

Nothing to Give but My Heart Chapter 1091 – 1100

Chapter 1091

“Actually it’s not what you think, I just think he has been single for so long, and me, your life has been for many years, and it happens that Stella is my goddess, so I just ask and see if I have a chance to try it. .”

“ ... ”

Jessica opened her mouth in surprise: “Can it still be like this?”

Her cute reaction directly made Lin Xinghuo smile, covering her mouth and laughing for a long time.

“Jessica, you are too cute, why can’t you? Anyway, I just have the mentality to try, the big thing is to be rejected.”

“And the opportunity is rare. There are not many top men like Victor Han. I thought you were boy and girl friends, but I didn’t expect that you were not. You have to come on.”

“... Come on? What kind of oil?”

“Come on to be his girlfriend!”

“ ... ”

“I think you have a great opportunity, don’t give up, you have to work hard.”

There was a big chance, Jessica wouldn't tell Lin Xinghuo what the two had just said, although Victor Han didn't say anything at all, it seemed that she was talking at the end.

Then someone appeared, and she ran away in fright.

It's really disappointing and useless.

“Stop talking, it's impossible.”

Seeing Jessica's downcast look, Lin Xinghuo originally wanted to say that you didn't see Victor Han's eyes looking at you? When the words came to my lips, I thought about it again, and the words were too clear and meaningless.

Let people guess for themselves, so that's interesting.

“Anyway, I am optimistic about you, come on.”

Lin Xinghuo finished speaking and left with a smile.

Jessica held the juice depressed and continued to drink it. She never thought that Lin Xinghuo was going to open his mouth for Stella to become a talented family.

But she was right. There are not many good men like Victor Han. It is normal for her to target him.

After that, Jessica's remaining opportunities were eating, drinking, and drinking. When the banquet was over, her belly was already a little uncomfortable. Because she had a good relationship with Stella, everyone slowly left the show. Jessica Still staying ready to help clean up.

However, before her hand touched those things, she was snatched away by the servant, and said to her.

“Ms. Zhou, you are the guest of the banquet tonight, please go to the side to rest, just leave it to our servant here.”

“Ah.” Zhou Jessica’s belly rose sharply, and nodded when she heard the words: “Well, I’ll go sit for a while, thank you for your hard work.”

She had just sat down on the sofa and had no image.

In the next second, she saw Victor Han from the corner of her eye, and she jumped up suddenly, like a pupil lying on the desk seeing the head teacher coming and sitting straight up every day.

It was not until Victor Han left that Jessica went back paralyzed again.

She lay there very uncomfortable, and suddenly saw a familiar figure, Phillip who had come to the party but did not see the shadow all night.

Seeing Phillip, Jessica waved to him quickly.

After entering the court, Phillip looked around and seemed to be looking for something. When he found Jessica, he happened to see Jessica waving at him, a faint smile appeared on his lips, and then he walked towards her.

Seeing her sorrowful expression, Phillip leaned down and asked her, “Did you drink?”

Jessica shook her head, “No, how could I drink alcohol?”

She used to be drunk and crazy, so she wouldn’t be so ignorant in this situation, “I wanted to ask you, where you went all night?”

Phillip's eyebrows moved, but she did not expect that she would actually ask her whereabouts.

"Young Master Ye asked me to do something. It's over now, and it just so happens that the banquet is over, so I can take you home?"

Although the latter sentence was an inquiry, Phillip had already held her slender arm and helped her up, and Jessica stood up crookedly.

Upon seeing this, Phillip asked amusedly: "Since you haven't drunk, why are you drunk?"

"It's just eating too much." Jessica clutched her stomach, her face like a dish: "It's very strong."

"..."

Unexpectedly, she had eaten too much, Phillip said in a moment of dumbness, and only after a while helped her go out.

"I'll take you home and buy some digestive tablets on the way later."

Recently, Phillip went to her shop every day to help, and the relationship between the two people who had gone to and fro became familiar, so Jessica was not so resistant to approaching Phillip.

"Whether you go along the way? If you drop by, let me go. If you don't go along the way, let me take a taxi and go straight downstairs. It's very convenient."

"Soon." Phillip replied, "How could it not go along? You know."

Jessica: "..."

She couldn't wait to bit her tongue, why didn't she open and lift which pot?

Obviously knowing...Jessica coughed lightly, pushed away his support, and stood firm.

"Well, I'll take a taxi and go back by myself, you don't need to send me off."

After speaking, Jessica walked out anxiously, Phillip's eyes deepened, and he naturally took steps to follow. He recently posted a post on the Internet on the subject of how to chase a girl, and then roughly explained his situation. a bit.

There are many ways to push him online.

It is said that she used money to smash her, buy gifts, various kinds of purchases, so that girls receive gifts and receive softness. As the saying goes, a man who spends money for you may not love you, but a man who is unwilling to spend money for you must not like you!

There is also said that she is influenced by the heart, and she is always there with her, no matter if she is happy or sad, stand up when she encounters difficulties, and over time, girls will start to rely on you. This time is equivalent to Halfway through, and when you try to get caught up again, your girlfriend will get caught.

There is also a direct push to use a strong one, kiss her directly, force her, if you are not strong, the other party will not look down on you.

When he saw this, Phillip immediately said no.

Before the two have confirmed the relationship, what is the difference between this behavior and the rogue? So Phillip smoothly clicked on the person's message to report, and soon the person's account was blocked because of improper speech.

However, the other party quickly revived and applied for a new account to leave a message under his post.

{Brother, I can't give you an idea, can I? If you don't bring this, you don't need it if you don't accept it. Why report me? }

Phillip coldly replied: The content is unhealthy, leading others to commit crimes.

The trumpet yelled wrong.

In fact, Phillip didn't think he was wronged at all. This kind of thinking is really scary.

He looked at many methods, thought about it, and felt that the second one was better for him.

Jessica's character is not the kind that can be tempted by buying gifts. The most difficult thing is that she still has someone in her heart. If she wants her to accept herself, it is estimated that she really has to get used to her own existence.

In this way, he has the possibility of chasing her.

When Jessica ran outside, she took out her mobile phone to call for a taxi, and looked back, and found that Phillip had not caught up.

She was relieved, and a silver Bentley stopped in front of her.

The window rolled down, revealing Victor Han's cold profile.

Chapter 1092

Seeing Victor Han, Jessica was stunned, feeling much more sober.

Obviously she didn't drink...

"Get in the car." Victor Han said coldly.

Jessica: "..."

TAT, just because she accidentally heard their conversation, would he not let her go? Jessica looked at him weakly and raised her paw.

"Well, can I not get in the car?"

She has promised so much, why not let her go?

Moreover, Jessica ate too much greasy cakes at night, and she is very nauseous now, she dare not get into the car, for fear that she might vomit in his car.

"Send you back."

"Huh? Send me back?" Jessica didn't react, and pointed at herself instead. Victor Han wanted to send her back?

Why does this sound so mysterious?

She felt like she was dreaming, so she stretched out her hand and rubbed her eyes, and then looked intently, and found that Victor Han's deserted face had not disappeared in front of her.

Jessica straightened her back and answered seriously.

"No, thanks."

She knew that Victor Han sent her back because of her gentlemanly demeanor because she was a good friend of his sister. Otherwise, how could he take the initiative to stop and wait for her according to his personality? But since Jessica has decided to stay away from him, she won't get in his car again.

If this is always the case, she and Victor Han will continue to arbitrate and mess up.

More importantly, she may be nothing but herself. Saying to give up but still stay with him, isn't that toss her?

Therefore, she must not get in the car!

She must strengthen her position!

Hearing this, Victor Han frowned. From what Jessica said inside, he probably expected that Jessica would refuse, but he couldn't help himself. Seeing her little figure standing there, he knew that the car should go from her. Drove straight ahead, but in the end he stopped the car.

"Really no need?" Victor Han stared at her with shallow eyes.

Jessica felt inexplicably that this look made her feet chill, and she bit her lower lip lightly, but when she was about to agree, she held her shoulder with one hand.

"Thank you, Mr. Victor, for your kindness, but I have promised to take her back. Now let her put my pigeon on your car, I'm afraid Jessica will be embarrassed."

Phillip suddenly appeared, gently held one of her shoulders, and put her in her arms, with a smile on his lips and explained to Victor Han.

Victor Han's gaze fell on Phillip's hands in this way, and he moved away in about two seconds, but Phillip was still keenly caught. He looked at Victor Han calmly, waiting for him to pick him up. Down the action.

Unfortunately no, Victor Han's eyes returned to cold, and his voice was not emotional.

"If that's the case, don't force it."

When the words fell, the car left.

Jessica looked at the tail of the car for a long time before she came back to her senses. Today... It seems that Victor Han drove by himself, why didn't Uncle Nan send him to the banquet?

"What's in a daze? I'm gone."

Phillip embraced Jessica and walked to the other side. Jessica saw his car parked not far away. At this moment, her extremely chaotic mind gradually cleared up.

She didn't get into Victor Han's car, but instead got into Phillip's car. What does this mean?

Thinking of this, Jessica stopped shortly.

"Well..."

Phillip stopped and looked at her uncertainly.

Jessica pulled her lips awkwardly and waved at him, "You should go back by yourself. I suddenly remembered that I still have something to look for Stella, so I have to go back."

“I have something to look for her? Then how long will I wait for you here?”

“I heard that Phillip had no doubts, thinking that she really had something to discuss with Stella. After all, the two people have always had a good relationship, and everyone knows it.”

“...”

“I didn’t expect the other party to be such a straight man, and I didn’t understand that she was asking him to leave first. I didn’t want to get in his car because the other party was kind, so Jessica couldn’t speak too bluntly and could only suggest as much as possible. “

“Well, it’s very important for me to find her. It probably takes a long time. I am embarrassed to make you wait too long, so you should go back first.”

Phillip answered with a paralyzed face: “I don’t mind, I have nothing to do anyway.”

Jessica: “...”

“Brother, you are so annoying! ! !”

Can you calm down and think about what she meant??? ? Can you not be so straight???

She is really angry!

Jessica gritted her teeth, and lost the patience to play Tai Chi with him. She glared at the other side fiercely, and said loudly, “Whatever you want, wait as long as you like!”

After speaking, she turned and walked inside. Phillip suddenly reacted when he saw her furious figure.

It turned out... She was rejecting him.

He doesn't want to get in Victor Han's car, nor his.

When Phillip wanted to understand, he could only smile bitterly in his heart, staring at the figure in front of him for a long while, he stalked and chased after him.

Phillip was tall and had long legs, so he quickly caught up with Jessica and stopped in front of her.

"Don't get angry, I'll send you back, you go in to find the young lady, she doesn't have time to care about you."

Hearing, Jessica stood still and looked up at him.

"What do you mean?"

"She is with Mr. Walter, are you sure you want to go in and disturb them?"

Jessica: "..."

With Walter? Thinking of Walter's cold look, she couldn't help but shiver, so let's forget it.

But now it's not so good to change her mouth. Jessica can only say, "Then I'll go in and wait. When I'm free, I'll tell her that if there is no time, there are so many rooms here. I will rest here tonight. Come on, or go and squeeze with Aunt Song all night."

The two were talking, and a man and a woman walked out from inside. It happened to be Leng Yueyue and Wang An.

Seeing Jessica, Leng Yueyue waved at her.

“You haven’t left yet? I just saw you go out, I thought you were almost home.”

Hearing these words, Jessica’s eyes lit up, as if she had caught a life-saving straw, and ran towards Leng Yueyue and Wang An quickly, “Are you going back? Can I take your car back? “

The two of them had a meal. Before Leng Yueyue could react, Wang An’s expression turned strange, “Behind you... isn’t there a ready-made one that can take you home? Why do we have to huddle with us?” Finally found the opportunity to send the goddess home, this great opportunity, he did not want to have an extra light bulb.

Jessica: “...”

Leng Yueyue gave Wang An a sideways glance: “How do you speak? If you don’t want to agree, then you go home by yourself and I will take a taxi with Jessica.”

Jessica nodded quickly: “I agree.”

Wang An: “What do you agree with? Where is it safe for the two girls to take a taxi at night? Besides, it’s not that no one picks up.”

Although depressed, Wang An could only reluctantly agree to let Leng Yueyue take a taxi.

Only at this time Phillip came over.

“Sorry to disturb you, I’ll just send her back, you can go first.”

“Phillip!” Jessica shouted to him with gritted teeth, but Phillip was silent.

Chapter 1093

It’s not that Leng Yueyue can’t see that there is a little bit of silly between the two, but she is still a girl who is the same girl. If Jessica is not willing to let Phillip send her home, then Leng Yueyue is also very willing to help her.

She pulled Jessica to her side and stared at Phillip ill-informedly.

“I don’t think it will bother us at all. If Jessica wants to go back with us, I would be very happy. There will be someone chatting with me on the way to relieve my boredom. It just happened that I haven’t seen her for a long time. Come, let’s talk about it.”

After that, Leng Yueyue hooked Jessica on her shoulders like a man and walked towards the car with her arms around her.

Phillip and Wang An looked at each other, Phillip had nothing else, but saw a trace of anger on Wang An’s face. When the two women over there were far away, Wang An looked at Phillip in disgust. At a glance.

“Brother, you can’t do this. I won’t talk about chasing a girl and chasing you. I also dragged my brother into the water. I didn’t mean you. Can you stay away from us next time? Such a good opportunity.

Phillip was also very helpless. He smiled helplessly: “I’m working hard, but you suddenly came out. What can I do?”

Wang An sighed and felt heartache.

Leng Yueyue's roar came from a distance: "Wang An, are you still going? Do you want to stay with him?"

Wang An shook his body and immediately replied, "No, no, I'll be here soon!"

After that, he left a look in your eyes that asked for happiness to Phillip, and then quickly followed.

Phillip stood on the spot, looking at Jessica's figure who was taken away, feeling helpless in his heart. The little girl still resisted him especially, it was really a headache.

After getting in the car, Jessica and Leng Yueyue sat in the back seat. Wang An drove the car depressedly in front, and a conversation between the two came from the back seat.

"Thank you Leng Yueyue."

Jessica gratefully watched Leng Yueyue apologize, Leng Yueyue looked like a hero, patted her chest: "Thank you? My friend is in trouble, I should help, plus you are my goddess. Good friend, if I helped you, rounding up is equivalent to helping my goddess."

Jessica: "..."

She is also a little fan of Stella's.

Unexpectedly, Stella's work attracted so many fans. While Jessica felt happy for her, she also felt that she was too useless. She hadn't been so personal for so many years.

"But isn't that person the assistant next to Mr. Walter? He likes you?"

Leng Yueyue asked the question straightforwardly, without muddling or wiping around. She was so straightforward that Jessica's cheeks were flushed, and then she coughed and said not to begin.

"It's not... I like it."

"So you are so easy to be shy?" Leng Yueyue stared at her red cheeks, as fun as she found a new world, holding her chin in her hand: "Is that pursuing you?"

Jessica nodded, and gave a small hum.

"Ha, yes, I think he looks like a dog, he should be able to see everywhere." Leng Yueyue actually began to seriously evaluate Phillip, and suddenly remembered something in the middle of speaking, yes. Wang An said to the front: "Much more handsome than you."

Wang An: "..."

He bit his posterior teeth secretly, who provoked him? Phillip is really not a human being, and the chance of leaving them alone is gone. Now Yueyue actually says that he is much more handsome than himself.

Thinking of this, Wang An was very unconvinced, "But he is not as tall and mighty as I am, and he feels insecure when he looks at it. It's like me, if someone bullies you, I will block all of them for you, and then pay back ten times. "

Leng Yueyue glared at him: "Come on, you don't have to be there, you are ashamed to be a big guy and brag about it, you are simply a stupid big one."

"Hey hey, what about the stupid big one, anyway, I'm trapping you."

Leng Yueyue flushed, and stared at him fiercely, "Shut up!"

Jessica blinked her eyes and suddenly realized that she had done something invisibly. Although she avoided Phillip,... she also became the light bulb for these two people!

It's no wonder that Wang An's face has been wrong, it turned out to be so.

Suddenly, Jessica was too embarrassed and stopped talking.

When she got home, Jessica twitched her mouth and said to the two of them: "Thank you for sending me back. I will invite you to dinner next time I have a chance."

Wang An: "No thanks, don't invite us to dinner next time. I want a chance for two to be alone, thank you."

Jessica: "...so real."

Snapped! Leng Yueyue directly slapped the back of Wang An's head with her hand: "Shut up to the old lady!"

After being scolded, Wang An was honest, touched the back of his head, but with a smirk on his face, Leng Yueyue turned to Jessica: "Okay, don't listen to him talking nonsense there. His brain structure is similar to ordinary people. It's not the same, it's very peculiar, you go up quickly, we will watch you go up again."

"Thank you, then I'm leaving. Be careful on your way."

Jessica quickly went upstairs, then walked to the window and looked down, and found that Leng Yueyue's head was just looking up. Jessica waved at her, Leng Yueyue returned to the car with a smile, and then left.

After watching the two of them leave, Jessica stood there in a daze. This Leng Yueyue and Wang An were playing and arguing. They were also very happy. Everyone seemed to be very happy, but she...

“What are you doing standing stupid?”

A voice suddenly came from behind, shocking Jessica, almost jumping from the place.

She turned her head and saw Janis holding a glass of water, standing behind her staring at her faintly.

It was very late, and Janis looked strange and scary in this way, and her little face was so angry that she covered her heart: “Mom, why are you scary? It’s too late, can you not do this? What if I was scared of you to have a heart attack do?”

“Cut.” Janis made a cut disapprovingly, then went to the window and looked down, with a curious look: “Say I’m scary, you won’t be scared if you lie down by the window without saying a word? I don’t know. Thought you were going to jump off the building?”

Jessica: “...This is on the third floor. Shall I jump to the rooftop as well?”

Janis: “What are you looking at? Love man? The man sent you back?”

Jessica took off her shoes and removed her equipment one by one. Instead of answering Janis’s question, she asked, “Stella invited you to the banquet. How did you run so fast? And where did you go? I didn’t see you all the time.”

“Oh.” Janis sat down next to her, “Just went to play with Levi. Your dad likes that kid, he thinks he is smart and cute, and he looks very pleasing. When he came back, he told me that if you go early Just get married and have such a cute and smart baby.”

Jessica stopped, and then slowly raised her head.

“Mom, aren’t you urging me?”

“What do you mean?” Janis raised her eyebrows: “The boss is not young anymore. We are just you, a daughter. Who doesn’t urge you to rush you? And if you bring such a cute child home, then we are even greedier.”

“...I’m still too early to get married! Just play with you Levi, don’t think about me for the time being.”

Jessica put on her flat shoes and went back to the room to take a shower.

“Mom, you will go to bed early. I went to bed after the shower. I am very tired today.”

Chapter 1094

Jessica had a dream that night.

She dreamed that she was with Victor Han, Victor Han in the dream was very gentle, would wipe her tears, coax her softly, and kiss her.

Even though she was dreaming, Jessica felt that everything was unreal, like a dream but not a dream. She struggled all night to dream longer, hoping that this dream could last forever.

But the more struggling, the faster she woke up.

After a short while, Jessica’s consciousness became sober. She opened her eyes and found that the sky outside the window was bright and the pillows were all wet.

Jessica was a little confused. Did she cry all night?

Last night, she dreamed that she was with Victor Han. She was so happy, but she felt unreal. She wanted to prove it but didn't dare. So she woke up while struggling.

Sure enough, only when she was in a dream did she have a long-cherished wish in her heart.

In real life, it continues.

Thinking of this, Jessica reached out to dry the tears from the corners of her eyes, got up and changed the pillowcases wet with tears, then went into the bathroom to brush her teeth and wash her face, change clothes and then went downstairs to make breakfast.

After breakfast, Jessica went straight downstairs and was greeted by the first ray of sunlight that she encountered today. It was warm on her face and body. Jessica stood there and felt it seriously for a while.

It doesn't matter, she has other things without love, and the years are still good, she has to live well.

Four months later

The business of the ramen restaurant is getting more and more popular. Jessica only hired two people at the beginning. Later, the business was so good that she could only hire two more. Zhou's father also resigned, and Janis occasionally came to the store to help, more when she was at home, she watered flowers and made tea, and occasionally went to the streets to go crazy and dance the square dance.

The people around were very envious, saying that Janis was great, and she had a daughter who could open a shop and do business, and enjoy the good fortune in advance, but it was regretful that Jessica hadn't married yet, so they asked them to step up their schedules.

And Stella's belly is already very big. From the beginning of the lack of appetite to the sharp increase in appetite, Stella's whole person has been rounded up a lot, and the most sad thing is that she is still suffering from swelling. She was also very noisy in her stomach, kicking her often, and tossing Stella as a mother miserably.

When Walter saw his wife like this, he didn't even want to deal with the company's affairs. Every day, he turned his hand to the shopkeeper, handing over the work to Phillip, and then went home to accompany his wife to coax his wife.

Sometimes when he saw Stella's miserable appearance, Walter would say something quietly.

"If you didn't know that this was a girl, he would toss you like this, and I would have to beat him up when he was born."

Hearing, Stella glared at him, "Nonsense, even if it's not a girl, it's your son, can you do it?"

Walter took a deep look at her, hugged her, and kissed her forehead pityingly.

"After giving birth to this child, don't have any more children."

Stella froze, don't want children? She thought Walter would ask her to have a few more births, but she didn't expect...

"Two are enough, I don't want you to work too hard."

In fact, Stella didn't resist having a baby, but she also felt that two were enough, so she nodded.

"Okay, then no birth."

The ramen restaurant is in full swing

But today, a special guest came.

This guest is not someone else, but Lin Xuzheng, who rented the shop to Jessica before.

When he came, Jessica was still a little surprised, and immediately laughed, and then led him to the lounge on the second floor.

There is only one private seat on the second floor, which was specially built by the couple before, not for guests, but reserved for use.

“Don’t worry, I know this elegant room should be special to you. Since I opened the store, it has not been used by customers, and it is cleaned every day.”

After Lin Xuzheng entered, he found that the private room was indeed cleaned up, and the air was still lingering with a faint fragrance of flowers, the fragrance was fresh and tangy, which was very refreshing.

Lin Xuzheng only found a few pots of fresh plants and flowers in the window.

“Not bad.”

Lin Xuzheng lifted his lips and looked at Jessica deeply. Someone’s vision is indeed unique. This Jessica is very thoughtful and delicate.

“Then if a guest insists on entering your elegant room, what do you do? Would you rather offend the guest and keep it?”

“Probably not. There are a lot of guests here every day, and there are fewer unreasonable ones. And I said this is for personal use. If they insist on it, there is nothing to say.”

He understood what she meant, even if he offended the guests, he would not let him out.

“It seems that I really rented the right person this time.”

“Are you here to eat noodles today? What kind of taste last time?” Jessica smiled and kept talking.

“You are really smart.”

“Then you sit down for a while.”

Jessica turned around, went downstairs, and made noodles for him in person.

Lin Xu was looking at the surroundings, his lips curled slightly.

“Did you see it? Your wish has come true, and the Yajian you saved before is very well treasured by her.” He said this very quietly, as if to himself.

In the kitchen, Janis leaned close to Jessica and asked quietly, “That Mr. Lin is here? Did he come to inspect, I heard...”

“Mom, he’s just here to eat noodles, don’t think too much.” She has quick hands and feet, and quickly made a bowl of noodles, and then personally sent them upstairs.

Several employees whispered upon seeing this.

“Why did our lady boss suddenly become so attentive? Who is the lady boss upstairs?”

“That’s right, and when I went to deliver the meal just now, I found that the lady boss invited him to Yajian. Are we about to have a boss?”

“I think it’s almost done, that man is very handsome, hey~ the lady boss is really good.”

Janis on one side heard these words, but her eyebrows wrinkled. Others might not know, but she had accompanied her daughter to find Lin Xuzheng, and learned from the intermediary that Lin Xuzheng was extremely affectionate to her wife.

Although his wife passed away, Lin Xuzheng had no idea of marrying again when he saw it. How could it be possible to have a relationship with her daughter?

“What are you guessing?” Janis leaned over, putting her hands in front of her, “Forget it if you don’t work hard, and gossip about things like that. Does a man and a woman have a leg when they come together? Mr. Lin has a family. , I also rented this ramen restaurant to my daughter’s original owner. The private room upstairs is the favorite room of Mr. Lin’s wife who passed away, so it was specially reserved for him. My daughter rented it with superb craftsmanship. In a noodle restaurant, today Mr. Lin came over to eat noodles and miss his wife. What kind of unhealthy thoughts are you, want me to lose my temper?”

Janis intends to make it clear directly, so as not to be vague. Turning back to other people’s connotations is a kind of disrespect for Lin Xuzheng’s dead wife and him, and it will also damage her daughter’s reputation.

Chapter 1095

Sure enough, after these words came out, the two or three of the gossiping people were much quieter, and after a glance at each other they dared not speak.

One of them also bent over to Janis: "Sorry auntie, we are also suddenly curious and not malicious. After you explain this, we will not say more."

Janis took a look at her. It was a girl who came in later. She was also very diligent in her work. She waved her hand, "Forget it, I don't mean to kill you either, but it's my daughter's reputation, and This is disrespect for the dead wife, so I still explain it clearly, as long as you know it."

"I know Auntie, I won't be anymore."

The others also nodded.

A misunderstanding was thus cut off by Janis.

In the elegant room upstairs, Jessica put her face in front of Lin Xu, Lin Xuzheng raised his head and smiled at her.

"Thank you."

Jessica smiled back, and then said: "Then I won't bother Mr. Lin."

It is the first time he has come here since the opening, and when he came in just now, he seemed to be thinking about something, probably because there are a lot of memories of him and his wife here, so he didn't want to come here, but wanted to come again.

Of course, these are all Jessica's own guesses. In fact, it is just which one. Lin Xuzheng should belong to the one who does not want anyone to stay with him except for his dead wife. Although she also wants to entertain her superiors, but... Don't do too much.

Ten minutes later

The delivery truck came, and Jessica moved all the large and small cargo boxes by herself. Although there were other people to help, Jessica was still the fastest.

After a while, Jessica saw one more figure in the crowd. It was Lin Xuzheng who had come down from the second floor. She was taken aback: “Mr. Lin, why did you come down?”

Lin Xu is a man with great strength. Jessica can only hold one cargo box at a time, and then run a few more times, but he easily lifts several boxes at once.

Jessica trot up with him holding a box.

“Mr. Lin, you are a guest and also my boss. Leave these things alone, I can do it myself.”

Lin Xuzheng said indifferently, “It’s okay. Anyway, I just happened to come and help me without stress. Also, when did I become your boss? You open a shop by yourself, I charge rent, and trade reasonably.”

“...Well, but these things.”

Jessica wanted to say something more, but Lin Xuzheng insisted, so he didn’t persuade her, so she could only walk faster, and called out other people in the kitchen to help, trying to get the goods before Lin Xuzheng carried a lot of boxes. All moved well.

Five minutes later, everything was moved. Janis poured a cup of black rice tea for Lin Xuzheng and said with a smile: “Thank you, Mr. Lin, for your hard work. Have a cup of tea.”

Lin Xuzheng took a sip of tea, “Thank you, auntie, by the way, why don’t you find a guy in the store to help? I always rely on you to move like this?”

Before Jessica had time to explain, she heard Janis speak: “Jessica’s father usually moves, but he happened to have something to go out today.”

“That’s it.”

Lin Xuzheng took a look at Jessica.

Although the little girl was young and looked very thin and barely a bit of flesh, but she worked hard, especially when she knew that she couldn’t be dissuaded, she rushed quickly, wishing to take all the work to herself.

Looking at it, it is really full of vigor and vitality.

No wonder that lifeless fellow Victor Han was tempted.

However, he has recently felt puzzled. He thought that his friend would at least do something. Who knew that a few months later, he hadn’t even visited a ramen restaurant. Lin Xuzheng asked him about his itinerary, he actually worked overtime at the company every day?

Oh, he finally had a tempted object, and he was really an old virgin who could endure such a long time.

If he could, he would be happy to fulfill his friends, but unfortunately his friends are so ignorant that he didn’t even have a chance to match, which is really a headache.

“Miss Zhou seems to be too young, maybe she can find a free long-term job.”

When Lin Xuzheng said this, he tapped his fingertips on the desktop, and the expression on his face was a little unpredictable.

Jessica was stunned for a moment, and then reacted instantly, free long-term labor, doesn't it mean the marriage partner?

Her lips opened, "Mr. Lin, I haven't yet..."

Who knows that Janis has also realized it, and quickly rushed in front of her and asked Lin Xuzheng: "Mr. Lin said this, is he trying to be a matchmaker for my daughter?"

Matchmaker?

Unexpectedly, Lin Xuzheng would actually have a day as a matchmaker, but if the object is his friend, maybe he can really try it.

"Speaking of which, I really have a friend that I can introduce to Miss Zhou, but... he is older."

"Older?" Janis's mind instantly remembered an uncle with a shaggy beard, a sloppy dress, and a personality problem. Otherwise, how could there be a man of that age who is not married, either because he is too rich, has a high vision, or has his own problems.

But soon, Janis quickly reacted. Lin Xuzheng is also very old, but his aura is very strong, much better than that young guy, not to mention his temperament image.

Who would be a sloppy uncle who could know him?

She really thinks too much.

“I’m a bit old, with a weird temper, I have never talked about a girlfriend since I was young.”

“What? Never talked about a girlfriend?” Janis was taken aback. How could this be possible? A man of that age has never talked about a girlfriend? Is it possible that there is really a hidden disease?

“Yeah.” Lin Xuzheng smiled and nodded. “When a group of us got married, he was the only one who was single. He didn’t expect that after so many years, he would still be the same.”

Jessica stood there with a weird expression.

Older, grotesque, and never talked about a girlfriend.

It’s strange, why did she automatically pop up a name in her mind when she listened to these descriptions of Lin Xuzheng?

No, how could it be him? Lin Xuzheng shouldn’t know Victor Han.

In recent days, although the time is passing day by day, Jessica thinks of Victor Han less and less frequently. She has become very busy. She has to work in the store every day. After returning home, she has to research new products and pay I want to buy goods from sources, and sometimes I’m so tired that I lie down after taking a shower and fall asleep.

Only when she dreamed back at midnight, occasionally Victor Han would appear in her dreams.

Then when she woke up, Jessica felt that she still loved Victor Han when she drenched her pillow with tears.

But on weekdays, she can completely hypnotize herself, and she doesn’t like him anymore.

Unexpectedly, Lin Xuzheng just said a few features casually now, and she thought of him again.

“I have been single for so many years, is it a non-marriage activist? Or, there is no chance for Jessica in our family?”

Chapter 1096

Lin Xuzheng smiled, “Auntie, he has nothing wrong with him. He is in good health. He just keeps focusing on work, so he has no time to fall in love. After a long time, he has no feelings for women.”

At this point, he suddenly paused.

How to say it is all shortcomings, no advantages? So how does Lin Xuzheng introduce someone to others? Jessica’s mother thought he had said these things on purpose to humiliate her daughter.

Sure enough, when Lin Xuzheng raised his head, he saw that Janis’s eyes had become a bit resentful.

It is also normal. After all, who would watch her daughter enter the fire pit, his introduction method sounds unreliable.

“Excuse me, this friend of mine is very successful at work, but he doesn’t know anything about relationships. He doesn’t usually have any bad habits. It’s not good to smoke or drink, and it’s not good to gamble. I saw that Miss Zhou has good character, so I gave birth. I want to match the idea, if it is abrupt, then I am sorry.”

When the other party turned a corner, Janis felt more comfortable.

“It’s okay if it’s just that the feelings are not open, but... our Jessica doesn’t look very good. The other party’s career is so successful. I’m afraid that all beautiful women have seen it. Everyone hasn’t seen it. How could it be? ...”

This means that the swan looks down on it, how it can look down on the ugly duckling.

Jessica on the side looked at Janis deeply with resentment.

Is she biological? What are the benefits of attacking her every time?

The way the mother and daughter get along makes Lin Xuzheng amused. He grabbed his mind and said: “When my wife was with me for the first time, she often disliked too many beautiful women around me. After a long time, she gradually felt relieved. After all, there are many good-looking skins in this world, but interesting souls are one in a hundred, and the resonance between soul and soul is the most important.”

“...”

Janis blinked.

This sentence is so literate and profound, but she still understands what Lin Xuzheng means, probably because there are many good-looking women, but similar personalities are the longest.

“Perhaps, I try to make an appointment with him, next time you meet?”

Jessica finally couldn’t help it, and said tactfully, “Mr. Lin, thank you for your kindness, but all my energy is in this store. I’m afraid I don’t have time to deal with anything else. I’m really sorry. Sorry...”

She even said two sentences to express her apologies. She didn't expect Lin Xuzheng to be a matchmaker for her. There was someone in her heart and didn't think that blind date was a good thing for her.

So before she completely put down Victor Han, Jessica would not have a blind date with anyone or even develop any relationship in her relationship.

During the time she went home recently, she doesn't know how many people told her to kiss her, but Jessica turned all of them off, which caused a lot of gossip.

"It's okay, since you don't have energy yet, let's wait until you have time in the future. Anyway, I don't think he has any plans to get married in the past two years. But..." Lin Xuzheng raised his eyebrows and closed it. : "It's also possible that I guessed wrong. If he meets true love, maybe he will flash marriage?"

"..."

Having said that, Jessica felt that Victor Han was a little strange, this person...why did he tell her about his friends? Obviously it has nothing to do with her.

But maybe people just couldn't help mentioning it because of a good relationship, and she didn't mind anything.

So Jessica smiled at the other party and didn't answer any more.

It could be seen that she was indeed not interested, and Lin Xuzheng did not force anything, and then left after sitting for a while.

Jessica breathed a sigh of relief.

Janis glanced at Jessica, “Smelly girl film, I think you want to be single until you are old.”

Hearing, Jessica shrugged helplessly, and then smiled: “There is nothing wrong with being single.”

In the afternoon, a customer suddenly asked Jessica a question.

“Madam, why don’t your family deliver food? I want to order food on XX, but I can’t find your store for a long time. Sometimes I don’t want to come out when I get home from get off work, but I miss your ramen. Can you provide food delivery service?”

Delivery service?

Jessica hadn’t thought about this before, because there was a processing fee on the app, which was quite expensive, and the ramen would lose its original taste if it was left for a long time, so Jessica never thought about using the app.

Now this is an old customer in the store, Jessica had to say, “Then I will consider the delivery service. I will make a business card when the time comes. But if the store is too busy to leave, the ordering service will be cancelled. “

“It’s okay, as long as there is service, it’s better than not!”

After that, Jessica went back to discuss with the Zhou couple, and Zhou’s father immediately nodded.

“Then send it, and then charge a little for the delivery. Anyway, I am a big man who doesn’t know how to cook, but I am familiar with Beich. I can go anywhere. Let me deliver it.”

“Dad.” Jessica frowned and said, “Although you are not too old, you are not young anymore. If you want to go out to deliver food, I might as well not open a shop.”

“What nonsense? Don’t you dare to dislike your father? Besides, don’t you know that there is a word called “Lao Dang”? My daughter opened a store and I helped deliver the food. What happened? Yan Yan, just let go and do the other dirty work. Give it all to Dad.”

When he said these things, Zhou’s father looked like he was a safe haven for his daughter, and Jessica’s eyes were hot when he said that.

“It’s okay, Yan Yan, more running is good for your body, let him go.”

After the matter was confirmed, Jessica quickly implemented it, found someone to print a business card, and then got a take-out phone and WeChat ordering food delivery service, and when the customer came, he would give someone a business card. Find them.

At first, there were few people calling, so Zhou’s father delivered it by himself. Later, when there were a lot of takeaways, Jessica didn’t want Zhou’s father to work too hard, so he went out.

Phillip will come over on Sunday and will help.

After a period of time, Zhou’s father and his wife looked at Phillip particularly pleasingly, and sometimes Janis pulled her daughter down privately.

“Phillip is not bad, I think you should consider others.”

Jessica had a headache when she heard this. In fact, she had told Phillip many times that she didn’t have to come to help, and she couldn’t afford it. Phillip said he didn’t need to pay it back, because it was voluntary.

So she wanted to pay him salary, but he refused to accept it, Jessica told him not to come.

Who knows that every weekend he is still up and down, Jessica is very worried.

“Mom, forget it, it’s impossible for me and him.”

“Why is it impossible? Is it possible that you are still thinking about the one that dumped you before? What is so good about the other party that you have missed for so long, Phillip has such a good character and personality here, I don’t think you should look for crabs. I lost the shrimp.”

“...What is said and what is being said, what you are talking about is fate, what you are saying is like.”

Victor Han will come out tomorrow...

Chapter 1097

“Let’s do it, my daughter is what she said. By the way, Phillip said just now that there was an urgent matter in the company, so she went back to deal with it and should come back tomorrow.”

“I hope he won’t come over. I can’t afford to help too much, and it’s still his time.”

“But people are willing, but can’t drive away, what can you do?”

Jessica sighed.

“Boss.”

“What’s the matter?” Jessica turned around and walked out of the kitchen, calling her the staff in charge of the ordering service. She pointed to an address: “All the guests of this Liujin Club ordered ten bowls of ramen and let us deliver them.”

Ten bowls?

Jessica froze for a moment, so much? And still in Liujin Club?

What is going on because it sounds a bit dangerous? It may be that Jessica hasn’t touched such a place much, and the unknown is always frightening to humans.

When she hesitated, the girl said, “Should you not let me go? My family lives near here. There should be no danger, and I know the way.”

Jessica looked up at the girl, then smiled and shook her head: “How can you go, staring at the phone, my dad hasn’t come back, let me send it.”

Knowing that Jessica was going out to deliver food, and when it was still ten ramen noodles, Janis was a little surprised: “So many, can you carry it?”

As soon as he finished speaking, Jessica easily picked up the ramen and put it in a small box, and then carried it up.

Strength is all exercised.

People who have little strength, can’t move, can’t move, are all people who are accustomed to care.

Jessica has seen many women who couldn’t even twist the bottle of water before marriage, but when the delivery was opened, they crackled. After giving birth to a child, holding another one on his back can walk fast.

So are women weak? No, as long as you want to do it.

“Mom, it’s okay, I’ll be back after delivery.”

Liujin Club

Jessica was stopped by the front desk when she entered with the box in her arms and asked what she was doing. After Jessica said her identity, the front desk looked at her with a bit more contempt, and brought a few words with her when she talked to her. Disdain.

“Delivering food, right? Just go up the elevator in front.”

Jessica doesn’t care what she looks at her, anyway, she will leave after delivery.

When she was about to rush to the elevator with the box in her arms, someone came in outside, and she was a familiar person. When she saw him, Jessica was taken aback. He didn’t expect him to come here.

It was not someone else who came here, but Lin Xuzheng, who had just visited her shop some time ago.

Why is he here? Does she want to say hello to him? It seems very rude not to say hello after seeing the other person?

Thinking of this, Jessica took the initiative to say hi in the direction of Lin Xuzheng.

When the front desk saw this scene, a look of disgust appeared on his face.

Lin Xu came to find someone, and there was another one by his side. The two were communicating something in a low voice, or the people around Lin

Xuzheng noticed that Jessica was watching them and said something to Lin Xuzheng, Lin Xuzhengcai Looked over here.

Lin Xuzheng was taken aback when he saw Jessica standing there holding a delivery box, and then reacted.

Then he walked towards Jessica.

“Mr. Lin, it’s a coincidence.” Jessica smiled at the other party, and then gratefully glanced at the person next to him.

Lin Xuzheng took a look at Jessica, and then smiled slightly.

“It’s a coincidence. The first time I came, I met you. Come and deliver the food?”

“Yeah.” Jessica nodded vigorously. “A customer ordered ten ramen noodles at our ramen restaurant. It just so happened that the store was very busy, so I delivered it myself.”

Hearing, Lin Xuzheng looked at Jessica a few more times. She was really a girl who was not afraid of hardship and tiredness. He quickly reacted, “I will take the delivery box for you? Which floor did I go to?”

Seeing him about to step forward, Jessica’s face changed slightly, and she took two steps back: “No, I can get it by myself. Thank you Mr. Lin for your kindness. I’m on the sixth floor.”

“It just so happens that we have to go to the sixth floor, drop by, together?”

Jessica nodded blankly after hearing the words, “Okay.”

So Jessica followed Lin Xuzheng into the elevator. When he entered the elevator, Lin Xuzheng's friend couldn't stand a little girl carrying such a large box by herself, so she said loudly, "I'll carry it for you. Well, it's not easy for a little girl to move so heavy."

"No, I can really move it, and I can leave it when I will send it in. The box will be empty when I come out, it's okay."

Although Lin Xuzheng and Zhou Jessica are bound to each other on several occasions, they can also see that this little girl is stubborn and does not listen to persuasion. She always has her own set of ideas when doing things, and what she believes will not change, and she is also afraid. Trouble others.

It is estimated that Jessica would not give him the box no matter how his cousin persuaded her.

The elevator quickly reached the sixth floor. After going out, Jessica recognized the room, but she didn't expect to be in the same direction as them, so everyone walked for a long time, and Jessica finally found the box number she was going to send.

"Mr. Lin, then I will deliver the meal first."

"Yeah." Lin Xuzheng nodded lightly and took a step forward.

Then Zhou Jessica went up and knocked on the door. After the door was opened, Lin Xuzheng's cousin looked inside.

"Hello, may I ask you for the food delivery service?"

The one who came to open the door was a man with a cigarette still in his mouth. He looked like a savage in a rural village. He looked at Jessica from start to finish before turning his body sideways.

“I didn’t call it, but my friends in it called it. Send it in.”

“Oh.” Jessica’s eyes were extremely unhappy, so she decided to put the things in and leave on the table.

Only after Jessica walked in, she found that the room was filled with a strong smell of alcohol and cigarettes. The two smells mixed together, it was very nasty and disgusting.

But there are men in the house, and their eyes are red from drinking.

Most importantly, each of them had their arms around women in cool clothes.

With just a glance, Jessica realized something was wrong, and walked out holding the delivery box.

As a result, she walked two steps but was stopped by the man who opened the door just now with a cigarette in his hand.

“Hey? What are you doing? You have to leave before things are put down? Did you come to deliver the food?”

Jessica pursed her lips and said with an ugly expression: “I sent it to the wrong place.”

After talking about him, she was about to leave, but the people jumped out again and stopped her again, “How come it was delivered to the wrong place, your name is on the delivery box, Shishi, is this ramen your name?”

The man called the stone hugged the woman next to him, laughing so that it was a scumbag.

“How? I said that the owner of this shop is a very punctual girl? Look at this thin waist and thin legs, you know I am not talking nonsense, right?”

“Stone, I have a good vision, come here, let my brother try today’s ramen, is it delicious?”

Chapter 1098

Jessica’s scalp tightened and she couldn’t care about anything anymore, she put down the box, then turned around and ran outside.

She knew that holding the box would only be a burden to her, and these people obviously didn’t want her to go, and they didn’t know what they would do to them in this box, so they had to run.

When Jessica walked out, she was delighted to see that the door was only concealed.

As long as she runs faster, there will be no problems out of the box.

No matter what, she went to Lin Xuzheng, although it was very troublesome.

But knowing that she came with a companion, these people will be a little more afraid.

However, imagination is always beautiful, but reality is cruel.

She was caught back before she ran to the door. It was the man who was smoking. He roughly grabbed Jessica’s arm and pulled her back vigorously.

“Ah, let me go!!” Jessica screamed, struggling hard.

The men on the side couldn't help but laugh when they saw this scene, "Oh, it's quite strong, does it look like a pure chick?"

"It must be that there is no man permanently in her store, only her parents."

"Hehehe, little girl~ it's very hard to open a store by yourself and no one helps, right? Otherwise, you can pick one of us here. After you choose, everyone here can work in your store for free."

Jessica just wanted to escape from here, she couldn't hear what the bastards were talking about. She couldn't get away from the man's hand, so she could only bite it down hard.

"Ah!" The man screamed, threw out his hand in pain, and slapped Jessica on the forehead.

Boom!

His strength was so strong that the little girl was beaten out directly,

"Are you looking for death? Dare to bite Lao Tzu and give a shameless woman."

Jessica was slapped with a Venus star in her eyes, so dizzy that she couldn't see clearly in front of her eyes, but she remembered the direction, so she got up and walked forward.

"If you bite someone, you want to leave? Don't ask me if I agree!" The man directly grabbed her hair and dragged it back.

"Ah." Jessica paled with pain, and screamed.

The other side

“Boy, I must have known that I moved you to the rescue, so I ran away early, don’t let me catch him again.”

The two of Lin Xuzheng went to find someone in the box, and they were going to catch the person back directly. Who knew they had already run away after entering.

“My brother is not afraid of anyone. Everyone in this family is only afraid of your cousin, and he doesn’t know where he got the news. He actually strayed ahead of time. Xu Zheng, please come with me. I’m really sorry.”

Lin Xuzheng didn’t care, and shook his head: “It’s okay, anyway, I have nothing to do every day.”

Hearing, my cousin was taken aback, and then he thought of something and sighed: “Let’s let go of the past. You can’t always go on like this. It’s better to get out as soon as possible.”

Lin Xuzheng pursed his thin lips, and the breath on his body suddenly became cold.

The cousin could see that he didn’t like to hear this, so he could only change the subject immediately.

“Okay, then I won’t talk about it. Just do whatever you want. If no one is found, let’s go back.”

The two took the elevator downstairs, but saw that the food delivery car outside was still there, and the cousin said, “Is this the girl’s car? She hasn’t delivered the food yet?”

Hearing, Lin Xu paused and stopped in place.

“What do you mean?”

The cousin touched the back of his head, "Did you just hear that? She said she went in and put the things down and went downstairs, so she refused my offer to hold the box for her, but it hasn't come out after a long time. Xu Right, do you know her? What is your relationship?"

Lin Xuzheng: "...I am the tenant of the ramen restaurant."

"Is it just a tenant?" The cousin blinked his eyes. "You shouldn't care about what happened, right?"

Hearing this, Lin Xuzheng finally realized that something was wrong, narrowed his eyes and stared at his cousin dangerously, "Speak clearly."

"Hey, isn't it when I went to deliver the food just now? I think the person who opened the door was a man with a cigarette. According to my experience, the man is not easy to provoke. I think ordering the takeaway is just a starting point. Do you want anything to eat in the clubhouse? I have to order takeaway... Hey, where are you going?"

Before his cousin's words were finished, Lin Xuzheng turned around and walked towards the elevator with a cold face. He could only walk quickly to follow, and said as he walked: "Isn't it just your tenant? Why are you so nervous?"

The two entered the elevator, Lin Xuzheng's eyes were cold, "Do you want to see the dead?"

The cousin smashed his mouth: "It seems to be too much to save you, but there are so many of them. Don't do it casually. If it doesn't work, I will call the police immediately."

In the box

"I rub, this girl is too good, Shishi has a good eye this time."

“I said don’t be too violent. She looks so good. Isn’t it painful to hurt her?”

The man picked up Jessica and threw it into the arms of the stone. The stone hurriedly hugged her. Jessica wanted to struggle to escape, but the other party firmly pressed her to the sofa and suppressed her with his legs.

“Don’t run, you won’t be rough or anything, just want to chat with you, don’t be nervous...”

They were accustomed to meeting women in Fengyue place. They had never seen Jessica like this. Moreover, she looked too small, and they would resist again, which made them stunned.

Jessica looked at the man in the room and closed her eyes in despair. Is she really going to be bullied here today?

No, she didn’t want it.

She opened her eyes and gritted her teeth and said: “Do you know that this is illegal? I am not the lady your name is, and you have no right to do this to me. Also, when I came to deliver the meal, I came with my friends. You It’s best to let me go now, or else my friend will know that I’m having an accident and report to the police directly, and you’ll be finished.”

Shishi was stunned for a moment, but she didn’t expect her to have such sharp teeth and smile more happily.

“It’s good to call the police. There are so many people in this house. Is your friend enough to call the police? Is it too late to call the police?”

Hearing this, Jessica understood what the other party meant, and obviously he was not afraid of things.

boom!

The door in the box was suddenly kicked open. Lin Xuzheng's cousin was recording a video in the house with a mobile phone, and yelled: "Don't move, don't move, I have already called the police."

Perhaps it was unexpected that the door was suddenly kicked open, so everyone was stunned.

Soon, one of them stood up sideways.

"Dare to call the police, that's okay, just before the police arrive, you will be beaten down."

After speaking, he was about to walk over, but was stopped by someone.

"Brother Li, Brother Li, that's Lin Xuzheng."

"Lin Xuzheng? Which Lin Xuzheng? What is it? What is it about Laozi?"

"Lin Xuzheng from Lin Real Estate."

The person pulling him leaned to the man's ear and whispered something, and the man quickly changed his face.

Chapter 1099

After 40 minutes

The people who were doing things in the clubhouse today were taken to the police station. A group of drunk people clamored and wanted to continue drinking, and interrogated the few who started Jessica separately.

Jessica had already finished the transcript with them. At this moment, a man was lying on a long chair, his face was sore. A gentle policewoman took an ice

cube and wrapped a towel on her. After Jessica thanked her. He took the ice cube nest and laid there quietly.

“Although she has been saved, her mood is still fluctuating. What happened just now is really terrifying.”

If... If Lin Xuzheng hadn't appeared, she would probably...

Thinking of this, Jessica closed her eyes, not daring to think again.

However, the phone rang at this moment, Jessica was taken aback, took out the phone and glanced at the caller ID, it was the phone in the ramen restaurant.

She hasn't gone back for so long, they must be worried.

Jessica took a deep breath, then answered the phone.

“Hey?”

“Yan Yan? Are you okay? Why haven't you come back after going there for so long? Did something happen?”

Janis stood by the phone and asked a few words anxiously. Zhou's father stood beside her and urged her: “Where is my daughter now?”

“Yes, Yan Yan, where are you now?”

Jessica looked around and lied to her parents.

“Mom, I'm okay, I'm going back soon, are you in the store with Dad? Don't worry.”

She hadn't cried, so when she spoke, her voice was normal, and it didn't sound unusual at all, except for the slight escape in her tone.

"Really all right?"

Although knowing that the other person can't see, Jessica still squeezed a smile, although the smile looked uglier than crying, "It's really okay, mother, don't worry, I just passed by a jewelry store and found that the contents are pretty good. , So I plan to go shopping again, don't blame me for being lazy, I'll hang up first."

After finishing talking, Jessica hung up the phone quickly, for fear that she might reveal herself if she said too much.

Not long after the phone was hung up, a rush of footsteps rushed towards her, Jessica didn't think much, she continued to lightly press her face with ice, and stared at her toes.

However, in the next instant, a pair of shoes suddenly appeared in front of her, and she was stunned by someone who just raised her head and shoulders.

The hormonal aura belonging to the man immediately surrounded her, Jessica stared blankly at the man who held her shoulder in front of her, and then leaned over and looked at her seriously.

"Are you okay?"

"..."

Jessica's pale lips trembled, and she looked at the man who appeared before her incredulously.

The outline is beautiful, and the calm eyes of the past are full of anxiety at this moment. When speaking to her, the breath is obviously very unstable, and the exhaled heat is spit out on her face.

Victor Han.

Jessica called out the person's name in her heart, and it took a long time to react, her lips opened, "You... why are you here?"

Is she dreaming? Or did she have hallucinations, Victor Han, who hadn't seen each other for several months, actually...appeared in front of her?

Victor Han frowned, seeing that she hadn't answered his own question, pursing his thin lips displeasably, and directly clasped her wrist and walked out.

Jessica lowered her head in astonishment and looked at the wrist that was clasped by him. The whole figure was like a puppet with a string, being pulled forward by Victor Han.

When he went out, he happened to ran into Lin Xuzheng who was walking towards him.

Seeing that Bing Ruobingshan's friend, unexpectedly clasped a little girl's wrist in his palm, and pulled her to go outside, the corners of his lips curled up unconsciously.

It seems that those things he said before were all fooling his friend?

No, he just casually talked to Victor Han about what happened just now. It only took ten minutes before the person was here. When he passed by, Lin Xuzheng still wanted to say hello to the other party, who knew that the other party had a dark face. There is no meaning to talk to him.

Lin Xuzheng was not angry either, Victor Han ignored him, so he skipped Victor Han and greeted Jessica.

“After the transcript is finished, the police said you can leave. It just so happens that I have something to leave, so let the President Han take you back.”

“...” Jessica opened her lips, trying to say something, but found that she didn’t know what to express.

Suddenly she remembered something with a flash of inspiration, stopped, and didn’t want to go any further.

Victor Han felt her reluctance, so she stopped, turned and frowned.

“You should go to the hospital now.”

Jessica shook her head, and pulled her hand back inch by inch, “I’m not going to the hospital, I’m fine.”

She didn’t suffer any serious injuries. It was the slap in the face that made her dizzy. Maybe she was fate, except that her face was a little swollen, she was fine now.

Victor Han: “...”

He suppressed the tumbling breath, and patiently explained to Jessica: “Check, if there is anything the doctor has the final say.”

After speaking, he stepped forward again and wanted to hold Jessica’s hand.

However, Jessica reflexively stepped back, avoiding Victor Han’s touch.

Lin Xuzheng on the side saw this scene and raised his eyebrows. Originally, he planned to leave, but now it seems that there is a good show to watch. Then he can leave after watching the good show.

Because of the sudden incident, Jessica's mood was originally ups and downs, and she was even more surprised to see Victor Han appearing here, but she wanted to understand no matter how stupid she was.

The reason why Victor Han came here is Lin Xuzheng, who knows Lin Xuzheng.

"Do you know Mr. Lin?" She raised her eyes, her eyes fell on Victor Han's face, and looked at him.

Victor, this was the first time she met his eyes since he said she would never pester her.

Seeing that he didn't speak, it seemed that he wanted to remain silent, Jessica refused to give up, and asked persistently, "Speaking, you know him, right?"

She looked at Lin Xuzheng, and Lin Xuzheng coughed to hide his embarrassment, and then turned his head away from Jessica.

"Ok."

Finally, Victor Han confessed.

Jessica froze in place.

Did you admit it?

Her eyelashes quivered, "Why?"

“Is it because I am a good friend of my sister? Or, because you think you rejected me before, it looks pitiful in my appearance, so... you plan to give me alms?”

Having said that, it was already very clear, Jessica was obviously asking about the store.

Lin Xuzheng wanted to watch a good show just now, but now suddenly felt quite embarrassed. He didn't expect that this girl would actually think about the store, and she would have left before she knew she would.

Facing Jessica's question, Victor Han seemed to twist his eyebrows, and then walked two steps forward and approached her, with a softer voice: “Don't go to deliver food anymore. You are a girl. very dangerous.”

Did you avoid answering?

Jessica sneered: “Who is Mr. Victor telling? How can I live without delivering food? Not everyone is like you and has such a good family!”

Chapter 1100

This is the first time Jessica has lost her temper with Victor Han and said these harsh words.

She didn't do it unintentionally, but deliberately, because after learning about the relationship between Victor Han and Lin Xuzheng, Jessica suddenly felt that he was pitying her and giving her alms.

This makes her feel angry and shameful!

She bit her lower lip furiously, sparks gushing out of a pair of star eyes.

But at this time, Victor Han suddenly took out a pen and wrote a note in front of her and handed it to her.

“ ... ”

Jessica looked at the note and glanced at Victor Han slowly, as if asking him what he meant.

“Company address, if you have to deliver food, it will be delivered to the company, I will pay as much money.”

“ ... ”

Hearing this, Jessica finally understood what he meant.

And when Lin Xuzheng on the side saw this scene, he really couldn't help but sigh for his friend, maybe... he shouldn't have called Victor Han over today.

Or, he left directly after calling someone over, maybe the little girl wouldn't think of what he and Victor Han knew.

Jessica had already had a wave just now, and the anger had not completely subsided. The move Victor Han made in response to her at this moment can be said to add fuel to the fire. She feels that she has gotten the store by other people's charity, and now he even cares about her delivery. Does it feel that her act of delivering the food today is pitiful?

After all, the act of delivering food is not a formal profession in the eyes of many people. Even when she is going to deliver the things, the front desk looks at her with contempt.

The more she thought about it, the anger in Jessica's heart burned more vigorously.

She looked at the note in front of her as if a fire was burning.

She stretched out her hand slowly and took the note.

Victor Han pressed his thin lips lightly, watching Jessica's movements, always feeling that something was wrong.

"Then I really want to thank Mr. Victor for his generous charity, but... our store is small and may not be able to serve such a powerful group as the Han Group."

After finishing these words, Jessica crumpled the note in front of Victor Han.

"I said that I won't pester you anymore, I won't pester you again. Also, I asked for you to like you and has nothing to do with you. It's normal for you to refuse. Don't feel guilty or pity me for charity. Me, I don't need it."

Spread your hand and let the paper ball fall from your hand.

At the moment of the fall, Jessica's lips smiled with a self-deprecating smile, then turned and ran away.

Victor Han frowned fiercely. Looking at the back of the little girl running farther and farther, Lin Xu couldn't stand by the side and urged him.

"Don't chase?"

Victor Han stood still, his thin lips pressed tightly.

"I really don't understand you anymore. I rushed to the police station in a hurry, just to piss the other girl away? Can you speak? Even if you haven't been in a relationship, you won't be so dumb, right?"

However, Victor Han did not respond to him, looking down at the piece of paper that was crumpled by Jessica.

At the banquet before, the little girl took the initiative to say that she would not pester him anymore, and refused his invitation and got into Phillip's car.

He knew that he had caused a lot of harm to the little girl before, so he didn't try to force anything. Moreover, reluctance was never his character. Whatever he wanted to do was left to her own mind.

He never thought about how he would develop with the little girl.

After all, he has always been alone and has never considered the issue of getting married and having children, so he did not expect the little girl to pursue him so passionately.

It happened that this person was still his sister's friend, so at first...Victor Han couldn't avoid it.

At last...

Thinking of this, Victor Han interrupted in time, not daring to indulge himself and think further.

Lin Xuzheng has known Victor Han for so many years, how could he not understand what he was thinking at the moment, and simply put his hands around him in front of him.

"With your temperament, you definitely won't be chasing after you, so why don't I ask you, what the little girl said just now you rejected her, this is all true? At first you came to me, I thought it was just you to the other girl It's interesting that I dare not admit it. I didn't expect...There are so many twists and turns between you two. No wonder you didn't want to let the little girl know that it was because you did something wrong."

Hearing this, Victor Han suddenly opened his eyes and stared at Lin Xuzheng displeasably.

Lin Xuzheng raised the corners of his lips slightly.

“Why, I was wrong? Just now you ran away the little girl in anger. For the sake of friends for many years, you beg me and I will intercede for you, how about?”

“Roll.”

Victor Han couldn't bear it, and threw a thick word to him, and then took a step forward.

The matter at the police station has been settled, so Lin Xuzheng doesn't need to stay here anymore. Seeing that he is gone, he took a leisurely pace to follow.

“If you don't intercede, your little girl will never know your painstaking efforts, do you know how hard a woman's mind is to guess? You are kind to her, if you don't make it clear, she will never know You do those things because you like her, but you feel that you are humiliating her.”

Like...

This word made Victor Han's heart tremble, he still did not answer, and strode forward.

“I really don't need me to help you?”

Lin Xuzheng did not give up.

Victor Han finally stopped.

“Think clearly?”

“You are bored? Why do you care about these things?”

Hearing, Lin Xuzheng raised his eyebrows: “I don’t care, she may be...”

Lin Xuzheng did not say the following words, but it was self-evident. Victor Han had a headache, “I didn’t mean this.”

“Then which one do you mean?”

“...”

“Excuse me? Can’t say it? Why don’t you say it for you? You rejected the other girl, and then regretted it, so you approached me, hoping that I could help you. If it wasn’t the situation where you came over today, I’m really not sure about my own conjecture. I thought you just rejected a little girl from someone trying to make up for her. But now I look at you and I feel that my conjecture should be correct. Are you tempted?”

Victor Han felt a sudden bump in his heart by something, and the pain spread densely along his limbs. There was a vicious and cold voice between his eyebrows and eyes.

“Stop talking nonsense and spoil others’ reputation.”

After speaking, he turned around and left, this time walking much faster than before.

However, both of them are men with the same leg lengths, even if they walk a little faster, Lin Xuzheng can still keep up, and it is completely effortless.

“How do I look at you, it seems to be irritated? You don’t care about other girls, why are you running to the police station in such a hurry? I called you ten minutes ago, and you will be there in ten minutes? The company leaves here There should be some distance, right?”

Probably referring to the weakness of Zhong Victor Han, Victor Han stopped and glanced at him warningly.
