

# The Protector Novel Levi Garrison Chapter 2117 – 2118

## Chapter 2117

“boom!”

Levi blasted the past with a punch, and the armor on Richard’s body fell apart.

“puff!”

There were countless blood stains on Richard’s body.

Richard looked at the changes in his body with horror on his face.

“Richard wanted to kill you long ago!”

Levi watched his body crack open.

At close range, Richard saw Levi’s face clearly.

This time, he believed that it was Levi.

“You, it’s you! How can you live?”

“Impossible!!! How is it possible?”

“It turned out to be you, it turned out to be you!”

...

Richard was crazy.

He wants to understand everything!

Everything later was done by Levi!

But why is he still alive? ? ?

This matter is more terrible than his death!

“Hmm! I’m still alive!”

“Want to fight me, next life!”

As soon as Levi’s voice fell, Richard’s body exploded directly.

Richard is dead!!!

His body exploded completely and turned into blood mist, with no possibility of surviving!

The strongest spokesperson for this laboratory of the gods, who had almost wiped out Da Xia’s existence, was beheaded today.

“call!”

Levi let out a long sigh of relief.

This kid finally died.

After killing Richard, Levi left quickly.

When the army of the Gods’ Laboratory arrived, there were ruins everywhere.

...

Levi did not leave the war eagle country, he turned around and went to other places to kill other spokespersons.

Overnight, Levi successively killed the spokespersons of 13 Gods Laboratories, and also destroyed a dozen of Gods Laboratories bases...

The entire War Eagle Nation was in chaos, and the Lab of the Gods was chasing Garrison King everywhere.

But it didn't catch up anyway.

His whereabouts are uncertain, and he will leave after killing.

What's more, they were all spokespersons, not key figures in the Gods Lab.

So it is difficult to catch his whereabouts...

Levi left from the War Eagle Nation, and successively eliminated several spokespersons outside the War Eagle Nation.

According to the list, Levi killed one by one.

The killing continues...

Levi wanted to kill all these spokespersons in one fell swoop, and kill them one by one.

At this time the news has spread!

Richard, the core figure of the Lab of the Gods, was killed!

Together with Richard's base were destroyed!

The world is shocked!!!

Richard is now the hottest big man in the world!

The nightmare of countless countries and forces!

When he fell, all parties were dumbfounded.

The news of Richard's death spread all over the world...

The opponents began to cheer one after another!

Richard has brought disasters to many places over the years!

Many people want to get rid of it quickly!

No way!

Richard is getting stronger and stronger, and his position in the laboratory of the gods is also getting higher and higher.

He can't kill it at all!

In particular, many people know that the Lab of the Gods has extreme rescue privileges, and it is even more unkillable.

Richard's position is very high, and he is only one step away from the real core layer.

Now that he is dead, it is a terrible and heavy blow to the Lab of the Gods!

Because the base from which the Sun Stone was removed hurt the vitality of the Gods Laboratory, and now Richard is dead even more hurt.

In recent years, it was mainly Richard who replaced the Gods' Laboratory to work outside.

Now that such a capable man is dead, the Lab of the Gods is about to cry.

Richard's immediate boss and others are thunderous and angry!

It is bound to avenge Richard!

This is the shame of the Lab of the Gods!

...

Levi is still killing and killing all the way!

Nearly three-quarters of the people on the list were killed!

Levi appeared near Dongdao, and Dongdao also had a spokesperson for the Lab of the Gods.

But at this moment, Levi's face changed.

He noticed that someone showed up.

In the next moment, several figures appeared.

"Levi is indeed amazing! He actually killed Richard!"

The other party smiled.

## Chapter 2118

This time Levi was not curious about who they were.

Because I encountered it in the bear country not long ago.

The dark angels of the Bible Organization.

Levi was too familiar with this breath.

The four people who had blocked him.

There was one more person, the one headed, and Levi vaguely guessed his identity.

Underworld God!

“Yes, you can find me! The Lab of the Gods can’t do it!”

Levi smiled.

The evil god also smiled and said: “That’s because they are the entrants, we are bystanders, and the angle is different!”

This is also true!

It’s similar to the black under the light!

Now that Levi is so rampant, it stands to reason that the Lab of the Gods is easy to find.

But they are the entrants, and they are confused.

Levi has been leading the nose to walk, and has been stuck in the rhythm of Levi for a long time.

It’s hard to find.

On the contrary, the biblical organization has always been a bystander, which is equivalent to the perspective of God.

Levi asked directly: “Then what’s your purpose in coming to me?”

After the evil god clapped his hands, Levi appeared in front and back.

The eighteen dark angels all came.

This time the Bible organization sent all the dark angels just to bring Levi back.

“The purpose is simple! I told you before! You pass the standards of the Bible Organization and you are eligible to join! We are here to invite you to join!”

Underworld God said with a smile.

The eighteen dark angels gathered together, that is, they must take Levi back.

They have enigmatic self-confidence.

“We advise you to join the Bible Organization! This is something you can’t escape! If you join, you will get benefits you can’t imagine!”

Underworld God smiled.

Levi smiled: “I am used to being free, and joining your organization will make me uncomfortable...”

“So you don’t agree?”

“No, I have a condition!”

Underworld God was taken aback and looked at Levi curiously.

“It’s very simple, I can go, but I want to be the leader of the Bible organization! Everyone must listen to me!”

When Levi said this, everyone was dumbfounded.

To be the boss?

He came to be the dark god?

What a joke!

Everyone then realized that they were played by Levi.

“Levi, don’t toast or drink fine wine! We can hold you in many ways!”

Underworld roared with anger.

There are indeed many ways.

First, the eighteen dark angels joined forces to bring him back.

Second, there is also Sarah dyed this hole card.

...

Levi looked at everyone with disdain: "Really? So confident!"

The evil god stared at Levi: "Nothing else! As long as we entangle you for enough time, the Lords of the Gods Lab will rush here! You have to go by then, is it possible?"

Others also said one after another: "Yes, we will give you the opportunity now! You can choose by yourself!"

"Come on, are you sure you can stop me until that time?"

Levi sneered.

"Then give it a try! Let's do it together!"

Eighteen dark angels joined forces to attack.

This is the first time in the history of the Bible Organization that 18 people have joined forces to attack.

Anyway, there was only one order from the Dark God-to bring Levi back by any means.

When the eighteen people made their move, it was earth-shattering...

the other side.

In the Lab of the Gods, Richard's immediate boss received the news that the person who killed Richard was near the East Island.

Now I was stopped by someone.

“set off!!!”

The person who played cards jointly with Richard's immediate boss, and a large number of core Lords from the Gods' Laboratory traveled by flying vehicles.

These core Lords could not be mobilized by Richard during his lifetime.

Now all the brains are all following.

“Richard is blunt, he is not a member of the laboratory at all! Really we can provoke casually?”

Richard's immediate boss was very angry.

He wants to let the world know that the Lab of the Gods is really here...

## The Protector Novel Levi Garrison Chapter 2119 – 2120

### Chapter 2119

The eighteen dark angels were shocked!

Suddenly entangled Levi!

Levi slammed past with a punch. Not only would they not turn into a blood mist and explode, they were all right!

Their special physique made Levi stunned.

Among the eighteen dark angels, there were several great evil gods.

Among the eighteen people, they are the last, but their physique can be said to be against the sky.

Better than the Lords in the laboratory of the gods I have encountered before!

It can't hurt at all!

Ok?

strange!

Even Levi is pondering what is going on...

These people are weird!

But now is not the time for Levi to think.

He has to quickly resolve everything in front of him and leave.

Otherwise, if the core Lord of the Gods Lab arrives, it will be difficult for him to leave.

Can't even go.

...

Levi immediately increased his offensive, and Mingxie Shane and others looked out.

"Don't let him go! He wants to run!"

The eighteen dark angels worked together.

It seems that everyone is an individual, but there are faint connections between them, and the eighteen people are a whole.

Levi was tightly trapped.

Don't let him escape!

Seeing that Levi was trapped, the Underworld God sneered: "Levi thinks about it? It won't take a long time for the people from the Lab of the Gods to arrive! At that time you really can't get away!"

"Now? Do you still choose to confront us?"

In their view, Levi had only two choices.

First, be entangled by them, and wait until the Lord of the Gods Lab arrives.

Second, agree to join the Bible organization and follow them.

Levi Linle said: "Just rely on you to stop me?"

The voice just fell.

Levi's entire popularity changed abruptly.

"Buzzing..."

There was a terrible trembling sound around him.

The eighteen dark angels couldn't help being surprised.

Feel the unprecedented threat.

"roll!"

Levi shouted out.

The whole body exploded vigorously.

“Boom!”

With a booming sound, the world was overshadowed, as if it had fallen into the doomsday.

The terrible mushroom cloud exploded.

The mountains and rivers are shaking!

A high wave of hundreds of meters above the sea rises!

The mountains not far away caused a sensation one after another and exploded.

The terrible power forced the eighteen dark angels to retreat.

Any combination of skills is useless in the face of absolute power.

The eyes of the eighteen people such as Underworld God and others were shocked that couldn't be wiped away...

This is too strong!

After Levi forced 18 people back, he left immediately!

He didn't think about killing 18 people at once, these 18 people are weird and strong.

Only leave now!

“Can't let him go!”

The Underworld God shouted.

This is their task!

It must be done!

Levi can never escape!

Eighteen people chased Levi like crazy.

But the Lord made a move only for a moment, and just as Levi forced them back, he got a space to escape.

They were still a step slower after all.

Damn it!!!

Everyone was irritated!

But still can't catch up!

Can only watch Levi leave.

Beyond the dust.

Levi also thought he had gotten rid of it.

“boom!”

But there was a terrible air current.

“boom!”

Levi smashed with a punch.

The whole person staggered back a few steps.

So strong!

He was not only blocked, but also blocked.

The eighteen dark angels were also stunned.

Someone took action and blocked Levi.

Who is this? ? ?

Must be the powerhouse of the Gods Lab!

But this also came too soon!

It was so much faster than they expected.

Not only did Levi not escape, but neither did they.

This time it was completely exposed to the eyes of the Gods Laboratory.

“Want to go? Impossible!”

A hoarse laughter came.

A man playing with Joker cards appeared.

The whole person is also dressed as a clown.

It seems funny, but everyone feels a kind of horror.

Just as he forced Levi back with a single blow, he already imagined how powerful it was.

## Chapter 2120

He has a title in the laboratory of the gods-the clown emperor!

He is on the same level as Richard's boss.

To gain a foothold at the core level in the Lab of the Gods, he relies on his strength!

The aircraft in the Lab of the Gods is as fast as lightning.

But the Great Clown came here first and stopped Levi.

Dangerous breath.

The dangerous aura radiating from his body changed the expressions of all the eighteen dark angels.

Levi's expression changed.

This person is dangerous!

Because you can't feel his presence, no blood, no breath.

But a strong opponent!

Levi likes it!

“boom!!!”

Suddenly the clown emperor started, a big earthquake trembled, and the sky shook.

But the others disappeared in the picture instantly.

Can't even catch the afterimage!

The clown emperor appeared in front of Levi instantly, the hot breath seemed to burn Levi.

“Snapped!”

With a crisp sound, the world faded.

The clown emperor grabbed Levi's throat!

In an instant, Levi felt the pressure of the mighty mountain.

His body was bent abruptly!

It was as if the clown king wanted to hold him in the ground.

Levi quickly grabbed his arm, trying to break free.

But he was pressed back by the great clown, and instantly drew a few hundred meters.

Cracks several meters deep appeared under the feet!

The retreat continues...

When the clown emperor made his move, it was earth-shattering.

Levi was actually crushed.

This is incredible.

Because Levi has always crushed and slaughtered the Lords of the Gods Lab.

"What shall we do now?"

The eighteen dark angels looked at each other.

Underworld God said coldly: "The task the Dark God gave us is to bring him back! Let's help him!"

The eighteenth dark gods immediately shot to the clown emperor.

Both Levi and the Great Clown noticed the movements of the eighteen dark angels.

“Go! I don’t need your help!”

Levi shouted loudly.

Unmatched power burst out again!

A pneumatic mountains and rivers!

It was exactly the trick that Levi used to retreat the eighteen dark angels just now!

Levi also used a taboo technique to innovate his own trick!

He used it again at this moment!

“boom!”

The terrifying force forced the clown king away!

Shock!

The clown’s eyes were filled with shock that couldn’t be resolved.

In any case, he did not expect to be shaken by Levi!

In fact, both sides were shocked.

It was also the first time that Levi encountered an opponent like the Great Clown, and it would make him so embarrassed.

Absolutely the first person!

“The one who stopped me died!”

The great clown looked at the eighteen dark angels with a warning.

Kill Levi instantly.

“boom!”

The clown emperor slammed a punch, innocent, but when he shot it, it shocked the world.

Levi also blasted a punch.

“boom!”

The two fists slammed together.

It's like two stars colliding.

At this moment, everyone felt a sense of spatial imbalance.

It seems that the plates under the feet have moved abruptly.

The sea water is boiling, just like boiling.

This huge island near the East Island is going to sink.

The power of the two punches is terrifying!

Everyone was stunned.

I never thought that each other would be so strong!

They actually reached the point where they were fighting against each other!

“At this time we must take action, otherwise none of us can leave!”

Underworld God suggested.

But at this time, the army of the Gods' Laboratory arrived.

A super aircraft arrived.

The team led by Richard's immediate boss came.

Surrounded here strictly.

This came to the worst, and the laboratories of the gods were all here.

Levi will no longer have any chance.

Unless you kill it!

But the opponent he faced this time was at least one level higher than the Richard series.

Just the clown emperor can feel it.

## The Protector Novel Levi Garrison Chapter 2121 – 2122

### Chapter 2121

Here comes another one at the same level as the clown emperor!

More terrible!

And I don't know what Lord they brought...

"How can you escape this time?"

A cold shout came.

One person stepped out of an aircraft, and when he took a step, he stepped into Levi's face from an altitude of several hundred meters!

He ignored everything and walked flat on the ground.

Shocked the audience!

This is Richard's immediate boss.

He is dressed in a suit, elegant yet mighty.

The danger is permeated, and the hearts of the audience are tight.

An existence no less than the clown emperor!

Soon after, another woman in a red-hot dress came, and her body exuded an evil and strange aura.

Seeing her, I always feel fear and trembling.

It is another existence comparable to the clown emperor!

Let everyone feel the pressure again!

After a few seconds, a huge wave suddenly turned up in the sea not far away.

Rushing hundreds of meters high, a whirlpool appeared...

There was even a black spot on it. After everyone looked at it clearly, they found that it was a person.

He rose into the sky, leaped forward, and appeared in front of everyone.

Another one!

These four powerhouses came together, and outside are still the best powerhouses in the laboratory of the gods.

“The Eighteen Dark Angels of the Bible Organization?”

Seeing the evil gods and them, Richard’s immediate boss directly shouted out their identities.

“Richard’s prediction is correct! Our opponent indeed seems to be the Bible organization!”

The evil woman insisted.

Richard’s immediate boss shook his head: “No, no, no! The eighteen dark angels in front fight him! It seems to be taking him away!”

The clown playing cards also sneered: “Yes! They are not in the same group! They want to take him away!”

“Then basically judge that our enemy is him! It’s just related to the Bible Organization!”

“You won’t know if you take it down!”

Who jumped out of the sea directly did it.

“boom!!!”

Bumped over with a punch.

Levi rushed out with a punch.

“boom!”

As soon as the fists of the two sides touched, the sky and the earth collided, and it would shatter everywhere.

Neither side moved!

Strong!!!

The eighteen dark angels looked at each other, thinking what to do.

At this time they received an order.

“withdraw!”

Eighteen dark angels fled immediately, killing them from the weakest direction.

“How to do?”

Richard’s immediate boss waved his hand: “Let them go! Our goal is him!”

Anyway, they also knew it was the Eighteen Dark Angels.

For the time being, the Lab of the Gods is still not suitable for war with the Bible Organization.

It’s better to let them leave!

After the eighteenth dark angels left, only Levi was left alone in the field.

He is going to face the Lab of the Gods alone!

This will be the biggest crisis in Levi’s history!

Just beheading Richard, I didn’t expect all of them to be one level higher.

Blame these guys from the Bible Organization!

Have to haunt yourself!

What else can I do now?

If you die, you have to fight!

Use everything you need!

Even the taboo tricks the Lord taught him has to be used!

It's all this kind of moment, and I have to do it!

Just these four people are unfathomable, Levi can't grasp their combat power at all!

“Kill out!!!”

Levi roared wildly and took the initiative to attack.

“boom!”

He pursued the ultimate speed and power!

This punch seemed to lift the whole earth!

“Small bugs!”

Richard's immediate boss sneered.

Terrible tattoos appeared on his arms, and the tattoos turned blood red and glowed...

A breath of death and horror erupted.

“boom!”

He easily blocked Levi's punch and dispelled this majestic force.

“boom!”

He threw another unbelievable punch.

At this moment, Levi felt that his soul was blown away.

## Chapter 2122

It seems that this body does not belong to Levi at all!

He was emptied of consciousness.

Is he too strong?

Richard's immediate boss was not like him, who relied on conspiracy and trickery to eat.

He is pure strength!

His nickname in the Lab of the Gods is Lucifer!

That is the fallen angel in Western legends!

The existence that can be nicknamed this in the Lab of the Gods can also figure out how strong he is!

“what!!!”

The women among the four were also shocked, she yelled out like a terrifying voice in the depths of hell.

Sharp evil horror!

It seems to crush the weakest side of people's heart!

A terrible flame appeared above her hands. This flame was very strange and strange, accompanied by the sound of ghosts crying and howling wolves.

As if to tear everything apart.

This woman is nicknamed the Hell Witch in the Lab of the Gods!

She can control the terrible fire of hell and can burn everything!

Lucifer told Richard that you can build a pure energy body with confidence and don't worry about being unable to control the pure energy body.

They have the ability to get rid of pure energy bodies.

One way is the hell witch!

Her hell fire can directly burn out the pure energy body!

Can't hold it at all!

It shows how terrifying she is!

The fire of hell in the palm of the witch of hell is approaching Levi!

Levi, who was far away, already felt the compelling flame, and even his soul was burned.

He was beaten by Lucifer just now until his soul flew out.

Now the hell flame of the hell witch is here again!

In an instant, this area was enveloped by the flames of hell.

Even the ground was burned, turning black in an instant, piercing for several meters.

All are black.

The flames of hell can burn everything, nothing can stop it!

As soon as the flames of hell came out, the world seemed to be shrouded in hell.

All creatures have to go through flames...

...

Because of Lucifer's trick, Levi couldn't avoid it at all, and was directly enveloped by the flames of hell.

He can only face the flames of hell!!!!

"boom!"

In an instant, the flames of hell penetrated his defensive airflow directly, wrapping him up!

"puff!!!"

At this moment, Levi felt that his brain consciousness was blank, and his body seemed to be fragmented and melted a little bit.

The pain hits!

The pain is beyond words!

It hurts to the bones and soul!

This hell flame seems to be burning Levi's soul, his body has already melted!

This kind of pain Levi experienced once before.

When the Lord reshaped his martial arts for him, it was really painful.

Levi knew that at that time, the Lord was not only reshaping the martial art for him, it was completely reshaping his body.

A radical change from the inside out.

That's why it hurts so much!

Now Levi felt this pain again!

If it weren't for Lucifer's trick, Levi could escape the flames of the witch of hell.

But no!

He was enveloped in the evil flames of the witch of hell!

At this time, Levi's body was full of vigor, and he was tightly guarded, trying to stop the flames of hell.

The flames of hell peeled away his defense little by little, burned and swallowed his body little by little.

To burn him to death!!!

The hell witch made a terrible roar, and she was increasing the flame's attack.

...

Upon seeing this, everyone smiled.

Levi is just the right thing!

"I'll help the witch!"

The clown emperor let out a jealous laugh, and with a flick of his hand, the clown playing cards in his hand flew out.

At this moment, the Joker playing card turns into an indestructible weapon that can cut everything.

“Shit!”

Levi’s vigorous defense was abruptly torn apart by the Joker playing cards.

Can’t stop it at all!

“boom!”

This time the flames of hell really fell on Levi’s body.

“what!!!!”

Levi let out a heartbreaking roar.
