

The Protector Novel Levi Garrison Chapter 1799 – 1800

Chapter 1799

A big hat has been buckled on Levi's head.

Now his risk index is too high and too high.

A direct threat to Morendam's safety!

"If Levi doesn't get rid of it, he will definitely become the most dangerous disaster for Morendam!"

Xuan Lang stared at several people: "You shouldn't stop me from the beginning! It's best to let me kill him!"

"But are you sure you can kill him?"

Others questioned.

If it were before this incident, Xuan Lang was full of confidence.

But today he saw a shocking scene!

Half of the big summer list is not his opponent.

What's more, so many Seventh Heaven's Lords were dead.

How does he fight?

Levi is too strong, too strong!

To be crowned with the title of Demon Head means very strong!

The reception meeting planned by the forces of the East Island was perfect to the point of perfection.

Collecting so many treasures, he severely damaged the Morendam martial arts world, and made Levi a super monster.

“This matter is of great importance and may cause great turmoil! Need to be reconfirmed!”

After the reinforcements from Tiance Mansion and Baolong clan arrived, they discussed.

“understand!”

Everyone collected evidence again and sorted out clues.

“Hundred percent of the tricks to kill are from the tricks of Huoyun Cthulhu! Nothing wrong!”

“Levi just came here, and there was a big battle, that’s for sure!”

...

After the evidence and clues are sorted out, they are confirmed to be correct.

It was Levi who killed all the Lords present and severely damaged the Morendam martial arts world!

“Okay, the news can be reported!”

After this news is reported, everyone knows what it means!

Levi will become the enemy of Morendam!!!

Facing the crusade from the Morendam martial arts world, even the martial arts world in the surrounding area will also crusade Levi one after another.

The problem is too big!

Something happened!

On the way back, Levi also realized this.

Something will happen!

Through everything that Junjun described to him.

Levi had guessed that he was framed!

This is a game!

Because of Jun Jun, he must step in!

And the other party designs everything.

Specifically for Levi's weakness!

The situation was so urgent that he didn't have any time to think about other things.

But for Levi, as long as Jun Jun is rescued, nothing else is a matter.

Even if he was framed or wronged, he endured it.

"Wang, do you need to go back now?"

Not only asked.

"It's too late to go back now, the people from Tiance Mansion have arrived!"

Levi took a deep breath: "If nothing happens, everyone on the island will die!"

Suddenly, remembering something, Levi immediately contacted the Western Heavenly King: “Xiaoxi, quickly check the situation of those people in Grand City Villa!”

He realized an extremely serious problem.

A few minutes later, news came from the Western Heavenly King.

“Wang, the tens of thousands of warriors in Grand City Villa have all died, and no one is spared! It’s just that they deliberately suppressed this matter in Tiance Mansion!”

“Wang, it seems that they have put all the charges of Grand City Mountain Villa on you!”

...

Levi couldn’t listen to what Xitianwang said later.

It turned out that this game had already been designed.

He didn’t even know the key.

He finally understood why Tiance Mansion had targeted him for no reason and had such a bad attitude towards him.

No matter how bad it is, he is also the king of words side by side!

No wonder Tiance Mansion will try to take you away...

Everyone is afraid of this situation.

A demon’s daughter, with the highest level of talent, staying beside the demon, is this still worth it?

Can’t wash it!

At this time, he had a hundred mouths and couldn't tell.

If it was only Colin, Colin would almost believe it.

But now it is Tiance Mansion and Baolong clan who are dealing with everything.

In the face of ironclad evidence, they will not believe in themselves...

Levi started to have a headache...

Chapter 1800

“Wang, the opponent is clearly set up! They want to make you a big monster!”

“Every time after you leave, the people from Tiance Mansion will arrive immediately, and the time is just right!”

“This obviously makes Tiance Mansion and Baolong clan want to deal with you, and even cause a battle between you and the Morendam martial arts world! This will greatly weaken the strength of the Morendam martial arts world!”

...

Several colleagues in the industry began to analyze the current situation.

Levi nodded again and again.

They are all right!

wrong!

have a question!

Suddenly Levi thought about the problem.

Killing tens of thousands of people and getting rid of all the Seventh Heavenly Powers on the island is not a simple matter.

Although they are all injured!

But in this very short time when Tiance Mansion arrived, it was not an easy task to kill so many Lords and then retreat all over.

You don't want to leave any traces!

It shows that it was not a large number of Lords who shot the massacre, but a few people, or even one person.

In addition, Tiance Mansion is the strongest ancient martial arts institution in Morendam, and the people in it are not ordinary.

They are not fools.

Don't you see the clue?

Those people died completely from the second injury.

Can't they tell?

If you really can't see it, it can only explain one thing-the person who does it uses the same technique as Levi.

Perfect grafting, leaving no clues.

The same technique as yourself?

Thinking of this, Levi was startled in a cold sweat.

In these two massacres, the best way to blame yourself is to use your own practice!

But my own practice was passed on to me by the cheap Lord!

It can't be the hand of the cheap Lord!

Who can it be?

Still this exercise?

And it seems that the strength of this person is definitely not low.

In this way, I can't tell even more.

“Wang, what should I do now? It is estimated that you will soon become the public enemy of the Morendam martial arts world! Countless people will attack you in the future!”

Several men asked.

One of them said: “I think you have to hide first to avoid contact with Tiance Mansion and other people! This will minimize the damage and impact!”

“Yes, once you come into contact with them, you will get more and more unclear if you have conflict!”

...

Levi rubbed his temples and said coldly, “Let me think about what to do. It's best to get the person behind the scenes out!”

...

the other side.

The group of forces on the East Island have evacuated.

“Fortunately for you!”

The crowd bowed at the shooter.

“I also made a mistake this time, but fortunately that person didn’t tell the truth just now!”

It turned out that the Dongdao group had left.

But Ono Ichiro was always around.

He saw a picture of someone not dead.

“Be careful next time! Fortunately, God will help us! He still didn’t say it after all!”

“OK!”

“Fortunately for you! But our plan has just begun!”

“We must continue to add fuel and fire! Let the name of Levi’s demon be true!”

“Let him have to fight against the Morendam martial arts world! Against the Baolong clan of Tiance Mansion!”

...

The plan of the East Island forces has just begun.

Tianlong reported everything truthfully to Tiance Mansion and Baolong clan.

The senior officials of Tiance Mansion and Baolong clan met for the first time to discuss.

“Can’t let him go on like this anymore!”

“First, let Colin cancel his position as king of the word side by side!”

“Secondly, from now on, pursue Levi with all your strength! No matter what, let’s catch someone first!”

“Third, Levi’s daughter must be brought to Tiance Mansion!”

“Special attention is to never let him leave Morendam! Once we leave, it will be difficult for us to catch it!”

This is the decision of Tiance Mansion.

When these three orders were passed out, Morendam was going to make a sensation...

The Protector Novel Levi Garrison Chapter 1801 – 1802

Chapter 1801

Colin was dumbfounded after receiving the news from Tiance Mansion and Baolong clan.

Especially seeing the iron evidence, each is even more embarrassed.

“Anyway, I believe in one word side by side! Just seeing him practice the demon head’s exercises, it is said that he is evil? Who believes it?”

“Yeah, even though the practice of saying one word side by side king is really extreme. But has he done anything that is not good for Da Xia?”

...

After experiencing the first few things, Colin had a strange trust in Levi.

Even in the face of ironclad evidence, I didn't believe it.

“Let us cancel the identity of the king of the word side by side? Impossible!”

“Hurry up and reply to Tiance Mansion, let's not do it!”

“We can't order them, and they don't want to order us!”

...

Colin was still unwilling to punish Levi.

At this moment, Colin received a satellite call from Levi.

“What?? You said, you want to cancel the identity and all the privileges of one word side by side?”

The person who answered the phone looked incredible.

Levi took the initiative to revoke the identity and privileges of the one-word side by side king!

“It's too late for nonsense! Implement it! Also listen to me! Listen carefully...”

Later, Levi exhorted a few more words.

“Understood, we will do it right away! Absolutely confidential!”

...

In the end, Colin passed the plan sent by Tiance Mansion.

Three orders will be issued soon!

But just before the three bans were issued, a piece of news caused a sensation throughout Morendam and the whole world.

Tianji Pavilion suddenly updated the Great Summer Land List!

The list of places, that is, the list of Tianjiao almost does not move.

But only one person's ranking has changed.

Jun Jun, who was originally ranked 20th at the end, suddenly soared to sixth!

Tianji Pavilion explained this with only eight words—the talent is the first, and there is no one forever!

The meaning is obvious!

Jun Jun's talent is the best in the past and present!

Others are on the list with real power, but Junjun is on the list with talent!

But this is not compelling!

The most eye-catching thing is the change of the top list!

The eleventh to nineteenth strong players on the top list are all removed from the list!

Immediately there are new strong players to add up.

The news of the death of the Ninth Heavenly Ranking Lord of Wulong Taoist also spread out for the first time!

All dead.

So get off the list!

But the most important thing is the change in the ranking of the twentieth Zhentianwang.

Soared directly from the twentieth to the sixth!

The reason given by Tianji Pavilion-Zhentianwang is one of the nine Lords in the consecutive killing list, as well as eighty-seven Seventh Heavens and 193 nearly seven-fold powerhouses!

Below the eighth heaven, he is invincible!

This ranking is obvious!

Starting from the fifth place, it is the realm of the eighth heavenly powerhouse.

That's another level.

But at this level, Zhentianwang is invincible.

So he ranked sixth!

But the heaviest news is yet to come!

Tianji Pavilion subsequently announced the true identity of Zhentianwang!

The King of Heaven is the first strong man in the last big summer list-the ultimate evil god, the descendant of the super demon, the fire cloud evil god!

Once one person beat all the strong on the top list, no one is his opponent at all!

It can be said that it was the Evil God Era!

The last time Tiance Mansion and Baolong clan were born, it was also in the Evil God era!

These ancient forces, when it comes to the evil god of Fire Cloud, they all have a broken heart!

At that time, they were all in fear of being dominated by evil gods.

Originally thought Huo Yun Cthulhu had completely disappeared.

As soon as this news came out, the Morendam martial arts world was about to explode.

Even those ancient forces who have not yet come out of the hidden world are going crazy!

The descendant of the ultimate evil god?

This is also terrible!

And looking at this trend, the descendants of the Fire Cloud Cthulhu are likely to top the top of the list again!

That will be the end of Morendam!

Morendam martial arts world doesn't want a second evil god to appear!

Must get rid of before he grows up!

King Zhentian must die...

Chapter 1802

Shock!

All Morendam was shocked!

Those ancient forces that are deeply hidden can't sit still!

Even ordinary people can't sit still!

If such a demon appears, it will be a disaster for everyone!

In this way, King Zhentian will become the enemy of Great Xia!

Everyone gets punishable!

Soon the story of the King of Zhentian slaughtering thousands of warriors at Grand City Mountain Villa and the killing of Lords of the top ranks on the small island of the East Velador Sea spread!

The news that the King of Heaven was Levi was also made public.

One piece of evidence after another was also posted.

And the fact that evil men follow Levi in a crooked way has also been made public.

Even more realizing the identity of Levi!

Soon, Colin released the news.

Levi's identity as the king of the word side by side was revoked.

Quan Morendam made a sensation again!

Now everyone did not dare to do anything because of Levi's identity.

Now Levi has no identity, everyone can kill him!

The news spread out like a tide.

After the announcement of Tianji Pavilion.

Levi also received it immediately!

“Heir of the Huoyun Cthulhu? Could it be said that the cheap Lord was the number one Huoyun Cthulhu in the sky?”

Levi was very shocked.

Perhaps Lord left the prison because he knew that sooner or later he would be exposed?

But the Lord said it was a demon?

impossible!

So how can a kind old man be a demon?

That's right.

Many of the exercises that the cheap Lord passed to him were extreme and eager for success.

It can indeed be classified into evil ways.

But how to use the exercises still depends on whether your mind is upright.

For example, he passed the exercises to Xiao Feng and others.

Are these people the devil?

No!

On the contrary, Xiao Feng and the others are also actively contributing to Morendam!

In addition, Levi read countless people.

The old man is not only not the devil, but on the contrary, he is still a good man.

But when the Western Heavenly King passed him the top-secret information of the Huoyun Cthulhu, Levi began to doubt again.

Because in the data, the evil god of fire cloud is a cruel and terrifying evil god!

Killing is as commonplace.

There are only cruel methods you can't think of, nothing he can't do.

Look at the dozens of pages of atrocities listed!

cruel!

Violent!

Mood!

It's no different from a beast!

...

This is your impression of the Huoyun Cthulhu!

His crimes are endless!

The Huoyun Cthulhu is a great demon that everyone gets and punishes!

Even Levi couldn't help but get rid of the Huoyun Cthulhu!

Is this a cheap Lord?

Isn't it?

How does this make Levi believe?

Perhaps there is a hidden secret that he doesn't know!

Now unless he asks the cheap Lord in person, Levi doesn't believe it.

But in any case, Levi always felt that the legendary Fire Cloud Evil God and the cheap Lord were different.

But he happened to be the heir of the Huoyun Cthulhu!

There is no doubt about this!

“Wang, from now on, Morendam will have no place for you for the time being!”

“The Morendam Martial Arts Realm and Tiance Mansion will not let you go! But if they come to deal with you, you can’t kill you. The situation is so difficult!”

...

Levi was lost in thought.

He was thinking about what to do next...

Subsequently, Tiance Mansion once again released the news through Colin.

Directly point out Levi’s daughter Junjun...

Why doesn’t Levi want others to accept his daughter as his apprentice?

Now the reason is clear!

It was Levi’s fear that others would know that he was the descendant of the Huoyun Cthulhu!

After all, this child is now a descendant of the Heretic God.

The body is more or less breathable.

If others can see it, his identity will definitely be exposed.

That’s why this child is hidden.

For the present.

On the one hand, Tiance Mansion pursued Levi, and on the other hand, he brought Junjun to Tiance Mansion to purify her inheritance of the evil spirits and cultivate her into a decent figure.

The Protector Novel Levi Garrison Chapter 1803 – 1804

Chapter 1803

Now every message comes out.

It's all against Levi!

Will intensify the contradiction step by step!

This is the result the East Island forces want!

It was to push Levi into a desperate situation.

Let him fight back.

Great collision with Tiance Mansion and Morendam Martial Arts World.

No matter who wins, they are all reaping the benefits.

What everyone did not expect was that it was even out of the East Island forces and Tiance Mansion.

Followers of those evil gods.

They are also the evil demon outsiders in the eyes of the decent, they actually appeared one by one at this moment.

Once in the era of Cthulhu.

They follow Huoyun Cthulhu, so decent that they can't lift their heads, what a beauty.

But since Cthulhu ended.

They were purged by decent and the Baolong clan of Tiance Mansion.

The major forces that survived were also forced to the corners of Morendam, hidden, and lived an extremely dark life.

If it weren't for the news from the evil gods, I'm afraid they would be born, old, sick, and die in the dark for the rest of their lives.

How dare to come out for half a minute!

But now it's different...

"Heir to the Heretic God? Doesn't it mean that we will have a leader in the future?"

"We have been waiting for this day for a long time. We can't wait for the evil god, and we can also wait for the descendants of the evil god!"

"I hope that the descendants of the Heretic God can lead us to reshape the glory of the Huoyun Heretic God!"

...

The followers of the Heretic God who have the backbone of the Lord's heart are now present.

They want to follow Levi!!!

No one thought of this!

These ancient Cthulhu forces actually appeared one by one!

Their strength is stronger than those evil ways that follow Levi.

Back then, under the leadership of the Huoyun Evil God, they could compete with the entire Morendam martial arts.

Hidden so deep now is to avoid Tiance Mansion and Baolong clan.

“Hurry up and release the news! If anyone dares to move the Heretic God, whoever is going to do it right with us!”

“All of us will follow the descendants of the Heretic God!”

...

As soon as the news came out, Morendam boiled again.

Even Levi was dumbfounded.

What's this?

A group of evil spirits outsiders are coming to follow themselves?

Do you think you have not enough trouble?

It was a lot of trouble.

Now they are glued up one by one.

The big moves of the followers of Cthulhu have further confirmed Levi's identity as the devil.

I really can't clean it anymore now.

However, the appearance of the followers of Cthulhu makes the East Island forces who plan everything more excited.

What I really want to come.

Before, I was thinking that Levi was fighting alone, and facing the entire Great Xia, he might be alone.

Unexpectedly, these evil Lords all appeared.

This greatly enhanced Levi's strength!

This way, it is more advantageous to fight against the Morendam martial arts world.

Everything develops according to their plan.

The confrontation between the two powers is bound to hurt both sides.

Morendam martial arts world only needs to suffer a lot of vitality.

The Higashishima Budo World will be the time to rise.

"In a few days, we will start the second plan! The future of the Morendam martial arts world will be completely destroyed in one breath!"

...

The appearance of the followers of Cthulhu has caused chaos on all sides.

Tiance Mansion and Morendam Martial Arts Realm take this to play.

Especially they began to have reasons to blame Colin.

"Do you see the impact? Do you still dare to say that there is no impact?"

Colin was speechless.

The followers of Cthulhu are not Levi.

They could not decide what to do.

It happened that they appeared because of Levi.

These disasters can be attributed to Levi!

“Levi’s threat is now reaching the Huoyun evil god back then!”

“Huoyun Cthulhu was at level 8 in danger back then! Levi is now at level 7!”

This level is the level of Tiance Mansion.

It was enough for the fundamentalists of Tiance Mansion and Baolong Clan to take action.

“Send an order, no matter what, you must capture Levi before Levi and the Cthulhu follow army converge!”

...

For a time, the Lords of the Morendam martial arts world are all out...

Chapter 1804

Although it is said that these martial arts forces are their own kings, they are used to freedom and never want to be restrained.

But that’s because the restraints are not in place!

Under the strong intervention of Tiance Mansion and Baolong clan, many ancient martial arts forces had to listen to them.

It's just that there is less control and less intervention.

However, once something happened, Tiance Mansion and the others ordered them, and these martial arts forces had to act obediently.

The voice of crusade against Levi resounded all over Morendam.

In addition.

The ancient forces of several countries adjacent to Morendam also began to fight against Levi.

After all, in the Battle of Kojima, their power also lost a lot.

Everything is to blame on Levi's head.

There were big movements everywhere.

Immediately, the East Island forces began to refuel.

They set off disputes all over Morendam.

They pretended to follow Levi's evil ways, and started a battle with the martial arts forces.

There are battles everywhere.

Both sides suffered heavy casualties.

In the beginning, their people pretended to sow discord.

In the end, the true followers of the evil god also began to fight with the Morendam martial arts world.

There are "good and evil" contests everywhere.

The East Island forces who had done all this quietly exited, and no one noticed their existence at all.

This matter gets worse and worse!

One by one super ancient forces slowly surfaced.

One by one the demon powers that were not ashamed of the Morendam martial arts world also came out.

The two sides fought hard...

Morendam martial arts world is in chaos.

Completely messed up!

A catastrophe is coming!

The East Island forces sit on the mountain and watch the tigers fight!

At this moment, the public already knows—

The former one-by-one Wang Levi has become a demon!

The existence of everyone crusade!

The Logan and Mann family also knew about this.

“I understand! Why Levi, an ordinary person, can become the god of war in a country, and even the king of one word! It turns out that he is the descendant of the demon! The exercises he practiced are all eager for success, and in a short time The most extreme way to reach the best level!”

“Yes, that’s right! Why does he grow so fast? Isn’t that the reason? He chose the evil way!”

...

After the analysis, everyone was dumbfounded.

In the eyes of ordinary people.

Levi's growth is cheating.

Don't go the right way!

From the point of view of the warrior, he is the descendant of the Heretic God, the great demon of the future!

"Now, it's not just his problem! All the people involved with us will suffer unwarranted disaster!"

"Heavenly slain Levi, now we have to become the enemy of Morendam!"

...

Everyone was in a hurry to cry.

Especially Sarah, his body was shaking with fright.

In just one day, there will be such a big change.

She always felt that Levi had a secret.

Unexpectedly, it turned out to be this!

The descendant of Cthulhu!

Guai had to be willing to give Junjun to others as apprentices, because he was afraid that his secret would leak out.

Even Sarah understood why Levi has been so low-key?

Never reveal your identity or exercises in front of your family.

It was not clear before.

Everything is clear now!

I was afraid that my identity as a descendant of the evil god would be exposed...

It's not that they are thinking.

It is everything exposed now that makes them think so.

They became more and more sure that Jun Jun hadn't lost it, it was Levi who hid it.

I was afraid that Tiance Mansion would discover something.

The situation is dangerous now.

Not only Levi became the target of public criticism.

All of them are ruined!

Jun Jun's future is basically ruined!

"Levi, I hate you to death!!!"

Sarah roared.

"What we are most worried about right now is Jun Jun, he and Levi are too dangerous!"

At this moment, Levi and his party have returned to Jiangbei.

"Wang, what shall we do next?"
