

## Chapter 650

"Huang Shutong, switch the phone." Qin Ming quickly caught up with Huang Shutong and looked at her very nervously.

Huang Shutong questioned, "What are you so nervous about? What unseemly thing? I am at least your fiancée, what are you hiding from me? Did you chat with that Miss Mu to appease her emotions and doubts?"

Qin Ming denied, "No, you switched your phone to me, it was a man, something very important."

Huang Shutong's pretty face chilled as she said, "What could be so important about you? Don't you even care about my trust in you now? We've known each other for so many years, and only recently have we started to get to know each other. I know I've been so wrong before, but I've also asked myself if I've done anything wrong to you."

Qin Ming didn't bother to explain, tomorrow Zhao Zhengyin was going to split up with Huang Shutong, he didn't even want to get involved in these two people's affairs anymore.

Qin Ming said, "Are you going to bring it or not? I'm going to get angry."

Huang Shutong simply put the phone inside his chest, then laying his chest proudly, said, "I won't take it, what's wrong? Are you going to hit me? I'm going home now, you want the phone, humph, come with me."

How could Qin Ming!

He stopped Huang Shutong and said, "Don't you force me, I'll really grab it."

The corners of Huang Shutong's mouth lifted and she laughed, "Fine, look, it's on the main road, so you'll rob it. Everyone's watching anyway."

"Ho ho ho ho~!" Some of the youths watching around also started to raise their voices.

"Pretty girls are so bold."

"Brother, do it."

Huang Shutong puffed out her fragrant cheeks and said, "Then tell me, what are you hiding from me? Can't you give me a peace of mind?"

"Damn it." Qin Ming was also annoyed, he directly reached out and grabbed Huang Shutong, reached inside her clothes, then with some fumbling, he took out his phone.

"Oh oh oh oh~." The crowd of people watching around the scene were up in arms.

Huang Shutong was even more scared and confused, so scared that she didn't dare to move at all, her eyes closed, being bullied by Qin Ming.

Qin Ming got his phone back, and seeing Huang Shutong's aggravated and hurt look, he was a bit overwhelmed again, "That, I'm sorry."

But Huang Shutong's face was red with shame and anger, her fists clenched, Qin Ming would rather humiliate her like this than give her a statement, making her very sad.

Huang Shutong turned her head and ran away straight away.

Qin Ming was also despondent, but he could only be ruthless next time, after all, he was not Zhao Zhengyin ah.

It was night and Qin Ming went back to the dormitory when Zhao Zhengyin came to call.

Zhao Zhengyin said, "Brother Qin, I'm in the playground at school, where are you?"

When Qin Ming heard this, he put on a mask to hide his face and immediately moved to the playground and saw Zhao Zhengyan, who was no longer wearing his glasses.

Zhao Zhengyin smiled and said, "I'm wearing contact lenses, and I've recently started working out, and my body shape is more like yours."

Qin Ming was stunned, this Zhao Zhengyin was even more optimistic than before and his smile was very affable.

Qin Ming grinned indifferently and said, "You can do it, you've had a good time impersonating me, haven't you? What's with that Li Meng coming along too?"

Zhao Zhengyin said, "It's not just Li Meng, the whole class is here for a corporate internship with three days of practical training and a job fair for fresh graduates in three days' time, led by Principal Liao."

Qin Ming frowned, although it was time to look for a job with half a year left in his senior year, it was too surprising for Guangcheng to find to come to Beijing.

Zhao Zhengyin continued, "I just went to live outside with Li Meng."

"....." Qin Ming clasped his hands, thought for a while and asked, "Then you and Li Meng ....."

Zhao Zhengyan said with great excitement, "We are truly in love with each other, please, Brother Qin, make us whole. I know that you and Li Meng used to be lovers, but in modern society, love is free. Brother Qin, you also have someone you like, so don't dwell on Li Meng, right?"

The corners of Qin Ming's mouth twitched, what the hell was he dwelling on, simply curious, how did he capture Zhao Zhengyan's heart?

The last time Qin Ming met with Li Meng, he still asked her to go to a social volunteer activity to reform her three views.

Li Meng was quite obedient at the time, and I guess it had some effect, changing her gold-digging habits.

But the wheel of excellence is the origin, Li Meng is still not as good as Huang Shutong.

Qin Ming persuaded: "She really has no problem? In fact, Huang Shutong is better than Li Meng in every aspect, right? And Huang Shutong has always taken the marriage contract seriously and hasn't done anything to break it."

But Zhao Zhengyin was bent on shaking his head and said, "No, Brother Qin, I'm already dead to Huang Shutong. I was set up by someone, also because of her, because she also had many suitors, and those people didn't dare to touch me directly, so they used underhanded means. Brother Qin, you've been impersonating me here for a while, so you should be well aware of that, right?"

Qin Ming nodded and said, "Forget it, I don't want to get involved in your affairs. You're going to withdraw your marriage to Huang Shutong tomorrow?"

Zhao Zhengyan nodded and said, "The time I spent giving up my original identity has been a good one, and I have regained my confidence. Brother Qin, Zhang Zhen Zhen has approached me and he has enlightened me, I have also figured it out, how about I switch back to my identity with you later?"

Qin Ming was naturally eager to do so, it seemed that Zhang Quanzhen had also done the thinking work on Zhao Zhengyan's side.

He asked, "Then when do you want us both to change our identities back?"

The full text is free to read at my book city Zhao Zhengyin said, "Next year, I want to give Li Meng a surprise, in fact Li Meng does not know my real identity, think of me as you, a poor boy, but she still does not leave me, I am very touched."

Qin Ming propped his forehead speechlessly, feeling that all these things go with the flow, no matter what, other people's

emotional affairs, none of his business, why did he think about so many things?

Qin Ming asked, "You and Huang Shutong withdrew from the marriage, how can I help?"

Zhao Zhengyin said, "Then Brother Qin you have to be yourself for a day, and then we have to change our phones, plus Brother Qin you have to give me your word that you can't take advantage of Li Meng."

"....." Qin Ming was really tired, Li Meng's words, he had slept with her for two years, and still talk about cheap or not? If it wasn't for the fact that Li Meng couldn't stand the temptation of money back then, the two of them could be said to be moving into the realm of true love now.

Qin Ming responded, "It's done, I'm not interested in her. I have someone I like."

The two exchanged mobile phones, ID cards and other things, then Qin Ming took a single room card for the Golden Dragon Hotel in Beijing, tonight he was going to be Qin Ming ah!

The two of them exchanged mobile phones, ID cards and other things, then Qin Ming took a single room card from the Golden Dragon Hotel in Beijing.

Qin Ming was in a good mood after being his original identity, so he took a taxi to the Golden Dragon Hotel, he couldn't wait to meet his classmates.

And after Qin Ming walked out of the school gate, a car then followed his big ride of a taxi, a cold black man inside the car, holding a mobile phone said, "Target left the school, changed his skin, and is following."

An icy command came over the phone and said, "Deploy well, this time it has to work."

The man in black said, "Yes, boss."
