

# The Protector Novel Levi Garrison Chapter 1967 – 1968

## Chapter 1967

“boom!”

It's like a bomb, blowing everyone to pieces!

If this news spreads, I'm afraid the whole world will go crazy!

Eighteen dark angels such as the evil gods all showed crazy expressions!

how can that be?

Richard watched the corpse dissolve.

how come?

“No! It is possible that what everyone sees is an illusion! What is Golden Harbor Island? Morendam's hometown of magic Lords! There are super powerful magic Lords who have taken action! Everything you see is an illusion!”

Underworld God suddenly reacted.

“But even so, can you hide so many Lords? Someone announced the details of the battle before, and Levi was indeed killed!”

...

The eighteenth dark angels are still discussing.

They concluded that Levi was absolutely dead, and it was possible that the corpse behind was saved by the magic Lord using a spell.

The majestic voice of the Dark God sounded again: “The person I fancy is not bad! It’s just that what I didn’t expect is...”

Halfway through, the voice stopped abruptly.

Everyone became more and more confused about what the dark god meant.

Could it be that Levi did something unexpected to him?

Do not!

If Levi was still alive, it would be a miracle!

But listening to the tone, it seems that Levi’s alive is not a surprise to the Dark God.

Surprisingly, there are other things...

“Hope it’s just a coincidence! A coincidence...”

The voice of the Dark God’s sighs echoed in the castle like thunder.

Everyone was even more dizzy.

Is there anything in Levi that can scare the Dark God?

The eighteen dark angels are the most obvious how strong the dark god is...

That’s a god-like existence!

The extreme existence comparable to the laboratory of the gods!

Tiance Mansion Tianji Pavilion.

A figure came.

He arched his body slightly and stood in front of the Tianji Pavilion building as a sign of respect.

“How did you come?”

A voice came from inside.

Wei Wei expressed surprise.

“I’m just here to verify whether Levi is dead?”

The man said.

“Sure enough, you are the only suspect in this matter...haha...”

Laughter came from inside.

“So what’s the answer?”

The man continued to ask.

“Hahaha...”

There was only laughter from Tianji Pavilion.

“Well, I got it.”

The man turned and left.

...

In a courtyard in the capital.

This is where the Common Killer God lives!

Putting aside the martial arts strength, Common Killer is also a big local tyrant.

He actually has six sets of courtyards in the capital.

Lots are all in the center.

Any set of courtyard houses is worth hundreds of millions!

He has six sets, which does not include other properties.

What's more, the whereabouts of Buyi Killing God is uncertain, and there are real estates in other places.

Commoner Killing God is drinking tea to calm his emotions.

The fall of Levi during this period of time made him unacceptable.

Levi is the strongest opponent he has ever encountered and his savior.

Although Levi appeared as a doctor, he still recognized it.

He always wanted to find a chance to repay this kindness.

It seems to be gone now.

“Hey!”

The Common Killer sighed.

“Whoo!”

At this time Commoner Killing God's ears flapped.

I heard movement outside.

“Who?”

The Common Killer exclaimed.

He is currently the only one in this courtyard house.

The apprentice butler was all called away by him.

Even a bug in the courtyard could not escape his ears.

How can there be any movement!

“boom!”

The commoner killer turned into a flash of lightning and appeared in the courtyard.

It swept directly towards the movement.

One person stood facing each other.

“Who?”

He said coldly.

His eyes fell on the man’s face like a torch.

“what?”

When he saw this person’s face clearly, he showed an expression of extreme fear.

Unbelievable!

“It turned out to be you???”

Commoner Killer swallowed fiercely.

Chapter 1968

The Common Killer didn't expect Levi to pass away just now.

The next moment, he appeared in front of him.

This is by no means a ghost or an illusion.

This is Levi!

He is still alive!

Commoner Killing God is very excited, really want to scream.

But there is no sound.

"I can only find you now!"

Levi smiled.

The reason why he came to find Commoner to kill the gods is very simple.

First: Everyone knows that the commoner is poisoned by killing gods. Although he lives, his strength is greatly reduced. (Actually he was cured by Levi) He has faded out of the world's horizons, and he is no different from death. No one noticed at all.

Second: Hao Yuxuan, who is related to the East Island forces, is the apprentice of Common Killing God.

Third: Commoner Killing God is powerful and can help Levi.

"that is really good!"

Thousands of words for commoner killing god converge into one sentence.

That's right!

Levi is still alive!

He is not dead!

Tianji Pavilion and the Dark God already knew the answer.

Therefore, Tianji Pavilion did not update the Big Summer Ranking, and the Dark God also gave the eighteen dark angels to answer.

Why didn't Levi die?

At first, he obviously had nothing to do after fiercely fighting the major Lords, and could only let the Destroyer kill him.

The corpse was not destroyed because of the existence of the magic Lord, the half fairy and half ghost.

But how could he not die?

Someone save him?

Not!

This is the reason why Levi himself!

At that time, everyone was killed, but the destroyer appeared.

Levi was indeed exhausted.

But he has the same thing!

The Art of Taboo!

It was the first time that Levi used the taboo technique when the dragon chain locked him.

But no one looked at him at that time, no one knew that he used a taboo technique.

But this time many people watched, especially Richard and they all stared, which is equivalent to the whole world paying attention to him.

Once he uses the taboo technique, he will be exposed!

I don't know how much impact this exposure will have on Lord!

According to the miracle of Lord, Levi was unwilling to expose it.

Levi is a person who keeps his promise!

Especially the Lord who has the grace of rebirth to him!

The taboo technique can not be used if it is not used!

But this is going to die, can you not use it?

Once the taboo technique is used, no matter how strong the Destroyer is, Levi can kill and he can survive.

However, in this way, his trump cards and taboo tricks were completely exposed to Richard.

What's more terrifying is that I don't know how many pairs of eyes are staring at you secretly!

The laboratory of the gods and the biblical organization are all unknowns.

Even Levi from the Baolong clan of Tiance Mansion was not at ease.

He can't reveal his hole cards!!!

What to do then?

Still have to use taboo technique!

But only half!

There is more than one taboo technique, and Levi has many kinds of techniques.

There is a taboo technique called concealing the sky!

This taboo technique is a bit magical!

Once used on someone or myself, all my breath disappears, all auras disappear...

No matter how powerful someone is or how advanced the machine is, your presence will not be detected.

As if people disappeared from this world.

If you don't meet with your own eyes, then you will never find this person.

No matter how great your supernatural powers are, you can't perceive the existence of this person!

Levi had always suspected that Lord used this taboo technique to hide in the prison.

In this way, no one would even want to find him.

At the moment of using it, Levi affirmed that Lord must use these taboo techniques.

So for many years, no one has looked for him.

Of course, this taboo technique can be used for suspended animation!

But Levi didn't dare to use it completely, after all, how many pairs of eyes were staring at him.

The effect of concealing the sky will not be achieved, but will be exposed.

So Levi used half of this taboo technique...

As for the other half...

## The Protector Novel Levi Garrison Chapter 1969 – 1970

### Chapter 1969

Levi used a taboo technique to shield his breath.

This step is aimed at those Lords of Lord magic arts.

For example, you feigned death, your heart stopped moving, and everything stopped.

It is completely dead in front of modern instruments or ordinary people, and cannot be detected.

No matter how you check it is dead.

But Lords of magic spells, in layman's terms, the fortune-telling Lords, they can find out that your aura still exists, and they can't hide it at all.

For example, when Levi couldn't find Sarah, he thought he was dead.

As a result, a small Wushuang city found that Sarah was still alive!

Because they left a mark on Sarah's body.

When the mark is broken, it means that Sarah is dyed to death.

But at that time the mark was not broken, which meant that Sarah was alive.

Same reason now!

Those magic Lords and the most powerful ones can feel the existence of a person's aura!

To judge life and death!

A cautious person like Richard, actually even saw Levi's body being dissolved.

He was still not at ease.

He sought out the goddess of primitive tribes, the super priests of a certain Holy See in the West, and a certain witch to see if Levi was really dead.

The skills of these priests are similar to Morendam's magic Lords.

They couldn't even see Levi's energy!

Make sure Levi is dead!

Richard is relieved!

Levi used half of the taboo technique to fool them!

Let them know that they are dead...

Not a suspended animation!

It's really dead!

The reason for using half is the obscure taboo technique, which prevents people from checking it out, which will cause trouble to Lord.

As for the other half–

It is due to Levi's recent research on various medical techniques!

In order to heal Sarah and the great summer arrogances who were abolished at that time, Levi has searched almost all the ancient medical books left to him by the Lord.

Therefore, Levi used his own medical skills, causing him to be in a state of suspended animation.

With his medical skills, he has caused a suspended animation, and no one has ever found out.

Plus half the support of Taboo Art!

In this way, he is really dead!

Anyone lied.

Of course, I've never lied to it...

Such as the Dark God and Tianji Pavilion.

What is even more frightening is that the Dark God has found a clue. From his suspicion, it can be seen that he has discovered a taboo technique.

But Levi used half of it, and he was not sure about it himself.

Will have such doubts...

If Levi directly used the taboo technique, the Dark God would definitely find out.

Then the identity of his Lord or other things are exposed.

Therefore, at the very moment, Levi used medical skills to put himself in a state of suspended animation, and used a little taboo technique to isolate the Lloyd.

He deceived everyone, including the magic Lord, half immortal, half ghost, Kyushu Xuanzun.

Although it is a suspended animation.

But Levi was sober.

Know what happened.

But what Levi didn't expect was that Richard wanted the Destroyer to destroy his body.

At that time he continued to pretend to be dead, and his body would really be dissolved.

At the critical moment, Levi knew that a Lord of magic spells had taken action.

Later it was found to be half fairy and half ghost.

After the half fairy and half ghost threw him into the sea, he left directly.

Commoner Killing God patiently listened to Levi's description of everything.

The Common Killer touched his chin, looked at Levi suspiciously and asked, "I have a question..."

"What? Since half-immortal and half-ghost used spells to make everyone hallucinate, thinking that your body was dissolved away! But Richard and the others watched it with real-time images returned by aircraft and other machines...half-xian-half No matter how powerful the ghost is, it can't confuse the person in front of the screen, right?"

Commoner killed God and said the question.

Yes, Richard didn't watch it much at the time.

But the Destroyer began to dissolve Levi's body, he saw it clearly.

How was he deceived?

## Chapter 1970

Facing the doubts of Commoner Killing God, Levi did not speak.

He slowly lifted his clothes, revealing bloody wounds.

"This..."

The Commoner Killing God was stunned.

He understands everything.

It turns out that the scene where the Destroyer dissolves Levi's corpse is true!

Levi was really bloodied by the beam energy of Shuang Destroyer.

Only the half fairy and half ghost in the back use spells to confuse everyone.

This is why Richard didn't doubt it!

Because the first part of what he saw was true!

The images returned in real time cannot be fake!

The picture behind is that they didn't see it themselves!

"Is your injury okay?"

The Common Killer asked immediately.

“My injuries are okay, I am a doctor myself! They are all skin injuries, and they will get better soon!”

Levi looked indifferent.

I don't know why, Commoner is a little bit painful to kill God.

In terms of age, he is not too much to be Levi's brother.

Levi looked like a child in his eyes.

But it is this child who shoulders the responsibility of guarding Morendam...

Battered and bruised again and again...

Frequent death...

“Since you are alive, Mr. Garrison, you must take action, right?”

The Common Killer had already guessed that Levi was going to act.

“Didn't I come to you? Now I can't find any subordinates, that would expose me to life!”

Levi smiled.

“What does Mr. Garrison need me to do? Just say it!”

The Common Killer said.

No one knows that he is still alive, even stronger than before.

He can better help Levi.

“You have been staring at your apprentice Hao Yuxuan, right?”

Levi asked.

“Yes, that’s right, I have probably Lorded his whereabouts on the East Island.”

The Common Killer replied.

Levi sneered and said: “This time the East Island forces and Richard and the Lab of the Gods killed me. I can’t swallow this breath. I’ll find the place back! Take revenge one by one!”

“East Island forces are my first step in revenge! I need you to help me find out everything about this organization through Hao Yuxuan!”

Levi was already murderous.

He wants revenge!

The forces of the East Island, Richard these people, he will come to the door one by one.

I won’t let it go!

Especially the Destroyer!

Levi gave this kid a fist for feign death!

Levi is bound to return it doubled!

“Okay, no problem, I will do my best on this matter!”

The Common Killer nodded.

It just happened that he had made a major breakthrough in Hao Yuxuan recently!

This is also the main reason why Levi is looking for him.

If you go to the Western Heavenly King to check these things, it's easy to get rid of it.

Not to mention the fact that the Western Heavenly Kings have recently fallen into the sky.

I guess they have given up checking this and that.

“Well, as soon as possible! Tomorrow I will go directly to the East Island! I entered the East Island for the third time! The first two times have been upset! This time I will make the sky on the East Island fall! From then on I will make them fear I live in my shadow!”

“I want them to be afraid and tremble as soon as they hear my name Levi! Frightened into a coma!”

Levi's momentum is like a dragon, and the commoner kills the gods in a daze.

If someone else said that, he must be thinking that he was pulling a calf.

But this is Levi!

Levi is alive!

At this moment, Commoner Killing God is looking forward to it!

He will be the witness and participant of this moment!

He has lived for so long, not as good as Levi for just 20 to 30 years.

He dared to go to the East Island alone to make trouble in the Heavenly Palace!

Who can do it?

“Well, I will arrange everything right away! I will use all my connections and forces to do all this!”

At the end of the story, the Common Killer looked embarrassed: “But I have a small request!”

“What? You say!”

“Please take me! I want to live out another name!”

Commoner kills Shinto.

Levi thought for a while and nodded.

## The Protector Novel Levi Garrison Chapter 1971 – 1972

### Chapter 1971

Originally, he wanted to go alone!

But it's okay to bring him.

First, Commoner Killing God is very strong.

Second, he has faded out of public view.

“By the way, the last time you played against you, I found that Senior, your technique was a bit wrong...”

Levi inherited it from the Lord, and it's almost all-encompassing.

It can even be said to be the root of the world martial arts.

In the final analysis, all kinds of exercises and combat techniques are analogous.

So Levi could see the flaws and disadvantages of Common Killing God.

Facing Levi's "guidance", Common Killer didn't dare to give a big deal, and listened carefully to the summary.

"Ah? That's why! No wonder, I understand!"

"How could this happen?"

"My God! This is fine too?"

"I'm going crazy..."

...

One night, the exclamation of the common killing god echoed in the courtyard.

After Levi's guidance, many bottlenecks in the martial arts of Common Killer were solved!

His strength is advancing by leaps and bounds, and he is a level stronger than that of him holding a divine sword in the sky.

Don't say anything else, if it's one-to-one.

None of the Lords who killed Levi the other day can beat him!

Of course, except the destroyer!

Levi doesn't know how strong he is!

Before, Levi felt that Commoner was still not strong enough to kill God, but now he finally reached the standard of an assistant.

The next day, the two of them were in good spirits.

Commoner Killing God is because of the breakthrough in strength, to a higher level.

After one night of treatment, Levi recovered better from his injuries.

It's already well six or seventy.

It won't be long before Levi's body will fully recover.

"Mr. Garrison, don't wait for you to recover completely before going to the East Island?"

Commoner Killing God asked.

He was mainly worried about Levi's injury.

"No, you have to go now! The sooner the better, kill them off guard!"

Levi looked firm.

The Common Killer nodded: "Okay, I'll make arrangements!"

Soon Commoner Killing God made arrangements.

"I still need to dissolve, you can do whatever you want!"

Levi showed the ancient disguise technique in the face of Commoner Killing God.

He soon became another person.

The Common Killer didn't recognize it.

"Mr. Garrison, let me change my face too, so I can do things easily!"

The commoner killed God with a smile.

Just as Levi was about to disguise Commoner to kill the gods, a voice came from outside: "Lord!"

“Oh, it’s Hao Yuxuan!”

Commoner Shashen’s face changed drastically, and he heard Hao Yuxuan’s voice.

Hao Yuxuan was suspicious by nature, otherwise he couldn’t hide his identity and hide beside Commoner Killing God.

The most important thing is that this kid turned out to be a native of Dongdao.

Commoner Killing God was worried that something would happen after he saw Levi, in case he noticed any clues.

Then only kill him.

But he can’t be killed yet.

It’s still useful for him to keep it.

Hao Yuxuan has obviously completed the task and went crazy for the commoner killer, but why is he still hanging around in the summer?

One is that he himself didn’t know it had been exposed.

Second, he estimated that he had a new task.

Hao Yuxuan and a few people have already walked in with the kung fu thinking of Commoner Killing God.

Seeing Commoner Killing God about to go out, Hao Yuxuan immediately asked, “Lord, where are you going?”

Commoner Killing God has regained his emotions.

“Lord is going to the East Island!”

The Common Killer said unhurriedly, his brain spinning quickly, thinking about how to deal with it next.

“East Island?”

Hao Yuxuan was shocked.

“Lord, why are you going to the East Island?”

Hao Yuxuan asked.

“I’m going to visit an old friend!”

The Common Killer has not had time to explain.

Hao Yuxuan’s eyes fell on Levi.

“Lord, who is this?”

Hao Yuxuan asked.

Several apprentices who killed God in commoner clothes behind him also looked at Levi.

At this moment, Commoner Killing God was extremely nervous.

I’m afraid Hao Yuxuan has noticed it.

It was just that Levi’s response made Common Killer stunned.

## Chapter 1972

Levi spoke, even speaking fluent Dongdao!

The Common Killer has a wide range of knowledge, and he has also played against the Kendo Lords of Toshima, and he knows a little Toshima.

But when he heard Levi say, he was shocked.

As if Levi was a native of Dongdao.

Together with Hao Yuxuan, he was also stunned.

He is a native of Dongdao and knows what level of Levi's language is.

Including Levi's tone of voice, etc., he is from Dongdao!

This is not difficult for Levi.

When training special agents in the early morning, language and the behaviors and habits of various countries and regions were the basic skills.

The more proficient you Lord, the lower the probability of your death.

So at that time, everyone was learning this with their lives.

Levi didn't bother to learn foreign countries.

But there is no way for the task.

I didn't expect it to be used at the moment.

Levi's meaning is very simple.

He is from the east island country of Kyushu. He is the deceased of Common Killing God, that is, the descendant of a certain apprentice.

Hao Yuxuan and all the apprentices knew that the disciples of Common Killing God were all over the world.

It is not uncommon to have a few students on the East Island.

The most important thing is Levi's East Island language and tone habits, so Hao Yuxuan has no reason to doubt it.

"That's it!"

Hao Yuxuan smiled and said, "Lord, you are going to Dongdao and tell me that Dongdao is my home court!"

Hao Yuxuan's set of people is developed in the East Island.

The Common Killer understood the look in Levi's eyes and immediately agreed: "Okay. Go and prepare!"

"Okay, Lord is fine!"

Hao Yuxuan left excitedly.

After the people left, Common Killer said in a puzzled way: "Mr. Garrison, you said that made us passive! I do have a disciple in East Island, but if you come like this, we have to make up more lies. I'm afraid it will be exposed at that time!"

Levi smiled, "Don't be afraid!"

"Why?"

Commoner Killing God is a bit puzzled.

"Because he wants to kill you!"

Levi's words made the Common Killer tremble all over.

Gradually he had to think of something, his face changed.

"Actually, for Hao Yuxuan, no matter what your reasons are, he has to focus on one thing-you are going to the East Island!"

“This is a great opportunity for him to perform meritorious service to the Lord! Can kill you is also a blow to the Morendam martial arts world!”

“As long as you leave Morendam and go to the East Island, this is a great opportunity for him! He will kill you! Not surprisingly, he should be sending a message to the Lord now! Once we enter the East Island, there will be a long time ago. The killing is waiting for us!”

Levi smiled.

Although Commoner Killing God is extremely reluctant to admit it, this is true!

He was blind at first.

Hao Yuxuan was accepted as a disciple.

“It’s just that what he didn’t expect is that your strength is not only restored, but also more terrifying than before! What’s more, there is me!”

Levi’s voice sounded again.

“This is actually the best. On the contrary, it can be drawn from Hao Yuxuan to the people behind him. We can find it more easily.”

The Common Killer suddenly realized.

Levi was right.

Hao Yuxuan has already sent a message to the East Island forces, saying that the Common Killer will go to the East Island immediately.

The East Island forces, like Hao Yuxuan, have no interest in why the Common Killer came to the East Island.

What’s more, Levi conquered Hao Yuxuan, and he no longer doubted it.

They only care about the fact that Commoner kills the gods to the East Island.

“Great! Just got killed at the top of the Big Summer Ranking. If the commoner killer, who was once the second in the top ranking, was killed again, then Morendam will be hit again!

“Come on, immediately arrange manpower! Although Commoner Killing God is poisoned, his strength is greatly reduced! We don’t need to send too many Lords to kill him!”

...

A killing game is already waiting for the two Levi.
