

# Nothing to Give but My Heart Chapter 43-48

## Chapter 43

What did you do? Ana Shen was so nervous that her tongue knotted, "I..."

No, Walter only knew that she was going out, but he didn't necessarily know what she was going out to do, she couldn't mess around.

Thinking of this, Ana Shen took a deep breath to calm herself down, and whispered: "I went out to buy something."

"What should I do if I leave the company privately during working hours to buy things?"

Ana Shen moved her lips and wanted to say something.

Phillip glanced at her and explained: "The Ye family has a rule that you cannot leave without permission during working hours. You must get the permission of the superior. Assistant Shen, your superior is Mr. Walter. You did not get the approval of Mr. Walter. When leaving the company, one month's salary must be deducted as a warning."

Hearing, Ana Shen couldn't help her eyes widening.

"One month's salary deducted?" However, she has only worked for a few days.

She was actually deducted from one month's salary. Doesn't it mean that she won't receive her salary for a long time?

“Yes, Assistant Shen, this is a company policy.”

Ana Shen glanced at Walter, her lips moved: “I’m sorry, I don’t know... can I...”

“No!” Walter was decisive and resolute, not giving her any chance at all.

Well, it was indeed her own fault. She left the company without saying any greetings, and it was a company policy. It must be that all employees of the company are treated equally, so she has nothing to complain about.

After figuring it out, Ana Shen lowered her eyes and looked at her toes, and did not defend herself.

There was silence in the sealed space, and even the sound of each other’s breathing could be heard. Walter was a little surprised by not defending herself, but after thinking about it, she understood.

How could a woman who loves vanity care about this month’s salary?

Ah.

If you don’t tell the truth, there is always a time to tell the truth.

After getting out of the elevator, Ana Shen watched Phillip and Walter leave, and then went to the door of the company not far away. From a distance, she saw Karla Han’s car parked there waiting for her. She was overjoyed and walked quickly. walk over.

As soon as he opened the door and got into the car, when Ana Shen fastened her seat belt, she heard Karla Han ask.

“Is that your husband’s car?”

Hearing, Ana Shen raised her head and followed her line of sight. Sure enough, she saw Walter's car coming out of the parking lot, so she nodded dfa851f5: "Well, but he is not my husband."

"Hey, you are married and not a husband yet."

"It's not that you don't know the half-year agreement, this is just a trading marriage."

Hearing, Karla Han stretched out her hand to support her cheek, "It's also OK to trade marriage, I heard, Ye Shi, the second young master, seems...not so good."

Ana Shen's movements stopped and she glanced at Karla Han.

"Why? You should be able to understand what I mean?"

Ana Shen: "..."

Karla Han leaned in mysteriously: "Have you ever been married until now?"

Ana Shen blushed and bit her lower lip: "How is it possible?"

"I'll just say, the rumors from the outside world should be true."

"Karla, don't talk nonsense, it should be impossible."

"How can it be impossible? There is no wind and no waves. You are all married. If he is okay in that respect, will he keep you until now?"

"There is a reason." Ana Shen lowered her eyes, making people unable to see the emotions in her eyes. "He didn't like me in the first place. It's normal not to touch me. You can't just assume that he is incompetent."

“Ana, why are you trying to excuse him?” Karla Han stretched her hands helplessly: “Do you like him?”

Hearing that, Ana Shen instantly widened her eyes, “Impossible!”

How could she like that kind of vicious words, and taunt her man hard at the opportunity!

“Then what do you excuse him, and it’s good for you that he can’t do it, so you don’t have to worry about losing yourself. By the way, the button you asked me to look for is a bit eyebrow.”

“So fast?” Ana Shen was a little surprised.

Karla Han’s lips curled up somewhat proudly: “Where do you think Han’s family is? Of course you still have to inquire about this small piece of news.”

“Then what did you find out?”

“Actually, buttons are very common. At first, when my brother heard that he wanted to check the buttons, he scolded me severely. He felt that it was not reliable to find someone based on this clue. Later, after seeing the shape of the button, my brother only I found that the button material is very good, ordinary clothes will not have such buttons.”

Having said this, Karla Han smiled mysteriously at Ana Shen, and then fell on her lower abdomen.

“Ana, the little guy in your stomach, father must be a rich man.”

Hearing, Ana Shen’s eyelids twitched.

“What I have heard is these news. As for the other...my brother said, you have to bring the button over and ask him to confirm it. After all, the photo is not real. He has to see the button to find a more detailed one. Do you have the information with you?”

Ana Shen shook her head.

That button... is still under Walter's bed.

“No? You don't take such an important thing with you?”

“I only found out last night. I'll get it back for you. I'll give it to you tomorrow.”

“Well, then you must remember to bring it out tomorrow. When I find the little guy's father for you, we will dump that Walter severely and see if he is still in good shape.”

“Actually-Walter is not a bad person, you...” Ana Shen paused, but didn't continue.

“I know he is not a bad person, but he is not a good person to you. He knows that you are not Erika Shen. He also knows that you have an ex-husband. He also knows that you have a child in your stomach. To you, he is a very good person. Dangerous guy, understand?”

Ana Shen nodded: “I know.”

“Be careful with yourself and protect yourself and your children. I will find out the news for you as soon as possible, and then tell you in time.”

“Karla, thank you.”

Ana Shen bit her lower lip lightly, “It's nice to meet you.”

Hearing that, Karla said quietly, "You are less pretentious, you are so annoying!"

Ana Shen leaned in and hugged her.

"Okay, I'll take you back first."

"Ok."

So Karla Han sent Ana Shen to the gate of Yejia, and after getting out of the car, Ana Shen went in directly and went upstairs.

On the way back, she had been thinking about what Karla Han said, so she walked a little carelessly. When she arrived at the door of the room, she found that a servant was cleaning, and she passed by her right after the cleaning.

Ana Shen didn't care. After entering, she found that Walter hadn't come back, so she quickly put down her bag and went to the bed to take a look.

At this glance, Ana Shen almost didn't startle.

The button that was still under the bed in the morning is missing!

Ana Shen suddenly thought of the maid who passed her by when she entered the door just now. She came to clean, could she take it away?

Thinking of this, Ana Shen got up quickly and walked out the door quickly.

Two maids were talking not far away.

"This button was found during the cleaning of the Second Young Master's room. You help me take it to the Second Young Master and ask if it's his?"

## Chapter 44

Ana Shen rushed out of the room quickly, without wearing shoes, and found the maid just now. "Hello there."

Faced with the maid, Ana Shen's attitude was always a little timid, because she knew that the maids of Yejia looked down on her, and she didn't know if she could get the buttons back.

Ana Shen, who was already prepared to be hurt by the maid, did not expect that after seeing her, the maid changed her face and took a step back, and then called her respectfully: "Second young lady."

Ana Shen was taken aback, what was going on?

"Second young lady, are you looking for me?"

Ana Shen paused, then nodded. Although I don't understand what this emotional change is about, these are not the most important at the moment. The most important thing is to retrieve the button.

Thinking of this, Ana Shen asked: "I just watched you clean the room, did you find a button?"

Hearing, the maid suddenly reacted: "Young lady is looking for the golden button? I thought it belonged to the second young master."

"No!" Ana Shen reacted fiercely: "That's mine, where's the button?"

"Uh..." The maid's color changed slightly, her lips opened and said: "I'm sorry, the second young lady, I thought the buttons belonged to the second young lady, so... I asked Xiaoyu to ask for me."

When Ana Shen heard that, her heart almost jumped out of her throat in fright, and her face became difficult to look like: "Isn't Walter not back yet? Where are you going to ask?"

"This is the second grandma, because I am about to get off work, and Xiaoyu is on duty at night, so I handed over the buttons to her and asked her to ask for me when Mr. Walter came back in the evening. Second grandma, if the button is yours , I will get it back for you."

Ana Shen was very upset. She was really worried that the maid named Xiaoyu would take the buttons and go to Walter directly, so she decided to feel more at ease.

"No, you tell me where Xiaoyu is, I will go personally."

Seeing her dignified face, the maid said cautiously: "I'll take you over, young lady."

"it is good."

Led by the maid, Ana Shen learned that Xiaoyu had actually gone out.

When learning that Xiaoyu went out, Ana Shen's face was even more ugly. The maid was so scared that she shivered and said: "Second, my second grandma, I'm really sorry! I don't know that button belongs to you, if I knew It's yours, I will definitely return it to you, and I will never give it to Xiaoyu!"

"You obviously passed me by. I was his pillow, but you didn't give the buttons to me, but instead to..." Ana Shen was indeed angry, because she was clearly rubbing her shoulders at the time. Once, knowing that she lives there, can't you just give her the buttons?

Ana Shen couldn't help but feel angry.

“The second youngest grandma, that’s a button for a man’s clothes, and... it was found under the second youngest’s bed, so I subconsciously thought it belonged to the second youngest.”

Hearing, Ana Shen’s eyelids twitched, yes, she almost forgot, it was a male button, she would be able to tell if she was so nervous. Thinking of this, Ana Shen suppressed the surging emotions in her heart, and whispered: “That is the button from the suit I bought for my father. It is really important to me. Could you please contact Xiaoyu for me and help me? Want to come back?”

The maid nodded: “Second young lady, I know, I will help you contact.”

After that, she went to call, leaving Ana Shen alone.

Although she was still very anxious in her heart, she did not dare to show it on the bright side.

After waiting for nearly two minutes, the maid came back after calling: “Xiaoyu has gone out to purchase, so let’s go back to the second young woman’s room. She will be back in about an hour later. I will let her send her to the young woman later.”

One hour? How can this be? An hour later, Walter also returned, and asked Xiaoyu to send it over. Wouldn’t that let her find out? Ana Shen thought for a while, and asked softly: “That...Is she wearing the button on her body?”

“Ok.”

It’s bad.

“Second young lady, I understand your feelings. I’ll wait here personally. When Xiaoyu comes back, I will get the buttons back. I will deliver it to you personally then?”

No way, Ana Shen bit her lower lip and nodded: "I will come to you in an hour."

After returning to the room, Ana Shen couldn't help but send a message to Karla Han. Karla Han immediately called and asked about the story of Gu Qingge. After knowing that, she couldn't help cursing her: "You are so stupid. You are so stupid. Those two maids are Ye Ye People at home, if you behave so abnormally, they will definitely be suspicious."

Ana Shen bit her lower lip: "I was a little panicked at first, so I can't calm down!"

"Why are you panicking? No matter what, you are also the second youngest grandmother of the Ye Family. You scold them a few words. They are really tough and they dare not do anything to you. You can only tell the clues of your self-confidence."

Karla Han sighed over there, "In order to prepare for the worst, I must get the buttons before the maid returns and tell me all the news you know."

Ana Shen: "Is it possible? I don't know much information."

"Don't underestimate the Han family, my brother is capable enough, you wait for my news."

After hanging up the phone, Ana Shen sat on the bed in a daze holding her phone.

After waiting for a while, Walter came back, Phillip pushed him in. Ana Shen probably had a guilty conscience. When she saw Walter, she stood up and looked at him uneasily.

Ana Shen is a joyful person, showing everything on her face, unable to hide his thoughts.

Walter also noticed this in the days when she got along. Seeing her getting up and staring at herself nervously, she was still holding her phone tightly, her eyes dodged, and she did something wrong.

Walter's eyes moved slightly, "You go back first."

Phillip paused, then looked at Ana Shen, "Then I'll go first. If you have anything to do, please call me again."

What Ana Shen was most afraid of was being under the same roof with Walter. Facing Walter's cold and penetrating gaze, she always didn't know how to deal with it, and she didn't know where to put her hands.

The phone vibrated, and there was obviously information coming in, but Ana Shen stood there motionless.

Walter turned the wheelchair and slowly approached her.

Ana Shen squeezed the phone, subconsciously widening her eyes.

Until Walter approached, Ana Shen took two steps back, and finally sat down on the bed.

"Guilty conscience? What did you do to your heart?"

"No, no." Ana Shen shook her head: "You must have been tired just after you came back? I'll pour you some water."

After that, Ana Shen got up and was about to pass by him, but was stopped by Walter.

"What did you do when you left the company in the morning? There is still too much time to say now."

Hearing, Ana Shen's steps suddenly stood in place, lowering her eyes to look at Walter who was sitting in a wheelchair.

It turns out that he was suspicious of this matter, so did he suspect it to another point?

If... she uses this thing as a shield, is it...

## Chapter 45

"I really just went out with something." At a critical juncture, Ana Shen told himself that he couldn't say it! That was Master Ye's order. If she said that, it would be equivalent to selling Master Ye, which would make the relationship between their grandpa and grandson worse.

Thinking of this, Ana Shen pursed her lips and denied.

"Heh." Walter narrowed his eyes dangerously and stared at her: "I'll give you one last chance, say!"

His voice was cold and ruthless, with a huge shock, Ana Shen clenched her lower lip: "It's really just going out to buy something. Besides, one month's salary has been deducted, and I have no objection, Shao Ye There is no need to know what I am going to do, right?"

Walter paused, his narrow eyes staring at her dangerously: "Say what you just said again."

Ana Shen grabbed the phone and retreated outside, and said, "I don't want it!"

Walter frowned: "Where to go?"

"Stay away from you!"

After speaking, Ana Shen turned around and ran out.

She quickly ran out of the room, preparing to find the previous maid, and looking back as she walked, Ana Shen was relieved to see that Walter did not catch up, then took out her phone and took a look, and found that it was a message from Karla Han.

Karla Han: Have you already set off? Waiting for my good news.

It seemed that Karla should be inevitable, and Ana Shen felt that she should not worry so much.

She stayed outside for a while, waiting for Karla Han's call.

After waiting for a long time, Karla Han called her, "It's done, you can rest assured."

Ana Shen was a little excited, and asked in a low voice, "Have you got your things?"

"Got it, in my hand, do you want to take a picture for you to see?"

"No, you can get it, but... how did you do it? Will you be discovered?"

"Don't worry, don't you worry about me doing things? Ana, you can rest at ease. By the way, you should know what to do when someone asks you? That's it, I have to hang up in advance muah!"

After that, Karla Han hung up the phone with a bang. Ana Shen was still a little confused while standing there. Karla has always done things safely. She thinks this should be over, right?

Just thinking about it, the maid who cleaned the room before came running out of breath.

“Second young lady.”

Seeing her, Ana Shen put away the phone and looked calm.

“what happened?”

The maid’s face was panicked and bit her lower lip: “Second young lady, I...I’m sorry! Xiaoyu told me just now that she accidentally lost your button.”

Hearing, Ana Shen frowned: “What do you mean? Can’t find the buttons?”

“She accidentally crashed a car with someone on the way back from the purchase, and everything fell out, but when she got it back, she couldn’t find the button...”

Crash...

Ana Shen’s eyelids violently jumped, and she took a step forward: “Crashed? Was there any injury?”

The maid was taken aback and stammered: “No, no, it’s just that something has fallen out, it’s not serious.”

Hearing, Ana Shen finally breathed a sigh of relief.

This guy Karla Han really scared her to death. She even did things like a car crash. It was really frantic!

“Second young lady, Xiaoyu was not injured, but you lost your button, what should you do...” The maid did not forget the person who left before. I heard

that it was because she spilled milk on the second young lady's body. When she was fired, she said a lot of bad things about Ana Shen before she left. Everyone will know it by guessing.

So now in the eyes of the maid, the newly married second grandmother is already very deterrent.

"Forget it." Ana Shen frowned and thought for a long time before she relaxed again: "It's just a button, since I can't find it, then assume I haven't seen it."

"But... isn't that button important to you?"

"It was very important at first, but your safety is also very important. You can't let you do it just for a button, right? It doesn't matter if you can't find it, but you don't mention this button in the future, otherwise... I might think of it again."

After hearing this, the maid nodded and said, "Don't worry, the second young lady, I will definitely not mention it. I will also tell Xiaoyu, it's really nice that you don't care about the second young lady, thank you!"

"Then I will go first."

the next day

Ana Shen was called to Father Ye's study early in the morning.

"How did you do what you asked you to do yesterday?"

Ana Shen's lips moved: "After the other party heard that I was from Ye's, they refused to talk."

Hearing that, Old Man Ye frowned: "What the hell, does Lu Zongchang want to cooperate with Ye Shi?"

Ana Shen didn't answer, and Old Man Ye thought for a moment: "It must be because Ye clan didn't want to cooperate with Lu clan, so the Lu clan has an opinion. Erika Shen, you give me a gift to the little devil in the Lu clan and tell him that Ye clan hasn't yet. It is Walter's turn to be the master."

Hearing this, Ana Shen bit her lower lip and said nothing.

"Have you heard?"

Master Ye's voice suddenly became louder, shocking Ana Shen, reacting suddenly, and nodding.

"I know the old man."

Because of the lessons learned, Ana Shen didn't dare to go out today without asking for leave, for fear that she would be deducted one more month's salary when she went out again, and then she would really become a pauper.

So Ana Shen went to the office to ask Walter for approval.

Who knew that Walter hadn't raised his eyelids, so he coldly rejected her.

"No way."

Hearing, Ana Shen was a little puzzled: "No? Why?"

Walter ignored it, his gaze fell on the document, obviously not planning to answer her.

Ana Shen bit her lower lip and walked forward two steps: "Mr. Walter, I really have important things to go out for a while."

"I said, no."

“The reason?”

“Get out!”

“Walter!”

boom!

Walter was angry, put down the file in his hand, and hit the desktop with his palm, making a noise.

It is particularly abrupt in a quiet office.

So Ana Shen stopped when he reached her lips, and the two eyes collided in space.

Finally, Ana Shen had to compromise and turned around and left the office.

After leaving the office, Ana Shen was so angry that the grandfather and grandson were really mad at her. It was really hard to be a man between them.

What should we do now? Ana Shen was so distressed, listening to the father's gift? But she didn't have much savings, and she was the president of Lu's family, so she definitely couldn't get the things she gave.

If you don't send it, you can't explain it to the old man when you go home at night.

Thinking of this, Ana Shen's head is getting bigger.

After thinking and thinking, Ana Shen got up and went to the office again.

Just knocking on the door this time, Walter's roar came from inside.

“roll!!”

It ended in failure again!

Forget it, there is no way, Ana Shen had to wait until after get off work to try her luck in the Lu Group.

After making up her mind, Ana Shen didn't bother Walter again.

After finally getting off work, Ana Shen packed up her things and quickly left the company, and then took the bus to the Lu Group, almost racing against time.

“Sao Ye, Assistant Shen left right after get off work.”

## **Chapter 46**

“She should be heading in Lu's direction.”

Walter's gloomy gaze was dark and unclear, and his thin lips opened for a long while in a mocking arc.

“It's really reckless.”

“Young Master Ye, that Lu Zongrong is not a good thing, should we...”

“No need.” Walter interrupted him and said coldly: “She wants to send it to the door, just see how iron her head is.”

“But!” Phillip said anxiously, “The lustful surname is Lu, in case...”

Walter narrowed his eyes dangerously, "That's her fault!"

Phillip: "..."\*

Lu's Group

"Usu, you said you came to find someone last night, but they have been waiting for you for a long time, don't you love me anymore?" The woman dressed in annoyance rubbed Lu Zongchang's body vigorously, with her arms around him. All sorts of flirting around his neck.

Lu Zongchang smiled and buried it in the other's neck: "Baby, there was a party last night. I was too busy. I will pass this evening."

"Really? Then don't lie to them." The woman pursed her lips unwillingly and asked him for a kiss.

A gloom flashed in Lu Xunchang's eyes, and he tightened his hand on the woman's waist for a few minutes, bowing his head.

"Mr. Lu." A soft female voice suddenly rang.

Lu Zongchang's movements paused, and the woman in his arms was interrupted, raising her head dissatisfied to look at the source of the sound.

Ana Shen grabbed the bag in her hand and stood there looking at them with some embarrassment.

Interrupting other people's good deeds is indeed a very wicked incident.

But the lesson in the garden last time told Ana Shen that if she didn't stop Lu Zongchang in time, they might have to put on a restricted scene in front of her

again. She didn't need to watch it, but she didn't have that much time to spend. Wait here.

Lu Zongyuan saw that it was her and narrowed his eyes slightly, "Oh? It's you."

"My dear, do you know her?" When the woman saw Ana Shen, her eyes were immediately hostile, and she looked at her with extreme vigilance.

Generally speaking, women are very dangerous creatures.

Because she is too romantic.

"Are you... aware?" Lu Zongchang smiled slightly and looked at Ana Shen: "Miss, do we know each other?"

Ana Shen had long expected that this trip would not go so smoothly, and she was also ready. When she heard Lu Zongchang asking like this, she stretched out her hand and passed the business card in her bag to Lu Zongchang: "I am Walter of the Ye Family Group. Assistant of Xuan Nightclub, Ana Shen."

The woman was dissatisfied: "Since it belongs to the Ye Family Group, what will Lu Family do?"

Ana Shen smiled slightly: "Naturally, I talked to Mr. Lu about cooperation."

Her voice was neither overbearing nor overbearing, and there was no extra expression on her face. Her eyes were fixed on the ground.

Lu Zongchang looked at her a few more times, and then sneered: "Talking about cooperation, are you worthy? You want me to agree to cooperate unless you Mr. Walter personally come to invite."

“Mr. Walter has inconvenient legs and feet, please forgive me.”

Ana Shen remained expressionless and authentic.

Lu Zongyuan stared at her for a moment, then suddenly said to the woman in his arms: “You go back first.”

The woman was angry and reluctant: “Ordinary, don’t you, you send them back.”

“Observe.” Lu Zongchang’s face became serious, and the aura on his body immediately changed.

The woman shook her hand and looked at him blankly. Lu Zongchang stroked his head: “I like obedient women the most, huh?”

“Then... well, then I’ll go back first.”

Before the woman walked, she gave Ana Shen a fierce look, and it was obvious that she had been classified as a rival in love.

Ana Shen didn’t change her face.

After waiting for someone to leave, Lu Zongchang took out the car key, “Get in the car and talk.”

Hearing, Ana Shen felt a bit cold on her back, and she gritted her teeth: “Mr. Lu, there is a coffee shop outside. I think there is a good place for us.”

“Oh, you come to me to talk, shouldn’t I decide the position?” Lu Zongchang stepped forward abruptly, as if he was about to wrap Ana Shen in his arms, Ana Shen’s expression changed and she stepped back a few times: “Where does President Lu want to go?”

“boarding!”

Ana Shen straightened her waist and stood there without moving.

What she didn't know, however, was that the more serious she was, the more Lu Zong wanted to see how she was not serious or panicked by being molested.

How long has it been since I met such an interesting woman?

Since he became rich, he has lost his memory.

Ana Shen bit her lower lip and raised her eyes to look at him, “As long as I get in the car, will Mr. Lu cooperate with Yeshe?”

Lu Zongchang raised his lips: “It depends on your sincerity.”

Ana Shen frowned.

There is an abyss ahead, as long as she goes.

“Get in the car first, I haven't planned to do anything to you yet, it's still dark.” Lu Zongzhu blinked, and Ana Shen got goose bumps, this terrifying man!

She turned around and left!

“Is it a bit late to leave now?” Lu Zongchang hurried to catch up. “I called my female companion away for you. Assistant Shen won't be so shameless, right?”

“Just outside the company cafe, do you like to go?”

After speaking, Ana Shen shook off Lu Zongyuan's hand vigorously and walked out of the parking lot.

Her straight waist, slender back, and that determined expression made Lu Zongchang think, staring around her back, and finally falling on her arm.

When Ana Shen arrived at the coffee house, she chose a place where there were no people and sat down. After waiting for about two minutes, Lu Zongchang came in.

The boss of a group, Diao Erlang, walked up to her and sat down, reaching out to hug her, and Ana Shen's expression changed: "Mr. Lu, please respect yourself!"

Then got up, Ana Shen sat down opposite him.

Lu Zongchang sneered: "You woman, did you come to me to discuss cooperation?"

Ana Shen asked the waiter to serve two cups of coffee, and then whispered: "I apologize to you for what happened that night!"

"Oh?" Lu Zongyuan raised his eyebrows: "Walter didn't dare to come, so he sent you?"

"I came here by myself, it has nothing to do with him." Ana Shen pursed her lips.

"Then what if I say, I don't accept your apology?"

Ana Shen raised her eyes, those eyes were cold, and matched with the expression on her face, they were really stark.

Lu Zongyuan used to think this kind of staid woman was the most boring, but now Ana Shen felt that it was not so.

“Cooperating with Ye’s is not a loss to the Lu Group. Moreover, this is a very important project. Mr. Lu has no reason to refuse.”

The waiter brought the coffee. After Ana Shen said thank you to the waiter, she continued to chase after him: “According to what I said, Lu always starts from scratch. Mr. Lu should know how difficult it is for Lu’s today. In Beich, Being able to cooperate with Ye’s is a big opportunity. I don’t believe Mr. Lu will give up such a great opportunity.”

“The analysis is correct. I really don’t want to give up such a great opportunity, but... I have changed my mind now. I have already made money. Now I have a better face and want me to cooperate with Walter unless he is Walter came to apologize in person.”

“This is impossible!”

“So protecting you Mr. Walter? Could it be that you have adultery?”

## **Chapter 47**

“You!” Ana Shen paled and looked at him displeased.

Lu Zongchang smiled and said, “I was wrong? There is no adultery? Yes, even if he is disabled by Walter, you can’t get adultery.”

Hearing someone said that Walter was disabled, Ana Shen’s fire suddenly rose, and she squeezed the spoon in her hand: “Mr. Lu, such a personal attack is not the work of a gentleman, right?”

“Why?” Lu Zongchang spread his hands needlessly, leaning towards the person behind him, and teased: “This is a well-known thing, isn’t it? If Walter weren’t, how could his father rush to find him a woman? It’s useless, he’s still incompetent, a handicapped, what kind of wife to marry? Isn’t this a curse to other girls? But you can tell it on your behalf, if he really can’t, I don’t mind doing it for him...”

As soon as he finished speaking, a cup of hot coffee splashed onto Lu Xunchang’s face without warning.

Ana Shen put down the coffee cup in her hand heavily, and gritted her teeth and stared at him: “Like you, who lingers on flowers every day, you don’t know what emotion it is. What qualifications do you have to judge others indiscriminately? Personal attacks. You are just a villain!”

The people in the cafe were stunned by this scene and looked here in surprise.

The cup of coffee was very hot. After splashing on Lu Xunchang’s face, he was stunned for several seconds before reacting, “Dare you splash me?”

Then he got up and raised his hand to fight Ana Shen.

Ana Shen stood there, staring at him fearlessly.

It’s a pity that he was blocked before his hand touched Ana Shen’s white face!

Phillip grabbed his hand, “If you want to hit someone, you have to ask us if Ye Shaotong disagrees!”

After speaking, he threw Lu Zongchang out with a strong hand.

After Lu Zong walked away, he knocked down the table next to him and fell to the ground.

And Ana Shen was also shocked by this incident and looked at the people coming. She had a panic expression on her face just now when she faced Lu Xong's slap in the face.

She squeezed the corners of her clothes and looked at Walter who was sitting in a wheelchair at a loss.

Why is he here?

He obviously hadn't come out of the office when she left, but how could he find her here accurately now?

Could it be that he always knew?

Thinking of Walter's question of her question last night, Ana Shen suddenly felt that she was stupid.

Lu Zongyuan got up from the mess. He was punched on the chin and bleeding from the corner of his mouth. After getting up, he wiped the corner of his mouth, then sneered, grabbed the chair next to him and threw it at Walter.

"Young Master Ye!" Phillip stood not far from Lu Zongzhu, unexpectedly Lu Zongchang would be so mean.

"Ah." Ana Shen reacted, rushing forward and blocking Walter without even thinking about it.

Walter just wanted to say that the other party was looking for death. He didn't want to see the darkness, but the stupid woman of Ana Shen ran over and hugged his shoulders, seeming to want to block him. When she leaned down, the soft hair hit his face, and the fragrance that belonged to a woman also got into his breath as she approached.

Walter was stunned.

“Damn it, what are you doing? Get out of the way!” Seeing that the chair that Lu Zong threw out came towards this side, Walter’s eyes sank suddenly, grabbing the woman’s wrist, and pulling her into his arms. Then the other hand reacted extremely quickly to turn the wheelchair.

boom! ! !

The chair that was thrown out fell on the empty ground with a bang, exactly where Walter’s wheelchair was.

Probably because of too much strength, there were some traces of bumps on the ground.

The people in the restaurant were frightened by this scene.

Fortunately, at a critical juncture, Walter took Ana Shen and avoided it.

“You despicable and shameless bastard!” Phillip heaved a sigh of relief when he saw that Walter and Ana Shen were all right, but then angrily stepped forward and grabbed Lu Zongchang’s collar, and then punched him in the jaw.

Lu Zongchang was hit by him unexpectedly just now, and he had already reacted now, so he also fought with Phillip, and the two of them fought together with one punch and one punch.

And the other side

Ana Shen was still holding Walter’s neck tightly and closing her eyes tightly. She was very scared, her petite body was shaking, even her eyelashes were trembling. However, despite her fear, she still did not let go of Walter.

“...When are you going to hold it?” Walter asked in a hoarse voice.

Walter was slightly lost.

When the chair was thrown towards where he was, he was very calm, because he could avoid it lightly, but this stupid woman actually got up without even thinking about it, although it caused him obstacles and Trouble, but... such a desperate move.

It was like a warm current, along the bone and blood, invading little by little.

Hearing the sound, Ana Shen was also a little bit stunned. She opened her eyes in fear and looked around. There was no pain in her body.

what happened?

Noting that she was holding Walter, Ana Shen quickly stepped back and coughed slightly, "Are you okay?"

Walter looked at her coldly, and Ana Shen's lips moved: "I'm sorry..."

"Apologize for what?" Walter narrowed his eyes and stared at her dangerously, "Don't you know the danger? What do you rush to do?"

Ana Shen: "..."

She didn't want to pounce.

She is also scared.

But at that moment, she felt... that she was his wife, and he was disabled again, and he would definitely not be able to avoid the attack. She couldn't help watching him get hurt in front of her eyes.

"Do you know if you rushed over, it was a burden to me?"

Ana Shen moved her lips as if she wanted to say something, but after realizing that she was fine now that Walter had saved her, she had nothing to say.

“Sorry, I... didn’t think so much at the time.” Ana Shen explained, pinching her fingers, embarrassed.

If she had known that she would become a burden to him, she would definitely not jump on it.

Seeing her low eyebrows and pleasing to the eye, Walter suddenly couldn’t say anything about it.

She wanted to block the danger for him, it was a fact.

It was an accident that caused a hindrance to him.

Besides, how does she know he can avoid it? Thinking that he couldn’t escape, he jumped over, this thought...

Ever since, Walter’s eyes on Ana Shen became a little complicated.

This woman...what is in her mind?

On the other hand, Phillip had already beaten Lu Zongchang to the ground. Lu Zongchang had the power to fight back at first, but he couldn’t do it afterwards. After all, Phillip was practicing family. After Phillip solved it, he grabbed him by the collar. Drag it to Walter.

“Sao Ye, what should I do?”

Walter looked at Lu Zhuan like a dead person.

“Is personal attacks fun? Mr. Lu likes playing with women so much. Even my Walter woman is delusional, so let’s solve it from the source.”

When Lu Xunchang heard this, his eyes straightened: “What do you mean?”

## Chapter 48

Walter’s smile was bloodthirsty.

“literal meaning.”

Phillip’s expression was a little weird, “Mr. Walter, really want to solve it from the source?”

“Do you think I was joking with you?” Walter glanced at him coolly, and Phillip immediately got goose bumps: “I see.”

Then dragged Lu Zongchang out.

“Walter! You are a disabled person in a wheelchair. If you dare to move my dick, Old Man Ye will destroy you!”

Phillip only listened to Walter’s orders, and was not worried that he would move out of the name of Old Master Ye, and still drag him out in a pretentious manner.

Ana Shen on the side was so frightened, she couldn’t help but walked two steps towards Walter: “That...”

“You are dead if you dare to intercede for him!”

When Ana Shen reached his lips, he swallowed it all.

Walter's whole body seemed to be covered with a layer of black smoke, making him look very violent and not easy to provoke, but if he didn't say anything, then Lu Zongchang might really be affected by that.

Thinking of this, Ana Shen stepped forward to push his wheelchair and whispered: "He has been taught a lesson, let him go."

Walter didn't speak, the anger in his eyes was slowly expanding like a storm circle.

"If you really abolish him, then the old man...it's hard to explain, so..."

"Stupid woman, didn't you tell you not to intercede for him?" Walter clasped her thin white wrist and looked at her coldly.

After a while, Ana Shen moved her lips: "I'm not begging for him... I'm just afraid that your relationship with the old man will deteriorate because of this..."

Hearing, Walter had a meal and narrowed his eyes.

"worry about me?"

Ana Shen nodded blankly.

Her eyes were like Bing Tan, with no extra emotions, not to mention the appearance of pleading for Lu Zongyuan.

After a moment, Walter withdrew his hand, "Push me back."

"But Phillip's side..."

"This is not something you should manage."

Ana Shen wanted to say something more, but Walter moved his wheelchair and left. It was obvious that Ana Shen wouldn't bother to take care of him if he didn't follow her. No way, Ana Shen couldn't let Walter leave alone even if she was in a hurry. After all, it was outside, and Walter was not with him. It was not convenient for him to be alone.

Thinking of this, Ana Shen quickly followed up.

She was pushing Walter's wheelchair and was about to leave, but the waiter tremblingly came forward: "Mr. Miss, please wait."

Ana Shen had to stop: "What's wrong?"

"You...damaged the property in the store and got... compensation." After the waiter saw the fight just now, he was rightly afraid of them.

Walter didn't change his face, and said coldly: "Take down the name of the store. New ones will be delivered tomorrow."

Ana Shen nodded and quickly noted the name of the store.

Seeing that Walter's aura was strong, the waiter didn't dare to say anything, and could only watch them leave.

Ana Shen pushed Walter to leave the cafe, and walked on Xiaoshitou Road, while saying: "Young Master Ye, you are too messy, over there, old man..."

"The sentence on the left, the old man, and the sentence on the right, the old man, why? What benefit did he give you to make you think of him like that?"

Hearing, Ana Shen stopped for a while, bit her lower lip and said angrily: "Don't look down on people! I'm really worried that your relationship will deteriorate."

“Is this something you should take care of? Don’t forget, this is Yejia’s family affair, and it is not the turn of an outsider to take care of it.”

“ ... ”

Ana Shen’s complexion changed a bit, and the blood on her lips slowly faded.

Yeah, why did she forget? This is Yejia’s housework, even if their grandfather and grandson are really against each other, it doesn’t matter to her Ana Shen.

The woman Walter wants to marry is called Erika Shen, not Ana Shen.

As far as Yejia was concerned, she was an outsider, and she was leaving in half a year.

She worried so much, she was really passionate.

Thinking of this, Ana Shen didn’t speak any more.

For a while, silence fell between the two.

When pedestrians pass by on the street, they will politely give way, and Ana Shen pushes Walter to walk smoothly.

When passing by a service shop, Walter suddenly said, “Stop.”

Ana Shen had to stop, “What’s the matter?”

Walter turned his head and looked inside, “Buy clothes.”

Hearing, Ana Shen couldn’t help but wrinkle her delicate brows, “When is the time now, you actually want to buy clothes?”

“Push me in.”

Ana Shen was so angry that she gritted her teeth or pushed Walter into the clothing store.

After a glance around, Ana Shen discovered that this is a women’s clothing store. He is a big man, what did he come here for? Buy clothes for your lover?

Ana Shen suddenly remembered that he had heard that he was looking for someone, relying on a woman’s sixth sense, that person...should be a woman.

He wants to buy women’s clothes. Did he find that person?

“Hello, welcome to our shop.”

The waiter quickly stepped forward to say hello.

Walter pursed his thin lips and said indifferently, “The clothes in the store are packed for her.”

After hearing these words, Ana Shen suddenly raised her head, depressed, looking at Walter in amazement.

“give me?”

She actually bought her clothes, she thought...

Walter hadn’t raised his eyelids, and his cold and powerful aura made him retreat three feet.

The waiter glanced at Ana Shen hesitantly and hesitated to see what she was wearing. But after looking at Walter's clothes, she decided to listen to this man, so she quickly turned around and went to pack her clothes.

When Ana Shen saw that the other side was really busy, she realized that she panicked: "Wait a minute, don't..." When she wanted to catch up and tell the waiter not to pack, Walter grabbed her wrist and pulled her back.

"What are you going to do?"

"I don't need so many clothes..."

"Without spending your money."

"I don't want you to spend money for me!" Ana Shen said sternly, biting her lower lip and staring stubbornly at Walter.

He had already looked down on her very much. If she accepted the clothes he bought for her, wouldn't she be inferior in his eyes? Thinking of this, Ana Shen said firmly: "Although I am poor, Ana Shen, I don't need others to spend money for me. I will buy clothes myself, and I don't need you to help me!"

"Really?" Walter sneered, and his eyes fell on her little white face: "I was deducted from one month's salary within a few days of work. What are you going to buy?"

"I..."

Ana Shen thought for a long time, and was speechless, so she could only turn her head and clenched her fists: "Anyway, I will find a way, I don't need your help!"

“Don’t need me to help you? Oh, why did you react so fiercely when Lu Zongchang said that I was disabled and inhumane? Did you go to him to apologize?”

Ana Shen straightened her waist instantly.

Yes, she did go to Lu Zong to apologize, but this change was too great. She didn’t expect Lu Zong to say something like that, and she shot out in a hurry.

“I didn’t think so much at the time. Is there any relationship between the two?”
