

The Protector Novel Levi Garrison Chapter 1925 – 1926

Chapter 1925

He wasn't afraid of Guo Yifei's little brats, it was mainly trouble.

I'm too lazy.

These people are not qualified to let him take action.

He went straight to find a Lord of spells.

Guo Yifei quickly merged with He Qingxue.

"Yi Fei looks ugly at your face, has something happened?"

Seeing a clue, He Qingxue couldn't help asking.

Ren Tianfeng laughed and said, "Yi Fei, you won't be taken care of by that kid, right?"

Guo Yifei smiled reluctantly: "Why, that kid knew that I was going to deal with him, so he jumped into the sea ahead of time!"

"Oh, it's okay!"

Levi, an ordinary person, couldn't attract much interest from He Qingxue and the others.

They stopped questioning.

Soon after, several people came to a luxurious villa that resembled an imperial palace.

There are thousands of guards, and there are secret whistle Lords everywhere.

There are also various advanced weapons.

The location of the gambling king family.

“Miss, the young boss of the Blackwater Company will arrive on Golden Harbor Island tomorrow! It is said that he is also a legend in the Eagle Nation! Let’s put it this way, there is no young man in Morendam that can match him!”

“The whole family is very satisfied! Especially the old man is the happiest!”

At this time, the butler came out to greet.

Don’t forget to compliment He Qingxue with her fiancé.

“But he can’t compare to Levi!”

He Qingxue replied with a word.

Although she is willing and accepts the marriage arranged by the family, it does not mean that she recognizes this person!

Levi still admired in her heart!

This time the four of them left Golden Harbor Island to watch the Tianjiao Conference!

This is also instructed by the respective families.

The main thing is to see the world more and make more friends.

You can even choose a person from Morendam and even the best Tianjiao in Brandon to be your husband-in-law or fiancée.

Originally, Fisher Peiqi and He Qingxue were optimistic about the big arrogances.

How did you know that Levi suddenly appeared!

The picture of hundreds of Tianjiao shouting respectfully to the teacher over the audience left an indelible impression in their hearts!

What's more, Levi is not a few years older than them at all!

More temperament and charm!

After seeing Levi's demeanor, He Qingxue couldn't tolerate others.

The young boss of the Blackwater Company is just drenched in the light of the Gods Laboratory!

"Ah? Where's Levi? Miss, go in quickly, the old man still wants to know the situation of the Tianjiao Conference!"

Welcomed by the housekeeper, He Qingxue and the four entered the manor.

The interior of the manor is full of luxury, and the value of every detail is afraid that ordinary people will not earn it for a lifetime.

In the palace-like chamber.

The core members of the gambling king family are all there.

Naturally, the gambling king He Jianfeng sits on the table!

The legend of Golden Harbor Island!

No one knows how many assets he has, and no one knows how many hole cards he has!

In short, no one on Golden Harbor Island dared to mess with him!

Even the martial artist and the Lord of spells must respect him three points!

This is the power of the king of gambling!

He leaned on a cane with a dragon's head and looked majestic.

There are his brothers below, most of whom are his heirs.

He Jianfeng nominally has four children, but it is said that the total number of real children is more than ten.

When He Qingxue came back, a kind smile appeared on the majestic gambling king's face.

Among the third generation, the gambling king loved He Qingxue the most!

After a lot of greetings from everyone.

The gambling king began to ask: "Qingxue, are you going to visit the Tianjiao Conference this time, are you rewarding? Or can you specifically talk about the Tianjiao Conference!"

He Qingxue began to narrate everything about the Tianjiao Conference.

Everyone was amazed.

"Grandpa, what shocked Qingxue the most was Levi, the number one on the list..."

He Qingxue vividly describes Levi.

Someone from the Gambling King family sighed, "How great would Levi be used by our family?"

The gambling king glared at him fiercely: "You are wishing for nothing!"

Chapter 1926

“How does Levi exist? That is a descendant of the Heretic God, a great demon unparalleled in the world! That is the number one in the ranking! Even Richard of the Gods Laboratory has nothing to do with him! Even the Bible organization invites him to be rejected!”

“How can my little Hejia He De tolerate this great god?”

“You are not allowed to say these things in the future, in case others hear it, it will be detrimental to us! Even if Levi does not ask for trouble, we are also in trouble for the seven evil gods under him!”

The gambler explained angrily.

“Father, is Levi really so scary?”

It was He Zongtang, the second uncle of He Qingxue.

The gambling king sneered: “It’s more terrifying than you think! Let’s put it this way, if he comes to Golden Harbor Island! No one can suppress him! We can’t afford to offend it!”

He Zongtang sighed: “That’s true! The most powerful one on our Golden Pot Island is Kyushu Xuanzun, right? He ranks behind on the top ranking list! Definitely not Levi’s opponent! If Levi really comes to Golden Pot Island, then it will be a huge surprise here. No one will do anything to him!”

Guo Yi spoke quickly and immediately asked: “Grandpa Gambling, if Sister Qingxue is looking for Levi as her husband-in-law, does she not have to marry the young boss of Heishui Company?”

The gambling king was stunned and couldn’t help saying: “It’s okay! But I heard that Levi’s children are very big! What’s more, the prospects of the young owner of Heishui Company are better!”

He Qingxue’s expression gradually dimmed.

“Qingxue, don’t have any other ideas. Tomorrow, the young boss of Heishui Company will come! See you!”

“Being able to marry with Heishui Company and climb into the laboratory of the gods behind it is the goal our family pursues!”

Everyone nodded: “Understood!”

Afterwards, Guo Yifei and a few people left.

Came into the car.

“Guo Shao, we did a preliminary investigation, but we didn’t even see this kid!”

“How do I feel that this kid is a bit mysterious now?”

...

Guo Yifei sighed: “Forget it, there is no need to delay such a long time with an ordinary person!”

At this time, Levi had already arrived at the address given by Gemini.

This is a church, but it has been abandoned for a long time.

The dust is thick and there are spider webs everywhere.

It’s not like a place with people.

Levi looked around, but didn’t see anyone.

Looking at the traces, no one here has been here for at least five years.

“Could it be that these two boys made a mistake?”

Levi muttered to himself.

However, Gemini is serious and will never go wrong.

The only possibility is that the magic Lord has left here.

There is a time error in the information given by Gemini!

It's okay!

Now that you are here on Golden Harbor Island, are you afraid that you will not be able to find anyone?

Outsiders don't know, the local upper circles of Golden Harbor Island are definitely known!

After Levi left the church, he asked the King of the West to find out which one was the strongest on Golden Harbor Island.

He directly asked where the magic Lord was.

“Wang, I suggest you go directly to the king's family!”

The Western Heavenly King smiled.

“it is good.”

Levi stopped a car casually.

“Where are you going, sir?”

“Go to Longteng Manor!”

As soon as Levi said this, the driver was stunned and looked at Levi incredulously.

On Golden Pot Island, who doesn't know that Longteng Villa is where the King of Gambling Family is located?

That is a taboo zone!

How dare ordinary people approach that place!

If there is no return, it will be lost if it is not possible.

“Sir, are you serious? Going to Longteng Villa?”

The driver asked again.

“Of course it’s serious!”

“Did you know that Longteng Villa is the King of Gambling Family?”

The driver wiped his cold sweat.

“I know! Take me there quickly, why do so much nonsense?”

Levi became a little impatient.

“Ok!”

More than an hour later.

After the driver took Levi to the vicinity of Longteng Villa, he drove away quickly.

The Protector Novel Levi Garrison Chapter 1927 – 1928

Chapter 1927

The driver has never seen such a bold man come to gamble on the king’s family.

Moreover, looking at Levi's temperament, he was clearly an ordinary person, absolutely nothing to do with the Gambling King family.

If you are a really big man, why take a taxi?

The driver is sure that Levi can't do without here.

He must die!

Looking at the villa in the distance, Levi walked over.

But at this time he has been targeted by many people.

They watched Levi walk to the door of the villa step by step.

This is the terrible thing about the guards of the King of Gambling!

They must ensure that there can be no danger near Longteng Villa!

Not even a poisonous snake can survive!

What's more, Levi is a big living person!

"Stop! What are you doing?"

With a scream, more than a dozen guards swarmed up.

"Who is in charge here?"

Levi didn't answer the question.

"Hahaha..."

Everyone was taken aback for a moment, and then burst into laughter.

"Boy, don't you even know where this is?"

“Listen well, this is Longteng Villa! The gambling king family is located! The person in charge is the gambling king!

Levi nodded as he heard: “Well, good! Then he will come out to see me!”

The words are not shocking and endless, and everyone present was taken aback as soon as Levi said this.

Everyone looked at each other.

The same sentence flashed in his mind-Is this man's brain sick?

Why did the king of gambling like the emperor of Golden Pot Island come to see him?

He is sick if he is not crazy!

“What are you doing in a daze? Hurry up and call someone! What is the gambling king's name, He Jianfeng? Hurry up and let me come out to see me! Come out late, at your own risk!”

Levi shouted.

He Jianfeng?

Who is He Jianfeng?

All the guards were stunned.

Because for so many years, no one dared to call the name of the gambling king.

No matter how big a person is, he must call the gambling king, and he will never call his name directly.

So that after the name was called out, everyone couldn't remember who it was for a while!

“This... is this the name of the king of gambling?”

“God! Your kid is crazy! You dare to call the gambling king directly! You are looking for death!”

Immediately, let everyone relax.

There was extreme anger on everyone’s face.

“Smelly boy, are you here to find the fault? Dare to ask the gambling king to come and see you, I think you are impatient!”

“Do you have ten lives? Dare to come here to be wild? You dare to call your name directly! If you don’t die, you are fortunated!”

The guards are about to attack.

Levi sneered, “I advise you to quickly let the gambling king out! Otherwise, don’t blame me for scoring in! It will be bad for anyone then!”

Upon hearing this, these people became even more angry!

Levi provoked them repeatedly.

They can’t stand it anymore!

On this three-acre land of Golden Pot Island, for decades, no one has ever dared to be wild in front of the gambling king family!

Still a hairy kid!

Isn’t this looking for death?

How courageous!

“What nonsense with him! Kill him and throw him into the sea to feed the fish!”

Levi shook his head helplessly, being polite, he could only rely on violence.

let's hit!

Hurry in, find the gambler, and ask about the whereabouts of the magic Lord.

“Go! Kill this kid!!!”

Just as the swords were drawn, a nice voice came.

“Wait!”

“Don't do it yet!”

He Qingxue just came back from outside by car, she just separated from Fisher Peiqi.

From a distance, I saw people making trouble at the entrance of the villa.

“what happened?”

He Qingxue asked.

“Miss, this kid deliberately made trouble and provoked! Even the king of gambling came out to see him in person! He also said that if the king of gambling didn't come out, he would personally enter!

The guard immediately reported the situation.

“What? There is still such a thing? It is unreasonable to provoke our He family?”

He Qingxue's face changed abruptly, as cold as frost.

At this moment, Levi turned around slowly.

The two of them faced each other.

“It’s you???”

He Qingxue was surprised.

Chapter 1928

He Qingxue would never have thought that Levi would be seen at the door of his house.

The man on the ship who was ignored by her at a glance!

This time, she was not interested but also interested.

Even if it is ordinary, people who dare to come to gambling at the door of the king’s family alone are not ordinary people.

Shock!

Unexpectedly, this person came for the gambling king’s family!

This man seems unusual?

He Qingxue was curious about Levi for the first time.

If Guo Yifei knew it, his jaw would fall in shock.

“Huh? Miss, do you know each other?”

The guard saw the doubt and couldn’t help asking.

“Well, there was a fate!”

He Qingxue’s eyes fell on Levi, and she asked, “What are you doing here?”

Levi did not answer her question, but asked: “Who are you the king of gambling?”

“It’s my grandpa!”

“That’s easy, call your grandpa out, I have something to ask him!”

Levi’s tone made everyone present feel extremely uncomfortable.

Including He Qingxue!

what are you?

Dare to tell the gambling king to come out to see you?

“Miss, this kid is so arrogant! Kill him directly!”

The guards couldn’t help it anymore.

“Wait! I have something to ask him!”

He Qingxue looked at Levi: “Who are you? Where are you from? Why are you looking for my grandpa?”

“Call your grandpa out, you don’t need to know!”

Levi said coldly.

“is it?”

“That has nothing to do with me!”

After speaking, He Qingxue turned and left and walked straight to the manor.

As the guard of the gambling king family, not only the strength is terrible, but also the first-rate in terms of humanity and sophistication.

They heard He Qingxue’s implication-she didn’t care about this matter and let them handle it!

The guards showed grim smiles one after another.

They just waited for He Qingxue's words.

I'm so upset with Levi!

“on!”

More than a dozen guards gathered together, ready to do it.

He Qingxue walked towards the manor with a cold face.

Levi's behavior today made her take a high look, but it was just another look.

Life and death have nothing to do with her!

“boom!”

“boom!”

“Crack!”

But she had just walked to the gate, and there was a whistling sound in her ears, and a heavy object flew over and banged on the gate.

Before her eyes, the gate of Longteng Villa was smashed into pieces!

That is clearly a person!

Kicked and flew over and smashed the door!

He Qingxue's footsteps stopped suddenly, and the cold expression on his face disappeared, incredible.

At this moment, He Qingxue's brain was blank.

I can't realize anything!

But this is only the beginning!

“boom!”

“boom!”

“boom!”

...

Then the guards blasted one by one.

Nothing but a list smashed on the broken door!

After more than a dozen sounds, the gate was completely blasted down.

The guards lying on the ground curled up like cooked lobsters, wailing constantly.

Only then did He Qingxue gradually reacted.

She slowly turned around and saw Levi standing not far away.

Is he so good?

These guards of the King Gambling Family are all terrifying powerhouses!

Can't catch Levi?

He has something!

He Qingxue's legs trembled, and then he came out of shock.

At this moment, the huge movement has attracted the attention of the entire family of gambling kings.

Especially the door was broken.

The problem is serious!

In and around the villa, people kept running out.

Even the top of the gambling king family were alarmed.

He Zongtang and others also came one after another.

“What happened? What happened?”

Everyone shouted.

“The big event is not good. Someone rushed into Longteng Villa! A dozen of us were injured! Alarm! Alarm!”

The door guard sounded the alarm.

This time the problem is more serious.

Sharp sirens sounded throughout Longteng Villa, everywhere.

This time I am afraid that even the gambler will be alarmed.

The Protector Novel Levi Garrison Chapter 1929 – 1930

Chapter 1929

Sure enough, the gambling king, surrounded by everyone, also came to the gate.

Thousands of Lords from the gambling king's family also gathered for the first time!

This is the first time such a situation has occurred since the establishment of the King of Gambling Family!

Some people will be bold enough to come to the gambling king family to make trouble and kick the hall!

This is unprecedented!

After the alarm that hadn't been sounded for decades, the entire family of gambling kings turned on the most advanced state of alert.

All modern weapons open!

Ninety-nine percent of the Lords in the family are all mobilized!

Even the major forces scattered on the Golden Harbor Island and the surrounding gambling clan sent people to rush in the first time.

Even the other clan forces on Golden Harbor Island are asking about the situation in the first place, whether they need support or not...

For a while, the entire Golden Harbor Island seemed to be in chaos.

With Levi's approach, the Golden Pot Island was turned upside down!

Thousands of people gathered at the gate of Longteng Villa in the blink of an eye.

The inner three floors and the outer three floors are surrounded by water.

Everyone looked at Levi!

Everyone couldn't help being surprised to see him alone!

Originally thought it was a big force attacking the gambling king family.

Unexpectedly, there is only one person!

“The King of Gambling!”

Then, the king of gambling with a leading cane arrived.

“what happened?”

The Gambler asked with an unhappy expression.

He Qingxue, who had experienced all of it, told the audience about everything that would happen.

“Grandpa, you are too sensitive, he is only one person! Why is there such a big movement?”

He Qingxue has returned to normal now.

She was indeed shocked just now.

Mainly Levi gave her a sense of contrast!

Obviously an ordinary person, but suddenly broke out, it was really scary.

“Well, but this kind of thing has never happened before, it’s better to be cautious!”

Said the gambler.

Just because this situation has never happened before, everyone was too cautious when it happened.

“What’s the matter? What happened?”

He Qingxue’s good friend Ren Tianfeng and others came one after another.

Guo Yifei was shocked when he saw Levi standing in the field.

Especially Guo Yifei was the most fearful.

He sent so many people to look for Levi's whereabouts, but he didn't expect him to come to the king of gambling.

"This...is it all about him?"

Fisher Peiqi's eyes were full of incredible.

He Qingxue nodded.

"Okay, kid, you came here to run wild! You are looking for death! Qingxue, I will tell you..."

Guo Yifei told everyone that Levi had slipped away on the ship that day.

"It doesn't seem to be an accident, this kid does have two brushes!"

Guo Yifei stared at Levi and said coldly: "Don't worry about it, leave this to me! I'll take care of him!"

Guo Yifei just wanted to count the old grudges together.

"Wait!"

A majestic voice sounded.

The gambling king stood up.

Guo Yifei and several people immediately retired.

The gambling king stared at Levi tightly, "Boy, what are you doing here with me? I heard you let me come out to see you?"

“Well, that’s right! The purpose of my coming to you is very simple! I want to ask you about a person’s whereabouts!”

The language is not surprising and endless.

When Levi said this, the audience was shocked.

Everyone thought that Levi was here to provoke.

He never expected to inquire about a person’s whereabouts.

He Qingxue was stunned.

The gambling king was stunned.

Everyone was stunned.

After a moment of silence, the gambling king asked, “Who are you going to find out about?”

Now, he is also very curious.

Levi did not hesitate to bet on who the king’s family wanted to find out!

“I want to find out about a Lord of spells, I don’t know his real name, I only know that he has a nickname—half fairy, half ghost! You should know that, right?”

Levi said.

“What??? You want to ask him?”

It’s just that Levi said it, and the atmosphere was obviously stagnant.

Especially the look of the gambler has changed significantly.

Chapter 1930

As soon as the term “half fairy and half ghost” came out, the younger generation didn’t feel it.

But the face changed drastically when he got older.

Because Levi mentioned a taboo on Golden Harbor Island!

What Banxian said was that his magic spells reached the sky, and the geomantic omen was simply supernatural.

In the past, the upper class of Golden Harbor Island asked him to act whether it was for the opening of a company or the marriage of a wife and children.

Anything that he has been conditioned, went smoothly and embarked on the path of becoming rich and wealthy.

Even gambling kings of these levels are no exception.

Have looked for this Lord!

It can be said that the brilliance of these top beings on Golden Harbor Island is inseparable from this Lord.

That’s why Levi was so shocked when he saw the Lord spell Lord information.

It is no exaggeration to say that the glory of Golden Harbor Island in the past few decades is inseparable from this Lord!

He supported it alone!

But the most terrifying thing is half ghost...

The initial half-ghost title did describe his disability and ugly face like a ghost.

But then everything changed.

The title of half ghost has become a taboo, a horror that everyone talks about!

However, this happened later and was completely blocked by the upper circles of Golden Harbor Island.

So that the young people and everyone outside of Golden Harbor Island do not know the news of this magic Lord.

Only then did Gemini give Levi information, the reason for the error.

Seeing the reaction of the gambling king, Levi knew that he was right!

Fortunately, it was directed at the gambling king.

If you find other people, you might be wasting time.

These young people like He Qingxue didn't seem to know the half-immortal and half-ghost, and looked at the gambling king and Levi with a puzzled expression.

"Yes, this time I came to Golden Harbor Island to find half a ghost and half a fairy!"

Levi said very positively.

The gambling king was angry and shouted: "Go! There is nothing half-fairy and half-ghost here! I don't know where he is!"

"Ok?"

The king of gambling made this move that everyone did not expect.

It stands to reason that Levi was so provocative and said another half fairy and half ghost.

No matter how he won't let him live.

Let him go?

Why is this?

Does it have something to do with half fairy and half ghost?

“Huh? Are you sure you don’t know where he is?”

Levi asked.

The gambling king vetoed: “I don’t know! Don’t look for it! Get out of Golden Harbor Island! Otherwise, you will die and have no place to bury you!”

“Really don’t know?”

Levi muttered to himself, he wanted to leave.

At this moment, he received a message from the Western Heavenly King.

Message: Half fairy and half ghost are locked up by the gambling king.

After reading the news, Levi’s face changed abruptly, slowly raised his head, and his eyes fell on the gambling king.

The gambling king was guilty by Levi’s gaze, and he scolded: “Get out! If you don’t leave, I promise you will die!”

Levi sneered and said, “Why are you so guilty? You locked up half a fairy and half a ghost?”

When Levi said these words, the faces of the gambling king and his brothers and sons changed wildly, revealing unbelievable expressions.

“You... how did you know?”

He Zongtang’s face turned pale for a moment, and he asked, breathing heavily.

This is also the question of the gambler!

This time, all of them paid attention to Levi!

It turned out that he knew that half fairy and half ghost had been locked up by himself.

So I came here specially!

He Qingxue and others continued to be confused, and didn't know what was going on.

“You...who are you? What is your relationship with him?”

The Gambler asked with a hint of horror.

Levi smiled: “I didn't know him before, I came to him just to ask him to do it! Hand over the people! I won't participate in your grievances! I will ask him to do it!”

Hearing this, the gambling king's face eased a lot.

“You really have nothing to do with him?”

Levi shook his head: “No.”

“Hahahaha...”
