

# The Protector Novel Levi Garrison Chapter 1781 – 1782

## Chapter 1781

“You... are you Levi?”

“The same technique as Levi!”

...

Before dying, the eyes of the thirteen Seventh Heavenly Powerhouses were full of horror.

Those who had just played against Levi knew this very well.

So the people in front of them all suspect that it is Levi.

“Die!”

After finishing all this, the mysterious person posing as Levi took out a white handkerchief and wiped his hands.

His eyes shone brightly.

A smile appeared at the corner of his mouth.

Immediately, he left the Grand City Villa.

This is something that no one had thought of anyway.

The reception ceremony will suddenly become a massacre.

All tens of thousands of Lords died.

None of them were left.

It also contains a total of thirteen Seven Heavenly Powerhouses.

If this matter spreads out, I'm afraid it will shock the whole world...

Tens of thousands of Lords were instantly destroyed, which was a fatal blow to the Morendam martial arts world!

The dead Lords did not expect such a tribulation.

Levi didn't expect that someone would impersonate him and kill tens of thousands of Lords.

It uses exactly the same technique as him.

And there is no trace of imitation!

After all, so many forces want to accept monarchs as disciples, just to have a contradiction with Levi.

His motive for slaughter has been established.

It's still his practice.

What's more, everyone on the scene was dead, and there were no witnesses at all, which is equivalent to a real deal.

The most critical point is that although the apprenticeship ceremony has attracted worldwide attention.

Maybe no one was close to inquire about the news at all.

After all, they are all Lords, and it is impossible for anyone to approach them.

Coupled with the fact that someone deliberately planned all this, this thing was basically locked up, and it was Levi who did it.

Not long after the mysterious man left the villa.

A group of people came here.

They are the Tiance Mansion that is as famous as the Baolong clan and maintains the balance of the Baolong clan.

As the strongest martial arts institution in Morendam.

Now that they are born, they naturally have to take care of Morendam's affairs.

The Reception Ceremony is now abnormal, and the Lord of Tiance Mansion rushed to it for the first time.

They consist of four people, codenamed Tianlong, Earthhu, Xuanlang, and Yellow Fox.

After entering Grand City Villa, everyone was shocked by the terrifying scene before them.

“What happened?”

Everyone was shocked again and again.

Start looking around.

“Dead, all dead, no one is left alive!”

“It's terrible, it's all a one-shot kill! So is the Seventh Heavenly Powerhouse!”

...

The result after checking was even more shocking.

“By the way, have you seen Levi’s family? They are the focus of the ceremony!”

Asked Tianlong, who was nearly two meters tall.

The bald tiger shook his head: “I didn’t see it!”

A mysterious wolf in white, with a cold face, said without emotion: “Levi’s family is not here!”

Huang Fox, the only female of the four, exclaimed: “I have a major discovery!”

“what???”

The three immediately surrounded them.

“These people die in the same way!”

Huang Fox’s beautiful face was full of solemnity.

“Does that mean that they were all killed by one person?”

Tianlong asked.

“Yes!”

“It was killed by one person, and it was still a magic power!”

“It’s the news from the Baolong clan a few days ago: Levi is using the same technique as that of the big demon!”

Huang Austin said coldly.

The other three continued to examine the body.

Xuan Lang was expressionless: “It’s really this magic skill! It’s exactly like that big demon!”

“Yes, that’s right! It’s him!”

...

Several people directly affirmed on the spot.

The four people looked at each other, and they all had the same idea.

“According to the news, those wicked ways are worshipped by Levi! Levi will not hesitate to save them!”

“All this shows that Levi is the new demon!”

“Then you can be sure that Levi did all the deaths of these people today!”

## Chapter 1782

All clues and evidence refer to what Levi did!

Almost a real hammer!

There is no reason to prove that someone else did it!

“The motive for the murder is very simple! These people wanted to accept his daughter as a disciple, and he killed them all in a fit of anger!”

“In addition, the temperament of this demon is moody! There is no reason to do things in many cases!”

“Yes, there is no doubt about this matter. Levi did it! Even if someone wants to frame him, he doesn’t have the strength. He can kill everyone in just a few minutes, including the thirteen Seventh Heavenly Powers. !”

“Yes, this matter is confirmed, it is Levi!”

...

The Tianlong four immediately made a judgment.

Huang Fox collected all the evidence.

“The Baolong clan mentioned this issue before, reminding Tiance Mansion to pay attention to Levi, his identity is too special!”

“Yeah, we didn’t care before! Now think about the fact that the king of the word side by side is a big demon, what a terrible thing would it be? How dangerous will it be to the Morendam martial arts world, to Morendam?”

Huang Austin reminded.

Hearing this, everyone was startled in a cold sweat.

“Yes, look at his casual shot, it will be such a devastating blow to Morendam Martial Arts!”

“Also, he has a large group of crooked ways, all of them are time bombs! Once there is a problem, it will be a disaster!”

Several people said.

“How should this matter be resolved?”

Earth Tiger asked.

“First, immediately destroy everything present, block the news, and don’t let this matter go out. It’s as if it didn’t happen!”

“Second, immediately report to Tiance Mansion and Baolong Clan, and let them decide how to deal with it. We don’t have enough authority!”

Tianlong puts forward a plan.

Everyone immediately executed.

“By the way, the purpose of our visit this time, everyone has forgotten it?”

Huang Austin reminded.

“Yeah, this time we are here to see the talent of Levi’s child Junjun!”

Others all showed their suddenly realized expressions.

Tiance Mansion is here.

Just for Jun Jun.

Others may not believe Tianji Pavilion’s introduction to Junjun’s talent.

But they absolutely believed in Tiance Mansion.

This time they are sent here to check Junjun’s talents.

Basically, they wanted to bring Junjun back to Tiance Mansion.

With Junjun’s talent, few people are really qualified to accept her as an apprentice.

In the end, Junjun will probably enter Tiance Mansion or Baolong clan.

“Now it seems that our Tiance Mansion must take away this Junjun! Her father is a great demon. With such a high talent, if she is cultivated into the next great demon, there will be endless troubles!”

“Horrible! Does this great demon possess such a high level of talent? God is really unfair!”

Tianlong’s eyes flickered: “From this point of view, there must be a third thing-to receive Junjun from Tiance Mansion!”

In the end, this matter was forcibly suppressed by Tiance Mansion.

The news didn't spread at all.

Even if Levi was in Xiao Feng, they didn't even know.

No one knew what happened to Morendam.

The martial arts world has lost a lot of power...

This is exactly what the people who framed Levi wanted to see.

It has caused a conflict between Levi and Baolong.

The Logan and Mann families are also immersed in the joy of Junjun's high talent.

Even Levi didn't care.

But I did not expect an unprecedented event to happen.

He has been given the title of Great Demon.

At this moment, the Tianlong members of Tiance Mansion had already met with the senior officials of Colin.

“what???”

The senior officials of Colin were also shocked.

Unexpectedly, such a thing happened.

They wanted to defend Levi.

But the bloody facts lay ahead.

“Wait, he must have the next move!”

Colin asked: "By the way, who you said is the Lord of the king, who is that great demon?"

## The Protector Novel Levi Garrison Chapter 1783 – 1784

### Chapter 1783

According to Tiance Mansion's explanation, Levi got the inheritance of that demon.

As soon as his exercises and so on were displayed, the Baolong clan and those crooked ways were immediately recognized.

Because I saw the shadow of the big demon from him.

Before, these monsters of the North Demon were the same as ants.

The demon that even the Baolong clan and Tiance Mansion were afraid of was the real demon.

So Colin wants to know what is sacred?

"That was the ultimate killer god who was once the number one in the big summer-the evil god of fire cloud!"

Several people in Tiance Mansion took a cold breath.

Obviously this Fire Cloud Evil God brought them a great and great threat.

"Where is Huoyun Evil God now?"

Colin asked someone immediately.

“No one knows where he went, not even the Tianji Pavilion, who has always known everything in the world!”

Huang Austin said coldly: “Now it seems that the Fire Cloud Cthulhu is still alive! And he passed it down to Levi! This is still an unprecedented disaster for the martial arts world!”

“Yeah, that’s right, since ancient times, righteous and evil have never been both righteous and evil. Even if Levi had made much contribution to Morendam before! But he is the inheritor of the Heretic God after all. If he breaks out that day, who can stop him?”

“That’s right, and once his children are raised up, they may become the devil!”

...

However, Colin still believed in Levi.

“I still believe in the word side by side! No matter when, you should believe in that man!”

“Yes, no matter how evil his practice is, his heart is always righteous!”

“Yes, we always believe that the word is king!”

...

Hearing that everyone in Colin trusted Levi so unanimously, the people in Tiance Mansion were shocked.

None of them expected that Levi had such a high prestige in everyone’s hearts.

When the evidence is conclusive, I still believe so.

This makes them very angry.

“Well, don’t worry about this matter!”

“Yes, you were not qualified to intervene in the first place!”

“Listen well, this matter must be kept secret, especially you can’t tell Levi!”

Tiance Mansion decided that they would handle the matter themselves.

What Levi didn’t know was that Tiance Mansion and Baolong had already been eyeing him at this moment.

In the end, the plan given by Tiance Mansion was to observe Levi’s movements first and see his next move.

Secondly, the Junjun should be admitted to Tiance Mansion, and Tiance Mansion will be specially trained, so that she will not grow up to become a demon.

Soon a few days passed.

“What’s the matter? A few days ago, I came to look for Jun Jun one by one, why is there no one now?”

“Yes, logically speaking, shouldn’t more forces come to the door with Junjun’s talent?”

...

The Logan and Mann families were puzzled.

Since the reception ceremony, there has been no news.

It seems that Junjun’s enthusiasm is gone all at once.

No one came to look for her anymore.

Everyone forgot about her.

Only Levi was most satisfied.

The situation is the best now, no one will bother Junjun and dare to accept her as a disciple.

It seems that the deterrence of his apprenticeship ceremony is still effective.

After all, Levi defeated thirteen Seventh Heavenly Powers.

Even if other people heard a little wind, they would no longer dare to accept the monarch as a disciple.

But Levi didn't expect something happened.

Those people are all dead.

The reason why no one dared to accept disciples was because of the forced suppression of the Tiance Mansion and the Baolong clan.

There is no other reason.

Somewhere in Morendam.

A group of people gathered in secret.

"In the battle of Grand City Villa, we have destroyed the power of Morendam martial arts to a great extent! Next, we will have another big wave!"

The leader sneered.

"Should I still use Levi's hands?"

Someone asked.

"Of course! With the help of Levi, we can complete our mission!"

## Chapter 1784

“This time, it’s up to you to do it!”

Everyone looked at one person in the corner.

He was the one who pretended to be Levi to kill at Grand City Mountain Villa that day.

“Ok.”

A faint voice came out.

“Act as soon as possible!”

This group of people is about to plot a big sensation.

On the other side, Wood Zhengjie is about to start his amazing plan.

During this time, he was sure that Levi was no longer staring, so he was relieved to plan boldly.

“Soon, I will obtain the permission of Laboratory One! At that time, Laboratory One can perfectly perform my experiments perfectly!”

Wood Zhengjie showed a crazy smile.

His previous plan was to be completed in Lab No. 2, but it was destroyed because of Levi and Wen Lei.

Now Wood Zhengjie chooses to carry out a crazy plan in the first laboratory.

Laboratory No. 1 is the largest and best laboratory in Shenlong Science and Technology Base.

The probability of success of Wood Zhengjie's crazy plan will be greatly increased.

Danger is coming...

Levi is a person with a keen sense of smell.

Everything is too peaceful.

I always feel that something big is going to happen.

He also personally checked the situation everywhere.

There is no abnormality.

Of course, Levi didn't care about Junjun's question.

After all, he thought he was deterring all the forces.

This day.

When Levi was asking the Western Heavenly King whether something unusual happened, Tiance Mansion approached him.

Levi was still surprised and curious about Tiance Mansion.

After all, Tiance Mansion and Baolong clan are the foundation of protecting the country.

They are in control of Morendam's foundation and the greatest secret.

"What's wrong with you?"

Levi asked.

The Tianlong four looked at Levi warily.

In the end, Tianlong said the purpose: “One word side by side, right? Our purpose is very simple, for your children!”

Huang Austin specifically said: “Tiance Mansion basically decided to train your child’s income! We are here to see the specific talents of your child!”

“No, I will bring my child myself, no one else is needed!”

As soon as Levi said this, the expressions of the four people in Tianlong changed.

If so.

Jun Jun will become a threat.

At this moment, a voice sounded: “Why not let Tiance Mansion cultivate? That is the best place for Junjun!!!”

Upon hearing the news, the Logan and Mann family stared at Levi angrily.

The old lady and they hurriedly came to Tianlong and the four of them: “We look forward to the stars and the moon, and finally look forward to you!”

Today, the Baolong clan of Cefu is not a secret.

Everyone knows how powerful they are.

They naturally hope that Jun Jun will be accepted by Tiance Mansion.

However, it is difficult to contact the Tiance Mansion or the Baolong clan based on their abilities.

If the CeF came today, everyone was excited.

“Well, we are here for the children, and the children?”

Huang Fox asked.

“Sarah, bring Junjun!”

Soon, Sarah brought Junjun to the court.

The Tianlong four began to check and analyze Junjun’s talent...

Tiance Mansion has a special method for measuring the level of talent.

General talents are divided into one to nine levels.

Levels four and five are already talented.

Level six or seven can be called a genius!

The eighth level is even rarer in the world, and one may appear in a thousand years.

After testing Jun Jun’s talents, all four of them were taken aback.

Level nine!!!

The highest level nine!!!

It turns out that Tianji Pavilion’s ranking is correct!

Not exaggerating at all!

Jun Jun’s talent can be on the list!

It can even be said that Junjun is underestimated.

What everyone expected was level 7 talent, but unexpectedly it was level 9.

“Well, I have made the decision for Tiance Mansion, and I will bring this child back to Tiance Mansion for training today!”

Originally, Tiance Mansion had to investigate.

But after measuring this talent.

Tianlong made the decision directly.

“I disagree!”

## The Protector Novel Levi Garrison Chapter 1785 – 1786

### Chapter 1785

The excited Logan and Mann family members disappeared after hearing what Levi said.

All the smiles of Tianlong and four of them were gone.

It was originally a great good thing, but it was ruined by Levi’s words.

“Do not agree? Levi, what do you disagree with? Can you find something better than Tiance Mansion?”

Several people questioned.

Levi said coldly: “Junjun, I will teach it myself! I will protect my daughter! No one else is needed!”

“But you think again, can your daughter grow up under your wings for a lifetime? I don’t want Junjun to become a vase! Some things need to be experienced by her herself! Only then can she grow!”

...

Sarah’s words touched Levi.

He must be willing to protect his wife and daughter for the rest of his life, but Junjun does need to grow up.

She has been different from other children since she was born, which is exactly her destiny.

If you keep Junjun by your side to protect him, it is indeed bad for Junjun’s growth.

But now that Junjun is handed over to Tiance Mansion, Levi is not at ease.

He is currently unable to control the Tiance Mansion at all, and if anything goes wrong, he simply can’t take care of it.

The reason why Junjun was allowed to go to Wushuang City before was because he could control Wushuang City with one hand.

The situation is completely different now.

“One word side by side king is the decision of Tiance Mansion, and it is also an order! If you don’t believe it, you can ask Colin!”

The Tianlong four decided that they must take the Junjun away today, and they will do whatever it takes.

Huang Austin’s tone was gentle: “Please don’t worry, your child’s talent is amazing! We guarantee that she will not be aggrieved at all in Tiance Mansion,

she will also be cultivated as the number one seed! The future will protect the country. She could carry it!”

Xuan Lang, who had been silent for a long time, also echoed: “Tiance Mansion is the strongest ancient martial arts institution in Morendam! It is not comparable to those of the Jianghu forces! Your baby is too late, no one will hurt her!”

“Levi, it’s useless if you disagree!”

“You must go to Tiance Mansion!”

...

Logan Mann’s family scolded.

Sarah also looked at Levi with a complicated expression: “Levi, we can’t protect Junjun forever! The best way is for her to protect herself!”

...

Levi looked complicated.

Such as the orders of Cefu and Colin today.

And the persuasion of family and wife.

There is also Junjun’s future considerations.

He is messy...

“Okay, let Junjun go to Tiance Mansion and have a try first. If you don’t do well, I will pick it up at any time!”

Levi finally agreed.

“Okay, yes! Let her get used to it for a while!”

“If you have nothing else, we will take the children away!”

The Tianlong four are eager.

I can't wait to take Junjun away right away.

“Hold on! Let's tell Jun Jun separately!”

When the incident happened suddenly, everyone was unprepared.

So everyone said goodbye to Junjun one by one.

Sarah was the second to last to bid farewell to Jun Jun, crying very loudly.

Levi was the last to say goodbye to Junjun.

There were also tears in his eyes.

Jun Jun, this kid is too sensible.

Also took the initiative to comfort Levi not to cry...

Levi was afraid that he couldn't bear the pain of parting, so he left first, not wanting to see the parting scene with Junjun.

Coming to the outside of the villa, Levi lit a cigarette and inhaled.

About a few minutes later.

The chaotic sound of footsteps sounded, and all the Tianlong four and Sarah surrounded them.

Pointing to Levi's nose and shouting: “Levi quickly hand over the child!”

“Ok?”

In a word, Levi was stunned.

“Hand over the baby? What do you mean? Junjun is in her bedroom!”

Levi said in surprise.

“You F\*rt! The child is gone, obviously you are hiding!”

## Chapter 1786

The earth tiger burst into a drink on the spot.

A pair of tigers stared at Levi!

“Yes, you definitely hid the child! Now you are pretending to be garlic!”

“Yes, the last Jun Jun you saw, Jun Jun has disappeared since then!”

“Isn’t it you or who? You don’t want Junjun to join Tiance Mansion, why use this method?”

...

Almost everyone present was yelling at Levi.

Just now everyone said goodbye to Jun Jun, and finally after Levi left, the Tianlong four went to the room to pick Jun Jun out.

It turned out that Jun Jun was gone.

Everyone quickly found a circle around the villa, and there was no trace of Junjun at all.

She disappeared.

The first thing that came to everyone’s mind was that Levi had hidden Junjun.

After all, Levi was the last to meet Junjun.

After he came out, Junjun disappeared.

That means his problem!

Sarah's face is going to be black. She looked at Levi and said disappointedly: "I know you are reluctant to bear Junjun, and I cannot bear it! But Junjun has her own world, does it make sense for you to restrain her like this?"

"Hurry up and hand over Junjun, or I will be disappointed in you!"

Others urged: "Hurry up and hand over Junjun, and several adults will take Junjun back to Tiance Mansion!"

The Tianlong four were very angry, but due to Levi's strength, they dared not get angry.

Everyone stared at Levi.

Let him hand over Jun Jun.

Levi was dumbfounded!

He doesn't even know what happened?

It took dozens of seconds for Levi to react.

He trembled, clenched his fists tightly, and asked nervously, "You...what did you say? Junjun is gone?"

"Look at this person who is still pretending to be garlic here. It is obvious that he hid Jun Jun, and he asked us Jun Jun is missing!"

Sarah suddenly raised his tone: "Yes! Jun Jun is gone! If you hide, I beg you to hand over Jun Jun!"

“boom!!!”

After getting an affirmative answer, Levi’s brain thumped.

problem occurs!

Something happened!

Strictly guarded, Jun Jun was still arrested.

Still under his nose.

This is unbearable!

“boom!”

Levi turned into a wind and left.

A group of people were left dumbfounded.

“What does Levi mean? To hide the child or not hand it over?”

“Levi, stop for us, where are you going?”

...

Levi immediately went to find Junjun.

He quickly looked around.

Sure enough, I found somewhere in the deep forest, there was a special energy.

Obviously Jun Jun was taken away!

Levi’s secret team quickly gathered, saying that they did not find anything.

And because of Levi's own presence, he arranged the secret team F\*rther away.

If the opponent dispatches a super Lord, you may not be able to detect it!

For example, this time, Levi and the four Lords of Tiance Mansion were present.

They took Junjun away from under their noses!

“I was careless!”

Levi patted his forehead.

In order not to see the parting scene, he deliberately walked out a distance.

It was this distance that gave the other party an opportunity.

Who on earth took Junjun away?

Levi screams up to the sky!

He was arrested for protecting Junjun in this way.

I blame myself very much!

But one thing is certain, the opponent sent to capture Jun Jun is definitely a super giant.

Under the eyes of the four Lords of Tiance Mansion, he quietly took away Junjun.  
Could it be an ordinary person?

“It seems that the other party has been waiting for this opportunity for a long time!”

The four Lords of Tiance Mansion came, but it was an opportunity for others!

At this time, everyone hurried over.

“Where is Junjun? Hand over Junjun quickly!”

The crowd scolded.

Levi was angry.

At this time, he was still suspecting that he had hidden Junjun.
