## Chapter 1769

The main reason is that Wood Zhengjie is too free in the base.

No one cares about it, and there are extremely high permissions.

He can use almost all the top laboratories.

He can do his own thing by making a contribution.

No one doubted it at all.

That is why Wen Lei pays more attention to Wood Zhengjie, and other people can't wait to confess Wood Zhengjie.

The main Wood Zhengjie was too capable. After coming for a few days, he helped everyone solve a lot.

After calming down, Wood Zhengjie put on protective clothing and went to the base laboratory area.

“I want to use the third laboratory!”

The person who approved it was Wen Lei.

She routinely checks Wood Zhengjie for any bugs or other equipment.

“Okay, approve!”

Seeing Wood Zhengjie and his team enter the laboratory, Wen Lei always felt a little strange.

But she couldn't tell what it was.

Wood Zhengjie now has more and more authority, and he can use the third laboratory.

She always feels that it is not a good thing.

But everyone trusts Wood Zhengjie extremely.

“Don't have any trouble!”

Wen Lei rubbed her swollen head.

the other side.

Levi had collected all the tokens of the Zhentiandian brothers collected by the Western Heavenly King.

When he first came back, Levi asked the Western Heavenly King to make preparations.

This group of brothers has no bones, even without a name and no surname. They have been living in the dark, but they are holding Morendam forward.

After death, Levi had to build a burial mound for them.

And engraved their names!

Today, the garment tombs have been built.

Levi will personally pay homage to the brothers and engrave their names on their tombstones.

Somewhere in the cemetery of Fengtian City in the northeast.

Levi took Junjun, followed by Xitianwang and others.

“Bring the sword!”

Levi said lowly.

A person behind him threw a long sword.

Immediately, Levi carved his name on the tombstones.

“Du Junhao’s Tomb!”

“The Tomb of Gao Liangpeng!”

“Cross Hongming’s Tomb!”

...

A total of nine hundred and ninety-nine tombstones, Levi carved their names one by one.

Behind them, the Western Heavenly Kings stood silently.

After the engraving, Levi picked up a jar of wine and sprinkled it in front, and he lifted the remaining half to drink.

“Brothers go all the way!”

...

The crowd chanted.

“Almost a thousand new graves?”

At this moment, a group of people came not far away.

The headed man looked at Levi and said with a smile.

“Lord, it looks like a cloak! I heard that they were sacrificed on the battlefield, not even a corpse was left!”

There is a human being next to it.

“A bunch of fools!”

“Everyone got sick in their brains! Who remembers you when they died? One by one went desperately, and in the end there was no dead body left!”

The young man laughed.

Several people next to him echoed: “Yes, that’s right! It’s just a group of people who have been brainwashed! In fact, they all went to death in vain! A group of fools!”

“It also protects Morendam, in fact, it is a group of foolish people who are protecting!”

...

The discussions among them were inconvenient.

“Yes, they also issued orders not to let those who left Morendam back then! By the way, Lord, how did you come back?”

Everyone looked at the young man with curiosity.

It turns out that the young man also fled out of Morendam.

Now he is back.

It seemed that Levi’s command didn’t help him.

But Levi heard what they said completely.

“You guys stop me!”

Levi sounded like thunder.

## Chapter 1770

He does not allow his brothers to be ridiculed and insulted like this after their sacrifices!

What’s more, he gave orders, how did this man come back?

What kind of background and ability can he ignore the orders he personally gave?

There are too many questions.

Levi had no choice but to manage.

When An Shiqi and his party heard this, they were all amused.

They stopped and looked at Levi.

“Boy, are you calling us?”

An Shiqi smiled at Levi.

The person next to me reminded: “Lord, you just came back, so it’s better not to cause trouble!”

“This kid is on my head! Go! Go over and take a look!”

An Shiqi brought his servants to Levi.

“Boy, what are you calling me to do?”

Levi looked icy: “Two things, the first one-kneel down and apologize!”

The language is not surprising and endless.

As soon as Levi said this, An Shiqi and his party were all stunned.

“Tell us to kneel down and apologize? Why?”

An Shiqi looked at the ghost.

“What did you just say, didn’t you know it?”

“The buried here are all martyrs of Morendam. If you don’t respect the worship and don’t say it, but instead speak insults, you have to apologize!”

Levi looked at him seriously.

“Hahahaha...”

Unexpectedly, An Shiqi and they all laughed.

“Am I wrong?”

“They are just a bunch of idiots! They died without leaving a corpse! Why are you talking about it!”

An Shiqi sneered.

Others also followed: “Yeah, these idiots are too pitiful, aren’t they? It’s really a laugh at us!”

Levi’s eyes gradually narrowed, and a majestic killing intent enveloped the audience.

“The uncleanness in your mouth is the reason to kneel down and apologize!”

“The last time I said kneel down and apologize!”

...

Levi was like a demon king, and his terrifying aura suppressed An Shiqi and his group.

But An Shiqi still bit the bullet and said, "Do you know who I am? In what capacity do you dare to kneel and apologize to me?"

Levi glanced at him: "This is the second question!"

The voice just fell.

Levi raised his foot and banged on An Shiqi's leg.

Hearing a click, An Shiqi fell to his knees with a plop.

An Shiqi didn't expect Levi to do it, and he was still so strong.

In fact, An Shiqi had a special power in his body, Levi had noticed it a long time ago, but in his eyes it was as weak as an ant.

"Boom boom..."

Levi blasted his feet again, and the other people all knelt to the ground, making screams.

"apologize!"

Levi's tone was calm.

"I don't apologize!!!"

"I am right!"

An Shiqi tilted his head and stared at Levi, with a bit of spine.

“boom!”

Levi rubbed his face on the ground.

Soon his face was covered with blood.

The burning pain made An Shiqi sound like a pig.

“I apologize, I apologize...”

An Shiqi can only compromise.

In the end, several people knelt in front of the burial mound of these great summer heroes and apologized one after another.

Despite the apology, people like An Shiqi were obviously not convinced.

“I met you today, I’m unlucky! Dare to stay here for a while? It doesn’t need too much, just ten minutes!”

An Shiqi looked at Levi and asked.

Seeing Levi’s silence, An Shiqi continued to be arrogant: “Is it a man? I’m afraid, so dare not?”

“You forgot that I said there are two things?”

“The second thing now!”

An Shiqi had fun, and sneered: “Come on, what are you talking about!”

“Tell me who you are!”

## Chapter 1771

Levi wants to know who is An Shiqi?

Let him return to Morendam!

“My identity? Hahaha...you only need to wait a few minutes to find out!”

An Shiqi smiled.

Looking at Levi's eyes, it was like looking at a prey.

“Okay, I'll wait!”

It just so happened that Levi wanted to pull from the source.

A few minutes later.

There were hundreds of black cars outside the cemetery.

With the accompanying bodyguards, there are at least a thousand people.

Obviously, this is a family sacrifice.

Their background is also great.

The first consortium of Fengtian City settled down.

When Morendam was in crisis, they were very close to the battlefield in the East and chose to leave Morendam for the first time and went to the East Island.

Today, Morendam is back to normal.

Anjia came back quietly again.

The first thing that comes back is to worship the ancestors.

After all, they knew in their hearts that leaving Morendam at the beginning was an act of betraying their ancestors.

After returning, he quickly came to worship the ancestors.

As a junior, An Shiqi came first.

Unexpectedly, I met Levi.

Soon, everyone in Anjia entered the cemetery.

“Grandpa, save me!”

From afar, An Shiqi began to shout.

This voice shocked everyone in the An family.

Soon, thousands of people gathered around.

Seeing An Shiqi and his party kneeling on the ground, everyone in the An family was furious.

It is strange that Levi saw many warriors dressed in Dongdao from among them.

Everyone is still a Lord!

Especially when these Toshima warriors saw Jun Jun, their expressions changed drastically.

Obviously recognized Junjun.

After all, Jun Jun is now famous.

Her information, photos and other materials were passed out early.

It is not surprising that these people know each other.

“Who made you kneel down?”

A white-haired old man headed by, leaning on a cane, yelled at Levi and his group.

“it’s me!”

Levi said lightly.

“Grandpa is him, he wants to know who I am! Please tell him!”

After An Shiqi had a backer,

Speaking is a lot harder.

“Kid, listen well, we are the first family of Fengtian City! This is my grandson of An Xianglong. Do you dare to tell him to kneel down? I make you want to walk around!”

An Xianglong roared.

“Then I ask you, did you leave Morendam nationality and go abroad some time ago when you settled down?”

Levi asked.

An Xianglong fought each other: “Yes, that’s right! We went to the East Island, what happened?”

“Then you dare to come back recently? Don’t you know the ban?”

Levi's tone was cold.

Everyone in the Anjia laughed: "Of course I know! The ban is only for the weak! It can't control my Anjia! In Morendam, we will return as soon as we want. Who can take us?"

"Who let you enter Morendam?"

Levi asked.

"Boy, who the hell are you? You can ask about my settlement?"

Someone in the An family is already angry.

"I made the ban! I will investigate this matter to the end, and I will follow you when you settle down!"

Levi said coldly.

"What? You...you are the king of the word side by side?"

An Xianglong's face changed.

I didn't expect to meet Levi here.

The expressions of other people in Anjia also changed drastically.

The Higashishima Samurai in the team looked solemn after hearing this.

He even started to make An Jia apologize.

This was something Levi had never expected.

An Jia would listen to the Toshima Samurai, and the Toshima Samurai subdued so quickly.

There must be a conspiracy.

Levi's expression became serious.

## Chapter 1772

“Hurry up and apologize! This matter is your fault! Morendam is a respectable country! These are Morendam's heroes, how can you insult?”

Several Higashishima samurai hurriedly urged.

So is An Xianglong.

“I apologize...”

An Shiqi also apologized again.

In the end, Anjia's attitude changed a lot, and Anjia apologized again and again.

No one thought of this.

An Jia even said that he could leave Morendam immediately, and everything would obey Levi's ban.

This made Levi more and more sure that they must have a conspiracy.

She was so fast that she had to leave Morendam immediately.

Obviously, there is something afraid of him knowing.

Thinking of quickly clarifying the relationship.

Don't let their own purpose be exposed.

“Forget it, since I'm back, just stay honestly! They also apologized, it's all right!”

Levi no longer punishes them, just to see what tricks these people are going to play.

After the panic worship of Anjia, they all went back.

“Staring at them, especially those from the East Island! Pay attention to their movements!”

Levi instructed the Western Heavenly King.

Levi always feels uneasy.

Plus these people’s reactions when they saw Jun Jun.

Levi was very disturbed.

But luckily I ran into it.

Otherwise, these people might do something big.

Now that the Western Heavenly King is staring, there will be no mistakes.

After doing this, Levi returned to Jiangbei with Junjun.

This way, Levi hid his whereabouts and walked extremely fast.

Nowadays, there are many people who are eyeing Junjun.

He is not afraid of accidents, but of trouble.

It’s all small, it’s too troublesome to kill.

It’s not as good as not encountering one.

“Junjun, before going home, dad takes you to see dad’s Lord! He gave dad two chances to be born again!”

Levi decided to go to the prison to see Lord.

“Yeah!”

Jun Jun nodded his head.

The big eyes are full of expectation!

Soon, the father and daughter came to Jiangbei Prison.

Levi came to Lord Lloyd’s cell.

“What about people?”

What surprised Levi was that the cheap Lord had disappeared.

“Come on, where’s the man?”

Levi hurriedly called to the prison manager to inquire.

“Prisoner 49 has been released from prison a few days ago! His date has arrived!”

“It’s not easy for him. After a full twenty years of prison, he finally got his head out!”

The warden sighed.

Levi frowned tightly: “I’m out of prison? Shouldn’t it!”

Levi thought that the cheap Lord would stay here forever.

“Lord, do you want to check his information? Or I will read it to you?”

The warden hunched over and asked.

“no need!”

Levi had no intention of listening.

According to the elder’s ability, how he went to jail and other information must be false.

It can’t be found at all!

Levi guessed that if Lord Chei went to prison, he was actually living in seclusion.

To avoid things or people.

If such a capable person is in jail, who can catch him?

I have to say that the place he chose to live in is really good.

Few people think of living in prison in seclusion!

He lived in seclusion for twenty years!

There must be a reason for this!

It is probably hiding something, or for what promise to live in seclusion here.

Now he has been released from prison.

That means he is about to face it, or something has happened...

But Levi is not worried. With the power of the cheap Lord, who can hurt him?

“You go out!”

After Levi let the warden out, he looked around in the old man’s cell.

Junjun also followed him around in the cell.

Very curious about everything.

At this time, Levi stroked the wall.

Suddenly he found that the wall was empty.

After he opened up the wall, something was hidden inside.

After Levi saw it, his face changed drastically...

## The Protector Novel Levi Garrison Chapter 1773 – 1774

### Chapter 1773

There are three ancient books and a broken sheepskin map.

There is also a black token!

This is clearly reserved for me!

Levi tremblingly picked up the ancient book and the sheepskin map.

The mutilated sheepskin map seems to be a map, but it is incomplete.

And depending on the material and the degree of damage, it should be very early.

Levi, the black token, didn't see any fame either.

As for the three ancient books, Levi flipped through his eyes, almost shining in his eyes.

Good things, all good things!

Although the cheap Lord wouldn't let himself call him Lord, but he passed everything on to himself.

“Lord, I hope to see you again!”

Levi took away these things and erased the traces of being in prison.

After returning home with Junjun, Levi was scolded.

“At this juncture, you are taking Junjun with you, so you are not afraid of accidents?”

“What if you are in danger?”

...

However, everyone just cared about Jun Jun, and Levi didn't say anything.

These days, everyone is actively looking for the backer of the teacher for Junjun.

Sarah and the others have selected several major forces and even contacted them.

Now the era of the strong like clouds.

Wushuang City hadn't looked at them long ago.

“This doesn't seem to work, only the Sixth Heavenly Powerhouse is in charge!”

“Yes, Junjun's teacher's backing must have at least seven heavenly powerhouses sitting on the ground! Only in this way can you protect Junjun and let Junjun have a good future!”

...

The family was full of quarrels.

Of the few major forces they selected, only the Sixth Heavenly Power was in charge.

They want to be strong in the Seventh Heaven, but where is it so easy?

Now the Seventh Heavenly Powers are all illusory existences!

“Yes, it would be great if the strong on the big summer list can accept Junjun as an apprentice, even the King Zhentian at the end! Then Junjun must have a boundless future in the future!”

...

Seeing the family discussing, Levi didn't have any interest.

Back in his room, Levi began to study the ancient books left by the cheap Lord.

At this time, Xiao Feng sent a message.

It is said that on the dark web, there will be more than a dozen groups of Lords coming to Morendam, either to capture Jun Jun or kill Jun Jun.

“Lord, the situation is urgent, maybe they have already arrived!”

Xiao Feng said worriedly.

“Don't worry, when they come, they will catch them all in one go!”

“Xiao Feng stared at the movements of these people!”

Levi was waiting for them to gather together.

It is too much trouble to come one by one.

On the other side, in the base of the Shenlong Technology Alliance.

Wood Zhengjie's plan is proceeding in an orderly manner.

Wood Zhengjie has completed nine experiments these days.

These experiments, which seemed to contribute to Morendam, were planned by Wood Zhengjie.

Even Wen Lei, who had been staring at Wood Zhengjie, didn't notice it at all.

After returning to his residence, Wood Zhengjie put a check mark again.

In his schedule, only the last experiment is left.

After the experiment is completed, Wood Zhengjie will carry out his ultimate plan.

After completing the experimental data, Wood Zhengjie's eyes revealed extreme madness.

"Levi is coming soon, and soon you will see a different me! I will personally blow you under my feet at that time!"

"And Sarah and that child can't escape!"

Crazy!

Wood Zhengjie looked crazy.

Not only can he develop weapons of killing gods, but he can also use modern technology to turn himself into a god killer.

"Tomorrow will be the last experiment! It will also be the time when I will shock the world!"

A smile appeared on the corner of Wood Zhengjie's mouth.

He looked at his colleagues at the base with a trace of regret in his eyes.

Because in his eyes, these people are all dead bodies and experimental products.

Wen Lei looked at Wood Zhengjie's eyes, and she felt a little scary.

"Have you noticed that Wood Zhengjie's eyes are terrifying?"

Wen Lei asked.

## Chapter 1774

The others shook their heads.

Everyone was very confused about Wen Lei's questions.

"No, Xiao Wood has done nine amazing experiments during this period! Isn't it okay for this kind of genius to look domineering?"

"Yes, geniuses are always withdrawn or abnormal! Little Licensing is not abnormal! His horrible look is instead an investment in science..."

Others retorted.

Wen Lei rubbed her head: "Is it true that I think too much? No! I have to look at him!"

She consulted Wood Zhengjie's recent experiment.

The more I think about it, the more things are wrong.

"What if something goes wrong in the experiment tomorrow? I have to promise that it won't happen! But how can I stop or make sure? That's right!"

In the struggle, she thought of someone.

Levi, who was far away in Jiangbei, received a call.

After being connected, Wen Lei actually called.

“I think Wood Zhengjie is abnormal. There may be problems in tomorrow’s experiment! Can you come?”

Wen Lei expressed the meaning directly.

“Okay! Then I’ll go there as soon as possible! If you have any news, contact me as soon as possible!”

For a long time, Levi felt that Wood Zhengjie was potentially dangerous.

Hearing Wen Lei’s words, Levi became more worried.

He wants to immediately go to the base of the Shenlong Technology Alliance.

As for Jun Jun’s safety, he doesn’t need to worry.

Not to mention that Jun Jun himself possesses certain strength.

The team he has secretly trained can protect Jun Jun comprehensively.

What’s more, there are Xiao Feng and the others.

So he doesn’t need to care about Junjun’s safety.

After arranging Junjun, Levi set off.

“Keep saying that he will protect the safety of Junjun. Look at the critical moment, he ran away!”

“Although he is in a high position, he is still unreliable! Let us figure out a solution by ourselves!”

“I heard that foreign Lords are going to deal with Junjun, we have to protect Junjun!”

...

Logan and Mann complained.

The situation is indeed urgent.

Batch after batch of foreign Lords have arrived in Morendam.

It's about to start with Jun Jun.

Levi rushed to the base of Shenlong Technology overnight.

Wen Lei received him quietly.

And disguised Levi as a technician in the science and technology base.

Wearing protective clothing, no one recognized it.

In this way, Levi successfully blended into the base.

But it is still very difficult for him to get close to Wood Zhengjie.

You have to go through a series of coded doors, as well as biometric identification and so on.

Even if Wen Lei is there, it won't work.

Levi can only wait for the experiment tomorrow to observe Wood Zhengjie's movements.

This night, Wood Zhengjie barely slept.

His face was full of excitement and madness.

The next day, Wood Zhengjie and his team got the permission of Lab No. 2.

Today, the experiment conducted by Wood Zhengjie's team is energy matter.

If the experiment is successful, it can be used on a new type of weapon such as the killing weapon.

The entire Shenlong Science and Technology Base attaches great importance to this, and all the most powerful talents or resources will assist Wood Zhengjie.

Levi mixed in with Wen Lei.

Today, once Wood Zhengjie has any ideas, Levi will stop it on the spot.

The second laboratory occupies a large area, the size of eight footballs.

The facilities inside are almost the most advanced in the world.

Wood Zhengjie and the team prepared everything.

Next, is the beginning of the tenth experiment.

Wood Zhengjie glanced at the audience and started with inexplicable excitement...

Levi in the crowd waited nervously...

Don't have an accident!

Must be blessed!

Wen Lei prayed in her heart!

The experiment finally began.

Wood Zhengjie devoted himself wholeheartedly.

“After today, I will shock the world!”

...

The experiment progressed, and Wen Lei, as an assistant, was completing her task in a cold sweat.

Levi always stared at everything.

Time passed by every minute and every second.

One hour.

Two hours.

...

Seven hours.

Finally, the most important moment has arrived.
