

# The Protector Novel Levi Garrison Chapter 1973 – 1974

## Chapter 1973

However, Hao Yuxuan and the forces behind them thought that Common Killer was on the first floor, and they were on the second floor.

As a result, Levi and the two looked at them on the fifth floor.

No, it should be the atmosphere.

They never thought that Levi was still alive, and even went to the East Island to take revenge.

Hao Yuxuan took them there!

Take the initiative!

Soon Levi and a few people were ready to follow Hao Yuxuan to the East Island.

Halfway through, Hao Yuxuan contacted the forces behind him, claiming that they were ready for everything.

Hao Yuxuan was extremely excited when he thought of the commoner killing god dying in his own hands.

He will have a higher status in the organization!

On the way, Levi and Common Killer had already arranged the information of which deceased in Dongdao.

Even if Hao Yuxuan went to investigate now, he couldn't find out anything.

At this moment, what they didn't know was that the news that the Common Killer God was coming to the East Island had spread throughout the East Island.

All parties in the East Island are ready to move and want to see the fall of Morendam, the former legend!

Kyushu Island, the east island country.

After landing, Hao Yuxuan has arranged a vehicle to pick him up.

Gradually, the vehicles drove out of the downtown area, getting more and more off.

Levi didn't know their thoughts.

"Is this wrong? Isn't this the right way?"

Levi asked deliberately.

Hao Yuxuan smiled: "I just have a gift to give to Lord!"

"Okay, I want to see what you gave me..."

The Common Killer even showed a look of expectation.

There is no doubt whatsoever.

An inexplicable smile appeared at the corner of Hao Yuxuan's mouth.

Since his Lord is strong, he trusts his apprentice too much.

Soon after, the vehicle came to the remote mountains.

The sky gradually darkened, and a killing air filled the heavens and the earth.

"Lord is here! I'll go get the present first!"

Hao Yuxuan got off the car under the pretext.

Sitting in the car, Levi and Commoner Killing God looked at each other.

“Come to live!”

Levi smiled.

During this period, Cong Hao Yuxuan contacted others in Morendam, his contacts on Dongdao, and even the spies and addresses scattered in Dongdao and Morendam, were all spotted by Common Killer.

Hao Yuxuan’s arrangement of killing games this time exposed too much.

He and the forces behind were completely unaware that someone had already followed them.

At this time, Levi controlled Hao Yuxuan and the forces behind him seven or eight.

Next, just take revenge one by one.

Don’t even think of running any of those people!

Then the two got out of the car.

Soon, hundreds of Lords appeared here, besieging the two of them, and locked any escape route.

“boom!”

There was even a big clock that was moved in and hit the ground fiercely.

Hao Yuxuan looked at Levi and the two with a grinning smile: “Lord, this is my gift to you! For the end! The disciple will give you the last trip!”

“You...you want to kill me?”

Commoner Killer is also an acting school, pretending to be shocked.

“Lord is right, I just want to kill you! I also want to tell you that I was the one who poisoned before...I am still an East Islander...”

Hao Yuxuan revealed all his secrets.

After all, in his opinion, Common Killer and Levi would not be alive today anyway.

At this time, there is an inexplicable sense of refreshment to explain all this.

“you...”

The Common Killer pretended to be shocked.

All forces in the East Island, especially the martial arts circles, are paying attention.

Hao Yuxuan felt that his status would be greatly improved after the Commoner Killing God was killed this time.

“Lord can’t help it! Hahaha...”

Hao Yuxuan’s face suddenly became savage: “Do it, kill them!”

The Lords sent by the East Island forces this time are specifically aimed at the commoner killing gods after being injured.

In any case, he could not escape.

But after Levi and Commoner Killing God looked at each other, they showed intriguing smiles.

“kill!”

Hundreds of Lords all killed Levi.

## Chapter 1974

Hao Yuxuan turned around chicly.

He doesn't need to look at it, it must be a unilateral massacre.

Hundreds of Lords all rushed to come.

Levi still stood in place, carrying his hands on his back.

Commoner kills the gods.

...

boom!

This shot is a great thunder!

He has to practice everything he realized last night.

“puff!”

He knocked out one person directly with a punch.

The blood mist bursts flying!

“boom!”

One punch is another.

“Uh!”

“Uh!”

The screams of slaughter-like pigs were everywhere, and blood spattered!

...

These Lords did not expect that after fighting with Common Killer God, not only was he not injured, but he was not affected by the poisoning.

That's right.

As Hao Yuxuan expected, this was a unilateral massacre.

However, it was Commoner to kill the gods who slaughtered the people he had sent.

“what!!!”

There were screams everywhere.

Hao Yuxuan noticed that something was wrong.

He turned his head suddenly, which scared him to faint.

Hundreds of Lords fell one after another under the strong combat power of Common Killing God.

One after another, they looked like ordinary people without the power to bind a chicken.

shocked!

Everyone was dumbfounded.

Is this still a commoner killer?

Isn't he poisoned?

Isn't his strength greatly reduced?

Didn't he fall to fifth place on the top list?

...

How could he be so tough?

He is stronger than before being poisoned and injured!

Hao Yuxuan finally realized that he had kicked the iron plate.

The commoner kills the gods in the field more and more bravely.

“boom!”

He banged his foot on the big iron clock.

The big iron clock suddenly fell apart.

“Wh...”

Pieces of fragments fell apart, blasting in all directions.

“Puff!”

“Puff!”

...

One Lord after another was penetrated...

In the blink of an eye, few of the hundreds of Lords were left standing.

At this time, Hao Yuxuan finally reacted.

He smeared the soles of his feet and strayed immediately.

He doesn't want to die!

Levi watched him run away, just smiled.

Did not chase.

It's all right now, they don't need to look for it anymore.

Hao Yuxuan took them directly.

It turns out that Levi had left a mark on Hao Yuxuan's body long ago.

No matter where he went, he could find it.

As expected, after Hao Yuxuan escaped, he must go to the headquarters.

After Hao Yuxuan left, Common Killer quickly dealt with the remaining Lords.

It may take a while for the Common Killer in the heyday to deal with these Lords.

But now it will be fine in a few minutes.

Progress visible to the naked eye!

The small-scale battle of Common Killer in Kyushu Island shocked all forces on the East Island.

“What? Not only is Commoner Killing God not affected by the poisoning, he is stronger!”

“The Common Killer God is so strong? I feel like he should be ranked in the top three of the summer list!”

...

Especially the East Island forces that have been targeting Levi against Morendam.

They are a powerful organization.

Named Black Sun!

It is made up of old big figures from all walks of life on the East Island.

In order to make the Higashishima Budo world and other circles prosper, these big figures specially formed the Black Sun.

Not long after Black Sun was formed, they made several plans for the Morendam martial arts world.

The results were all destroyed by Levi.

Later, after cooperating with Richard, killing Levi was the biggest thing Black Sun did.

Now killing the commoner to kill the gods is the second major thing they have to do.

But what they didn't expect was that the Common Killer God was so terrifying.

The strength far exceeds everyone's expectations.

Hao Yuxuan ran back all the way, for fear that someone would catch up.

However, he completely exposed several important dark spots.

At this time, Levi and Common Killer already had an additional list.

It is a list of the leaders of the Black Sun organization.

There are ten people in total.

Involving all walks of life, they are all top bosses.

“Are you ready to die?”

## The Protector Novel Levi Garrison Chapter 1975 – 1976

### Chapter 1975

Levi looked at the list and started to roll the call.

The Yamaguchi Consortium, the largest consortium in the East Island, and the Matsukami Consortium, the second-largest consortium.

The earth emperor Yoshikawa Yonghui of the underground world of East Island.

The Watanabe family of Higashishima advisers (the family that used to be the chief army officer of Higashishima, Watanabe Tenner).

The six ancient martial arts tribes of the East Island: the Beidao family, the Hattori family, the Nogawa family, the Kameda family, the Kuno family, and the Yanagi family...

Taiyin Shrine where many Higashishima Onmyojis (similar to the Great Summer Magic Lords) gather.

...

The Black Sun is composed of the heads of these ten forces.

They have a clear division of labor.

There are those who contribute money, those who have rights, those who make plans, and those who provide force...

However, their organization is so tight that almost no one knows even in the East Island.

But Black Sun has planned many things secretly.

But this time Hao Yuxuan was all to blame, and all the bosses were exposed.

No one is left.

At present, Hao Yuxuan went to Edo Castle, the capital of the East Island.

It turns out that this kid is for the Watanabe clan...

Levi knew exactly where he was now.

“Which is the closest to us right now?”

Levi asked Commoner to kill God.

“In the case of Kyushu Island, the Matsushita Group is here! Then the Kameda Clan is also on Kyushu Island, but a little further away!”

The forces of Common Killing God quickly found out where the major forces were.

Levi’s eyes were full of cold light: “Then take the Songshang Group first!”

...

At this moment, Hao Yuxuan told the Black Sun organization everything.

The heads of the Black Sun were shocked.

Is the commoner killer’s strength restored?

Stronger than before?

“No! Since he is here, let him stay on the East Island forever!”

...

Soon, the battle of the Commoner Killing God spread all over the East Island.

I know everything about Morendam.

“What? Commoner killed God to the East Island? His strength has recovered?”

“What is he doing? Is he trying to promote my great prestige?”

...

Just now everyone was in the pain of losing Levi, and the Morendam martial arts world was hit hard.

At this time, Commoner Killing God came to such a hand, and it seemed to ignite a little hope for everyone.

Everyone began to pay attention to the trend of Commoner Killing God.

Heiyang also sent a Lord to encircle and suppress the commoner to kill the gods.

A grand party is held in a luxurious manor on Kyushu Island.

Participants are the second generation of Kyushu Island.

Either a young Lord daughter of a large consortium, or a genius from a martial arts family.

In short, you can meet the best young people in Kyushu here.

Today is the birthday party of Sakurako Sakurako, the daughter of the Matsukami Foundation.

So everyone came to celebrate.

Sakurako Matsukami was wearing an evening gown, welcoming all the guests.

“What? Kameda, the eldest Lord of the Kameda family, came here?”

Suddenly there was a commotion in the field.

It turned out to be the future heir of the Kameda clan from the six ancient martial arts families on the East Island.

Different from the second generation of the powerful, the second generation of the martial arts family has the strength to crush them.

This is the biggest guest tonight!

Even Sakurako Matsukami didn't expect him to come!

For a while, everyone present came over and saluted with Kameda.

...

“By the way, haven't you heard about the business not long ago? Morendam's Common Killing God has come to Dongdao!”

“Levi, the number one on the big summer list, has fallen. Did he come here to die?”

...

Everyone began to discuss the commoner to kill the gods.

“You said Commoner Killing God wouldn't come here to make trouble, right?”

Someone suddenly raised this question.

Hearing this, Kameda's mouth rose up, with an arrogant expression: "I will tell you something about it. Kill Levi and our family will also participate!"

"what?"

Everyone was shocked.

They cast their eyes on worship.

Kameda smiled together: "So don't talk about a commoner killing god, even if Levi comes to Dongdao, he will have to die!"

## Chapter 1976

Kameda showed strong confidence together.

But he was right.

They did participate in the killing of Levi.

The dwarf warrior was sent by their family.

Seeing Kameda's unparalleled demeanor, there were also many women present with a look of admiration.

Even Sakurako Matsukami had a better view of Kameda.

Their Songshang Group also participated in the killing of Levi.

Let her know how powerful the warrior is.

Strength is the most important thing in this world!

Kameda smiled and said: "Ms. Matsukami, don't worry! With me, no one dares to make trouble at your birthday party! Whoever dares to come will be against me!"

“What’s more, we have sent many powerful men to punish the commoner and kill the gods!”

“Really? That’s really great! Dare to run wild in my Dadongdao Empire and look for death!”

“The Morendam martial arts world is going to be abolished. First, the first in the sky list is killed, and then the commoner killer god who used to be the second in the summer list will fall!”

“It’s really exciting to think about it!”

After getting these words from Kameda, those who were uncomfortable and doubtful put down their guards, and laughed one by one.

Like the War Eagle Nation, they naturally hate Morendam.

Especially Levi these people.

They even hate to death.

Knowing that Levi was about to die, he would set off a cannon to celebrate.

Now that the strong have fallen again, he must be excited.

The birthday party officially begins...

Soon after, Levi and Common Killer came.

According to the information obtained, the princess of the Matsukami Foundation held a birthday party.

Levi felt that he could start from her, and find the head of the Songshang Group, and then destroy it in one fell swoop.

Without talking nonsense, the two directly dealt with all the guards at the door and swaggered into the birthday party scene.

In the field, everyone was giving Matsugami Sakurako gifts.

One serving is more valuable than one serving.

Sakurako Matsukami's smile never broke.

Soon after, everyone had given out their gifts.

When the next project was about to proceed, a voice rang.

“Wait!”

“I still haven't given a gift yet!”

The loud voice caught everyone's attention, and they cast their eyes to the past.

At the end of the line of sight, one old and one young appeared.

Due to the light, Commoner killed the gods and everyone didn't recognize it after Levi came.

“Who is this? I don't know!”

...

Everyone talked.

“What gift are you giving?”

Someone saw Levi walking in front empty-handed and couldn't help asking.

Levi smiled and said, “Send her a broken home!”

The language is not surprising and endless.

As soon as Levi said this, the whole audience exploded.

This is what no one expected. Someone would come to the princess birthday party of Songshang Foundation, the second largest consortium in the East Island, to make trouble.

What's more, even the heir of the Kameda family is there.

Is this too courageous?

Want to let the Songshang Consortium's family be ruined?

What an arrogant tone this must be!

Sakurako Matsakami's face changed drastically.

The assistant next to him immediately shouted: "Someone is making trouble, come, take it for me!"

It just screamed out, and no one responded at all.

All the bodyguards were solved by Levi.

Where do people come from?

"What about people?"

"people..."

Everyone shouted.

No guards showed up at all.

"No need to shout, they are all dead..."

Levi's time to speak has already come to Matsugami Yingzi.

Several people in front of him were already suppressed by the stronger aura than Levi.

Everyone looked at Kameda for help.

Only he can solve this problem in the field.

Kameda had a cold face, and the Lord beside him also had a high expression.

He stood up slowly.

“Do you know who I am? Dare to come here to make trouble?”

Kameda looked at Levi with disdain.

“Who the hell do I care about you?”

Levi slapped a face on Kameda's face with a slap...

The audience was silent.

## The Protector Novel Levi Garrison Chapter 1977 – 1978

### Chapter 1977

Everyone was stunned.

Including Kameda and the Lords beside him.

No one reacted.

Levi will start suddenly.

It was caught off guard.

Kameda's skin was ripped apart by this slap.

“You are crazy! He is the future heir of the Kameda family!”

Someone exclaimed.

Levi laughed instead.

To deal with the Song Consortium, the Kameda clan also delivered home delivery.

“I want you to die!!!”

Kameda who reacted screamed and killed Levi.

He was also a member of the Tianjiao Conference and ranked among the top ten on the East Island.

When have you been so insulted?

“boom!”

But as soon as he came up, Levi slapped him away.

He once couldn't even beat the apprentices that Levi mentored. How could he fight Levi?

“puff!”

Under this slap, Kameda was shot to death on the spot.

The audience was dumbfounded.

The heir of the Kameda clan died like this?

It's incredible.

“boom!”

“boom!”

Levi slapped the people beside Kameda to death again.

Everyone is more shocked!

Isn't he going to kill everyone present?

“I recognize it!!! He is the common killer!”

At this time, someone saw the common killer behind.

“What? It's really him! He actually came here!”

“My crow's mouth...slap...”

The man who said before would know how to kill the gods, he slapped himself in the face fiercely.

Under the powerful aura of Levi and Common Killer God, everyone present was shocked.

I am afraid that the two will be slaughtered.

“Puff!”

“Puff!”

...

Some people couldn't bear the coercion and knelt to the ground one after another, begging for mercy.

“Except for the Songshang Consortium, everyone else can leave!”

Levi said, this group of people fled one after another as if they were amnesty.

Only Sakurako Matsukami and others were left.

They were also shocked.

“Go, take us to where your family is located, otherwise we will kill you without mercy!”

Under the coercion, Sakurako Matsakami and the others could only take Levi with them.

But everyone hopes that as long as the family is located, the Lords of the Songshang Consortium will be able to deal with them.

Soon after, Levi and the two arrived at the seat of the head of the Songshang Consortium.

What made Songshang Yingzi and the others didn't expect was that after Levi and the others determined their identities, they immediately started the killing.

Of course only kill the members who joined the Black Sun organization.

Women, children and children are not killed!

These dead people have committed unforgivable crimes!

What everyone didn't expect was that the Lords of the Songshang Consortium couldn't stop Levi from attacking and killing them.

...

After half an hour, all the senior leaders of the Songshang Consortium were wiped out.

No one survived.

They are dying, they don't know why?

The Songshang Consortium fell apart.

Not long after, Levi and Common Killer came to the Kameda clan again.

After confirming the identity, start killing again.

Even if the Kameda clan were the six ancient martial arts families, they couldn't stop Levi.

Basically, Levi didn't need to take action during the whole process, and the commoner could solve it by himself.

It takes an hour!

The Kameda clan is destroyed!

Shock!

Kyushu Island is shocked!

Black Sun is shocked!

The whole East Island was shocked!

The Lords they sent out to encircle and suppress the commoner to kill the gods did not find their whereabouts, but they were exposed at this time.

It turned out that the two forces were destroyed!

Really terrifying!

The Common Killer once again shocked the world!

Not only has his strength recovered, he has also risen sharply, and is currently stirring the situation in Dongdao with invincible momentum!

Now he and Levi have become the most wanted objects of various forces on the East Island.

As for Levi's identity, he is the disciple of Common Killing God!

After all, the introduction to Hao Yuxuan is the descendant of the apprentice of Common Killing God!

After the Common Killer knew it, he smiled and said, "How can I be?"

## Chapter 1978

But it doesn't matter to Levi!

It just so happens that you can do something big by killing the gods in the name of commoner!

In this way, everyone will focus on the Common Killing God, and will not pay too much attention to him.

Destroying the Kameda clan and the Matsukami Consortium caused a huge sensation on the East Island.

Although the Kameda clan is the weakest of the six ancient martial arts families, the strength is still very terrifying.

The threat of Commoner Killing God has risen sharply!

Especially the Black Sun organization felt something was wrong.

Why was it the members of their organization who were eliminated?

One could be a coincidence?

How about two?

Of course, the possibility of coincidence is not ruled out...

Just when Levi and the two were about to leave, the Lord sent by Black Sun to encircle and suppress them encountered them.

These people are much better than the Lord Hao Yuxuan arranged before.

However, none of them survived when they met Levi and Commoner Killing God.

At this time, Black Sun realized the seriousness of the problem.

The Common Killer is too strong!

What has he experienced?

How can it be so strong?

Not only are the parties in the East Island doubtful, but all parties in Morendam are also confused.

The Common Killer God currently displayed is definitely one level stronger than the previous one holding the Divine Sword in the sky.

“I see! The Common Killer was once treated by a genius doctor in Morendam. It seems that it is not only detoxified, but also restored!”

“I also heard that this genius doctor is Levi! At present, it seems that Common Killer may be avenging Levi!”

...

Some people quickly guessed the reason for the recovery of Commoner Killing God's strength.

Hao Yuxuan also guessed this.

Tell the news to the Watanabe family!

As a family of counsellors, the Watanabe family quickly guessed a fact-Hao Yuxuan exposed.

In particular, the removal of the Matsukami Group and the Kameda clan confirmed this.

“It seems that Common Killer has been eyeing you a long time ago, and he knows that you are going to kill him! But he pretended not to know, in order to dig out everyone in the Black Sun Organization through you!”

“No accident, everyone in the Black Sun organization is now exposed! He wants to liquidate one by one next!”

...

Hao Yuxuan was shocked in a cold sweat.

It turns out that Lord has been acting.

The fool turned out to be himself!

“What can I do? The commoner killer is unfathomable now?”

Hao Yuxuan showed a trace of worry.

Several senior members of the Watanabe clan laughed.

“If Levi is here to avenge, then we must panic! Really may not be able to defend, it is very likely that the Black Sun organization will be destroyed!”

Then they changed their conversation: “But Levi is dead, and the biggest threat is gone! No matter how strong the Common Killer God is, he will fall on the East Island!”

“Let’s put it this way! The weakest Kameda clan and the Songshang Consortium were destroyed! The other eight forces of the Black Sun Organization will have to die if they provoke any one of them!”

...

Hao Yuxuan didn’t doubt this.

Except for the weakest two.

The other one is more scary than the other.

The Yamaguchi consortium and the earth emperor of the underground world are terrifying.

The Lords of his subordinates are like clouds, and they are connected with the major forces of the war eagle country and other countries.

Not to mention the Watanabe family.

Move it, and the other big martial arts families can arrive in a few minutes.

After all, these major forces are very close to each other.

Therefore, none of the other eight forces can move.

If you move, you will find your own way.

They are not worried at all.

“By the way, where are they going next?”

“No accident, I should go to the Yamaguchi Foundation!”

“Hahaha... they are looking for death! Tell the Yamaguchi Foundation to get ready!”

...

The Watanabe family quickly passed the news to the major forces.

After receiving the notice, the Yamaguchi Consortium took protective measures as soon as possible, gathered all the Lords, and waited for the arrival of the two Levi.
