

The Protector Novel Levi Garrison Chapter 1739 – 1740

Chapter 1739

At this moment, the major Lords of the Eagle Nation stopped their actions.

Quietly looking into the distance.

There was joy on Richard's face.

The Seventh Heavenly Powerhouse.

Only exists in the legend.

Even before the covenant of the gods, the Seventh Heavenly Powerhouse is a legend.

To say that the strong of the six heavens is a hurdle, under the six heavens are all ants.

Then the Seventh Heavenly Power is a qualitative leap for the Sixth Heaven.

A Seventh Heavenly Powerhouse can block thousands of Sixth Heavenly Powerhouses.

The two are not the same.

This is the Seventh Heaven Powerhouse.

At this moment, the world is quiet.

Everyone was dumbfounded.

The Eagle Nation really does not hesitate at all costs.

In order to stop Levi, the powerhouses of the seventh heaven were dispatched.

The visitor wore an ancient medieval armor.

He was surrounded by lightning, making a sizzling sound.

Terrible.

This is a super person.

Innate talent for awakening thunder and lightning, he can control thunder and lightning.

For ordinary people, it is a god.

So he has the title of "Warhawk Thor".

Is a big killer of the war eagle country.

He came to kill Levi himself.

"Get out of me!"

Warhawk Thor gave an order, and everyone immediately gave way to a large blank area.

The tall warhawk Thor approached Levi step by step.

"Zila Zila Zila..."

The electric lights surrounding him seemed to be angry, making a dazzling light and terrible sound.

"dead!"

The warhawk Thor roared.

The sky became extremely dim at this moment, black clouds hit and lightning flashed.

Then came the rumbling thunder.

Seeing that the warhawk Thor can really control thunder and lightning, the whole world is silent.

It turns out that there are such god-like figures.

It's just that you didn't have access to it before, or even imagined it.

The warhawk Thor controls thunder and lightning, which is unstoppable.

“dead!”

He suddenly waved his hand.

“Shit!”

A terrible lightning struck Levi from mid-air.

Levi's eyes were cold, and the Beiming sword in his hand was swung out.

“Clang!”

Blocked the lightning with one blow.

But everyone found that there were gaps in the blade of Beiming Zhan's sword.

“hiss!”

Everyone gasped.

Warhawk Thor is too scary, right?

Levi's treasure knife that cuts iron like mud was cut through a gap.

terror!

“kill!”

“kill!”

“kill!”

...

Warhawk Thunder God was like crazy, controlling a series of lightning to kill Levi.

“Clang!”

“Clang!”

“Clang!”

...

Levi used the Beiming Sword to block it again and again.

“Crack!”

But when it was the twenty-eighth time, Beiming's sword was broken.

Upon seeing this, the War Eagle Nation and most of the world began to cheer.

Sure enough, the Seventh Heavenly Powerhouse is too strong.

This Morendam person can't go out anymore.

Morendam was dead silent.

No one spoke.

But even if Levi was about to die.

It is also glory!

After all, the force of the whole nation of the Eagle Nation was forced by one person to target it.

On the other hand, it also allows the whole world to see the strength of the war eagle nation.

Superpowers are just extraordinary.

Whether it is the foundation of ancient martial arts and super power, or the advanced and powerful modern technology.

Du Yaoyao domain world.

“kill!”

Levi no longer defended, holding a short knife to kill the warhawk Thor.

Warhawk Thor looked at Levi, who was close at hand.

He smiled.

“court death!”

“Rumble...”

“Rumble...”

...

There was loud thunder in the sky, and thunder and lightning fell intensively and frequently.

Turning this area into a sea of thunder, Levi is the center.

Chapter 1740

“kill!”

“boom!”

A thunder and lightning.

“kill!”

“boom!”

Another thunder and lightning.

“kill!”

...

The warhawk Thor roared like crazy.

Soon, thousands of thunder and lightning smashed down one after another, as dense as the sea, smashing towards Levi.

“Rumble...”

In an instant, the radius of a hundred li turned into scorched earth, and no grass grew.

Everyone was stunned by the flash of lightning before them.

The warhawk Thor's trick alone is afraid that hundreds of thousands of troops will be wiped out in an instant.

The Seventh Heavenly Powerhouse is really like a god.

Today, everyone is an eye-opener.

How terrible is the control of the Seventh Heavenly Powerhouse?

Being like a god.

Can Levi stop it?

In an instant, tens of thousands of lightning strikes.

Submerged Levi.

The central Levi shouted: "Block! Block! Block!"

"Block block block block..."

The terrible thing is that Levi used his fist to knock down a thunder and lightning with one fist, and another thunder and lightning with one fist...

Punch!

Two punches!

Three punches!

...

Soon, Levi has swung tens of thousands of fists, smashing thousands of lightning bolts down.

Resist thunder and lightning with a hard body?

Unheard of!

Jefferson and Wood Zhengjie were frightened and passed out.

“boom!”

Every fist that Levi smashed was shocking.

The earth trembled, the air wave surged, and the shock wave dissipated even more.

“Uh!”

“Uh!”

...

The powerhouses of the surrounding war eagle nation suffered, and countless casualties.

“Boom boom...”

Levi continued.

Smashed all the thunder and lightning with a fist abruptly.

He was not injured at all!

“It’s me!!!”

Levi let out a long roar.

The right fist blasted out domineeringly, like a heavy artillery.

This punch blasted out, pulling out a long white wave of air, like the tail wave of an airplane taking off.

A punch that breaks the speed of sound and breaks the sound barrier!

“boom!”

Warhawk Thor didn't have time to react, so Levi hit his chest with a heavy fist.

The mask was printed on his retina, and his eyes were full of weirdness.

How could this man escape from his thunder and lightning?

“boom!”

In the next second, the body of the warhawk Thor burst open and turned into blood mist.

The shocking scene shocked everyone present!

The warhawk Thor burst open under their noses...

Kill into blood mist with one punch!

Levi is invincible!

The Eagle Nation and the whole world are silent at this moment...

Strong!

too strong!

Seventh Heaven's strongest move did not hurt him at all!

Can he fight back?

How strong is he?

Everyone in Morendam breathed a sigh of relief.

They also thought of someone...

Everyone held their breath, and was extremely nervous.

After Levi killed the Warhawk Thor, he dragged the two dogs and moved on.

“Those who stand against me kill without mercy, kill without mercy...”

Levi’s momentum is like a rainbow.

Kill the enemy without leaving a piece of armor.

After some interception, no one dared to step forward.

They looked at the monster Levi in horror.

He is invincible.

They came forward to die...

Even Richard was going to be beaten.

Levi destroyed the Domination Alliance in one fell swoop.

Later, this mystery made trouble in the Heavenly Palace in the War Eagle Nation, but no one could help him?

Soon, Levi passed through Lake City and walked to the southern border of War Eagle Nation.

“Stop him, you must stop him! At all costs!”

...

The various circles of the Warhawk Nation have been humiliated, and they are all crazy.

The hole cards are all out.

On a high mountain on the outskirts of Lake City, several figures gathered.

Everyone is the Seventh Heavenly Powerhouse!

A Seventh Heaven can't kill you, so what about a lot of Seventh Heaven experts?

The Protector Novel Levi Garrison Chapter 1741 – 1742

Chapter 1741

This time, the War Eagle Nation really cost it.

Invite all these old guys out of the mountain.

Although these are the trump cards of the War Eagle Nation, they cannot be used as a last resort.

But now is the most dangerous moment for them.

If this continues, the Eagle Nation will become a shame, and its status as a superpower in the world will not be maintained.

The four Seventh Heavenly Powerhouses are already waiting for Levi to come.

First, the whole person is in a black mist, and he can't see the main body at all.

He is the leader of the killer organization that specializes in hunting the supreme-level powerhouses, and the codename is Shadowman.

Seventh heaven strength, and has the most powerful assassination technique.

He can blend with any environmental object.

Have hunted and killed three powerhouses of the Seventh Heaven.

The second place is a mountain the size of a mountain, with a body more than two meters tall, and the whole body is red.

He was used by a secret organization to test various drugs and serum since he was a child, and his body mutated later.

He is so powerful, his body is impenetrable, and he can't kill monsters at all.

Codenamed Dragon.

The third place is a man wearing a light mech. He has a speed that exceeds the speed of sound several times faster than lightning.

Codenamed God of Lightning.

The fourth place is a barely dressed blonde with a sweet look.

But she is a Western wizard who has awakened super power in the primitive tribe since she was a child.

Possessing supernatural power, claims to be able to control everything.

Codenamed Miko.

All four of them are national treasures.

It is also the real trump card.

At this moment, all four were dispatched.

Just to stop Levi.

It shows the determination of the war eagle country.

Levi walked all the way.

I find that fewer and fewer people are blocking myself.

In the end, no one was left.

Wood Zhengjie, who had just woke up, felt ashamed when seeing this.

Is it because he was abandoned by the war eagle country?

In fact, Wood Zhengjie knew it in his heart.

At this point, the War Eagle Nation is only for reputation, not a question of his value.

But Levi stopped and shouted to the front: "Come out, I have seen you all!"

As soon as the voice fell, three figures appeared in front of him.

The witch, the dragon, and the god of lightning are three people.

Only the shadow man disappeared.

He is the god of assassination and naturally cannot be exposed.

Seventh Heaven!

Three Seven Heavens!

The world is shocked again!

The Eagle Nation is really strong, and can dispatch several Seventh Heavenly Powers at will.

This is not available in other countries.

Even Morendam was envious.

But what everyone pays more attention to is whether Levi can block the attacks of the four Seventh Heavenly Powers?

The three witches looked at each other and said, “Start!!!”

The voice just fell.

The witch began to perform her witchcraft...

Suddenly, the environment in front of Levi changed.

Alpine forests no longer exist, replaced by endless, surging seas.

He was in the center of the storm, unable to stand firm at all.

This sudden change in the environment made him extremely uncomfortable.

This is the ability of the Miko to control everything and change the environment...

At the same time, the god of lightning moved.

The impact began at a speed exceeding five times the speed of sound.

What he had to do was to rescue the two Jefferson in an instant, and bring the magic dragon to Levi's side.

The speed of the lightning god is too fast.

In an instant, he brought the magic dragon to Levi's side, and at the same time took Wood Zhengjie and Jefferson away.

“boom!!!”

The dragon is known for its infinite power, and he claims to smash a mountain with one punch.

His strongest force hit Levi with a punch.

At the same time, the shadow man appeared from the dark and suddenly assassinated.

Chapter 1742

These four powerhouses cooperated in a tacit understanding and perfected a connection.

And take care of each other to maximize their advantages.

Save and kill people in one go.

People who followed this battle were all frightened.

What a terrible picture is that the four great seven heavenly powerhouses act together?

I'm afraid that Levi is the only one who has this treatment.

“Warhawk Nation is determined to retain people. These four people are actually the trump cards of the Sky Shield! They all used them!”

“The mysterious man is absolutely desperate now!”

...

After receiving the news, everyone in Colin was chilled.

They understand that the Sky Shield Bureau is equivalent to the existence of the Morendam Baolong clan.

Have the strongest combat power.

Those hidden secrets and Lords are all under their control.

They intervene, who can stop?

In the battlefield.

The four big and seven heavenly powers joined forces to make a perfect match.

First, the witch changes the environment to disturb Levi.

Secondly, the god of lightning sent the magic dragon to Levi in an instant.

The Devil Dragon killed Levi with the strongest blow.

This trick is absolutely unstoppable!

First, the witch has disturbed Levi.

Second, the speed of the lightning god is too fast.

These two factors were already destined that Levi could not hide, and could only accept it.

Levi may not be able to bear the power of the magic dragon to destroy a mountain with one punch.

Even if he can bear it, the shadow man assassination in the dark has arrived again.

You must know that these are the four powerhouses of the Seventh Heaven, and their skills and strength are far beyond others.

This is a mortal game!

The magic dragon hit Levi's chest with a fist, as if the missile exploded, and a mushroom cloud rose around him.

The assassination Lord shadow man unexpectedly appeared on top of Levi's head. Two short blades appeared in his hand, and the surrounding lights flashed.

The two short blades are cast by meteorites from outside the sky, and can penetrate through any hard objects.

“boom!”

The Devil Dragon was sure that the strongest punch hit Levi.

“Puff!”

“Puff!”

The Shadowman was also convinced that he had inserted two short blades into Levi's neck.

But in an instant the expressions of the two of them changed...

Because this is all an illusion!

Levi disappeared from their eyes...

Disappear out of thin air!

Do not!

Shadowman knows that it is speed!

Unimaginable speed!

Faster than the speed of the god of lightning fled in an instant, creating the illusion that the two of them succeeded.

That is the clone that is produced at the extreme speed, and what they hit is the clone.

“Magic Shadow Clone!”

Levi used the magic shadow clone again.

Unlike the past, I didn't lie to everyone this time.

The shadow man sees the essence.

After using the magic shadow clone, Levi quickly left the center of the battlefield.

“boom!”

When he reappeared, he actually caught up with the lightning god who had rescued the two Jeffersons.

His speed is faster than the Lightning God whose awakening talent is speed.

“boom!”

“Puff!”

Levi smashed the God of Lightning with a punch.

“Return to Dragon Slash!”

At the same time, the North Ming war knife was thrown out.

“Shit!”

Before the witch next to her could react, she was cut through her throat by the half-broken North Ming sword.

The moment the witch fell.

The environment here has changed.

The sea no longer exists and everything is back to normal.

But Levi didn't stop.

He appeared behind the Devil Dragon again, and at the same time, the circling Beiming sword came into Levi's hand.

"Puff!"

Levi killed the Devil Dragon with a single knife.

The shadow man realized the danger and hurriedly left.

But Levi disappeared again.

When he appeared again, he was already behind him.

"kill!"

Shadowman is dead!

The four great seven heavenly powerhouses are all destroyed.

"Who can stop me?"

The Protector Novel Levi Garrison Chapter 1743 – 1744

Chapter 1743

Shocked!

boiling!

The Eagle Nation was silent.

The whole world is silent.

Counting the previous warhawk Thor, five consecutive seven-layer powerhouses have been beheaded by Levi alone.

Especially the last four are still working together...

terrible!

too frightening!

The ace of the Sky Shield could not stop Levi!

He is already outrageously strong!

Fight against the Eagle Nation alone!

May I ask who else?

I'm convinced!

Richard and others were completely convinced.

How can you beat five Seventh Heavenly Powerhouses in a row?

Thousands of troops in time can't stop it at all!

All circles in the War Eagle Nation were beaten to silence.

They were at a loss.

do not know what to do with it?

It seems that he is invincible, no one can subdue him.

On the outskirts of Lake City, Levi continued to move forward after beheading the four great seven heavenly powerhouses.

On the other side of the mountain, thousands of troops are waiting.

Even though they knew Levi couldn't kill Levi, they couldn't stop him.

But he couldn't just watch Levi leave.

Their only purpose of blocking was to delay time and figure out how to kill or keep Levi.

“on!”

...

This time, more experts are involved.

The warriors and the super-powers are like crazy to stop Levi.

Levi dragged the two of them, carrying a broken knife and smashing a bloody path.

He is too strong.

It's totally unstoppable!

The whole world was shocked by Levi's strength!

Morendam is very excited, but I am all curious about who this person is?

Is it really the legendary Baolong clan?

Or is it from the mysterious forces of Morendam?

However, Colin and the others have gradually got the answer, and everyone is tacitly aware.

Just don't say it.

Treat this as a secret!

This incident has spread to a wide range, and now even the Baolong clan are beginning to pay attention.

Even many ancient forces are ready to move.

After all, the five Seventh Heavenly Powerhouses were all beheaded.

Another half day passed.

Levi beat him all the way.

There were countless casualties.

Can't stop Levi's footsteps at all.

He was very close to the southern border of the Warhawk Kingdom.

Even if there were thousands of troops, they would go to die when they encountered Levi.

Can't stop it!

I can't stop a person if I give it all!

shame!

The Eagle Nation suffered an unprecedented humiliation!

“What should I do? In less than six hours, he will definitely be able to leave Warhawk Nation!”

“Should he leave like this? That would be our greatest shame! We will be laughed at by the whole world!”

“Think of a way, quickly think of a way! We must keep him in the territory of Warhawk Nation, and never let him leave!”

“Quickly, quickly, there is not much time left for us!”

...

At this time, all major circles in the Warhawk Nation were crazy.

It doesn't matter whether Wood Zhengjie and Jefferson are alive or dead.

But face is important!

They were slapped frantically by Levi, but there was nothing to do.

Time passed by every minute.

Two hours passed.

“There is a way, we have a way!”

...

“Well, this method kills two birds with one stone!”

...

Tianshield finally figured out a way.

“Truce! Stop the war quickly!”

With an order from the Sky Shield Bureau, all the army in front of Levi stopped.

Just when Levi was wondering, several off-road vehicles with armistice flags drove in front of Levi.

Levi wanted to see what tricks the other party was playing.

He didn't do it.

The eyes of the world are focused on this.

Everyone wants to know what Skyshield's method is...

Chapter 1744

A group of men and women in suits and leather shoes got off a few off-road vehicles.

Most people are not superpowers or warriors.

They are like white-collar workers in shopping malls.

Levi raised his mouth and asked with a smile, "What are you doing?"

The headed man and woman approached Levi vigilantly, raising their hands and saying: "Dear Sir, please calm down, we...we are not malicious, we just want to talk to you!"

"Yes, we want to talk to you, it doesn't make any sense for us to call back and forth like this!"

Levi sneered, "What's there to talk about? Quickly let go and let me take these two people away!"

"Dear Sir, please listen to us!"

“We want to talk to you, we want to make a deal with you!”

The two looked at Levi warily.

“Let’s talk about it, what deal?”

Levi was curious.

“Sir, we can completely turn fighting into jade and turn the enemy into a friend!”

“Yes, you actually have no grudges with us, why are you so desperate?”

Levi smiled: “How to say?”

“Actually, you don’t need to work for Morendam, you just join the war eagle country, right?”

“We promise to fulfill any conditions you want! For example, be a king if you want to be a king, do whatever you want!”

“As long as you agree to join the Warhawk Nation, you will achieve anything you want! For example, further increase in strength! For example, have the most wealth and the highest rights!”

...

This man and woman are negotiation experts.

Sing and make a peace, if one doesn’t pay attention, they will really be tempted by the two.

At this time everyone knew what the strategy of the War Eagle Nation was.

Although I can’t stop you, I can let you join.

Once agreed, this will kill two birds with one stone.

Levi smiled: “Okay, achieve whatever I want?”

“Yes, as long as you dare to think about it, we dare to promise! I am here on behalf of the Sky Shield, and I can meet all your requirements!”

These people are full of confidence.

Levi looked at several people and said: “Well, my conditions are very simple. Let me be the Lord of the War Eagle Nation! As long as I promise, I will join in without hesitation!”

“boom!”

The language is not surprising and endless.

When Levi said this, everyone was shocked.

His condition turned out to be the entire Warhawk Nation?

He is going to be the Lord of War Eagle Nation!

Bullshit!

impossible!

“Sir, don’t be kidding, we are sincere!”

Several people said coldly.

“Nonsense, Lao Tzu is sincere. Didn’t you say that all my conditions are met? Why didn’t I meet them when I proposed it!”

Levi asked rhetorically.

“Don’t deceive people too much, don’t fool us on purpose!”

Several people in the Sky Shield Bureau were angry.

“If you are not sincere, then get out!”

Levi slapped.

A terrible invisible force smashed all these people and vehicles from the Sky Shield.

Levi continued on.

Talk is broken!

This completely disrupted the plan of the Sky Shield Bureau.

I thought that no one would refuse the invitation of the Eagle Nation.

Unexpectedly, Levi actually proposed such a condition!

Levi continued to advance, and the thousands of troops in front continued to stop him.

“No, it’s the last moment, there are still three hours, he must leave the war eagle country!”

“Even if Wood Zhengjie and Jefferson are dead, we can’t let him leave War Eagle Nation!”

“What to do? Think of a solution, hurry up!”

...

time flies.

It was an hour before Levi left the Kingdom of War Eagle.

“Hey, it really doesn’t work, I can only use it!”

“What? Use it??? Are you crazy?”

“No way, for the current plan, only it can work!!!”
