

The Protector Novel Levi Garrison Chapter 1727 – 1728

Chapter 1727

Mike roared.

Others echoed: “Yes, they are too stubborn.”

“Actually, after we followed Mr. Wood, we didn’t have much contact with the Eagle Nation.”

“Because Mr. Wood is committed to creating another Morendam, not to mention that most of the people who follow Mr. Wood are our Morendam compatriots! This is no different from Morendam!”

“That’s right, we are equivalent to overseas Morendam.

Who said he betrayed his ancestors? Instead, we win glory for our ancestors!

Sprinkle all of Morendam on the other side of the world. We are still the heroes of Morendam! “

...

Everyone said without shame.

Obviously betrayed.

But it was described as having done Guangzong Yaozu’s thing.

Next, Wood Zhengjie contacted many compatriots who had renounced Morendam nationality.

Everyone agreed...

The greater Wood Zhengjie's momentum became, the more angry the Morendam people and Colin.

But helpless.

Can only condemn...

How many people hope that a hero will appear, and Wood Zhengjie will be severely punished.

Destroy their ambitions...

Although knowing that this is an extravagant wish.

In the Colin base.

"Isn't the whereabouts of the king side by side still missing?"

Everyone was silent.

I have been searching for several days.

There is no trace at all.

What's more, hundreds of thousands of people watched Levi being destroyed by the God of Death weapon.

It's not resurrected like Jiulong Mountain before.

Xiao Feng, who was well versed in Levi's ancient techniques, knew that Levi's body was destroyed.

Not even relying on this technique.

Do not break or stand.

But it broke too thoroughly.

There is no possibility of standing at all.

“Hey, let’s tell his family the news!”

“Let’s discuss and hold a funeral of the highest level for the king of the word side by side!”

“What a pity! Morendam will try his best to help his family in the future!”

...

Everyone had no hope of Levi being alive.

“By the way, the Baolong clan is going to take action against those evil ways, and we must completely clean up everyone!”

“Good thing! You have to let Morendam’s warriors know the end of the betrayal!”

But what Colin didn’t know was that the danger of the capital was done by some of them who were surrendered by Levi.

But these people are also on the clearing list of the Baolong clan.

But now Levi is gone.

No one knows that they have done all this.

The decision of the Baolong clan couldn’t even interfere with Colin.

...

the other side.

Levi has come to the territory of War Eagle Nation.

In a short period of time, he has found the residences of Jefferson and Wood Zhengjie and their recent whereabouts.

Jefferson was timid and had been hiding in a laboratory to repair his mechanical body.

Wood Zhengjie swaggered back and forth in Northern Continent, gathering many contacts and influences.

“Okay, very good, don’t you want to be a king? Hell should be missing!”

Levi smiled coldly.

He will wait until Wood Zhengjie reaches the king’s ceremony before making a move.

He did not pass the news to Da Xia.

First, Morendam knows that he is alive, which may cause some unnecessary troubles. There are still many factors.

Second, if Da Xia knew that he was going to take action against Wood Zhengjie, Da Xia would never let him go and would order him to stop and return to Da Xia.

Third, Levi happened to secretly investigate the organization of the Domination Alliance.

Seven days have come in a blink of an eye.

The ceremony for Wood Zhengjie to be a king was held in the Eagle Nation.

Levi also chose to do it on this day.

Take Wood Zhengjie back to Morendam.

“are you ready?”

Chapter 1728

Black Iron Experimental Base.

It is one of the hundreds of experimental bases behind the first mysterious laboratory of the Warhawk Kingdom behind Richard.

Jefferson is here.

First, his mechanical body is seriously damaged and needs to be repaired.

Second, this experimental base is heavily guarded, and no bird can fly in. Jefferson is at ease here.

Not only that.

For Jefferson’s peace of mind, Richard also sent a pseudo-seventh heaven powerhouse.

It was just one step away from the Seventh Heaven Realm.

It can be said that this Lord is absolutely above all six heaven Lords.

Throughout this time, the strong people who dominate the alliance are like clouds, but they are all six heavenly strong ones, and there is not a pseudo-seventh heaven strong.

So under such tight protection, Jefferson would feel more at ease.

But he still has nightmares from time to time.

The top psychiatrist is actively guiding the treatment.

Jefferson is much better now.

“Mr. Jefferson, today is Mr. Wood Zhengjie’s attendance ceremony, the host wants you to attend!”

Hearing this, Jefferson shook his head: “Tell my brother, I will not participate!”

He is in a bad state today and is not interested in anything.

With the help of the servant, Jefferson began to have breakfast.

At this time, Jennings, the senior executive of the laboratory, came over: “Mr. Jefferson, I can tell you the good news that the protection system of our Black Iron Experimental Base has been upgraded by one level again!”

“Oh?”

Jefferson’s eyes lit up fiercely.

“Let’s put it this way, now I am confident that even if a strong man of the pseudo-seventh heaven comes, it will never be possible to enter the defensive area of our laboratory for half a step!”

Jennings looked confident.

“Rumble...”

But as soon as his voice fell, there was a shaking movement from outside.

The entire laboratory base shook.

“Dididi...”

Then the entire base sirens loudly.

“Invasion! Invasion! Enemies invade!”

“Quick, quick! There are enemies invading!”

...

The entire experimental base is in a mess.

Jefferson's face changed drastically, his eyes fixed on Jennings.

The meaning is obvious.

This is how you said the defense system has been upgraded?

Jennings flushed and said furiously: "I will handle this myself!"

"Don't panic, it's okay with me."

A person behind Jefferson said lightly.

Jefferson looked calm.

now.

The gate of the black iron laboratory base.

The special alloy gate that could hold the missile attack fell to the ground.

It was just banged in half by someone with his feet.

There was a person standing at the door.

Wearing black clothes and a mask on his face.

Carrying a black war knife.

Familiar people can tell at a glance that this is the dress of the members of the Zhentian Temple.

The mask and the sword are matched.

Today, Levi is in such a costume.

He wants to bring these two people back to Morendam in the name of Zhentian Temple and the dead brothers.

Soon, hundreds of guards gathered in the laboratory.

These guards include warriors and warriors wearing mechs. They have modern super weapons and extraordinary strength.

In addition, the laboratory has an advanced defense system.

Intruders, kill without mercy.

Jennings brought people here quickly.

“So courageous, there are still people who dare to break into the Black Iron Lab!”

Jennings shouted coldly.

The weapons of hundreds of people and the weapon launch system of the base defense all locked Levi.

With an order, Levi was definitely called to be wiped out.

“Who are you? What are you here for?”

Jennings stared at Levi and asked.

“A big summer, come and catch Jefferson and go back!”

The Protector Novel Levi Garrison Chapter 1729 – 1730

Chapter 1729

The words came out.

The entire base is silent.

Everyone was stunned.

Jefferson, who was having breakfast in the back, his face changed drastically when he heard this.

“Snapped!”

“Crack!”

...

The coffee in his hand fell to the ground.

One stone stirred up a thousand waves.

When I heard Morendam’s words, everyone in the base changed color one after another.

Many people are wondering if this is a dream?

Jefferson really got it right?

Someone really came to the Eagle Nation to catch him?

It turns out he was not talking nonsense.

What he said is justified!

Seeing the group of people in front of him was dumbfounded, Levi said coldly: “Hurry up and bring Jefferson out obediently, don’t force me to do it myself!”

Levi's words drew everyone back from their absence.

But recovered.

Everyone is quite calm.

What are they afraid of?

This is the war eagle country!

Not Morendam!

What can I do with you?

Not only did they not panic anymore.

Even Jefferson didn't panic anymore.

This is not Morendam after all.

To take him away, War Eagle Nation must agree!

But is that possible?

The Eagle Nation is on his side.

"Don't worry, they will take care of everything!"

The super Lord standing behind Jefferson was very calm.

"What?? Are you crazy? This is the War Eagle Nation! Are you a big summer dare to come here to find someone? Are you impatient?"

Jennings who reacted yelled at Levi.

In their opinion, Levi's behavior was crazy.

Come in the land of the Eagle Nation, come and take away their people.

This is impossible!

Da Xia dare not!

Colin didn't dare!

A few days ago, Morendam also issued a proposal for them to hand over, but was rejected by the Eagle Nation.

Morendam can only give up.

Now a nameless man actually came to ask someone.

It's ridiculous!

"I know this dress, a member of the Temple of Heaven in Morendam Town!"

"Zhentian Temple is almost dead, he is probably here to take revenge!"

...

Some people recognize the dress of the Zhentian Temple.

"Huh, you dare to come to the war Eagle Nation to be important people? Morendam seniors dare not!"

Jennings said coldly.

Levi frowned: "I only give you three seconds. If you don't hand it to someone, I will go in and catch it myself!"

Hearing that, Jennings and the others laughed.

"Come on, I'll count down for you!"

“Three two one, come, you come to catch!”

...

Jennings and others are extremely arrogant.

They are confident with the defense of the base, not to mention a big living person, even a bird does not want to fly in.

Levi did not speak.

“Shit!”

There was a sharp sound of metal rubbing.

He drew the North Ming sword!

Step by step to the base.

“kill him!”

Jennings gave an order.

Immediately dozens of warriors killed Levi like crazy.

“dead!”

There was a cold voice.

Levi turned his wrist.

The North Ming sword flew out, whirling out afterimages.

“Puff!”

“Puff!”

“Puff!”

...

Dozens of warriors fell one by one, blood shot in the throat.

Jennings and others were stunned on the spot.

I thought it was just a nameless man, coming from a lot of blood.

Unexpectedly, he is still a Lord!

“Take him!”

Jennings growled.

More and more powerful people all surrounded.

“kill!”

The Beiming sword swiveled into Levi’s hands, and he grabbed the sword and rushed towards the enemy.

It was like a bolt of lightning.

“Huh!”

“Huh!”

“Huh!”

...

I saw the black knife light flickering, piercing people’s eyes.

After a breath, the ground was full of corpses...

Chapter 1730

On the North Ming sword, blood drops dripped, not even a drop.

The knife is not bloody!

It shows that it is a peerless sword!

“This...”

Looking at the corpses in one place, Jennings was completely stunned.

So strong?

But this is the beginning.

Before they could react, Levi approached the sword in his hand and continued to charge.

“Puff!”

“Puff!”

...

Under him, all the powerhouses of the fifth and sixth heavens can cut melons and vegetables.

Not to mention these.

Even if it is a mech fighter who is hard-wearing and can hold the bombardment of modern weapons.

“Shit!”

Levi Beiming’s sword directly cut the mecha open.

This knife cuts iron like mud!

No matter how hard it is, it can't hold back the power of a sword.

“Puff!”

With a single knife, Levi split the man and the modern mecha in half.

With another blow, several people fell.

With an unstoppable momentum, he rushed into the base abruptly.

He can even smash all the dominating Alliance forces.

Just these people?

It's like playing around!

Seeing Levi came all the way in.

Jennings panicked.

“Hurry up and activate the defense system! Hurry up!!!”

Jennings gave an order and the base defense system was activated immediately.

A series of special alloy walls drilled out from the ground, trapping Levi.

The alloy walls are covered with power grids, and there are flashes of electricity.

At the same time, a door-to-door weapon launch system climbed out from the surrounding high places.

“Fire!”

Jennings roared.

“Boom boom boom boom...”

“Da da da da...”

...

For a time, all the weapon launch systems bombarded Levi.

Various advanced weapons blasted at Levi like a gust of wind.

At the same time, the power grid on the alloy wall began to release laser beams.

In a small space, there are hundreds of lasers crisscrossing each other.

This kind of laser is the most terrifying.

Even if it is touched by a supreme-level powerhouse, it will be torn, especially under this high-density laser cutting.

No wonder Jennings said earlier that even a pseudo-seventh heaven could not get in.

Under such firepower coverage, it is comparable to the upgraded version of Wood Zhengjie’s killing weapon.

Who can stop it?

“Rumble...”

This wave of attacks shook the earth and the mountains and the earth broke apart.

No one would think that Levi would survive.

“Crack!”

“Crack!”

...

But the next second, the alloy wall burst open.

A tall figure emerged.

“boom!”

“Boom!”

“Boom!”

...

At the same time, the North Ming sword flew out.

Destroy all weapon launch systems.

three minutes.

Less than three minutes.

The defense system of the Black Iron Experimental Base was completely destroyed.

No weapon is effective against Levi.

He killed himself and came in.

“The one who stopped me, die!”

Levi continued to charge with one sword.

Soon, everyone under Jennings fell to the ground.

Everyone is standing.

“It’s not good, the big thing is bad!”

Jennings retreated and found Jefferson and them.

“What? Panicked?”

The Lord behind Jefferson said angrily.

“It’s not good, he, he came in!”

Jennings lay on the ground and gasped.

“boom!”

“Crack!”

...

In the next second, the floor-to-ceiling windows all burst.

Levi appeared in everyone’s eyes.

Jefferson’s body trembled.

Why is this person so like Levi?

Look at the body shape is exactly the same.

Although he was wearing a mask, Jefferson could feel a familiar breath.

“Jefferson, you can’t escape from my Five Finger Mountain!”

A familiar voice came, and Jefferson staggered to the ground.

The Protector Novel Levi Garrison Chapter 1731 – 1732

Chapter 1731

“This, this...this is the fucking Levi!”

He is alive!

He is still alive!

He he he he...

Jefferson was already shocked to the point of no more.

It turns out that his instincts are accurate.

Levi is still alive!

God-killing weapons can't kill him!

“you you you...”

Jefferson lay on the ground, pointing at Levi, his teeth trembled, and he didn't say a word for a long time.

“Want to take him away? Get past me!”

The breath of the strong behind Jefferson dispersed.

A terrifying aura enveloped the audience.

He was only one step short of stepping into the seventh heaven.

It is much stronger than the strong in the sixth heaven.

He is the strongest person Levi has ever met.

“Shit!”

He slowly drew a long sword similar to Higashishima’s samurai sword from his back.

The electric light flickered on the blade, and this special metal contained terrifying power.

He held this long knife, as if death had descended.

Schroeder perfectly blends East Island swordsmanship with Western swordsmanship and modern technology.

His strength made Jefferson a little relieved.

“With me, you don’t want to take people away!”

A flash of cold light flashed in Schroeder’s eyes, and he killed him with a long knife in his hand.

“Shit!”

“Shit!”

...

His speed was so fast that the earth couldn’t bear his power, and even cracked two gaps.

His knife is too fast.

It’s almost the definition of detachment speed!

Levi was a prey in his eyes.

He definitely kills with one blow!

“Faster? Haha!”

Levi sneered and charged with the Beiming sword.

“boom!”

The two quickly passed by.

The two stood back to back.

Nothing seems to happen.

Can be the next second.

I saw a blood arrow shot soaring...

“Crack!”

The special long knife in Schroeder’s hand was cut off.

“Crack!”

Immediately, he split into two halves and fell to the ground.

The pseudo-seventh heaven powerhouse, Levi killed him with a single shot.

The blood splashed the faces of everyone around.

They were all frightened stupid.

Jennings was even more frightened and passed out.

“Ahhh! You... don’t come over, me, me, me...”

Jefferson’s psychological defense completely collapsed, and he shouted heartbreakingly.

Levi came to him and sneered: “Oh, let me go with you, don’t want to run away in this life!”

“Boom!”

With a few punches by Levi, the mechanical body that Jefferson had just repaired was destroyed again.

Levi dragged him like a wild dog away.

“Okay, next one, Wood Zhengjie!”

A cold light flashed in Levi’s eyes.

He went straight to the place where the ceremony was held.

“The big thing is bad, the big thing is bad! Mr. Jefferson was taken away!”

...

The entire dark iron base was reduced to a sea of flames.

There were roars everywhere.

Messed up.

Completely messed up.

At this moment, it is located somewhere in the waters of the Eagle Nation.

Where is an aircraft carrier?

That's right.

Today, Wood Zhengjie's ascension ceremony is held on this aircraft carrier.

It shows that the war eagle country attaches great importance to it.

Together with Mike and others, also came to participate in the ceremony.

They feel more and more right.

The future is bright...

Richard is also one of the important guests, sitting in an important position.

At this time, a person hurriedly ran over to Richard's side and said.

"Mr. Richard's big business is not good!"

Richard frowned: "What's the matter?"

"Mr. Jefferson was taken away by a big summer... just now..."

One stone stirred up a thousand waves.

"what?"

After Richard heard it, his face changed wildly.

Chapter 1732

"hiss!"

Richard and a few people around him gasped.

Jefferson was taken away?

Or a Morendam?

Is Jefferson right?

“What’s the matter with Jennings and Schroeder? Didn’t I let them watch? Couldn’t the Black Iron Lab prevent a big summer?”

Richard roared angrily.

“Mr. Richard, it is said that the base protection system was directly destroyed, and Schroeder was killed on the spot, but he did not stop it at all!”

The words came out.

Richard’s face was gloomy.

Schroder was killed in seconds.

It is enough to show that the other party is very strong.

“Hurry and find! Use all your power to find, and find where Jefferson is as quickly as possible!”

Richard ordered.

At the same time, he touched his chin and thought: “Who? Who is it?”

“Morendam can’t be so courageous, War Eagle Nation has clearly expressed its attitude! Morendam can only watch!”

Another humanity; “Should be the warrior of Morendam? There are still many strange people and strangers in Morendam!”

“No matter who he is! Dare to run wild on my turf, even if it is a dragon!”

“Especially catch my brother and kill Wuxia!”

...

Richard was anxious.

If it weren't for the ceremony, it would begin immediately.

He wants to find someone himself.

When Richard gave an order, almost half of the Eagle Nation was shocked.

Countless forces and people all mobilized to start a carpet search in several cities.

Even the warriors from the Eagle Nation also intervened in the search.

Many advanced technologies are all used.

Especially the most powerful Skynet system in Warhawk Nation is turned on...

Let's put it this way, even a bug cannot escape this search range.

He can even search for it even abroad. After all, the Skynet system of the Eagle Nation covers almost half of the world.

This level of search is simply terrifying!

Absolutely advanced in the world...

time flies.

Half an hour passed.

The shocking thing is that the two of Jefferson just disappeared.

Can't search at all.

When Richard heard the news, his face was extremely gloomy.

“What? Can’t find anyone?”

“Trash, it’s all trash! Can’t even find two people? What’s the use of you?”

Richard was anxious.

“Don’t worry, sir, we have already stepped up our search! It is currently confirmed that they have not left the war eagle country and are still in the war eagle country!”

Richard was even more angry: “Still in the Eagle Nation, you can’t find it? A bunch of trash!”

Richard became more anxious.

It just so happened that Wood Zhengjie’s ascension ceremony was about to begin.

He can’t leave.

Not to mention the news now.

You have to wait until the ceremony is over.

at the same time.

Morendam received a question from Warhawk Nation: Why did they send someone to catch Jefferson?

Colin and Morendam’s structures were all dumbfounded.

They sent someone to catch Jefferson?

When did this happen?

Why don't they know?

Everyone looked dumbfounded.

They hurriedly inquired to confirm this matter.

No one in Morendam was going to catch Jefferson?

And if you can catch Jefferson, it's probably only the Baolong clan...

But that is impossible!

The Baolong clan strictly banned people from going to the Eagle Nation to arrest people.

Who can it be?

Everyone was dumbfounded.

The most important thing is that Jefferson was really caught!

The Eagle Nation, on the aircraft carrier of the Eagle.

Richard was sweating anxiously.

One hour passed.

Still no clue to Jefferson.

"What's the matter? Has the world evaporated?"

Richard said.

At this time, Wood Zhengjie's ceremony of ascending to the king officially began.

Amidst the cheers of the crowd, Wood Zhengjie appeared on the stage.
