

The Protector Novel Levi Garrison Chapter 1883 – 1884

Chapter 1883

Levi's expression was calm, and he didn't worry about it at all.

He is concerned about the condition of Sarah.

Sarah has woken up.

But he could only look at it from a distance, not daring to show up.

The wife was right in front of him, but Levi could not meet.

Meeting each other is the enemy of Fisher Xiu until his death!

This feeling is uncomfortable! !

"Richard, you must die!"

Levi's eyes were sharp and sharp, and he said in a low voice.

He learned from Wen Lei that it was Richard who stimulated Sarah and forcibly integrated Wood Zhengjie's consciousness.

Otherwise, Sarah can still be saved.

Just pull Wood Zhengjie's consciousness away.

But now there is no way.

This is already Sarah's consciousness.

At this moment, the Xitianwang team has been rescued by Levi.

They are already doing Levi's mission.

“Wang, Richard and his entourage Morendam have quietly visited a few places! I don't see any clues for the time being! I'm still investigating!”

“But everyone took things with them when they left! I don't know what it is?”

“Richard is behind the most mysterious and powerful laboratory in Warhawk Nation. I think they should take away the things related to the experiment when they come to Morendam this time! Maybe it is a rare substance!”

“We will check as soon as possible!”

...

Xitianwanghui reports.

Levi touched his nose: “Richard really played a good hand of cards! He must have come for something from Morendam!”

“Actually, this is not a sudden action by Richard and the others! It can even be said to have been planned for a long time!”

“Earlier, Richard and the laboratory behind him formed an army of the Dominator Alliance, aggressively attacking and wanting to occupy Morendam!”

The Western Heavenly King said: “Of course! He and the laboratory behind them want to swallow a country?”

Levi smiled and said, “No matter how powerful a laboratory is, but wanting to swallow a country is wishful thinking!”

“Why is that?”

The others looked at Levi.

“Let’s put it this way, the laboratory behind Richard may be the most advanced technology in the world! The things they design and produce may be unheard of!

Correspondingly, the resources they need must be rare in the world!

I guess the reason they formed the Domination Alliance to attack Morendam wildly is probably because they want to get some kind of resources from Morendam! “

Levi explained.

The Western Heavenly King immediately exclaimed: “This is right! They have never given up! This time he found a good opportunity, Richard formed an international force, took the opportunity to enter Morendam, in order to take away the resources they wanted!”

Others nodded.

That being said, the Richards had premeditated to take things from Morendam this time.

What I took away was what I wanted to capture Morendam before.

But after all, it was carried out in a sneaky way, and I was afraid that a small part of it was taken away.

After all, if resources and materials are taken away on a large scale, it will attract the attention of Tiance Mansion!

“Xi, find out what Richard and the others took as quickly as possible?”

Levi ordered.

“understand!”

Troubles are one after another.

There is no worry.

Levi happened to meet a group of pig teammates!

Give the enemy too many opportunities!

“You said, is it possible for Richard to cooperate with the East Island forces?”

With a keen sense of smell, Levi was already aware of this.

“Probably! Maybe they are already planning the next step!”

Everyone said one after another.

“One Richard is enough to cause headaches, and now there is another East Island force! The two are united together, it is simply too horrible!”

Levi shook his head helplessly.

so horrible!

One can turn the world upside down, and the two add up to be terrible.

Suddenly, Levi seemed to think of something.

Can't help asking questions to the seven evil gods.

“You said, is there such a possibility?”

Chapter 1884

“what?”

The seven evil gods looked at Levi together.

“Is it possible that the people who imitated me were organized by the Bible? Because apart from you and Lord, probably only they will have exactly the same technique, right?”

Levi asked.

He had already told the seven evil gods that he was being imitated and counterfeited.

But for his Lord, the “Fire Cloud Evil God” considered by the Seven Evil Gods, he did not mention much.

As soon as this question came out, the seven evil gods were taken aback.

They haven’t thought about this problem before.

Now Levi’s question made them think.

There is no other reason.

The leader of the Bible organization, that is, the strongest among the thirteen evil gods, the next evil god closest to the Huoyun evil god!

The Cthulhu God and the Cthulhu Huoyun practice exactly the same techniques.

Levi reminded them that they woke up in shock.

A cold sweat came out one after another.

Is it really him?

Because when Levi was framed some time ago, it wasn’t just the practice of imitating it in place.

The key is to kill a lot of super strong, including the strong on the top list.

This is not an imitation.

This is absolutely true!

Except for Huoyun Cthulhu and Levi, the only ones who will be there are Ming Cthulhu.

“It seems that this is really possible!”

“If it really is the Underworld God, then it will be in trouble! I don’t know what he is going to do?”

...

The seven evil gods showed heavy expressions.

Levi nodded: “I see!”

If the Bible organization, the forces of the East Island, and Richard are all cooperating.

That would be terrible!

However, he would dig out the forces of the East Island like a cocoon.

When Levi was studying other things, he was going crazy outside.

More and more people are guessing who will win the battle between Levi and Commoner Killing God!

According to incomplete statistics, the betting prize pool for the two winners is as high as hundreds of billions!

This is unprecedented!

It is no exaggeration to say that many ordinary people will use this battle to become billionaires.

The atmosphere is getting hotter!

Many wealthy and celebrities went to the site of the Eastern Battlefield early, and were late for fear that they would not be able to occupy a place.

Many people from overseas are also rushing to Morendam.

The Common Killer made another suggestion: This duel was between him and Levi.

Regardless of whether Levi loses or loses, Tiance Mansion cannot take any action.

Tiance Mansion agreed to Commoner's proposal to kill the gods.

...

The atmosphere before the war was extremely depressing.

The seven evil gods paced left and right outside Levi's room.

In any case, they want Levi to win.

After all, Commoner Killing God is too powerful.

And there are rumors outside that Commonwealth Killing God has found an artifact.

It can increase his combat effectiveness to another level.

They wanted to give Levi a weapon, such as dedicating their own stunts, which could help a little bit.

But Levi was not in a hurry.

Hiding in the room, has been flipping through ancient books.

He was looking for a cure for Sarah.

How can this matter be important in a decisive battle with Common Killer God.

Richard and the East Island forces far overseas are starting video conferences.

“Levi is a threat to live! Even the temporary threat is greater than the entire Morendam martial arts world! This time he must die in the decisive battle!”

Richard said.

“We think so too! Does Mr. Richard have a plan?”

Asked the leaders of the East Island forces.

“Of course! I hope you can cooperate! The plan is...”

“what?”

After listening to Richard’s words, everyone’s expressions changed drastically.

“Calm down, everyone, if you want to get rid of the number one enemy, you must pay this price! What’s more, it’s not just you, but I will also pay the price! This is our enemy together!”

Richard said.

“Well, then do it! We promise!”

After listening, the leaders of the East Island forces all agreed.

The Protector Novel Levi Garrison Chapter 1885 – 1886

Chapter 1885

Levi's threat was too great.

Even if he is now the opposite of Morendam.

But he is too strong and too strong.

Plus there are seven evil gods.

The greatest threat.

There are not many people who are sober in Morendam.

Levi counted as one.

Still the most important one.

Severely hindered many enemies!

A lot of people are pierced in the flesh!

So Richard and the East Island forces will do whatever it takes!

There were only two days left until the battle between Levi and Commoner Killing God.

In a secluded courtyard in the capital.

In the small courtyard, there were more than twenty people sitting.

Everyone is extraordinary, and he is the overlord of one party.

Everyone's eyes are fanatical and reverent.

Looking at the man in the room drinking tea.

The man was spotlessly dressed in a white gown.

The appearance is ordinary to no more ordinary, and there is no special temperament.

But who would have thought that he was the famous commoner killer.

This is also the biggest reason why he can hide in the city.

Because he is an ordinary person.

Prefer to live a modern life.

He also prefers his apprentice to call him a teacher instead of a Lord.

The twenty-odd people sitting below are all disciples of Common Killer.

Some he taught martial arts, some were the way of life, some were medicine...

Anyone who has been directed by the Common Killer God has become a giant in all walks of life.

Now that their teacher is out of the mountain, these people are all here.

"Teacher, how sure are you against Levi?"

Someone asks below.

Ask a question that the whole world wants to know.

How sure is the commoner to kill God!

The Common Killer thought for a while, and slowly said: "Before 50% sure!"

The next second, Common Killer picked up an ancient sword.

"Now, ten percent!"

"God Sword Sky! Can't open the scrap iron, open the world invincible!"

"Om!"

With a blast of swords, Common Killer pulled out the ancient sword.

All of a sudden, the cold light shot everywhere, like fire.

It was so shaking that everyone couldn't open their eyes.

Especially when they felt the terrifying killing intent of sword aura, everyone couldn't help a cold war.

too frightening!

As soon as the divine sword came out, the world was invincible.

Divine Sword Sky is an invincible artifact, known as the existence of God blocking and killing God!

Whoever gets this artifact will be invincible!

Countless people have searched, including the power of the East Island Star Country.

But this artifact was accidentally obtained by Common Killer!

So now Commoner Killing God is so confident!

With this artifact, he is confident that he can win Levi!

“Students wish the teacher victory in advance!”

The students in the audience said Lloyd Lloyd.

“The rumor has it that the sky of Divine Sword is murderous and invincible!”

“But not everyone can use the Excalibur Sky! Even if you get it, you can’t pull it out! It can’t be pulled out like scrap iron!”

“Teacher is the only one who can pull out the heavens of the divine sword in a hundred years! This time Levi will undoubtedly lose!”

...

The students have full confidence in the teacher.

In their eyes, Levi will undoubtedly lose!

“Teacher, can you show the Divine Sword Sky to the students?”

The speaker is Hao Yuxuan, and he is currently developing in Dongdao.

Commoner did not expect to kill God.

Hao Yuxuan actually went to the East Island forces now.

His move is the task assigned to him by the boss.

“it is good!”

The Common Killer handed the Divine Sword Sky to him unsuspectingly!

A flash of cold light flashed in Hao Yuxuan’s eyes.

He will do tricks.

By then, it was not just Levi who would die.

Even the commoner kills the gods to die!

...

It's just that no one in the room can notice it.

The message of the Divine Sword Sky spread out, and the whole world was in an uproar.

Levi's winning side is even smaller!

The seven evil gods are anxious.

I want to find a magical tool for Levi to fight against the Common Killer God.

However, Levi shut himself in a remote place and delved into ancient books carefully.

Regardless of everything outside.

Soon, the next day was the day of the decisive battle.

Levi came here this night but something big happened...

Chapter 1886

In order not to be disturbed, Levi sent the seven evil gods away.

He is alone in the villa.

Reading through ancient books only to find a way to save Sarah.

But at night, Levi noticed the fluctuations.

One.

Two.

Three.

...

More and more powerhouses appear in the villa, and they are constantly increasing.

This was something Levi didn't expect.

There are still people coming to trouble him now?

Tiance Mansion didn't dare anymore!

"boom!"

"Crack!"

"boom!"

"Crack!"

...

Countless Lords poured in from outside, killing Levi directly.

A handful of samurai swords glowed with cold light, filled with terrible sword aura, intertwined into a net.

Levi is about to be strangled to death!

“Samurai Higashishima?”

Levi muttered to himself.

Regardless of everyone wearing black clothes, they are all powerhouses in the Seventh Heaven, and they still join forces to attack.

Horrible!

“court death!!!”

Spring thunder burst into Levi’s mouth, and unparalleled power burst out of his body.

“Crack!”

“Crack!”

...

The samurai swords in the hands of the Higashishima Samurai shattered like mud.

“puff!”

“puff!”

...

They flew out one by one.

This is a force they have never encountered before.

So strong!

Many Lords outside, a thought flashed in their minds.

But they are not afraid!

Those who came this time were dead men!

None of them planned to go back alive!

If it can be severely injured, it will be severely injured. If it cannot be severely injured, at least it will be injured.

Even if it can't hurt, at least it consumes...

All Lords come with this idea!

Levi got out of the room and saw that there were densely packed people in the courtyard of the villa.

The surrounding roofs and walls are full of Lords...

There is no one below the seventh heaven...

There are everything from the eighth heaven, comparable to the big summer list.

In addition to the East Island Samurai, there are also super powers and mutant powerhouses.

There are even strong mechas and modern technological weapons.

Such a big posture, even the Tiance Mansion did not encircle and suppress Levi.

This lineup is too strong!

unprecedented!

But who would have thought that such a lineup was just to consume Levi!

This is the plan of Richard and the East Island forces!

In this decisive battle, Levi must die!

So they have to do everything possible to make Levi dying...

So on the night before the decisive battle, Richard and the East Island forces spent a huge price and sent a large number of Lords to consume Levi.

The result they wanted was to kill Levi the best.

It couldn't be killed, at least Levi was hit hard at a huge price.

No matter what he did, Levi would never fight against Commoner to kill God in his heyday.

In particular, Richard and the East Island forces sent out their hole cards so vigorously, spending the greatest price to consume Levi.

It's definitely not as simple as letting him get a slight injury!

At least it has to be a moderate injury!

So in this way, Levi will undoubtedly die in a battle with Commoner Killing God the next day!

...

This is why the forces on the East Island were surprised and disagreed for the first time after Richard proposed the plan.

Because this plan will directly consume half or even more of their hole cards!

No one wants this!

So they reacted so much!

What's more, half of Richard's power must be added!

The price is simply too big.

But in order to get rid of Levi, they gave it up!

Now to deal with Levi is half the power of the East Island power, and half of the power sent by Richard.

So the lineup is too luxurious!

In order to severely damage Levi!

They made these Lords into dead men!

Everyone has no other consciousness, just want to kill Levi!

Levi faced a group of lunatics!

A lunatic who has nothing before!

“We spend such a big price, Levi will at least have to be seriously injured?”

...

This is what they think in their hearts.

The Protector Novel Levi Garrison Chapter 1887 – 1888

Chapter 1887

After all, the East Island forces have used half of their power!

Richard also took half of his hole cards!

They also gave each expert a special medicine.

Let them become dead men!

Fighting power increased, and even crazier...

With such a luxurious lineup, they did not seek to kill Levi, or even to severely damage him.

Just ask him for a moderate injury!

That's it!

It can be seen how strong Levi is!

What a threat to them!

...

In the villa.

Hundreds and thousands of powerful people went crazy and killed Levi...

An unprecedented battle is underway.

This battle is much more fierce than Tiandang Mountain.

Levi is still alone.

It's just that the opponent has become too much stronger.

And the crazier!

Some have obviously been killed, but as a result, they can still get up and continue fighting.

That is the effect of drugs!

This is horrible!

Who can eat it!

Even if it is as strong as Levi, he must deal with it seriously.

injured!

Under this intensity, Levi couldn't bear it and suffered a lot of injuries!

“kill!”

“kill!”

...

Levi was also gradually angered by these guys and became murderous.

Especially enemies!

Levi is going to kill!

...

The blood was flowing, the corpses became mountains, and the pungent smell of blood permeated a range of several kilometers.

The villa was razed first, and then hit the ground to crack, forming a huge pit.

The pit is full of corpses...

died!

The dead soldiers sent by Richard and the East Island forces are all dead!

None of them left alive!

“Wh...”

Levi panted heavily and sat on the ground.

He was covered with blood.

Those who have enemies also have their own.

Seriously injured!

Under the mad attack of the enemy, Levi was also seriously injured.

It's far from death, but it's very expensive.

This is the second time that Levi has suffered such a serious injury after getting an adventure from the Lord.

After all, Richard and the others have spent such a big price!

These Lords don't know how many there are in Richard's.

But for the East Island forces, half!!!

It is no exaggeration to say that the price Richard and the others paid this time was dozens or hundreds of times that of forming the Domination Alliance to attack Morendam!

The difference is dealing with a country before!

It's one person to deal with now!

One person arrives in one country!

“Hahaha, the goal has been achieved! Our goal has been achieved! Looking forward to tomorrow!”

“Tomorrow Levi will definitely die, unless he doesn’t go to war!”

...

Richard and the others are looking forward to tomorrow’s battle.

“little Lord...”

The seven evil gods came and saw that Levi was so badly injured that several people were shocked.

What kind of posture is this, it hurts Levi like this.

unimaginable!

Seeing the corpses piled up in the deep pit, everyone understood.

A fierce battle!

“I’m fine...”

Levi shook his head.

“Samurai Higashishima? Why did they attack you so madly?”

Everyone asked puzzledly.

Sword Evil God sighed: “They planned it long ago! To put the little Lord to death!”

Several other evil gods reacted one by one, exclaiming: “Is it because of tomorrow’s duel with Commoner Killing God?”

“Yes! They spend such a high price to kill the little Lord! Even if they can’t kill him, they will hurt him! So in tomorrow’s duel, the little Lord will undoubtedly lose! To be slaughtered is a dead end!”

Sword Evil God’s face was ugly to the extreme.

“This...it’s not fair! The little Lord is seriously injured like this, how can I fight the Common Killer!”

“It’s not good to say that even in the heyday of the young Lord, he is not necessarily the opponent of Common Killing God! What’s more, he holds the Excalibur Sky and opened it! The young Lord has a very low chance of winning! Now it is even more terrible! It’s like this...”

“You want me to say that we are no match!”

A faint voice sounded: “No, it must be compared!”

Chapter 1888

The seven evil gods looked over, and Levi’s eyes were firm.

“Little Lord can’t do it! You are a dead end when you encounter Commoner Killing God in this situation!”

“Yes, I can’t beat it at all! If you don’t have a good reputation, you will die!”

...

The seven evil gods refused to let Levi go.

The Sword Evil God sighed: “Yes! Since these little guys in Dongdao are spending such a high price to consume you, they plan not to let you live! Maybe they still have a trick!”

“Yes, Dong Dao’s gang of villains definitely have something to do!”

The evil god even said: "Should we discuss with Common Killer? Will this decisive battle be postponed?"

"No! We must not compromise with these people! Once we speak, they will think we are scared!"

A touch of determination flashed in the eyes of Evil Sword God: "If it doesn't work, let me go?"

Although the Sword Evil God knew he was invincible, if he used some extreme techniques, he might not be able to fight the Common Killer God.

"Seven evil gods?"

Levi's voice sounded.

"in!"

Seven people stood in front of Levi one after another.

"Listen to my orders! Everything is business as usual! Tomorrow to the eastern battlefield site!"

"Yes!"

The seven evil gods can only obey orders.

The third day.

Worthy of summer and even the world's boiling days!

The pinnacle of battle is here!

Almost all Morendam's characters with heads and faces are present!

Except for the Kyushu Xuanzun who is still in retreat!

All the others who can be called are present.

According to the request made by the Common Killer God, the powerhouses of Tiance Mansion and Baolong clan were not present.

They can only understand the real-time situation, but cannot have any participation.

This is fair and just!

Three hours before the duel, an explosive piece of news came out—

Nandi, who is the number one in the sky list, is out.

He actually came to watch the battle!

And he had already come to the site of the Eastern Battlefield!

However, no one has seen the true face of Nandi, and I don't know who is Nandi!

Especially hundreds of thousands of people came to watch the game...

Who knows which one is!

The news came out and the audience was in an uproar!

That's the number one on the top list!

Above the Common Killing God and Kyushu Xuanzun!

According to the strong ones that have emerged so far, the Southern Emperor is the ceiling, the strongest!

What's more, this man, Shenlong, did not see the end, and his trace of information could not be captured by Tiance Mansion or even Tianji Pavilion.

It has disappeared for a super long time!

I didn't expect to appear in this decisive battle!

Add excitement to this duel!

Everyone must exclaim: "Excitement!"

Not only that.

And the super powers of East Island, Star Country and other countries also came to watch.

Even some magic Lords who existed in the legends and on the murals in the home came one after another.

This duel exploded all the ancient characters.

This battle is unprecedented!

In the center of the Eastern Battlefield Site, the Common Killer God and his students arrived early.

The commoner kills the god sitting cross-legged, closing his eyes and resting.

The students behind him are holding the magic sword in the sky!

In the crowd, Richard and the spies from the East Island forces watched and waited.

The corners of their mouths rose up, revealing an expression of completeness in their chests.

They have won!

Levi was injured like that, let alone fight with Commoner Killing God, it was a question of whether he could come.

Their task today is to watch the jokes!

Or to make up the knife!

Levi will undoubtedly lose today!

But it is possible that Commoner Killing God will not kill him...

Once this happens, the Lords scattered on the field will spare no effort to kill Levi.

Don't give him any chance to live!

Time is lost every second.

Soon it's time for the decisive battle...

It's just that Levi's figure did not appear...

"Will Levi stop coming, right?"

Someone asked.

At this time, Commoner Killing God opened his eyes: "No, he is coming!"
