

# The Protector Novel Levi Garrison Chapter 1793 – 1794

## Chapter 1793

The little apprentice glanced at the audience and said: “The god thunder seal contains a touch of sky thunder, which can trigger the momentum of the sky thunder! The power is huge! The seventh heaven warrior can’t hold it!”

The words came out.

Everyone present is going crazy.

This god Lei Yin was much stronger than the little Thunder God that Levi killed in the Eagle Nation.

The thunder and lightning of Little Thor is awakened and controlled by humans.

But the god thunder seal contains the sky thunder.

Power is not one level at all.

Everyone was horrified looking at God Lei Yin!

Doesn’t it mean that God Leiyin can obliterate most of the people present.

If you are in the hands of a strong man, such as the five dragons, you can kill everyone present!

If it is an ordinary Seventh Heavenly powerhouse and possesses this artifact, it can challenge the Heavenly Ranking Powerhouse.

Even Wulong Taoist himself.

Who doesn't want to own this kind of artifact?

The eyes of everyone present glowed.

What if the god Leiyin is his own?

When the Higashishima samurai saw Shinraiin appear on stage, almost everyone's eyes were shining.

This is what they really want.

Everyone can understand the result as soon as the God Thunder prints.

Junjun belongs to the Wulong Taoist absolutely!

Others can't grab it at all!

One of the Samurai of Toshima stepped forward and took the god Leiyin from the Wulong Taoist disciple.

Because they have to verify the authenticity in the background.

All the treasures of everyone just now were taken to the backstage to verify the authenticity.

On the other hand, they will decide who can accept the emperor as a disciple through comparison...

They didn't care if their treasures would be secretly taken away by this group of people.

I didn't even think about it!

After all, such a big power wouldn't do this kind of sneaky thing, right?

But they all thought wrong.

The original conspiracy plan of this group of Toshima samurai was to transfer all the treasures away.

The treasures handed over by the Lords in front have long been transferred away by them one by one.

Now there is only one God Thunder Seal left.

“Withdraw! Everyone will withdraw for me!”

After obtaining the God Thunder Seal, the Toshima samurai evacuated one after another.

“You leave at last and send this child over!”

The leader ordered.

“Wait!”

Immediately, he smeared blood on Jun Jun’s face.

In the end, Jun Jun was brought to the front.

When the Lords saw Junjun coming out, everyone was even more calm.

Even Wulong Taoist didn’t think much...

“Wait a moment, everyone, the result will come out immediately, and your treasures will be returned!”

After getting an affirmative answer, everyone felt more at ease.

As everyone knows, all the treasures were taken away at this time.

There were no people in the field.

This is the conspiracy of these East Islanders.

First, invite this group of Lords here, and then get everyone's treasure!

Second, it is estimated that the location and plan will be revealed to Levi a little bit, so that Levi can come here.

Third, after they evacuated, Levi will also arrive soon, and Levi will definitely fight these Lords at that time.

The ultimate goal is to reproduce the scene of Grand City Mountain Villa-to kill all these Lords one by one, and then put the blame on Levi.

Maybe there is no need to put the blame on this time, the angry Levi might kill these people himself.

Even if Levi loses, he will suffer both.

Then they will send someone out to harvest again!

In any case, it was a painful blow to the Morendam martial arts world!

After these two times, I am afraid that one-third of the vitality of the Morendam martial arts world will be damaged.

This will be a great situation for Higashishima Budo!

More than that.

This group of people also invited the ancient forces from the neighboring countries around Morendam, but there is no force from the East Island.

Their purpose is very simple. While attacking Morendam martial arts, they also attacked the martial arts of several surrounding countries.

In this way, Higashishima Budo can completely rise...

This is the conspiracy of this apprenticeship meeting!

## Chapter 1794

They captured Junjun and gathered the ancient forces and martial arts Lords in Morendam and the surrounding area.

He wanted to use Levi's hands to destroy these people to the utmost extent and severely damage the martial arts circles in Morendam and surrounding countries.

I have to say that they are ingeniously planned.

Many people have been fooled.

For example, the Wulong Taoists who are sitting and waiting.

In addition, the news that the Western Heavenly King found out was deliberately released bit by bit.

The purpose is to just let the Lords like Levi and Wulong Taoist encounter.

So there is a big battle!

Use the same method to kill everyone!

If Levi dies in battle, their people will come out to harvest everything.

If Levi was not dead, that would be the best situation.

They can later shape Levi into a big demon.

Let Levi fight the Morendam Lords in a nest, thus further destroying and weakening the strength of Morendam martial arts!

A few minutes passed.

Everyone ripped off the East Island forces.

Only the Wulong Taoists and the monarch covered in blood are left behind!

At this moment, Levi, who was on the fighter plane, received news from the Western Heavenly King.

It is a few photos.

In the photo, Jun Jun is covered in blood, and his pitiful appearance is pitiful.

After Levi saw the photo, his anger was widened, and he was going crazy.

The bruises in his arm violently, as if to tear his skin out at any time!

He has a grim look, and his eyes are filled with anger.

Terrible killing intent radiated from him, everyone felt the terrible killing intent, their scalp was numb, and the cold air on the soles of the feet rushed to the heavens...

His eyes turned blood red, just like a demon god.

The people travelling with him were all frightened.

For fear that Levi would get angry and kill them all.

Levi was extremely angry!

The anger of a father!

Who can bear it?

On the island.

Ten minutes passed.

But all the people who held the apprenticeship meeting were gone, and none of them were gone.

At this time, Wulong Taoist realized something was wrong.

“Go and see, they all seem to be gone”

As soon as the Wulong Taoist made a sound, everyone discovered the strangeness and went to the backstage to check.

From this look, everyone found the problem.

The opponent all ran away.

All the babies along with everyone are swept away!

Nothing left!

Searching on the island, no one was seen.

The other party has already run away!

The Wulong Taoist in the auction hall said: “No need to look for it, they have already left! It’s far, far away!”

Wulong Taoist just felt it, and the perception of the god Leiyin was completely gone.

It means that you are far away.

But Wulong Taoist is calm.

Because he doesn’t lose anything.

Although Shane Lei Yin was taken away, Jun Jun he got it.

“Take her, let’s leave!”

Wulong Taoist ordered.

The apprentice stepped forward and was about to take Junjun away.

“Wait!”

Suddenly someone shouted.

“Wulong Taoist is a bit inappropriate, isn’t it? That group is clearly a liar! Our things are lost!”

“Yes, all our treasures are lost, isn’t it appropriate for you to take it away?”

...

Everyone stared at the Wulong Taoist Lord and apprentice.

A flash of cold light flashed in the eyes of Taoist Wulong: “What does that have to do with the poor Tao?”

“Yes, Lord is right! You lost your things, go find them, what do you want us to do? We didn’t take it away!”

“Yes, what does it have to do with us? Besides, we got this child in exchange for God Thunder Seal!”

...

“you guys...”

Everyone was speechless for a while.

I don’t know what to say.

There is a saying that this matter has nothing to do with the Wulong Taoists.

There is nothing wrong with them!

But the current situation is very embarrassing.

Everyone lost something.

Did Wulong Taoist get the benefits and let him leave?

impossible!

“No, you can’t take this child away!”

Everyone stopped!

“Who dares to take my child away?”

## The Protector Novel Levi Garrison Chapter 1795 – 1796

### Chapter 1795

A voice came down like thunder.

Excited.

The weaker person was directly shocked to vomit blood!

Everyone is dumbfounded at this moment!

Including the Lords of the nine top rankings!

There is a brief absence at this moment!

“Crack!”

“Boom!”

“boom!”

As soon as the sound came, a figure fell from the sky and directly stepped on the top of the auction hall.

After landing, the earth trembled even more.

Rumbled.

Everyone was shaken!

After landing, Levi picked up Junjun for the first time.

He began to check Jun Jun’s situation.

He was relieved to make sure that Junjun was okay.

But he resisted without tears.

Later, the men who came with Levi rushed over.

“Watch your child!”

Levi handed over the children to them.

With a pair of terrifying eyes, he looked at Wulong Taoist and them!

“Dare to move my child, you all have to die!”

Levi was very angry and angry!

“What a terrible breath! Hiss!”

“Are you the King of Heaven?”

Someone judged Levi’s true identity through his breath.

“Don’t care who I am, you are all going to die anyway! Those involved in this matter are going to die!”

Levi’s red eyes, killing intent pouring out.

Everyone present suddenly felt the pressure!

Even the rest of the top players feel threatened!

Before, they felt that Zhentian King had just been included in the ranking list, and the gap with them was still not small.

Now it seems that he is not weak!

“The King of Heaven listened to us to explain...”

Someone wants to tell the truth.

But Levi just arrived and didn’t know what happened.

I don’t even know that the one who actually set up the conspiracy left long ago.

In his opinion, it was among these people who captured Junjun and hosted the auction.

Anyway, kill them all, there is absolutely nothing wrong with it!

“kill!”

Levi immediately took a punch.

Several Seventh Heavenly Powerhouses in front of him immediately began to block.

“boom!!!”

It’s just that Levi’s punch is too terrible!

With a punch, the gods and ghosts trembled, and the world paled.

It seems to be with heavenly majesty.

“puff!”

“puff!”

...

All the Lords splashed blood on the spot and all flew out.

The others haven’t reacted yet.

Levi deceived him.

“Boom!”

“Boom boom boom!”

...

In the small space, all kinds of combat skills came out, and Levi’s punches were fisted together.

Levi crushed like a tank.

People kept flying out around.

Although those who came to participate in the auction were all Lords of the Seventh Heaven or close to the Seventh Heaven.

But in front of Levi, there was no way to stop him.

He is like the demon from Jiuyou Hell!

Gods and Buddhas are hard to stop!

Soon, most of the people who blocked him have fallen!

You know, they are all Lords!

There is no way to stop an angry Levi!

“Huo... Huoyun Cthulhu’s apprentice?”

“It turned out to be the inheritance of that great demon! I said how could it be so powerful!”

“It turns out to be the descendant of the ultimate evil god!”

...

After observing Levi’s battle, Wulong Taoists saw Levi’s technique.

Don’t look at Levi’s tricks every time it was ordinary punches and kicks.

But this simple punch and kick is Huoyun Cthulhu’s ultimate move!

One punch and one kick contains the most majestic strength and the most extreme speed!

In martial arts in the world, no firmness will not break, but quickness will not break.

This is the truth!

After simplifying the complicated tricks, it is speed and strength.

Levi is now faster than others and more powerful than others.

So kill the Quartet!

This is also the foundation of Huoyun Cthulhu's foothold!

"In public and private, it seems that we can't let the descendants of this demon leave here!"

After Wulong Taoist and other nine big summer ranking Lords glanced at each other, they already had the intent to kill.

Soon, Levi finished dealing with the others.

There are only the nine strongest players standing!

The battle between the top players is coming!

## Chapter 1796

But one thing is that Levi just wanted to kill someone angrily.

But when he did it, he still left behind.

They just maimed these people, but didn't kill them directly.

Later, he will ask who arrested Junjun...

"Lords of Tianban, must take down this demon! He is almost invincible!"

The people lying on the ground began to shout.

Their hopes are all in the top players of the nine top rankings.

Of course, they think that Levi, no matter how strong it is, is no better than the top nine in the sky.

After all, according to the ranking, Levi was at the bottom.

No matter how strong he is!

Wulong Taoist, Xuan Ming Dao Shane, these powerhouses absolutely dominate him!

This is the ranking of Tiance Mansion Tianji Pavilion!

Have absolute authority!

There is a ninety-nine percent probability that you can't go wrong!

"I can kill him alone!"

The Lord of the Crazy Dragon Palace, the God of War, stood up.

"In terms of ranking, I am ahead of him, and he will not be my opponent anyway!"

"you do not..."

What else does the Taoist Wulong want to remind, the mad dragon war god has already killed it.

"The Fury of the Crazy Dragon!"

Once the mad dragon war god got started, it was the ultimate ultimate move.

In an instant the hall was razed to the ground.

The power of the mad dragon exploded, pressing on Levi continuously.

He was like a mad dragon.

The figure skyrocketed instantly.

The air surging around.

Gradually turned into a mad dragon, wanting to engulf Levi!

This is the nineteenth ability of the Heaven List!

“broken!”

Levi snorted coldly.

One punch!

Suddenly tore the mad dragon infuriating.

“puff!”

A fist hit the Crazy Dragon God of War.

The Crazy Dragon God of War was instantly lost, and the whole person flew out!

“You underestimate him, he is a descendant of the evil god!”

“He is almost in a demon in his current state!”

“Yes, let’s go together!”

...

After seeing the power of Levi, the rest of the sky ranking Lords wanted to join forces to kill Levi.

Lord Xuan Lei of the Palace of Xuan Lei!

The lord of Fenglei City, Fengleijian Supreme!

Xuan Ming Dao Shane, the lord of Xuan Ming Hall!

...

One strong after another all stood up.

Except for the Five Dragons Taoists, all the other top seven experts in the Tianban list all attacked Xiang Levi together.

“Xuan Lei Gong!”

“Wind Thunder Sword!!!”

“Xuan Ming Dao!!!”

...

The seven Lords of the top rankings cooperated tacitly with each other, and the seven joined forces.

The strongest combat skills have hit Levi one after another.

Any space and route for Levi to escape was locked.

Let him go head-to-head!

The seven violent moves were all out, and they didn't believe that Levi could stop them, let alone that Levi could survive.

“kill!!!”

Levi was full of fighting spirit, and anger splashed in his eyes.

He hit the strongest punch yet!

There are no gods and demons in one punch!

“Rumble...”

This punch completely broke the speed of sound.

Punch out.

A long wave of air blasted out!

It's like a plane flying in the sky!

The speed of this punch breaks the speed of sound, and the power breaks the mountains and rivers!

This is an unimaginable punch!

“boom!”

One punch!

The strongest combat skills of the seven Lords have all been broken!

“Crack!”

Feng Lei Jian breaks!

“Crack!”

Xuan Ming Dao burst to pieces!

...

“puff!”

“puff!”

...

The seven Lords of the top rankings are flying out one by one.

One punch!

Levi defeated the top seven Lords in boxing!

They are also the top seven Lords in front of him!

Plus the mad dragon god of war!

All the top eight top players have lost!

If this news spreads out, it will definitely cause a sensation in Morendam and the world!

The key is to join forces!

How terrifying is Levi?

Xuan Ming Dao Shane, Feng Lei Jian Zhi Zun these people are all scared stupid.

They couldn't imagine that Levi could defeat all of them!

shame!

Great shame!

In addition, this demon is the same as which evil god, who can be the enemy?

All hope lies in Wulong Taoist.

He is not a warrior.

Everyone prayed for his magic to suppress Levi!

# The Protector Novel Levi Garrison Chapter 1797 – 1798

## Chapter 1797

After all, sorcery is not the same as martial arts!

Spells may kill people invisibly!

In addition, Wulong Taoist is the strongest one in the field!

It is very likely that a ranking is a huge difference!

So Wulong Taoists are very strong!

All the heavy hopes of everyone are on him!

Taoist Wulong looked calm and calmly looked at Levi.

“If you get caught with nothing, I can consider sparing you!”

Wulong Taoist gave Levi a chance.

In fact, the group of forces on the East Island have been observing here.

No one can find them just by using special methods.

After all, they still have to harvest in a while!

“Horrible! Terrible, isn’t it?”

“We thought that Levi was not an opponent, but we didn’t expect it!”

...

The East Island samurai were dumbfounded when Levi was so strong.

“But this is better! The stronger Levi is, the better it will be for our plan! The more real this is at the scene!”

The boss smiled.

On the island.

Levi had just punched the entire island devastated.

The entire island is sinking a lot.

The surrounding sea water is bubbling.

It's like a tsunami is coming...

It was the first time he encountered a Lord of magic arts like Wulong Taoist.

However, Levi had seen all of them in the ancient books left by the cheap Lord and him.

The magic Lord is terrifying!

Any spell can kill people invisibly!

“Get out! You have to lose too!”

Hearing the provocative words of Taoist Wulong, Levi hit it out without saying a word.

“Rumble...”

The island couldn't bear the strong pressure, and sank again.

Seeing a punch hit Wulong Taoist.

I saw a spell in the Wulongdao population, and pinched a decision.

A spell is generated.

Turned into a barrier.

He abruptly blocked Levi's punch!

Upon seeing this, everyone present was overjoyed.

Sure enough, Wulong Taoist is strong enough!

He is the only one in the field who can hold Levi's punch!

This has never happened before!

"carry on!"

"boom!"

Levi threw another punch.

Wulong Taoist concocted in the same way, and once again generated a spell, which caused the wind to form a barrier, once again blocking the punch.

But his face changed slightly, and his body trembled.

Obviously, playing such a spell is also very costly to him.

"I think when you can carry it?"

"boom!"

The third punch blasted out.

Wulong Taoist's face was pale, and his figure was shaking.

“boom!”

The fourth punch blasted out.

Blood spilled from the corner of Wulong Taoist’s mouth.

“boom!”

The fifth punch blasted out.

Wulong Taoist vomited blood violently, and the whole person was almost unable to hold it.

“boom!”

The sixth punch blasted out, and the barrier formed by the spell was directly shattered.

“puff!”

Wulong Taoist flew out directly.

Every time a spell is generated, it consumes too much for him.

Especially Levi’s attack at this level!

If it weren’t for Levi, he wanted to see what the spells were like.

Levi can solve it with one punch!

Wulong Taoist can only defend in front of Levi.

Offensive spells cannot be used at all.

At this time, no one was standing.

“Say, who caught my daughter? Stand up!”

Levi looked at everyone and asked.

“No... it’s not us, it has nothing to do with us, we are also framed!”

“Yes, someone planned all this!”

...

Everyone began to explain.

At this moment, Junjun woke up and she shouted: “Dad, it’s not them! It’s someone else! I know!”

Levi quickly picked up Jun Jun.

“Go, let’s leave!”

Now that Junjun knew who was behind the scenes, Levi didn’t need to check again.

These people will not be killed for the sake of the child’s face.

It can also be considered as Morendam to save a piece of martial arts power.

After Levi took Junjun away in a fighter plane.

One person quietly appeared on the island.

He is like a god of death.

Start to harvest life...

Chapter 1798

Looking at the murderous figure.

Everyone felt a deep chill inexplicably.

They seem to be lambs to be slaughtered!

“Levi, haven’t you all left? Why are you back again?”

Wulong Taoist couldn’t help asking.

“No, he is not Levi!”

Xuan Ming Dao Shane exclaimed.

Immediately, everyone felt that the breath of the incoming person was different from Levi.

“Withdraw, withdraw quickly!”

Everyone reacted and immediately retreated.

It’s just a fight with Levi.

Everyone is seriously injured!

Where can I run away?

“Stay here!”

A murderous intent flashed in the eyes of the visitor.

He began to slaughter everyone on the island indiscriminately.

A few minutes later.

There are corpses all over the island.

None of the top nine Lords and other Lords are spared!

The island sank again.

After a while, it will be completely submerged by the sea.

After doing all this, the person still used to take out a white handkerchief and wipe the blood on his hands.

Then left.

When this person leaves for a minute.

The Lords of Tiance Mansion just arrived.

The time card is just right.

After Tianlong waited for the people from Tiance Mansion to arrive, he was shocked by the scene in front of him.

The island was about to be sunk.

Everyone is dead.

“This, this...”

Everyone was so shocked by the scene before them that they could not speak.

Tianlong sighed with regret: “Hey, we are a step late after all!”

The faces of everyone were full of anger and self-blame.

They clearly knew that Levi came in a hurry, and something big must have happened.

Obviously chasing wildly behind.

But hurry up and hurry, but still failed to prevent the tragedy from happening.

They regret it.

Why can't it be faster?

How good is it to stop Levi earlier?

But something happened.

Can't tolerate them taking regret medicine!

"This is the eleventh Five Dragon Taoist in the Heaven List!"

"This is the twelfth on the list..."

...

They counted the identities of the dead one by one.

The more you count, the more fear!

Half of the big summer list is here!

Half of it!

There are also major ancient forces, and even ancient forces in adjacent areas.

This time the strength of the Morendam martial arts world was greatly weakened.

It is much more serious than Grand City Mountain Villa.

After all, the participants this time are basically the Seventh Heaven, or the powerhouses close to the Seventh Heaven.

It was all killed.

This loss is too great!

Morendam martial arts world may be greatly injured!

This is a situation that has never happened before!

“Come on, there is still someone alive here!”

Soon the yellow fox found that someone was alive.

Everyone leaned forward immediately.

Xuan Lang asked coldly: “Is it Levi’s killer?”

“Yes Yes Yes...”

The population was vomiting blood, trembling all over, trying to tell the truth.

He wanted to say it was someone else.

But when the words came to my lips, I didn’t say it for a long time.

“Woo!”

In the end, he didn’t change it in one breath, and he died!

“Levi really is you!!!”

Xuan Lang roared.

Before he died, what this man could say has always been-yes yes yes!

Plus the yellow fox, they checked it again.

This is indeed the Cthulhu’s technique!

Only Levi was here just now, besides him, who else?

Even if things are unreasonable, seeing is believing.

Those details will be ignored!

unambiguous evidence!

Real Hammer Garrison King's Landing!

Earth Tiger said angrily: "Levi is too ruthless, right? Will everyone be slaughtered at every turn?"

"Yes, the devil is the devil! The life of the man is regarded as a must! Killing innocent people!"

Huang Austin also took a breath: "In fact, none of these people did anything wrong, at most they wanted to accept his daughter as an apprentice! Is there anything wrong with this? As for this kind of killer?"

"Levi, you are crazy! You are going to follow the path of the Huoyun evil god, are you going to overthrow the entire Morendam martial arts world?"

Tianlong roared.

"No, I think he will target the entire Morendam!"
