

Nothing to Give but My Heart Chapter 1051 – 1060

Chapter 1051

Is there no such gene at all?

When Janis heard it, she looked at Jessica carefully, and then at Levi, as if she was comparing something.

After a moment, she nodded in agreement.

“That’s right, you can’t give birth to such a good-looking child...”

Jessica: “...”

Although what Janis said was the truth, how could it be so bad when she said it from her mother’s mouth? Jessica was very depressed.

But depressed and depressed, she explained: “Levi just returned to China today and wanted to come over to find me. I happened to pick him up. I will take him back later. I guess I don’t have much time to come here today except for food delivery. Mom, take good care of Dad.”

Janis wanted to thank Stella, but now when Jessica said that Levi is Stella’s child, she nodded her head.

“Well, you take the kids to play with them. You just returned to China. Take him to the classic snacks near us, but you have to pick some. Don’t eat the roadside stalls. You don’t have to eat them. Do you know Yan? Yan.”

Jessica responded, “I know Mom, I understand.”

“Aunt Zhou, Levi is not a pick, and Aunt Jessica treats Levi beans very well. Don’t worry.”

When Janis was told by this, she smiled immediately, “Oh, look at this kid, who is sensible, so smart, so exquisite and beautiful, what should your parents look like?”

Janis can almost imagine what the parents of Levi look like now. They must be high-value and high-IQ!

Jessica has already started to pack things up, and said: “Well, parents and you two will eat first. I will take Levi to stroll around, and then find time to come over at night. Levi, say goodbye.”

“Uncle Zhou, goodbye Aunt Zhou, I will come back to see you another day.”

“Good good.”

“The nightclub walks slowly. If you come next time, tell your uncle in advance. Uncle will prepare a gift for you.”

“ ... ”

After finally taking Levi out of the hospital, Jessica was finally relieved. She stroked Levi’s head and said softly, “My parents are all kind of vulgar but very warm people, Levi Bean is not terrified, right?”

Levi shook his head and said warmly: “Aunt Jessica, Uncle Zhou and Aunt Zhou are all very good. Levi likes it very much.”

Jessica smiled, “Sweet mouth!”

Then she bent down and hugged Levi: “Aunt Jessica will take you home now.”

After that, Jessica brought Levi home. When she was just preparing to cook lunch, Levi suddenly poked her head into the kitchen.

“Aunt Jessica, why don’t we go out to eat~”

Jessica put down the vegetables in her hand, and she was a little confused: “What’s wrong? Didn’t you just say that you want to eat the food made by Aunt Jessica? How can you go out?”

A touch of cunning flashed under Levi’s eyes. He hid the phone behind his back, “Aunt Jessica, I suddenly want to eat steamed fish from XX’s house. I just checked it online and the evaluation is very good.”

“The fish of the XX family?” Jessica frowned and she hadn’t heard the name of this family. Just when she hesitated, Levi had already stepped up to her side, and then held the corner of her clothes. shake.

“Aunt Jessica, let’s go, let’s come back for dinner, OK?”

Levi acted like a baby to her. How could Zhou Jessica refuse? He can only nod helplessly: “Well, since you want to eat so much, Aunt Jessica will accompany you to try it today.”

“Ok!”

After tidying up, Jessica took Levi out.

When walking down the stairs, Jessica asked, “By the way, Levi, did you send a message to your mommy to tell her if you came out with me? Don’t wait for your mommy not to find you. I’m worried. I told you. You Levi, your mommy is a pregnant woman now, and pregnant women shouldn’t worry the most, don’t you know?”

Levi was typing on his mobile phone: "I know, Aunt Jessica, I am texting mommy."

Seeing that he was holding the phone and promised to be full, Jessica didn't care about what he was posting. Anyway, she was relieved that Levi was doing things.

When she turned the corner, she just ran into Aunt Zhang next door.

Aunt Zhang smiled when she saw Jessica, she opened her mouth and went forward to say something to Jessica, but the next second she stopped because she saw the child next to her, even to say something. She has forgotten all about it.

"This, this is..."

Zhou Jessica didn't want to talk too much to the gossip Aunt Zhang, but she was worried about the other party's nonsense, so she explained: "Aunt Zhang, this is my friend's son. He just returned to China today, so I came to play here, Levi, Call Grandma Zhang."

"Grandma Zhang~"

Aunt Zhang was screaming and couldn't help but stared at Levi.

Jessica took Levi's hand: "Aunt Zhang, we are going to take the child to find his mother, so we will leave first."

After that, Jessica left with Levi, and when she walked far, she heard Aunt Zhang standing there and looking here, whispering in her mouth.

Although she couldn't hear what she was muttering, Jessica also knew that it was definitely not what she was listening to.

Simply ignore her.

Jessica drove Levi to the designated restaurant

After entering, Levi brought Jessica to the waiter and said a few words, the waiter immediately smiled and said, "VIP Box No. 3, right? You guys, please follow me."

Then the waiter led them into a box.

After sitting down, Jessica looked at the huge box and looked at Levi with some speechlessness.

"Little guys, we're just two of us coming over for a meal, why are you doing such a big battle? It's not a good thing to be so extravagant at a young age, even if you have money, you have to be frugal, don't you know? "

"I know Auntie Jessica, not next time~" Levi stuck out his tongue at Jessica, as if I knew I was wrong.

If you know your mistakes can be corrected, Jessica can no longer blame him.

The two of them sat down to order food, and then Jessica found that Levi had ordered a lot, she couldn't help but frowned, "Didn't I just tell you that if you have money, don't spend it? Let's just two people, you order this Many, how can I finish it?"

Levi didn't listen to her, so he asked the waiter to order the food according to the amount he ordered. Jessica resisted the anger and did not get angry in front of the waiter.

After the waiter was gone, Jessica made a sound of blame.

“Levi, what’s the matter with you? Didn’t you agree well just now? Why just now...”

“Aunt Jessica, you’ll know later.”

Jessica looked dazed.

What does she know?

“Mr. Victor, please...”

Just when Jessica was puzzled by the meaning of the words of Levi, a waiter’s voice came from outside the door, and then the door opened and a tall and straight figure entered the box under the leadership of the waiter.

At the moment when she saw the visitor clearly, Jessica felt her heartbeat as if it had stopped.

How could it be him?

Chapter 1052

Jessica felt that her breathing and heartbeat had stopped, and her brain was directly frozen, becoming a blank, and she sat on the spot.

Watching Victor Han, who was led by the waiter, entered the box.

She hasn’t seen him for a long time, but he looks no different from before. His figure is still straight, his face is still cool and handsome, his shirt and tie are meticulously taken care of, and his suit buttons are neatly buttoned. You can see this at a glance. People’s sternness and sternness.

Millet was laughing like a thief beside her.

Victor Han's face was originally cold. When he came in, his face was expressionless. After glancing at something from the corner of his eye, his steps suddenly stopped.

But it was just a meal, and it returned to normal, and people who had nothing to do were generally seated.

"Mr. Victor, this is it."

"Uncle~~"

Millet soy milk yelled at the person who came, yelling, looking at Jessica from the corner of his eye.

Jessica lowered her eyes at this time, and the drooping bangs covered all the emotions in her eyes. This look made people think she was just embarrassed, so she lowered her head.

Only Jessica knew that she was not at peace at the moment.

The hand under the table trembled uncontrollably, Jessica resisted the urge to get up and leave, and sat there restraining her emotions.

why...

It took her so long to forget this person. During this time, she became busy, and the time and frequency of thinking of him became less and less, until she thought that after a while, she could completely forget this man. .

He... appeared.

Then, Jessica's heart was touched again.

She had never thought that Levi had such a plan, no wonder he had been pressing his phone just now, no wonder he suddenly said that he would come to this restaurant to eat steamed fish.

Before obviously calling her, he said he wanted to eat the food he made.

Suddenly changed his mind. Something must have happened in this.

She was also really stupid, she didn't think much about it, and just followed without warning.

Now... what would he think?

What would he think of himself?

She must think he is annoying, right? Obviously, he had already said so clearly to her, but he still appeared here.

When she thought of this, Jessica felt dizzy in front of her eyes. Fortunately, she was sitting now. She was sure that if she was standing now, her legs would have fallen weakly.

Jessica didn't know why she was so uncomfortable, but... in fact, she was so useless.

She thought she had taken time to forget him, but she didn't expect to see him now, she still looks useless.

"Uncle, I ordered food for you, so uncle doesn't need to order anymore."

Levi's voice came from his side, and Jessica's sanity slowly moved closer. She took a deep breath, trying to calm her tumbling mood.

“Yeah.” Victor Han responded with a cold tone, but he brought a little softness when facing Levi: “When will you come back, why you don’t tell your uncle so that your uncle can pick you up.”

“No, uncle, Mommy said that uncle is busy at work, so she didn’t notify him~ Mommy also loves her uncle, uncle must take care of her duck!”

“Well, Uncle will.”

When the two were talking, Levi realized that Jessica was exceptionally silent. When he looked over again, he found that Jessica was still bowing her head. Levi blinked and couldn’t help but ask: “What about Aunt Jessica? Don’t speak?”

Jessica, who was named by the name, took a deep breath, slowly raised her head, and showed a okay smile to Victor Han.

“Han, Mr. Victor... good.”

Victor Han glanced over the smile on her face that was uglier than crying, and then nodded faintly: “Hello.”

As alienated as a stranger.

Jessica pinched her hand under the table and bit her lower lip lightly.

Originally, according to the way these people get along, the two should not be so strange. But now... the two of them are worse than strangers.

All this was caused by her self-love.

If... if she hadn’t been clinging to people affectionately, it wouldn’t be like this.

At least, her relationship with him will not be so stiff.

Wrong!

Jessica shook her head violently in her heart.

“Jessica, why do you still think so at this time? You have decided to forget the man in front of you, so what are you doing sitting here? Are you still planning to entangle him?”

“Do you still want to continue this kind of constant and chaotic relationship? Or, do you want to go back to that boring, selfless little face???”

Do not!

She cannot go on like this, she must leave here today.

After brainwashing herself, Jessica made up her mind to leave, so she pretended to think of something, and suddenly said: “I...I just thought that I had an appointment today to talk about something, and I will be late soon. Now. Now that Mr. Victor is here, I'll bother to send Levi home later, so don't worry about his mother. Me, I'm leaving now.”

Finished. Jessica stood up directly, probably because her movements were a bit big, and when she got up, her chair was directly brought down.

Then Jessica's expression changed, and she hurriedly helped her chair up.

Levi finally found something wrong, and her little nose wrinkled.

How is this going?

He... is he doing bad things well?

“Excuse me...you can eat with peace of mind, I’m leaving now...”

After Jessica held up the chair, she took her bag and walked quickly toward the door, hurriedly walking between the steps, and fled.

Levi: “Aunt Jessica...”

However, Aunt Jessica in her mouth didn’t seem to hear his call at all, and disappeared after leaving the box.

After this series of incidents, Levi’s mood became depressed, Jessica left, Levi could only focus on Victor Han.

“Uncle...”

Victor Han smiled faintly: “Since she has something to do, then you can eat well, and after dinner, I will send you back.”

After speaking, Victor Han raised his hand and poured a cup of tea for Levi.

Levi: “...”

“I don’t know if it is his illusion, I always feel that my uncle now looks so gloomy QAQ~!”

Because he had promised Aunt Jessica to help, he made an appointment with his uncle this time, and wanted to create opportunities for both Aunt Jessica and uncle.

But the reaction of Aunt Jessica and Uncle was really wrong.

Could it be that during the time he was with Grandpa Zeng, something happened that he didn’t know about Shenma?

Millet had a thousand questions in his heart, but he dared not ask Victor Han at all.

On one side, Jessica, after leaving the box, she speeded up and walked a long way forward before stopping. Then she found that her legs were so soft that she couldn't go on. Just when he ran into a waiter coming in front, Jessica quickly grabbed the person and asked.

"Excuse me, where is the bathroom?"

Chapter 1053

After entering the bathroom, Stella casually entered a small bathroom, pulled the toilet down and sat on it to calm her mood.

The heartbeat was fierce, and tears couldn't help but want to flow out.

She desperately resisted this impulse, tilting her head back to prevent the tears from falling.

"Isn't it just a man? The old lady doesn't need it, woo..." The more she thought about it, the sadder, Jessica stretched out her hand to wipe tears.

But the more she wiped it, the more fierce the tears flowed. In the end Jessica couldn't control herself, and the tears fell.

She stretched out her hands to cover her face and wept bitterly.

Obviously... She has already forgotten people so hard.

"Why are you still so disappointed when you see him now? Such self is really annoying."

She can't go on like this anymore, she must stand up and forget Victor Han.

She couldn't be planted in the hands of such a man in her life.

Yes, she wants to open the shop and get busy. As long as she goes back to the same busy days as before, she won't miss him again if she doesn't see him.

Jessica took out a tissue from her bag, wiped her tears and nose vigorously, and walked out of the bathroom.

When she came out, a woman just came out of the cubicle next to me.

When she was crying bitterly, everyone next to her heard it.

At this time, seeing Jessica's red eyes, the woman looked at her with some worry.

"Well, are you okay?"

Jessica shook her head, "I'm fine, very good, thank you."

Woman:"..."

After that, Jessica washed her face in front of the sink, and re-applied makeup to herself in the mirror. After making sure that she did not look strange in this way, she left.

After leaving the restaurant, Jessica drove a taxi back home.

Sitting in front of the mirror, she looked at her somewhat swollen eyes, turned off the refrigerator, wrapped herself in ice cubes, and put them on. She now lives at home, but she can't let her parents see the difference.

And what she has decided to do, she has to keep going.

Victor Han...

Let her feelings be locked forever.

See you later, as if you were a stranger.

After a meal, Levi was unhappy.

He didn't really want to eat this steamed fish. It was true that he wanted to eat the rice cooked by Aunt Jessica, but for the happiness of Aunt Jessica, he gave up this idea and gave it to his uncle and aunt Jessica. Create solitary space.

Unexpectedly, things eventually developed like this.

Millet beans are very depressed, so there is no interest when eating.

Not to mention Victor Han, he himself is not keen on eating. Today it was also Levi who suddenly asked him to come here, and he came here too.

Who knows that Levi actually has this mind.

In addition, the little girl panicked and fled in front of her, completely treating him as a scourge and didn't want to see him again.

Makes... Victor Han feels flustered.

Victor Han didn't even move his chopsticks when Levi was eating.

For a long time, Levi put down his chopsticks and looked at him with eyes wide open.

“Done?” Victor Han asked.

Levi took a napkin and wiped the corners of her lips. Looking at the many dishes in front of her, she tentatively said: “Aunt Jessica asked me not to waste it, but she left without eating a bite by herself. There are still two or three. She ordered this dish, it’s really plain, how could Aunt Jessica be so wasteful?”

He said. While observing Victor Han’s expression.

It’s a pity that Levi is disappointed. Victor Han’s face still looks like that. There is no unnecessary change. He can’t see anything when he wants to see it.

After a while, Victor Han seemed to think of something, and whispered: “I don’t want to waste, then pack all these uneaten things.”

Millet beans: “Who can you pack them for?”

Victor Han glanced at him and said quietly, “Send it to the company.”

The dishes here are excellent, and if they are sent to the company as a benefit, they should still be liked.

“Isn’t Uncle hungry?”

Levi suddenly asked, he put his cheeks in his hands: “Uncle, is it because Aunt Jessica is gone, uncle doesn’t want to eat?”

Victor Han had already asked the waiter to come and pack. Hearing this, he glanced at Levi lightly, and his voice became a bit cold.

“You don’t want to do such unnecessary things in the future.”

“Huh, did Uncle blame Levi? Then Levi will no longer call Uncle out to eat!”

Hearing that Victor Han had a headache, he pressed Levi’s shoulder, his voice was soft.

“Uncle didn’t blame you, but if you do this, you will embarrass your Aunt Jessica. You saw her just now.”

Finally, when it comes to the topic, Levi grabbed Victor Han’s hand and wanted to ask clearly.

“Did Uncle offend Aunt Jessica? So Aunt Jessica ran away when she saw her uncle!”

Offend her?

When she wanted to come, Victor Han refused to let her, and the things that she did to her abroad, I’m afraid it made her give up, right?

Fair enough.

He didn’t look good, but he still pulled out a faint smile.

“It should be, I don’t know too much, but in the future, Levi will stop doing these things. You like to follow her uncle. It’s okay. Don’t call uncle again, eh?”

Levi: “Why? Doesn’t uncle like Aunt Jessica? I hope Aunt Jessica will be my aunt~”

Hearing the word aunt, Victor Han frowned subconsciously, and scolded: “Don’t talk nonsense anymore, or your uncle will really get angry.”

Levi: “...”

Unexpectedly, Victor Han would make such a big fire on him, and Levi was so frightened that he did not dare to speak.

Victor Han also realized that he had a bad temper with him. The other party said it was just a child. Why did he make such a big fire at a child?

He didn't know anything, and he didn't know anything.

“Sorry, uncle shouldn't talk to you like this, are you full? If not, uncle will take you to eat something you like?”

Millet Dou, as if frustrated, deliberately said: “The uncle sent me to Aunt Jessica's house, I want to eat the rice that Aunt Jessica personally cooked.”

Victor Han: “...”

“If your uncle doesn't want to, just forget it, then I don't want to go home, I will go to Aunt Jessica myself.”

After talking about Levi, he turned and ran outside.

Victor Han was really frustrated by this little guy, and he knew that if he didn't care about him, he would really go to Jessica by himself.

He is so young that running out alone is always worrying.

Victor Han could only stop him: “Wait a while, after packing, I will take you to find your Aunt Jessica.”

Only then did Levi stop and wait with satisfaction.

After all the things were packed, Victor Han went downstairs with the things and drove the millet beans.

When the car arrived at the destination, Levi looked at the familiar building in front of him and said, "Uncle, how did you know Aunt Jessica lives here? Except when Aunt Jessica brought me here, I was the first one. Come here twice."

Chapter 1054

Victor Han: "..."

The look in his eyes was a little dark and unclear, and he leaned over to unlock the seat belt for Levi.

"Go down and find your Aunt Jessica."

Levi sat still, even raising his head, staring at Victor Han with those eyes.

"Uncle, you haven't answered my question yet. How did you know that Aunt Jessica lives here?"

He looks like he will not leave if he doesn't answer.

Victor Han pursed his thin lips, his expression is light: "With your uncle's ability, is it difficult to know where a person lives?"

"Get off the car if you know it, and I have to go to the company."

"But, I don't know where Aunt Jessica lives. Will my uncle take me up there?"

Victor Han glanced at Levi, this little guy actually got an inch.

"Uncle is so magical, you must know where Aunt Jessica lives, right? Uncle will take me with you, Levi is afraid."

After finishing speaking, Levi directly hugged Victor Han's arm without letting go. Is deliberately playing tricks.

If he doesn't send it, Levi will probably always depend on him. If he sends...

Victor Han did not know which room she lived in.

After thinking for a while, Victor Han opened the door and got off with Levi. Levi excitedly followed Victor Han. He thought that his uncle would take her directly to the door of her Aunt Jessica.

Unexpectedly, Victor Han took him to ask the security guard after getting off the car.

Levi: "..."

Nani, it seems that you really don't know?

After asking, Victor Han took the person directly.

Ding Dong——

Jessica has been sitting in front of the dressing table since she got home. Later, she applied ice to her eyes and made sure that her eyes did not look swollen, she breathed a sigh of relief.

Although her eyes are still a little red, she will feel better in the evening when she looks like this, and she won't let her parents see the difference.

It's still early, and Jessica is not in the mood to do anything else, so she simply goes online to see the decorations in the store.

That Mr. Lin is quite talkative. Although he won't let the decoration go, he can still add some decorations to it.

After opening the website, Jessica browsed carefully.

So time passed quietly.

Ding Dong——

The doorbell rang suddenly, Jessica was taken aback, and looked up from the screen.

Is it her illusion? The doorbell at home actually rang? Jessica glanced at the time subconsciously. Who will come at this point in time?

Is it Aunt Zhang next door?

Thinking of this, Jessica put down the mouse in her hand and got up to open the door.

After opening the door, Jessica saw the person standing at the door and was stunned.

“Millet beans?”

Why is he here? Doesn't he eat with Victor Han in the restaurant? how come...

“Aunt Jessica~” When Levi called her, the corner of his eyes glanced at the people over the stairs. After hearing the footsteps in the room just now, his uncle walked to the side and asked him not to speak out, don't let others find him here.

Although Levi didn't say it clearly, his eyes kept looking at Victor Han.

Victor Han frowned subconsciously, knowing it would be bad to go on like this, so he got into the elevator before Jessica noticed it, and then left.

Sure enough, after Jessica realized that Levi's expression was not right, she thought of something. At first, she subconsciously wanted to poke her head out to see.

But after thinking of a certain possibility, her movements froze again, and she didn't dare to step forward at all.

"Aunt Jessica~" Levi called to her pitifully.

Jessica came back to her senses, smiling and turning her body sideways:
"Since it's here, let's go in first."

There is a look of disappointment in Levi's eyes. He didn't expect his uncle to slip so fast, and Aunt Jessica didn't seem to be going out to see it.

What happened this time?

After entering, Jessica quickly closed the door, not knowing if it was the illusion of Levi, she always felt that Aunt Jessica closed the door a little hard.

"Do you want something to drink? Aunt Jessica will pour you a glass of juice? No, it is too cold to drink juice for your stomach. Aunt Jessica will make a bowl of warm milk tea for you."

After that, regardless of whether Levi agreed or not, he went straight into the kitchen.

Levi stood there blankly.

After a while, he walked towards the kitchen with his short legs.

Then Levi leaned against the kitchen door and watched Aunt Jessica making milk tea for herself. Aunt Jessica seemed to be really unhappy.

“Aunt Jessica, are you swollen?”

In the end, Levi still couldn't resist asking.

Jessica paused for a moment when she was rediscovering the milk tea, and then replied to Levi. There was a long and long silence, and the air seemed to calm down.

After a long time, Jessica poured the prepared milk tea into the cup and walked towards Levi.

The milk tea was steaming in the air, and Jessica's face looked a little vague and unreal in the light smoke.

“Give.”

She bent down slightly and stuffed the milk tea into Levi's hand.

“Drink obediently, and it will be warmer after drinking. You come here now, you should not have enough to eat? Aunt Jessica will make you something to eat, okay? Well, make a simple bowl of noodles and get some meat Is the meat good?”

“Aunt Jessica...” Levi couldn't laugh, and couldn't agree. He always felt that Aunt Jessica looked really sad even though she was smiling.

Thinking of this, Levi reached out and touched Jessica's cheek lightly, “Aunt Jessica, don't laugh.”

The smile on Jessica's face froze, and her eyes were slightly red, but she soon noticed that she was too upset like this, and quickly turned her back before the tears fell.

"Levi, Aunt Jessica is fine, but... Aunt Jessica can't be your aunt in the future, you...you don't blame Aunt Jessica, do you?"

Levi: "..."

He held the milk tea cup and said nothing.

"Originally, Aunt Jessica thought about being Levi's aunt, and she can spoil Levi more justifiably in the future, but now think about it...It seems that she can continue to spoil Levi if she doesn't want to be Levi's aunt. Aunt Jessica, just make a call and Aunt Jessica will come to pick you up right away. But your uncle is very busy at work, and things like that today should not happen again in the future, okay?"

She tried to speak as lightly as possible, as if she was saying something unrelated to her.

Levi was very sad.

"Did Aunt Jessica give up?"

Jessica's body halted.

Give up?

Yes, she has been passionate for so long, so she really should give up.

If she doesn't give up, she won't even have the last bit of self. In the future... how can she live on?

But for Levi, Jessica didn't want to bring her sad emotions to him, so she could only speak easily: "It's not giving up. Aunt Jessica just found that there are many fun things in life, and then Aunt Jessica I'm going to open a shop, I'm going to be very busy, and I don't have time to think about being your aunt."

Chapter 1055

This time, Jessica was sure that she could really give up.

If it was before, like today, she might not even be able to walk away, but now... she can control herself not to continue to linger in front of him, or not to look at him.

As long as she persists, she will definitely forget Victor Han.

"Aunt Jessica..."

Levi seems to want to say something more, but Jessica suddenly interrupted: "Well, you are a kid who doesn't understand so many things, so don't say it anymore. Aunt Jessica is going to cook for you now. Take the milk tea to the living room and drink it slowly. Aunt Jessica will call you when it's ready."

After speaking, Jessica didn't care what the Levi's reaction was, she closed the kitchen door.

Obviously, she doesn't want to ask more about Levi.

She looked so sad, so sad that Levi dared not say any more.

He held the milk tea in silence and returned to the living room. The milk tea that he usually found to be very delicious has lost its sweetness and deliciousness. He only felt very tired after drinking it.

Levi took a few sips and then put it down, then looked at the closed kitchen.

Should he tell Aunt Jessica that his uncle sent him over just now?

Moreover, uncle also knows where she lives.

But seeing Aunt Jessica look like this, he doesn't know if she is sadder after she said it?

Suddenly, it was difficult for Levi to choose.

Bad uncle, he must have done something to hurt Aunt Jessica, but Levi really doesn't know what happened, and Aunt Jessica will definitely not tell him.

When Jessica's noodles came out, she had sorted out her emotions.

Seeing Levi soy milk tea without a few sips, he was a little surprised: "What's wrong, isn't milk tea good?"

Levi hurriedly replied: "No, milk tea is delicious, but if you drink too much, you can't eat noodles, so I still eat noodles on an empty stomach~~"

Hearing, Jessica couldn't help but stretched out her hand to squeeze his cheek: "You, but it's okay, knowing that the staple food is a good thing, the noodles are ready, eat quickly."

When Levi was eating the noodles, while observing Jessica's expression, she found that she looked like a okay person. Those who wanted to say were even more afraid to say, for fear of the sad things that would touch her again.

"By the way, I called your mommy when I was cooking noodles just now, telling her that you are with me, and you silly kid, you actually lied to me that

you told your mommy, if it wasn't for me to call her She didn't even know you were out."

Levi sucked the noodles: "Hmm."

He didn't deliberately not tell Mommy, he really didn't want to destroy the two-person world of Mommy and Daddy.

"I can't do this next time, you know?"

"I know Aunt Jessica."

After eating, Levi suddenly asked, "Aunt Jessica, are you going to open your own shop?"

"Yeah." Jessica nodded, "I'm going to open a ramen restaurant. What you are eating now is Aunt Jessica's new product. Didn't it taste different from before?"

Levi immediately said, "Ah, really? No wonder it's so delicious~~ QAQ, Aunt Jessica, can I go to the store to eat noodles every day?"

"Yes, I won't charge you any money when the time comes, just exchange it with labor."

"Labor?" Levi tilted his head slightly.

"Yeah." Jessica smiled, "For example, help me wash a bowl, serve a dish, wipe a table or something~~"

"Oh?" Levi tilted his head slightly, "Wash the dishes, serve dishes and wipe the table? Aunt Jessica asked Levi to be a waiter?"

Jessica was just teasing him, but now that he sees his eyes writing seriously, and even some look forward to it, so he starts to fantasize in his mind, and can't help but say: "Yes, Aunt Jessica will give you again when the time comes. Customize a set of work clothes for the dedicated waiter, put on Levi and then you can go to the door to solicit customers, how nice~"

Levi's eyes are bright and it sounds like it's fun!

"Then Aunt Jessica, can I choose the color by myself?"

"Ok?"

Jessica blinked: "You don't really want to come, do you? Aunt Jessica teased you, really made you put on your overalls and stand at the door to solicit guests. Everyone thinks I am abusing children."

After speaking, Jessica also stretched out her hand and gently rubbed Levi's head, and said softly, "Our Levi, come to the store to play, no help."

Seeing such auntie Jessica, Levi didn't know why, she felt so sad that she wanted to cry.

He felt that something he didn't know must have happened during that time, which caused the relationship between Aunt Jessica and uncle to deteriorate. At this time, his little head got into a dead end and began to think about it.

He was wondering if he asked Aunt Jessica to take him abroad, and then his uncle thought that Aunt Jessica took him out, and then became angry with Aunt Jessica, and the two quarreled?

Thinking of this possibility, Levi felt a little heartbroken. Is it really because of him?

This time too, he even made Aunt Jessica so sad.

Although Aunt Jessica did not show it, it would be a pity if Aunt Jessica is such a good TAT who can't be his aunt...

But these words were just what Levi was thinking about in his heart, and he didn't say a word or even showed it on his face.

Time flies quickly, Jessica rushes to send Levi back to Haijiang Villa before the night is over.

At the gate of Haijiang Villa, there were a few guards guarding the door. Seeing Levi coming back, they all stepped forward to greet the young master.

Levi took Jessica's hand: "Aunt Jessica, won't you go in and meet Mommy? Mommy must miss you too much."

"Aunt Jessica missed your mommy too, but I have to go to the hospital to deliver food. Anyway, there is still time in the future, so I won't go in today. Levi will go back obediently, and Aunt Jessica will pick you up tomorrow, how about?"

In the end, Levi nodded, and then watched Aunt Jessica get in the car and leave.

"Little Master, I'm back."

Levi raised his head and saw that the guards were greeting him. The frustration just now became clear again, and smiled at them.

"Hello brothers and uncles."

"Oh, what a good boy."

“Yes, the young master is really well-educated, and he doesn’t know how much more empathetic than other bear kids.”

When Levi reached the corner, he waved a small hand at them.

“Brothers and uncles, I’m going in first.”

Stella has been getting more and more lethargic recently, but her appetite is not very good. She is obviously hungry and wants to eat, but after eating something in her mouth, she suddenly loses her appetite.

So she was really hungry for these two days, but she really couldn’t eat.

Suddenly she wanted to eat mala Tang, hot pot, and various snacks on the street.

Of course, Walter would not let her eat these.

It is well known that roadside stalls are unsanitary. But in order to satisfy their cravings, many people will continue to eat.

Chapter 1056

Of course, it doesn’t matter if you take this thing once in a while, even if it is arsenic, it is still a hooligan to talk about toxicity directly without the dosage.

As long as you don’t eat too much, don’t eat often, it doesn’t matter if you eat one or two meals for a long time.

However, Walter still did not agree to let her eat these things, first because of unsanitary and second because of preservatives.

But when he came to see Stella later, she really didn't have any appetite. On the advice of the servant, he said that he could make it at home. Buying the ingredients to make chili magic horse, it was cleaner and sanitary than the outside, it was just a waste of effort.

In the end, Walter nodded.

Before Stella was about to eat the small hot pot, she thought that Levi had not yet come back, so she planned to call Levi and asked him when he would be back, and she saw a small figure walking in at the door. .

"Millet beans?"

"Mummy~"

Levi called her, walked to her and gave Stella a hug.

"Why didn't your Aunt Jessica come in with you?" Stella took a look behind him after speaking.

"Mom, Aunt Jessica's father had a car accident and is in hospital. She has to go to the hospital to deliver food."

Hearing, Stella's head was stunned, and the back of her head was stunned as if she had been hit hard, "You, what did you say? Jessica's father had a car accident? In the hospital?"

Levi nodded.

Stella's whole body was in a state of trouble immediately, she let go of the millet beans and stood up, almost flustered trying to run out.

"Mummy!"

There were only her and Levi in the house for the time being, so when Levi saw that she was about to run out, he could only hold her quickly: "Where are you going? Aunt Jessica has already taken a car away, and Mommy can't see her now. Aunt Jessica~"

Stella stopped. She took a deep breath and then calmed down and asked, "Then what's the situation now? Tell Mommy how much Levi knows."

"Ok."

After Levi told Stella about the basic situation, Stella's hanging heart was relieved, and he was relieved, but Stella thought of Jessica's appearance before, and felt extraordinarily Distressed.

At that time, how sad she should be. But she refused to meet her. Stella is Victor Han's younger sister, so she didn't dare to appear in front of Jessica casually.

Because of Jessica's request, she also left Jessica.

But now? The news she got was that Jessica's father had an accident. At the time when she was the most difficult time, when her relatives had an accident, she, who claimed to be a good sister, was not by her side.

How did she come over during that time?

Thinking of this, Stella's heart burst into pain, and she couldn't say a word.

"Mummy?"

Levi noticed that Stella's face was wrong, and she quickly relieved: "Mommy, Aunt Jessica doesn't want to tell you, she just thinks Mommy has a baby in her belly now. Tell Mommy, Mommy will definitely be worried and anxious.

That's why I didn't say it. And now Uncle Zhou is okay, don't worry about Mommy."

Stella came back to her senses, yes, Uncle Zhou is fine, she doesn't have to worry, she just feels distressed for Jessica.

Just talking about Uncle Zhou, Mommy was so sad that Levi dare not say what Jessica and uncle met today, and then Aunt Jessica was sad.

Levi helped Stella to sit on the sofa.

"Mommy relax, it's okay. From now on, Levi will replace Mommy to accompany Aunt Jessica every day."

Stella thought for a while, and thought it was good, and then she would take Levi to a private school.

The next day, Jessica packed everything at home, and when she was about to go out to take a taxi to pick up Levi, she heard the doorbell ring.

She opened the door and found that Levi was standing in front of her.

"Aunt Jessica, early~" Levi tilted her neck, showing an innocent smile.

Jessica was stunned and looked behind him: "You, why did you come here?"

"Mummy said that it was too hard for Aunt Jessica to run back and forth every day, so the driver's uncle will be responsible for taking me back and forth every day. Aunt Jessica doesn't have to run with Levi again so tired."

After finishing speaking, Levi added another sentence in a low voice: "And the driver's uncle followed us all day. Aunt Jessica can go wherever he wants."

After listening to this, Jessica was a little moved, but she didn't expect Stella to be so thoughtful.

"Then thank you Mommy for me, you have a heart."

"Hmph, if Aunt Jessica wants to thank Mommy, call her and tell her by herself~"

Jessica smiled: "Well, I'll call her later."

After that, the two went to the hospital together to deliver meals to Father Zhou. When they saw that the nightclub was coming again, Father Zhou was excited, and Janis obviously liked Levi. The couple took him and said a lot. He shook his head and sighed helplessly next to him.

At this moment, Jessica's cell phone rang, and she answered the call.

"Ah? Is it here today? Okay, well, I'll go over and open the door later. Could you please bring me the things. Don't worry, Master, I will definitely compensate you by then. It's hard work."

After hanging up the phone, Jessica stood up and said, "The furniture I bought has arrived. I'm going to the restaurant now. Mom and Dad, Levi, please take care of it."

Levi stood up and said, "Aunt Jessica, I will go with you."

"Ah? Go together? But... I should be back soon. Besides, the restaurant hasn't opened yet. What can I go to?"

"Go, go, Janis, you take the little nightclub with Jessica, and take good care of our little nightclub. This hospital is not a good place. Just stay here as an old man, so why leave the baby? Here? Infected with germs?"

Jessica: "..."

It's ugly to hear...

Although Jessica knew it was kind.

Although the hospital is not a good place, it is a habitat for patients.

"Dad!" Jessica frowned and called him displeasely.

Father Zhou could probably guess why his daughter frowned, and quickly waved his hand and said: "Go, go, all go together, and come back to see me after handling the outside affairs."

Janis blinked and then stood up.

"Or let's go. Your father has recovered well recently and can get out of bed by himself. We will go there for a while and then come back and let the nurse take care of him."

Jessica nodded under Zhou's father's stubborn eyes.

After that, Jessica took Levi and Janis out of the hospital and rushed to the noodle shop.

When everything was done, Janis and Jessica split up. She went back to the hospital, and Jessica took Levi back to cook.

Originally, Jessica planned to let Levi go straight back, and she went home to cook by herself.

However, Levi mysteriously took out a small luggage bag from the trunk of the car and winked at her.

Chapter 1057

“You... are you going to rely on Aunt Jessica?”

Levi blinked his eyes innocently, “Any Aunt Jessica, can you?”

On the side of Grandpa Zeng, he had already said to him that he would accompany Aunt Jessica for a while, and then go back to accompany Grandpa Zeng.

As for Yuchijin, he hasn't returned to China for a long time, and he has been accompanied by his daughter Song An recently.

There is no great-grandson to accompany him, but there is a daughter. Although this daughter is still fierce and doesn't have a good attitude towards him, this situation is enough to make Yuchijin happy.

“Of course, Levi can live here as long as Aunt Jessica wants.”

After that, Jessica carried the duffel bag for him, and then took the Levi upstairs.

Then she ran into Aunt Zhang, who had nothing to do next door.

“Oh, Jessica, is your friend's son looking for you again?”

Jessica mechanically nodded, showing a numb smile: “Mother Zhang.”

“Hello Aunt Zhang.”

Aunt Zhang's eyes rolled around Levi's face like a weasel, and finally his eyes suddenly changed and landed on the little duffel bag that Jessica was carrying.

“This is?”

Jessica smiled and hid the suitcase behind her without a smile, “Something, Aunt Zhang, Aunt Wang downstairs is still waiting for you, why don’t you hurry up to dance the square?”

Aunt Zhang muttered a few stingy words when she saw her unspeakable appearance, and then left.

Levi was still a little worried when he entered the door.

“Aunt Jessica, can that Aunt Zhang speak ill of you?”

“What can she say badly about me?” Can’t you say that the white is black, and the fake is true? Besides, her Zhou Jessica is not the kind of person who cares about other people’s eyes. If she cares about this, she would not have become good friends with Stella when everyone in the company was disgusted with Stella.

Levi stood on the spot and poked two index fingers at each other, then poked again, and then whispered: “Aunt Jessica, or... I should go back?”

Jessica listened, took a meal, and then said, “What silly things are you saying? Can I care about what others say? You just live here. You can say whatever others like. Aunt Jessica doesn’t care. Are you worried?”

After speaking, Jessica directly pressed him into the bathroom, and then took him clothes.

“Okay, go take a shower, and then you will have dinner, so don’t go to the hospital with me. Stay at home, watch TV and go to bed.”

Millet beans clearly arranged: “...”

He doesn't want to watch TV or go to bed so early.

Good things do not go out, but bad things always spread thousands of miles.

He doesn't know if it is out of jealousy or something else.

The news that Jessica took a child home to live, flew all over the old city like wings.

Her parents have lived in this area for a long time, and most of the people living in this area moved here together, and many of them are old acquaintances.

Although, some of them have a bad relationship, but they don't make smiley faces. Everyone smiles and greets each other when they see them on the road. Then they start the show off mode, and then enter the mutual run mode.

Then smirked haha and went back to each house.

"After we have known each other for a long time, everyone naturally knows who has a few daughters and a few sons. What are these children doing? The good ones and the bad ones will come out and talk about it."

The good ones will hold a hand, and the bad ones will step on.

This is almost a gossip topic that many people chat about in the afternoon.

So the news that Jessica took a child home to live in, suddenly flew out like wings, and when the news came back, it became.

Jessica went abroad for five years, but was abandoned. Now, she has rolled back from abroad and brought an oil bottle.

When Janis told Jessica the news, Jessica's expression could be said to be a black question mark.

Abandoned? Bring an oil bottle???

When Mr. Walter heard the news, he probably fainted with anger. Oh no, Yuchijin would probably stomped his feet with anger when he heard the news, and the entire Beich would be shaken by three.

The great-grandson of his precious Jingui was actually said to be an oil bottle.

Even Jessica wanted to laugh when she heard it, and even wanted to hit someone.

“Originally, your Aunt Zhang wanted to introduce someone to you, but now she sees that you have brought an oil bottle, so she doesn't dare to introduce it to you, saying that she is afraid you will be rejected.”

Janis didn't know Jessica's current mood at all, and she was still adding fuel to her side.

“Mom! Levi is not a drag oil bottle, you know!”

Janis nodded disapprovingly: “I know, I know, but everyone doesn't know. If you leave a child here like this, if you don't know that your character will not give birth to such a delicate and beautiful child, even I am your mother, and I would guess if this kid was born to you.”

Jessica: “...”

Yes, she killed him with a piece of tofu.

“Mom believes you, but outsiders don’t. Besides, for those people, the most important thing is not whether Levi is your son or not. They don’t care what the truth is, they only care that you bring this person back.”

Hearing, Jessica was silent for a while.

“Yes, those people don’t care what the truth is. Even if you tell them the truth, they won’t believe it. They only choose what they want to believe and then self-comfort and deceive. That is Jessica’s child, and then tell others that Jessica has brought an oil bottle.”

Thinking of this, Jessica felt tired.

She had expected everyone to gossip, but she didn’t expect it to be so absurd.

“What do you plan to do now? Do you want to keep him here?”

“Mom, what do you mean by this? Levi is just a child and doesn’t understand anything. I sent him back because of these few words. Isn’t that hurting him?”

Janis smashed her mouth and nodded in agreement: “I also think that, besides being fair and comfortable, we should just go ahead and let the people talk nonsense.”

“Mom, don’t you mind?”

“What do I mind? Anyway, you are not in a hurry to marry yourself. What’s the use of being anxious? Now this news is like flying to the Ninth Heaven with wings. Can I still turn the tide?”

It seems to be the same, although the rumors are not good, but this kind of words can save Jessica a lot of trouble.

If everyone thinks that Levi is her child, and thinks that Zhou Jessica brought back an oil bottle, then those matchmakers who want to call her relatives should dispel this idea, and she is also relieved.

Thinking of this, Jessica shrugged instead: "Okay, let them go, I don't care."

"Tsk." Janis exclaimed: "I was still talking to your dad about this two days ago. You may not be able to get married in this life. Now it seems that this is a possibility."

Jessica: "...Anyway, I can make money to support myself, and getting married is not the way I must choose in life."

Chapter 1058

"Look at you kid, what are you talking about? Getting married is a major event in life, so why isn't it the way you have to choose? I can tell you, you can't find someone you like and don't get married. Mom is up to you, but if you dare to do this Never get married in my life, I will be the first to kill you."

Jessica: "..."

Forget it, she still stopped talking about her own thoughts.

And who says she doesn't want to get married, she wants to get married, wants to marry the person she likes, and this person just likes herself, this kind of marriage will be happy.

However, the people she likes don't like her.

She felt that she would probably never like men other than Victor Han in her life, so Jessica felt that she would never get married in her life.

“Life is still very long. You are only how old you are now. Don’t think about the ones you have or don’t. When you reach a certain age, you will find that there are no obstacles that you can’t pass. Life is so ups and downs.”

After all, Janis came here, and she saw many things more clearly than Jessica, and Jessica was her daughter. How could she not see the changes after Jessica came back this time, but there are some things that she is not a mother. It’s too clear to ask.

“Knowing mom, I’ll go and see if Levi has got up.”

After that, Jessica went to ask Levi to get up. These days, Levi has been following Jessica. After Zhou’s father knew that he was living at home, he kept clamoring to leave the hospital.

Jessica naturally knew why Zhou’s father had to be discharged from the hospital, but the injury on his body was not completely healed, so Jessica and Janis did not agree to let him be discharged from the hospital.

For this reason, Zhou’s father has been depressed for a long time. Every day Jessica goes to deliver meals, she will stare at her with faint eyes, and then ask when he can be discharged from the hospital?

Jessica felt funny every time she thought about this, because she never thought that her father would be so childish.

Because the shop was about to open, Janis specially chose a good day, but looking around, all the good days were piled up until next month.

In other words, if you want to see the opening of the day, you have to wait until next month.

Jessica couldn’t wait. She wanted to get busy quickly so that she could forget the illusory thoughts in her heart.

“Otherwise, I don’t care about the date. My dad will be discharged from the hospital in a week, so I just picked him to open on the day he was discharged. It’s a good day.”

Janis thought carefully, “Then I will pick up your dad at that time and go directly to the store after leaving the hospital.”

Jessica nodded: “Okay.”

A week later

Jessica’s shop was ready. Janis bought firecrackers for her because it opened. But Jessica felt that firecrackers were too dangerous, so she returned the things again, only getting some balloons and flowers.

Because the contract has already been signed, Jessica is not stingy, and directly spends money to hire two helpers, because it is just opened, so there is a discount.

“For example, if you post a photo to Moments, you can collect 88 likes and you can get free orders, but the amount is limited to 500, and more than 500 pays.”

There are also some small activities that can be given away if you spend enough on the day. Anyway, for these activities, Jessica rushed for several nights to get it done. Although it was just opened today, her mental head is also very good, but there are dark circles around her eyes. But it is very deep.

And these days, she has lost a lot.

Jessica’s face is not a Guazi face. It is a kind of round apple face. After losing weight these days, there is no meat on both sides of her cheeks, but her facial features become more three-dimensional and distinct. The eye sockets are deep, although some Haggard, but much less clear and beautiful than before.

Janis rushed to the noodle shop after picking up Zhou's father from the hospital. When she got off the bus, Janis said to Zhou's father, "Be careful, you just left the hospital. Don't stay there and go back in again."

Father Zhou: "..."

His wife is good at everything, but the words are really annoying!

"It's fine if you don't know how to be obedient, but is it human?"

Probably because of anger, the steps at Father Zhou's feet staggered, Janis hurried up to help him when she saw it, and then began to scold him again.

"Listen, what did I just say? Don't stay away and fall and go in again, and you almost fell again. Fortunately, I helped you."

"..."

Father Zhou wanted to say that if it weren't for your words, he wouldn't have fallen. But on the surface, he didn't say anything, so he didn't want to stay here to fight.

When the two arrived at the store, there were already customers in the store.

Father Zhou went in to look at the decoration, and nodded: "The decoration style looks good, and the rent in this area, what advantage does Jessica take?"

Janis disagrees: "What is the advantage? I told you clearly what happened at the beginning. That Mr. Lin is not short of money at all. I guess the high price is just to stop those who have no intentions. Our daughter. With the ability, I guessed Mr. Lin's mind about his wife."

“Strange, how did you say Jessica guessed the mind of that Mr. Lin? And even if she guessed that mind, how could she guess so accurately? Does she know what it’s like to miss it?”

It didn’t make much sense at first, but when he thought about it, there seemed to be something wrong.

The couple looked at each other and did not speak in a tacit understanding.

“Parents, you are here.”

Jessica saw Zhou’s couple in it, and hurriedly greeted him, stepping forward and holding Zhou’s father’s hand directly: “How is it? Did the doctor say anything else, is it better today?”

“I didn’t say anything, just let me go home and recuperate. I can’t exercise for a short time.”

Hearing, Jessica breathed a sigh of relief, “That’s good.”

“Where is the little nightclub?”

Father Zhou looked at his daughter, and the first sentence was to ask about the whereabouts of Levi.

After hearing this, Jessica wanted to hit someone very much. She dared to feel that her father was in a hurry to leave the hospital and came over here, not for her opening, but to see Levi.

“Dad, you can just call him Levi like me. Don’t call him a small nightclub. There are all guests here. The guests will hear it very strange later.”

Father Zhou nodded when he heard this: “Okay, then he won’t blame me?”

“What does he blame for you as a kid? Besides, people call you Uncle Zhou, and you just think about it all day.”

Jessica helped Zhou’s father to sit down in the seat inside, and then poured him a glass of water.

But Zhou’s father kept looking around, just looking for the figure of Levi, Jessica said helplessly: “Okay, dad, don’t look for it, Levi is here to help.”

Hearing that, Father Zhou immediately widened his eyes: “Help? How can I help? Jessica, you won’t abuse our nightclub, will you?”

“...Why can I abuse him?”

It would be good if he didn’t abuse him, just the clever temperament of Levi, but...he didn’t know what was going on recently, he was much better than before, and he was not naughty anymore.

Chapter 1059

Jessica thought secretly, this should have something to do with Victor Han last time.

Thinking of Victor Han, the look in Jessica’s eyes became a little bit sad, she calmed her emotions and said softly.

“Dad, you and mom can sit here, I’ll go in and take a look.”

Then Jessica went in, and Father Zhou wanted to follow when he saw it, but Janis stopped him.

“What are you doing with you? Sit down here, just discharged from the hospital.”

Father Zhou: "..."

To Janis, he had no ability to resist at all, so he could only sit obediently.

At this moment, Janis saw a few figures coming from outside the door, and said: "Guests are here, I'm going to greet you, sit here and don't move."

"go Go."

Seeing Janis got up, Zhou's father still looked where Jessica had disappeared. He wanted to find a small nightclub, even though he knew that the other party was just a child.

But that was Mr. Walter's child. He didn't expect that his daughter could get along with Mr. Walter's son and wife so well. In addition to being relieved, Father Zhou felt a little proud.

His daughter is more promising than himself.

"Hello, please come in."

Stella and Walter came together, and then the driver changed to Phillip.

Seeing that the driver changed to Phillip, Stella whispered in her heart right now.

Unexpectedly, this insidious, she wouldn't let her take care of Victor Han and Jessica's affairs, but she pulled Phillip in and kicked it in. It was only because of Phillip's presence that Stella didn't have an attack.

She planned to find Walter to settle the accounts again when she had the opportunity.

So when they came in, Phillip and Walter both carried gifts in their hands, and the expressions on Walter's faces were cold, and there was no joy at all, and the aura was majestic and heavy.

Phillip followed him all the year round, and his aura was very bullying.

Janis just glanced at it briefly, and felt that these two men were not very easy to provoke, and she felt a little groan. Finally, she greeted the petite woman next to her with a smile on her face.

"Hello, Auntie~"

Janis: "?"

"Jessica's new store opened today. We came to support her. These are gifts."

After speaking, Stella motioned to Walter to hand over the gift, so Walter, with a cold face, handed the gift forward.

Janis also raised her head to look at Walter at this time. After seeing his face clearly, Janis was immediately stunned.

"I'm a good boy, are there two people who look so alike in this world?"

The handsome and tall man in front of her looks almost exactly the same as Levi. These days, Levi and Janis have been together for a long time, and their relationship has become very close.

Suddenly another one that looked exactly like Levi.

Janis looked at Walter, and then at Stella, who had a gentle and sweet smile, and quickly reacted.

“You, are you Stella?”

Stella froze for a moment. In fact, she had never seen Jessica’s mother. It’s just a guess from her appearance and age that she looked a bit like Jessica, especially her eyebrows.

But Stella did not expect that Janis knew her.

“Yes, Auntie, I am Stella, before you...”

“Hey, you want to ask if I have met you before, or how can I recognize you?”

Stella nodded with a smile.

“Actually not, my aunt is also the first day I saw you today. But I often hear Jessica talk about you, and...Levi now lives in our house with. He and...”

Speaking of this, Janis glanced at Walter, not knowing how to call her, her words were somewhat restrained, “They look really alike, so I guessed it.”

“That’s it.” Stella nodded approvingly: “Auntie is really smart.”

After she finished speaking, she stretched out Walter’s sleeve, “He is the father of Levi, his name is Walter, and his aunt can just call him Walter.”

Walter’s face was expressionless, he could feel his little wife’s movement of pulling his sleeves a bit heavier than usual, and his thin lips moved, pulling out a tiny arc.

“Hello auntie, my wife is right, just call me Walter.”

Didn't Janis fail to see the little movements of the couple, the man in front of him was the nightclub that Lao Zhou was talking about. He heard that he was quick and unrelenting, but she didn't expect to treat a woman as hell.

"By the way, Auntie, this is a gift."

"Just come here, what other gift do you bring? I used to hear Jessica talk about you, and my aunt would like to thank you for taking care of Jessica these years."

Stella seemed to get along well, so Janis didn't have a barrier to talk to her. At this moment, she took her hand intimately, and then led her to walk inside.

"Let's go in and sit inside, and say as we sit."

"Okay."

Stella released the hand holding Walter's sleeve, and then walked in with Janis.

Walter, whose sleeves were loosened, felt a sense of loss in his heart.

Looking at the back of his wife in front of him, Walter shook his head helplessly in his heart. He was still pulling his sleeve just now, and he ignored him when his goal was achieved.

But he took a step forward and followed obediently.

Father Zhou was sitting in his seat, waiting, and when he heard the footsteps, he glanced here.

With just a glance, he was petrified in his seat.

“Night, nightclub?”

Is his old eyes dizzy? Or maybe it's the aftermath of a car accident. Otherwise, how could he see their nightclub appear in this small ramen restaurant???

No, the nightclub must be here for a reason.

After all, the little nightclub is here, there is nothing impossible at all.

But Lao Zhou stood up excitedly, “Nightclub.”

“Manager Zhou.” Walter handed over what he had brought him. “I heard that you were hospitalized in a car accident. I haven't had time to go to the hospital to see you. I'm sorry, it's a little bit of heart.”

Looking at the gift bag, Lao Zhou stretched out his hand tremblingly, but did not dare to accept it.

“This...”

“Uncle, this is a little apology from Walter and he didn't know that you were hospitalized before. Otherwise, he and I would have gone to see you a long time ago. I'm really sorry.”

Stella knew Father Zhou. After all, he was the manager of the financial department and had dealt with him many times.

At this time, Father Zhou was so excited that he was about to faint. The always indifferent nightclub went to his daughter's small ramen noodle shop, gave him a gift, expressed apologies, and the president's wife also ...

“Stella?”

Jessica's surprised voice came over.

She stood at the entrance to the backstage and looked at her in amazement:
"Why don't you call me and tell me I can pick you up."

"Why are you opening a new store today, let you come out to pick me up, what about your store?"

It's been a long time since she saw Jessica, and now seeing her lose so much all of a sudden, Stella really feels distressed to say it.

Chapter 1060

"There are so many people in the store, and I also asked for help."

Only then did Stella look at the decoration of the store. It seems that the completely Japanese style has some ancient Chinese elements added, and the dark lanterns are interlaced, giving people an immersive feeling.

After Stella looked at it, there is always a way to sit in this store and eat, and you can find that feeling without worrying about whether the food is good or not.

"The decoration of this store..."

"Mummy, Daddy, are you here too?"

A milky voice sounded.

Stella was interrupted and looked at the source of the sound.

Levi was still holding a small dinner plate in his hand, standing still and looking at them cutely, Stella was stunned and saw that Levi was actually wearing a set of work clothes instead of usual clothes.

But his work clothes are of the very Q type, which looks very small and delicate on him.

Seeing this kind of millet beans, Stella felt that her heart was suddenly soft and messed up, she wanted to yell a few times, and then she held the millet beans in her arms and rubbed them vigorously!

Because it is so cute!

But there are too many people at the scene, and this is still Jessica's shop, such a move is really inappropriate!

So Stella could only hold back her life.

"How is it? The work clothes I ordered for Levi, are they cute and feeling?" Jessica and Stella have known each other for so many years. Naturally, she can see the emotions in Stella's eyes and the excitement on her face. She was so excited when she first saw Levi dressed like this, and then pulled Levi crazy to take a lot of photos and various poses.

It didn't stop until Levi couldn't stand it anymore.

"Yeah!" Stella nodded continuously in agreement with Jessica's thoughts: "It feels a lot!"

Levi stepped on the steps of a child, holding a dinner plate in his hand, and walked outside and said: "Daddy Mommy, wait for me here for a while, I'll serve the food~"

"Okay~" Stella waved to his back and whispered softly, "Be careful."

Then everyone kept staring at Levi, and after seeing him deliver the food, the three girls at that table saw the Levi instantaneously fried.

“Ah ah ah ah, so cute kid!!! Are you working here??”

“Fuck, what kind of fairy is this cute, who looks so good to work here, heaven is intolerable!!”

“Little cute, shall we take a picture?”

Levi politely refused the other party: “No, pretty sister, Ma Ma will be jealous.”

Miss Sister: “Sad, I was rejected by such a cute little handsome guy. I want to go back and hang a piece of noodles. No one of you can stop me.”

“It’s okay, we won’t stop you, after seeing such a cute little handsome guy, you are dead without regret!”

“It hurts my friend! It hurts my heart to not cherish my best friend like this!”

The girls at that table are all a group of girls who are still going to school, full of vigor and vitality, and most of them are ridiculous and ridiculous.

Looking from a distance, Stella thought of the days she was with Meng Karla when she was still in school.

Back then... nothing happened yet.

She and Meng Karla also used to...then better,

Unexpectedly, the time has passed and everything has changed.

When Stella was sad alone, a cold air pressure sounded behind her.

“He wants you to work here?”

When everyone heard this sound, they all turned to the speaker in a reflexive manner.

It was Walter, his expressionless face, his tone was so indifferent that he could hardly hear the emotions.

This Ye Group is in the mind of the person in charge, who dares to guess? At least no one present except Stella dared, and Jessica had worked in the Ye Family Group before. Even if she was a good sister with Stella for so many years, the shadows Mr. Walter caused to her would not disappear.

No matter how gentle and affectionate Mr. Walter was when he faced Stella, it was only limited to Stella.

Outsiders like them can't enjoy it at all.

So after Walter said these words, all the expressions of the people present except Stella and Phillip changed.

Especially Jessica, almost spoke in a flustered manner.

“No, no, he just thinks it's fun. He just came to play here for two or three days after opening, and Mr. Walter was joking... How could I let Levi work here? This kind of place... is not suitable for Levi.”

After recovering, Stella raised her eyebrows and looked at Walter displeasably.

Walter just asked casually and didn't mean anything else, but it was probably because of the formation of an aura, so it made others subconsciously afraid. Now Jessica is so humble, nervous and scared, as her sister Stella, naturally Unhappy.

Under Stella's gaze, Walter felt helpless and could only sigh: "I just ask casually, don't be nervous."

Everyone: "..."

The Zhous looked at each other, but they didn't speak.

Stella cleaned up Walter, and took Jessica's arm with a smile: "It's okay, I think it's good to get some experience here, let Levi help you here."

Jessica twitched her mouth and said awkwardly: "No Stella, even if you agree, I don't agree. Levi will play here for a few days. I have to go back to school at that time. I dare not delay the future flowers of the motherland, and Child labor is illegal~"

Everyone knows this, tacitly.

"Well, that's fine, let him accompany you for a few more days, and then let him go back to school, don't worry." Stella patted Jessica's hand to signal her not to be nervous or worried.

Jessica was indeed frightened just now, but she was relieved to see Walter being cleaned up by Stella so quickly.

"Stella, thank you."

Jessica leaned into her ear and whispered, Stella wanted to say something, but the corner of her eye suddenly caught a glimpse of Phillip who was standing next to her.

He has been here for a long time, but he didn't say a word to Jessica, and his eyes have been glued to Jessica's body at the moment.

If she doesn't do something, she seems too unsympathetic?

After all, Phillip has also helped her and Walter a lot over the years. Thinking of this, Stella said: "Don't be so polite to me. The gifts for me and Walter are on the table, and I plan to Look around, there are seats on the second floor too?"

Having said that, Stella went straight to pull Walter's sleeve: "Let's go to the second floor and have a look."

Walter was naturally responsive to her, "Okay."

So Walter and Stella went to the second floor, and Zhou and his wife never looked away from them. Until...

"Phillip? Are you here too?"

In fact, Jessica noticed him early in the morning. When she saw Phillip, Jessica naturally remembered the last meeting. The words she said at the time are now vividly visible. She doesn't know what harm those words will cause Phillip.
