another person rushed in and she had big blue eyes. It was Black Rose!

Chuck was emotional. "Black Rose, you are also alive?!"

"Yes." Black Rose had an indifferent expression.

Swoosh! Swoosh!

A figure rushed in again, and someone was thrown in.

The figure leaped in. This figure was someone Chuck was familiar with. It was Miss Scarlett of Wolfen Sect!

Immediately after, another person from the Wolfen Sect came in, then one after another...

Karen had wiped out half of the Whitlock family's bodyguards. There weren't many left after that.

Everyone from the Whitlock family fell into a state of panic.

"What's going on? How did they get in?"

"It's over, it's over, the Whitlock family is going to be destroyed today!"

"Adriana, you're going to die today!" Chuck and Karen shouted at the same time.  12

Chapter 914

Adriana smirked in a relaxed manner. "It's over? You think it's the end for me?"

"Isn't it?" Karen shrugged her shoulders.

"It's not over. Do you know why I'm so calm? Because it's very simple. I control everything, including their lives."

Adriana grinned and took out a remote control.

However, something happened then.

She had barely fished out the remote control in her hand.

The moment she did, Karen pulled the trigger.

A bullet fired.

It shot through Adriana's palm.

Instantly, blood spurted out from her hand.

Adriana had beads of sweat on her forehead.

"Back when I was still young, I had the same desire to control everything but I was not that desperate." Karen approached her slowly.

Adriana's face turned pale. "Karen, not bad. You shot me!"

Slap!

Karen raised her hand and slapped Adriana across the face.

Adriana retreated in astonishment.

All the members of the Whitlock family witnessed the event.

The head of their family had been slapped!

"Karen, how dare you hit me?" Adriana screamed like a

lunatic.

Slap!

Karen slapped her again.

It ruined Adriana's makeup.

She was in such a terrible state.

"Karen!" Adriana was extremely exasperated.

She was originally gorgeous, but she looked so horrible at the moment.

Slap!

Karen approached, step by step, and slapped her again.

Adriana fell to the ground.

Her hair was a mess.

She looked very much like a beggar.

Everyone from the Whitlock family was already at a loss. They were the number one family in the world!

Adriana as the head of the family was beaten to such a state?

They felt like it was all a dream. But was it really a dream?

No, it couldn't be!

It was really happening.

Someone was really hitting the head of their family!

"Karen." Adriana got up, laughing to herself. Her face was so swollen she looked like a pig.

"I admire you!"

"I don't want to be admired, in fact... I have been investigating the hidden families for some time now. The Cannon family, the Yeager family, and also the Whitlock family. Twenty years ago, when I was in the Wolfen Sect, I had already foreseen such a day

happening. I guess my foresight was correct. Even the Wolfen Sect, who are always in hiding, have also come out and the result is shocking. Apparently, the Whitlock family is not that hard to break into." Karen shrugged.

"So, you wanted to destroy the hidden family twenty years ago?" Adriana went mad.

"No, I'm the kind of person who minds her own business. If you don't provoke me, I will never come and stir up trouble. However, I foresaw that you would provoke me, thus I made preparations beforehand. I have been planning this for twenty years and it looks like it was the right decision."

Her statement drove Adriana into a frenzy. "Karen! Karen!"

She gritted her teeth as she shouted.

"We could have lived in peace, but..." Karen shook her head and approached her step by step.

"However, I'm courting death, right? Haha!"

"No, you're not courting death. You're just forcing me to kill you."

Clatter!

Karen snapped Adriana's neck casually.

Just like that, Adriana fell to the ground twitching. Her bloodshot eyes glanced around and finally, they fixated on a figure and that was Chuck...

The members of the Whitlock family panicked even more when they saw that Adriana was dead. 

"She is dead! Miss Whitlock is dead!"

Rumble! Tumble!

Dozens of helicopters flew over, led by Betty.

A lot of people descended and they restrained the members of the Whitlock family.

The following matters were simple. Adriana had died, and the Whitlock family had no leader. Betty easily took over the Whitlock family.

"Chucky, it's been so many years. I'm tired. I'll leave the rest to you," Karen said as she carried Chadrick.

"Mom, Dad is..." Chuck was reluctant to part with his mother. Where was she going?

"His heart is still beating but I'm not sure if he will come out of this alive. I will save him and then... we will travel the world! For so many years, we never really spent quality time with each other..." Karen's voice was full of yearning and hope.

Chuck heaved a sigh. Could his father actually survive?

"Don't worry. I won't waste another twenty years. Don't worry," Karen said.

Chuck was moved to hear that.

"Auntie Karen," Yvette came over.

"Are you going to kill me?"

"No, no, I'm relieved." Yvette shook her head.

There was nothing she could do.

Because Karen was just far too strong.

Chuck might be the only one in the world who could surpass her.

After all, Chuck had inherited Karen's combative genes.

"Then, do you want to marry my son? Let's plan the wedding ceremony again." Karen broke into a slight smirk.

"Yes, I do," Yvette leaned sweetly against Chuck.

"That's good, Chucky. I'll take your father back first. If we

delay anymore, I'm afraid..." Karen began to worry.

After all, Chadrick had been shot.

"Yes."

"Chadrick! Chadrick!" Osford ran over.

Karen was silent for three seconds. "Mr. Osford, how have you been?"

Osford looked gloomy. "Karen?"

"I've learned of everything you did to me over the years. Do you plan to continue?" she enquired.

"No, I can't continue even if I want to." Osford sighed.

Given how powerful Karen was, he was not able to manipulate her anymore.

"Actually, Karen, I want to include you and Chuck in the Cannon family," Osford said.

"That won't be necessary. That won't be necessary at all. As long as you are still alive, I will never step foot in that place. Osford, you should take care of yourself. I'll spare your life because of Chadrick. Elsewise, each and every single person in the Cannon family would die. Mark my words."

Karen's reply was stony and livid.

In an instant, beads of sweat dripped down Osford's forehead. What a terrifying aura she exuded! 10

Chapter 915

Her words actually sent Osford into a state of fear and trepidation instantly .

The intensity was far greater than when he had faced Adriana.

"Karen, you..." Osford was stuttering.

"You think you are still the mastermind? You think you are worthy?" After she finished, she took the injured Chadrick and left.

Osford was full of remorse.

At that very moment, he finally understood that Karen was not someone he could manipulate.

"Grandpa, wh-what should we do?" Xandra ran over to ask.

"The Cannon family, the Cannon family..." Osford was sighing.

He was not certain if Chadrick would survive and there was no one else capable enough to be the head of the Cannon family.

"Grandpa, why don't you just let me be the head of the family?" Xandra purposed.

Bang!

Osford slapped her across the face. "You? Do you want to demolish the entire Cannon legacy that has been passed down for generations?"

Xandra covered her cheeks and dared not say a word.

Osford sighed and left with Xandra following behind.

Sabina came over to them. "Congratulations. You have taken over the Whitlock family and now you are the head of the number one family in this world!"

Chuck shook his head, confused.

Finally, he decided to accept it.

"All right I will see you when we get back. I might still need your help... are you willing to help me?" Sabina suddenly asked.

"Sure, I'll give you a hand. What is it?"

"In a few days, I will come and look for you. I will tell you the details then." After saying that, Sabina left.

She was followed by the Yeager family.

Chuck thought to himself, what favour would she possibly need his help with?

Finally, he told himself to forget it as he would find out in a few days. 

Next.

With the help of Betty, Willa, Black Rose and Yvette, Chuck successfully took over the number one hidden family, the Whitlock family, and he also started his business in the country and was met with nothing but success.

His investments grew large and larger. His movie was a hit and his newest product was sold out immediately.

Everything was going the way he anticipated...

While a lot of people were unaware, there were some who were aware that Chuck had become the richest man on earth. He was also gradually striving to become the number one martial artist...

One of the villas in the country was decorated with festive lanterns and colored banners.

Chuck held a wedding with his childhood sweetheart, Yvette.

A lot of people were present.

Zelda, Quinn, Willa, Black Rose, Yolanda, Nancy, Queenie, Sophia, Elise, Patricia, Lara, Charlotte... 

"Did Chuck finally make a move on you?" Quinn asked. She was feeling a little down that day but seeing that Chuck was getting married, she felt glad for him.

"Why are you asking this?" Zelda was speechless.

Her beautiful eyes showed how gentle she was. "Chuck and I are a secret. We won't make it public. Why are you being such a busy body?"

"Well, we are now in a secret place. I dare not flirt with Chuck in front of Yvette," Quinn said.

"Me too. She obviously knew about the relationship we have with Chuck but she chose not to say anything..."

"Okay." Quinn shrugged her shoulders. She had to look for Chuck within the next few days.

"Yolanda, you haven't told him yet?" Nancy enquired.

"No, maybe there's no need to tell him the truth." Yolanda had finally found peace and she was way too busy.

She had no time to think about this problem. Perhaps one day, she might have the time and she would have a chat with Chuck privately.

The two of them remained silent. They toasted each other. That day was such a wonderful day.

"Mom, I thought you wouldn't attend," Elise quizzed.

Sophia let out a cry of surprise and blushed. "Weren't you the one who dragged me here?"

"Just because I tried to drag you here doesn't mean that you must come. It's obvious that you want to meet him."

"No, I..." Sophia wanted to explain but Elise refused to listen. "Stop it. Let's have a great time. Patricia, bottoms up!"

Elise went to toast Patricia.

Sophia smiled gently. "You're married..."

In the corner, Willa held a glass of wine and smiled. Someone approached her and it was Black Rose.

They had become true friends.

"How have things between you and Chuck been?" Black Rose enquired.

"It's been very good," Willa grinned. It was indeed really good.

That day, Chuck and Yvette got married.

The previous night, Chuck had a long chat with her. They held each other's hand but nothing happened. In the morning, Chuck fell asleep on her.

Willa felt very satisfied.

Perhaps that was enough. After all, Willia did not need much. However, what was she going to do when Chuck was not by her side to accompany her?

Therefore, she planned to do something the next time Chuck came to have a long night chat with her.

If she was pregnant and had a child, it wouldn't be so boring anymore.

But it depended on Chuck. In any case, Willia was willing to give him anything he wanted, including her body.

Black Rose stared at Chuck with her beautiful big blue eyes. It's been a long time since she ate the cake that Chuck had made for her. Would she still be able to enjoy his cake?

Chuck and Yvette, as their friends and relatives watched, walked over hand in hand.

"Lara, why are you crying?" Charlotte was helpless.

"It's tears of joy," Lara said as her heart ached. Did she

expect to cry on such an occasion?

No!

Chuck and Yvette smiled as they embraced each other...

"Oh!!"

All the friends and relatives present were boiling with excitement.

Concurrently, in the Yeager family, Sabina watched the live stream of their wedding.

"It's nice. It's lively..."

Caressing her big belly, she smiled and said, "You see, your father is getting married. He is getting married today..." 

Outside of the house.

Karen and Chadrick were seated at the same table. They acted like guests.

"Are you...are you not planning to return to the Cannon family?" Karen asked.

"No." Chadrick just woke up, hence he still looked groggy. Osford had been calling every day but Chadrick was not interested in picking up his call. He had cut all ties with the Cannon family.

"You know, I don't care what you do."

"I know, but I don't want to go back. Just leave it to him," Chadrick said. "I have done a lot of things that I regret, but the only thing that I don't regret is marrying you..."

Chadrick grabbed Karen's hand.

"Me too, but there are two things that I don't regret."

"What's the second thing?"

"Chucky. I don't regret giving birth to him...."

Karen smirked lightly as she started her trip down memory lane. "My son has finally grown up. He's gotten

married. That's good, that's good..."  15
