

The Protector Novel Levi Garrison Chapter 2153 – 2154:

Chapter 2153

Everyone knows what it means once it reaches a crowded place.

That is fall.

Become hell.

Isn't that the way the sun never sets?

This thing appeared in the center and the airport.

It became a disaster.

That's right.

The sun never sets the empire is now reduced to hell.

When the coffin was opened, the contents ran out.

Countless people were killed and injured.

Become a disaster.

One is already a headache.

Now the sun never sets, two empires have appeared.

It is simply a disaster in a disaster.

The sun never sets, the empire immediately dispatched countless warriors, super-powers, wizards, and other powerhouses.

Even the Unsettling Excalibur Bureau, which is comparable to the Sky Shield Bureau of the Kingdom of Warhawks, sent the strong to encircle and suppress.

But go to one to die, go to a pair of deaths.

I can't stop it at all!

All tactics are exhausted.

It is impossible to hold these two outliers at all.

Now the city has completely fallen.

In order to prevent the situation from expanding, the empire immediately blocked the news.

They are still investigating what this is?

Where did it come from?

...

There is also a cruise ship in the sea at the moment.

When there were survivors on the island fled to the cruise ship, I didn't expect that thing followed.

Now the cruise ship is floating on the sea, I don't know where the destination is...

Once docked, it must be a disaster.

Especially relying on places with a lot of people, it is a terrible disaster.

...

Here is the laboratory of the gods.

Basically receive messages in real time.

Even if the sun does not set, the empire is blocked.

They also know.

“Now the Excalibur Bureau already knows what this is!”

“It is estimated that they will go and negotiate with them! The crisis of the sun will be resolved soon!”

The man in a suit smiled.

Immediately, he changed his words: “As for Morendam, they probably still have a while!”

The clown emperor hesitated for a long time and asked a question: “Does this thing end like this?”

The man in a suit shook his head: “No, no, it’s not that simple! Wait and see!”

“By the way, look, where is the other one?”

“The direction is right again, heading to the Kangaroo Country in Southern Continent!”

“Hahahaha...”

The man in a suit smiled.

The clown emperor asked: “You said that the imperial organization will not take revenge? After all, I snatched one from them!”

It turned out that the Great Clown slaughtered clean at that secret base, and the coffin he brought out was organized by the emperor.

For a long time, the imperial organization has been experimenting with the sleeping blood in the coffin.

This is one of their secrets.

Unexpectedly, he was familiar with the laboratory of the gods.

They also sent someone to snatch the coffin directly.

“It is possible! They will soon suspect us! But I have a way! Don’t worry!”

The man in the suit looked like he was holding the winning ticket.

...

The sun never sets, the Excalibur Game is indeed as the man in the suit said.

They are looking for the same kind of blood to negotiate with these two aliens.

As the most powerful organization that never sets.

The Excalibur Bureau is the same as Morendam’s Tiance Mansion.

They also have many secrets.

Such as the legendary blood family.

As well as other ancient races and aliens, they are all related.

Experiments are of course indispensable.

What they are doing now is to take the imprisoned kinsmen over, negotiate with the two, and make them stop...

The Excalibur Bureau can find it quickly.

It is because this thing was active in areas where the sun never sets when it was old.

Not only did they keep records, they also arrested their kind.

But Morendam is different.

This thing came out in a daze.

No one knows what's going on on Golden Harbor Island.

Only after seeing it with my own eyes can I have some clues.

now.

Gamblers, they are facing the biggest crisis in history.

too strong!

The guy in front of him couldn't move at all.

He violently tore one person after another.

Hundreds of people are gone again...

The rest is almost desperate.

Chapter 2154

Everyone knows that the army will soon be wiped out.

No one will be left.

This feeling of waiting for death is really uncomfortable.

The reinforcements are clearly here.

But time is not enough!

During the battle, everyone discovered that this terrifying alien was getting stronger and stronger.

After he sucked enough blood, his blood became stronger and his killing intent became stronger.

It felt like he hadn't fully awakened at first.

It takes enough blood to fully awaken.

Now everyone feels that he is a little awakened.

However, not awakening is so terrible.

If it is fully awakened, it will be unimaginable.

...

Levi and Huoyun Cthulhu arrived at Golden Harbor Island.

But because the two were on their way.

Coupled with Morendam's blockade of news, I don't know what happened on Golden Harbor Island.

But as soon as they got on the island, the two noticed something unusual.

"Something's wrong! Something seems to have happened!"

Huoyun evil divine way.

Levi frowned even more: “It seems that I feel an extremely terrifying existence... It’s a bit like me who activated the forbidden killing technique...”

Levi sensed an extremely murderous existence.

He is very similar to the forbidden killing technique.

So his feeling is more obvious.

“Maybe something has happened! Go look for it!”

Levi and Huoyun Cthulhu immediately rushed.

...

The other side of Golden Harbor Island.

The eighteen dark angels of the Bible organization came together.

“Sure Levi is on Golden Harbor Island, right?”

Underworld God asked.

“Yes! Yes! The exact news I just got, Levi is indeed on Golden Harbor Island!”

“Okay, let’s go!”

“Ok?”

Soon the Eighteen Dark Angels also noticed the unusualness of Golden Harbor Island.

What a strong breath.

“Go, go and see! It should have something to do with Levi!”

...

Near the processing plant.

The blood race is becoming more and more fierce.

While organizing a resistance, the gambling king gathered more people to come to support.

But the Lords that can be summoned are actually cannon fodder.

There is no power to fight at all.

The purpose of coming is also very simple.

Just to delay time.

“latest news!!!”

“The direct disciples of the four great generals of Tiance Mansion will arrive by flying vehicles, and they will be there in an hour! We only need to last for this hour!”

The guardians got the news and said excitedly.

But after hearing it for an hour, everyone looked desperate.

One hour!!!

Just now so many strong people, including Xuanzun Kyushu, didn't even hold on for ten minutes.

How can it be possible with people like them?

One hour is the same as death.

“Hold it up! You have to hold it up! If you don’t hold it up, ordinary people will die, and the entire Golden Harbor Island will become a hell!”

The gambling kings are indeed fighting.

They tried every means to hold the monster.

This is a fierce battle.

Basically everyone knows that he will die and he is cannon fodder.

But most of them are reluctant to turn back.

Because they know they are doing one thing-to protect the people who want to protect and protect!

Worth it if you die!

The corpses are everywhere...

Piled into hills.

Stumps and broken arms can be seen everywhere.

The blood drenched the earth.

But everyone just doesn’t flinch.

“No! The gambler thinks of a way! If this goes on, we will all have to finish it!”

“Yeah! We have less than a hundred people left! Sooner or later it will be finished!”

...

The rest will cry.

The gamblers are also anxious to die.

But now, there is really no way.

“Grandpa, I only hate that I am not strong enough...”

Even He Qingxue is participating in the war.

“Hey!”

Sighs came out one after another.

...

People are getting fewer and fewer.

Fifty.

Thirty.

Twenty.

...

In the end, only He Qingxue, a team of less than ten gambling kings.

They all fell to the ground.

Waiting for the slaughter of the blood race to come.

The Protector Novel Levi Garrison Chapter 2155 – 2156

Chapter 2155

They tried their best to die to the last minute.

It's just a pity.

They only lasted more than twenty minutes.

It's not even an hour away.

Hate it!

I hate it!

Soon they will all be killed.

It doesn't matter if they die.

But when they die, Golden Harbor Island will fall.

Countless people will die because of this...

“what!!!”

He Qingxue shouted unwillingly.

“boom!”

The blood alien has appeared in front of He Qingxue and grabbed her.

He stared at He Qingxue.

Seems to be shocked by He Qingxue's stubbornness.

“Come on! I'm not afraid of you!”

The eyes of the blood race turned red, and he bit He Qingxue in one bite.

“boom!!!”

But at this moment, an unprecedented force blasted towards the blood race aliens.

Bounce him abruptly.

He Qingxue was also released.

The sudden scene made everyone present dumbfounded.

what's going on? ? ?

When I watched it again, there were already two more people in the field.

One of them felt very familiar to everyone.

This...

Isn't this Levi?

“leaf...”

He Qingxue just about to exclaim.

But suddenly I felt something was wrong.

Isn't Levi dead?

Although it was a suspended animation last time on Golden Harbor Island, he eventually died.

He can't live.

But now it looks exactly the same.

Gambling kings, why not so.

But before he had time to inquire, the blood clan aliens over there let out an angry roar.

At this time everyone noticed that the blood alien was ejected just now.

This is unprecedented.

Before, they tried their best to keep this blood race alien from moving.

No matter how he attacked, he was as stable as a mountain.

But now he was ejected...

It shows how strong these two people are?

Everyone seems to be saved...

The blood clan aliens stared at Levi and Huoyun Cthulhu.

He was ejected just now, and his face was probably greatly damaged.

The anger was extreme at this moment.

Levi and Huoyun Cthulhu stared at him, and Levi even asked, "Do you know what species is Lao Xie?"

"If you guessed it correctly, it should be an ancient kinship in the West! But it is different from what I think! The kinship members are mostly handsome, so ugly is unheard of!"

Huoyun evil divine way.

Everyone: "...".

Is this crazy?

At this time, these two people even commented on the appearance of this blood race.

This is not taking him as a human being!!!

"No! This is the blood clan! And it is the powerful blood ancestor of the blood clan!!!"

Another voice sounded.

Eighteen dark angels all appeared.

The eighteen people exuded a dangerous aura, so that the blood monsters were all taken aback, and they turned their attention to the eighteen dark angels.

This surprised He Qingxue and the others.

Is there another strong person here?

Are they completely safe?

"Blood Progenitor?"

But when they heard the words of the dark angel, the gambling king and the Huoyun evil god changed their faces.

The blood ancestor is the most powerful existence in the ancient blood clan.

Legend has it that these blood races can live for thousands of years.

The physique is even more terrifying to the sky.

But it can be seen from the place where the great clown brought these coffins out.

They have been hiding in those places for a long, long time.

It may be hundreds or even thousands of years.

Their appearance is a disaster.

“I didn’t expect them to release the blood ancestors! There are already three blood ancestors already known!”

The dark angel couldn’t help saying.

Levi knew who they were talking about.

The Lab of the Gods!

They are really lingering!

Something frantic happened.

By now, everyone knows what keeps raging in the sun.

It is this thing in front of me.

Seeing everyone discussing, the blood ancestor felt that he had been ignored.

He became more and more angry.

Finally, I caught sight of Levi!

Chapter 2156

After all, he knew that Levi had just knocked him off.

In addition, Levi has always ignored his existence.

So he killed Levi like crazy.

“boom!!!”

The blood ancestor had extremely terrifying speed, and instantly appeared before Levi.

Grabbed him.

But this catch caught loneliness.

Only caught the air.

Because Levi avoided during the extreme operation.

This made the Scarlet Blood Ancestor's eyes suddenly widened, unbelievably full.

There are still people who can escape? ? ?

The same is true for others.

“boom!”

Before the blood ancestor had time to think, Levi appeared behind him and kicked him out.

This is the second time the blood ancestor has been bombed out.

So shocked!

He Qingxue and the others were dumbfounded.

What kind of combat power is this?

But Levi was not happy at all.

Because he attacked twice, even though he was beaten out by the blood ancestor, it made him very embarrassed.

But it's useless at all.

No injuries were caused to him.

Is this physique terrible?

The blood ancestor, who became angry and furious, killed Levi again and again.

However, Levi avoided it time and time again, and even fought back.

But no matter what trick Levi uses, the blood ancestor will not be injured.

Will only kill Levi even more angrily.

The blood ancestor went crazy, I don't know why the blood in Levi's body suddenly surged.

Feeling a terrible traction, blood is about to burst out.

The blood ancestor wants to volley to suck out Levi's blood...

"Suck my blood? Dreaming! Mosquitoes can't do, let alone you!"

Levi came forward suddenly.

The left hand pointed out.

It is the fingering to kill the pure energy body, which bases all the power on the burst of one point.

His right hand hit the blood ancestor's body one by one.

Contains multiple strengths in it!

This is a two-pronged approach!

“boom!”

The outbreak based on one point was just about to begin, and it was abruptly disappeared.

As for the multiple strengths, it did not break out at all.

Because the blood ancestor's physique can be said to be against the sky, multiple strengths and burst fingering based on one point can't penetrate his body at all.

It is far from the effect of harm.

This is the power of blood ancestors.

Ignore all attacks.

However, Levi's strength also completely angered the blood ancestors.

This time he was really going crazy.

His eyes were red, as if blood was flowing.

Moreover, he is getting stronger and stronger.

Is gradually returning to his previous strength!

“Fuck it! This won't work!”

Even Levi was stunned.

“Sir, let me help you!”

Huoyun Cthulhu couldn't stand it anymore.

As for the eighteenth dark angels, they were watching the show nearby.

They will not take action in this situation.

The more embarrassed Levi, the better.

Seeing that the blood ancestor was about to attack Xiang Levi, Levi ran away suddenly.

The blood ancestor immediately pursued it.

It's just that Levi ran in the direction of the Eighteen Dark Angels impartially.

They are still watching the theater.

Levi suddenly brought people over, and more than a dozen people were caught off guard.

Levi provoked discord together again.

Soon the Eighteen Dark Angels had no choice but to attack the blood ancestors.

The enraged blood ancestor can only fight desperately with the eighteen dark angels.

But Levi ran away instantly.

The eighteen dark angels wanted to retreat, but some of them were entangled.

Then I can only fight.

“Levi is here for your uncle!!!”

Several people of Underworld God yelled.

Levi pitted them.

It is simply not human behavior.

They are all going crazy.

Levi smiled, he dodged aside, and took the injured He Qingxue away with Huoyun Cthulhu.

Levi was not ashamed of this.

Last time these guys also cheated themselves like this.

He also pit himself to death.

Not too much, right?

After setting up He Qingxue and the others, Levi and the others quickly returned.

Their purpose is to know the whereabouts of Sarah, so they have to go back to the theater.

See if the blood ancestors are great, or they are great.

The Protector Novel Levi Garrison Chapter 2157 – 2158

Chapter 2157

The blood ancestor is really terrifying!

In the battle against the eighteenth dark angels, they did not lose sight of the wind.

But these eighteen people are also strong!

Can deal with blood ancestors without losing the wind!

After Levi and Huoyun Cthulhu came back, they watched the battle from the side.

The eighteen dark angels tickled with anger.

This ba5tard!

He was actually watching the battle!

“You are not here to help? Now this is our common enemy!”

Underworld gods shouted angrily.

Levi and Huoyun Cthulhu looked at ease: “You guys fight first! I’ll take a look first!”

Levi was watching the show next to him, and he didn’t even want to help.

Eighteen dark angels jumped with anger, but they couldn’t help it.

There are too many of them to break away from the blood ancestors.

There must be a concerted effort!

As for Levi, they were certainly not watching the show, they were looking for the weakness of their blood ancestors.

After looking around, it was concluded that there is no weakness.

There is no weakness at all.

The physique of the blood ancestor can be said to be immortal.

Similar to the pure energy body some time ago.

It's harder to deal with.

Pure energy bodies just disperse their energy directly.

But the blood ancestor in front of him was so hard that all the power tricks could not penetrate his body.

So it won't cause any harm to him!

The only weakness that can be called the blood ancestor's offense is slightly insufficient.

Maybe it is the reason why he has not fully awakened his strength.

He is not rich in offensive methods.

For their own terrorism ability is still not in place.

The eighteen dark angels were helpless to him, but he couldn't hurt the eighteen dark angels.

But just like this, it also gave the eighteen dark angels enough coercion.

Once he was completely awakened.

Will not be able to imagine how terrifying!

The blood ancestor is now getting stronger and stronger, that is, getting stronger and stronger.

The eighteenth dark angels are already a little struggling.

"Don't come and help!!"

The crowd roared.

“Go ahead!”

Levi and Huoyun Cthulhu chose to take action.

Twenty top powerhouses deal with blood ancestors together.

It is also unprecedented!

It is even more unexpected!

The eighteenth dark angels are the most bitter!

They just came to take Levi back.

Why did it become a coolie when I got here?

But when this happened, everything was a coincidence.

Twenty top powerhouses have all come up with housekeeping skills, and the blood ancestors will not be so comfortable.

He will be screaming all the time.

I can't wait to suck all the blood of these people in front of me.

There is no way.

None of these people in front of you are easy to provoke!

Shot one by one is like a lunatic.

Although the blood ancestor's defense was at its extreme, his body was too strong to be injured.

But his offense is limited.

Get into trouble soon.

He wanted to continue to grow stronger, but he was firmly suppressed.

“Boom boom boom...”

He even flew out one after another.

But every time he flew out, he stood up quickly.

It can't cause any substantial harm at all.

“It's not a way to fight like this! We have to find a way to catch him! Otherwise, we have to be consumed to death by him!”

The Underworld God shouted.

“Yes, don't hide and tuck everyone's hole cards, who doesn't know who is who!”

Someone shouted.

Before, almost everyone was hiding their hole cards, and none of them showed their true strength.

In this situation, everyone must work hard.

Levi directly uses the killing forbidden technique!

The blood burst out of his body, comparable to the blood ancestor!

When Chongtianshan came out, even the blood ancestor was stunned, looking at Levi incredulously.

There seemed to be a strange color flashing in his dull eyes at this moment.

Seems familiar? ? ?

I was shocked by the murderous aura on Levi's body.

"Damn!!!!"

Others were even more shocked.

Levi is too strong!

As soon as his taboo technique is used, it is the rhythm of fighting against the blood ancestors alone!

Chapter 2158

Twenty strong players shocked and shot together.

The blood ancestor was stretched out soon, showing a trend of decadence.

"Everyone, come on, he must be taken down!"

The more aggressive the crowd.

...

Soon the blood ancestor was pressed into a hurry.

"Roar!!!"

He let out a roar into the sky, and a terrifying power erupted from his body, abruptly shaking the six dark angels away.

After opening a gap, he didn't continue to attack, but ran away.

Finally plunged into the sea.

But before that, he turned and glanced at Levi.

The eyes are very complicated, doubtful, curious...

“chase!”

After everyone chased for a circle, there was no trace of the blood ancestor.

He did not hide on Golden Harbor Island.

Instead, he went to the depths of the western sea.

“It seems that this blood ancestor has awakened a little bit. It is not a complete beast, but he knows how to escape!”

Levi was surprised.

In fact, he was even more confused about the blood ancestor’s abnormal reaction to him.

It’s a bit abnormal.

“Let’s check all aspects of the loss first...”

Levi and the others approached He Qingxue and others to tell all the news here.

The audience cheered.

He Qingxue and the others also knew the true identity of Levi.

He is still alive!

This is the most exciting thing for them!

Later, after Levi counted the casualties and losses, he let the gambling king family take care of the funeral.

Levi is about to discuss with the Eighteen Dark Angels.

“No, they are here!”

At this time, Levi noticed that someone was coming.

“Hide yourself first, and I will look for you later!”

Levi said to the Eighteen Dark Angels.

Eighteen people quickly took shelter.

One hour.

Eleven direct disciples of the four great generals of Tiance Mansion arrived.

As soon as they arrived, they came straight to the scene.

But after arriving.

Nothing.

Only the terrible ruins of the processing plant are left.

“Is it??”

The first thing they thought of was that they didn’t block it and fell.

Terrorist aliens have entered the center of Golden Harbor Island.

But soon they saw Levi and his party.

“Huh? It’s you? Why are you here?”

These direct disciples of the Four Great Generals had long been upset with Levi.

He even said that he always wanted to beat him up.

Especially Levi was arrogant and domineering in Tiance Mansion.

In the end, he even retreated.

This made everyone more angry.

I've been holding a breath.

Seeing Levi here now, everyone was angry.

“This is the speed of your Tiance Mansion? It's too slow! A little bit slower, just come and clean up!”

Huoyun Cthulhu sneered.

“you wanna die!!!”

One sentence angered several people.

They will start to kill Huoyun Cthulhu and Levi.

There are female ancestors in Tiance Mansion.

Not here.

Don't you let them come?

“Wait!”

One of them immediately stopped.

“Everyone, stop first!”

“Then you mean that you solved the horrible thing?”

He understood what Huoyun evil god meant.

The evil god Huoyun looked at them disdainfully: “Is it still waiting for you to come?”

Several people in Tiance Mansion will be angry.

But it was forcibly held down.

I was holding a grudge, but now I am being provoked again and again, and no one can bear it.

“What the hell is that?”

The leader asked.

“The blood ancestor in the blood clan of the ancient race! It should be the blood ancestor of the first few generations! It is estimated that the blood ancestor within the five generations!”

Huo Yun Cthulhu explained.

“What? Blood ancestors???? Still within five generations! Hiss!”

The head of the person’s complexion changed drastically, and he took a sigh of relief.

Obviously he knew what blood ancestors meant.

Something happened!

“Doesn’t that mean that this is also what appeared in the empire that never sets?”

He asked curiously.

“Basically it is! And there should be two empires when the sun never sets!”

Huo Yun Cthulhu answered.

The man took another breath.
