

# Nothing to Give but My Heart Chapter 1221 – 1230

## Chapter 1221

Since she looked like this, Jessica didn't want to pretend to her politely, and simply pulled her face down and said: "I was in the toilet just now, so I didn't hear it. Sister Lin is so fierce. Are you blaming me?"

Lin Qin'er was taken aback, but she didn't expect Jessica to smile a second before, and then change her face in the next second, standing there with a dark complexion, like a hostile young girl.

Was she negligent? This girl actually has such a side?

After Jessica's face changed like this, Lin Qin'er didn't dare to vent any anger in her heart, but she had to change her words quickly.

"Nothing, since Sister Jessica didn't hear it, then I can't blame you. Sister Lin thought you were ignoring Sister Lin on purpose, so she was a little anxious for a while. Are you not angry with Sister Lin?"

Hearing, Jessica tilted her mouth and stared at her.

"Sister Lin thinks I deliberately ignored you? Why is that? I have no reason to ignore you, do I? Is it because Sister Lin did something wrong and has a guilty conscience that made me think I ignored you on purpose?"

Lin Qin'er was taken aback by these words. She didn't expect that she would say such a heavy word, and the words contained inquiries.

How is this going? It's just that in the morning, why did she change her whole person?

No, it's just an hour, what happened in this hour?

Did Victor Han tell her?

Impossible, how could the big man Victor Han say about these women?

Is she guessing?

Thinking of this, Lin Qin'er glanced around Jessica's face, as if confirming something.

Who knows that Jessica smiled brightly again at this time, and said softly to Lin Qin'er: "Oh, sister Lin was scared by me? It seems that I was quite serious when I was serious?"

"Huh? What do you mean?"

"I just made a joke with Sister Lin, I didn't expect to scare Sister Lin, Sister Lin, don't be angry, I will apologize to you."

Lin Qin'er: "..."

What does this stinky girl want to do?

"By the way, Sister Lin, where's my toothbrush and facial cleanser? Why did you have your hands empty when you came here? Didn't you say you brought it here for me?"

Having said that, Jessica's expression was a little disappointed, "I knew I would look for it myself."

Lin Qin'er came back to her senses, although she didn't know if Jessica's performance was true or false, but now that she said so, her own drama should continue.

Even if she can't go on, she can't be punctured, she has to keep it well.

"Oh, I just remembered it when you said it. Sister Jessica, I didn't find the toothbrush and facial cleanser you mentioned. Did you remember it wrong? If you can't find it, I will go in and help you. Look for it, you might have left it in the suitcase."

After that, Lin Qin'er went one step forward and wanted to go in. Who knew that Jessica stepped in front of her, and then smiled and said: "No, sister Lin, if I can't find the toothbrush, I'll use Victor Han's. Yes, he seems to have a facial cleanser, I use his first."

Lin Qin'er: "Use his first? Share one toothbrush, isn't it unhygienic?"

"Well, it seems a bit unhygienic." Jessica put her chin on and thought about it seriously, then said: "But he and I are boy and girl friends. It shouldn't matter if I use it once. I will buy it after I go out in the afternoon. A new one is not enough."

These words were pervasive, and Lin Qin'er couldn't say anything more.

"Sister Xinkulin is here, so I'll go wash first, bye."

After finishing speaking, Jessica took the lead in closing the hotel door before Lin Qin'er could react.

When Lin Qin'er wanted to say something more, the door slammed shut, and she almost yelled with anger.

After Jessica closed the door, she leaned on the door and took a deep breath. Her expressive power and explosive power seemed to be okay? It was really refreshing to see Lin Qin'er being scared by herself at first.

Maybe she didn't expect her to have such a side?

But this is good too, so she doesn't think she's a bully!

Although Lin Qin'er hasn't taken any actual actions so far, she still remembers the intentional or unintentional approach to Jessica last night.

It can be seen how uncomfortable Jessica felt when other women tried to approach Victor Han.

"Are you comfortable now?"

Victor Han's voice suddenly sounded behind her, Jessica turned around reflexively in fright, and hit Victor Han's chin with a bang.

"Cough..."

Victor Han was immediately knocked back with a grunt. This collision was not light, and it was a place where his defense power was relatively weak.

Jessica didn't get any better. Not only did she bump Victor Han's jaw, he also bumped her forehead, and within a few seconds, a red mark appeared on her white forehead.

"It hurts." Jessica covered her eyes, looking at Victor Han pitifully and accusing him.

Seeing her like this, Victor Han is still willing to accuse her half a point, so he can only throw away the pain of his chin and step forward and ask in a warm voice: "It hurts? Blame me, let me see."

Victor Han stepped forward to check the red spot for her, blew it lightly, and rubbed it for her. With such a gentle treatment, Jessica slowly raised her head: "Well...you will not Do you think I'm a bit unreasonable like this?"

"Unreasonable to make trouble?" Victor Han paused slightly. He looked at Jessica's eyes and leaned towards her, spitting out heat on her face.

"What is unreasonable making trouble? Do whatever you want. Besides, I am your boyfriend. Even if you make unreasonable trouble, I will tolerate you, eh?"

Since being together, Jessica has found that he is really tolerant of herself. Although she feels that she has done a lot of things wrong, Victor Han never loses his temper at her every time, nor does he say anything serious. If he gets along, he can be said to be perfect to the extreme.

But this is what made her feel deeply disturbed.

Jessica stretched out her hand to hug Victor's thin waist and asked in a low voice, "Then you will always tolerate me?"

Of course, she only dared to ask in her heart.

In the afternoon, the travel-themed staff finally came over. She smiled awkwardly: "Mr. Victor, Mrs. Han, because we have delayed our morning time, so we only have afternoon and evening time, so I modified it. Let's take a look at today's schedule and make a few plans by the way. Are you satisfied?"

After speaking, the staff handed the plan to Victor Han. After Victor Han took it, he passed it directly to Jessica beside him without looking at it, and said softly: "I am not satisfied with it."

Jessica was stunned for a moment, but she didn't expect Victor Han would pass it to herself without looking at it, giving her the illusion that everything was decided by her.

"Oh, let me see..."

## **Chapter 1222**

She took the itinerary and looked at it carefully.

In fact, today's theme is quite simple, that is, go out to sea by boat and go to a beautiful island on the sea. There are activities on the small islands, there are bonfires in the evening, and there are various special theme hotels. The shuttle bus goes directly to the hotel, and there is a hot spring bath, which sounds very moving.

Jessica immediately agreed, and she thought to herself that when she went to the island, she would find a place with a beautiful environment to take a few more photos with Victor Han. The ones that were taken on the big bed last night would not work at all.

The staff was also very happy to see Jessica showing a satisfied expression. He was still worried that his temporary plan would be ruined, but now that the customer is satisfied is best.

Just as everyone was about to set off, there was a sudden presence on the scene.

"Sister Jessica, where are you going?"

The sudden appearance of the voice and the figure made Jessica stunned for a moment, and raised her head to look at the person who came.

Lin Qin'er?

When did she come? Jessica didn't notice it at all.

While thinking about it, Lin Qin'er walked up again, "Sister Jessica, why are you ignoring me?"

Jessica came back to her senses, "No, why did Sister Lin come? Your injury is still not healed, you should stay in the hotel to rest at this time."

"The hotel is too boring, and I'm the only one. It's very tired. Can I go out with you?"

Go out with them? Jessica was a little unhappy in her heart. After all, this was her chance to be alone with Victor Han, and Jessica now felt Lin Qin'er's motives, so she was reluctant to take her out.

While thinking about it, Lin Qin'er probably also felt her hesitation, and quickly stepped forward and took Jessica's arm, "Take me with Sister Jessica. It's really boring to be alone in the hotel."

Jessica's heart is the softest, and she feels a little embarrassed to be begged by her, but she is not alone in this trip, so she can only turn to Victor Han to consult her.

Victor Han also understood what she wanted to say, so he whispered: "You can do whatever you want, you don't need to ask my opinion."

The eyes and face were full of pampering, it seemed that as long as Jessica didn't do some murder and arson, she would raise her hands in favor of anything else.

Such a man, such a pampering, why not her? Lin Qin'er was really itchy to see, if it were hers, it would be fine.

It seems that she has to hurry up and do something.

“Well, you go out with us, but I have to ask the staff if I can bring one more person.”

In fact, when Lin Qin'er and Jessica were talking, the staff was nearby, so naturally they listened to the conversation between the two sides.

At this moment, hearing Jessica coming to ask herself, the expression on her face instantly became a little embarrassed.

“This time the theme is mainly two people. If you add one more person, I am afraid it will be a bit embarrassing...”

Jessica was a little delighted when she heard that, perhaps she was selfish, and if she could solve this matter without her coming out, it would be best.

It's a pity that Lin Qin'er said in the next second: “Don't worry, I will pay for the expenses myself. How much do I have to pay?”

The staff was still a bit embarrassed. After hearing her say that she wanted to pay for her own money, she immediately became grinning and immediately agreed.

“Then it's settled. You pay all the expenses yourself. After all, there is one more person and it's all money.”

After the matter was resolved, the staff sighed with relief and felt that they had done something. Mr. Victor and Mrs. Han should be very happy, right?

Who knows that as soon as he turned his head, the staff met Jessica's slightly sad eyes. The staff was stunned for a moment, and suddenly reacted, almost biting the base of his tongue.

How is he like a pig? They are a husband and wife who came out to travel. Suddenly there is one more person, isn't it just an extra light bulb? How could he fail to consider this like a pig before? Actually only thought of money, is money so important? If the couple are unhappy after they go back and give him a bad review, then his half-year bonus will be gone...

But the words have already been said, and it's hard to take them back at this moment, and the staff's heart is not miserable.

But what can he do? Alas, he can only go one step at a time. The staff member secretly thought in his heart that he must follow them along the way and try his best to create space for the two of them.

For his half-year bonus, the staff can only fight!

When boarding the ship, the staff looked at Jessica with a long and arduous look, and said in a low voice, "Don't worry, Mrs. Han, I will not let you down!"

Jessica: "???"

What happened? What does it mean to not let her down? What does this worker want to do?

However, before Jessica asked, the staff has already turned and left.

She was full of doubts that she had nowhere to be safe, so she could only return to her seat. There was no one in their row, but Jessica wanted to sit near the water, so Victor Han could only give her the place inside.

As a result, when she came back, she happened to see Lin Qin'er walking to their row of seats, preparing to walk towards the seat selected by Jessica inside.

Jessica's face changed slightly, and she just wanted to stop her, but there was a cold voice faster than hers.

"You went wrong."

The speaker was Victor Han, because the seat to go inside had to pass in front of Victor Han, so when Lin Qin'er wanted to go in, Victor Han put her long legs directly forward, and didn't plan to let Lin Qin'er in at all. And looked at each other coldly.

Lin Qin'er didn't expect that the other party would not give her face so much, so she could only whisper: "Mr. Victor, I want to sit inside, can't you? There are many seats outside."

After speaking, Lin Qin'er pointed to Victor Han's seat outside.

Jessica originally wanted to pass, but after seeing this scene, she simply stopped in place to see how Victor Han handled it.

It is a pity that after Victor Han said those words, he withdrew his gaze and did not pay attention to Lin Qin'er.

Lin Qin'er was a little anxious. She originally wanted to sit inside, but she didn't expect Victor Han to be so unrelenting that she wouldn't let her in, and now she didn't even reply to her.

She felt extremely embarrassed, but not reconciled, so she aimed at another seat next to Victor Han.

Who knew she just wanted to sit down, and a cold voice rang again.

“I said you went wrong, why didn’t you leave?”

Lin Qin’er raised her head in astonishment, and found that Victor Han’s eyes were very cold and cold when she looked at her. She was stunned, “What? Where did I go wrong? I can’t sit in the seat inside, and here’s not it?”

“Yes.” Victor Han nodded mercilessly.

Lin Qin’er: “...Why is this? Mr. Victor, do you have any misunderstandings about me?”

## **Chapter 1223**

When she said this, Lin Qin’er lowered her eyes and looked very injured. She thought this appearance was her own assassin. No man can escape her current appearance, unless the other person is a wood. .

So Lin Qin’er became more aggrieved. Unfortunately, Victor Han didn’t look at her much at all, but from the corner of his eye, he caught a glimpse of the staff next to him, gave him a look, and the staff immediately recovered.

He dashed forward.

“Ms. Lin, our theme this time is the theme of honeymoon, so only two people can sit in a row of seats, that is, a couple. You and Mr. Victor are not a couple, so you cannot sit with him. In the same row of seats.”

The staff spoke quickly, but what he thought in his heart was that the ghost knew what magical setting this was, and he made it up on the spot anyway.

After all, for the sake of his half-year bonus and the satisfaction of the customers, even if he is asked to recite the four masterpieces now, he is willing, let alone just make up a setting.

Hearing, Lin Qin'er squinted suspiciously, "Is there such a setting?"

"Yeah."

The staff nodded and admitted: "Although this setting sounds very inhumane, most of the couples who come here are honeymooners. There has never been a special situation like today, so there is no objection."

Lin Qin'er looked around after hearing the words, and found that it was really a one-on-one row, because there were many places on the boat, so no one thought about sitting in the same row with other couples.

At this moment, seeing an extra person on the boat, someone couldn't help it, and said: "What's the matter? Isn't this a honeymoon trip? How come there is a woman?"

"Really, what's the matter with her? Why is she alone? Is it because she was abandoned by her husband?"

"No? She wants to sit with other men after being abandoned by her husband? Does she want to grab someone else's husband?"

"Ah, so shameless, let us all stay away from her lest she has to come and sit with us."

These words are spoken very quietly, but in such a space, how can you not hear them without whispers? Lin Qin'er's face changed when she heard it, and she lost her reason and said directly: "What are you talking about? What do you mean by stealing someone else's husband? What do you mean by my husband being abandoned? Did you see it with your own eyes?"

The staff can only laugh with him: "Miss Lin, don't be angry, this is also a rule, or... I will find you a new position?"

Lin Qin'er had a plan in her heart. She narrowed her eyes and looked at the staff: "You just said that you can't sit together if you are not a husband and wife?"

The staff nodded: "Yes, that's what it means."

"Well, it seems that Mr. Victor can only sit on his own." Lin Qin'er smiled at Victor Han while saying: "Because he and Sister Jessica are not married at all, they are just pure men and women. Friends only."

Said she robbed someone else's husband? She just wanted to reveal the relationship between the two of them.

Hearing, the staff was obviously taken aback, "What did you say? Not married?"

How is this going? When he called Mr. Victor and Mrs. Han, the two obviously agreed. How could they not get married?

When Jessica in the distance heard Lin Qin'er say this, her delicate brows suddenly wrinkled.

If she had some uncertain factors before, then now it is almost certain what Lin Qin'er wants to do. This woman really does not know what is good or bad.

Obviously she and Victor Han helped her, but she had this thought.

Jessica felt very unhappy. Before, she felt that she could still maintain her politeness on the surface. When Lin Qin'er wanted to act, she would accompany Zhou Jessica to the end.

Isn't it just acting? Who won't?

But now, she obviously wants to tear her skin apart with herself, right? Or does he think she is deceiving because of her young age?

“Jessica wanted to rush to get angry, but if you think about it, wouldn’t you just hit the other side’s arms?”

Her eyes flowed slightly, and soon came up with a solution in her mind.

She stepped forward, “Sister Lin, why are you cursing me and my husband?”

The sudden appearance of Jessica made the gossiping crowd even more interested, and the crowd seemed to find that the girl in front of them looked like a little girl, dressed in ordinary clothes, but looked like a vigorous and energetic girl.

But what about Lin Qin’er? That figure is really not comparable to ordinary girls, she has all the envy of women, and it is the kind that makes people proud.

This sudden scene made everyone feel that this journey was a little bit more colorful, so the couples and lovers watched this scene in time.

“Is this two women vying for one boy?”

“I didn’t expect to see this kind of drama when I went out for a trip? What’s the matter? Didn’t the couple sign up? Why does this happen?”

“That means it’s so weird.”

“Who do you think this man would choose? These two women have different styles.”

“Are you stupid? The woman was going to sit there just now, and the man disagrees. It is obviously impossible to choose her. Looking at the figure of the woman, you know that she is so angry. Look at her like that...”

A group of people talked.

It was all women talking, and her husband did not dare to speak out without their relatives.

So Jessica now has a big advantage.

After she finished that sentence, she continued.

“My husband and I helped you and took you on the boat together. You don’t have to say something nice, and you curse me for divorcing my husband.” Jessica sighed, her face appeared incomparable. Sad expression.

What she thought in her heart was, don’t you just act? Who is afraid of whom?

Anyway, Victor Han had acquiesced in front of the staff before, so she also talked about it, not to blame her!

Lin Qin’er thought Jessica was so foolish, but she didn’t expect that she would not give herself face so much. She was a little surprised: “Sister Jessica, what are you talking about? When did I curse you and Mr. Victor for divorce? You don’t have any at all. Marriage, you told me this yourself, don’t you admit it now?”

“Sister Lin, did you remember wrong? If we are not married, why would we come on our honeymoon trip?”

The people around nodded in agreement.

“Yes, if you are not married, why do you want to go on a honeymoon trip? They can go on many trips. Why do you want to join this?”

“That’s right, this woman is really annoying. She doesn’t want to seduce her husband because he is handsome, right? Then she curses him for divorce? Tsk tusk, really vicious!”

“I think I have a little figure, and I think all men in the world will look at her? I don’t even look at my face, I don’t look at all!”

“Some people conquer men with another skill, you know what a fart.”

The women at the scene are all married, so it’s no shame to tell the truth, one is better than the other.

## **Chapter 1224**

Although Lin Qin’er is basically open again, it is not the kind of personality that likes to show this kind of thing to the face, she glared at everyone angrily, and shouted: “What’s the matter with you? Everyone talks to women with long tongues. Same, did your husband know that you have such a personality before getting married? It’s really mean!”

It’s okay not to mention, everyone just scolded her.

After Lin Qin’er said these words, many of the women who only watched good shows on the scene were directly offended, and even the violent ones even cursed directly.

“I’ll rub, what right do you mean for a bitch who even wants to rob other husbands to say that we are low? Even if we gossip a little, we won’t hook up with other men in such a shameless manner as you? But her husband is cheeky and wants to sit next to them, saying that you have gone wrong and

still have a hard time not to leave. After becoming angry, he curses them for a divorce? Who is it?"

There were many couples at the scene. One of them was also in the bar yesterday. They witnessed the disaster that belonged to Lin Qin'er.

So know what happened.

At this moment, the woman glanced at Jessica with a smile, and said softly: "Little girl, you can keep your eyes open next time you save someone. Don't lead the wolf into the room without knowing it."

Hearing, Jessica couldn't help but glance at the man more.

She saw that her eyes were different from others, and the words were quite meaningful. At first glance, she was the person who was there yesterday.

Lin Qin'er was anxious, stepped forward and took Jessica's hand.

"Sister Jessica, why did Sister Lin curse you? It's too late for me to be grateful for your help, but you told me last night that you are not married. You said this yourself, and I just thought about it. Sitting with you, but this staff member is just ignorant. You have to say that you can't sit in the row anymore. I told you about you in a hurry. Don't blame Sister Lin."

Looking at Lin Qin'er like this, Jessica sighed in her heart, how quickly this person changed her face, so she could make it clear in just a while.

Unfortunately...

Jessica shook her head, took her hand out of Lin Qin'er's arm, and then said: "Sister Lin, I am not to blame you, I am just disappointed in you. I can understand what you want to say about me. But I really didn't tell you that we

weren't married. Although I don't know why you made up such a lie, but... I really don't like your remarks. It's just cursing us."

After speaking, Jessica took two steps back, her white little face showing a deep disappointment.

As if those words were true.

And Lin Qin'er was the one who committed the most evil.

"Hey, so it's always right to say that this is the most poisonous woman's heart? You want to grab someone's husband, so curse them for a divorce. You'd better stay away from the little girl if she treats you like this."

"How can the staff let such a woman go on board? She won't fancy my husband. She will grab us then?"

"Staff, what's the matter with you? Didn't you say a good honeymoon trip? What kind of trip does she go alone? Let her disembark!"

"Yes, let her disembark quickly."

For a while, everyone was condemning Lin Qin'er, hoping that she could disembark and not stay on this boat.

Lin Qin'er finally panicked. She could have found a place to sit down, but the matter was made so difficult by herself.

She is not such a stupid person herself, it was Victor Han's attitude that angered her, that's why she became speechless.

Thinking of this, Lin Qin'er regretted it.

It is a pity that everyone did not give her the opportunity to regret, and kept asking the staff to rush her off the ship.

The staff is also embarrassed. She had already agreed, but now the entire ship is asking Lin Qin'er to go down. This has something to do with his job...

Thinking of this, the staff had no choice but to walk towards Lin Qin'er.

“Miss Lin, our rules are indeed like this, or... you still disembark?”

Lin Qin'er glared at the staff member severely, then turned to Jessica.

“Sister Jessica, I was wrong. I was really wrong. I didn't mean to curse you and Mr. Victor. I was just getting angry with my husband. You know... My husband beats me often and I feel angry. , So if you say those words without a word, forgive me? Okay?”

Although she was wronged, Lin Qin'er had to confess the charge at this moment. Although that was not true, she could only beg Jessica at the scene.

“Sister Lin, you curse others because of your own grievances. Who knows what else you will do when you reach your destination? Or... you should get off the boat.”

“Yes, little girl, don't be reluctant to let her disembark, this kind of person is not worth your rescue at all.”

“She said that her husband often beats her? Could it be that she is too sassy and always hooks up with other men, so she gets beaten all the time?”

Ding Dong——

Unfortunately, some people have said the truth.

“Damn, maybe that’s the case. Anyway, we don’t agree to her getting on this boat and let her roll off.”

“Go on!”

Lin Qin’er grabbed Jessica’s hand, and the expression on her face became more anxious. Finally, there was a chance to approach Victor Han. How could she leave? There really is no chance when they leave. Who knows when they will come back?

Jessica looked helpless: “Sister Lin, let it go. Everyone wants you to get off the boat now. I am the only one, and I’m not so light, and I can’t count the words.”

Lin Qin’er: “...Sister Jessica, can’t you really forgive me?”

Jessica: “You have also seen... this is not something I can decide alone, or... you beg everyone?”

Hearing, Lin Qin’er felt black before her eyes.

Let her go to the women who scolded herself bit by bit, is she crazy? She doesn’t want it!

In the end, Lin Qin’er was forced to get off the boat. After she got off the boat, Jessica felt that she cast a fierce and fierce gaze on herself before she left, with a heavy hostility.

Such a look made Jessica a little uncomfortable, she frowned her eyebrows, always having an unknown premonition.

But the atmosphere on the boat became better because of Lin Qin’er’s departure.

Everyone is taking care of their own things, because after what happened just now, Dajia has become familiar with Jessica.

After successfully letting the shameless woman Lin Qin'er disembark, everyone chatted with Jessica.

“Oh my God, you are such a simple girl, I heard that you helped the police when she was beaten, and helped her?”

Jessica nodded helplessly: “That’s how things developed, yes...”

“You are really young and ignorant. The woman dressed like this, and she squeezed toward your husband. I can guess what I want to do with one toe. That is to say, you are a bully. If it were me, I would have just pushed her into the sea.”

## **Chapter 1225**

Jessica: “...”

Push down to the sea? She didn't have the courage to do this.

In case Lin Qin'er can't play games, she will have to go into the water to save her. The most important thing is... she still can't swim.

If Lin Qin'er is not saved, if Lin Qin'er is dead, she will be charged with murder.

Zhou Jessica could not bear this charge, and her original intention was to help others not to harm others.

Even if Lin Qin'er had other thoughts, Jessica didn't even think about revenge, at most it was just that after solving her problem before, she just stopped dealing with her.

"This woman is very old at first glance, and her eyes are not serious. I think she seems to be eating you when she leaves. You and your husband should pay attention."

"Yes, be optimistic about your husband, no matter how stinky wild flowers are, they are fragrant for men, so you must be optimistic."

Jessica was surrounded by everyone and said a few words, so embarrassed, she could only smile: "Thank you, I see."

After that everyone gradually dispersed, but Jessica was not ashamed to go back to Victor Han's side.

Because...she just lied.

She and Victor Han did not get married, let alone married. It didn't take long for the two to fall in love. What happened? She just pretended to pretend to be Mrs. Han's name and stunned Lin Qin'er, and also lied + acted.

Victor Han...Does he think that she is a scheming woman?

It is true that Jessica regrets it now, she shouldn't have done this.

When Jessica was tangled up, a clear sight fell on Jessica.

"I'm not here yet. When do you plan to stand there? If the boat meeting is open, you won't be able to stand firmly."

A light voice came into Jessica's ears, but she blushed unconvincingly and then lowered her head, slowly walking towards Victor Han.

The position near the sea inside was reserved for her by Victor Han.

But Jessica didn't dare to walk in now, she just sat down outside, before her arm touched the chair, she was supported by both hands by Victor Han, and then she sat down on his lap.

"Ah..." Jessica almost exclaimed. Fortunately, she managed to control it in time, staring at Victor Han with wide-eyed eyes and frightened: "You, let me go."

This is after all in public, and she sits directly on the other's lap like this, and the influence is really bad.

But Victor Han didn't feel it, and just said, "Didn't you let me reserve a place for you, and stay or sit?"

"Uh..." Jessica shook her head and bit her lower lip: "I suddenly don't want to sit."

As she said, she struggled to get up from Victor Han's lap, but she didn't know what happened to Victor Han. The hands that were tied around her waist were tight and locked her waist firmly like an iron chain. Not only that, he also moved his face closer to her slowly.

"Mrs. Han, what are you nervous about?"

The deep voice came out of Victor Han's thin lips, and the heat lingered in her breath. Jessica shrank her neck and was tightly circled by him. After hearing Victor Han's claim, her head slammed, as if a white light flashed.

After a while, she looked at Victor Han with pitiful eyes, and said in a very small voice, "I didn't mean to..."

If it weren't for Lin Qin'er who said they weren't married and undressed on the spot, she would not have jumped out to act.

Now Victor Han mentioned it, did he really care about this matter?

Does he think he is a woman with a special scheming? Do he dislike her?

Thinking of this, the expression on Jessica's face was anxious.

Victor Han reached out and nodded her nose, "Of course I know you didn't mean it."

Jessica took a breath, "What?"

"You did it intentionally."

Jessica: "No, I'm really not..."

"What are you nervous about?" Victor Han tide up his hair and clothes, and his voice was still clear: "You can say anything you want, and I won't blame you."

Hearing, Jessica was taken aback, staring at him blankly.

"You really don't blame me?"

Victor Han smiled and stared at her.

"Then... don't you think I was very scheming to do this? But Lin Qin'er... was driven off the boat by me."

Although everyone condemned in the end, the cause was also Jessica's remarks. If she didn't stand up and say it, perhaps everyone would not have such deep opinions on Lin Qin'er.

Who knows that after Victor Han listened to her, he actually stretched out his hand and rubbed her head, his tone was extremely pampering.

"Isn't this good? It means that my little girl has grown up and knows how to deal with someone."

Jessica: "..."

Day! He actually thought so!

Jessica was simply unexpected. She thought Victor Han would feel that she was particularly scheming. After all, men don't seem to like the kind of scheming woman.

But who knew that Victor Han actually pampered her head and said, his little girl has grown up.

So tease, so tease!

Woo... Jessica couldn't help reaching out and grabbing Victor Han's collar, looking at him with a sigh.

"Do you really think so?"

"Any other ideas? Don't believe me?"

Jessica bit her lower lip, blushing and leaning close to him: "I'm a little touched, a little..."

Although this was a public occasion, after he said that, Jessica suddenly had an idea, that is to kiss him! ! !

And the kind of kiss hard!

But...there are too many people around now, Jessica's face is thin, and she can't even get rid of this mouth!

"What's the matter?" Victor Han didn't know the thoughts in the girl's mind at all, only when she wanted to express, but embarrassed to say, he asked lowly.

Jessica thought for a while, blinked, and suddenly leaned in to kiss him hard under his cheek!

If you don't kiss, just will kiss him on the cheek. This will not affect the appearance of the city, right?

Victor Han was stunned for a moment, and looked at her with a slight astonishment.

The kiss of the little girl caught him off guard.

Because he sat her on his lap just now, the little girl felt ashamed and blushed so much that she wanted to push him away. Who knew that she would suddenly come over and kiss him so boldly?

When Victor Han was shocked, Jessica had already got up and sat down inside, lowering her head to put her life jacket and seat belt on herself seriously.

She took these things seriously, as if nothing happened just now.

Except for the slightly shaking little eyelashes.

After stealing the kiss, he had to pretend that nothing happened seriously, but he couldn't control the tension in his heart, and the appearance of accidentally leaking it through small movements really made Victor Han particularly heart-moving.

He wanted to pull the little girl over, pinch her chin and lower his head to tell her what kissing is.

But thinking that there are so many people around here, so he dismissed the idea.

On Jessica's side, her heart was pounding, although on the surface she was extremely calm, but when she was wearing her seat belt, she did not go in until she was wearing her seat belt several times. After she was done, she realized that her hands were still shaking gently. .

But... it feels good to steal a kiss.

## **Chapter 1226**

Jessica slowly exhaled a suffocating breath, showing a satisfied smile.

She was facing the window when she did this action, so she thought Victor Han didn't know, but who knew that as soon as she finished laughing, she heard Victor Han's voice in her ears.

"Why is Mrs. Han silly?"

Hearing, the smile on Jessica's lips suddenly froze, and after a long time in the same place, she recovered and looked at Victor Han.

"You, what are you talking about? Who is silly?"

While denying, her face flushed.

Seeing her like this, Victor Han couldn't help but stretched out his hand and squeezed her cheek, and smiled softly: "Of course it's you, there will be reflections on the windows."

Boom...

After he said so clearly, Jessica's cheeks were only half red just now, and they were red at the moment. She gave Victor Han a fierce look, turned her head angrily, and stopped talking to him!

Later, she thought of something, then turned her head and said angrily: "Don't call me Mrs. Han!"

They are not married yet!

Hearing, Victor Han held back a smile and raised his eyebrows: "Oh? Didn't you just admit that we were married in front of everyone? You said that I am your husband, and you are not allowed to call you Mrs. Han. What is the reason?"

Jessica argued and explained for him, "It was made up because I was angry with others, you know it!"

The two people spoke in a very small voice, and they had to speak in a low voice for the other person to hear, so they had to be close, and the heat of the voice was spit out on the other person's face.

At such a close distance, the little girl's red lips were closed in front of him. At first, Victor Han was relatively calm, but after a long time, he was a little uncomfortable by the little girl like this, and coughed slightly. "Then I will act with you now, so I can't do it? Besides, you've already called your husband, but if I don't call it... Isn't it a disadvantage?"

Hearing, Jessica stared at him speechlessly with wide eyes.

“What is your disadvantage? You are a man, and I’m the one who suffers, okay?”

Victor Han smiled faintly: “Who said that men don’t suffer? I saw that woman? But I’m always thinking about your Mr. Victor. I know I’m married in the future. Who else dares to read?”

Hearing, Jessica’s eyebrows were twisted on and he looked at him with a little displeased expression, and stopped talking.

Victor Han was only planning to make a joke, and discuss with her about Mr. Victor and Mrs. Han. Who knows that the little girl seems to be serious now, frowning and small nose, and her expression looks very unhappy. .

He secretly said a bad word in his heart. When he was about to explain what he had just said, Jessica stared at him earnestly, “Are you regretting it?”

“Ok?”

Regret?

What does he regret?

“You said that your little girl has grown up, and I am still very happy, thinking you are on my side, but after you say that now...in fact, you still care? That Lin Qin’er... I am good and beautiful, she must be the kind of woman you men like, and I...nothing...”

She can see it, and she knows how to compare.

Because when she wears her clothes, it looks like a little girl, but when she wears Lin Qin'er, it's completely different.

Lin Qin'er's figure is good, so she has a different kind of feminine charm when she wears her clothes. What you can't find in Jessica's body is all revealed in Lin Qin'er.

That's a figure that many men like.

And she... said something awkwardly, just dry lentil sprouts with nothing.

Thinking of this, Jessica was a little bit eager to cry without tears. Isn't she too thin, so the figure is so bad?

Thinking of this, Jessica pursed her lips and looked at Victor Han with a vague expression.

Victor Han: "..."

He couldn't help but stretched out his hand to pinch Jessica's chin and sighed helplessly.

"I really want to tap your mind and see what you are thinking all day long."

When the words fell, he leaned a few minutes closer, "I'm not obvious enough? When she came over, you didn't even look at her, but you thought I regretted it? What do I regret? Huh? You told me about it. clear."

Jessica's chin was pinched by him, and the two were very close, but now she was full of grievances, she didn't realize how close the two are now, and still wanted to accuse him.

“You just regret it. You regret that I drove her off the boat. If she is still here, you can show your masculine charm, just like you said... You feel that you are at a disadvantage, and you hope to have other I can chase you. And she’s a woman of such a good figure, unlike me, who doesn’t have anything, you still go look for...well...”

She hadn’t finished her words, and her eyes suddenly went black, and her lips were blocked by the person in front of her.

Her head was blank at first, but gradually, Jessica realized that it was still outside, and she subconsciously raised her hand to push Victor Han away.

But Victor Han squeezed her chin with one hand and pressed the back of her head with the other. She was so strong that she couldn’t break free at all. She could only be controlled by him and was forced to raise her head to accept his kiss.

Victor Han’s kiss today was not gentle, but out of control.

Because of the little girl’s remarks, he felt that he really had to do something to swear an oath, otherwise the little girl’s heart was unstable, she was always unconfident and didn’t believe him.

In fact, Victor Han can probably feel this feeling.

She didn’t believe in him, but in herself.

She always felt that she was not good here and not good enough there, and worried that he would empathize.

Talking too much saves her misunderstanding, so she has to do it.

She wanted to push away, but Victor Han wouldn't let her push because there was a barrier, and the other young couples also talked about their own topics, so there was no time to care about what happened to them.

Therefore, no one saw Victor Han and Jessica kissing here.

Oh, the staff next to it saw it.

But as a staff member, he turned his face off with great work quality, then pretended that he hadn't seen anything, and disguised himself as a transparent person.

Just secretly cry out.

He is still a single dog, but he came to work in this industry.

Couples who are newlyweds and honeymooners will always have some daring to come to a prosperous horse. They have nothing to do with them, but his staff is forcibly fed dog food, and it is still the kind that can support it.

So the staff clenched their fists and decided in their hearts that he would work hard to find a girlfriend when he returned!

Resolutely can no longer be a single dog and be fed dog food!

Jessica still wanted to push at first, but under the leadership of Victor Han, the kiss between the two gradually became better. She leaned against Victor Han in a daze, not knowing what the night was.

He doesn't know how long it took, Victor Han finally retreated, lowering his forehead and panting lightly, and at the same time stretched out his hand to gently wipe off the marks on her lips.

## Chapter 1227

Jessica felt even more embarrassed when she realized this action, so she had to lie in Victor Han's arms, closing her eyes and having no face to see people.

Victor Han didn't wear a life jacket, so his chest was very broad, and he was warm when he leaned forward, and he could still hear his heartbeat.

The heartbeat that Jessica heard at first was very fast.

She thought it was her own heartbeat, and secretly laughed at herself for being unsatisfactory.

But after a while, she realized that this heartbeat sound seemed to be not her own. If it wasn't her own, who could it be?

Jessica couldn't help but look up at Victor Han. The expression on his face was calm. She looked down at her when she raised her head to look at him.

There was a dark surge hidden in those eyes, and he couldn't tell that he had just kissed her very emotionally.

If it weren't for getting close, Jessica really didn't know...

On the surface, this man looks like Gujing has no waves, but his heartbeat is so fast.

It turns out... she is not the only one who is unworthy.

After thinking of this fact, Jessica was immediately happy. She looked at Victor Han and smiled with joy, and poked Victor Han's chest with her finger.

"Your heart beats so fast."

The tone was gloating, as if deliberately trying to make fun of Victor Han.

Victor Han's face is thick and he is not afraid of her ridicule at all. Instead, he grabbed her hand and pressed it on his chest, and whispered, "Yes, it's all because of you."

The white and small palm was close to the part of his heart, Jessica could feel his heartbeat very vivid, hitting her palm one after another.

That kind of very powerful force.

Jessica blinked her eyes, and her calm heartbeat was also driven by Victor Han at this moment. Originally, she just wanted to make fun of Victor Han. Who knows that she's been teased now, and the heat on her face that hasn't completely faded again Burned and burned.

Simply, she lay directly in his arms and did not speak.

And what about the other side?

After being driven off the ship, Lin Qin'er stood at the entrance and exit with an angry face, her hands hanging on her shoulders were clenched into fists, and her nails were pinched into the flesh.

She's so annoying! If she had known that she would be driven off the ship, she should hold back herself. Now that she is fine, she was driven off. It is really impossible to do anything!

She doesn't know if they are going to the island for a few days, will she continue to wait here? When her husband, who was always violent to her, came out of the police station, she was afraid that it would be another more terrifying storm.

No, she can't sit and wait like this, she has to find a way.

The island is not very far away, but it also takes time. Jessica was lying in Victor Han's arms because she was shy, but afterwards she was a little sleepy, so she fell asleep in his arms.

When she woke up, she just arrived at her destination.

Everyone took off their life jackets and disembarked.

The environment on the small island is very good. Before boarding the boat, they have been asked to replace the special shoes provided by the island, and the island is also installed with a camera. No littering is allowed, and the shells on the sand stand are not allowed to be collected. Take away.

It is this kind of express provision that keeps this small island in its original state.

Once on the island, Jessica felt that the air he breathed was different. There were a lot of tourists on the island, but they were all very orderly and in accordance with the written regulations.

The staff followed the introduction.

"There is a special villa area in the middle of this small island. The number of people received every day is limited, so it needs to be booked in advance. The periphery is an area where everyone can move freely. There will be some activities at a fixed time. Free to choose to participate or not to participate."

Jessica lighted her hair and asked, because there was still a lot of time, so the staff took them in the car and circled the island.

"This car will go around the island countless times every day, and you can get on the car if you pay for it. If you don't have change, you can get a temporary use card and you can swipe your card to get on and off the car indefinitely."

After going around the island and getting familiar with the general environment, the staff took them to the middle villa area.

“This time we have arranged a couple’s sea-view suite for the two of us. If Mrs. Han is unsatisfied, you can contact our staff at any time by phone to change rooms.”

Jessica blinked and remembered the house that was on the other side of the hotel before. They are here now, what about the things over there?

So Jessica asked this doubt aloud.

The staff explained with a faint smile: “Mrs. Han, don’t worry, those hotel rooms are specially prepared for you. The rooms are available before the journey is over. You can rest assured.”

Oh, that’s it.

Jessica nodded in satisfaction and agreed.

Then when the staff couldn’t see it, Jessica quietly took Victor Han’s hand and whispered, “Um... this is the island. Will there be extra rooms?”

Hearing, Victor Han had a meal, then he lowered his head and stared at her, with a slight smile on his lips, “Extra room?”

“Yeah.” Jessica blinked, and then said: “Did you secretly open a room by yourself before and didn’t want to sleep with me? So...”

Victor Han’s steps simply stopped.

“So? Didn’t we sleep together the next night?”

Jessica: "..."

She tilted her head, and a strange emotion flashed in her eyes.

It seems to be.

"But..." Jessica bit her lower lip with a tangled expression: "That's when there is no way. If there is a way, you should still open another room?"

Having said this, Jessica started to think again about why Victor Han didn't want to sleep in the same room with her, and he wouldn't do anything to her when they sleep together, but...

As she was thinking, there was a sudden pain in her forehead.

Jessica returned to her senses with a soft cry, looking at Victor Han with a bit of sadness in her eyes.

"Why did you hit me suddenly?"

"If you don't hit you, will you continue to think about it? Silly girl, you are a girl, and I am a man, living in the same room, you are the one who suffers."

What?

It turned out that he thought so, and felt that the person who suffered was himself, so he didn't want to be in the same room with her?

"But I don't think so!" Jessica shook his head, and subconsciously held his hands tighter. "We traveled as a couple. If we let others know that we live in different rooms, we will not meeting..."

Before she finished speaking, Jessica realized that something was wrong.

“Uh, I actually meant...”

“No need to explain.” Victor Han stared at her with a faint smile: “After all, you just want to live in the same room with me, just say it.”

“It’s not like that!” Jessica strongly denied: “I’m just worried about the staff’s misunderstanding, not what I think...”

“Okay.” Victor Han held down the back of her head and suddenly approached her: “That’s what I think, everything is what I think, okay?”

## **Chapter 1228**

He said so, if Jessica denies it any more, she will be very hypocritical. In the end, she can only lower her head and blush and say, “Then...then live in a room.”

The staff walked to the front and found that the two hadn’t followed. When they were about to talk to them, they saw Jessica blushing and talking to Victor Han, and Victor Han was also very close to her.

Thinking of the scene they saw on the ship, the staff could only feel his nose in a daze and didn’t get close, standing still and looking at other places and waiting.

But what he thought was, he must accept the blind date his mother told him when he goes back, what if he finds a girlfriend?

At that time, he can also take his girlfriend to travel, so he doesn’t have to eat these people’s dog food!

After arriving at the hotel and successfully checked in, Jessica was quickly stunned by the scene in the room, and then sighed while using her mobile phone to send a video to Stella.

“How about? The environment is okay?” Jessica showed Stella the environment of the entire hotel room, while telling Stella: “If you didn’t come back then, let us have such a good opportunity.”

Hearing, Stella looked helplessly at Jessica over there, and whispered: “Okay, you, have you forgotten why I made this trip?”

Jessica suddenly remembered that this honeymoon trip was actually under the guise of Stella, and the two hadn’t planned to travel at all, but Stella wanted to push her secretly.

Jessica quickly looked behind him and found Victor Han staying on the balcony in the distance. Then he said with a sigh of relief: “Don’t talk nonsense, can you be heard by your brother!”

Seeing the soft expression on Jessica’s face in the video, Stella tilted her head: “No progress?”

Jessica: “...what progress?”

“What progress do you know?”

“...Don’t talk nonsense! I’m very serious! I won’t mess around, okay!”

Stella smiled slightly when she heard the words: “Double denial, it seems that you are not a serious person, and you may really mess up.”

“Bah, baah! I won’t! You don’t frame me! Okay, stop talking nonsense, in case your brother hears...”

After speaking, Jessica glanced around and felt that she should hide in the bathroom to be safe.

Otherwise, Stella teased her, if Victor Han suddenly came in.

So Jessica hid in the bathroom and told Stella about Lin Qin'er incident by the way.

“Lin Qin'er?”

Stella said the name, her eyebrows wrinkled slightly, and a moment later, she chuckled, “Although it is a bit bad to say that, but the name sounds bad, it feels like a fake name.”

“Fake name?” Jessica also frowned and said, “It shouldn't be a fake name. I just saw her behavior and felt that this person's personality is the same as her name and it's too white and lotus, obviously I want to harm I still have to pretend to be like a Bailian who doesn't understand anything. Why do you think she is so shameless?”

Listening to Jessica's description, Stella also wanted to laugh, “It's really shameless to hear you say this, but depending on the situation, she didn't ask for a favor from my brother. If she is still shameless, then you don't have to show her face, just tear her up.”

Hearing, Jessica's eyes lightened a little, “Tear her? Are you supporting?”

“Why not support?”

“But... in this case, would your brother think I'm so brutal?”

“I said Zhou Jessica, everyone wants to steal your boyfriend, you are not fierce at this time, when do you want to be fierce?”

Yeah!

That woman wanted to grab her boyfriend! ! !

Victor Han! ! !

It took her a long time to catch it! How can someone snatch it casually???

Jessica nodded vigorously: "Okay, I know how to do it."

Just when Stella was about to say something to Jessica, Xiao Bean Sprout's cry came from nearby, and Stella could only say: "Little Bean Sprout seems to be urinating, I'm going to work now."

Then Stella hung up the video without waiting for Jessica's response.

Looking at the hanging up screen, Jessica couldn't help but sigh in her heart, she was busy as a mother, but according to Walter's personality, there should be no chance for Stella to do it. Why did Stella end in person today? Up?

But soon Jessica didn't care about these, she should continue her journey.\*

At the same time, domestic

The girl's legs were placed on the computer desk in such a grand manner, and her pinky little finger was rubbed with a layer of pink nail polish. It looked pink and shiny and very cute.

"My mother, this is the eighteenth call you have called me this month to call me for a blind date. Can we make a discussion, please don't do this? Your daughter is busy writing manuscripts every day, okay? I'm almost running out of brain capacity for characters and plots. Where can I find a man?"

"It's because you are not looking for a boyfriend well, so you need to work like this. The next door came to offer the job yesterday. The girl is five years

younger than you. It has been settled. You are an old girl who is not in love yet. What manuscripts are you writing at home? You want to piss me off!”

Marry Jiang glanced at the computer interface and sighed helplessly.

“What happened to her when she was five years younger than me? Do you think she will be happy in her marriage? After marriage, she will have to pay for firewood, rice, oil and salt, and for milk powder to give birth to children. When she grows up, she has to pay for school. She lives a good life alone. She runs to get married and find a man who is not good enough to lower my quality of life, am I crazy?”

“...Marry Jiang! Don't be there to force me! Anyway, you can get back today! You can get back if you don't! If you don't! I will find someone to smash the door of your house tomorrow! I don't think you can return!”

Marry Jiang's mother gave a cruel word, and then hung up directly. Marry Jiang listened to the busy line from the phone, and looked up at the sky with some speechlessness, muttering to herself.

“When discussing issues, just discuss the issues. Why don't you hang up on the phone if you lose your temper? This stinky temper, your daughter can bear you.”

After vomiting rough, Marry Jiang threw the phone back to the bed while sighing.

Originally planned to write a new manuscript for submission today, but what happened? Now that his mother is doing this, Marry Jiang has no thoughts. After all, her mother's temper, she knows that if Marry Jiang really doesn't go back, then the door of her house will really be smashed tomorrow. Sloppy.

Blind date...

Go ahead, isn't it just a blind date? What a big deal, she went to the man to speak harshly, and beat her head when she dared to go on a blind date, hehehe~

At that time, she only needs to go home and tell her mother that the other person doesn't like her, isn't it all over???

After making up her mind, Marry Jiang went to clean up the door.

She didn't really plan to go on a blind date, so she dressed casually when she went out, and she wore like she wore at home, so she washed her face, tied her hair and took a taxi home.

## **Chapter 1229**

Jiangjia

"We Marry, everything is fine, but we don't want to find a boyfriend. It doesn't look like it's at this age. I don't even have a boyfriend. I stay in front of the computer at home all day. It's all greasy. If it wasn't for Jiang, I wouldn't want to admit that she was my daughter."

Jiang's mother is still middle-aged, but she still has the charm, holding a teacup and chatting with her close friends in her boudoir. Because of the proper maintenance, her face is exquisite and her body management is also very good.

Jiang's mother paid great attention to maintenance and body management throughout her life, and she would never let her weight exceed a certain line. What is hateful is that she gave birth to a daughter who did not pay attention to her appearance at all. She has not been able to change her physical practice since she was a child. Her thoughts really made her angry.

But fortunately, both husband and wife have very high facial value, so Marry Jiang's facial value score is not low, even if she is too lazy to dress up, she is a beauty.

"I said, I think your daughter Marry is pretty good. Making money is more important than anything else. This wife who wants to find a blind date wants to find her like this."

Hearing, Jiang Mu sneered in her heart.

"Want to find a wife who makes money? Why don't you just go find a nanny?"

"The one you introduced this time won't be the same as the last time, is it? Asking my daughter to marry, she has to honor her in-laws, wash and cook, and take care of his daily life?"

"No, no! That was an accident last time, this time I definitely introduced it well!"

Jiang's mother hummed: "That's fine. Although my daughter Marry has shortcomings, it is not undesirable. Getting married is a matter for two people. My daughter can wash and cook, but the other party must also clean the Gu's family. Otherwise, this marriage only wants the woman to pay, which is simply impossible."

"Yeah, yeah, Mrs. Jiang is right. That's the truth."

Ding Dong——

The doorbell rang, and Jiang Mu's face was happy, "Maybe it's my Marry who is back."

She got up to open the door, and when she opened the door, she saw Marry Jiang standing outside with a look of lifelessness, meeting her eyes.

“Mom!”

Mother Jiang took a close look at her and found that she was wearing only a white T-shirt and a pair of big pants, she almost rolled her eyes with anger, and pointed at her so angry that she could not speak.

Facing Jiang’s mother’s expression, Marry Jiang showed a grin and took the initiative to move her little face without makeup: “Mom, I’m back, do you have any meat?”

Jiang Mu: “...”

It doesn’t matter if she doesn’t dress up, she just asks her if she wants meat??? ???

Jiang Mu is really furious!

Behind him came the footsteps and voices of close friends in the boudoir.

“Hey, Xiaoyu, didn’t you mean your daughter is back? How about people?”

Du Xiaoyu, Marry Jiang’s mother, heard her friend’s voice, and she raised her hand and slammed the door shut without even thinking about it!

Boom!

Marry Jiang’s face was still leaning forward. When Jiang’s mother closed the door like this, she almost hit her nose. She blinked and reached out to touch her nose.

“Nani?”

Then clearly heard the dialogue inside.

“Xiaoyu, where is your daughter?”

“Oh, the one who came is not my daughter.”

“Who is that?”

“The food delivery person went to the wrong place.”

“ ... ”

Ha ha!

Marry Jiang sneered twice in her heart. Her mother, an adult, is really ruthless. She was still calling to ask her to come back earlier, but now she says she is a takeaway???

But the friend of Jiang’s mother in the room felt strange, “What’s going on? Can you go to the wrong place even if you deliver food? This food is too unprofessional, right?”

Hearing, Jiang’s mother just kept laughing: “Who said no? You go sit in first, and I’ll make another call to remind Marry.”

“it is good.”

So Jiang’s mother went into the bathroom and called Marry Jiang.

“Mom, that’s how you treated me when you called me back? You shut me out and said that I was delivering food. Why didn’t I know that I changed my career?”

Jiang Mu angrily said: “You dead girl, you are ashamed to say, you see what you look like, you are my daughter of Du Xiaoyu, can you not be so shabby, you are a girl, a girl!!!!”

Speaking of the end, Jiang Mu almost gritted her teeth, making her head dizzy with anger.

“What’s wrong with the girl? Am I comfortable wearing this? I am not wearing a beggar’s costume, and it won’t be hot to other people’s eyes.” Marry Jiang said disapprovingly, “Mom, it’s yourself, you don’t always pay attention to yourself. Image? You must be hiding in the bathroom and calling me now? Look up in the mirror when you are talking. You must be gritted teeth now. Don’t you want to be image?”

After being said by her daughter, Jiang’s mother subconsciously raised her head and looked at her glasses, and she found her gritted teeth with a hideous face.

Looking at it this way, Jiang’s mother was shocked by her and quickly eased her emotions.

“How is it? Are you scared by the way you look?” Marry Jiang chuckled at the phone.

Jiang Mu took a deep breath and tried to ease her emotions, calming herself down and then whispered softly: “You should go to the corridor for me now and not come out. You will come in after I send people away.”

Marry Jiang: “...Mom, did the revenge come so quickly? Go to the hallway? People now take the elevator, and there is a lot of dust in the stairs, okay? I don’t want to go.”

“If you don’t want to go, you have to go. Whoever makes you dress so shabbyly, if you dare to come out, you will be dead.”

After speaking, Jiang's mother hung up Marry Jiang's phone directly.

Marry Jiang stood at the door holding a mobile phone for a long time. After thinking about it, she resigned herself to enter the corridor. Let her be unlucky. If she doesn't go in, she will be seen by her mother's friends in the future. It is estimated that the fate behind her will be even worse .

So after thinking about it, Marry Jiang still accepted her fortune.

On the other side, Jiang's mother made sure that Marry Jiang was already in the corridor, and then she said something to her close friend in her boudoir, and then sent the person away.

As soon as a person entered the elevator, Marry Jiang walked out of the corridor.

"My mother, stay a little longer in there, I might get bored."

Marry Jiang squeezed into the room while complaining. Jiang's mother glared at her fiercely, "Is there still something wrong with it? Why didn't you get something wrong when you were bored at home every day? There is still a breath of fresh air in the corridor. "

"Mom, what you said seems like there is no breath of fresh air in all the rooms, so should I go in?"

"Of course!" Jiang Mu dragged Marry Jiang into the house, "Come in for me."

Then she slammed the door shut again, lest others see Marry Jiang like this.

"You're still not my daughter. You don't know how to dress up like this ghost every day? Do you want to dress like this when you go to a blind date in the afternoon?"

Marry Jiang shrugged indifferently, “Yes, what’s wrong?”

## Chapter 1230

Mother Jiang screamed out: “What can’t be? Of course it can’t!!!”

The scream was so harsh that Marry Jiang could only reach out and cover her ears.

“Ms. Du, please pay attention to your image!”

Only then did Jiang Mu restrain her emotions, stretched out her hand to press her face, and said helplessly: “It’s all because of you, which made me lose my image.”

“Oh mom, if you don’t get angry, you won’t lose your image, and I’m right. I’m always like this. If I go on a blind date, I must keep my original shape. Otherwise, I’ll dress brightly and beautifully. When I get home, I become sloppy and sloppy, so you can’t scare people into divorce?”

After hearing these words, Jiang’s mother especially wanted to roll her eyes unhappily, but after thinking about it, she held back. She is a lady, a woman who pays special attention to her image.

But when she met her own daughter, Jiang’s mother found that her proud image collapsed.

“Mom, am I right? Look, if I go like this and the other person still looks at me blindly, it means that people like the real me. But if I dress nicely, then people just like me who is hypocritical, Mom, do you want your daughter to find someone who really likes me, or just like me who is empty?”

“...” Jiang’s mother glanced at Marry Jiang and sneered: “You are right, don’t think I don’t know what you are doing. Don’t you just want to scare men with

your image? Run? I usually tidy up so that I won't scare people to know me. You are my daughter of Du Xiaoyu, and I am confident in appearance."

Marry Jiang sighed sadly, "All men in the world love beautiful skins, but even if your daughter inherits your blood, this skin is not permanent. Mom, you married my dad back then, isn't it because he is Isn't your appearance the only one among those people?"

Jiang Mu: "..."

Speaking of Marry's father, Du Xiaoyu was annoyed, thinking how good she was when she was young, and how many men came after her. The results of it? Marry's father was like a nerd. When a friend asked him if she looked good, he actually scratched his head and said something okay.

Okay?

At the beginning, Du Xiaoyu was a schoolgirl in the school, but in the eyes of Marry's father, it was just okay? But she herself is too, and she like this kind of dumb, because that dumb look will come to her in the heavy rain at twelve o'clock at night, just to give her an umbrella, and after sending the umbrella, she actually asked for it dumbly gone.

For an unprecedented time, Du Xiaoyu was moved, and the two of them got together.

After that, Du Xiaoyu asked the dumb Marry Jiang's father, why did he come to give him an umbrella in the first place, was it because he liked him?

As a result, Marry Jiang's father actually said no, but thought she was a girl who was very pitiful without an umbrella on a rainy night, so...

Du Xiaoyu was so angry that she almost broke up at the time, because she found out that she was actually being passionate about her. How many suitors did she have? Why be with someone who doesn't like her?

Fortunately, the wood opened up and kept her for a long time, saying that she admired her talent and so on.

Marry Jiang talked about this with great relish, and later even wrote a single short story, and then the sales were pretty good.

"It can be seen how precious a man like my father is, a man who gives you an umbrella without any destination in the heavy rain, I am afraid that there will be no second person in this world."

"..."

Mother Jiang was so angry, because she felt that Marry Jiang was right, and she had no reason to refute it.

After all, after so many years of marriage, Jiang's mother can be said to have been completely spoiled, she doesn't have to do anything, she just needs to be responsible for being beautiful.

Marry Jiang knew that this was making Jiang's mother move, and smiled and put her arm around her: "Mom, if I can be as blessed as you to find a man like your father, it's fine. A man who really likes you doesn't. I care about what you look like, so I dress a bit more ordinary to go on a blind date. There is nothing wrong with it, right?"

"Haha." Mother Jiang sneered: "Don't think that I will let you go if you move your dad out. You will immediately roll me back to your room to dress up. If you don't wear good makeup or dress beautifully today, take it. Don't think about going back to you in the next half a month."

Marry Jiang: "..."

Two minutes later, Marry Jiang was blasted into the room.

The room was prepared by Jiang's mother for her. There are many things that Marry Jiang is unfamiliar with, such as brightly colored skirts, almost transparent high heels, and various colors of lipstick and eye shadow.

It seems that Jiang's mother has everything ready.

In order for her to go on a blind date, it was really hard enough.

Marry Jiang was not in a hurry. She took the phone and lay on the bed to send a message to her good friend Fang Tang Tang.

After Fang Tangtang learned that she was called home for a blind date, she couldn't help but laughed happily there.

"Marry Jiang, you also have today, hahaha, go back for a blind date? I told you not to find a boyfriend. Are you all right now? I was pressed for a blind date."

Marry Jiang looked depressed: "Are you still smiling? Believe it or not next time you go to your male god, I won't accompany you?"

Fang Tangtang immediately said seriously: "Marry, you are too pitiful, how auntie could be like this? Boyfriends are simply dispensable. You don't want to find her and you shouldn't force you."

Marry Jiang: "..."

"What should I do now? She lets me dress up, or she won't let me go home, and it will keep me up for half a month."

“Half a month is only half a month. If someone cooks for you at home, you will eat and go to sleep, and continue to eat when you wake up. What’s the problem?”

“What’s the problem? Do you think I am a vagrant? Do you need to write the manuscript?” Marry Jiang shouted helplessly.

“It’s also... then... you still go on a blind date?”

“What?”

“Ahem, you have other options besides blind dates, which is to find someone to pretend to be your boyfriend and bring it to your mother to shake it. Maybe you won’t be forced to have a blind date in the future?”

Hearing this, Marry Jiang sneered.

“What bad idea is this? Believe it or not, if I bring my boyfriend to her, she will force marriage in the next second?”

Sugar cube: “Auntie is terrible.”

“I also think she is a bit scary. She is a free love, why can’t she get here? Why do you say that I am older? Obviously I am a little girl!”

“Puff-don’t put gold on your face, okay? Are you still a little girl? Are you going to run for three?”

“...Seriously, come and help me, I don’t want to be trapped at home for half a month.”

“How can I help you? You have two choices now, either go on a blind date obediently, or tell your mother that you have a boyfriend.”

“Sugar Candies are you kidding me? How could I go on a blind date obediently? And what is the other bad idea? Tell my mom that I have a boyfriend? I don’t have a boyfriend at all, okay?”
