

The Return of the God of War [The Protector]

Chapter 1316

CHAPTER 1316

“Yes, children are in the growing stage, she may remember what adults say! This is not good for growth!”

“My son will talk less about this in the future!”

Emma also persuaded.

She was afraid that after Levilia went out, she saw people saying that father was the king by one word.

How bad is this effect?

Maybe, Levilia has to be isolated...

“Well, good, stop talking!”

Levi Garrison nodded.

After all, his status is special, Levilia is dangerous.

And the identity has to be kept secret for the time being.

This is an order from Messiah.

Although this month achieved a terrible record.

But to say clean up?

Impossible!

At least there is a huge hidden danger...

One is that there are still people or organizations in Erudia that have not been caught!

The second is that the secret of the return of the Blood King Palace has not yet been unearthed!

Therefore, the message from Messiah was that even though Levi Garrison was named the One-Word King, his identity still needs to be kept secret to attract more enemies.

“By the way, you have nothing to do with LEvi, right?”

Zoey was also very scrupulous about Levi Garrison’s feelings and asked actively.

Levi Garrison was taken aback: “Huh?”

“You also heard the message that you want to be a king of the word side by side, right?”

“Yes what’s the matter?”

Levi Garrison looked at her curiously.

“Have you been affected in the slightest? Originally you could fight for this glory, but now it’s like this...”

Zoey expressed his concerns.

“Ah? Nothing, I didn’t care about it. It’s not bad now, stay with you!”

Levi Garrison smiled.

“That’s good, I’m also worried that you can’t accept it in your heart, and you have other ideas.”

The message of canonization of the word side by side king is fermenting more and more fiercely.

The impact is getting bigger and bigger.

But at the same time everyone is guessing who will be the king of the word side by side?

It's hard for everyone to imagine who this person is...

Just now everyone got the exact information, this person is not Ray.

Even Ray will be under the command of the king.

Who can this be?

There are only so many big men who have made achievements over the years, and they can b

e counted with two hands.

Who is the one?

But Erudia Hidden Dragon and Tiger.

There are many extraordinary people.

Everyone is curious.

Many people want to go to Fengwangtai to see-what is the sacred word side by side king?

Things fermented further.

The ones who can't sit still are naturally overseas...

A one-word king came out, and God knows what kind of character it will be and how much threat it will cause them.

At present, one Ray is enough for everyone.

One more word side by side...

The consequences are unimaginable.

Hundreds of overseas countries have begun to use a large number of human resources to investigate the identity of the king of the word side by side.

He is always a hidden danger...

It must be thoroughly investigated!

So everyone is waiting for the ceremony to be crowned the king three days later.

It is possible to see the true face of Lushan Mountain.

Know the true identity of this king.

Time passed quickly.

The next day is the ceremony of the king!

The Capital Fengwang Terrace has made all preparations.

Just waiting for Levi Garrison to attend the ceremony of enforcing the king.

"It is said that tomorrow's ceremonies will be broadcast live! We are blessed! We can witness the birth of the King of Words Side by Side!"

Zoey said excitedly when he got the message.

Everyone loves Erudia very much.

This kind of grand occasion can be witnessed, and it is naturally excited.

"Tomorrow we will wait in front of the screen!"

Emma was also full of expectations.

"You must watch it too! You must watch it too!"

Levilia clamored.

At this time, Levi Garrison said suddenly: "Mom, Zoey, I will go to the capital tomorrow!"

The Return of the God of War [The Protector]

Chapter 1317

CHAPTER 1317

"Ok?"

When these words came out, Zoey and Emma were stunned.

It took a long time to react.

What does Levi Garrison mean?

Tomorrow the benefication ceremony will be held in the capital beneficiary platform.

He just went to the capital?

Does he want to accept the kingship?

How can it be possible?

Levi Garrison has been sitting in a wheelchair, not to mention that he is with them these days.

His achievements are definitely not enough to be crowned kings!

Emma and Zoey Dye looked at each other.

Emma thought for a long time but she didn't come up with a reason.

But Zoey reacted.

Even if Levi Garrison is not Erudia's God of War, he is an ordinary person.

But he always cares about Erudia, how could he miss this moment of crowning the king?

Afraid you want to witness it with your own eyes?

At the beginning, I was afraid that I was not at ease when I handed over the position of God of War.

Now he wants to see the ceremonial ceremony of the king of the king with his own eyes. When he sees this person, he will feel relieved in his heart.

So Zoey asked the reason and answered directly: "Okay, I will send someone to take you tomorrow!"

"it is good!"

Levi Garrison nodded.

For the first time in this century, the king-sealing platform was opened.

This is of great significance to Erudia!

Almost all the big figures in the Erudia Army came.

The commander-in-chief of the Ninth War Zone, the four guardians of the country, Ray and the Shura Army, the Erudia Iron Brigade, and the Tiefertu Army all arrived.

The old men of Levi Garrison, including Azure Dragon and Tiger, all arrived near the Fengwangtai in the capital the night before.

The Grand Ceremony of Feng Wang has a special significance, and it is broadcast to the public almost in its entirety.

As a result, we will inform the world and enhance the cohesion and self-confidence of the people of Erudia.

Secondly, it frightens all the villains at home and abroad.

In the third place, only such a grand ceremony is worthy of the word side by side.

The next day, early in the morning.

Zoey sent a private jet to send Levi Garrison to the capital.

After eight o'clock, he had already arrived in the capital.

Messiah secretly picked up Levi Garrison and went to Fengwangtai.

“One word side by side king, I still need to wrong you in the future, after all, the enemy has not been relieved, and you have to hide for a while.”

Messiah looked at Levi Garrison sorry.

“It's okay!”

“Furthermore, Erudia has already given me such a supreme honor, which is not wronged at all! As long as Erudia, I, Levi Garrison, do everything!”

The ceremonial ceremony for the king will begin at ten o'clock.

Therefore, during this period of time, more and more big figures gathered in Fengwangtai to watch the ceremony.

Not everyone can go to the ceremony, only with the gift certificate in hand.

These people include big figures in the Erudia Army and those who have made outstanding contributions to Erudia.

Such as Beishan (Benny Quinton), the dean of medicine!

Beishan (Benny Quinton) was talking with the Azure Dragon people at this moment.

The faces of several people were full of regrets.

“Hey! This glory may have belonged to the boss!”

Tiger clenched his fist tightly.

“Yes, I also think that in time, Brother Levi can be crowned king! What a pity!”

Beishan (Benny Quinton) actually knew everything, but he signed a confidentiality agreement and could only hide it.

Qilin smiled and said: “But it’s okay! With the word side by side king, Ray can’t be so arrogant! He is also under the side by side king!”

“Yeah! But I guess Ray is absolutely unacceptable! This person is so arrogant and will never be reconciled to being led by others! I hope that the king can teach Ray a lesson!”

Azure Dragon Road.

Ray on the other side really thought so.

He really wants to see how strong a word side by side is?

“Boss, just got the message, Levi Garrison is here too!”

Seven Kills told Ray this message.

Chapter 1318

CHAPTER 1318

“Huh? What is he here for?”

Ray's face changed.

“I don't know, maybe it was here to watch the ceremony, right?”

Seven kills.

“Well, where is he, let's go over and see.”

Under the guidance of the seven kills, everyone came to Levi's presence.

“Hey!”

Ray sighed when he saw Levi Garrison.

“In the past, you were unparalleled and invincible. But things are different, but now you are like this!”

“Have you taken the medicine I gave you? Recover as soon as possible! I hope you will recover to your peak! Then you will fight me again. If you win, you will still be the place of God of War!”

Although Ray said so, he never thought that Levi Garrison would win. explained by the side: “You can understand the boss's words as he wants you to recover.

As for a fight, you will undoubtedly lose. Even LEvi's Squad was trampled underfoot by the boss...”

The meaning of breaking the army is very simple, you only need to recover, defeat Ray, don't dream.

Levi Garrison said lightly: “No, you should keep the position of God of War!”

“Counseled?”

“There is no way! The defeat is like a mountain, and the psychology of Levi Garrison is also the same! These things have hit him too much, and it is estimated that all his fighting spirit has been worn out! A generation of God of War has really fallen!”

“Boss, I guess he doesn’t even have the courage to challenge you!”

Everyone sighed.

Levi Garrison back then!

How incredible!

Who can think of today!

As everyone knows, Levi Garrison is not interested in the position of God of War because he is about to become the king of the word side by side!

The Erudia War God is also under his command...

let’s leave!”

Levi approached.

The Northern Heavenly King behind him was his true face, so no one knew who he was.

“it is good!”

The Northern Heavenly King was actually breathing fire in his eyes.

He was brooding about the matter of deliberately losing to Ray last time.

Sooner or later, he will defeat Ray.

“Hold on! Did you let you go?”

Greedy wolf said coldly.

“You must promise to fight the boss before you can leave!”

The three of them stared at Levi Garrison.

Levi Garrison really has no interest in Ray.

Even his master and senior brother, he can explode, and Ray really doesn't want to hit him.

It's just a waste of time.

"Not interested!"

Levi Garrison refused.

"This is not your decision! As long as your body recovers, you must accept the boss's engagement!"

"Otherwise, don't even think about leaving!"

The crowd stopped Levi Garrison and refused to let him go.

"What are you doing?"

"Are you looking for a fight? Come on!"

There were bursts of voices.

It turned out that Azure Dragon and the others came.

"My boss is bullied by you? Ray refuses to accept the two of us to try?"

Tiger was full of hostility and approached Ray.

Others stared at them angrily.

The war is about to start.

Ray could only gritted his teeth and watched, and said nothing.

“Boss, it’s great that you are alive! We also hold a funeral for you...”

After such a long time, everyone was full of emotion when seeing Levi Garrison.

“You guys are not making trouble for me, right?”

Levi Garrison smiled.

He was actually worried that the brothers could not control their emotions.

“Boss, we don’t have one!”

“It’s great to see you!”

Everyone greeted the past.

Soon after, the ceremony of enforcing the king will begin.

Everyone needs to go back to their respective viewing positions.

Levi Garrison asked the Northern Heavenly King to push away.

“Well, I don’t seem to see Levi Garrison anymore, isn’t he here to watch the ceremony?”

Ray looked puzzled.

The Return of the God of War [The Protector]

Chapter 1319

They were looking for Levi Garrison's place to watch the ceremony, and so did Azure Dragon and the others.

Why did Levi Garrison disappear suddenly?

The most important thing is that the seats for watching the ceremony are quickly filled up.

Levi Garrison never showed up!

This shows that there is no place for the viewing ceremony.

Everyone looked at the list of gifts, and there was also Levi Garrison's name on it.

This shows that there is no him at all!

How did he come?

No one stopped him?

Where did he go!

"Forget it, let's wait for the ceremony to begin!"..

Everyone's attention is on the ceremony.

At this moment, the ceremony is ready, and it is about to proceed.

And it is live broadcast throughout.

In North Hampton, Zoey and a few people sat in front of the screen and waited.

Levilia slapped his little hand and shouted: "Dad, Dad!"

Zoey said earnestly: "Levilia, if Dad is injured, he can really show up!"

"You must remember that Dad is a hero!"

Levilia nodded: "Well, Levilia understands, Dad is a hero!"

"Let's take a closer look later, is there a dad on the viewing platform?"

Zoey smiled.

"Okay, okay!"

For Zoey and Emma, it is also an honor for Levi to attend the ceremony.

Because everyone knows that those who can go to the ceremony are those who have contributed to Erudia.

Even if other people are rich and powerful, they will not do it!

Going to the ceremony itself is a kind of supreme glory.

So they all look forward to seeing Levi Garrison on the viewing platform.

Many people watched the live broadcast.

Almost everyone in Erudia is watching.

Meredith is also watching.

Since they were also Erudia fighters before, they have a little feeling.

A large group of people was also organized to watch.

Everyone was waiting in front of the screen.

Meredith also gave a speech to everyone, plausibly: "With the existence of Ray War God and the King of One Word, I am stable in Erudia. Only when we are stable can we become prosperous and our family can develop! We have to thank these people!"

"Yes, this is, no matter how we develop, we must have great stability. We should really thank these heroes!"

Robert sighed and said, "If you can go to the ceremony, then there will be no regrets in this life!"

"It's a pity that everyone who can go to the ceremony of honoring the king must have made outstanding contributions to Erudia, and it can even be said to be a national weapon to qualify!"

Meredith is also very sorry.

With their abilities, it is simply impossible to go to the ceremony.

So I can't even think about it.

But to have such an experience, it would definitely blow up.

Even those giants dare not despise it.

Concubine Jennie smiled contemptuously: "I heard that Levi Garrison also went to the ceremony, it was Zoey who sent it."

"What? He can also go to the ceremony? What qualifications does he have?"

"He's just a useless person! If he really has such qualifications, he should be given to the elders! What's the use of him?"

Everyone said coldly.

"Impossible? How can Levi Garrison go to the ceremony? I haven't heard anyone invite him before!"

"Yes, if you are invited to the ceremony, you need an invitation letter! Levi Garrison didn't receive it here!"

"Forget it, we will know it when we broadcast it immediately! There are not many guests watching the ceremony, basically everyone can see it! Levi's presence or absence, you will know at a glance!"

...

There are many people waiting for the ceremony.

Whether it is Erudia or the world.

At this time, Levi Garrison was taken to the designated place by Messiah, changed his clothes, and prepared to take up the ceremony.

At ten o'clock, the much-anticipated ceremony of enforcing the king officially began...

The Return of the God of War [The Protector]

Chapter 1320

CHAPTER 1320

The supreme king-sealing platform is guarded by hundreds of guards.

This is the symbol of Erudia!

It is the supreme glory!

The king-sealing platform, which has never been opened in this century, has finally opened!

After all, there are not a few real kings in the history of Erudia!

Especially the word side by side king!

"Today, the Erudia Fengwang platform opens! Canonization one word side by side king!"

"Please keep things!"

Soon, the three tokens were brought to the top of the king's confinement platform.

The token is simple.

One ring.

One mask.

A long sword.

The ring is called Yanlong Ring, and a dragon head is vivid on the golden ring.

The mask is called Yanlong Mask, and the golden mask is in the shape of a dragon.

The long sword is called the Yanlong Sword, and there is a dragon shadow on the sword.

These three tokens have been kept in the treasury for hundreds of years...

Only the existence of the king can be worthy of it!

A token that has been in the dust for hundreds of years is finally born!

The three tokens are the symbol of the king side by side!

Seeing the token is like seeing the king side by side!

A token can mobilize thousands of troops!

Even the Yanlong Sword can be cut first and then played!

This is the king of the word side by side! ! !

When the three tokens came out, the audience was silent to the point where the needle dropped!

Everyone stared at the three tokens fiercely!

Ray only feels dry mouth and shortness of breath.

Who doesn't want to be the king?

He has a new goal instantly!

Must become a highly anticipated existence!

For the rest of your life, you must be crowned king!

The ceremony is being broadcast live, and the camera is swept over the three tokens one by one.

The people of Erudia are going crazy.

He kept three tokens in his mind.

This is the symbol of Erudia!

It belongs to everyone's glory!

Zoey pointed to the screen and taught by example: "When Levilia grows up, he will be a useful person to Erudia."

Soon, the camera shifted, and every guest of the ceremony fell on the viewing platform.

The camera flicked across their faces.

Zoey and Levilia are looking for Levi Garrison.

It's a pity that the camera has passed everyone from start to finish, but only Levi Garrison can't be seen.

Zoey carefully confirmed that there is indeed no such thing.

She has an ugly face, and her mood is down.

Could it be that Levi Garrison doesn't even have the qualification to observe the ceremony now?

People who have achieved such glory can't even witness this kind of moment.

Really embarrassed.

I'm afraid that Levi Garrison is not far from the Conferring King Terrace at the moment, just look at it silently...

Thinking of the lonely figure and lost expression, Zoey felt distressed.

"There is no dad..."

Levilia's small face also had a smile.

Black's house.

"Haha, we've seen it, and it's been replayed once, but there is no Levi coming to watch the ceremony!"

"Haha, you are all deceived by Levi Garrison! What qualifications does he have to go to the ceremony?"

"Didn't I say that? Guanli is the most important weapon of the country, Levi Garrison is a handicapped knitting ceremony!"

...

Everyone laughed.

"Yeah, it's probably the kid who fooled them! It's a pity that he didn't expect to have a live broadcast. Every guest at the ceremony was in the camera!"

Meredith sneered.

"This kid is really unscrupulous in order to attract the attention of others. I can think of reasons such as watching the ceremony."

Robert was extremely disappointed with Levi Garrison.

“If he really appears on the viewing platform, it will not only be our shame, but also Erudia’s!

“Forget it, don’t talk about him, immediately the king appeared side by side! Let’s look at it!!!”

Everyone focused their attention on the screen again.

Immediately, the one who stood side by side with the king appeared...
