

The Protector Novel Levi Garrison Chapter 1865 – 1866

Chapter 1865

who is it?

This is the question of the whole world at this moment.

Who hurt Levi?

Who defeated the descendants of the Heretic God?

But there was no one at the scene, only Levi was left.

It means that the person who defeated Levi has left!

After the matter is gone, he hides his merit and fame deeply.

Who the hell is it?

Everyone is wondering who defeated Levi?

After some discussion and speculation, everyone identified one person-the common killer god who was second on the original list!

Before, there was news that the Common Killer God was coming to Levi for a while.

But there is always no news that Commoner killed God.

Now it seems that there is a high probability that Common Killer defeated Levi and left afterwards.

Commoner Killing God is a person who is indifferent to fame and fortune.

The reason for the action was only for the Morendam martial arts, so as not to let evil spirits do harm.

Basically, it is the Commoner Killing God who defeated Levi!

The man who suppressed an era!

The Tianjiao who were imprisoned by the evil gods were all happy when they heard the news of Levi's failure.

Especially Lin Tianlong exclaimed excitedly: "Levi, you are finally defeated!!! You have this day too! You will face the worst end!"

The others also yelled after Lin Tianlong.

Only Fu Jia and Ning still looked dim.

Hearing that Levi was defeated and seriously injured, the two of them were not excited, but rather worried.

Since this time.

They discovered that Levi was not bad in fact.

Not even bad at all!

Except for Monsoon Dust, they found their way to death, the others Levi did not hurt at all.

Even in the battle of Tiandang Mountain, Levi only wounded Morendam Martial Artist, and never killed them alone.

Although they have been arrested for so long, Levi and other subordinates have never felt sorry for them.

Even if Lin Tianlong kept clamoring, no one hurt him, let alone killed him.

Levi was like this, and he also urged all the people under his guidance not to hurt them.

Even the blood evil gods were not allowed to suck human blood, and the seven evil gods were restrained, and the rules were set for them so that they could not kill or harm people.

It's even better for both of them!

How could such a person be an evil god?

If it's really an evil god, can their innocent body be kept?

Their lives are long gone!

So now that he heard the bad news about Levi, Fu Jia and Ning were still worried.

They even hope that Levi is fine!

Although the two knew that Levi was a descendant of the Heretic God.

They are also very contradictory in their hearts!

“Fu Jia, have you heard? Levi is defeated! He is dying! We will be out soon!”

“I've had enough of being locked in this place!”

Lin Tianlong shouted at the two excitedly.

It was just that Fu Jia ignored him and even thought Lin Tianlong was very annoying.

Levi didn't shut them down at all!

“It has to be Commoner Killing God! I have a chance, I want to worship him as a teacher!”

Lin Tianlong was still excited.

The forces on the East Island were shocked when they heard this news suddenly.

Levi was defeated?

Can't this?

Just now they sent a ghost warrior to kill Ono Ichiro, is Levi defeated?

Richard, who had returned to the Eagle Nation, was also taken aback when he heard the news.

But it reacted quickly.

“Levi lost to Sarah dyed?”

There was a playful smile at the corner of Richard's mouth.

His goal was achieved.

Now that Levi was besieged by a Lord of Tiance Mansion, he was already seriously injured, and he must be a dead end.

Levi was dead, and Sarah was mad.

Great situation!

Hospital ruins.

More and more people surrounded Levi.

More and more people came after hearing the news, with three floors inside and three floors outside.

Everyone wanted to see with their own eyes how this evil god fell.

“It was the Common Killer who defeated Levi! The Common Killer was mighty!”

“I would like to call it the Commoner Age!”

...

Tianlong from Tiance Mansion arrived quickly.

“Levi will catch it! Follow us obediently!”

Levi smiled, “I really think you can take me?”

Chapter 1866

The reason why Levi was defeated!

It's because he wants to test how strong Sarah is!

He can dodge completely with his body skills and speed, without being injured!

Using the taboo technique, you can completely get rid of plum dye!

Furthermore, even though Wen Lei asked him to do his best, Levi still kept Sarah in the end.

That's his wife.

How can I do my best?

under these circumstances.

How can he lose?

He is indeed injured!

But this injury and the previous injury are not the same concept!

“Ok?”

This surprised nearly 100,000 people present.

What does Levi mean?

He has been wounded like this, yet he is still so arrogant?

This doesn't put anyone in the eye!

“Levi, you are crazy! You have been defeated by Commoner Killing God! You can't!”

“Yes, that's right! Don't say that you are injured now, if you are not injured, if the Common Killer defeats you again, you can't be obedient?”

“Listen to my advice, and follow us back to Tiance Mansion to avoid the suffering of flesh and skin!”

...

Everyone persuaded.

Levi reluctantly got up and sat on the ground.

The corner of his mouth looked at everyone with disdain.

“Levi, don't you really think you can escape from so many people?”

“Don't be foolish dreaming!”

...

For example, today, the core Lords of the Cefu and Baolong clan gathered together.

It was impossible for Levi to escape by laying a net of heaven and earth in the capital.

“Don’t talk about this first, I have something to tell you!”

Levi turned around.

“Don’t talk nonsense! Isn’t this your strategy to slow down?”

Several people in Tianlong roared.

“Hold on, let him say!”

A voice sounded.

The Tianlong four immediately nodded respectfully and stood aside.

The four members of Tianlong came from the hidden pavilion of Tiance Mansion, and they were mainly responsible for handling emergency affairs and various intelligence in Morendam.

In layman’s terms, it is the secret pavilion that is responsible for all the small and small chores within the scope of Tiance Mansion!

The person who spoke was the deputy chief of the dark pavilion, codenamed Black God.

The position is high, above the Tianlong people.

When he speaks, everyone will naturally listen.

“Say it! I want to hear it!”

The deputy pavilion Lord Hei Shane looked at Levi.

“I want to say that all this is a conspiracy by the East Island forces... Soon they will carry out a crazy second plan! If your attention is still on me, that’s it! Morendam martial arts world or Morendam may be hit hard. !”

Levi told them what he knew.

“Since Tiance Mansion is the strongest Guwu organization in Morendam, we must thoroughly investigate this matter!”

Levi seriously urged.

“Edit it!”

“Continue editing! Levi really didn’t expect you to justify yourself in this way! It really disappointed me!”

...

Although Levi said a lot, it sounds reasonable.

But there were very few people present.

It is generally believed that this is just an excuse by Levi.

Even the deputy pavilion Lord Black God is not a complete believer.

“To tell you, I have evidence! I have caught a core member! I can know everything from his mouth! Now I don’t want to conflict with you! When I bring people, you will understand everything!”

After hearing what Levi said, everyone laughed.

“Levi, do you think we are stupid? And let you go? Do you think it’s possible?”

“Yes, this kid treats us as fools! Take him away quickly!”

...

Everyone scolded immediately.

No one noticed, one person in the crowd left.

Oni samurai!

He had already mixed in.

Knowing that Levi hid Ono Ichiro somewhere else, he immediately left.

“Forget it, I’m talking to you, it’s totally playing the piano against the cows!”

Levi stood up slowly.

Still have to use force!

“Why? Do you want to come hard? Levi, don’t you want to see your child?”

Chapter 1867

“boom!”

One sentence made Levi, who was like a rainbow, suddenly frustrated.

The body trembled fiercely.

Sarah’s situation is unknown now.

The mother, child and sister fell into the hands of Tiance Mansion again.

he...

Really embarrassed!

“Don’t worry! Although you are a descendant of Cthulhu! It doesn’t mean that your mother and child are!”

“They live very well in Tiance Mansion! Especially your children and sisters are amazing! They have been accepted as students of Tiance Mansion! Especially Junjun’s talents should be regarded as the core of Tiance Mansion’s future.”

“But I think it’s better for you to see the mother and child!”

...

Deputy Pavilion Lord Hei Shane smiled and said.

At first glance, there is nothing unusual.

Even everyone present praised Tiance Mansion.

Levi is now an evil god, and his family has to be taken care of.

Logically speaking, it's only right to kill together!

But in fact, that's not the case at all!

The point of his remarks is the last sentence.

Let Levi visit the child and mother!

This sentence is very meaningful!

On the surface, they told Levi how good they were to the three of them, but they were actually warning him – your mother and child are in their hands and they are not subservient.

This is a threat in disguise!

Levi, your child's mother is in our hands! Do you dare to disobey our meaning?

Levi said helplessly: "Well, I want to see the mother and the children!"

no way!

Levi understood what they meant and had to accept it.

After all, you can't make fun of Junjun's mother and their lives!

He had to make sure that his mother was all right!

As for Sarah, this is also a headache.

However, Wen Lei is currently taking care of him. He generally understands Wen Lei's strength and is very strong.

No one is in the top three of the top three, no one is her opponent.

Next, Levi left traces again.

The seven evil gods will understand what he means after seeing them.

He goes to Tiance Mansion first, and it is best to rescue the three of Junjun.

Things are urgent now!

First, the condition of plum dye is unknown.

Second, the second plan that Ono Ichiro said.

...

Everything is very urgent!

Don't allow Levi to be a little sloppy!

“Come on, take Levi away! Another day will be announced!”

The deputy pavilion Lord gave an order, and the Tianlong four immediately went forward and took Levi away.

In front of 100,000 people, Levi was arrested by Tiance Mansion!

“Hahaha... so happy!”

“The descendants of the Heretic God were arrested! The power of the Heretic God has collapsed!”

“Today is a great moment for Morendam!”

...

The audience burst into thunderous applause.

The news that the descendant of the Heretic God, who was second in the ranking list, was successfully arrested by Tiance Mansion spread.

Morendam is boiling!

The world is boiling!

Those who claim to be decent are even more excited.

The banners were pulled again, the colorful flags were erected, and the gongs and drums were beaten again.

Everywhere is celebrating the eradication of the great demon Levi!

“Since ancient times, evil is invincible! Have you seen the fate of evil spirits?”

“I haven’t knelt down one by one! Then Tiance Mansion will destroy all of you one by one!”

“Haha, even Levi can kill the commoner killer. You guys, don’t you see one kill one? Don’t you surrender?”

...

All parties began to clamor for the evil god army led by the seven evil gods.

“Hahaha, Levi has finally reached this day for you!”

Both Richard and the East Island forces heard Levi’s fall and were arrested.

All very excited!

Richard brought things from Morendam back to Warhawk Nation...

No one knows.

The forces of the East Island will start their second crazy plan at the last moment!

As for Wen Lei, she realized the seriousness of the problem.

Sarah and Ono Ichiro deliberately took to a hidden place.

“Sarah, what’s wrong with you?”

Wen Lei was very worried.

At this moment, Sarah suddenly opened his eyes.

Chapter 1868

“Sarah!”

Wen Lei immediately bounced vigilantly.

The whole person makes a fighting posture, bringing all the powers together.

She is a little afraid of plums!

Sarah’s combat power just shocked her!

Once Sarah goes mad again, she will not be able to control the situation.

Ono Ichiro next to him was also full of horror.

What if Sarah goes crazy and slaps him to death?

Wen Lei’s posture as if he was facing an enemy made Sarah startled.

“Miss Wen...what’s wrong...”

Sarah looked at Wen Lei in confusion.

The whole person is gentle and virtuous, gentle and generous.

Where does the devil look like just now?

Wen Lei was in a trance.

Sarah just now is fake, right?

She suspected hallucinations!

“Sarah you... are you okay?”

Wen Lei asked nervously.

“I’m okay, what’s the matter? I just had a dream, as if I was fighting!”

Sarah rubbed his head, thinking hard.

But it’s only vague.

Don’t know the point at all.

Even her combat effectiveness has dropped drastically, Wen Lei did not feel much power in her, which was far different from before.

“You can’t remember what happened just now?”

Wen Lei asked in surprise.

The woman like this is Sarah.

“Yeah! What happened?”

Sarah asked.

“You did fight just now, you fought with... a few bad guys, and then fainted!”

Wen Lei just wanted to say Levi, and immediately shut her mouth.

The name of Levi was mentioned earlier, and this woman went crazy.

She dare not!

If you go crazy, who can stop it?

“Sarah, do you feel anything wrong?”

Wen Lei asked.

Sarah felt it carefully and shook his head: “There was nothing wrong with it. Before, there was something blocked in my mind, but now it is completely unblocked! I have to thank you! It was you who invited the doctor to help me heal it!”

All right?

Wen Lei didn't know what was wrong.

And that's not a doctor at all.

It was deliberately to stimulate plum dyeing.

“Sarah, you can think of everything, right?”

Wen Lei asked again.

“It should be, I have...I did...I have a daughter named Junjun. But...who is my husband? How come I don't have an impression, why can't I remember?”

“I can't remember my husband! Who is he?”

Sarah rubbed his head, shaking violently.

Her memory was missing her husband, as if she had been taken away.

“OK?”

This made Wen Lei stunned.

She doesn't remember Levi?

How is this going?

it's actually really easy.

Richard forcibly stimulates Sarah's brain, causing the two consciousnesses to collide with each other fiercely.

Richard originally wanted Wood Zhengjie's consciousness to occupy Sarah's brain and dominate her body.

But how is it possible?

Only part of Wood Zhengjie's consciousness, plus Sarah's strong will.

Under the strong stimulus, the two consciousnesses were forcibly merged.

Plum dyeing naturally dominates!

Although Wood Zhengjie's consciousness was fused, it didn't exist anymore.

But the side effects are...

Wood Zhengjie's final consciousness turned into hatred and merged into Sarah's brain.

This hatred is Levi!

The only side effect is to treat Levi as his worst enemy!

In layman's terms, it is equivalent to planting instructions in Sarah's brain-kill Levi!

The result of finally incorporating hatred-

First, let Sarah's memory clips of losing her husband.

The second is to kill Levi as an enemy.

This is why Sarah tried her best to kill Levi when she heard Levi's name or saw Levi!

"Sarah, calm down! Just rest for a while!"

Wen Lei quickly appeased Sarah.

Let's talk about Levi.

Taken away by Tiance Mansion.

Didn't let him see Jun Jun at all...

Tiance Mansion deceived him.

The Protector Novel Levi Garrison Chapter 1869 – 1870

Chapter 1869

The deputy chief of the dark pavilion did not bring Levi back to Tiance Mansion at all.

It was taken to a place outside the capital.

It looks like a resort villa, but it is actually one of the secret dark spots of Tiance Mansion.

There is a cave underneath the resort.

There are intelligence agencies, various Lords, and even hellish prisons.

When taking away, Levi was blindfolded.

When he took off the blindfold, Levi found himself in prison.

This prison is well designed!

Basically no entry!

prison Break?

impossible!

“Don’t you let me see my mother and them? What about people?”

Levi asked.

“Levi, don’t forget your identity, you are now the number one prisoner of Tiance Mansion! How can people be the ones you want to see?”

“Levi is obedient, we can not only let you meet your daughter’s mother! We can also guarantee their future!”

...

How could Levi not see that they were cheating.

But he can’t help it.

If it is forced out, it is useless.

He didn’t even know where Tiance Mansion was.

Junjun and his mother are still in danger.

For the current plan, I can only listen to them.

As long as you see Junjun and the others, Levi will have a bottom line.

“Okay, I listen to you!”

In this case, Levi could only agree.

“Come on, lock him up!”

The deputy chief of the dark pavilion gave an order.

Soon, hundreds of people came to the court carrying nine iron chains with thick arms.

In the end, the nine chains locked Levi!

Seeing Levi being locked by nine iron chains, everyone breathed a sigh of relief.

“Levi would never have thought that this is the dragon chain of Tiance Mansion!”

“It is said that this is the dragon locked! Of course this is a bit exaggerated! Of course, no one can break the dragon chain so far!”

...

That's right!

It was the famous Dragon Chain from Tiance Mansion that locked Levi!

Since the records of Tiance Mansion Tianji Pavilion, a total of 78 times have been used.

Every time the trapped is a super big man!

No one broke free!

So there are such rumors in Tiance Mansion!

Chain dragon chains can trap even real dragons, let alone people!

Once you get trapped in the chain of the dragon, you will never get rid of it!

This is the plan of the Dark Pavilion!

They will not kill Levi!

Even if he is the number one demon!

Locking him up is more valuable than killing him.

At least in the plan of Tiance Mansion, it is possible to know the secret of Huoyun Cthulhu through Levi.

Including where the Huoyun Cthulhu went, and the cultivation methods of the Huoyun Cthulhu.

As long as you get these and conduct a reverse research, you can find the weakness of the Huoyun Cthulhu and deal with him.

So Levi can't kill!

What's more, the existence of Suolong Chain restrained Levi.

He will no longer be threatening.

“OK?”

Levi soon felt strange.

These nine chains slowly penetrated into his flesh and blood, and it was his bones that were locked.

this is? ? ?

not good!

Levi realized that something was wrong.

But this step he must go!

This is also the beauty of the chain dragon chain, because it is your bones and flesh and blood that are locked.

Moreover, the chain dragon chain is covered with the mark of the Lord of magic and various energy blessings, plus the material of the chain itself, it is constantly hitting.

“Now you can let me see people, right?”

Levi asked.

“Don’t worry, you will see people soon!”

Tianlong they smiled.

Today’s Levi is the meat on their lips, and they can eat whatever they want.

But it cannot break directly.

After all, Huoyun Cthulhu’s secret has not yet been obtained.

You have to hold Levi first.

Let him meet his family!

It's boiling outside now.

Levi was captured by Tiance Mansion.

It's dead.

Nothing is more exciting than the East Island forces and Richard.

“Start the second plan now!”

The forces of the East Island are finally about to act.

Chapter 1870

Levi was taken away, which was a great time for them.

A large-scale operation is quietly unfolding.

Levi, who was locked by the dragon chain, naturally knew their intention, that he wanted to trap himself.

But it's fine to see Jun Jun and the others.

I wonder what happened to Sarah?

This is also what Levi is very worried about!

She is too strong!

You can't hold it without taboos.

Once she wakes up, there will be no one to stop!

There is also the second plan mentioned by Ono Ichiro.

Everything is pulling his heart.

Can't drag!

"You said that if you let me see my mother and daughter, Tiance Mansion wouldn't lose faith in others, right?"

Levi asked.

Tianlong came in and said with a smile: "Levi, people are already on the road! But, before that, you have to answer a few questions carefully!"

"Ok?"

"First of all, do you admit that you are a descendant of the Heretic God?"

Huang Fox asked.

Levi said coldly: "I don't even know who the evil god is! What do I admit?"

"Then where does your strength come from? What's more, you and Cthulhu's techniques and skills are exactly the same! How do you explain this?"

Several people Xuanlang scolded.

Levi smiled: "Dreams!"

"You... Levi, be honest with you, you need to know that you are being..."

Earth Tiger almost told the truth about the chain dragon chain, and Tianlong stopped him in time.

"Levi, you will be honest, and you will be able to see your mother and daughter!"

Tianlong Road.

"Let's go, leave!"

The deputy chief of the dark pavilion appeared and left with a few people.

“Why don’t we let the deputy pavilion Lord tell Levi directly?”

Others are puzzled.

“You don’t understand Levi! If you can’t see anyone, he won’t say anything!”

“If he wants him to speak out, he has to bring people over! If we don’t need to do anything, he will explain it himself!

...

Levi’s first two worries were all right.

The three of Jun Jun were brought.

Sarah is also stable for the time being.

But the second plan of the East Island forces was launched.

Everywhere in Morendam, many black-clothed powerhouses appeared at the same time.

They have premeditated assassinations.

The target who was assassinated was Morendam’s Tianjiao, the future of Morendam martial arts world.

There are all the Tianjiao on the Daxiadi list, and there are hundreds of Tianjiao who are not ranked but with great potential.

These are the geniuses recorded in Tiance Mansion Tianji Pavilion.

It is no exaggeration to say that with these geniuses, the Morendam martial arts world will prosper in the future!

But the East Island forces took advantage of the great chaos in the Morendam martial arts world and suddenly carried out an assassination.

Countless Lords rushed out to assassinate these geniuses.

Due to the crusade against the evil gods during this period, most of the Tianjiao were all released by the family or forces for experience.

So the whereabouts of these geniuses are easy to lock.

And there are relatively few guardians around.

Far from being safe in the family or sect.

...

“Puff!”

“Puff!”

“Puff!”

...

The super Lords arranged by the East Island forces began to assassinate.

One by one, the geniuses fell down.

They were invincible at all when they encountered a special targeted attack.

Can only be slaughtered!

The strong men arranged by the East Island forces will not kill them yet.

They specifically abolished these geniuses, cut off their martial arts, turned them into rubbish, and never practiced...

This is more cruel than killing them!

The last place on the list has been abolished!

The fifteenth place list was also abolished!

...

Next, it was the turn of Tianjiao.

One by one was abolished!

The ninth place list is abolished!

The eighth place list was abolished!

...

The night was precarious.

Hundreds of Tianjiao in Morendam were assassinated, and all of them were abolished.

This is something no one expected...

The foundation of Morendam's future collapsed overnight...

catastrophe!

tragedy!
