

The Protector Novel Levi Garrison Chapter 2131 – 2132

Chapter 2131

In the villa.

Levi is closing his eyes and resting.

But at this time he felt restless, and his left eyelid jumped wildly, as if something was going to happen.

“No, something will happen!”

Levi’s hunch is very accurate.

Levi immediately told Logan Chengmin of his hunch.

“I was found out?”

Levi was very alert.

Logan Chengmin also immediately began to check.

Contact his secret whistle eyeliner scattered outside.

But no one responded at all!

not a single one!

It is equivalent to the complete breakdown of the peripheral defense system!

Only the villa’s defensive security system is still there.

“Something went wrong! The people I arranged have lost contact! Maybe they are all dead!”

Logan Chengmin said.

“Go, I’ll take you away first and go to the secret tunnel! Can’t stay long!”

Logan Chengmin was about to take Levi away immediately.

“Boom...”

“Crack!”

But at this moment, the huge floor-to-ceiling window was hit hard, and it burst open.

A silhouette stood in front of the two of them.

Lucifer!!!

“Levi wants to escape? No way!”

Lucifer exclaimed.

“Boom!!!”

The next moment, the other wall was directly blasted open.

The sea monster is here.

“Chichichichi...”

Accompanied by the fluttering Joker playing cards, the Joker Great and the Hell Witch appeared.

“boom!”

“boom!”

...

Either the top of the villa collapsed, or someone came underfoot.

The remaining ten people were all present.

They wore suits one after another, giving people a breath of suffocation.

Enclosed is complete!

“Levi is your death date today, you can’t escape our palm at all!”

All the defensive guards of the villa were killed, leaving only Logan Chengmin.

Levi was shocked.

His face has changed.

what happened?

Didn’t they leave?

How can it turn back in such a short time?

And how do they know that they are Levi? Still so sure?

And how did they know that they are here? ? ?

how can that be?

Know everything in such a short time?

doubt!

Too many questions!

Lucifer saw Levi and Logan Chengmin's doubts.

He sneered: "You are still too young and want to fight against the Lab of the Gods! You don't know what you are facing!"

"Levi is here to catch you with all your hands, and go back with us obediently! Otherwise, you will die!"

The great clown laughed.

"Want me to surrender? Impossible!!!"

Levi suddenly killed the Hell Witch.

Logan Chengmin also hurriedly followed Levi to use his control superpowers.

Delusion to control Lucifer and others.

But after all, she underestimated these people in front of her.

It has no effect at all.

"Small bugs!"

Lucifer directly ignored Levi and killed Logan Chengmin.

The hell witch used all her flames to stop Levi.

After Logan Chengmin's control ability was lost, he would be no different from ordinary people.

Seeing Lucifer who struck, Logan Chengmin was completely panicked.

Levi could only turn around abruptly to rescue Logan Chengmin.

“boom!!!”

Lucifer blasted out with one move.

Levi also blasted out.

“Boom boom...”

Levi couldn't stop it at all, backing back again and again.

The clown emperor also joined the battle.

Suddenly Levi was in danger...

Become stronger!

Levi was surprised to find that these people were not only hurt, but also stronger!

Is this the magic of the Lab of the Gods?

The other top ten Lords also showed off one after another, pushing Levi and Logan Chengmin to a dead end.

Both Levi and Logan Chengmin were injured in an instant.

Levi's injuries worsen...

“I'm afraid I can't leave today!”

Levi felt a trace of despair.

If he is not hurt, there may be a glimmer of hope.

But he was seriously injured.

Can't stop it at all!

“Don’t let him live!”

These people like Lucifer attacked Levi as if they were crazy!

Chapter 2132

“You guys are looking for death!!!”

Levi was also pressed into a hurry, and the taboo technique was immediately used!!!

The fighting power that Levi broke out at the critical moment also surprised Lucifer and the others.

With stronger combat effectiveness, Levi’s seriously injured body actually fought them back and forth.

This is incredible!

But all of this is supported by Levi!

Soon it was revealed that Levi was actually the last one.

If it is an opponent one level lower, Levi can explode and use the taboo technique to cut a blood path.

The probability of survival is very large.

But the fourteen Lucifers in front of him were too strong.

When Levi was in his heyday, he used the taboo technique to make a tie with these people.

Now they are more and stronger.

how to spell?

But in order to survive, Levi had to fight.

All the taboos that should be used are used.

Even if a forbidden technique like the forbidden technique of killing lives would be demonic, Levi didn't care anymore.

As long as you can get out alive.

Why not become a murderous machine mad?

“boom!!!”

At this moment, Levi's momentum rose wildly and domineeringly.

Swept the world.

He is the demon god who just returned from hell...

Lucifer and others were shocked.

He can still be so strong?

What freak?

This is how they didn't expect it!

“Everyone, be careful, don't let him escape!”

Lucifer reminded.

If it fails again this time, it will be hard for them to have the face to go back.

Must succeed!

Levi must be killed!

“puff!”

At this time, Levi spit out black blood.

This is obviously a sign of poisoning.

Logan Chengmin glanced at him and reacted immediately.

Someone moved the medicine Logan Chengmin brought.

These drugs have been replaced long ago. After Levi took it, instead of relieving the injury, it worsened.

Now Levi was lucky, and the effect of the medicine was evaporating.

That’s right!

The medicine Logan Chengmin brought to Levi’s treatment had already passed away!

This is arranged by the man in the suit.

It can be seen that his magical powers are so great that he has arranged so many in such a short time.

Incredible.

...

“puff!”

At this moment, Levi vomited black blood violently, and his whole body was like a punctured balloon, suddenly discouraged.

He was able to fight this group of people with one breath just now, but he can’t do it now.

He is so weak that he can't even use taboo techniques.

Not to mention fighting against these top powerhouses.

“Hahaha...”

Upon seeing this, Lucifer and others all laughed.

It turned out to be braced.

The end of the crossbow.

“Kill him!”

Just now Lucifer had passed through the man in the suit, and there was no need to bring Levi back.

Just kill it!

The more Levi wanted to kill him, but his body turned against him.

The more severe he was injured.

Now it can only be slaughtered.

He is desperate.

The great clown playing cards flicked, as if a sharp weapon slammed into Levi.

“No way!!!”

Logan Chengmin was crazy.

“boom!”

A figure appeared, blasting the playing cards.

“Boom boom...”

One after another, figures appeared.

Soon the group of young people called the devil in the Sanxing Group appeared.

“Save us out!”

Logan Chengmin shouted.

This is Logan Chengmin’s biggest trump card.

This group of people frantically killed Lucifer and them.

The two sides fought together.

Lucifer and they were entangled.

Logan Chengmin took the opportunity to take Levi away.

“Don’t worry, they can hold on enough, let’s leave first!”

Logan Chengmin is very confident of these men.

They have the strength and saved her time and time again.

“Okay, leave first!”

Levi felt that his health was getting worse, he was still in a daze, even going into a coma.

But can he really leave?

The Protector Novel Levi Garrison Chapter 2133 – 2134

Chapter 2133

Lucifer and the others are tired of the entanglement of these young people who have succeeded in the “Making Demon” plan.

“Kill them!”

Lucifer snorted: “Do you know how you got here? Do you dare to do it with us?”

Thirty years ago, the God-making project of the Lab of the Gods was initiated by the man in the suit.

Sanxing Group’s plan to create magic is also him.

It is equivalent to that he is the godfather of these two big plans, and these young people in front of him were created by him.

Now actually blocking their way.

Isn’t this ridiculous?

...

“puff!”

The tattoo on Lucifer’s body was shining, and the terrible power surged, and he abruptly tore the person in front of him.

“boom!”

The flames of the hell witch burned one person to death.

Not everyone is as capable of absorbing flames as Levi.

After they meet, most of them will be burned and there will be no more residue left.

The clown emperor and the sea monster also used their own methods to torture and kill the people in front of them.

The top ten Lords sent by the men in suits also showed their abilities, killing their opponents one by one.

One minute.

In less than a minute, all these young people were killed.

There is no way to fight back against these perverts of Lucifer.

When Lucifer and others approached Logan Chengmin and Levi again, both of them were shocked.

People?

What about those young people?

So fast?

Didn't stop it for a minute?

Is the speed a bit too fast?

“Looking for them? Dead!”

Lucifer grabbed a head and threw it at Logan Chengmin's feet.

“hiss!”

He took a breath.

No one knows the strength of this group of young people better than her, it is really too strong.

Not to mention that you can beat Lucifer, but you can hold it for an hour.

Who would have thought that the whole army would be wiped out in less than a minute.

too strong.

People like Lucifer are really too strong.

“Levi, according to Da Xia’s statement, you are exhausted, and today you will undoubtedly die! No one can save you!”

Lucifer sneered.

The great clown looked at Logan Chengmin again: “Don’t worry, after the end, we will bloodbath the Sanxing Group!”

“Stop them!”

Logan Chengmin was shocked when she heard that, she used her privileges and immediately mobilized experts from the Sanxing Group to stop her.

Thousands of strong men appeared in an instant.

“No! If you can’t stop them, don’t sacrifice in vain!”

Levi shouted.

With the patience of these few people, another 100,000 people will still be unable to stop them.

“Now what?”

Logan Chengmin was anxious.

She didn't want Levi to die.

“Let me think of another way!”

Sitting there, Levi's brain was running fast, trying all kinds of ways.

Review all the ancient books that the Lord gave him.

Think about the strategy against the enemy.

...

“Don't move! No one can move!”

At this time, the senior officials of the Sanxing Group received the news, and they came forward one after another and ordered all the Lords of the Sanxing Group to stop them.

Levi was completely exposed to Lucifer and the others.

“It's over! I can't live anymore today!”

Levi sighed.

For a while, he really couldn't think of any countermeasures.

Lucifer and his men are too strong.

Many things are of no use to them at all.

It is impossible to figure out a way to deal with them in such a short time!

“How to do how to do?”

Logan Chengmin was even more anxious like an ant on a hot pot.

Soon Lucifer came to Levi's presence.

“Levi says goodbye to the world! You are dead!!!”

Lucifer asks Levi to die in the same way as Richard, to avenge him.

Lucifer's tattoos all over his body were activated, bringing together the power of horror and evil.

He charged a blow to make Levi's soul fly away.

Don't give him any chance of surviving at all...

Levi also slowly closed his eyes.

In my mind is the mother, Sarah, Junjun and the others...

“Goodbye! I really can't do anything this time!”

Chapter 2134

Seeing Levi's appearance, Lucifer was already smiling.

Levi gave up!

Beating such a person to give up and despair is a matter of accomplishment for everyone.

Lucifer he did it.

But when he was about to kill Levi with one move, suddenly Levi opened his eyes with a hideous expression.

Lucifer's smile disappeared, and his face froze even more.

not good!

By the time he realized it was not good, it was too late.

How could someone like Levi give up?

He will never give up in his life!

I just thought that the mother, the child, and the wife were real, but it was fake that he gave up resistance and waited for death.

Because he wants to play his value at the last moment, the last game before death.

He will desperately want to die with Lucifer.

This was the only thing he could do before he died.

Levi, this man will never give up simply!

Lucifer saw Levi's intentions, but it was too late.

Levi was about to fight his life and die with him.

This is a vicious technique of taboo art, a move for forcibly changing one's life.

Levi is crazy!

Everyone saw that Levi was crazy, but they were helpless.

"boom!"

...

Levi suddenly stuck to Lucifer.

Lucifer couldn't get rid of it at all, and slammed Levi's body with a blow. Levi's blood splashed, but he just didn't let go.

"boom!"

"boom!"

...

Levi suddenly exploded blood holes one after another, but Lucifer would also have one more blood hole correspondingly.

Life for life!!!

Levi tried his last breath to change Lucifer...

"Boom boom..."

Everything happened between the sparks and sparks, and no one had time to react.

Levi and Lucifer have fallen.

Blood holes appeared in their bodies.

A smile appeared at the corner of Levi's mouth, and he succeeded.

Lucifer was replaced at the end of his life.

Worth it!!!

This is the last thing he can do!

"Levi!!!"

“Lucifer!!!”

Logan Chengmin and the clown emperor shouted.

Levi did not wake up after falling to the ground, and Lucifer was the same.

Levi desperately used the taboo technique to be so terrifying!

“Levi is dead, Lucifer also...”

The clown emperor reports the news to the man in the suit.

“Trash! A bunch of trash! Levi is like that, can he still kill Lucifer? What did you eat??”

Opposite Thunder was furious.

“Wait, let me see how far Lucifer is? Huh? There is hope! Hurry up and bring Lucifer back, he can be saved! Levi is dying!”

Said the man in a suit.

The Great Clown and the others took Lucifer and left without even looking at Levi and the others.

“Sanxing Group will wait until later! Save Lucifer first!”

...

The ruins are all over.

Only Logan Chengmin, who was crying, and Levi, who couldn't wake up anymore, were left.

Levi closed his eyes and raised the corners of his mouth.

At the last moment, he was smiling.

But he didn't expect it anyway.

After Lucifer was brought back to the laboratory of the gods, the man in a suit directly handed him over to the most terrifying doctor in the laboratory of the gods.

After the inspection, which one sneered: "For you, he is indeed dead, but for me he is still alive! Even if he is dead, I can transform it back! Let him live in another way!"

This is how the man in the suit said that if Richard's body were there, he could really save him.

Even if it can't be saved, it will let him live in another way.

This is the doctor who personally created the god-making plan!

He is horrible!

too strong!

This was something Levi could not predict.

Lucifer, who was desperately killed, was rescued.

As for Levi, Logan Chengmin hurriedly let people check to make sure he was breathless.

Unlike the suspended animation on Golden Harbor Island, this time he went to die for the same...
