

Chapter 2837

Yennie's gorgeous face blushed when she heard that; she said softly, "Darryl, I was too worried earlier, and my attitude was terrible. Please forgive me,?"

Yennie bit her lips as she said that; she looked conflicted.

The fact was that Yennie, as a Nine Saint Oracle, was adamantly opposed to giving in to a guy from the Nine Mainland. However, she had no choice; the poison from the Black Sand Python was too powerful for her to defeat on her own.

"I see..."

Darryl clasped his arms and thought

about it before he said, "I will assist you because you said so, Oracle. But you must agree to one condition!"

"What condition?" Yennie lifted her beautiful brows and asked.

An evil grin appeared on Darryl's face as he said, "It's simple, call me good brother, and I shall help you!"

What?

When she heard that, Yennie's body trembled; she almost fainted from her anger. "Darryl, don't be too demanding!"

'I am the Nine Saint Oracle; I am extremely pure. How can I call a man of the Nine Mainland my brother?'

Darryl shrugged. "I'm just asking you to call me good brother; I'm not asking you

to do anything else. It's fine if you are not willing to do that."

When he said that, Darryl looked as if he was indifferent. However, he was observing the Black Sand Python the whole time, ready to take action at any time.

"You—" Yennie stomped her feet in anger. She wanted to scold Darryl, but she tried to control it. Her actions looked really attractive.

'That Darryl is so despicable. He knew that I could barely hold on, yet he raised such a request.'

'If I were to know that earlier, I would not have saved him!'

Hiss, hiss...

The massive Black Sand Python rose swiftly at that instant. It sprayed toxic mist from its wide mouth.

Yennie's gorgeous face paled when she saw the poisonous mist floating over.

"Darryl!"

Yennie did not hesitate. She bit her lips and shouted at Darryl, "Fine! Good Brother, please help me!" Her voice was so soft that one might not have heard her if one did not pay any attention.

She had never imagined that she would have to surrender to a man from the Nine Mainland when she was a Nine Saint Oracle.

What?

Darryl smiled and nodded when he

heard her. "Your brother is here to help you!" He laughed as he was extremely delighted.

He chuckled to himself again.

'That Yennie is so arrogant. But she still needs to put down her pride in front of me at the end.'

Bang!

Darryl dashed forward and stood in front of Yennie as he spoke. He motioned with his hand. The White Lily Cold Flame appeared, generating a massive white fireball in the air center before it charged at the Black Sand Python.

Darryl had been worried when he took action.

He could not overcome the Extreme Yin Poison earlier, and the Black Sand Python had absorbed the Extreme Yin Poison. If the White Lily Cold Flame could not chase it away, he dared not imagine the consequences.

Bang!

A loud explosion sound was heard. The white fireball had managed to wound the Black Sand Python. It bled all over, and one could even see its bones.

The Black Sand Python roared and looked at Darryl with fear. Then, it escaped quickly.

Darryl sighed in relief, but his heart was filled with doubts too.

How did the Black Sand Python in the

Valley of Death get poisoned by the Extreme Yin Poison? Did the King of Death's power had already infiltrated the Wild Deserted Secret Region?

Gulp!

Then, he turned and looked at Yennie. Darryl was stunned; he could not help but swallow his saliva.

The Black Sand Python's poison had corroded Yennie's long dress from the intense battle earlier. She was almost naked.

Chapter 2838

"Shut your eyes!"

Yennie was embarrassed and enraged as she felt Darryl's grin and look, and she could not help but rebuke him.

Darryl smiled and turned his head away, not looking at her.

Darryl had wanted to tease her even more. Yennie was the Nine Saint Oracle, and he had already taken advantage of her by asking her to call him good brother. It was wrong for him to keep making fun of her.

"I won't look! I won't look!"

Then, with his back to Yennie, Darryl said softly, "You don't have to be so

sensitive. How will you find the other Oracles now that your clothing is gone? Why don't you put on my clothes for a while?"

Darryl was about to remove his jacket.

"I won't wear it!" Yennie said coldly without any hesitation.

'Darryl took advantage of me earlier. How can I wear his clothes? Besides, his clothes are filthy.'

Sigh!

Darryl sighed gently and laughed as he said, "It's fine if you don't want to wear them. But please think carefully; what if others were to see you in such a manner and know that you are a pure Nine Saint Oracle. What will they think?"

Yennie bit her lips and took the clothes from him to put them on.

She was unwilling to wear Darryl's clothes, but she had no choice. She could not let other people see her like that.

"Darryl!"

After she got dressed, Yennie said, "I'm warning you! Do not tell anyone about the incident earlier. Don't even harbor any evil intentions toward me.

Otherwise, I will not forgive you!"

"Look at you! You called me good brother just now. Why would I have any evil intentions for my sister?"

"You—"

Both of them argued as they walked out

of the valley.

After the incident earlier, Yennie had become more cautious. She did not say anything about going their separate ways again.

Yennie had a plan. She would change her clothes once they reached the city. She looked weird in Darryl's jacket.

Finally, they left the Valley of Death and arrived at the Black Water Town.

What?

Once they arrived at the main street, Darryl was stunned. He saw a dozen cultivators in similar clothing guarding the checkpoint at the entrance. They were questioning all the pedestrians; all of them looked arrogant.

'What is going on?'

Darryl furrowed his brows discreetly and walked forward. Yennie hesitated and followed behind him.

"Stop!"

Before they could proceed forward, the guards stopped Darryl and Yennie. Their leader said coldly, "Where are you from?"

The leader was Greyson Whitestone. He and his followers were from a mercenary group alliance. A month ago, the mercenary group alliance was founded to defend the community's interests against the Black Market and Yellow Sky Trading. They had gradually taken over Black Water Town since then.

Greyson stared at Yennie, and his eyes

twitched.

Beautiful! How beautiful!

Even though Yennie was in Darryl's jacket, it could not hide her incredibly pure and beautiful face, as well as her seductive body.

Wow!

Yennie was upset when she noticed the stares from Greyson and the rest, but she controlled herself.

At the same time, Darryl smiled and said, "We just came back from an adventure at the Wild Deserted Secret Region. Please let us through!" Darryl knew that those people were from the mercenary group alliance. Even though they sounded unfriendly, he still replied to them politely.

The master of the mercenary group alliance, Melody Yoel, was his apprentice.

Alright!

When he heard that, Greyson glared at Darryl from head to toe and said impatiently, "Pay us money if you want to enter Black Water Town!" His tone was arrogant and undeniable.

Chapter 2839

"Why?" Darryl furrowed his brows and asked, "Isn't Black Water Town a place where anyone could enter freely?"

Just as he spoke, Grayson interrupted him coldly.

"That was before!" Greyson said impatiently, "There were no rules at Black Water Town previously; that was why it was chaotic. Black Water Town now is under the governance of our mercenary group alliance, understand? Pay the money; that is the rule we have put in place. Why do you have so much nonsense?"

Sigh!

Darryl took a deep breath. He held on to his anger and said casually, "What if I don't want to pay?"

"What did you say?" Grayson was stunned. His expression darkened immediately.

At the same time, a few followers behind him glared at Darryl too, all of them looked unfriendly.

Wow!

When they heard the commotion, many pedestrians gathered to look; they were discussing among themselves.

"Who is that? He dares to challenge the mercenary group alliance?"

"Just pay the money. Why must he be so stubborn? Something wrong with his

brain?"

"That's right; he's asking for death..."

The voices of debate could be heard, but none of them were on Darryl's side. They thought Darryl was only an ordinary pedestrian, but he had dared to oppose the mercenary group alliance. Was that not equal to asking for death?!

"Leave if you don't want to pay!"

Grayson snapped back to his thoughts and shouted at Darryl.

Darryl smiled and replied calmly, "Black Water Town is for the convenience of people traveling between the Wild Deserted Secret Region and the Nine Mainland, and not for people like you to gain benefits. Is your alliance master aware of this checkpoint?"

He had no idea how Melody was doing since he left the Green Cloud Sect. Had something happened to her? Perhaps the mercenary group alliance members misbehaved because the alliance master was not there. That was so despicable.

What?

Greyson was furious. He glared at Darryl and shouted angrily, "You are looking for death! Who are you to mention our alliance master?"

Next, Grayson did not hesitate and pointed at Darryl as he scolded, "Tie that guy up!"

Whoosh!

Ten followers behind him immediately

drew their weapons and surrounded Darryl.

Darryl did not panic when he saw that. He sensed that they were not powerful; they were not of any threat to him.

Yennie, who was beside him, looked calm too.

'Those people are so despicable; it is a good idea for Darryl to teach them a lesson!'

"Stop it, all of you!"

Someone yelled from somewhere further away. The person was in figure-hugging clothes, and she looked really sexy. She was beautiful, and her body emanated a cold yet arrogant aura.

It was Melody!

Wow!

Melody's appearance had caused chaos in that area.

When they sensed Melody's aura, many people stepped back to make room for her. Many of the men were staring at Melody blankly until their eyes twitched.

'The alliance master of the mercenary group alliance? How beautiful!'

"Alliance Master?!"

Grayson was stunned when he saw Melody. Next, he walked forward quickly and smiled. "Where have you been all this while? Everyone in the alliance had been looking for you. We were very worried."

As he spoke, Grayson pointed at Darryl. "

This person is making trouble. Let me settle him quickly and then gather everyone to welcome you."

Slap!

Right after he spoke, Melody slapped Grayson's face without any warning.

Grayson almost fainted from the impact.

Everyone there was in complete silence.

"Alliance Master!" Grayson held his face; he felt wronged. "Why did you hit me? What did I do wrong?"

Chapter 2840

Slap!

Melody smacked him again before he finished speaking as she yelled at Grayson. "Why did I hit you? Who gave you permission to set up a checkpoint in Black Water Town and collect money from pedestrians?"

Melody's body trembled when she said that.

"Alliance Master!"

Grayson wanted to cry, but there were no tears. He replied unwillingly, "You have not been around all this while. The leaders from each mercenary group have decided to set up this checkpoint.

Besides, this man did not respect our mercenary group alliance. Was I wrong for teaching him a lesson?"

Melody's body trembled. "Shut your mouth. Do you know this person is my—"

Cough, cough!

Before she could finish speaking, Darryl immediately coughed a few times, signaling Melody with his eyes.

That was right; Darryl did not wish to reveal his identity. Zhang Jue had framed him for disrespecting Chang Er, and that matter was spread all across the community. Darryl did not want to expose his identity before the truth was revealed.

Melody was an intelligent woman; she understood that her master did not wish

to expose his identity.

Then, she turned to Grayson and said coldly, "That person is my honorable guest. You being rude to him is disrespecting me! Also, get all the leaders of the mercenary groups to meet me."

What?!

Grayson and the others around them were all astonished after she spoke.

'That person is the alliance master's important guest? He dressed so ordinarily; how did he get such an identity!'

Grayson was stunned entirely too! He stared blankly at Darryl; he could not speak. The alliance master that he respected stood in front of Darryl with

admiration!

'How is this possible? That young man doesn't look like someone with any background. How can he be the alliance master's honorable guest?'

'It's obvious that he is a live-in son-in-law!'

"Sorry! Sorry!" Grayson almost cried. He continued to bow and apologize to Darryl.

Darryl looked calmed; he was not bothered by that.

If it were three years ago, Darryl would lecture Grayson for a while. However, he was too lazy to waste time with a despicable person.

"Go settle your matters now." Melody

furrowed her beautiful eyebrows as she scolded him.

Grayson nodded immediately. He ordered his people to remove the checkpoint and went ahead to notify all the mercenary groups.

A smile appeared on Melody's face as she led Darryl to the grandest hotel in the town.

"Master!"

Once they entered the hotel room, Melody removed any hints of arrogance and went to hug Darryl's arms. "It's so good to see that you are okay. This is great!"

As she spoke, a sense of embarrassment appeared on Melody's beautiful face. "I am sorry about the

incident earlier. Don't worry. I will guide them properly in the future."

A smile appeared on Darryl's face when he heard that. He stretched his hand to touch Melody's head.

That...

Yennie was stunned when she saw that.

'The alliance master is Darryl's disciple? I didn't know he had such capability.'

Melody released her hands when she felt Yennie's eyes on her. Her exquisite face displayed a sense of awkwardness.

"Yes..."

Then, Melody walked forward and smiled at Yennie. "This must be Master's wife. How do you do? I am Melody, and I just became Master's

apprentice not too long ago."

Melody bowed toward Yennie with respect.

Melody thought of her master as a famous warrior across the Nine Mainland. He had many close acquaintances around him, for example, Sect Master of Artemis Sect, Debra, former New World Princess, Yvette—all of them were unique and beautiful. However, the person in front of her, no matter her aura or her looks, was a goddess; she must be a close acquaintance of her master.

Most importantly, that woman was wearing her master's jacket. Why would they be so intimate if she were not his woman?

What?

Yennie's face blushed; she immediately denied it. "You misunderstood; I am not your Master's wife!"

When she said that, Yennie glared fiercely at Darryl.

Chapter 2841

'This is all his fault. He told me to wear his jacket; now people have misunderstood our relationship.'

'She is not his wife?'

Melody was stunned. She turned her head and looked at Darryl; she felt lost.

Darryl chuckled inwardly.

He was delighted to see Yennie's reaction.

The next second, Darryl said to Melody, "Little Girl, why did you call her that?"

There are so many goddesses in the community, and they can't all be my woman, right?"

Darryl smiled as he glanced at Yennie and continued to say, "This is Miss Yennie; she is a friend of mine. Please get her a set of new clothes."

Melody ordered people at the hotel to do that immediately.

Then, Melody clenched her fists and said fiercely, "Zhang Jue destroyed the Green Cloud Sect and killed my adopted father. I will not continue living if I do not avenge him."

Sigh!

Darryl took a deep breath; he felt devastated.

Zhang Jue was too ambitious and had harmed too many people. He must be eliminated as soon as possible.

However, Zhang Jue had escaped with injuries when Jack led some people to disrupt the Supreme Conference. They had not found his location yet.

"Master!"

Melody looked closely at Darryl and said sincerely, "Two days ago, I heard some rumors about you disrespecting Lady Chang Er and causing chaos at the North Moana Continent Royal Palace. I knew that it was Zhang Jue who had defamed you.

"Master, I have the entire mercenary group alliance at your disposal. Just say the word, and I shall lead them to destroy the Endless Sky Organization. What do you think?"

When she said that, Melody's exquisite face was filled with desperation.

That was right; she wanted to seek revenge too. Even though the Sect Master of Green Cloud Sect was not her biological father, he cared for her since she was little, and they had a deep relationship. How could she control her anger when Zhang Jue had killed him?

Darryl thought about it in silence before he said softly, "There is no point for you to go to the Endless Sky Organization now as Zhang Jue is still missing."

He explained the situation in detail to Melody.

What?

Melody trembled when she learned about that; she was stunned.

The Raksasa Tribe had surrendered to

the King of the Dead? Then, they destroyed the Supreme Conference? Not only did they capture the Endless Sky Organization members, they even captured people from the main sects of the Nine Mainland too?

"That—"

A few seconds later, Melody regained her thoughts and asked, "What should we do now?"

"Let's stay calm and observe." Darryl sighed and said gently, "The situation at the Nine Mainland now is getting more chaotic. The King of the Dead is much more powerful than Zhang Jue, so you must not act recklessly."

"Alright, then." Melody nodded.

Melody was a strong character. She did

not wish to remain passive, but she had no choice; she could not ignore her master's orders.

So, she could only send her followers to gather more news in the community.

...

Meanwhile...

Natalie led tens of thousands of soldiers from the Raksasa Tribe grand army to the border of the North Moana continent.

Sigh!

At that moment, she looked in the direction of the Royal City. Her exquisite face was calm, but her eyes seemed conflicted.

The scouts had returned with the news

that Jack had destroyed the Supreme Conference, and Darryl was missing. Natalie was even more worried when she learned about the situation.

Chapter 2842

"Your Majesty!"

Clarice walked forward and spoke softly, "It seems like we are too late. The Supreme Conference has ended, Jack and the rest are missing. It shouldn't be too difficult to locate them. Why don't we find a place to set up camp? And then we shall go take a look at the situation before deciding."

Alright!

Natalie nodded. "That's the only thing we can do for the time being."

Natalie was taken aback as she looked ahead at the vacant field in front of her. Her mood darkened.

What!

At the same time, the Raksasa Tribe warriors, who were resting around her, stood up immediately too. They were shocked as they stared at the scene in front of them.

Dust and sand drifted on the empty land a few kilometers away. A few hundred thousand soldiers charged toward them swiftly. The soldiers on the right were in dark red armor, the ones in the middle were in silver armor, and finally, those on the left were in black armor.

It was apparent that they were the soldiers from Westrington, North Moana Continent, and Middle Terra.

The aura from the joint army formed by the three continents was too

intimidating.

'What is going on?'

'Why did the soldiers from three continents appear here so suddenly?'

Clarice trembled discreetly.

'Sh*t! They must be coming after us.'

"Be on your guard!"

Natalie snapped back to her thoughts as she raised her hand and shouted.

The tens of thousands of Raksasa Tribe's warriors formed a formation and stood on guard in an instant.

Whoosh!

At that moment, a few hundred thousand soldiers from the three continents had arrived in front of them.

A huge man led them. He was in white armor, and he rode on a blood-red battle horse. He looked so majestic—he was the North Moana continent's elite warrior, Jaxon Thunderman.

Jaxon was once Yang Jian's general. He followed Yang Jian everywhere, and he had a significant contribution to his success.

"Surround them!"

At that moment, Jaxon did not hesitate at all. He waved the long blade in his hand and roared.

At an instant, the soldiers from the three continents surrounded Natalie and her men.

Half a day ago, the Nine Mainland had

received news from Lord Kenny that mentioned how the Raksasa Tribe had attacked the Nine Mainland to conquer the North Moana continent's Royal City. Once the news spread, it had shocked the other royal families in the Nine Mainland.

Soon, the North Moana continent, Westrington, and Middle Terra formed a joint army to attack Natalie.

"You—"

Natalie was enraged when she saw that, but she remained courteous as she said, "The Raksasa Tribe has no intention of interfering in your affairs. We heard that Zhang Jue had coerced Lady Chang Er into holding the Supreme Conference and framing Darryl—"

Jaxon cut her off before she could

complete her sentence.

"Shut up!"

Jaxon glared at Natalie as he shouted, "You led the Raksasa Tribe and trespassed the Nine Mainland. That is against the agreement we had, so don't bother defending yourself!"

"We know about the matters at the Supreme Conference. Someone from your tribe, Jack, brought people to destroy the conference and captured people from various sects. And you dared to push all the responsibility to Zhang Jue. Darryl taught you to do that, right?"

Jaxon appeared noble as he talked.

The fact was that Jaxon had no idea what had happened when he heard

about the Supreme Conference. That was because he was always on guard duty at the border. They had gone to attack Natalie when they got the news from Lord Kenny.

Lord Kenny was the Emperor of the New World; Jaxon believed that he would not lie.

Then, all of the other generals spoke up too.

"That's right! Darryl disrespected Lady Chang Er and wanted to be the Emperor of the North Moana continent. He also ganged up with Jack from the Raksasa Tribe to destroy the Supreme Conference. The Raksasa Tribe is closely tied to Darryl. We know why you lead the grand army to attack the Nine Mainland."

"Did you agree to split the Nine Mainland with Darryl?"

"Don't waste time talking to those people. Just kill all of them."

Chapter 2843

Everyone's remarks were still heard. Natalie clenched her lips, and her heart was racing, but she did not know what to say.

"Your Majesty!"

Just at that moment, Clarice realized something, and she said, "It seems like this is Lord Kenny's evil trick. We defeated him in the battle, and he is spreading false news to get everyone else to attack us."

Natalie's eyes blinked when she heard that; she was furious.

'That's right! This must be Lord Kenny's doing!'

Natalie's mind raced as she considered a strategy to avoid getting into a war.

"Kill!"

However, at that very time, Jaxon shouted and led his soldiers forward. He swung the long blade in his hand with great force!

"Argh!"

A few Raksasa Tribe warriors fell into pools of blood as pained screams followed.

Jaxon's face was expressionless at the time. He yelled angrily at Natalie, "Darryl is greedy and ambitious. He conspired with the Raksasa Tribe to conquer the Nine Mainland. He must be dreaming. No one from the Raksasa Tribe will be

allowed to escape today!"

"You—"

Natalie was furious; she retorted loudly, "You are the one deceived; you do not know the truth. Darryl would never disrespect Lady Chang Er, and he did not have the ambition to conquer the Nine Mainland. You despicable men had framed him!"

Jaxon smiled coldly, but he did not reply to her.

'The entire nine continents now are spreading rumors about how Darryl had disrespected Lady Chang Er. Are they all so stupid? Everyone had misunderstood Darryl!'

"Kill! Destroy them!"

At that moment, a few hundred thousand soldiers from the unified army rushed forward like a rising tide.

When she saw that, Natalie knew that it would be useless no matter how she explained herself. She shouted, "Warriors, defend!"

Whoosh!

After she spoke, the Raksasa warriors roared and rushed forward!

Even though the Raksasa Tribe warriors fought bravely and smartly, there were only tens of thousands of them, but there were a few hundred thousand of their opponents. The difference was too vast. Soon, the Raksasa Tribe warriors could no longer handle it.

However, none of them retreated. They clenched their teeth to battle till the end! They knew that if they were to lose in the battle, the Raksasa Tribe would be destroyed.

Bang, bang, bang!

At that point, soldiers from both sides continued to fight. Their shouts and the sound of clashing weapons filled the entire sky and earth!

...

Meanwhile, in a hotel room in Black Water Town.

Darryl meditated on his bed after he rested for a few hours.

"Master!"

The man sat up immediately and asked, "Did you get any news about the situation?"

"The Carter family are currently imprisoned in the New World Royal City's prison." Melody bit her lips and relayed all the news she gathered in detail.

"Also, the Raksasa Queen had led the Raksasa Tribe army toward the North Moana continent to lend you a hand and to eliminate their traitors. However, they were caught in a battle with the New World's royal army when they went through the continent."

"Also..."

Melody spoke for more than two minutes before she managed to share

all the news. Finally, she asked, "Master, what should we do now?"

What?

Darryl's heart trembled. He felt his mind was in a buzz.

'Lord Kenny has captured Yvette and others?'

'And Natalie had led the grand army to the North Moana continent to help me?'
