

The Return of the God of War [The Protector]

Chapter 1331

CHAPTER 1331

“This souvenir is absolutely fake!”

“How is Levi Garrison? It feels uncomfortable to be dismantled by me, right?”

Concubine Jennie looked at Levi Garrison coldly.

Very satisfied.

“Furthermore, how do you prove to me that this souvenir is real?”

Concubine Jennie changed her view.

Levi Garrison smiled and said, “It doesn’t matter if you say it is fake, it doesn’t matter!”

Zoey immediately echoed: “Yes, we can collect the fake ones by ourselves! And don’t sell them!”

“you guys.....”

Concubine Jennie is going to be angry.

After she left here, she told Meredith and Robert the matter. mi. c

The two of them were originally soldiers, and when they heard of the souvenir of the ceremony.

The eyes of both of them lit up fiercely.

This kind of thing is a collection value to others.

For them, in addition to value, there may be feelings in it.

It is impossible to value in their hearts.

As long as they are within the tolerance range, they will be willing to buy everything.

So when the two heard it, their hearts began to agitate.

“Really? They really have it?”

Meredith’s teeth were already trembling.

“Yes, Levi Garrison brought three souvenirs, but all of them are fake!”

Concubine Jennie insisted.

“Yes, only the guests at the ceremony! Where did Levi Garrison come from...”

Meredith subconsciously said.

Robert said: “No, no, no, it’s really only for guests at the ceremony! But souvenirs are more than these! Usually there are more souvenirs, and they will be given to some people or staff!”

“What Levi Garrison brought may be real!”

As soon as Robert reminded, Meredith’s eyes lit up fiercely.

If it’s true.

That’s great!

Even if you look at it, you are qualified to brag in the circle.

please go and confirm that the souvenirs are genuine! Franklin sent you the confirmation method, and you can just follow the instructions above!”

Meredith urged.

Concubine Jennie returned to Levi Garrison's residence after getting the solution.

At this moment, Levilia is playing in the yard.

There are souvenirs next to it.

When Levilia saw Concubine Jennie coming, he squeezed his face vigilantly.

let's play together!"

Concubine Jennie smiled.

"Aunt is a bad person, Levilia doesn't play with aunt!"

Levilia immediately avoided.

Hold the souvenirs in your arms.

Concubine Jennie thought of something, her eyes rolled, and she smiled and said, "Levilia, do you want to prove that the souvenir your father brought is true?"

Hearing this, Levilia nodded fiercely: "Yes!"

Concubine Jennie said that the souvenirs were fake, and Levilia was very unhappy.

"Well, Auntie has a way to identify it. After I have done the identification, I can prove that the souvenirs your father brought are real."

Jenniefei said.

"Okay, then I'll give it to you!"

Levilia gave up the souvenirs to Concubine Jennie.

Concubine Jennie began to identify according to the method.

"Huh? This one is real!"

"The texture is wrong!"

“The sign is wrong!”

“The security code is also wrong!”

...

After the identification, Jenniefei discovered that the souvenir brought by Levi Garrison turned out to be real.

She confirmed it again.

The souvenir is real!! !

Is Levi Garrison so capable?

Jennie then left.

All told Meredith and Robert.

“Really! It turned out to be true!”

Meredith and Robert were very excited.

“Hahaha, this Levi Garrison is a bit capable!”

“However, we have to get this souvenir back! It is only valuable in our hands!”

The Return of the God of War [The Protector] Chapter 1332

CHAPTER 1332

I heard that the souvenir was real.

Meredith and Robert immediately got their ideas.

After all, this kind of thing can be met but not sought.

Something you can't buy for a billion!

If this kind of thing is not in their own hands, they can't sleep.

"Grandpa and grandma, do you need me to bring you things directly?"

Jennie asked.

"No, you don't have that ability. How can it be taken back from them?"

Meredith said.

Concubine Jennie also thinks about it.

Although I bullied them every time, I never took advantage of it once. ..

The souvenir, relying on her, will never get back.

"Let's do this by ourselves! Seeing this thing makes my heart itch!"

Meredith and Robert can't wait.

The two hurried to North Hampton from the provincial capital.

They bought a lot of children's clothes, toys and snacks.

Although Levilia likes these things very much, he will only look at them eagerly and will never take a step forward.

This is the result of Zoey and Levi Garrison's education.

Of course, Levilia has a certain grudge against the Black family.

They don't usually get what they give.

"Zoey and Levilia are back? We bought something for Levilia! Levilia, come in my arms!"

Meredith also embraced Levilia enthusiastically.

Zoey and Levi Garrison were cold.

These two obviously came with a purpose.

Sure enough, Meredith asked: "I heard that LEvi brought back the souvenirs for the ceremony of the king, where is it?"

"Yes, is it true?"

Robert also echoed the Tao.

Levi Garrison and Zoey looked at each other.

Zoey still brought the souvenir.

Meredith hurriedly threw Levilia aside, picked up the souvenir and turned it over.

The same goes for Robert.

The eyes are shining.

It's the same as looking at beautiful women.

"It's true! It's true!"

Once the commemorative medal was started, the two of them couldn't calm down.

Exclaimed again and again!

While showing their enthusiasm, they also glanced at Zoey from time to time.

The two are suggesting that she...

Seeing the crazy appearance of the two, Zoey felt a little embarrassed.

When he was about to give the two a set, Levi Garrison pulled it.

Zoey could only hold back and let the two of them suggest.

Finally, Meredith couldn't help it, and asked, "Levilia, how many sets of souvenirs did you bring with you this time?"

"Three sets, one set for my mother, wife and daughter!"

Levi Garrison answered.

"Oh, Levilia also has it? What does such a small child know?"

"How about this? Give me Levilia's set! How about me, I will customize some children's souvenirs for Levilia. How about?"

Meredith asked expectantly.

"what?"

The three of Levi Garrison were stunned.

Is there such a shameless one?

Do you want to be straightforward?

Robert even looked at Emma and smiled: "My family, you as a woman don't have any collection value with this souvenir! What do you like, I will change it with you? We have many collections!"

Robert also expressed his thoughts.

"Yes, and Zoey too! A young girl, what's the use of collecting? The value of this souvenir should be reflected in our hands!"

“Wrong! Only retired fighters like grandparents can know the value of this kind of souvenir! Put this thing in them to shine!”

“You can only waste it in your hands, you are all used as toys by Levilia!”

“So you guys let the souvenirs out!”

The Return of the God of War [The Protector]

Chapter 1333

CHAPTER 1333

Concubine Jennie tried their best to persuade.

The purpose is simple. The lion opens his mouth and asks for three souvenirs.

Meredith and Robert said: “Yes, nothing wrong! We are the one who can best reflect the value of souvenirs!”

“Let us, we exchange it with money or other things!”

Meredith persecuted them.

“You are also Levi Garrison, you know that grandparents will love this thing, can’t you bring it back? There is no sense of filial piety!”

Concubine Jennie stared at Levi Garrison coldly.

“No way!”

Levi Garrison said straightforwardly.

“This thing is a gift I gave them. You won’t change anything with them, die this heart!”

Levi Garrison’s attitude was something that everyone hadn’t thought of.

A disabled person in a wheelchair, dare to have such confidence?

“Levi Garrison, what are you talking about? Still not sure about your situation? What qualifications do you have?”

Everyone scolded.

Levi Garrison smiled: “It doesn’t matter, you don’t want to take this thing anyway!”

Zoey also nodded: “Grandma, although I really want to give you souvenirs, but this is a gift from Levilia, and it is not appropriate to send it out again!”

“Then Levi Garrison, have you ever thought of us? Give your mother a gift instead of your father-in-law’s mother-in-law? Do you still have us in your eyes?”

Accompanied by the voice, Caitlyn and Aaron came.

The two were staring at Levi Garrison angrily.

After Emma heard it, her face was a bit ugly.

Levi Garrison didn’t prepare gifts for Meredith, but he didn’t prepare for his father-in-law.

Caitlyn directly said to Zoey, “Zoey sees it, right? Except for his mother, he doesn’t have us in his eyes!”

Emma immediately said: “My family, I will give you my share! This thing is of no use to me!”

“Who wants you...”

As soon as Caitlyn was about to refuse angrily, Meredith’s voice sounded: “Okay! Just give up your share!”

“Yes, Zoey will give your share to your father! This is reasonable!”

Robert also echoed

“Okay, I’ll let it out! Give you the Levilia share!”

Zoey angrily threw all three souvenirs to Meredith and the others.

She is really angry!

Who can’t see this trick?

Obviously, I want to return the souvenirs!

“Alan, Aaron, why do you want this thing! Why don’t you give it to us?”

“Yes, let me arrange a real estate for you! What’s the use for you to hold this thing!”

Meredith and Robert said so.

The two said nothing, and gave up the three souvenirs.

Meredith’s goal was achieved, and they laughed from ear to ear.

They stopped talking about things like buying things with money or exchanging things.

“Levi Garrison will remember from now on, the affairs of Lopez and Black’s family can never be determined by your disability!”

“Whenever there is the next time, the family law will take care of it!”

Everyone sneered.

They used to bully like this when Levi was healthy.

Not to mention that Levi Garrison’s body is now like this.

“The unfamiliar white-eyed wolf!!!”

Aaron and Caitlyn took a bite and left.

Now, everyone thinks that Zoey is raising Levi Garrison’s family.

It's a pity that there are children, and there is no way to drive them out.

Levilia watched the people leave with eyesight, his small faces were aggrieved, and he almost cried.

"That's Levilia's souvenir!"

"Levilia wants to come back!"

Levilia shouted.

The Return of the God of War [The Protector]

Chapter 1334

CHAPTER 1334

Levilia was already crying.

Little baby is so wronged!

My own things were taken away by two old guys!

In fact, Levi Garrison could stop them on the spot.

But according to the order, he cannot be exposed.

It must not be exposed to ordinary people when it is less than a last resort.

For example, forces or figures like the Garrison Clan can be exposed because they have the ability to keep this secret.

But ordinary people like Meredith may not.

Once it is known that it is likely to leak out, and it is extremely easy to bring death to oneself.

The less common people know, the better.

The more you know, the closer you are to death. ..

Besides, this is top secret!

Others can't know!

So just now Levi Garrison could only open one eye and close one eye, and let them go.

"Levilia don't cry! Dad will give it to you again, there are some of these things!"

Others may not be able to buy it for a billion, but doesn't Levi Garrison have everything he needs?

Levilia didn't cry now. He opened his eyes wide and looked at Levi Garrison: "Dad, are you telling the truth?"

"Of course, Dad won't lie to Levilia!"

Levi approached.

Zoey wanted to tell her not to lie to the child, but she resisted it.

At night, when three souvenirs appeared in front of him, Zoey was even more speechless.

He actually brought three more souvenirs...

But thinking about his identity before, Zoey didn't think much about it.

Next, everything went as usual, and Levi Garrison was waiting for messages from the hidden powers of the Northern Liangmen.

However, Ray and Terry were the first to find him.

Both of them obtained many ancient medicines and even ancient medical techniques through their own means.

The two urgently needed Levi Garrison to recover.

This made Levi Garrison flattered.

But it also made him helpless.

He had all asked as the king of one word side by side.

"If you leave things behind, you can leave!"

Levi approached.

Unexpectedly, Terry shook his head: "No! I have to look after you for a while! And the ancient medical skills must be performed by me!"

Even Ray exhorted: "Well, no mistake, let God of War Fan look at you, you have to recover as soon as possible."

Levi Garrison couldn't refuse, and the two of them would doubt it any more.

Next, Ray left, and Terry took ancient medicine to Levi Garrison.

This time, the ancient medicine they brought was even more domineering.

At the entrance, surging medicinal power hits the limbs and hundreds of skeletons.

The whole person is strong and full of energy.

It's not an exaggeration to say that when used on the elderly, it will be much younger for the time being.

Next, Terry used ancient medical techniques to explore Levi Garrison's body.

At this time, it was necessary for Levi Garrison to act, to create the illusion of physical damage and deceive Terry.

"Your body is indeed seriously damaged. I must at least give you a course of treatment before I dare to leave!"

Terry said.

Levi Garrison was startled: "How long is a course of treatment?"

"One month less, three months or six months more!"

Terry replied.

Levi Garrison almost vomited blood.

"Fan War God, don't you care about the Great Wall Army?"

Levi Garrison asked the difference.

"Not for the time being, it's time for them to experience themselves!"

Terry also asked someone to bring in a few boxes of luggage.

When Levi Garrison saw it, he was stunned: "Are you going to live in?"

"Yes, in order to look after you, I have to live in! Otherwise, where am I going?"

Terry asked back.

At this moment, Zoey and Emma came back holding Levilia to buy vegetables.

Seeing a strange woman moving things, she asked: "Who is this?"

The Return of the God of War [The Protector]

Chapter 1335

CHAPTER 1335

Even if Zoey is considerate, he can't calm down when he sees this scene.

She stared at Terry with a cold face.

He didn't ask her directly, but asked Levi Garrison.

Waiting for an explanation from him.

"She is....."

As soon as Levi Garrison was about to speak, Terry spoke: "Hello, I am Terry, we are comrades in arms!"

"At the same time, I am a military doctor. I am here to help him recover. I will need to live here for some time to come!"

Terry did not ask Zoey for advice at all, and directly caused people to continue carrying their luggage.

Come and treat Levi Garrison, Zoey is of course welcome.

But Terry's domineering manner made Zoey very upset.

Even Emma felt that there was a problem.

Terry was in the villa and chose a room by herself.

This room was Zoey's study, but Terry occupied it, and many things were moved out.

Emma saw Zoey's dissatisfaction and immediately said to Levi Garrison: "Can Levilia let her leave?"

"We can let her stay in a five-star hotel!"

Levi Garrison was helpless, and he wanted Terry to leave too.

However, he discovered from short-term contact that this feminine Gray is resolute and the decision will never be changed.

"Well, I will take care of you next, and promise to restore you in the shortest time possible, my hero!"

Terry spoke to Levi Garrison regardless of others.

What she said is actually wrong.

Levi Garrison had high prestige in the hearts of Erudia fighters.

Is a hero in the minds of many people.

But when Zoey heard these words, the taste changed.

Zoey kept his face cold and did not speak.

It was strange that a woman suddenly appeared at home.

Now Terry is like this, making her feel there is no sense of existence.

She is a woman and very sensitive.

You can see different things in Terry's eyes.

The look she looked at Levi Garrison was like a young girl in spring...

This makes her have to doubt!

Zoey was about to get angry, but when she saw Terry treating Levi Garrison, she abruptly held back.

She is a person who understands the big picture, and can't lose big because of small.

"Come on, these medicine dregs are for you, it's good for your health!"

Terry couldn't help but put the medicine dregs directly into Zoey and Emma's mouth.

The next two were shocked by the terrible effect of the medicine.

Emma seems to be several years younger, and Zoey only feels energetic and full of blood...

Isn't it amazing?

What is Terry's identity?

After a while, the big figures from North Hampton gathered here.

"Meet Fan War God!"

...

Everyone shouted.

When I heard that Terry was coming, everyone came to see him.

Only then did Zoey understand the identity of Terry-the leader of the Great Wall Army, Fan Ares!

Not to mention the influence, the level alone is the same as the original Levi Garrison.

No wonder Terry has such terrifying medical skills.

It turns out that she is the God of War!

And so young and beautiful.

A man would choose her, right?

Especially Levi Garrison is like this now.

Terry descended like an angel, healed him, protected him, restored him, and returned him to the past.

On the other hand, he couldn't do anything except to cause trouble to Levi Garrison and upset him.

It also caused him to be humiliated again and again.

If it were for Terry, this situation would never happen.

She is the goddess of war, she protects Levi Garrison, who dares to bully?

For a time, Zoey felt more crisis!

She can't compare this woman!
