

# The Protector Novel Levi Garrison Chapter 1829 – 1830

## Chapter 1829

“boom!!!”

After receiving this news.

Sarah was dumbfounded.

Everyone in Logan and Mann’s family was dumbfounded.

Even Wen Lei was dumbfounded.

Will Levi be like this?

impossible?

But the facts are here!

This matter has spread throughout Morendam!

The matter is still spread by the power of the evil god...

Real hammer!

But Wen Lei didn’t believe it.

She has a somewhat beautiful appearance, comparable to a star.

But when he gets along with Levi, he never looks at himself.

It seems to be commonplace for beauties.

He doesn't seem to be the one who did this!

Sarah also believed that Levi was fine, but the facts were before him.

What can she do?

Disheartened.

Wash your face with tears.

The daughter was arrested and has not been whereabouts so far.

The husband became the devil and did this again.

“Hey, since you were getting married, I have given you a fortune-telling. There have been a lot of ups and downs in your life! I told you that you don't believe me, now is it all right? His true face is revealed, right?”

Doug shouted with hatred for iron and steel.

Fortune-telling is a real thing.

Sarah could only sob and sob.

Their family was fine.

Why does it become like this?

What if their family were ordinary people?

The two ran the company together, and the daughter went to school well, and the elders in the family enjoyed life.

It is a pity that Levi is in a high position, and he is also a descendant of the Heretic God.

These are destined to be uncommon at all.

Led to the way it is now...

The family is broken and the wives are scattered.

Even the child can't be found.

"Levi, what are you doing? How can I forgive you if you are like this!"

...

The news is really hammered.

Levi reveals the nature of the Heretic God!

All parties are insulting Levi.

Can't wait to cramp him.

At this time, the team led by Richard himself also entered the territory of Morendam.

They rushed straight to Tiandang Mountain.

But on the way, people in the team kept leaving, not knowing where they went.

Hundreds of people left before and after.

I don't know where it went.

Anyway, this is a good thing for Richard and the others.

They can enter Morendam in an open manner and do what they want to do.

It's just that even if Colin expected it, he couldn't call the shots.

Tiance Mansion is now single-minded and only wants to deal with Levi.

They won't care about these!

Tiandang Mountain.

Became the focus of the world for a while.

Countless forces are gathering here.

People living around Tiandang Mountain evacuated one after another, for fear of affecting themselves.

For most of the day, the followers of Cthulhu had basically gathered together.

Levi looked at the Lords all over the mountains, and the corners of his mouth rose.

What a powerful force!

He subconsciously wanted to incorporate this powerful force into Morendam's battle sequence.

Enhance Morendam's power!

But now, he is the enemy of Morendam.

Everyone wants to get rid of it quickly.

But there are still people who believe in themselves.

This is enough!

But when Levi heard these little cubs, he spread the news that he and Fu Jia were in the same room.

He is about to laugh angrily!

Is the pig teammate?

I can't wash everything now!

“Enlighten the little evil god! According to the gossip we got! The seventh, eighty-nine, and fourth, third, and second Lords of the sky list are all dispatched!”

“And the top three Tianjiao and the core powerhouses of the Tiance Mansion and Baolong clan are all here!”

“Even the major foreign forces are coming one by one! Little Cthulhu, we are inevitable for the next big battle!”

...

“I also heard that they hired a Lord of magic skills, who is not on the list, but his strength is definitely at the top of the list! It is said to be one of the top three in the list!”

Levi didn't take it seriously.

But the next sentence cheered him up.

“This magic Lord seemed to be an ordinary person before! What is Wood Zhengjie's name!”

## Chapter 1830

“What? Wood Zhengjie???”

Hearing this name, Levi's face changed drastically.

It's him?

It turned out to be Wood Zhengjie!

A thousand precautions still allowed Wood Zhengjie's disaster to take shape!

Wood Zhengjie had a plan before, but he didn't take any action because he wanted to guard against himself.

This must have happened while he became the enemy of Morendam!

But shouldn't he produce weapons?

How did you become a Lord of magic spells?

correct!

It must be a powerful weapon that makes him look like a Lord of spells.

In Levi's understanding, Wood Zhengjie had invented a powerful weapon, but he did not expect that he had transformed himself.

not good!

Plum dye!

Wood Zhengjie will definitely not let Sarah go.

Levi immediately sent someone to search for Sarah's whereabouts.

Three more hours passed.

The forces of Cthulhu are all assembled!

They lined up in a team, one by one in front of Levi.

Levi was shocked by the battle.

The Cthulhu power is really strong.

No wonder it used to be called the Age of Cthulhu.

Not only is Huoyun Evil God powerful, but also his followers are extremely powerful.

Among the leaders of the Heretic God's forces, Levi found dozens of powerhouses comparable to those of the Five Dragons and Daoists.

There are even six or seven people who are obviously better than the Wulong Taoist group.

Most likely it is the legendary Eight Heavenly Powerhouse!

No wonder even the Tiance Mansion and Baolong clan are so jealous.

If you add so many powerhouses, it would be enough to pose a big threat to Morendam.

“Well, yes, there is the demeanor of the evil god back then!”

A swordsman in white, with a sword hanging from his waist and a folding fan in his hand, is handsome.

In particular, a handsome face is even more deceptive.

Laughing makes people feel like spring breeze.

Don't be fooled by his appearance!

This guy is known as the Evil Sword God!

The murderous demon!

“Yes! If you take time to reach the realm of the evil god!”

A person hidden in a black robe had a hoarse voice as if he was scratching his nails across the glass.

The Seven Evil Gods Black Evil God under Huoyun Cthulhu!

...

The seven evil gods are all the strength of the eighth heaven!

After the Evil God Huoyun disappeared, the seven immediately hid with their subordinates.

In order to retain the strength and look forward to this day.

These seven people appeared together, and few could stop them!

That's why Tiance Mansion was so jealous of the Heretic God's forces, and only invited the strongest in the sky list one by one.

On the top of Tiandang Mountain.

Opposite Levi stood seven evil gods.

They all obeyed Levi unconditionally.

At this time, Levi was wondering if the cheap Lord was Huoyun Cthulhu?

How does he feel not!

And who is the person impersonating himself?

Why does he use the same technique as himself?

What's the secret in this?

Levi didn't tell the seven evil gods about this, what if he stunned the snake?

He should check it slowly!

“Little Lord, all our forces have now assembled! Similarly, our whereabouts are all exposed to them!”

“Yes, if nothing else, Tiandang Mountain would have been surrounded by hundreds of miles long ago!”

“This is a great opportunity for them, to kill us all!”

“Soon the army of Tiance Mansion will attack! At that time, we will be tough? Or something else?”

...

The seven evil gods expressed their opinions, but they all looked at Levi and looked forward to Levi’s decision.

This battle is crucial.

If you are not careful, you may be wiped out!

Levi smiled: “Actually I have planned it!”

“Listen to me...”

Levi leaned in front of the seven and whispered his plan.

“What? How can this work?”

“Yes, this is definitely not good!”

...

The seven evil gods immediately opposed.

“Are you not listening to my orders?”

“Little Lord, I’ll wait for everything to follow your arrangements!”

### Chapter 1831

Seeing Levi’s anger, the seven evil gods immediately knelt down in front of him.

“Little Lord, we were wrong! We shouldn’t have any complaints, I should obey your orders unconditionally!”

The seven bowed their heads and dared not get up.

They all know the fate of violating the evil god.

Although they are the seven evil gods, the one in front of them is the true descendant of the evil gods.

The only one worthy of the title of Cthulhu.

They are all fictitious names!

“It’s okay, get up, just listen to me, go and prepare!”

Levi came to order.

The seven evil gods quickly dispersed.

Levi stood on the top of the mountain with his hands on his back and looked into the distance.

A big battle is coming.

The whole Tiandang Mountain seemed very peaceful this night!

There is no sound of birds and beasts, not even the wind blows.

But the surrounding area of Tiandang Mountain is fierce as fire!

The Lords of Tiance Mansion, Baolong Clan, and the major decent forces are all in place.

The international forces led by Wood Zhengjie and Richard are also in place.

They surrounded Tiandang Mountain to a halt.

Including the sky above Tiandang Mountain, it was also tightly sealed off.

In the hands of these powerful people, it is no exaggeration to say that a fly can't fly past.

What's more, there are so many big living people, don't even think about leaving!

“Should I say that Levi is really stupid! Not only does he gather everyone together, he also exposes the location! Isn't this just waiting for us to catch it all?”

“Hahaha...”

Everyone laughed.

“Don't despise Levi, everyone! He dared to expose the location and gather everyone, for fear that he wants to fight us to the death! This group of demons is hard to deal with!”

“Everyone is ready to prepare! Heed the order, and the general attack will be launched in one hour!”

“understand!!!”

Everyone’s face is filled with excitement and expectation.

Not far from Tiandang Mountain.

The East Island forces gathered here.

“Hahaha...”

“The day we waited is finally here! Things are developing better than we thought!”

“According to our plan, it was all small-scale weakening, but Levi would have gathered everyone together! This battle will weaken the strength of the Morendam martial arts world to the greatest extent!”

“Yes! Tiance Mansion is powerful, but the followers of Cthulhu are not weak! It is said that the seven Cthulhus are all the cultivation bases of the Eighth Heaven!”

“What kind of concept is the Eighth Heaven? In order not to reveal the cards, the War Eagle Nation would rather let Levi leave than send out the powerhouses of the Eighth Heaven!”

“We just wait and see a good show!”

...

But what they didn’t know was that someone had followed the trail and came to the door.

After all, they still left clues.

Before, Levi was not easy to find by himself.

But now Levi can use too many resources.

In addition to his secret team, there are seven evil gods.

The atmosphere of the war is getting stronger and stronger.

Levi was still standing on the top of the mountain. He had been standing for several hours.

He just got news that Sarah was fine.

He just breathed a sigh of relief.

Can concentrate on the next battle.

First solve all the troubles in front of you!

After that, Sarah was rescued.

Tiandang Mountain, the focal point of the world.

This battle has epoch-making significance.

It may affect the direction of the Morendam martial arts world in the future, and even the direction of the whole world.

“Countdown! Three, two, one, start a total attack!”

“Whoo!”

Suddenly a signal flare rose up and exploded over Tiandang Mountain!

“Boom boom boom...”

Suddenly a flash of flares lifted into the sky, dense enough to illuminate the entire Tiandang Mountain like daylight.

“kill!”

“Kill Levi!”

...

Offensive!

Tens of thousands of Lords launched a general attack on Tiandang Mountain from all directions.

“Levi is coming to your end!”

Wood Zhengjie and Richard also joined them one by one.

## Chapter 1832

“Kill!”

Countless Lords climbed Tiandang Mountain from all directions.

Everyone was murderous.

Once you see anyone, you will be killed!

They will not allow any evil spirits to live tonight!

It's going to die!

But a few minutes later, everyone was stunned.

Because along the way, there was no evil demon outside.

It shouldn't be!

According to the number of Cthulhu forces, it should be everywhere.

A place as small as the top of the mountain can't hold so many people.

So where did the people go?

“Be careful, these demons are very cunning. Most of them are lying in ambush, waiting to attack us!”

“Be careful!”

...

Immediately, the Lords of all parties became vigilant, slowed down, and climbed slowly.

But the more you go, the more panic!

No one at all!

The entire Tiandang Mountain is quiet and terrifying!

There is no sound at all.

No one can see it.

There is not even a trace of birds or beasts.

“It shouldn’t, why is there no movement at all? It should be attacked early!”

No one was seen, so everyone continued climbing.

...

Soon, halfway up the mountain, still no one was seen.

This makes everyone’s face full of doubts.

What’s going on

Halfway up the mountain, no one is there!

What are these demons going to do?

What kind of attention did Levi play?

“Too insidious and cunning!”

“Let me see them, absolutely broken into pieces!”

“Keep going!”

...

Lords from all sides continue to climb the mountain from every direction.

There are experts from the Heavenly Strategy Mansion and the Lords of the Heavenly List, but they are not afraid.

The more you go, the more panic!

Strange, so strange.

No one saw it!

Even if they were about to reach the summit, they still didn't see anyone.

“What the hell is Levi doing?”

This is the question in everyone's mind.

“I know Levi! He is resourceful! The more this time, the less he can't take it lightly!”

Wood Zhengjie reminded.

“Yes, after all, Levi and the Seven Cthulhus are very strong! Once they have some conspiracy, we will suffer heavy losses!”

An atmosphere of terror spread over Tiandang Mountain.

Everyone’s expressions are tense and their expressions are frozen.

After some discussions with the senior officials of Tiance Mansion, they decided to let the strong go ahead and open the way, just in case.

The strong of the Tianban and the strong of Tiance Mansion walked in the forefront to clear the way, and other troops followed behind.

Such step by step pressing towards the top of the mountain.

The situation remains the same.

Along the way, I still didn’t see anyone here.

Even some strong people have no bottom.

After all, in everyone’s concept, these evil demons are inherently cunning, cruel and ruthless.

Once they use any conspiracy, they may not be able to stop it.

After half an hour.

The armies of all parties successfully climbed to the top from four directions.

On the top of the mountain, only a figure stood.

That is Levi!

No one thought of this!

There is only one person in the entire Tiandang Mountain!

Where have the tens of thousands of evil god forces gone?

Puzzled!

The Cthulhu forces have all gathered, this is what Tiance Mansion has seen, it is certain.

So many people all went to Tiandang Mountain.

How could it disappear for no reason?

They rummaged almost the entire Tiandang Mountain.

No one saw it!

Where are people?

“How come there is only one person?”

unimaginable!

Can't understand!

The figure slowly turned around.

Levi!

There is only Levi in Tiandang Mountain.

“I have been waiting for you for a long time!”

Levi smiled at the corner of his mouth.

But this look, in the eyes of others, is almost like a devil.

“Empty city plan?”

Isn't Levi sing an empty city plan?

There is absolutely fraud!

But if the forces of the evil spirits lie in wait, where can they lie in wait?

Now every corner is their people!

The Cthulhu forces have no place to hide at all!

Where did they go?

## The Protector Novel Levi Garrison Chapter 1833 – 1834

### Chapter 1833

It's impossible to disappear out of thin air, right?

This is impossible!

How could tens of thousands of people disappear under the nose of Tiance Mansion?

There is another explanation, that is, like the shadow man of the war eagle country and the shadow warrior of the East Island, they hide their figure and integrate with the environment.

This is possible.

But only some people, or a few people can do it.

Tens of thousands of people can't do it!

Where are people?

What is the conspiracy?

"Levi, what tricks are you playing? What about people? What about others?"

Earth Tiger couldn't help asking.

"Yes! Levi, don't be foolish! In the face of absolute strength, your conspiracy and tricks are useless!"

"Yes, Levi hurriedly grabbed it! Then hand over all your subordinates! Maybe I will leave you a whole body!"

...

This group of people watched their surroundings vigilantly as they spoke cruelly.

No one wants to be sneered!

Even those who are strong in the sky list!

Levi was happy.

To put it bluntly, these people are still afraid!

He smiled: "Don't worry, I am the only one in Tiandang Mountain!"

"F\*rt! Ghosts will believe you! We watched so many evil gods enter Tiandang Mountain! How come there is only one person!"

"Levi, don't lie! If you have any conspiracy, just show it!"

...

When Levi spoke, he was immediately rebutted by a large group of people.

Levi smiled.

It seems that Cthulhu has caused a great shadow on this group of people.

“I am enough to deal with you! I don’t need them!”

“You don’t need to look for it, they have already left!”

Levi smiled.

“Leave? Who did you miss? Where did so many people leave? Why didn’t we see it?”

“Yeah! Even if the sky above Tiandang Mountain is within our control, it is impossible for them to fly away! Tell me they left? Who did you lie to?”

...

Everyone roared one after another.

But Levi was right!

The seven evil gods led everyone away!

This is the reason why the seven evil gods strongly opposed when Levi proposed the plan.

They never thought that Levi’s plan was to ask them to lead everyone to retreat.

The seven evil gods naturally did not agree to this.

But this is Levi’s order, they can only execute it.

So they took everyone, including Fu Jia and others, and left Tiandang Mountain.

As for where did they leave Tiandang Mountain?

Not under the eyes of Tiance Mansion, or flying away, let alone disappearing out of thin air.

In fact, Levi was making this decision after determining the location of Tiandang Mountain.

He asked the secret team to dig a tunnel in the Tiandang Mountain.

Morendam was originally called an infrastructure madman.

What's more, a group of top Lords are digging in person.

They dug out this secret passage in just one day.

That's why the seven evil gods disappear without even knowing it with tens of thousands of gods.

Leave in the passage in the mountain.

This is how Tiance Mansion would not have thought of it.

Even the sky is blocked.

But there are mountains!

Now, Levi is indeed the only one in Tiandang Mountain!

In order to prevent the other party's conspiracy from succeeding.

He just used this strategy.

Let the seven evil gods lead people to leave quietly, and prevent them from encountering the army of Tiance Mansion.

Directly shattered the plans of the East Island forces!

They wanted a frontal collision between the Morendam Martial Dao Realm and the Heretic God's forces, greatly weakening the Da Xia Martial Dao forces.

But Levi didn't let them succeed!

"It's not good! We found a secret passage in Beishan! Go straight to the mountain, and the exit is in another place!"

"We suspect that the seven evil gods led people away from the mountain passage!"

...

At this time, the Lord of Tiance Mansion discovered this secret passage.

"Levi, what are you going to do?"

## Chapter 1834

Now, all of them in Tiance Mansion knew why people disappeared out of thin air!

It is impossible to imagine.

Levi went out of the mountain through a tunnel!

I can't believe it if I'm killed!

This explains why so many people disappeared out of thin air!

Faced with this situation, Tiance Mansion is also helpless!

If the above blame comes down, it is a major negligence!

The responsibility will be on them!

If Levi walked away quietly with all the heretical forces, then they would be crazy!

It's all their responsibility!

Fortunately, Levi is here!

Otherwise it will be too much trouble!

But another question came to my mind.

No, there should be several questions.

Why did Levi let the seven evil gods lead people away?

Just leave him here?

Isn't this going to die?

With this opportunity to escape, why not escape?

If you don't want to escape, you should keep everyone around!

The Cthulhu forces are a very strong team!

Why let them go?

Can't figure it out!

Thinking about this matter from that angle, I can't figure it out!

Even at the beginning, why Levi rashly summoned all the forces of the evil gods was an incredible decision!

This is not to let everyone catch it all in one go!

Everyone can't figure it out after tearing their scalp.

But how did they know that Levi was dedicated to Morendam.

Do all kinds of unthinkable things, just to reduce Morendam's loss and prevent the enemy's conspiracy from succeeding!

He will always be the God of War, and he will always be the king of the word side by side!

At any time, you must trust him unconditionally.

Leave everything to him!

Tiance Mansion did not expect it, nor did the forces of the East Island.

Just when they wanted to sit on the mountain and watch the tiger fight, they found that the tigers were all over.

Everything they expected could not be achieved.

Only Levi!

If they wanted to pretend to be Levi and kill everyone as they did the first two times, it would not be possible to achieve it.

Not to mention that the eyes of the whole world are gathered here.

What's more, all the top powerhouses present!

"It seems something is wrong!"

The group of East Island forces not far from Tiandang Mountain began to frown.

Because the leaders of Tiance Mansion have their spies.

When the spies passed the news, they were also dumbfounded.

Everyone disappeared?

“Hurry up and send someone to see what’s going on!”

They immediately sent Lords to Tiandang Mountain to inquire about the situation in person.

Little did they know that in this way, they exposed their feet.

The people arranged by Levi watched them thoroughly.

Especially the seven evil gods who left they also took action.

Part to rescue Sarah, part to investigate clues.

Tiandang Mountain.

Tianlong stared at Levi: “What are you going to do Levi?”

Levi smiled: “Don’t do anything, don’t you want to kill me? Come on, deal with you, I am enough!”

“You...you are too arrogant! Do you really think that the world is invincible? Your ranking is only sixth! There are many who are stronger than you!”

“Levi is your death date today!”

...

Levi’s words aroused many people’s dissatisfaction.

But the strong are thinking about why Levi is like this?

At this time, Wood Zhengjie’s expression in the crowd became weird.

He hasn’t shown up just now.

Levi had just searched for him a few times but couldn't find him.

This guy hides deeply.

“Not good! Adjust the tiger away from the mountain!”

Wood Zhengjie said suddenly.

He couldn't understand all the reasons why Levi withdrew the seven evil gods, but he guessed one of the reasons.

Levi must have sent someone to rescue Sarah.

Definitely!

“I still have something to do temporarily, I will leave it to you to clean up Levi! I will leave immediately!”

Before Wood Zhengjie showed up, he left Tiandang Mountain and went straight to the Shenlong Science and Technology Base.
