

# The Protector Novel Levi Garrison Chapter 1847 – 1848

## Chapter 1847

Levi was dripping with sweat.

It stands to reason that his level of strength is impossible to sweat.

But because I was nervous about plum dyeing, I sweated.

Lab One is his last hope!

Looking at the ruins, Levi felt desperate in his heart.

He himself knew that there was little hope.

If you really can't find anyone...

He can't imagine the consequences!

Maybe he will go crazy!

Especially there are not many ruins in Laboratory One.

As the center of the explosion.

Almost everything is destroyed.

There are not many things left!

As the rescue team began to search, Levi's heart remained hanging.

Please do not!

Please do not!

He prayed silently!

The excavation began, and the ruins of Laboratory One were dug up little by little.

Levi used his hand instead of the machine to dig in the forefront.

The more you dig, the cooler Levi's heart becomes.

There are no signs of life!

He can't feel it!

Flustered!

Levi's figure was shaky.

It seems to fall down at any time.

Ten minutes passed.

All the ruins of Laboratory One have been excavated!

nobody!

No one!

Not Wood Zhengjie, not Wen Lei, not even Sarah!

Lab One is like hell, no one survives!

"Lab No. 1 is the central point, how could anyone survive?"

Someone said subconsciously.

After speaking, he regretted it.

Because he was stared at by a pair of blood eyes.

“Puff!”

He was so frightened that his legs became weak and he fell directly to his knees!

“I, I, I...”

At this moment, he felt the coming of death.

“what!!!”

A wild roar, as if to pierce the sky.

“puff!”

“puff!”

...

Everyone vomited blood on the spot and all passed out.

At this moment, Levi was really crazy.

Plum dye is really, really gone!

He is very reluctant to admit this fact!

But he knew it!

The energy just now, let alone plum dyed it, even he can't stop it!

The terrible energy just now can make any object disappear in an instant...

Not surprisingly, it was Sarah, Wood Zhengjie and them all disappeared without exception.

They are gone!

Sarah is gone!

Levi screams up to the sky!!!

The thunder is surging, and the sky seems to be angry!

Levi's anger is enough to change the color of the world!

“Boom!”

“Boom!”

“Boom!”

...

Levi hit the ground with a punch!

The earth began to shake vigorously, just like a big earthquake!

Everyone was shaken!

“Presumptuous! Levi is not your place to go wild!”

A cold shout came, Colin and the people from Tiance Mansion came.

After the rescue team reflected on the situation here, they sent someone to check.

When I arrived at the base, I just happened to see Levi in the wild.

The Lord of Tiance Mansion immediately stopped Levi.

“Hurry up!”

Levi said without looking up.

“Let’s get out? Levi, are you crazy? What a joke! Stop everything! Otherwise, don’t blame us for being rude!”

The Lord of Tiance Mansion stared at Levi.

Levi stood up slowly, his beast-like eyes swept across.

Everyone of the Lords of Tiance Mansion had a bad premonition in their hearts!

“boom!”

“boom!”

“boom!”

...

“puff!”

“puff!”

“puff!”

...

Levi directly slapped his hands and took out a few slaps. The terrifying power was overwhelming and could not be resisted.

Hundreds of Lords in Tiance Mansion were beaten into flight, everyone was bloody and bloody...

Levi hasn't lost his reason completely yet, leaving a hand, otherwise all these people will have to die!

Frightened silly!

Everyone was scared silly!

Is this the descendant of Cthulhu?

too frightening!

"Levi is really a demon!"

Everyone in Colin was also frightened.

They can feel Levi's anger, he is the devil now!

## Chapter 1848

Everyone feels an unprecedented oppression!

That is the oppression from the gods above the nine heavens!

Can evoke the fear in people's hearts!

Seeing Levi, everyone shivered, and automatically stepped aside to let him pass.

This is the power of the devil!

For the first time, Colin began to suspect Levi.

They didn't believe that Levi would be a descendant of the Heretic God, or a great demon.

But everything they saw today made them suspicious!

What Levi is showing now is not a big demon?

In the end what happened?

Let Levi become like this?

What they faced just now was not a person, like a beast!

Bloodthirsty and ruthless demon!

They were just scared.

In fact, Levi's reason is still there, otherwise it is not just hurting people, but no one has killed!

Tiance Mansion spread the news immediately.

The descendants of Cthulhu are rampant!

Indiscriminately killing innocents, destroying the Shenlong base, causing countless casualties!

Hundreds of Lords in Tiance Mansion were all injured!

He has become the biggest threat to Morendam!

Levi left the base in despair.

"No, I believe that Sarah is alive! Before I saw the body, I didn't believe she was not there!"

Levi muttered to himself.

He walked away from the Shenlong base, his brain was blank.

The feet are flirty, as if they are about to fall down at any time.

He is unconscious now, he doesn't know where to go...

The whole person is not possessed by the soul!

Soon, news of the battle of Tiandang Mountain spread throughout the world!

Morendam and the whole world were shocked!

Levi's unmatched combat power shocked the world!

The strong in the sky list and the tens of thousands of strong cannot stop Levi at all.

In the battle of Tiandang Mountain, Levi swept everything by himself!

The invincible posture is emerging!

The army of Tiance Mansion failed to stop him!

Just one person!

Who can stop him?

He is no longer a descendant of Cthulhu!

He is the deity of Fire Cloud Cthulhu coming back to Great Summer!

At the same time, Tianji Pavilion also updated the ranking of the Big Summer Ranking.

All Morendam is shocked!

In the past, the summer rankings were very stable.

It may only be updated every few decades.

But now it is updated every few days!

It's so exciting!

The ranking has been updated-

Levi soared directly from sixth to second, ahead of Common Killer and Kyushu Xuanzun!

Except for the legendary Northern Emperor, Levi is the strongest.

According to Tianji Pavilion's assessment of Garrison Frank's imminent danger, it has reached level 8.

It's almost ninth level from the highest level of the Fire Cloud Cthulhu!

So he was directly ranked second in the sky list!

Ranked in front of the common killer who suppressed an era!

In the strength evaluation of Tianji Pavilion, Levi's strength may be slightly weaker than Common Killing God, but the danger and growth potential are huge.

Therefore, it is ranked before the commoner to kill the gods!

The most terrifying point is that the key is that Levi is still young. If he grows for another ten years, who can stop him?

At that time, I was afraid that Huoyun Cthulhu had the strength of 80 to 90%.

That would really be a disaster!

Back to the era of Cthulhu!

After the evil spirits learned about the situation of the Tiandang Mountain battle, they all cheered.

They didn't follow the wrong person!

As long as you follow Levi, you will return to the Evil God era!

In addition, Levi arranged the affairs of the four evil gods.

They also succeeded.

Staring at the East Island forces successfully!

Although these people fled one by one after the plan failed, everyone was being watched.

The major evil gods and their forces are waiting for Levi to return to take the helm!

From then on, they don't have to hide in the dark corners, they can go in and out of every place openly!

However, at this moment, Levi was confused, walking aimlessly, he didn't know what to do...

The soul and consciousness seemed to be taken away.

The whole person is like a walking dead!

Only plum dyed the name in his mind.

So, is Sarah alive or dead?

## The Protector Novel Levi Garrison Chapter 1849 – 1850

## Chapter 1849

Also, is Wood Zhengjie dead?

Can his pure energy body be able to withstand the bombardment after particle collision?

Wen Lei is the closest to the particle collider!

Did her ending disappear in an instant?

No one knows yet.

The result given by the rescue team was that the super energy destroyed everyone!

No scum left!

After all, the power of this superparticle collision is enough to destroy a city with a population of tens of millions!

They directly attributed this incident to Levi.

Levi's fierce name is more prominent than before!

He has grown into a generation of evil gods!

The call of Tiance Mansion and Baolong clan to attack him is very high!

And after the collapse of international forces like Richard, they are also actively attacking Levi, putting pressure on Tiance Mansion.

The stronger Levi is, the greater the threat to them.

...

At this moment, Levi was walking desperately, and along the way, I don't know how many people were knocked down by him.

There are even overseas forces who want to win him over and mention Junjun's name.

It probably meant that Jun Jun was taken away by them and asked Levi to join them.

“Right, Jun Jun!”

Jun Jun came to Levi's mind.

There was something wrong with Sarah, and he would never allow Jun Jun to do anything.

Bullshit

Where is Junjun, he doesn't know?

After killing these people, Levi rushed to the place where Junjun was.

After Levi asked his subordinates to deliberately capture the three of Junjun and his mother, they actually took them to Wushuang City.

No one thought of this!

For the current era when the strong are coming together, Wushuang City has no sense of existence.

The strongest is just the five heavenly powerhouse, so small.

So no one will pay attention to a small Wushuang city at all.

But Levi hid people here.

After coming to Wushuang City.

The third elder of the Lord who used to be Sarah asked: “Mr. Garrison, where is Sarah? Why didn’t I see her here?”

Levi was silent for a long time, and said the details: “...Sarah may not be there anymore...”

“impossible!”

The three elders immediately said.

“Ok?”

Levi was taken aback.

“Mr. Garrison doesn’t know anything about it. We must leave a mark of Wushuang City on the member who is a member of Wushuang City! First, we can distinguish the identity; second, we can judge life and death! If a person dies, the mark will be corresponding. Disappear!”

To put it simply, this imprint is the same as the implanted chip that Levi often uses.

After being implanted in the body, feedback information based on factors such as body heat and heartbeat to determine the location or whether the person is alive.

If the chip does not respond, it means that it was removed or the person died.

This is how the imprint judges life and death.

The words of the three elders made Levi rekindle hope: “But the mark on Sarah’s body has not disappeared!”

“What you said is true?”

Levi shook the three elders vigorously.

“How can Mr. Garrison dare to tell lies to you? The mark does still exist, which means that Sarah is still alive!”

The three elders were shocked.

Fu Qiufeng and others also said: “Yes, that’s right. The mark is on, people are definitely alive!”

“It’s just that the mark of Wushuang City is very crude! It can only judge life and death, not location!”

“Yeah, otherwise you can determine the specific location of Sarah!”

...

Hearing these words, Levi wept with joy.

Sarah is still alive?

That’s great!

Levi, a big man started to cry!

He is so happy!

Never thought that this incident was discovered in Wushuang City!

Had it not been for Wushuang City, I would have thought that Sarah had died forever.

Even the seven evil gods couldn’t find any clues.

But it was solved by a small Wushuang city.

“In this case, Jun Jun and the others have to stay here! I’ll go find Sarah’s whereabouts first!”

Levi immediately left happily.

Go find where the plum dye is.

## Chapter 1850

Sarah had a dream.

No, two to be exact!

The first dream recalled everything from her memorial to the present!

From acquaintance with Levi to marriage, Junjun’s birth...

The past scenes emerge clearly.

The other dream was illusory and vague. It seemed that Wood Zhengjie’s experiment went to the end, and it seemed that something went wrong.

At that moment, her eyes seemed to be full of dazzling light, shining so hard to open her eyes.

When she opened her eyes, she saw an old man vaguely, uncut, and could even be described as sloppy.

However, the front face was blurred, and he couldn’t see clearly.

Only know the outline.

If Levi knew about Sarah’s dream, he would be surprised.

Because the old man is his cheap Lord!

That's right!

Sarah is still alive!

It was Levi's Lord who saved her!

The energy bombardment caused by the collision of four super-energy particles could not handle Levi!

Only his Lord's level can retreat in this kind of energy collision!

And successfully rescued people!

It shows how strong this old man is!

Abruptly can withstand this kind of energy bombardment...

unimaginable!

How strong is he?

"Wake up, wake up!"

Sarah was in a daze, feeling that someone was shaking her vigorously.

When she opened her eyes, Wen Lei's beautiful face caught in her eyes.

She looked around and found that she was in an abandoned factory building.

Wen Lei was wearing worn-out protective clothing, densely packed with small holes.

"what happened?"

Sarah asked.

Wen Lei told Sarah about starting the particle collider after she was unconscious.

“Then why are we still alive? Impossible! We are ordinary people, how can we survive?”

Plum dyed his face puzzled.

Wen Lei also nodded: “Yes, we can’t survive! But I had a dream. I dreamt of an old man...like...”

“What? You dreamed it too? I dreamed it too! It might not be a dream! It happened!”

Sarah exclaimed.

Wen Lei’s expression also changed: “So, we were saved by this old man! We are not dreaming!”

The two of them were confused.

What kind of existence is this in order to save both of them in that situation?

Horrible!

Incredible!

“Miss Wen, are you not hurt? I think you are embarrassed!”

Sarah asked with concern.

After all, Wen Lei’s protective clothing is going to be broken.

Wen Lei began to look at herself carefully, and then turned around.

“I’m okay! Not only is it okay, I also feel full of power in my body! Heh!”

Wen Lei also threw a punch in a decent way.

“Rumble...”

A terrible force tore the ground directly, and a gully one meter wide and several meters deep appeared, and it continued to spread out, stopping for a full 100 meters.

“Boom!”

This abandoned factory building collapsed instantly...

A big crack of a hundred meters long appeared in front of the two of them.

Look silly!

Both of them looked dumbfounded!

Especially Wen Lei looked at her fist incredibly!

It's the same as before, no difference.

How could it have such power?

“boom!”

She tried another punch in the air.

As a result, there was a thunderbolt, and a long wave of air was clearly seen in the air.

As exaggerated as when the plane took off!

“This...”

Wen Lei's face was incredible.

She is an ordinary person.

how come?

Like Wood Zhengjie, particle collisions gave her terrifying superpowers.

She studies science and knows more than ordinary people.

Many superpowers in the West have either awakened their talents from childhood or genetically modified them.

In another case, the experiment failed and the super power was accidentally obtained.

“What about you Sarah? Try it!”

## The Protector Novel Levi Garrison Chapter 1851 – 1852

### Chapter 1851

Wen Lei urged immediately.

In her analysis, which old man did save them at the critical moment.

But the particle collision still affected her more or less.

Give her terrible superpowers!

Then Sarah may also be affected by particle collisions.

“I?”

Sarah was confused.

“Try it quickly and see if you have changed?”

Wen Lei said.

“Okay, I will try!”

Sarah is now a warrior, she feels her physical condition carefully.

It seems to be no different from before.

“I’m so lucky to give it a try!”

Plum Ranyun was very angry.

In an instant, she felt an electric current in her brain was awakened, and it rushed to the brain quickly.

At that moment, there was extreme pain in the brain, as if it was about to explode.

In my mind, a blurry picture appeared, and I didn’t know what it was.

As if there were tens of thousands of silver needles tearing her head...

This feeling is terrible!

“Uh!!!”

Sarah fell directly to the ground, holding his head and crying, rolling constantly, making hysterical screams.

Wen Lei was stunned by the scene before her.

What’s wrong with Sarah?

Sarah was like crazy, all over the floor.

The terrible sound was like a hell demon.

Wen Lei got goose bumps all over her body.

Her eyes were blood red, and her eyeballs almost flew out.

“boom!”

“boom!”

“boom!”

...

Sarah went crazy and hit the ground with his head, making a terrifying sound.

The most frightening thing is that the ground splits, showing dense cracks like a spider web.

Sarah dyed Wen Lei at the moment like a demon!

Wen Lei stepped forward and hugged Sarah, not allowing her to make any movements.

“Sarah, calm down! Calm down!”

...

It took a full minute before Sarah calmed down a little bit and fell asleep.

The whole person is wet with cold sweat.

“What’s going on here?”

“Does the particle collision affect her brain nerves?”

Wen Lei made a preliminary judgment.

It seems that when this kind of experiment fails, not everyone can acquire superpowers.

It depends on everyone’s physique, luck, etc.

At present, it seems that the collision of particles has brought a bad side to plums.

“Take a rest and wait for her to wake up, and check her body when you go back and you will know what’s going on!”

Wen Lei muttered to herself.

A few hours later, Sarah woke up.

“Sarah, what happened to you just now?”

Wen Lei asked.

Sarah rubbed his swollen head: “When I just got infuriated, I felt a rush of energy in my brain. My head hurts so much that it almost splits...”

“At that moment, I didn’t feel like myself! I didn’t seem to exist anymore...”

Sarah rubbed his head, gasping for breath.

“It’s okay! It should have affected the nerves! Check it when you go back!”

Wen Lei comforted.

“Well, I think it’s fine too! My body hasn’t changed much!”

Sarah didn't take it seriously.

Wen Lei didn't take it seriously either.

But when Sarah dyed an accident later, Wen Lei would be scared to death, of course this is something later.

...

During the period when Sarah was lethargic, Wen Lei checked herself.

She not only possesses the ultimate strength, but also has speed and even intelligence.

She can even heal her body automatically.

She tried to cut herself, and soon her skin recovered...

The benefits brought to her by this particle collision are all-round transformations.

"You really survived a catastrophe, you must be lucky!"

Sarah smiled.

"I'm sorry, Sarah, when I started the particle collider, I just wanted to die together!"

Wen Lei apologized.

Sarah shook his head: "It's okay! By the way, where is Wood Zhengjie? Is he alive or dead?"

Sarah suddenly remembered.

Chapter 1852

“Yes, is Wood Zhengjie still alive?”

Wen Lei slapped her head and realized this serious problem.

Wood Zhengjie!!!

He is the main target!

If he doesn't die, what she has done is not in vain?

Sarah frowned: “If there is no old man to save us! No one can survive!”

Wen Lei nodded.

This is true.

She only received a small part of the energy radiation before she gained superpowers.

Otherwise, at the level of the collision of the particles, she would have been crushed.

“But he saved people! It stands to reason that all the survivors were saved! Wood Zhengjie and others were among them!”

Sarah continued his analysis.

Wen Lei echoed: “Yes, that's right! The only survivors are probably the two of us! Wood Zhengjie and them are all dead!”

“There is another possibility! This old man is here specifically to save us! For example, it has something to do with Levi! He naturally won't save Wood Zhengjie and the others!”

Sarah nodded: “Well, these two possibilities have a high probability! Wood Zhengjie should be dead!”

“Hmm! We’ll know when we go back to the base and have a look!”

So the question is, is Wood Zhengjie really dead?

...

Levi was excited and Man Morendam was looking for Sarah.

Tiance Mansion also banned him one after another.

His risk factor is too high!

Reached level eight!

In order to prevent him from becoming a level 9 danger factor!

Tiance Mansion decided to issue-Tiance Order.

What is Tiance Order?

It is the ban issued when Morendam is in danger!

As soon as the Tiance Order is issued, the Tiance Mansion and Baolong clan, as well as any forces and organizations in Morendam, must obey the dispatch!

Even countries and forces that have been blessed by the Great Xia have to participate, and they have to be dispatched!

Violators, kill without mercy!

In layman’s terms, as soon as the Order of Heaven was issued, it was to mobilize all resources to punish someone.

At any cost!

The order of the heavenly policy is issued, it is endless!

If people don't die, Heaven's Decision will not take it back!

Now, in order to deal with Levi, Tiance Mansion has even issued a Tiance Order!

No one thought of this!

In Tiance Mansion, Levi must die!

This is an extremely crazy move!

Since the establishment of Tiance Mansion in ancient times, Tiance Order has been issued twice.

The first release was to the Fire Cloud Cthulhu!

It was not revoked until Huoyun Cthulhu disappeared!

The second time it was given to Levi!

Let me put it this way.

There is such a saying in the martial arts world.

As long as the Heaven Policy Order is issued, even death is the most glorious and glorious moment for a warrior.

The release of the Heaven Policy Order caused a sensation throughout the university and a worldwide sensation.

Colin sighed even more, "Have you reached this point? Heaven's policy orders have all been issued! Don't you have to be immortal?"

Northern Emperor, Commoner Killing God, Kyushu Xuanzun may be able to fight Levi.

But one person retreats, and the two are nowhere to be seen.

But the sky policy came out!

The real powerhouse of the Baolong clan will go to war!

Even the ultimate powerhouse of Tiance Mansion will take action!

In order to keep secrets and keep the hole cards, the Lords of the Tiance Mansion and Baolong clan will not be ranked on the world rankings.

So how strong the Tiance Mansion and Baolong clan are, has always been an unsolved mystery.

Originally these two big hole cards were to be kept, and generally only people like Tianlong would be sent.

But Levi's threat was too great, and they were going to send the real core.

The heaven and the earth changed color as soon as the order of the heavens came out.

But Levi didn't care at all, he was still looking for Sarah.

At this moment, Sarah and Wen Lei secretly came to the Shenlong Science and Technology Base.

When they saw the Shenlong Science and Technology Base turned into a ruin, the two were shocked.

This power is too amazing, right?

By this time the work of the rescue team had been completed, and there was no one at the base.

"Go, let's go and take a look!"

The two came to the base.

“what!!!”

...
