

The Protector Novel Levi Garrison Chapter 1901 – 1902

Chapter 1901

Everyone would love to see this battle!

Anyway, whoever wins can lose!

Although I am curious why Sarah is like this?

But they still hope that the two can fight each other...

...

Sarah's anger value almost exploded, and his combat power was terrifying!

Levi is really fighting too!

The battle between the two sides was turned upside down, even more exciting than the previous one.

Levi was also very anxious, Sarah's combat effectiveness was getting stronger and stronger.

Especially if he couldn't attack for a long time and couldn't hurt himself, Sarah became angry and angry.

It's not a big shot if you go on like this!

The current Sarah is super powerful, and it is difficult to penetrate the acupuncture points with the weird acupuncture method used last time.

You can't control plum dye at all.

Sarah became more and more courageous as he fought, and almost defeated Levi.

“Damn, Sarah is too strong, right? Is Morendam the number one strong woman?”

“How can you get to this point? This is even stronger than Commoner Killing God!”

...

Sarah showed a unique style and conquered the audience.

“How to do?”

“How to do?”

Levi was anxious, and the cold sweat came down.

Sarah will not give up unless he kills him!

Why is he willing to hurt Sarah?

What’s more, Sarah is now a complete lunatic, and he may not be able to fight...

“Dad, mom what are you doing?”

At the critical moment, a childish voice came.

Into the ears of Sarah and Levi.

The two of them trembled, and all their aura and strength collapsed.

Just like a deflated balloon.

The two of them looked at the place where the sound was made...

Jun Jun is here!

Jun Jun stood there, looking at the two with horror and curiosity.

“Jun Jun...”

Seeing Junjun, Sarah instantly turned from a lunatic woman into a loving mother.

Even the tears were flashing, and even the “enemy” Levi had forgotten in a trance.

“Junjun, Dad will pick you up later!”

Taking advantage of this opportunity, Levi instantly left the battlefield and disappeared into everyone’s eyes.

“you...”

Sarah reacted and wanted to catch up immediately.

“Mom, don’t go...”

Jun Jun’s voice came, and Sarah stopped, and she looked over again.

At this little time, Levi didn’t know where to escape.

When the seven evil gods found Levi, they were already near the capital.

Jun Jun suddenly appeared, which was unexpected to everyone.

Turned out a super battle!

After meeting Jun Jun, Sarah and Wen Lei were invited to Tiance Mansion.

Commoner Killing God was taken by the students to heal.

Richard and their plan only succeeded a quarter.

In general they failed!

lost heavily!

The price is too great!

The following episode of Sarah doesn't change anything...

Levi won!

Won the cloth-clothed Killing God holding a magic sword in the sky!

Soon Tianji Pavilion announced a new issue of the Great Summer Land List!

The ranking list was abolished because of hundreds of Tianjiao; the whereabouts were unknown in the first three days and for many reasons, so the ranking list was temporarily closed!

But the sky list has undergone major changes!

What a change!

First of all, Levi reached the top of the summer list!

He defeated the Commoner Killing God and shook the heavens of the Divine Sword, allowing him to surpass Nandi and rank first!

Nandi becomes second!

Sarah is new to the list, ranking third!

The Common Killer fell to fifth due to poisoning, and Kyushu Xuanzun ranked fourth!

“The Heretic God is the number one in the ranking list! We are going to return to the Ethical God era again!”

“It’s really a happy event for us!”

For thousands of evil god forces, this is a great happy event.

Levi has done what he used to be the Fire Cloud Evil God!

He gradually showed a strong dominance, and he will rule this era!

Not a good thing for Levi!

He doesn’t care about these false names!

Especially Sarah’s current state...

What is he going to do?

“I want to do one thing first...”

Levi made a decision.

Chapter 1902

“What is the Lord?”

The seven evil gods asked.

At this moment, Levi ranks first in the sky list!

Conquer them with strength.

Their name for Levi changed.

I called the little Lord before because he was a descendant of the evil god Huoyun, but actually had little to do with Levi.

Now Levi is respected by everyone for her pure strength.

They are the real Lord.

“Heal the commoner to kill the gods!”

Levi approached.

During this time, he delved into the ancient medical books given to him by the old man.

His medical skills are definitely a great Lord!

He can solve the poison of commoner killing gods.

Coupled with the evil god of poison, it is even more like a fish in water.

Not only that.

Levi has a big plan!

“Everything obeys the Lord!”

Everyone.

The Evil Sword raised a question: “Lord, it seems that after seeing the child, the mistress will change her mood... I think we can start from this aspect...”

The reminder of the sword evil god made Levi happy.

correct!

Sarah was so angry just now, Junjun called his mother to calm down.

This is also amazing.

Explain that there is still help!

He had a good day with Sarah...

“good news!”

Levi patted the sword evil god.

The Common Killer was taken back to his courtyard.

There is also a genius doctor among the students, who are doing their best to treat them.

Hao Yuxuan was as anxious as the ants on the hot pot...

He certainly didn't want Commoner to kill God alive.

The loss is so great, if Commoner Killing God is saved again.

That's really going to cry.

“Forget it, fight it!”

Hao Yuxuan's expression changed, and he looked at Commoner Killing God with murderous aura.

He desperately wanted to kill the commoner.

“Snapped!”

Just as he did something, a hand suddenly rested on his shoulder.

Hao Yuxuan was taken aback.

“Excuse me, is this commoner killing god?”

When the voice sounded, Hao Yuxuan saw that the two of them were quite ethereal and spiritual.

Those who came were Levi and the evil god of poison.

Both of them had undergone a disguise technique, completely becoming two people with different temperaments.

“Yes, you are?”

Hao Yuxuan asked.

Levi ignored them and went straight into the courtyard.

“Let Xiaojian pay attention to him!”

Levi said calmly.

Levi had noticed him as early as in the Eastern Realm Battlefield.

Came to the courtyard.

Levi proposed to heal Commoner Killing God, but his disciples objected.

After all, they don't know Levi's identity.

It's just that Levi didn't care about it at all, pushed all the students away with his great magical powers, and stepped forward to rescue Commoner Killing God.

“Oh my God, what did I see? The lost Nine Turns Acupuncture?”

Among the students of Common Killer God, who is best at medical skills, suddenly exclaimed.

He recognized Levi's medical skills!

Legendary ancient medical skills!

Soon, with the cooperation of Levi and the evil god of poison, the poison of Common Killing God has been eliminated.

The Common Killer was awake long ago, but he didn't wake up anymore.

"The old guy is quite capable!"

Levi teased, and then left.

"Heavenly doctor! This is a peerless heavenly doctor!"

Seeing that the poison was eliminated, many students knelt on the ground and exclaimed.

Heavenly doctor, meaning that medical skills change fate against the heavens, just like heaven help!

More terrifying than the genius doctor!

Hao Yuxuan walked in and couldn't help being shocked when he saw everyone kneeling on the ground.

"what's happenin?"

Learned that the virulent poison of Commoner Killing God was solved.

He almost fainted.

impossible!

This poison cannot be undone!

Once exercised, it will cause death and injury, and paralysis at light, Wumai damage...

It can't be unlocked!

This is a poison specially developed by an ancient force on the East Island to deal with martial arts Lords!

But the facts are here!

The commoner kills the gods indeed.

The Common Killer lying on the bed suddenly opened his eyes: "It turned out to be him! Hey! I owe him a favor!"

The Protector Novel Levi Garrison Chapter 1903 – 1904

Chapter 1903

Commoner Killing God's eyes were shining, and he suddenly swept to Hao Yuxuan not far away!

Taking a meaningful look, Commoner Killing God sneered: "From this moment on, I can't tell anyone that I have recovered!"

"Understood, teacher!"

Everyone shouted.

After leaving from here, the evil god of poison asked: "Lord, where are we going now?"

"Go and find the great geniuses!"

Levi smiled.

This is his plan.

He wants to cure all the geniuses who have been abolished by the East Island power!

Simply abolishing it is easy to cure!

But the martial arts were scrapped and shredded, and the huge Morendam martial arts world had nothing to do.

Just like Levi before.

I can only do this for a lifetime...

But for Levi, it was not difficult.

The Lord once reshaped his martial art, and he will do this too.

He has to help this group of geniuses recover as soon as possible!

The East Island forces spent such a great effort to abolish the geniuses of Da Xia, this is definitely the beginning!

There is another trick waiting behind!

In the following days, Levi will travel around Morendam!

Today, this genius has recovered physically, and his martial arts strength has gradually recovered.

Tomorrow, that genius will be reshaped into Wumai, and everything will be fine.

Even after being rescued by Levi, some of them were given instructions and their strength greatly increased.

...

Levi is almost a genius who is racing against time to treat Morendam.

Incidentally, treat some difficult and miscellaneous diseases, poor patients and the like.

Over time...

The name of Peerless Heavenly Doctor is getting bigger and bigger.

There is even the title of No. 1 Genius Doctor in Morendam!

All forces are investigating the whereabouts of the peerless heavenly doctor.

There are countless people who want to visit Peerless Heavenly Doctor!

But it is said that this genius doctor has a weird temper. He is the only one who finds the patient, and the patient will never find him.

“It’s a blessing for me to have this heavenly doctor!”

Tiance Mansion couldn’t help but send out such emotion.

“This shows that there are still many hidden Lords in Morendam! I will never let Levi return to the Evil God era!”

“Yes, Levi hasn’t gotten enough to let the Hidden World Expert take action! If he goes too far, there will definitely be a Hidden World Expert to take care of him! I think this heavenly doctor is a martial arts expert!”

...

Peerless Heavenly Doctor even stared at Tianji Pavilion.

Actively looking for his identity.

But after Levi cured these geniuses, let them all hide...

In order to give a big surprise in the future!

Smash the conspiracy of the East Island forces in one fell swoop!

Not only that, Levi also arranged for the Sword Evil God to do other important things.

During this time, Sarah got along well in Tiance Mansion.

Tiance Mansion has incorporated Sarah and Wen Lei into this institution!

There are even special mentors to guide the two people how to use their talents to maximize their strength.

Jun Jun is the pampering of the entire Tiance Mansion plus Baolong clan!

It is said that Junjun's strength has reached an unimaginable realm!

But Tiance Mansion chose to keep it secret!

the other side.

The Common Killer kept the students tight-lipped, but Hao Yuxuan still said everything.

However, Hao Yuxuan had long been spotted by Levi's people and the Common Killer God.

Levi has even found out the true identity of Hao Yuxuan.

He is a native of Dongdao, but was arranged to work as an undercover agent in Morendam since he was a child...

There are many people like him!

Levi asked the secret team to find out one by one.

In addition, Levi also visited some people...

These people are willing to follow him.

This will have a very good effect in the future.

Since the last fiasco.

Richard and the East Island forces held a meeting again.

“We are about to start planning!”

The East Island forces are about to begin.

Richard also smiled: “Don’t worry, the first phase of my experiment was also successful. It will be mass-produced soon!”

...

It was calm during this time, but this was the tranquility before the storm.

An unprecedented storm will come.

Chapter 1904

During this period, someone discovered a phenomenon...

It stands to reason that Levi climbed to the top of the list and hit Tiance Mansion again.

Now he is lawless, no one can cure him!

Shouldn’t he directly pull back to the Evil God era?

Will Da Xia be a hell on earth?

Why is there no movement at all?

Not only that, even his seven evil gods and the major forces did not move!

They all seem to be good citizens who are strict with themselves!

There is a gossip that the evil god of blood no longer uses human blood to practice exercises, and that the evil spirit of poison no longer uses humans to refine poison...

Even some evil gods don't kill people anymore, they've changed their evil spirits into righteousness!

All of them have changed sex!

Obviously they can do whatever they want, but they didn't do anything!

why?

Why is all this?

This contrast makes it difficult for everyone to accept...

They are the forces of evil gods!

Many people are just like others.

What others say, he thinks it is.

Ninety-nine percent of people have heard of it, but haven't seen it!

But take the hearing as true!

A small number of people are still sober.

The problem was quickly discovered.

Since Levi became the leader of the Heretic God, instead of doing anything to harm Da Xia, he is getting better.

The seven evil gods and many of their subordinates have even been changed!

And gradually news was released that it was not the Seven Evil Gods who abolished Morendam's hundreds of Tianjiao!

When those people attacked, they wore masks and face towels, and they didn't dare to show their true colors...

But this is not the style of the seven evil gods!

The Cthulhu forces acted arbitrarily, wishing the whole world would know that they did it!

How can you do such a sneaky thing...

There are many other clues that have been exposed, and the evil spirits really haven't done anything extraordinary.

"I still believe that the word side by side king, maybe he wants to turn these evil demons into super powers to protect Morendam!"

"I feel so too! This person is always worthy of your trust!"

...

During this period of time, Levi disappeared.

This made a small number of people even more convinced that Levi.

The catastrophe predicted by Tiance Mansion did not come...

The era of Cthulhu has never come!

When everyone was puzzled about Levi, he almost cured Morendam's geniuses!

After the martial art was restored, the Tianjiao practiced frantically, recovering to their original strength as quickly as possible.

Not only that, Levi also sent the Sword Evil God and them out to find the top three missing places.

They found it!

Levi cured their injuries and helped them quickly regain strength!

At this point, Morendam's Tianjiao had basically recovered.

When the forces on the East Island take a targeted big move, it is estimated that everyone will fully recover.

And after receiving Levi's guidance, some people have greatly increased their strength!

On the whole, the Tianjiao who are now healed are stronger than before!

No one would think of it.

The East Island forces did not expect it!

Especially when I saw hundreds of Tianjiao all appear in the back, I was shocked to cry!

Levi almost shattered their conspiracy with his own power!

The next focus is Hao Yuxuan.

Levi wanted to dig out the East Island forces behind by staring at him.

It's just that Hao Yuxuan and the East Island forces didn't know they were being targeted.

On this day, Levi had just finished healing a genius and was preparing to go back with the evil god of poison.

In the middle of walking, Levi suddenly stopped.

"I have followed all the way, come out!"

Levi said coldly.

The evil god of poison was shocked, because he hadn't noticed anyone around him at all.

How did Levi detect it?

"Hahaha, it deserves to be the number one in the summer list! Admire it!"

With the sound, a group of five people appeared in the field.

The poisonous god was horrified.

What is the origin of the other party?

They are disguised now, how can they recognize it?

The Protector Novel Levi Garrison Chapter 1905 – 1906

Chapter 1905

For such a long time, he and Levi changed their faces and wandered around Morendam as a heavenly doctor.

No one has ever noticed their identity!

After all, this is Levi's personal transformation skills learned from ancient books.

second to none!

Someone could see through.

It's really shocking!

The comer is not good!

The evil god of poison stared at several people.

Five people wore black robes and scarlet masks.

The robe is embroidered with a cross on the chest!

"Bible Organization?"

Levi said with a smile.

This organization came out of his mind subconsciously.

The Evil Sword God and the others reminded that all the traitors who fled had turned to the Bible organization.

The Bible Organization will definitely retaliate.

I didn't expect to come very fast!

"It's them?"

After the poisonous god heard this, his face changed drastically.

"Old Poison, can't you even hear my voice?"

One of the five slowly took off the scarlet mask, revealing a face familiar to the evil god of poison.

The god of wind who followed the god of underworld to overseas!

“And me, old poison!”

Another person took off his mask, and the evil spirit was shocked.

The once violent evil god!

It really is the Bible organization!

The poisonous god was shocked. How long hadn't seen them before, he actually met again!

But things are right and wrong, the evil god of poison feels that all his brothers in the past have changed.

It is no longer the passionate brothers who used to follow the Huoyun Cthulhu.

They seem to have become cold-blooded machines.

“You... what are you doing here?”

The evil god of poison looked at several people in horror.

Feng Xie Shane smiled and said: “We are not here to find you, we come to him!”

Five people from the Bible organization looked at Levi.

“what's up?”

Levi asked.

“Congratulations, after our long observation! You are eligible to join the Bible Organization! We are here to pick you up and join us!”

Fengxie Shendao.

“Ok?”

This made Levi and the poisonous god both stunned.

What the hell?

I thought the Bible organization was coming to trouble.

The result is to join by yourself?

The evil god of poison was also stunned.

He just prepared to send a signal to the others!

“Your battle with Commonwealth Killing God includes the previous battles, and the Bible organization is watching you! Now you are ranked first in the summer list, and you are eligible to join the Bible organization! Become an important senior! It may not be possible to become the helm of the Bible organization in the future. !”

Several people said sincerely.

That’s right!

They are here to invite Levi!

But Levi and Poison Cthulhu heard another meaning.

It seems that a strong person at the top of the Big Summer Ranking can be considered barely possible in the Bible organization, and it is not terrible.

So how terrible is the Bible organization?

No. 1 on the Big Summer Ranking is only eligible to join...

Both of them are very curious about this question.

Wasn't the Bible organization founded by the evil gods?

The Underworld God is powerful, but at best it is 80 to 90% of the level of the Fire Cloud Evil God!

Haven't reached the point of crushing and despising Levi!

The evil god of poison asked: "Lao Feng, the man at the helm of the Bible organization is Lao Ming?"

Feng Xie Shane shook his head: "No! You underestimate the Bible Organization! The Devil God is powerful, but it is only one of the eight black angels of the Bible Organization! It can only be regarded as the middle and upper levels of the organization! There are many terrifying figures above! Especially! The man at the helm, nicknamed the God of Darkness! Far more terrifying than our once Lord Huoyun Cthulhu!"

The evil god nodded: "Yes, that's right! We are a mess in the Bible organization! The Bible organization is a hundred times stronger than you think! This is why Levi is only qualified to join the Bible organization!"

The implication of the two is that Levi is very strong, but he is only qualified to join the Bible organization.

Levi and the evil god of poison looked at each other, and they were both extremely shocked.

So the Bible organization is so terrible?

Are the evil gods just a small person?

“Levi agreed or not?”

Chapter 1906

The poisonous god is still immersed in shock...

According to the description of the old deceased, this biblical organization is much better than them!

Especially the Dark God is definitely stronger than the Huoyun Evil God!

He could not imagine being stronger than his old Lord!

Levi smiled and said, “You invite me to join?”

Feng Xie Shane nodded: “Yes, this is the meaning of the Bible organization, and it is also the meaning of the dark god!”

“Wait, what are the benefits of joining the Bible Organization? Can I be the boss?”

Levi’s words changed the complexions of several people.

What is he doing?

To be the boss?

Are you crazy?

“Look at what I said in Morendam, I used to be one word side by side! Needless to say? Even now I am the boss of one party, the seven evil gods have to listen to me! Isn’t my good boss wrong, where do you go to do miscellaneous tasks?”

Levi asked rhetorically.

Facing Levi's rhetorical question, several people furiously said: "Levi, you don't know what the Bible organization means. It is a great blessing in your life to see you and let you join!"

"Do you still want to be the leader of the Bible organization? Do you have the qualifications? Even if you are the number one in the summer list, you are really nothing in the Bible organization?"

"If you join! Be obedient, maybe someone will give you pointers and improve your strength a lot! It is not impossible to reach the top of the world in the future!"

...

Everyone talked a lot, but in short it was very simple.

The biblical organization is far more terrifying than everyone thought, with Levi's strength just barely joining!

After listening, Levi smiled: "Oh, forget it! I've always been a chicken head, not a tail of the wind!"

"So thank you all for your love, I won't be a little brother wherever you guys are!"

After speaking, Levi was leaving with the evil god of poison.

"Wait, who told you to leave?"

There was a sharp shout.

Five people from the Bible organization stopped in front of Levi.

"What do you mean? Do you dare to control our stay?"

The poisonous god said coldly.

The five ignored him and their eyes fell on Levi.

“You have to agree if you agree, and you have to agree if you don’t!”

The evil god stared at Levi fiercely.

“Yes, we are not discussing with you! We are here to inform you that you must join the Bible Organization!”

The other three people who didn’t take off their masks spoke blunt Morendam language.

Levi smiled: “Then what if I don’t agree?”

“Then don’t blame us for doing it yourself, catch you back!”

The five breaths have soared, and Levi has been locked in.

The task assigned to them by the Bible Organization was that if Levi didn’t agree, he would forcibly bring it back.

“If you want to take me back, just relying on the five of you is not enough!”

Levi sneered.

“Then try, the first in the summer list, we didn’t care about it!”

One of them looked at Levi with disdain.

The five of them are the eighteen dark angels of the Bible organization, and they have strong talents and fighting capabilities!

It turns out that in the concept of the evil evil gods, the evil spirits of wind and the evil spirits of violence are similar to their seven evil gods.

Strong estimates are not strong enough!

But how did they know that after the six evil gods joined the Bible organization, the Dark God tempered their bodies in a special way and gave them super talents! ,

The strength of the six of them doubled!

Now these six people are one level stronger than the seven evil gods!

This is why the Bible Organization only sent five people to bring Levi back, not for anything else, but they believed in the strength of these five people!

“boom!!!”

The strength of the five people is shown.

The evil god's face changed drastically.

So strong?

Are the evil gods and wind evil gods at this level?

What's more terrifying is that the other three are stronger!

If the evil god of poison knows that these five people are actually the weakest five of the eighteen dark angels in the Bible organization, I am afraid they will go crazy!

“Come on, let's fight!”

Levi was not used to them.
