

Nothing to Give but My Heart Chapter 891 – 900

Chapter 891

Since George knew that Duanmuxue was taken home by Duanmuze, Duanmu Aotian made a fuss and felt refreshed, feeling that the wicked woman finally got her due punishment.

After the excitement, George felt depressed again.

In other words, he used to like women for several years. In those years, she was really his light, and his eyes followed wherever he went. Later... his sincerity was thrown under the foot broken.

George took out his cell phone and took a look at the time. It was almost night. He flipped through the list of business cards and found that he didn't even have anyone to talk to.

George fell down, feeling that he too failed.

For such a long time, he didn't even have a close friend, Yuchi, that bastard, he would only say something cold to himself if he called now.

He is a friend who can make heart-to-heart, but not a person who can talk and chat!

After thinking about it, George felt that it was better to go for a drink by himself, but he drove outside and looked at the shops selling all kinds of food.

A girl's face suddenly appeared before George's eyes.

She was so moved as she ate, she looked at herself with tears and said, "You are so kind!"

Or, tell her to come out for a big meal?

After all, she is the only one who would tell him that you are really nice when you eat.

Fifteen minutes later

Luo Li carried the bag into the hotel, and after confessing to the waiter, she was taken to a box.

As soon as she entered the box, Luo Li could smell the fragrant smell, the delicacies of the large table exuded the tempting fragrance, and George was sitting in the middle of the food.

George in this scene is far more seductive than a handsome man with long legs.

Luo Li walked over quickly, put her bag down, and asked aloud, "Why did you invite me out to eat suddenly at night?"

"Here?" George glanced at her and explained: "My uncle is in a good mood today. Doesn't this miss you? So I invite you to a big meal."

"But... so much, can we finish eating?"

"Don't worry, eat slowly, it doesn't matter if you can't finish it."

Anyway, he just wanted to find someone to accompany him today, Luo Li was a good choice.

Looking at him with a generous look, Luo Li swallowed subconsciously: "Can I take it away if I can't finish it?"

George: "...Yes."

Luo Li was moved immediately: "Thank you!"

Then she picked up the chopsticks and began to eat. George stared at her. When the food was imported, the little white face showed a satisfied expression again, and then became moved, and finally she looked at him with tears in her eyes.

"The food in this restaurant is so delicious, too? George, you are so kind!"

Here again, she started to praise him again, as long as she eats delicious food, Luo Li is a different person.

Thinking of her savage appearance before, George couldn't help but want to tease her, so he asked, "Really? How good is it?"

Luo Li was stuffing food in her mouth while muttering, "It's very good, and the world is the best!"

George couldn't help but laugh, "Then you praise me? Well, I will treat you to a big meal every day for the next month."

It's just a compliment. Luo Li doesn't like this. It's just that she doesn't like flattery, so she licked her lips and said, "Although the one-month condition is very tempting, I can't praise you without my conscience."

Hearing, the smile on George's lips froze. He probably didn't expect Luo Li to say that. He narrowed his eyes and said, "Are you serious? Don't I even have the advantages?"

The expression on his face turned frustrated in almost a second, Luo Li instantly became embarrassed and muttered: "Actually, you also have advantages."

George seemed to have lost hope for himself, and asked with a wry smile: "Really?"

He used to think that Duan Muxue looked down on herself because she had no eyes, but now Luo Li's words suddenly wake him up, maybe... is he really worthless?

Luo Li nodded: "Of course, everyone has strengths and weaknesses. Although the news I heard about you was passed on to me by others, I found that you still have strengths in these few meetings."

"Then tell me, what are my advantages?"

"Sincere, I think you are sincere to others, do you know how difficult it is for Stella to approach? Because I and her are both Chinese, so I want to get close to her, but she is very wary, I rely on sincerity Touched her. So she can accept you as a friend, which shows that you are also very sincere. The most important point..."

At this point, Luo Li paused, seeming to be hesitating, before raising her eyes to look at him for a while and saying, "You are quite sympathetic."

Sympathy?

Luo Li lowered her eyes, did not eat anything in her mouth, her mood was significantly lowered. "I know, you said that you invited me to a big meal, but you actually feel sorry for me. Those who invite me first and then wait until I have the money to invite you later are just comforting me."

George was taken aback, but he didn't expect to be discovered by her.

At the beginning, he simply invited her to eat to accompany her, but then she cried when she saw the delicious food. He felt compassion, so he promised to invite her to dinner.

Unexpectedly, she knew all about it.

“Thank you.” Luo Li raised her head and looked at him with serious eyes for the first time. “I used to see you always wear a filter, but now I find that I still can’t listen to other people’s words. No matter what others say about you they all only saw one-sidedness, not all of you, so...you can’t just talk about a person’s character.”

George: “...”

He was stunned for a long time before he realized that he was comforted by a little girl.

Damn, it made him strangely moved. George saw that she was looking at him seriously with big eyes open. There were crystal tears on her eyelashes, which flickered, and her silhouette became brighter and lovelier. .

George was in a daze.

When he came back to his senses, he couldn’t help but spit on himself fiercely in his heart. A little girl like Luo Li is definitely not the type he likes. He likes the bright and beautiful Duanmuxue, but... He thought Luo Li was also very beautiful just now?

Thinking of this, George touched his nose, really hell!

“Okay, stop talking nonsense there, even if you don’t say nice things, I will still treat you to a big meal, hurry up and eat you.”

Hearing, Luo Li couldn't help but widen her eyes: "Really? Why didn't you say it earlier?"

George: "?"

Luo Li: "If you said that earlier, I wouldn't have to think so much to praise you."

After that, Luo Li shook her head helplessly and continued to eat. Afterwards, she raised her head and said again: "Don't forget your promise."

George: "..."

"What should I do if I suddenly want to take back what I said before? Even if you don't really praise him, but just say it, why don't you immerse him for a while?"

George felt that his heart was deeply wounded.

The kind that is more serious than broken love!

However, all the previous sadnesses seemed to disappear suddenly.

Chapter 892

It was getting colder and colder. When Stella came out of the hospital after the review, she was trembling with the cold wind.

Song An took off the scarf from her neck and gathered it around Stella.

Stella hurriedly pushed off: "No need, my aunt, the weather is so cold, you will get cold if you give me the scarf."

Song An looked at her helplessly, and couldn't help but reproach: "You also know that you will get cold. Why don't you wear more when you are in Yemen? Knowing that she is a pregnant woman, she is so careless."

Being blamed by her, Stella didn't dare to resist half a word, accepting it silently.

Song An tied the scarf for her, and when she spoke, the heat exhaled from her mouth in circles. She looked at the surrounding buildings and said, "Chinese New Year is coming soon. I think I will spend time with you abroad this year. Chinese New Year."

Hearing, Stella was taken aback for a moment, and subconsciously followed her gaze.

Is it so fast? Actually... New Year is coming?

She gently stroked her lower abdomen with her hand. By the time of the New Year, the baby in her belly was exactly three months old.

Stella thought of her son, Levi, who is far away in China.

"I haven't seen him for a long time."

And since she moved to live with Walter, she has rarely video with him. She doesn't know if the little guy is doing well now, does he miss her very much?

"Okay, don't stand stupidly here, get ready to go back."

"Ok."

The two walked forward, arm in arm with each other. As soon as they reached the side of the road, a car stopped in front of the two of them. It didn't look like a taxi or a private car home.

Soon, the car door opened, and several men gathered around.

Four or five men wearing black suits and sunglasses, looking a bit like gangsters, Stella frowned and looked at them calmly.

Song An looked at these people and sneered: "Are you busy?"

Several big men were expressionless, one of them seemed to be the leader and said: "Our master wants to see you."

Song An: "Really? Which is your master? Why should he want to see us, we have to see him?"

"Miss Song An, please don't make us embarrassed, the host just wants to invite the two to be guests."

"Then you go back and tell your family who dare not show their true colors. We don't want to be a guest."

After finishing speaking, Song An took Han Zhuzi's hand arbitrarily and prepared to leave.

Upon seeing this, the men frowned and immediately stepped forward to surround the two of them in Tuantuan, blocking their way, "Miss Song An..."

Song An frowned and sternly shouted: "Get out of the way!"

Several men looked at her like this, they had no choice but to retreat to the side.

Song An took Stella away, and several men looked at the background of these two people's departure, leaning together and discussing something.

After walking for a short distance, Song An's pace slowed down, "It's really a lingering, annoying fly."

Stella held her hand, and the road was very quiet.

It was already obvious who the owner was mentioned in the group of people just now. They wanted to invite Song An to go back, but they didn't dare to say anything to her, so she yelled at her and retreated.

Who else but Mr. Yuchi?

Thinking of this, Stella couldn't help but say: "Maybe, Grandpa Yuchi really wants to see you."

Hearing, Song An took a step forward and suddenly turned her head to look at Stella.

Her eyes were deep and faint, and they looked a little scary. Stella was staring at her and her scalp numb, "What's the matter?"

Song An said: "He wants to see me. What does it have to do with me? It was already very clear back then. If it wasn't for you and Walter this time, I wouldn't be here at all."

Stella was a little guilty: "I'm sorry, auntie, it's all because of me that I made you take a trip."

"It's okay." Song An stretched out her hand and squeezed her face. "It's almost noon, or you can call Walter and let him take care of it at the company today. Let's go out to eat at noon. I know there is a store. I miss it. I don't know if the smell there is still on."

Stella replied repeatedly, and then sent a message to Walter, saying that he was eating out with his aunt at noon, and let him solve it at the company.

After sending the text message, Song An saw her put her phone away, and pulled her into a car that was blocked just now. After telling the driver the address, she said, "Actually, since you are with him now, then you You don't need to go to work in the company in the future."

Hearing that, Han Muzhen was a little stunned, "If I didn't go, would he think I was the kind of lazy, lazy, and very vanity woman?"

Song An: "...Do you think you are?"

Stella shook her head: "No."

"What is there to say? You are not that kind of person, and Walter would not look at you like that. If you are not pregnant, you can go to the class as long as you want, but if you look at how you are now, review it today. What did the doctor tell you when?"

Thinking of the doctor's earnest words, Stella pressed her lips and did not speak.

Since she was pregnant with the second child, her body seems to be much worse.

No, it should have been from the Walter plane accident, that was not easy to eat and sleep well, and went out to get caught in the rain and developed a high fever, and then all sorts of busy work. At that time, she felt physically exhausted and could not bear it very well. .

But she didn't expect that after coming here, she had a relationship with Walter, and there was a miscarriage.

Think of Levi, she experienced so much when she was pregnant with him, and her body is very good, but now...

Thinking of this, Stella sighed heavily: "I know, I will find a way."

The two quickly arrived at a store, and Song An stopped when she reached the door.

"Is that the store that the auntie said?"

Song An looked at the decoration in front of her and the people inside, the light in her eyes slowly dimmed, "No."

Things are right and people are wrong, so many years have passed, it is normal not to open.

Stella felt that she was feeling down a lot, and said: "Or, let's..."

"Just eat something here."

"it is good."

Surprisingly, the taste of this restaurant is not bad. After lunch, Stella felt that she couldn't hold back peeing. She sighed helplessly: "Auntie, I'll go to the bathroom."

Very helpless, after pregnancy, there is a troublesome place, just can't hold back urine.

Stella put her phone and bag on the table and went to the bathroom. When she washed her hands and came out of the bathroom, she met someone who stopped in front of her and looked bad.

Stella's face changed, and her thoughts turned quickly, and she immediately said, "You want Song..."

It's a pity that before she finished speaking, she received a heavy blow on the back of the neck, and all the words that followed stopped. She wanted to say something, but before her eyes came bursts of darkness.

Immediately afterwards, Stella lost all consciousness.

Chapter 893

Song An sat alone in the dining room for a long time, but Stella never came back. The phone on the table vibrated. Song An took a look and found that Walter had sent it to her information.

But Stella didn't even see a figure now.

Let's wait for her to come back and read the information.

Song An put the phone back, and after waiting for a while, Stella still did not come back.

Song An frowned and felt something was wrong.

She invited the waiter to settle the bill, then picked up Stella's mobile phone bag and asked the waiter to take her to the restroom of the restaurant.

As a result, the bathroom was empty and there was no one.

"What's the matter? People?" Song An asked the waiter.

The waiter also looked strange, "I don't know. The lady just passed by after asking me the location of the bathroom. After that... I didn't seem to see her come out either. I thought she might be uncomfortable with her stomach, so I did. Did not ask."

Didn't see her come out?

"Apart from this restroom, are there any other restrooms in your restaurant?"

The waiter bit his lower lip and shook his head: "No, this is the only restroom that our employees use."

After hearing that there was only one restroom in the restaurant, Song An thought about what happened before, and she instantly understood what had happened.

Oops.

“Guest, how about... shall we go in and look for it?”

Song An came back to her senses and said coldly, “No, there is nothing inside.”

Song An can probably guess where Stella has gone now, and the expression in her eyes and the aura around her suddenly cooled...

Yuchijin!

Song An turned around and walked outside, but unexpectedly found that there was a detour on the corridor, so she went around directly.

“Ah, how did this door be opened?”

Song An was absolutely sure of what happened to Stella now. She really didn't expect that her father, Yuchijin, could actually do such a thing.

Oh, it would be impossible for her to recognize this father in this life!

Song An turned around and went directly out of the restaurant, just as Stella's cell phone rang, it was a call from Walter.

Probably because he has not received a reply from Stella, so he called.

“This matter... If you tell him, will it make things complicated?”

It was obviously the matter between her and Yu Chijin, and Stella was only involved.

She should solve it by herself.

Thinking of this, Song An didn't answer the phone, and simply mute the phone, and then went on.

After walking a few steps, a car suddenly stopped in front of her, and several men got out of the car and surrounded her.

Song An quickly recognized that these people were the ones he met in the morning, but now there were two people missing.

Ah.

Song Anhuan raised her hand and looked at them with a sneer: "Why, do you even want to kidnap me?"

After speaking, she stretched out her hands, "Do you tie your hands or feet?"

After listening to her, the head of the head suddenly changed a bit, and shook his head fearfully: "Don't dare, Miss Song An, we are here to invite you."

"Please?" Song An narrowed her eyes dangerously. "If you invite someone, you will get the people around me away?"

The leading man could only say: "This is also a last resort, Miss Song An can get in the car."

"Where is she?" Song An asked in a cold voice, looking at him, and did not move forward for half a minute, "If you dare to touch her hair, believe it or not, I will tell you to sit in prison?"

The face of the person talking to her changed, and he explained quickly.

"Miss Song An, don't worry, as long as you follow us, our people will not behave to her."

After getting the answer, Song An guessed that Stella was not in their car, and it seemed that she would not see Stella even in the car.

"However, if you don't get in the car, she will never see her."

"Miss Song An, please get in the car."

The person in charge had already opened the car door for her and made a gesture of asking. Song An pursed her lips and had to walk into the car.

Yuchi Family

Yu Chijin sat in the living room, holding a photo frame in his hand. In the photo frame was a picture of a family of four.

Yuchijin in the photo is still very young. Although she is middle-aged, she is still very handsome. The woman standing next to him is obviously about his age, but the years have not left too many marks on her face. At first glance, it is a well-maintained, gentle and polite woman.

There are two children, one tall and one short, holding two small hands together, and the two small bodies are still cuddling each other, looking very close.

Back then, the family of four was harmonious, so don't be too envious of others.

But now?

There was only his old man in the entire Yuchi family.

The skin of the old fingers was already wrinkled, and Yu Chijin's fingertips stroked the faces of his wife and daughter in the photo little by little, gradually wet the corners of his eyes.

Yu Bo on the side saw this scene and sighed heavily in his heart.

"Master, don't look at it. Some things cannot be changed."

Yu Chijin raised his head, obviously there were tears in his eyes, still holding the photo frame in his hand, but muttered and asked: "Yu Bo, did you think I did too many bad things in my previous life? That's why I gave it to me in this life So many punishments?"

Although many people know his name, there are many industries and countless properties under his name, but... his wife is scattered, and there is no one who stays by his side and asks warmly.

Yu Bo couldn't speak for an instant, thinking of the current situation of the old man, it was indeed a bit miserable.

The two were silent, and someone walked in after a while.

"Master, Miss Song An is here."

Yu Bo and Yu Chijin were stunned at the same time, and then subconsciously looked at each other, seemingly surprised by the news.

After a while, Yu Bo smiled: "Lord, look, God still treats you kindly, isn't Miss An An coming back? Go and invite Miss Song An in."

The person reporting turned around and went out.

Soon, he came in with Song An, then quit and waited outside.

And when Yu Chijin saw Song An appear in front of him, he was still a little dazed, thinking that he was wrong, or else this daughter who didn't want to see her would suddenly come to him and take the initiative to find him?

A certain thought flashed through his mind, Yu Chijin thought, is it because of Walter's business again?

Yuchijin thought about it, but when he turned back, he felt a little wet in the corners of his eyes. He quickly reached out and wiped the corners of his eyes, then coughed lightly and told Yu Bo: "Housekeeper Yu, ask the servant to prepare tea and snacks."

Song An also saw the tear marks on the corner of Yu Chijin's eyes. She was taken aback for a moment, feeling something stuck in her heart, but she was quickly replaced by anger.

There was nowhere to vent her anger along the way, it all accumulated.

Now finally looking at Yuchijin, Song An stepped forward and shouted.

"Don't be hypocritical, you know I am not here for tea and snacks! Yuchijin! Do you have a conscience? At this time, you actually asked someone to tie her here. Do you know that she is pregnant?"

Chapter 894

Yu Chijin was stunned by Song An.

Even Yu Bo, who was on the side, was stunned, and did not recover for a long time.

Song An is really angry! !

She had just accompanied Stella to the hospital for an examination in the morning, and the doctor ordered her to pay attention to her body and protect the child in her stomach. What happened? Their people took Stella away. These people are all big and thick men, who knows if they will hurt her?

Now she doesn't know how she is, Song An is really desperate and said directly: "Where is she, take me to see her?"

It was also at this time that Yuchijin recovered. He asked suspiciously, "An An, who are you talking about?"

He had a vague guess in his heart, but... but he was shocked.

Seeing that he was still pretending to be stupid now, Song An was so angry that she stepped forward and grabbed Yu Chijin by the collar, "Dead old man, you still pretend to me now. Didn't you hear what I just said? She is pregnant. You still don't let me see her now. If she and the child in her belly have any shortcomings, I will never forgive you in my life!"

Steward Yu heard some doorways next to him. Watching Yu Chijin's collar was pulled by Song An, and her expression and tone didn't seem to be joking, so she could only step forward quickly.

"Miss An'an, let go of your hand first and make your words clear. You suddenly came over to say this. I don't know what happened with the old man?"

Hearing, Song An's eyes widened in shock, "Uncle Yu, it's now, are you still lying to me?"

Housekeeper Yu: "Miss An'an, Uncle Yu never lied or deceived. You know this. The old man and I have been staying at home today and haven't gone anywhere. What is going on with you, first Calm down and say it?"

Song An: "..."

Even if Yu Chijin didn't admit it, Song An would not believe it, but Song An knew that Yu Bo was not the kind of person who could lie and force others, and he could be regarded as Yu Chijin's right-hand man these years.

Thinking of this, Song An let go and said coldly, "Didn't you find someone to find me and Stella?"

Yu Bo touched his nose and spoke on behalf of Yu Chijin: "This is true, but on that day, wasn't Miss An An angry? So I plan to ask again in a few days."

"Uncle Yu, didn't you ask anyone to find me today?"

Yu Bo shook his head.

Song An glanced at Yu Chijin: "Is that the person you called?"

Yu Chijin didn't expect his daughter to be like this. He was really shocked by her just now, and now she was talking to him and he came back to his senses and spoke helplessly.

"I want to be someone, but would you like to see me as a father?"

Song An: "..."

"Heh, you guys are really good, and you deny them one by one so quickly. Do you know how I got here? The person who brought me in just now kidnapped Stella and made me have to come and see you, the old man."

Yu Chijin: "..."

Yu Bo finally noticed something and hurriedly called the people outside.

“What’s the matter? Miss An An said you kidnapped someone?”

The person’s expression changed, and he quickly explained: “Steward Yu, it’s not kidnapping. We just invited her back. Don’t the old man want to see Miss An An? So are we...”

“Asshole thing!” Yu Bo cursed angrily. “What’s the matter with you? Where are people now?”

The man opened his mouth, trying to explain but couldn’t say a word. He touched his head depressedly. Didn’t the old man read Miss An An every day? He finally figured out a way to invite people back, why was he scolded?

“I will take you there!”

When the man was depressed, he led the way, and Song An turned around and followed.

Yu Bo stepped forward to help Wei Chi Jin, “Master, let’s go too.”

Yu Chijin also thought about what was going on, why he was deducted a hat, so he followed along.

The three of them left Yuchi’s house and were followed into a small alley. Song An couldn’t help frowning as he watched the environment, and his eyelids jumped fiercely.

Yu Bo and Yuchijin looked at the smaller and smaller alleys in front of them, their expressions getting worse.

The person leading the way finally stopped. When he wanted to take out the key to open the door, he found that the worthless lock had actually been picked, and the door in front of him was just concealed.

His face changed, and his mind was lost.

“Is that this?”

Song An reacted faster than him, and directly bypassed him and opened the door and walked in.

As soon as she walked in, Song An felt the dust blowing on her face, choking her throat extremely uncomfortable, and stretched out her hand to cover her mouth and nose. The house is not very bright, but the light coming in through the windows can be seen clearly.

She looked around for a week, but did not see Stella’s figure.

Song An was furious at once: "Where are people?"

The man was a little panicked by her yelling like this, and said anxiously: "I, I don't know. After I brought her here, I locked the door and left. But just now I found that the lock was picked. ...She ran away?"

And Yu Chijin and Yu Bo looked at each other, guessing why Song An was angry just now.

Yu Bo was so angry that he gritted his teeth and asked, "What's the matter with you? Why do you pretend to bring people here? Can you afford it if something happens?"

The man was reprimanded by Yu Bo, and his face changed. "Housekeeper Yu, I see that the old man is reading Miss An An all day, so I want to have the courage to ask for it, but...Miss An An is not willing, I am I don't want to see the old man frowning all day, so..."

"So you are brave enough to bring people here?" Yu Chijin's voice added a harsh tone, staring at him gloomily.

The man knelt down beside Yu Chijin with a plop.

"Master, I didn't mean it, I just wanted to..."

He only regarded it as an ordinary person. He didn't care when he saw Song An with her. He casually found someone to tie her to threaten Song An. As long as Song An sees Mr. Yuchi, he will be successful.

But now that woman is gone. It would be okay if she escaped back, but what if not?

"What do you want to do?" Yu Bo scolded from the side: "Don't say you watch the old man frown all day, so you want to help him solve problems?"

The man nodded: "Yes, I do have such thoughts, old man, can you..."

"What are you doing?" Song An interrupted a few people impatiently, and said with a sneer: "The people you got here are gone now, and you still have the heart to intercede here? I tell you, if she has something long and short, I must make you believe it ten times or not? See if you still have the life to intercede here!"

The aura on Song An's body was too strong, and the man was so scared that he dared not speak.

Song An calmed down quickly: "She didn't bring her mobile phone or money. If she escaped by herself, then she should not be able to go far now. We can send someone out to find it. But if..."

Chapter 895

She didn't finish the rest of the story, but everyone was tacitly aware.

Yu Chijin was silent for a moment, and suddenly said, "Yu Bo, you will immediately take someone to find it nearby. If there is no one nearby, then look for it in a farther place. Be sure to find it."

Yu Bo's face was rarely serious and nodded.

"I know the old man, I will go right away."

After Yu Bo left, Song An didn't worry about waiting here, and was about to leave, but he stopped by Yu Chijin when he passed by.

"You are here, you can't find her on your own."

Hearing, Song An stopped and looked at Yu Chijin coldly.

"So?"

"Go home with me first. If Yu Bo sends someone to find it, there will be news soon."

Song An directly rejected Yu Chijin's proposal without even thinking about it, and said coldly, "No, I am not as leisurely as your old man. Under such circumstances, I can still sit still and wait for news."

Yu Chijin: "..."

"I never thought that my kindness would be rejected. Yu Chijin always knew how much my daughter hated her, but now that she is treated like this, his old father still feels uncomfortable."

Song An was only thinking about Stella's affairs. She came out with herself and was still implicated because of her own affairs. If anything happened to Stella this time, she would not be able to withstand death.

Song An was too anxious to think that she was still pregnant with her baby in frail health and said harshly.

"In short, if Stella and the child in her belly have any shortcomings this time, I will make the entire Yuchi family pay the price!"

After speaking, Song An Yangchang left.

When Walter's call came in again, Song An answered without hesitation this time.

"Stella?"

A calm male voice came from the other end, causing Song An to frown her eyebrows and whisper: "It's me."

The phone was quiet for a while before Walter's voice resounded.

"Aunt Song? Why is Stella's mobile phone with you?"

"It's like this..."

Song An told Walter a long story short about what happened today, and only after making sure that the other party understood it, he said: "Sorry, I didn't expect such a thing to happen, because of my personal grievances, so..."

Originally, Song An was still hesitant to talk about the relationship between the Yuchi family and her. After all, she exposed it. However, it can't be said at this point. So when she talked about the Yuchi family, she only said that she had

been with her before. The Yuchi family had some grievances, but I didn't elaborate on what they were.

Song An thought he would ask about his relationship with the Yuchi family, but Walter didn't.

"I know, I will send someone to find her right away."

After hanging up, Walter called George directly.

At this point in time, George is inviting Luo Li to have a big meal, because he is fulfilling his promise to invite Luo Li to have a big meal in the next month.

As soon as something came up, George's cell phone rang.

He glanced at it, it was actually Walter's call, and quickly answered it.

"What wind is blowing today, you actually..."

However, George was interrupted by the other side before he finished speaking.

After listening to the opposite, his face became worse and worse, and in the end he even became more and more ugly.

Luo Li, who was sitting opposite him, watched the whole process of his face change. After he hung up the phone, she couldn't help asking him, "What happened?"

Hearing Luo Li's voice, George came back to his senses. Thinking of what she was going to do, his eyes showed apologize: "I'm sorry, I can't eat with you today, but the dishes are all finished. What do you want to eat later? Look at the menu and order it yourself, and it will be charged to my account."

However, Luo Li did not expect George's to put down his chopsticks, "You haven't told me what happened. Is it serious?"

When mentioning this, George's face was filled with anger, "Yes, the situation is very serious, I am going to help now!"

After speaking, George got up directly.

Upon seeing this, Luo Li also got up with him: "I'll go with you."

Others are in a hurry. She is eating here herself, which is too embarrassing. Although Luo Li is a foodie, she still understands some accidents.

"Huh?" George stunned: "You want to go with me?"

"Yeah, many people are so powerful, don't you want to help? Don't think I am a girl, I am very strong, and I can help with many things."

George: "...you don't eat anything?"

"Don't eat it, it's important to help you! I'm not a loyal person!"

Looking at her sincere face for a while, and then thinking about her relationship with her sister-in-law, George felt that it was okay to take her with him. After a little thought, George nodded: "Well, you go with me, but if you have If it's dangerous, don't get involved."

in danger? Luo Li thought for a while, and then said: "Don't worry, I'm good at running away, no one runs faster than me!"

George snorted: "You seem to run away often."

"Who said no?" Luo Li muttered.

“What?”

Luo Luo realized that she had said something wrong and quickly explained: “Oh, just say it, don’t you want to leave? Hurry up, don’t delay.”

The two left the hotel together, and the waiter stopped them when they got out of the box, “Young Master Qiao, this...”

“We have to go first if we have something to do. The account is on my head, and the food at that table is even if I ask you to eat together.”

The waiter was taken aback, and then smiled in his eyes, “Thank you, Young Master Qiao.”

It hurts...

When Stella woke up, she felt a terrible pain in the back of her neck, and subconsciously wanted to lift her head to caress the back of her neck, only to find that her hand could not move.

She moved, and after realizing that her hand was tied, Stella opened her eyes quickly, but what was greeted by an unfamiliar environment.

And she was lying on the ground at this time, her hands and feet were tied up with rope, and she could not move at all.

Memories flooded in my mind. Stella finally remembered what happened before. She and Song An went to the restaurant for dinner, and then went to the bathroom halfway. When they came out, they met someone who wanted to invite them to be guests in the morning. She was knocked unconscious when she was thinking about talking.

Did they kidnap them?

Stella breathed a sigh of relief. If it were them, they should have threatened Song An to return to Yuchi's house with themselves, and they would not be in any danger.

"Just, why do you want to tie her hands and feet like this?"

It hurts...

Stella frowned and wanted to struggle, but the more she struggled, the tighter.

When she was struggling, there was a faint female voice behind her: "Don't struggle, all I tied are dead knots. If you have hands, you may be able to untie it carefully, or you may be able to untie it, but now you without hands, if you struggle like this, you will only get tighter."

This voice...

Stella stopped and turned her head.

Chapter 896

A familiar face came into her eyes.

She has fair skin and beautiful and delicate face, but now she looks more embarrassed than when she first met, her dark circles are also very deep, and even her hair looks messy.

Duanmuxue.

How could it be her?

The moment Stella saw her, Stella was very surprised. There was an incomprehensible emotion in her beautiful eyes. Shouldn't those people belong to Yu Chijin? But how does she see Duanmuxue now?

In her gaze, Duan Muxue's mouth gradually revealed a strange smile, looking at her quietly.

"Isn't it weird, could it be me?"

Stella pursed her lips and did not answer. Her neck hurts, and her tied hands and feet also hurt. But the only thing to be thankful for is that her stomach is quiet.

It's just that Duanmuxue in front of her, she doesn't know if there will be any crazy actions at any time.

"I asked you to tie you here. This is my territory. With the forces of the Duanmu family, I want to tie you. It's very simple."

Stella quickly flicked her eyes around and quickly understood the surrounding environment.

The surrounding layout is similar to the hotel, but compared to the hotel, it has lost several levels. Han Mubi used to stay in such a hotel when she was a secretary.

The price is very cheap, basically only a bed and a table, and a bathroom.

Duanmuxue brought her here, and reminiscent about her returning to Duanmu's house before, and Stella quickly figured it out.

"And then?"

When she heard her own voice, Stella had already asked her.

Hearing, Duanmuxue narrowed her eyes slightly and stared at her: "Aren't you afraid?"

Stella: "..."

"When you wake up here, you are the only one with your hands and feet tied. Are you not afraid? Shouldn't you panic and cry? Why are you not afraid? Why don't you shout? Your name is Walter. Come to save you?"

"You tied me here for this?" Stella frowned.

Duanmuxue sneered: "Of course not."

She stood up, walked towards her step by step, stretched out her hand to pinch Stella's chin. This action immediately caused Stella's pain, and she subconsciously frowned her eyebrows, but made no sound.

Seeing this, Duanmuxue's force on her chin was directly increased, her nails stuck to her flesh, and a few traces of her white chin suddenly appeared.

As if she could find pleasure in this way, Duan Muxue's eyes showed pleasure, and she asked her proudly: "It hurts, right? Please me!"

Stella: "..."

It was really painful, but Stella couldn't do it if she asked her to ask someone like this.

"Let me beg you, what qualifications do you have?" Stella struggled to escape her restraint, fell to the side, Duanmuxue saw this, her complexion changed

and wanted to catch her, but Stella said directly: " Can you change Walter's view of you like this?"

These words struck Duan Muxue's mind, her movements stopped, and strong hatred surged in her eyes.

"You are right, I really can't change Walter's view of me by doing this. He still...will not like me."

Having said that, Duanmuxue's mood suddenly became sad again. She lowered her eyes and looked particularly low, and muttered to herself: "Why? I obviously worked so hard to take care of him. I like him so much. , Why can't he look at me more, even one look?"

Tears slipped from her eyes bit by bit, and fell on the cold floor.

Stella watched the woman in front of her fall to the ground, then raised her head and looked at her in tears.

"Obviously he has lost his memory, and everyone doesn't remember you anymore. Why does he still have a soft spot for you? What kind of magic is there in you?"

"..."

How can she have any magic?

"You may think too much. There is no magic in humans, but once you remember certain things, people will never forget them again. Even if you can't remember them one day, they are already engraved in your life. In the trajectory, it does not disappear if you lose your memory."

Stella's tone was faint, as if she was explaining something that had nothing to do with her.

She didn't know why Walter had a soft spot for her at the beginning, but it wasn't until she got along these days that she vaguely realized this reason.

Although he seems to have lost his memory, his previous experience does not mean that he disappears. When a familiar person approaches him, his brain and body will react to them. Although it is not very strong, it does exist. .

Duan Muxue listened blankly, tears still falling.

Stella raised her eyes, her eyes fell on her face.

"I know that asking for nothing is probably the most uncomfortable thing in this world. Even life, death, sickness, and death are not terrifying, but there are some things you can't get even if you barely get it. And from the beginning, you do it wrong."

"Done wrong? What did I do wrong?"

"You violated principles and morals. If you knew his identity at the beginning, you would stay away from him and restrain your own private thoughts, then things would not happen to the point where you are today. You don't have to give him medicine, either. There is no need to be driven out by the Duanmu family."

Hearing the last sentence, a panic flashed in Duanmuxue's tearful eyes, "No, you are talking nonsense, I was not driven out by the Duanmu family. My grandfather was only angry for a while. When he calms down, I will still be Duanmu. My eldest!"

"Really?" Stella raised her lips and smiled faintly: "What if you let him find out that you did this kind of kidnapping today?"

Duanmuxue was stunned.

Stella grabbed her eyes: “Do you think he will calm down, or will he be more disappointed in you?”

After a while, Duanmuxue explained to her in a panic: “No, grandpa won’t be disappointed in me. What I say is his granddaughter, and today is not you who I kidnapped. It was kidnapped by the Yuchi family. Of you, I just picked it up for cheap. As long as I tell Grandpa clearly, this matter has nothing to do with me.”

Looking at her appearance, Stella really felt a little abnormal.

Otherwise, with the education of the Duanmu family, how could Duanmuxue be so stupid, she really doesn’t know why a person with such a good family education can be so fragile and overwhelmed.

A little frustration actually caused her to have this kind of psychology and become mentally abnormal.

“How could it have nothing to do with you? As long as you are involved, whether you are the commander or the hands-on, you are involved.”

If Duanmuxue is cutting Hu, then she can only save her.

She can’t afford to pay now, nor dare to stimulate Duanmuxue, Stella thought for a while and said seriously: “I’ll discuss it with you. You will loosen the tie for me. Let’s leave this hotel together. As if it had never happened.”

Chapter 897

She assume that today’s events have never happened.

Duanmuxue could only hear these words, she stared at Stella, who was bound by her hands and feet, she was sitting there leaning against the wall, although she looked embarrassed at this time. However, the light in her eyes

was still very firm, calm and relaxed, and her strategizing way was compared with her own, and the difference came out instantly.

Obviously, she is the eldest lady of the family, but her aura is completely suppressed by her now.

Duan Muxue felt uncomfortable, she was not inferior to her in everything, she bit her lower lip fiercely, her eyes revealed a trace of unwillingness.

“Untie you? As if nothing happened?”

Stella was so nervous that her palms were sweaty, and she was also very scared when facing a mentally abnormal person. Because the other party may look normal now, but what should she do if he suddenly becomes ill and rushes over to her in the next second?

However, Duanmuxue’s situation should not seem so bad, she can still communicate with herself, as long as she slowly guides her, she won’t be hurt today.

“Yes.” Stella nodded, “I can assume that nothing happened.”

Duan Muxue gritted her teeth, “How is this possible? I tied you here, how could you think that nothing happened? Are you lying to me? After you get out of here, you immediately report to Walter. Go, and then tell my grandfather, then I will be all over.”

Stella: “No.”

She spoke quickly and firmly: “I, Stella, tell me what I have to say, and I will do it if I say it. I said that as nothing happened, then after I go out, I will never mention today’s things again. .”

Duan Muxue sneered: “Do I think I would believe it? You told me this to save yourself, but I’m not stupid!”

“That’s right.” Stella pursed her lips and nodded: “I am indeed trying to save myself, but I am also saving you.”

“What did you say?”

“Am I wrong? If something happens, do you think you can escape?” Stella shook her head, “If you can’t escape, I’m missing here. You are the biggest suspect. When the time comes, Yuchi’s family will be with Duanmuxue. People join in, and you will be discovered sooner or later. But if you let me go now and we leave together, if I am fine, you will naturally be fine, and no one will suspect you. Wait a few days, you If your grandfather died down, you can naturally go back to be your Miss Duanmu again. Why do you have to go this way?”

Although Duan Muxue hated her very much, she had to admit that what Stella said was quite right. If Stella had any shortcomings, she really couldn’t escape.

But can she believe her?

Can she really assume that nothing happened?

“You are not a saint, you will definitely make mistakes, but as long as you correct them in time, you will still have a chance. Duan Muxue, although I didn’t like you from the beginning, even if you gave Walter medicine, I hate you even more. , I think there is a problem with your three views, but that doesn’t mean you can’t change it and go back to be your Miss Duanmu, okay?”

Duanmuxue was moved by her, her eyes began to flicker.

Stella hit the iron while it was hot and turned sideways: "I've been in a coma before, so I don't know how long it has been now. If you figure it out, hurry up, maybe they might find here later."

These words were like a hard knock on Duanmuxue's Tianling cover, she slammed and reacted.

"What are you talking about? Are they likely to find here?"

"Of course, if I never go back, they may still call the police, so... you'd better leave here together before the police arrive. I'll explain to you when the time comes."

Duan Muxue hesitated, Stella was not anxious, and sat quietly waiting for her.

After a while, Duan Muxue slowly walked towards her, and then squatted down beside her, leaning her fingers towards the ropes tied to her hands and feet.

Seeing this scene, Stella only felt that her heart was still beating very hard, hoping that everything could go on smoothly.

"Will you really explain it for me?" Duan Muxue put her hand on the rope, raised her head uncertainly and asked.

Stella pursed her lips and met her eyes.

"I will never lie to you."

Her eyes were clean and sincere, like a spring water without impurities, without a hint of malice. Seeing such eyes, Duan Muxue's lips trembled: "You, don't you hate me if you are uncomfortable? I have done so much..."

Hearing, Stella showed her a kind smile.

“Although you kidnapped me, when I woke up, you only tied my hands and feet and didn’t hurt me.”

Based on this, it is enough to see that Duan Muxue still has a conscience in her heart. Since she still has a conscience, she will give it a push, which is good for both of them at this moment.

“So, I believe you are not bad in nature.”

These words, for Duan Muxue at this moment, undoubtedly gave charcoal in the snow, her eyes widened at once, and tears filled her eyes, but they did not fall.

Suddenly, she knew the difference between her and Stella.

After a while, Mu Xue cast Muxue lowered her eyes, silently untie the rope in Stella’s hand, she moved very quickly.

Soon, the rope on Stella’s body was untied. Before she could stretch her legs and hands, she stood up against the wall.

Duanmuxue stood there and looked at her crampedly, “Will you go now?”

Hearing, Stella nodded.

“Correct.”

She said she was leaving now, but neither of them moved. Although Stella believed that she had a conscience, she couldn’t do anything for the sake of her children, so she was extremely careful.

Duan Muxue glanced at her suspiciously: “Why don’t you leave?”

Stella leaned on the wall and said slowly: “The legs are a bit numb.”

She was telling the truth, her legs were indeed numb, and she was lying on the ground tied up all the time, let alone her feet, her hands were a little numb at the moment.

Seeing that her face was not good, Duan Muxue did not doubt, but did not take the initiative to go.

After a while, she asked.

“Are your legs well?”

Stella nodded when she saw that she was still in a stable mood.

“Then let’s go, remember what you promised me and explain it for me. From now on we will return to the bridge and return to the road.”

“it is good.”

The two of them walked outside together and opened the door. Stella held his breath and walked slowly forward. She had already observed it when she came out. Duan Muxue didn’t have any sharp weapons in her hands, just walked out and separated from her. , Then I am safe.

It’s just that she arranged everything herself, but she didn’t count the subsequent change.

When the two reached the top of the stairs, Stella stepped down, but suddenly heard a familiar male voice.

“Quickly, the surveillance found it, it’s upstairs.”

Stella’s pupils shrank, and subconsciously speeded up the steps under her feet, but she was still a step slower.

Duan Muxue pushed her anxiously and irritably!

“So you lied to me!”

Chapter 898

When the male voice came from downstairs, a rush of footsteps followed the sound.

Stella’s heart jumped fiercely, only to feel that something big was not good.

She just coaxed Duanmuxue. Isn’t this now a horror?

She just wanted to turn her head to talk to Duan Muxue, but Duan Muxue was obviously already stimulated. She felt ashamed for herself when she thought that she had been coaxed by Stella’s words just now, and she was moved to tears.

Unexpectedly, she actually lied to her!

Moreover, since those people are here, she will definitely be captured on the spot!

No, she can’t be caught!

All of a sudden this thought was left in Duan Muxue’s mind.

Push her down!

“If you push her down, when their people are in chaos, she can take the opportunity to leave, and she will run away and return to Yuchi’s house!”

With thoughts together, Duan Muxue didn’t hesitate at all, stretched out her hand and pushed Stella’s back, then turned and ran!

Stella didn’t have a chance to talk anymore. She was pushed in this position, and there was no place to grab around. She was about to fall as soon as she saw. She closed her eyes and stretched out her hand to protect her lower abdomen.

Don’t...

She finally won the opportunity. If it is really destroyed like this, what will she use to atone for her sins in the future?

Just when Stella thought she would fall, a pair of big hands caught her in time, and the familiar breath broke into her breath. Stella opened her eyes suddenly, just in time for a pair of deep and gloomy eyes.

The steady and cold eyes on weekdays are no longer calm and full of anxiety. Although the big hands that are holding her are strong, they are shaking gently. The rapid breathing can tell how much effort and effort he has just taken. How anxious at the moment.

Stella’s eyelashes quivered slightly, and excitedly grabbed her white shirt with her backhand, trying to say something, but couldn’t say a word. Not only that, but she also felt dizzy in front of her eyes, and it was getting stronger and stronger.

In the next second, she fainted directly in Walter’s arms.

Since the two met, before they had time to say a word, Stella fainted in her arms.

Walter frowned and directly hugged her horizontally.

“Hurry up, people ran over there!”

George brought a group of people directly upstairs, and Luo Li, who ran behind, stopped when he saw Stella and looked at her panting.

“Stella? President, is she okay?”

Walter glanced at the visitor, and there was no such person's face in his impression, but the anxiety that looked at her should be Stella's friend. Although he was reluctant, he still sternly replied, “I'll take her to the hospital.”

After speaking, Walter hugged her horizontally and turned and walked downstairs.

Luo Li nodded, subconsciously wanting to turn around to follow.

After walking two steps and seeing the tall and slender figure that looked extremely cold, Luo Li's steps came to a halt again.

Forget it, although she was very worried about Stella, but that was the president of the company after all, she was so unfamiliar with him, more than unfamiliar. She had never thought about talking to this person before, after all, she was a small employee of the company.

It is still too strange to follow up now.

She came with George, so let's go chasing people with George.

As for Stella, seeing Walter worrying about her so much, she must be fine.

After making up her mind, Luo Li turned around silently, and ran in the direction of George.

Duan Muxue pushed Stella down, turned and ran.

She regretted it as soon as she finished pushing!

Why was she so impulsive? She had told herself that she would speak for her, rather than lie to her, but their speed was too fast, so she came over.

If she didn't do anything just now, she can still defend herself a few words. ,

But now?

She pushed Stella down.

Just now... that voice Duan Muxue is very familiar. George who has been with her for a long time before, that guy... He also liked her own before.

He is here, if it were him, Walter... must have come too.

If Walter knew that she had pushed Stella down, he would definitely hate her to death.

She did another heinous thing, but now she has taken this step, she can no longer look back, Duan Muxue dare not listen, nor dare to see what happened to Stella who was pushed down by her. She only know that she keep running forward.

As long as she leaves here, returns to Yuchi's house and seeks protection from her grandfather, she should be fine.

Although grandpa was angry with her, if she really had something to do, grandpa would definitely not stand by and watch.

After all, she is his granddaughter!

Thinking of this, Duanmuxue ran forward more quickly, but there was a dead end in front of her, and she had nowhere to run.

Duan Muxue turned her head and saw someone catching up behind her. If she looked back, she would definitely be caught.

At exactly this time, a tenant came out of the room, Duan Muxue rushed in, and then pulled the person out.

“Hey, what are you doing? Let go of me!”

Boom!

Duan Muxue broke into the house directly, then closed the door with a slam and locked it directly.

The tenant who was pulled out stood there with a dazed expression, and didn't know what was going on. It wasn't until George's people rushed to surround her room that the tenant showed a look of horror.

“You... what are you... doing?”

He stammered.

George glanced at him, and said coldly, “Did that woman enter your room just now?”

The tenant nodded, “Yes, she suddenly rushed over, grabbed my room card, and went in and locked it.”

George frowned, his expression a little unhappy, the landlord stepped back in shock when he saw so many people with him: “It’s none of my business, she rushed over by herself.”

“I know, we have something to deal with here, you can leave first.”

The tenant hesitated, “My room card...”

George drew out a few coins and handed them to him, “Leave first, this room will still be yours after you have handled it, understand?”

This is a small hotel. It is very cheap to stay for one night. The tenants saw that he had so much money in his hand, and he was not calm at once. He quickly reached out and took it, and then ran aside.

Luo Li also caught up at this moment, and she stood in front of George with her waist akimbo.

“Where is the person? Didn’t you catch it?”

Hearingly, George glanced at her, then looked into the room: “Hidden in.”

Luo Li glanced at the room, then at the people around the door, pursing her lips, she understood what was going on.

She took out her phone and started calling, and George asked her, “What are you doing?”

“Call the police, or the hotel won’t cooperate with us to open the door.”

Hearing she was about to call the police, George subconsciously stretched out his hand to stop her movement. Luo Li looked up at him puzzledly: “What’s the matter?”

Chapter 899

George pursed his lips, and looked away badly: “Don’t call the police.”

To call the police, he could call the police as early as he came.

However, he still has a little selfishness.

If this matter is called the police, maybe... Duanmuxue is over. According to the influence of the Duanmu family, once this matter involves the police coming in, the incident will become complicated, and then it will be infinitely expanded by others.

Because this is not a simple matter.

It was Yuchi’s family and Duanmu’s family.

He didn’t know how he still had this selfishness, George thought to himself, this was the last time.

After this time, he will definitely cut off all his thoughts.

“Why didn’t you call the police?” Luo Li still looked puzzled, “How do we get in?”

George: “Go to the side, I’ll settle this matter.”

“No way.” Luo Li didn’t know his thoughts at all, and shook her head, “You ask me to eat, but I can’t repay you. If you don’t let me call the police, then... I will open the door for you?”

George: “???”

Luo Li put away the phone, then opened her bag, took out a thin wire from the small box, then walked to the door of the room and started picking the lock.

George: “...”

Everyone: “...”

Click...

The wire broke, Luo Li smiled awkwardly: “I got it wrong.”

Then she threw away the one in her hand and took another one from the small box.

Seeing Luo Li’s weird actions in front of him, George felt that he might as well have asked her to call the police just now, it would be better than she did these weird actions.

Duanmuxue, who hid in, shivered with fright. She walked toward the window, but found that she had nowhere to escape. She retreated into the bathroom, only to find that the person who had just gone out was in the bathroom without washing, and the bathroom was full a disgusting smell.

Duanmuxue almost vomited and quit quickly.

There was no place to hide in the small hotel, and the people George led had already arrived outside, and she even heard the voice of him talking to those people.

Knowing that it's no use hiding here.

Duanmuxue has nowhere to call for help, it is best to take out his mobile phone and call Duanmuze.

Dudu...

The phone rang for a long time before Duanmuze answered her call.

Duan Muze was about to go to a meeting, when he saw her call, he picked up, unhappy: "What's the matter?"

"Brother...oooo..."

Who knows that his voice hasn't completely fallen down yet, Duanmuxue's depressed cry came from the other end.

Hearing this cry, Duan Muze frowned, "What's the matter?"

"Brother, you save me, save me, okay?" Duan Muxue cried and asked him for help.

Duan Muze stopped, and the secretary next to him looked at him puzzledly. Duan Muze said coldly, "You go first, don't wait for me."

The secretary can only nod his head, and then leave first.

After the people left, Duan Muze walked to the other side and started talking again: "What's the matter? Didn't I let you stay in the hotel properly? You ran out?"

Duanmuxue couldn't help crying. Duanmuze was really tired of hearing it and scolded, "I will hang up if I cry again."

She was so scared that Duanmuxue gasped and quickly stopped her crying.

"No, don't hang up!"

"Then make things clear, why are you crying?"

Duanmuxue's tears began to flow again. She really regretted it and couldn't say what she did. But now there is no way. She can only confess what she did to Duanmuze, and then cried: "Brother, I really know that I was wrong. I was really wrong this time. Please help Xiaoxue. Xiaoxue will never dare anymore!"

After listening to her, Duan Muze got stuck in his chest and almost couldn't get off.

After a long time, he swallowed the breath, but couldn't say a word what he wanted to say, and finally he was angrily smiled: "Xiaoxue, brother is really disappointed in you."

"Brother..."

Duan Muze closed his eyes helplessly, remembering Stella's face, that woman... If something really happened, then his sister...

Xiaoxue is so daring, he should have ignored her, letting outsiders teach her long memory, but after all, blood is thicker than water, and he can't bear to watch her go on like this.

“Where?” Duan Muze’s voice sounded with a touch of deep fatigue.

After Duanmuxue reported an address, Duanmuze directly hung up the phone, and then turned to the elevator direction blankly.

Duan Muze called his secretary after entering the elevator, exiting the elevator, and reaching the parking lot.

“The notice goes on, the meeting is cancelled.”

The secretary was shocked, but still didn’t dare to ask more, so he could only do as he ordered.

On the other side, Luo Li had broken two wires.

“Trust me, this time is also an accident!” When Luo Li said this, her ears were a little red, and she was really embarrassed.

He thought that her abilities were already at home, but she broke the wire and couldn’t open the door.

“It’s weird.” Luo Li bit her lower lip and couldn’t help muttering: “This kind of small hotel lock should be the best to pry. How can I pry it for a long time without opening it? I haven’t practiced it for too long. gave birth?”

George, who was standing behind her, got a black face when he heard these words. He couldn’t help asking her, “I haven’t practiced for too long, hands-on?”

Luo Li nodded, but soon felt something was wrong again. She turned her head and found that the eyes of George and the people around her looked weird, and she reacted.

Such things as lock picking are only done by thieves.

And she just...

Thinking of this, Luo Li's face changed, and she hurriedly defended herself: "Well, I'm not a thief, and I'm not specialized in this kind of thing, I just... I was curious and thought it was fun, so I played with friends and them for a while. , But I promise that I have never done anything that hurts the truth."

George nodded, "I believe you."

Luo Li: "Really?"

"Yeah." George nodded heavily, with a sad expression on his face: "According to your technique, even if you want to do it, you can't do it."

Luo Li: "...Shut up, I suddenly don't want to listen to you."

George: "There is really no way..."

"I can definitely, let me try again."

Luo Li turned around again and continued. George was a little annoyed to wait. When he was about to tell her not to continue, he heard a click and the door opened.

Everyone who saw this scene: "..."

George was left in his heart at that moment, fucking? Really opened? Then, the look in Luo Li's eyes became different.

Luo Li opened the door with a look of how she was so powerful, and then kicked it away with a bang, “The people inside come out! You have been surrounded by us, you can’t run away.”

This second-second appearance brought George’s wits back and went to pull her: “You come out.”

Then George walked in by himself and saw Duan Muxue shrinking in the corner at a glance. She hugged her knees and raised her head to look here when she heard the voice. Her hair was messed up on her body, and her eyes were full of tears.

Chapter 900

At this glance, George only felt his heart twitch.

This kind of Duanmuxue, George had never seen before, was embarrassed.

In the past, she was always aloof, and no one looked at it, but now?

George’s lips curled up with a sarcasm smile, walked towards her, and then squatted down in front of her, “How does it feel to fall into the mortal world? Isn’t it uncomfortable?”

Hearing, Duan Muxue’s eyes flashed with astonishment, what did George mean? But when he saw George squatting down in front of him, Duan Muxue felt less desperate.

George... is someone who liked her before!

Although she didn’t know how he suddenly stopped following her later, it was a good thing for her at that time that he didn’t follow her, and she didn’t want to see him every day.

And she has many suitors, even if there is no George, there are others.

So George's existence is not important to her.

Seeing George in this situation, Duanmuxue seemed to have grasped hope.

Watching him for a while, Duan Muxue suddenly grabbed George's arm.

"George, you help me, help me, I didn't mean it, I didn't want to hurt her."

Her arm was grabbed by her, George paused, then lowered his head to look at the part where Duanmuxue had grabbed him, his eyes trembled, but he quickly got cold again.

"I didn't want to hurt her? Just now...who pushed her downstairs?"

Hearing this, Duan Muxue's face flashed with fear: "I said I didn't mean to believe you? Both she and I were going downstairs. Suddenly hearing your voices, I...I was afraid..."

George looked at her amused: "Because you were afraid, you pushed her down? Want to lend her a chance to survive?"

Unexpectedly, he would say his mind all of a sudden, Duan Muxue stared at him blankly.

"I used to like you, you know?"

George said suddenly.

Luo Li, who was standing not far behind, heard this and immediately pricked up her ears gossiping, my God.

She thought she was just here to help, but she didn't expect... George himself actually had such a love-hate relationship?

Hearing him suddenly said that he liked herself, Duan Muxue felt that the hope was much greater. She did not answer, but said: "You like me, can you help me? I really didn't mean it. I was... It's messy, so I..."

"Heh, wasn't it on purpose? Then did you drug Yuchi last time? It was not on purpose?"

Duanmuxue: "..."

"Do you know what I liked about you before?" George asked her, but he refused to let her and said to himself: "I like your sincerity, kindness, and excellence."

At this point, his eyes darkened a bit and his voice lowered.

"But then I learned that what I saw in my eyes was not real. Do you still remember the day when I went to the Duanmu house for the last time? I heard everything you said to your servant."

The last sentence completely broke Duanmuxue's hope.

The hand on her arm slowly loosened, and finally fell weakly.

No wonder, he suddenly stopped following her, she didn't care at that time, and now she knows...

"So, now it's ironic to remember that I liked you because of those advantages, but..." George smiled slightly: "Thank God for giving me this opportunity to see your true face."

Duan Muxue felt a little difficult to breathe. Originally, she had placed a little hope on George, but now she can only hope that her brother Duan Muze will come over soon.

“This time, I can let you go.” George said suddenly.

“What are you talking about? Really?” Duan Muxue looked at him in surprise and astonishment.

“Yes, but you have to apologize to me for what you said that year, and sincerely apologize for being trampled under your feet, saying you were wrong.”

The person she looked down on now asked her to apologize to him. If it was before, Duanmuxue might be slapped backhand, but now? She did something wrong and was surrounded here. As long as George called the police, she might go in at any time.

If an apology can let him let him go, what does it matter if she says it again?

Duanmuxue blurted out: “I’m sorry!”

George’s smile froze on his lips, looking at her in astonishment.

Duan Muxue grabbed his arm: “I’m sorry, I was wrong. I shouldn’t trample on your sincerity casually. I have already apologized. Can you let me go?”

George didn’t know what emotions were in her heart at the moment. She apologized that it was indeed what he wanted, but she still felt uncomfortable in her heart.

After a long while, he sneered: “Okay, but this is the last time. Next time if you do this kind of thing again, I will send you in by myself.”

Then George got up, turned and left.

Everyone didn't expect the matter to be over so soon, and they didn't catch anyone. They came in and went out again.

Luo Li stood in the room and looked at Duan Muxue for a while, then suddenly turned to chase after him, and followed George: "Just let her go? What if she does something unfavorable to Stella in the future?"

Hearing, George's steps stopped and Luo Li thought he was dissatisfied with what he said, not wanting George to keep looking forward, Luo Li followed his gaze.

Duan Muze walked towards this side, his steps were very big, and he soon reached George.

"George, Xiaoxue..."

George grinned: "Hiding inside, I said Duan Muze, she pushed Stella down the stairs, are you Duan Mu family reluctant to punish her? After doing something like that, let her make a mistake. Wrong again? Maybe your Duanmu family needs the police to discipline you?"

These words made Duan Muze very uncomfortable, but after all, his sister did something wrong, and there is nothing to refute. He pursed his lips and said coldly: "Thank you."

"Don't thank me, if it wasn't for my previous friendship, I would have called the police very early, but I promise that there won't be another one."

George took Luo Li's hand and walked directly over.

Luo Li was led far away by him, and finally couldn't help reminding him: "What are you doing with my hand?"

Hearing, George recovered and let go of her hand, "Sorry."

Luo Li could clearly feel his loss, and said helplessly: "You still can't forget her, right?"

"What nonsense? I didn't like her a long time ago!" George glared at her viciously, and gritted his teeth: "I gave up after she said those things, but some emotions are backlogged, and today I vent all of them. ."

"Really?" Luo Li muttered, saying that he had vented, but when Duanmuxue clearly apologized to him, she seemed to feel even more uncomfortable.

George didn't want to continue this kind of topic, and moved directly: "The trouble is solved, I invite you to drink and eat meat."

He doesn't want to mention it again, Luo Li is not the kind of person who is not winking, "Okay, I have a lot of credit for running with you this time, I also want to drink today."

So the two left together again.
