

Nothing to Give but My Heart Chapter 79-84

Chapter 79

In the darkness, I don't know how long it has passed. The clanging sound, like the sound of a key chain colliding, was particularly loud in the silent night, after which the door opened.

Two figures appeared in the dark space.

"Assistant Shen?" Phillip looked at the dark room, took out his phone and turned on the flashlight.

In an instant, the room was illuminated.

Then Walter also saw the scene in the room clearly, a petite figure shrank in the corner, holding her knees with her hands and burying her head, the whole person shrank into a small ball.

Like a cat curled up.

The hair band with long hair spread out at some unknown time, causing her to scatter with blue threads, hanging messily on her shoulders, covering her face and ears.

Inexplicably, Walter felt the despair and coldness emanating from her.

The kind that comes out from beginning to end.

what happened? Walter frowned, his tone unhappy.

“What’s up with her?”

When Phillip heard the question, he stepped forward: “Assistant Shen?”

The crouching person did not respond, did not move at all, and even sat there without moving.

“Assistant Shen? Assistant Shen?” Phillip saw that there was no movement at all, his eyes jumped, and he quickly called twice.

However, the person huddled there still did not respond, as if dead.

Phillip turned his head and glanced at Walter, only to see a haze around his eyes, and the whole person exuded a cold breath.

“Ye, Mr. Walter...”

Walter rolled the wheelchair forward and stopped beside Ana Shen, with a cold voice: “Raise your head.”

no response.

Phillip was beating uncomfortably aside, what is going on with Assistant Shen? Isn’t it useless what he told those people? Did those people touch her?

“My patience is limited. I will give you three seconds and raise your head yourself.” Walter continued.

But the person curled up there seemed to have not heard his words, Walter’s eyes jumped, and suddenly he thought of something, grabbed Ana Shen’s wrist, and directly pulled her up.

The petite person was dragged forward by him with no resistance, and a pale to bloodless face appeared in front of Walter's eyes.

Phillip couldn't help taking a breath behind him.

Walter's eyes narrowed, looking at Ana Shen in front of him.

The white cheeks on weekdays have no blood at this moment, even the pinkness on the lips has faded clean, and the clean eyes are as calm as water, and there is no anger at all.

Walter's thin lips moved, his voice low: "Tell me, what's wrong with you?"

Ana Shen sat still.

Her eyes were not angry, and Walter realized that her eyes had no focus, as if she couldn't see him.

damn it!

What is going on with this woman?

Walter suddenly became angry, and scolded behind him: "Check what is going on?"

Seeing that Walter had made such a big fire, Phillip realized the seriousness of the situation after seeing Assistant Shen's unconsciousness, and turned around to call someone.

Walter and Ana Shen are left in the room, his thin lips pursed, his tone is cold: "Second married woman, what's wrong with you?"

Ana Shen maintained her original movements without moving.

damn it!

Walter squinted dangerously, staring at the woman whose face was pale and her eyes were out of focus.

For the first time, I discovered that I was so helpless with a woman.

Can't be touched, can't be scolded, can't be fierce

Because of the way he entered, Walter felt guilty. If it weren't for her, she would not have become like this.

"Second married woman, are you acting stupid with me, or are you really unable to see me?" Walter asked again for a long time.

Facts have proved that Ana Shen really did not respond. Walter was helpless for the first time and stretched out his hand to drag her into his arms. Ana Shen was very well-behaved and let Walter pull in like a puppet doll. In his arms, lying lightly in his arms.

Walter felt his heart tremble, something was quietly changing.

Those big icy hands finally couldn't help quietly, slowly encircling Ana Shen's thin waist, adjusting the position for her, letting her lie in his arms in a stable posture, and then the other hands slowly Touching the back of her head, her voice is low.

"If they bully you, just tell me and I will seek justice for you."

The person in his arms did not respond.

"Woman, you'd better be sober. Last time you were drunk and cried. Can you solve the problem now that you are so noisy?"

But even though he said more, Ana Shen still refused to give him a reaction.

Phillip quickly brought people over. As soon as he entered the door, the man trembled and asked, “Ye, Mr. Walter, what happened?”

Hearing, Walter’s body showed a strong aura, his eyes turned sideways, his eyes fixed on the person.

“What did you do to her?”

The man trembled, his feet trembling, “Ye, young man, we... didn’t do anything!”

Just kidding, they didn’t have eyes. This woman had an extraordinary relationship with Walter. How could they do anything to her?

Walter’s eyes narrowed, and a sharp stab flew away.

The man was frightened suddenly, knelt on the floor with soft legs, unable to speak easily.

“Ye Ye Ye Mr. Walter... We really didn’t do anything to her. Assistant Xiao told us that we could not touch her, so we took her into this room and locked her up, waiting for Mr. Walter’s later instructions.”

He didn’t look like a liar, but just locked up. Then why did she become like this?

Walter narrowed his eyes: “Did something happen in the middle?”

The man paused, remembered for a while, and then said: “Nothing happened. She was quiet after we were locked up, not noisy.”

Not noisy?

Walter's eyes suddenly became complicated.

After a while, the man suddenly exclaimed: "But...because she was too quiet, we forgot to shut her off, noon and night...we forgot to send her... food."

When the words fell, the man seemed to have predicted his death, and his body was trembling.

"What are you talking about?" Before Walter could speak, Phillip, who was standing by and listening, had an attack first, "Damn, you are still not humans, and you don't deliver food to others, and she is hungry all day??"

"Sorry Mr. Walter, we really didn't mean it... She didn't speak, could she be hungry?"

A woman who hasn't eaten for a day, is a pregnant woman, maybe she is really hungry.

Phillip was ashamed of this incident, so he could only speak: "Young Master Ye, or let's go back first. Assistant Shen is very hungry for a day."

Walter's eyes were electric, and finally he hummed, and Phillip pushed him downstairs.

I don't know when 938b3d3e, Ana Shen lying on his body has closed her eyes and fell asleep in his arms.

When she went to bed, Walter realized that she had fainted.

Walter's expression changed: "Go directly to the hospital and call Mom Chen to make digestible things and send it to the hospital."

Chapter 80

hospital

After the doctor checked Ana Shen, he turned around and said to Walter, “The patient should have been frightened.”

Frightened? Walter narrowed his eyes. How could she be frightened by staying in the room? Is it possible...

Walter remembered the darkness when he went to the villa.

Is she afraid of the dark?

“The patient should have been terribly scared, too scared, causing her to fall into her own fantasy now, so...”

Phillip glanced at Ana Shen who was lying on the hospital bed in a strange way, and said suspiciously: “It’s normal for ordinary people to be afraid of the dark, but even if you are afraid of the dark, you won’t be too frightened to this degree? Doctor, she doesn’t have anything Injury or something?”

“I’ve been checked. Except for low blood pressure and poor physical fitness, there are no other abnormalities. But, is she pregnant? Can’t be frightened often in the future, I think she has a fetus If this happens frequently in the future, it will cause miscarriage at any time.”

“But doctor, why on earth is she doing this?”

Phillip recounted the situation at the time, and the doctor thought for a while before re-said: “It may be that the patient has a psychological shadow on this environment, so the psychological damage to her will be ten times stronger than that of ordinary people. “

“Psychological shadow?” Phillip subconsciously looked at Walter.

He pursed his thin lips, his gaze fell on Ana Shen’s face and remained silent.

“Then doctor, when will she wake up?”

“Wait, let her slow down first. The patient has to make adjustments before she wakes up.”

Phillip was taken aback, and almost wanted to ask if the patient did not make adjustments by herself?

After the doctor left, only three people remained in the ward.

“Sao Ye, Assistant Shen may not wake up tonight, right?”

As soon as he finished speaking, Phillip felt that the atmosphere around him had become a lot colder, and he quickly took two steps back: “Then I will go and see if Madam Chen is here.”

After Phillip quickly left the ward, the ward finally calmed down, Walter kept staring at Ana Shen’s pale face and did not move away.

What is going on?

Have a psychological shadow on the darkness?

Ana Shen had a long dream.

In the dream, she was the only one who became smaller and looked like four or five years old. She was locked in a small dark room with no lights, no water, and no food.

There is only one, a small bed with a thin quilt.

She huddled around in the corner, huddled in a small ball, and occasionally heard a noise outside, which made her nervously sensitive and shivering.

She was hungry for three whole days, her small body was almost skinny, her eye sockets were sunken, she didn't look like a person at all.

Squeak

The door was pushed open, and a figure came over to face her with a gasp!

The little Ana Shen couldn't stand the pain and screamed.

"You dare to call, you are a money-losing thing! You dare to call!"

"Ah!"

"My old lady will make you hurt and disobey you today, and I will make you disobey me!"

"No, it hurts... don't hit me..."

In the quiet and silent ward, Ana Shen, who had been lying quietly on the bed, suddenly yelled and attracted Walter's eyes.

"Don't fight, it hurts... Mom..."

Walter rolled the wheelchair close for a few minutes, and his tall body slightly leaned over to get close to her. He frowned slightly when he heard the words overflowing from her mouth.

Do not fight?

pain?

From these two words, Walter seemed to have captured some important information, and Ana Shen seemed to be in a daze and did not wake up. These words were completely unconscious. Next sentence.

Walter frowned slightly, stroking her forehead with his hand subconsciously, his fingertips slowly fell on the corner of her eye, and wiped the tears from the corner of her eye.

On weekdays, the three-dimensional features are almost tangled together.

This feeling... painful, right?

“Wake up!” Walter’s voice suddenly got worse!

“It hurts... it hurts...” Ana Shen said over and over again. Seeing that her expression was really painful, Walter suddenly grabbed her thin white wrist with a big hand and used some force: “Wake up! Don’t live in a dream! “

Probably because his strength was too great, Ana frowned more tightly, still shouting pain, but opened her eyes quickly.

Without warning, her eyes just met Walter, and the movement of Walter’s hand subconsciously released, and a bruise appeared on Ana Shen’s white wrist.

However, before Walter had time to say anything to Ana Shen, Ana Shen closed her eyes and fainted.

Walter: “...”

It's just that after closing her eyes this time, Ana Shen didn't call any more pain, and the expression on her face returned to normal, unlike the previous one.

What was it like before?

Although Walter had never seen a dead person, Ana Shen's previous appearance really gave people the feeling that she had died, lying there quietly and motionless, with no anger on her entire face.

It's different now. Although she is still lying there with her eyes closed, her face is angry.

Walter breathed a sigh of relief, his gaze fell on her wrist, and he stretched out his hand again, gently rubbing his fingertips on the bruise, his movements were so gentle that he didn't even notice.

About fifteen minutes later, Phillip brought Chen's mother back. As soon as Chen's mother came in and saw Ana Shen lying on the hospital bed again, a touch of pity appeared in her eyes unconsciously.

"These two young ladies, why are they so imaginary? Last time they were hospitalized, they were hospitalized again today."

"Take good care of her." After Walter told Chen's mother, he rolled the wheelchair and went outside, and Phillip quickly followed.

"Sao Ye?"

"Check all of Ana Shen's information, including her previous ones, and check everything in every detail."

Hearing, Phillip's pace was a bit surprised: "Young Master Ye? Why did it suddenly occur to me to check Assistant Shen's information? Isn't she..." Isn't

she married? Anyway, the two will get divorced after half a year. What do you do to check the information?

“I want it tomorrow morning.”

Immediately afterwards, what Walter said successfully changed Phillip’s expression, “What? Tomorrow morning, then I want to stay overnight...”

“something wrong?”

A eye knife swept over.

Phillip straightened his back: “No problem, absolutely no problem!”

“I will send you the information tomorrow morning!”

To say so, but to search a person’s information in one night is really fatal.

Especially after a tossing before, it is already past 10 o’clock now, he is already very tired and has to check the news.

Early the next morning, after Walter got up and washed, Phillip sent him the information on time.

“Mr. Walter, I found the information for you last night. I think I know why Shen Zhu is like that. Take a look.”

After speaking, Phillip handed over the information.

Walter frowned: “Why?”

Chapter 81

“Mr. Walter, according to the information, Assistant Shen was trafficked when she was young.”

When Phillip’s words sounded, Walter happened to see where he was talking.

“Because Assistant Shen is different from other children, she was locked up in a small dark room alone. According to the police at the time, she was locked in the room for three days and nights without a mouthful of water and a mouthful of food. , No one has ever visited her.”

Hearing this, Walter’s hand holding the information had silently tightened.

“Three days later, the traffickers went in and beat her. According to what was said at the time, Assistant Shen was dying when the police found her, and it took a long time for her to survive in the hospital.”

Speaking of this, Phillip paused, and then not particularly naturally: “At that time... Assistant Shen was only four or five years old...”

Four or five years old, was hungry for three days, did not give water to drink, unexpectedly...

Walter felt as if something had hit his heart fiercely. The information was crumpled in his hand, and Phillip watched silently from the side and reminded him.

“Young Master Ye, something is wrong with you?”

Hearing this, Walter’s eyes changed, and he reacted, the cold eyes shot the knife towards Phillip, and he immediately did not dare to silence.

“Assistant Shen, I was probably locked up in the house yesterday. After the power outage, the darkness of the house might remind her of the past, so she was like this.”

Such a dark but desperate experience was how desperate it should be for a four or five-year-old child at the time.

In what state of mind can she survive?

Walter suddenly thought of the bewildered eyes when she first entered the night house and heard her get out of the night house, and then rushed to negotiate with him to get the chance to stay.

“Go to the hospital.”

Walter threw the information aside, and then rolled the wheel to go outside.

hospital

Ana Shen slept for a whole night. Chen Ma guarded her all night without seeing her opening her eyes. The doctor came to check and found that she was too weak, so she gave her an infusion.

Halfway through the loss, Walter came, and Chen Ma immediately got up.

“Second Young Master, you are here.”

“Mum Chen, are you awake?”

Madam Chen shook her head: “No, I watched this all night, and the second youngest grandmother never opened her eyes.”

Hearing, Walter’s eyes were tight, but she still hasn’t woken up yet?

“But the doctor came to see her and said that her mood has recovered, everything is normal, and she should wake up soon.”

Having said that, Chen's mother paused: "I think the doctor's words should be correct. Since the second youngest is about to wake up, I will go back and prepare first, and then I will bring some fresh food."

"Yeah." Walter replied, his voice hoarse.

Phillip spoke with the same hoarse voice: "Mother Chen, you have been through the night, I will send you back."

"No need, I'll take a bus, and it will be there soon. You and the second young master have heavy dark circles. Didn't you rest all night?"

When Phillip complained about this, he didn't sleep normally, but Walter... why didn't he sleep all night?

Phillip actually leaned forward to check Walter's eye circles.

"Are you going to die?" However, as soon as he brought his head to him, Walter's gloomy gaze fell on his face, and Phillip immediately backed away.

"Mr. Walter didn't sleep last night... was it because he was worried about Assistant Shen?"

"..." Walter frowned.

"Young Master Ye, have you noticed that you are facing Assistant Shen..."

"What do you want to say?" Walter's voice was so cold and arrogant that it was not like a normal person, and the gloomy aura was exposed.

Phillip licked his lips and said nervously, "Mr. Walter...do you like Assistant Shen?"

Walter's pupils shrank, and he turned his head quickly, his eyes deep as a wolf.

Phillip took a big step back abruptly, so nervous that his forehead was sweating: "Ye, Younger Ye...I'm just kidding! You don't need to react like this, right?"

Walter did not speak, but the expression on his face and eyes made it clear that he was particularly fierce, as if he was about to eat people. Phillip suddenly regretted it and swallowed hard.

"Mr. Walter...If you don't like Assistant Shen, then just deny it. Why... so much reaction?"

Click...

Phillip heard the sound of the joints, and he seemed to expect that if Walter were to punch him, he might break a few bones, so he quietly moved back.

"Ahem..."

However, at this time, the person lying on the hospital bed coughed twice, which resolved the deadlock.

Walter, who was still full of murderous eyes with cold eyes, immediately turned his head and rolled the wheel to the bedside after hearing Ana Shen's coughing, "Pour a glass of water."

Phillip also reacted, pouring a cup of warm water and handing it forward at the fastest speed.

Ana Shen fell asleep for a long time. When she opened her eyes, she was still a little uncomfortable with the indoor light. She opened her eyes slightly, and

then closed them uncomfortably. After a long time, she opened her eyes again. It was a handsome and familiar face.

Ana Shen's eyes were dull, still in a state of unconsciousness.

Walter saw her eyes like this, the blue veins on her forehead jumped, wouldn't it be the same as yesterday?

The next second, Ana Shen closed her eyes, the expression on her face was a bit painful, and she coughed slightly.

"Sit up." Walter stretched out his hand and slowly helped her get up, Phillip stepped forward and handed water: "Assistant Shen, first drink water to moisten your throat and stomach."

Ana Shen lay on the bed, sat up without listening to Walter's words, nor did she pick up Phillip's water.

"Assistant Shen?"

Ana Shen lay there quietly without moving, but her eyes were looking straight at Walter.

She looks a little hairy.

Walter did not pay attention to Ana Shen's eyes, and reached out to help Ana Shen sit up.

Snapped...

However, before he touched Ana Shen, Ana Shen slapped his hand away.

Phillip: "..."

Walter: "..."

Walter frowned slightly and squinted to look at her.

He looked at her eyes, as if...Hate?

Is he wrong, or does she really hate him? Blame him for putting her in the room?

"Go away!" Ana Shen said aloud after looking at each other for a while, her voice sounded dry and dull.

Walter frowned deeper, and his voice became colder: "Second married woman, do you know who you are talking to?"

Ana Shen bit her lower lip without answering.

"stand up."

He ordered.

She doesn't move.

Walter shot, and Ana Shen wanted to shoot him away, but how could Walter get twice by the same method? This time, he simply clasped her wrist, and the other one went directly behind her and helped her up.

Ana Shen is thin, so light, plus she has been hungry for a day and night, she has no energy.

So it was immediately supported by Walter.

“You let me go!” She struggled angrily, the needle in her hand crooked, and then bleeding came...

Chapter 82

The bright red immediately pierced Walter’s eyes, and his hands unconsciously let go of Ana Shen, but his brows frowned deeply, “Damn, what are you doing?”

Regardless of the bright red on her hands, Ana Shen shrank into the corner.

He embraced herself with hatred in her eyes.

Walter narrowed his eyes, “Do you hate me?”

Ana Shen didn’t speak, but her eyes were full of hatred for Walter.

“Blame me for what happened yesterday?” Walter sneered, but unconsciously looked at the bleeding place on her wrist. His voice gradually became colder: “You won’t be able to take a word of softness, and you won’t give a word of explanation. It will take you for one day. ,Any questions?”

Ana Shen bit her lower lip, still staring at him angrily.

Walter felt helpless and could only say, “Come here.”

But Ana Shen was not moved at all.

The blue veins on Walter’s forehead bulged, and the forbearing anger was hidden between his eyebrows. His voice was cold: “My patience is limited. Do you come here by yourself or do you want to make me angry?”

There was a heavy atmosphere in the ward, Ana Shen's hands were still bleeding, but she just sat there and refused to move forward, her beautiful eyes staring at Walter angrily.

Standing behind and watching this scene, Phillip felt that 1d3c01eb was extremely shocked.

Assistant Shen...what the hell is going on? But Mr. Walter brought you out of the villa in person last night!

"Damn it!" Walter cursed in a low voice, leaning towards Ana Shen with his big hand.

Ana Shen wanted to avoid his touch, but he grabbed her thin arm all at once, then pulled it over, and heard him gritted his teeth and said: "Go and call the doctor."

Phillip was stunned for a second and nodded.

After the doctor came, he bandaged Ana Shen's hand, and then sighed: "It's fine if you wake up, but this lady is too weak. It's better not to move."

"I see, thank you doctor." Phillip thanked the doctor while sending her out.

Ana Shen was unwilling to cooperate in the whole process, but her strength could not break the shackles of Walter.

It is very strange that he is a man in a wheelchair, how can he have so much strength?

"Walter, you let me go..." Ana Shen was so angry that she kept trying to break free from his hand, but Walter's hand was tightly locked on her hand like an iron chain.

His eyes were dark and frightening.

“You better quiet me down, or else... I will throw you downstairs from here.”

Hearing, Ana Shen had a pause.

Walter’s thin lips moved slightly, adding: “This is the sixth floor.”

Ana Shen: “...Walter, you bastard.”

“Heh.” Walter couldn’t help but sneered. The hand holding her arm gradually used a bit of strength, “I’m so bold, I dare to call my name directly.”

Seeing his frowning, Ana Shen subconsciously said with a frightening light in her dark eyes, “Do you think I’m afraid of you? If you have the ability, you throw me down.”

Walter: “...”

Ana Shen bit her pale lips, “Anyway, if I die, you can’t escape.”

Murder pays for life.

“Heh, who said that if you fall down, you will die?” Walter moved his hand to the back of her head and held her head close to him. The distance between the two suddenly narrowed, and his breathing almost blended.

Walter’s handsome face was maximized in front of her eyes, so big that her eyes couldn’t focus, only the sharp eyes revealed by his dark eyes, and her low and charming voice sounded in his ears.

“Immortality and half-handicapped are the most terrible. When the time comes... I break your arm or leg and sit in a wheelchair like me every day.”

“...” Ana Shen breathed, her pupils dilated a little. “you!”

Unexpectedly, he actually said something like this to her, obviously... he has been sitting in a wheelchair, obviously... that is his sore spot!

He actually said it so grandiosely.

“Do you want to try?” Walter pressed the back of her head, the two foreheads pressed together, breathing together.

Ana Shen... heard her heartbeat start to change slowly.

If he was beating violently because of anger, right now, because of Walter's approach, the aura on his body gradually enveloped her, and the male hormonal aura haunted her.

Her heartbeat gradually accelerated because of tension.

As long as she breathe, she feels all his breath.

Ana Shen blinked nervously, and the mood in her beautiful eyes changed slightly.

She was so nervous, she stretched out her hand to push his chest, “You let me go...well...”

Without warning, Ana Shen's soft lips were kissed.

Walter almost subconsciously stepped forward and grabbed her lips severely.

Ana Shen's eyes widened, and the light in her beautiful eyes trembled with surprise.

He actually... kissed her again.

After indulging her in the dark house, even after she was taken away, he didn't even turn his head to look at her, but pressed her head here and kissed her.

What does he think of her? What do you think??? ???

Do you think she is so miserable and ridiculous, and deliberately humiliate her?

Ana Shen was surprised at first, but after she figured out the twists and turns, her anger grew more and more.

But Walter's kiss got deeper and deeper, and he even put his tongue into her mouth wantonly, drawing more sweetness and fragrance that belonged to her.

"Hmm. Let go..." Ana Shen struggled hard. It's okay not to struggle. After struggling, Walter kissed deeper, and even reached out with the other hand to pinch her jaw to prevent her from escaping.

Ana Shen was almost forced to endure his kiss.

There is nothing beautiful about this kind of kiss, only humiliation!

Endless humiliation!

Ana Shen couldn't push him away, so he could only think of other ways.

She suddenly bit his tongue hard!

"Hiss..." Walter took a deep breath and snorted in pain.

A strong smell of blood filled the lips of the two of them. Just when Ana Shen thought he would let go of her, who knew that he actually took a bite into her lower lip.

“Well...” Ana Shen snorted painfully, the features of her small face wrinkled together.

Slowly, Walter withdrew his lips and tongue, staring at her evilly.

“Do you still bite?” He asked against her forehead. Because of the blood stained, his lips were especially bright red. With those deep and deep eyes, he looked a little coquettish at this time.

Ana Shen touched her bitten lower lip and was so angry that she directly raised her hand and slapped him.

Snapped!

She didn't have much strength, so the slap on his face looked weak, not painful or itchy.

But for Walter, this was the first time he was slapped in the face by a woman. He didn't expect that the woman in front of him who seemed to have been counseled would suddenly be so bold as to slap him.

“How dare you...”

Snapped!

Ana Shen moved an inch and slapped him on the other side of his face.

She bit her lower lip, “This is your shameless price!”

Walter turned his head, eyes fierce like wolves, almost swallowing her into his belly!

Chapter 83

This woman really had the courage to eat, so she dared to shoot him twice in a row.

Walter squeezed her lower jaw, the force was so strong that she almost crushed her bones, Ana Shen suffered from pain, her face instantly turned pale again.

“Since you hate me so much, then you might as well give me a little bit of fun. If you want to throw me downstairs, you can throw me downstairs, or you can kill me if you want. Why humiliate me again and again like this?!”

Although the chin was pinched by his big hand, and the force hurt her forehead to sweat, Ana Shen decided to slap him to the end.

“Humiliated?” Walter narrowed his eyes dangerously.

Does she actually think that the kiss just now was a humiliation to her?

In fact, Walter didn't know why he kissed it at the time, but when he approached her, he suddenly saw that the calm eyes seemed to have aura, and then he kissed it unconsciously.

Then, the more you kiss, the more you indulge in it.

He was still thinking about what kind of magic power this woman had, and he bit his tongue.

Then of course she...will have to pay for it.

“You are the first woman who dared to slap me!”

“I’ve been hit, what do you want?” Ana Shen said without fear of death.

What does he want?

It stands to reason that according to his past temperament, she would have to get rid of half her life even if she was not dead, but when facing this woman, he found that he could not get the hand off.

“Heh, not so good? Don’t you think I humiliated you?” Walter smiled coldly, and leaned close to her lips, his voice blurred: “So, what do you think?”

“Hmm... well.” Ana Shen wanted to push him away, her lips pressed tightly again, sealing her voice.

Disgust arose in Ana Shen’s heart, but her eyes widened in the next second, because Walter’s hands actually plunged under the hem of her clothes, and then...covered...

She bounced almost instantly, pushing Walter away forcefully, and her body moved back, but Ana Shen couldn’t think about other things, so she jumped out of bed with great effort, and then was far away from Walter.

Walter raised his eyebrows: “Escape? Where do you think you can escape?”

Ana Shen bit her lower lip and suddenly remembered something. She stretched out her hand and wiped her lips vigorously.

In front of Walter’s face, Walter was easily irritated by her actions. She was actually wiping her lips. Walter’s face became gloomy, and he approached her with a sneer, “Try again!”

His voice was cold, like Shura from hell. Ana Shen saw him rolling the wheel towards her, as if she was covered in black, and she was frightened. The next second he gritted his teeth and said: “What about rubbing? , You can’t catch me anyway!”

When the words fell, Ana Shen turned around and ran outside.

Phillip, who happened to follow up, slammed into a bump. Phillip’s body straightened back. Ana Shen’s heart ached, her back pressed against the wall, Phillip clutched his chest: “Assistant Shen, what are you doing? go with?”

Ana Shen ignored him and ran outside after passing him.

Phillip was a little puzzled, and walked to Walter and asked: “Mr. Walter, Assistant Shen, she...woke up?”

Walter’s motion of turning the wheel stopped, his expression sullen and stopped in place, his eyes staring at him coldly.

“Didn’t you see it?”

Phillip nodded: “Yes, I didn’t expect that she would have the strength to run when she woke up without eating all day, and it hurt me a bit.”

The blue veins on Walter’s forehead jumped.

Phillip: “Mr. Walter, Assistant Shen quarreled with you?”

Walter: “...”

Phillip: “Aren’t you going after her?”

Walter: “...”

It was his fault to find such an assistant.

Ana Shen ran out of the hospital in one breath. When she stopped, she was out of breath, out of breath, and her eyes turned black, almost limp. Ana Shen had to quickly hold on to the wall, slowly squatting down and closing her eyes.

After a long rest, she opened her eyes again.

My eyes have regained brightness.

She squatted on the cold ground, only to realize that she hadn't even worn her shoes, and the pain from her tongue clearly reminded her that Walter had previously humiliated her and she could not go back.

Walter that bastard!

Ana Shen clenched her fists, and then reached out to wipe her lips again.

Finally, she stood up slowly and watched the people around.

It's probably because she looks a little strange now, so passers-by look at her a little strange.

Ana Shen gave a wry smile, lowered her eyes and walked forward.

"Ana?"

A familiar voice rang from behind, and after Ana Shen's steps, the man rushed over, "Ana, is it really you?"

Ana Shen looked up and found that the person walking towards her was Ben Lin.

How did he meet her here?

Ana Shen's face changed slightly, and she speeded up to walk forward, but she hadn't eaten since yesterday, and almost fell after two steps. Ben Lin stepped forward to support her.

"Ana, why don't you ignore me when I call you and send text messages?" Ben Lin's expression was anxious, but his tone was full of questioning. It seemed that she didn't notice that she was wearing a sick gown at this time, and she looked frail. Unbearable look.

Ana Shen pushed away her hand and took a step back with a sneer.

"Stay away from me, you scumbag."

Ben Lin's attempt to move forward stopped in this way. He looked at Ana Shen incredulously: "Ana, you said...I'm a scumbag?"

Ana Shen looked at him coldly.

"Ana, do you believe I have difficulties?"

Ana Shen turned around and left. Ben Lin hurried to catch up and grabbed her hand. Ana Shen was so sick that she backhanded and threw him away: "You let me go, don't touch me!"

Ben Lin put his hand back with a wounded look, and stood aside looking at her faintly.

"I really have difficulties, I hope you can listen to me explain."

"Explanation? We have done the divorce procedures, right? I have nothing to do with you."

“Because Bo’er is pregnant, I must be responsible to her, Ana, can you forgive me?”

Ana Shen: “...”

He actually had the face to say such things, Ana Shen laughed at him, and then looked at Ben Lin: “Ben Lin, do you think I Ana Shen looks like a fool, or in your eyes I am Just a fool? I will always cook and wash for you unconditionally, always think about you, no matter what you do, I don’t mind, even if you bring Xiaosan home, or even if she is pregnant and have a baby, I can forgive you? “

“Isn’t it?” Ben Lin asked, frowning: “I thought you were like this, Ana, as my wife, shouldn’t you forgive your husband?”

Ana Shen: “...”

It was really the first time she felt so helpless, and the first time she realized how terrifying a person’s face is.

She sneered: “I didn’t expect you to be shameless to such an extent.”

“Ana, am I wrong? Which man isn’t looking for Xiaosan outside? Just the one you were looking for that day? Who is he? Why are you with him?”

Chapter 84

“Ben Lin, why do you question me about this? What does this have to do with you?” Ana Shen backed up two steps, keeping a distance from Ben Lin.

What she didn’t understand was what kind of ecstasy she had been poured into before, and why she was so desperate for the man in front of her in two

years, and only today did she discover that Ben Lin was such a shameless person!

Was he pretending too well before, or was she always stupid?

“Of course it matters!” Ben Lin took a step forward and clasped her shoulders: “How could you find another man after our divorce? Why would he treat you so well? He is so rich, you are Didn’t you come to him a long time ago? Did you stay with him before we got divorced? I always thought you were a good woman, but I didn’t expect you to be so shameless as you adore vanity!”

Ana Shen was shocked!

She looked at the man in front of her incredulously and realized that he was really shameless to a certain level.

It doesn’t make much sense to talk to him anymore, Ana Shen sneered, looking at him coldly.

“Yes, I just love vanity, I just shamelessly, I admit it, can you let me go now?”

He is really a good ex-husband!

After being together for two years, the first time he saw her was to question her, she never considered whether he had done something wrong, nor could he see that she was not wearing shoes, she was still wearing sick clothes and her face was pale. Look like.

Ana Shen really felt that he was really blind before.

“Let go of you? That’s impossible, you must apologize to me.”

Ana Shen: “...Let go of me.”

“Ana, after apologizing to me, you have to apologize to my mother, you deceived us...”

“Hehe, I said the last time, let me go!” Ana Shen was so angry, she slapped Ben Lin with a backhand, and Ben Lin was furious after being slapped by her.

“I didn’t expect you to be a bitch. Well, since you are so shameless, then I won’t be polite to you!”

Ben Lin grabbed her arm and dragged her hard, Ana Shen’s strength was no match for him, “You let me go, let go!”

“You shameless woman, I want you to go back to my house and apologize to everyone, and I want you to tell everyone what you have done shamelessly!”

“Let go of me...” Ana Shen’s arm was very painful and painful when he pinched, and this violent drag made her eyes gradually black.

Suddenly, a tall figure stood in front of Ben Lin and prevented him from moving forward.

Ben Lin looked at the man who suddenly appeared in front of him, frowned and dragged Ana Shen in another direction. Who knew that the man had also changed his direction, and he had blocked his way again.

Ben Lin was unhappy: “Who are you? Why stop me 6523d150?”

The man smiled slightly, his voice extremely gentle.

“Sorry, the lady you dragged is my younger sibling.”

“Sisters?”

Hearing a familiar voice, Ana Shen raised her head and saw Curtis.

He was wearing a white shirt that was kept without a trace of wrinkles. Although Ben Lin was blocking the way, his eyes were still gentle, and he looked like a gentleman.

Therefore, Ben Lin looked at him like this, with a very bullying appearance, and was not afraid of him at all.

“She is your younger sibling, then she is still my wife, I can do whatever I want to her!”

“I said she was my younger brother and sister, you said she was your wife? Are you my younger brother? Why am I not sure about this?” Curtis Ye smiled slightly, but a dangerous light appeared in his eyes.

Ben Lin: “Is it annoying? Don’t be nosy, it’s between me and her.”

“Don’t let anyone go? I’ll give you five seconds.”

Having said that, Curtis took out his mobile phone and directly pressed 110.

“If you still haven’t let go of her after the phone is connected, don’t blame me for calling the police. I think... the police should be very interested in trafficking in people on the street.”

Curtis Ye released the hands-free.

beep...

beep...

Curtis has an aura in his body, which makes people think he is not joking. Ben Lin was really frightened by him. After hearing that sound three times, he finally released Ana Shen. Then he stared at Ana Shen fiercely: "You wait for me, you won't be so lucky next time."

Then Ben Lin quickly fled the scene.

Curtis moved quickly and hung up. Ana Shen looked at Curtis, and her lips moved: "Big brother...Thank you."

As soon as the voice fell, her body fell forward weakly.

Curtis's expression changed, he reached out to catch her, and then embraced her in his arms.

When he met her, Curtis realized that Ana Shen was very thin and thin, and he could touch her bones with this touch.

"Brother sister?" Curtis Ye called her, and Ana Shen had closed her eyes tightly and was unconscious.

Curtis's eyes suddenly felt distressed when he looked at her. He stuffed the phone into his pocket with one hand, then stopped Ana Shen's legs with one hand, and hugged her sideways.

But this scene fell into the eyes of Walter and Phillip who were chasing out not far away.

After Phillip witnessed this scene with his own eyes, after seeing Curtis Ye hug Ana Shen horizontally, he felt that the aura on Walter's body had become different from before, making Phillip who stood beside him feel like he was in hell. .

He stammered and explained for Ana Shen: “Well, that... Mr. Walter, Assistant Shen fainted.”

Oh, Walter sneered in his heart.

Of course he knew she passed out.

Didn't you feel very strong when you bit him and beat him? At this moment, seeing Curtis, she fainted weakly, and fell into his arms?

Ah.

What a ridiculous woman!

“Assistant Shen, I haven't eaten from yesterday to today, and she don't have the strength... it's normal to faint.” Phillip was still explaining for Ana Shen.

Walter did not answer.

“Ye, Mr. Walter... shall we... go up and grab Assistant Shen back?”

Walter turned his head abruptly, staring at him sharply, and Phillip immediately shivered: “Then, let's go?”

“What do you do to grab her?” Walter sneered, and his hostility rushed towards his face: “Whoever wants to go to her arms.”

Phillip: “...Young Master Ye, are you jealous?”

Walter shot him with an eye knife, and Phillip subconsciously stepped back two steps, “If Mr. Walter doesn't want to come out in person, then...I can do it.”

“you dare!”

Okay, I don't want to go and don't let him go.

I don't admit that he 'm jealous, but when he sees Assistant Shen being held in his arms, he is so angry. Those eyes are so angry that they are almost on fire. Others are not blind. Can they see it?

“Then Ye Xiao, where are we going now?”

Walter: “Back to the company.”

“Then Assistant Shen?”

“You try to mention her name again?”

Phillip successfully shut up, and Walter rolled his wheelchair by himself, but gritted his teeth with anger in his heart.

That damn woman, who was still kissing him one second before, fell in the arms of another man the next second, she was really shameless, so prosperous, towards Qin Muchu!
