## Chapter 2081

Can you recognize him directly?

Only that power!

The Huoyun Cthulhu became more sure of what he was thinking.

The one who pretended to be Levi to save people must be the evil god!

It is the Bible Organization that has always opposed the Lab of the Gods!

However, Huoyun Cthulhu couldn't be sure whether he was the Underworld God!

It seemed to him that it was stronger than the Underworld God.

But he didn't know to what extent the strength of the Underworld God in the biblical organization had increased over the years.

Levi also knew who was helping the Gods Lab.

It turned out that Huoyun Cthulhu took action.

Several times before, Suzaku had noticed that a particularly strong mysterious force had created obstacles.

It looks like the black sun now.

“hit!”

Levi said nothing.

Start the fight directly.

New hatred and old hatred, let's fight first.

“boom!”

Levi's domineering punch directly blasted out.

This is the most basic exercise taught by Lord, and it is also the exercise of Huoyun Cthulhu.

In fact, it is not complicated, it just removes all complicated moves and evolves the simplest and purest fist and foot technique.

To put it bluntly, it is a simple fist, but it is the pursuit of the most extreme speed and the most terrifying power.

It is naturally earth-shaking, cruel and invincible when used.

Huoyun Cthulhu is dominating an era by virtue of this technique.

So imitating Levi is in place.

...

“This...”

Seeing Levi's limit, he threw a punch.

Huo Yun Cthulhu's face changed.

Isn't this the same as yourself?

Is it Levi?

Do not!

It may also be the god of Underworld, and even he told the Bible organization all this without reservation.

Almost everyone in the biblical organization can.

“kill!”

The Huoyun Cthulhu gave a low roar, and also blasted out the same punch.

Logan Chengmin was shocked.

She has been studying Eastern martial arts and Western supernatural powers.

These exercises are extremely sensitive.

Now it seems that Levi and Huoyun Cthulhu actually used exactly the same technique.

Surprised.

“boom!”

The two fists collided, like sparks hitting the earth.

The heavens and the earth faded, the sun and the moon reversed.

The earth collapsed and shattered, the sea water poured in, and the waves charged hundreds of meters high.

Strong!

too strong!

Huoyun Cthulhu is indeed a super boss!

The two split immediately.

However, Huo Yun Evil God's expression became weird.

Multiple strengths!

Levi's punch still implied the Six-Strength Dao!

“boom!”

When the first heavy force broke out, Huoyun Cthulhu realized that something was wrong.

Multiple strengths have no effect on pure energy bodies.

But it was a devastating blow to others.

A trace of cruelty flashed in Huoyun Cthulhu's eyes.

He used the exercise technique to force the six hidden strengths to one position-the left shoulder.

“Boom boom boom boom...”

With the sound of popping beans, the Huoyun Cthulhu's shoulders exploded one after another, and flesh and blood flew across.

Almost his left shoulder was wiped out.

But he resolved Levi's multiple strengths.

Levi was stunned.

Unexpectedly, Huoyun Cthulhu resolved multiple energies in this way.

Force the burst of strength to one place.

Lose the car like this to keep the handsome.

It turned out that when Levi created this trick, he also thought about a solution.

But it is almost impossible to solve.

The Fire Cloud Cthulhu demonstrated a method.

However, it is indeed a ruthless person!

I would rather pay such a price to keep myself.

Originally, Levi wanted to take advantage of his multiple strengths to explode and take Logan Chengmin away.

Unexpectedly, the evil god Huoyun resolved.

Still blocking his way.

The Huoyun Evil God is like a god of death, standing in front of Levi.

Trouble!

Levi and Logan Chengmin looked at each other.

Sure enough, the next second.

The army of Richard's Lab of the Gods came and surrounded it.

Now Levi had no chance to kill them.

Only abruptly killed out a bloody road.

“Can you still escape now?”

Richard laughed.

Huoyun Cthulhu waved his hand: “He will leave it to me!”

## Chapter 2082

Levi suffered a loss, and he refused to accept it.

He will come in person.

“Okay, it’s okay to leave it to you!”

Richard is really confident this time.

All his hole cards are here, and it’s confined here.

Unless Levi killed everyone.

If there is a moment, he is absolutely convinced!

“boom!”

The Fire Cloud Cthulhu was provoked and turned into a flash of lightning to kill Levi.

A domineering punch blasted towards Levi.

Levi also responded with a punch.

...

This time, Huoyun evil theology was smarter, so he didn’t come into contact with Levi’s body so as not to penetrate the body with multiple vigors.

The Fire Cloud Cthulhu wanted to suppress Levi in all directions.

Don’t give him a chance to fight back.

“Boom boom boom...”

The fist of the evil god of fire cloud is like Gatling spraying flames.

The speed of the fist is too fast and too fast.

In an instant, thousands of punches blasted out.

Even the afterimage is gone.

The picture is completely blurred, even shadowed.

But the power of each punch is violent, unmatched.

It is to completely suppress Levi!

“Fire Cloud Cthulhu!!!”

“He finally appeared! It turned out that he took refuge in the Lab of the Gods!”

“He is really strong! Although the two pure energy bodies are immortal and immortal, the coercion given to this person is not so sufficient!”

...

Someone recognized the evil god Huoyun.

This era finally saw how powerful the Huoyun Cthulhu was.

But after being suppressed for a period of time, Levi actually countered the suppression.

Faster speed, more terrifying power.

They are all exactly the same pure moves.

At this time, Levi didn't need to hide anything.

Even if he made it clear, no one would believe that he was Levi.

Just open up and do it!

Coupled with the multiple strengths of the Huoyun evil god jealous of Levi, he was actually suppressed and retreated steadily.

Levi came to this point.

The only idea is to kill it.

Identity exposure is irrelevant.

If he has reservations, he must stay here.

He is crazy!

Squeeze the Fire Cloud Cthulhu!

Upon seeing this, Logan Chengmin pressed a few buttons.

“boom!”

“boom!”

...

Several secret bases of the Sanxing Group fired weapons one after another, bombarding the army of the Gods Laboratory.

Logan Chengmin is the head of the security team of Sanxing Group.

Most of the weapons of the Sanxing Group are in her hands.

So she used it to bombard the army of the Gods Lab.

Even a few secret teams of the Sanxing Group suddenly turned back and attacked their own people.

They are all Logan Chengmin's people.

He directly obeyed Logan Chengmin's dispatch.

The scene was all messed up for a while.

What's more terrifying is that all the thirteen people in the demon-making plan were killed.

Who in the Sanxing Group can't stop them at all.

After they arrived, they protected Logan Chengmin.

"Leave the leader!"

Regardless of Levi's behavior, the thirteen people first took Logan Chengmin away.

"No way!"

"I want to take him along!"

Logan Chengmin looked at Levi.

Although the contact time is not long.

But she must take Levi away.

Thirteen people looked indifferent.

They are also thoughtful, but ruthless and bloodthirsty.

Their task is to protect Logan Chengmin from leaving.

“Take the leader!”

...

All Sanxing Group’s anti-water blowers just want Logan Chengmin to leave alive.

As for Levi, no one was in charge.

Standing on a high place and observing everything, Richard said coldly: “Want to go? No one can go! All departments are in battle!”

“Go down and help Huoyun Cthulhu! Be sure to take him down!”

Richard commands the two pure energy bodies and all the Lords in the laboratory of the gods.

They all went to track the Sun Stone in front of them.

They are the real trump cards.

These Lords joined the battle together.

Surrounded Levi.

He will face unprecedented pressure.

Want to go.

Kill everyone in front of you!

Levi was also excited.

It’s been a long time since I gave it a go.

“Come on! Come on!”

# The Protector Novel Levi Garrison Chapter 2083 – 2084:

## Chapter 2083

Levi is completely violent!

Eliminate the powerhouses of the SS level and above in the experiment of the gods.

The other Levi is basically just one punch!

Or be blown up directly!

Either flesh and blood...

In one round, hundreds of people fell beside Levi.

But real Lords are not so easy to deal with.

Fire Cloud Cthulhu, two pure energy bodies, the highest-level trump card of the Gods Lab that Richard can mobilize at present.

Five ssss-level powerhouses!

There are also twenty-three sss-level powerhouses!

And a luxurious lineup composed of a large number of SS-level powerhouses!

This is in addition to many weapons, such as the scepter of God.

Because Sanxing Group is a dog raised by the Lab of the Gods, there are many Sanxing Group bases in and around Star Country.

Directly launch satellites and super weapons.

These weapons do not require preparation time and can be launched directly.

So now Levi is besieged to death.

This is Richard's confidence.

Richard sent almost all Lords to suppress Levi.

As for Logan Chengmin, he handed it over to the Sanxing Group, the Mythical Organization, and the Black Hand Organization to solve them.

I have to say that the 13 people in the Demon-Making Project are very strong.

Abruptly smashed a bloody path.

Escort Logan Chengmin to leave.

No matter how Logan Chengmin shouted, it was useless.

They won't care about Levi.

Logan Chengmin was rescued, but Richard's expression remained unchanged.

He only needs to leave Levi alone.

Logan Chengmin can deal with it afterwards.

"See? Your companion betrayed you and ran away alone!"

When Richard saw this, he couldn't help laughing.

Hearing the sound, Levi took a look, and Logan Chengmin ran away as expected.

Levi just wanted to curse.

The pressure is too much now.

The offensive firepower of the five ssss-level powerhouses is too fast, no less than the two pure energy bodies, or even higher.

The most important thing is that he is entangled by two immortal bodies of pure energy.

In addition, the Fire Cloud Cthulhu, who has been wandering nearby, will give you a fatal blow at any time.

There are tens of thousands of Lords on the periphery...

Looking at the embarrassed Levi, Richard smiled.

Think about it last time, sending all the power to deal with Levi.

At that time, Richard was not high in the laboratory of the gods, and there were not many Lords mobilized.

If this lineup is now against the original Levi, that Levi has long been dead and even the scum is left.

But where he wanted to get it, Levi was also dealing with it now.

...

Some melee.

Hundreds and thousands of Lords fell in the laboratory of the gods.

This area was completely destroyed.

But Levi still stood tall.

So many Lords did not leave a trace of injury on him.

This is too strong, right?

Who the hell is this?

Richard and their faces changed one by one.

I thought it was easy to eat.

It doesn't seem necessary now.

It may pay a huge price!

The Huoyun Cthulhu has determined that this is not the Underworld God.

The Underworld God was trained by him.

No matter how much opportunity he has in the Bible organization, it is impossible for him to rise to this level.

Who is this in the biblical organization?

Could it be the god of darkness?

Do not!

This is certainly not.

If the Lord of Darkness, all those present are dead.

“Who are you? Don't think we don't know that you are from the Bible!”

Huo Yun Cthulhu shouted.

The Bible Organization!

After being reminded, Levi remembered.

It turned out that it was the Bible organization that took Sarah!

The four who intercepted him should be the eighteen dark angels.

It turned out that they had displayed the same technique as Huoyun Cthulhu, and they didn't have any doubts.

It seems that he is thinking of himself as the evil god.

“Wait for me to catch you!”

The Huoyun Cthulhu suddenly changed his momentum, just like a demon god.

It turned out that he had been keeping it.

Don't want to expose his true strength in front of Richard and the others.

## Chapter 2084

Because Huoyun Cthulhu had been paddling the water, he didn't use his real strength to deal with Levi.

But now he desperately wants to know who the person in front of him is!

He must win!

The Fire Cloud Cthulhu displayed his true strength.

“Boom boom boom boom...”

His speed was twice as fast as before, and his strength was greatly increased.

The suffocation and oppression like the collapse of the sky!

In an instant, Levi's pressure increased a lot.

His face changed.

Huo Yun Cthulhu actually practiced this technique to this level?

I thought I could completely suppress him.

He can't get any benefits.

But he didn't expect him to retain his strength.

He is really strong enough!

The pressure on Levi has risen sharply.

Plus two pure energy bodies and the crazy oppression of major Lords.

They have shown their housekeeping skills one after another.

For a while, Levi was really suppressed, and the danger was all around.

There is no possibility of escape at all!

Can only fight with them blood!

The only way to leave is to kill everyone in front of you!

Upon seeing this, Richard couldn't help sighing.

The two pure energy bodies are indeed immortal.

It's just that the offense is too weak.

The methods that can be used are also limited.

Levi couldn't kill them, but the threat they posed to Levi was limited, only they could entangle him.

There is a big gap between Wood Zhengjie's ideal pure energy body.

Wood Zhengjie was like a god.

One thought made all the guards of Tiance Mansion faint to the ground.

The magical means can be called godlike.

The pure energy body that Richard has made is still in the low-level stage, and the offensive method is only to release energy to attack.

It's almost useless for a Lord like Levi.

What Richard wants is a super existence like Wood Zhengjie!

It's so powerful that it's helpless!

Fortunately, the pure energy body he brought was only the second batch of products.

There are still further improvements.

After step-by-step improvement, the pure energy experience will become stronger and stronger.

But this actual battle let Richard know a truth-

In the future, he will not blindly think about creating pure energy bodies in batches.

We should devote ourselves to creating a pure energy body that is infinitely close to Wood Zhengjie!

Only one person like this!

It can be worth thousands of low with pure energy body!

When Richard's thoughts were flying, the fierce battle in the field had already become fierce.

Levi is too strong, too strong.

Rao was a siege of this level, and the Lords of the Gods' Laboratory fell a blockbuster.

But after all, it was Huoyun Cthulhu that he was too strong.

In addition, the two pure energy body dog skin plasters were firmly attached to Levi's body.

He can't kill, let alone get rid of it.

Gradually, the disadvantage is getting bigger and bigger.

The combined attack by the five ssss-level powerhouses is also super terrifying.

Levi was almost unable to parry.

...

Ten minutes passed.

Although Levi was getting harder and harder, wounds appeared on his body.

Still didn't fall down.

The loss in the laboratory of the gods is getting bigger and bigger.

Fortunately, the main force is fine.

“Too strong, isn’t it?”

Everyone was shocked.

Richard was silent.

But the stormy sea turned up inside.

The person who was so difficult to deal with last time was Levi.

Worthy of being organized by the Bible, so difficult?

Richard didn’t know exactly what the Bible organization was.

But his immediate boss said something-this is not something you can deal with!  
The Biblical Organization is rare to be the opponent of the Gods Lab!

Now he understands it.

Sure enough!

Levi in the field is really strong.

However, the longer the time, the greater his disadvantage and the more obvious the danger he is in.

“Cooperate with me!”

Huo Yun Cthulhu shouted.

Two great pure energy bodies entangled Levi tightly.

The five ssss-level powerhouses frantically attacked Levi.

“boom!”

Huoyun Cthulhu suddenly disappeared.

When he reappeared, he suddenly cast a cold arrow on Levi's right.

“puff!”

A fist hit Levi fiercely, knocking him out.

## The Protector Novel Levi Garrison Chapter 2085 – 2086

### Chapter 2085

This punch is too scary!

Directly smashed Levi's clothes in half.

The things in his arms also spilled out.

Several ancient books and the black token left by the Lord in the prison.

The black token is dilapidated, and one word can be vaguely seen: God.

“court death!”

Levi was also forced to be anxious.

I'm really bullying?

I really can't kill him?

Levi picked up all the ancient token books.

He swept towards everyone murderously.

At this time, Huoyun Cthulhu glanced at it and just saw the black token scattered on the ground.

At this look, the pupils of the evil god Huo Yun dilated, revealing an unbelievable look, and his whole body trembled.

Like being struck by lightning...

He almost didn't kneel down!

Obviously, Huoyun Cthulhu recognized this token.

This token has a great background, and it can scare the Huo Yun Cthulhu into this.

Immediately, Huoyun Cthulhu made a bold decision.

Levi was surprised to find that Huoyun Cthulhu revealed a flaw...

Of course, it wasn't that Huoyun Cthulhu himself took the initiative to expose his flaws and let Levi fight.

That's too fake.

He was revealing the flaw that allowed Levi to attack the five ssss-level powerhouses.

Levi fisted over, trying to test whether Huoyun Cthulhu really revealed his flaws.

Unexpectedly, the Huoyun Evil God evaded and put Levi in the blind spot behind him.

As a result, the top five ssss-level powerhouses have no angle for the time being.

“boom!”

“puff!”

...

This time the five major players have suffered heavy losses.

There was no trace of Huoyun Cthulhu’s hand.

Crazy Levi is terrible.

He wants to avoid the edge for now.

As a result, the five Lords suffered.

Levi was shocked.

Does this person really show his flaws and let him go?

But now there is no need to think about why.

Go away!

Levi took advantage of the flaws revealed by the Fire Cloud Cthulhu and fled directly.

“Catch up!”

The Huoyun Evil God also pretended to chase after him.

He rushed to the front.

Seemingly positive, he was actually escorting Levi away.

The situation was urgent, and no one noticed the behavior of Huoyun Cthulhu.

Even Richard didn’t notice.

Crucially, he couldn't think of a reason why Huoyun Cthulhu wanted to help the person in front of him.

If you want to help, it won't be blocked at all.

Just madly calling people to track Levi.

The result of tracking is to chase *Frther and Frther*.

In the end, Levi disappeared.

Tracking all the way, in fact, there is still a chance, but the Huoyun Cthulhu deliberately led the way or released Levi's space to escape.

"lost..."

After chasing after him, Huoyun Cthulhu sat down on the ground.

He was covered with blood.

Richard and the others will not doubt it anymore.

Everyone knows how powerful Levi was just now.

How fierce was the battle just now.

The evil god as strong as the fire cloud was also injured.

"Mr. Richard, there is no way! I tried my best!"

The Huoyun Evil God shook his head helplessly.

"Unsurprisingly, they should be organized by the Bible! The God of Underworld is the closest person to me. He is now in the Bible organization. Not surprisingly, all my exercises are controlled by the Bible organization. So they can pretend to be Levi. ..."

Huo Yun Cthulhu explained.

Richard's face was normal, and he said, "It's no gain, at least I know it's organized by the Bible!"

In fact, there is one more thing he didn't say.

When the Huoyun Cthulhu once showed great strength, he thought he couldn't control it.

But now it seems that Huoyun Cthulhu is injured, and he can't control it.

This is a good thing for him.

the other side.

Levi had already escaped from the Star Country.

For his level.

Just give him a gap and he can escape.

It's just that the current Levi is full of doubts.

Why did Huoyun evil god let him go?

Still deliberately revealing the flaw...

correct!

That token!

Levi remembered that Huoyun Cthulhu changed color after seeing the token.

Chapter 2086

Levi hurriedly took out the black token.

But he turned it over for a long time, and the black token was no different.

He had observed and pondered this token many times before.

There is no mystery.

Why did the evil god Huoyun make such a big change after seeing it?

The only explanation is that the evil god Huoyun recognizes it!

Know what this is?

It may be a status symbol!

This is left by Lord!

That must represent the identity or characteristics of Lord!

Moreover, the Evil God Huoyun was in the same line as himself, and he was more or less related to Lord.

So he did this after recognizing Lord's token.

Everything makes sense.

The evil god Huoyun is not a Lord.

Most of them are taught by the Lord, or have other relationships.

The evil god Huoyun probably knew the identity of the Lord.

What is the identity of Lord?

Holding the token, Levi knew that there was a great secret hidden behind it.

It is estimated that it will be announced step by step.

If he encounters Huoyun Cthulhu next time, he will definitely ask.

Next he should study how to deal with pure energy bodies.

...

the other side.

Richard went to see Logan Chengmin to settle the account.

It turned out that Logan Chengmin had not left the Star Country, but was at the headquarters of Sanxing Group.

It turns out that she has a special status and is one of the true direct descendants of Sanxing Group.

The descendants of the Sanxing Consortium are not only those who are engaged in business or embarking on official careers.

Others were taken out of experiments at a very young age to modify the genetic blood.

Even some bold ones have already made some deployments during pregnancy.

Logan Chengmin is like that.

When I was young, I was pulled to reform.

She was extremely successful.

It is highly valued in Sanxing Group.

Especially this time, she controlled the thirteen demons of the demon creation plan, so that everyone in the Sanxing Group could see the effect.

That is a true power in the laboratory of the gods.

If Logan Chengmin dies, no one can control these thirteen people.

For public and private, I don't want Logan Chengmin to die.

So now all the senior leaders of Sanxing Group have come out to intercede with Richard.

Explaining the situation, Logan Chengmin was not betrayal, but was just being intimidated by coercion.

Although Sanxing Group is a dog to Zhuo Shane Lab.

But this is a vicious dog, and his fighting strength is so full that he can be called a Tibetan mastiff-like existence.

The value is great.

Richard can only compromise and let Logan Chengmin go.

Logan Chengmin hesitated for a long time, but in the end he still didn't say the identity of Levi.

...

In the dark palace of the Bible Organization.

Several people knelt to the ground.

"Enlighten the Dark God, under Richard and the others, Levi finally left!"

A voice came from above: "Well, yes. I thought I could keep it this time."

The following people continued: "However, with Levi's entanglement, the Lab of the Gods now basically believes that we have robbed them of the Sun Stone!"

“Yeah, is this unclear pitting us?”

The Dark God smiled: “It doesn’t matter! Let the Gods Lab come, I’m not afraid!”

Then, the dark god left here.

Turn to other places.

This is a secret room.

There was a screaming and crazy sound from inside.

The people inside seemed to be tortured by hell.

Plum dye.

Since the Dark God accepted Sarah as an apprentice, he has inspired her potential and made her stronger as promised.

The plum dyed soaked in a pond at the moment.

The liquid in the pool is red, I don’t know what it is.

However, Sarah suffered in it and suffered great pain.

She was almost unable to hold on.

“Hold it!!!”

“Think about your husband’s revenge has not been reported yet, he hasn’t even left a corpse! The enemy is still happy!”

The dark god stimulated Sarah with words.

Plum Dye yelled madly.

She wants to become stronger!

She wants to hold on!

The Dark God smiled upon seeing this.

He is very satisfied with Sarah's current state.

He looked forward to the moment when Sarah succeeded.
