

Nothing to Give but My Heart Chapter 127-132

Chapter 127

She is very thin, her slender body is wrapped in a light blue skirt, her fair complexion makes the skirt very elegant, her waist-length hair hangs softly on both sides, and her three-dimensional features are traced by the lights of the airport. Extremely soft.

There is a posture of a beauty of time circulating on her, which overlaps with the figure of someone in Victor Han's memory.

Victor Han's footsteps stopped subconsciously, and his eyes cleared her.

Su Jiu has been following Victor Han for a long time, and he has also noticed the huge changes when Victor Han saw Ana Shen.

"Mr. Victor, are you okay? Are we really going to take her car?"

"It's okay." Victor Han recovered, and soon the two walked to Ana Shen.

When Victor Han and Su Jiu walked to her, Ana Shen had a signature smile on her faces. In fact, before they came, Ana Shen had practiced this smile many times, because the other party was the president of the Han Group. Having done so many things for her, Ana Shen became nervous unconsciously.

"Hello, Mr. Victor, I'm Ana Shen, Walter's assistant of the Ye Family Group." When she introduced herself, she did not reach out to the other party, but bent towards the other side very humbly.

“I have prepared the car. If President Han and Secretary Su don’t mind, you can take our car.”

I don’t want Victor Han’s faint gaze to fall on her face, his voice is lukewarm: “You can drive?”

Hearing, Ana Shen blushed and nodded: “Yes.”

When she left the house in the morning, Ana Shen asked Phillip to borrow a car. Phillip didn’t borrow at first, but then suddenly lent her. Ana Shen had studied cars before and obtained a driver’s license.

And her driving skills are not bad.

Victor Han was quite surprised, but Su Jiu asked, “Assistant Shen, for the sake of safety, I still want to ask if you have a driver’s license?”

Ana Shen nodded.

After that, Victor Han and Su Jiu got into Ana Shen’s car.

Since meeting Ana Shen, Victor Han’s gaze has been following Ana Shen, even sitting in the back seat, his cold and serious gaze fell on the back of Ana Shen’s head.

This stare made Ana Shen a little confused.

As far as she knows, Victor Han is a particularly stern person, let alone usual, even if you draw his attention, he won’t necessarily look at you more.

But why keep staring at her today?

Ana Shen straightened her back, is Victor Han a hidden pervert?

Su Jiu also noticed that their president suddenly changed, as if a pervert, and she also felt Ana Shen's uneasy aura, so she explained in a low voice: "Ms. Shen, there are many passers-by, please also Be careful."

A word made Ana Shen abruptly recovered.

What is she thinking?

People staring at her may be because they are not worried about her driving, so they just stared at her to remind her, but she was thinking wildly.

It's really a villain's heart to save a gentleman's belly.

Ana Shen put away the messy emotions and drove seriously.

Half an hour later, the car stopped at a high-end restaurant.

Ana Shen handed the car to the manager to park, and led Victor Han and the others into the restaurant.

Su Jiu followed Victor Han and looked at the restaurant. She couldn't help but lifted he lips. Shewas really attentive, even inquiring about the restaurant that President Han usually likes to visit.

Soon after sitting down, the waiter brought the prepared dishes.

Victor Han: "..."

Su Jiu thought, I really have you! Even the taste is clear, it seems that Walter, the assistant... is quite attentive.

Ana Shen rubbed her hands nervously, bit her lower lip and said, "Mr. Victor, I asked the staff to prepare this in advance. Mr. Victor must be very tired from

the long-distance journey. You can eat first, and we will talk about cooperation later. .”

After speaking, Ana Shen sat on the opposite side and looked at Victor Han with a smile, her expression was as if a cat suddenly smiled, looking weird.

One minute later...

The smile on Ana Shen’s face gradually disappeared, replaced by a faint embarrassment, “That... Does Han always have any opinions?”

Victor Han’s eyes were cold, falling on her face.

Ana Shen swallowed subconsciously.

After a long while, Victor Han raised his hand and picked up the chopsticks, and Ana Shen felt relieved.

After a while, Victor Han said in a cold voice: “Thank you.”

At first, Ana Shen thought that she had heard it wrong, but later it became clear that Victor thanked her, and she couldn’t help smiling.

In the autumn afternoon, a little bit of sunlight shines through the glass window into the glass window. The restaurant is very quiet, and the music is playing gentle world famous songs. Ana Shen is sitting there wearing a light blue skirt, and the whole person’s breath is exceptionally warm. Wan.

Walter raised his eyebrows after receiving the news that Victor Han had boarded Ana Shen’s car, and asked Xiao Lu to follow him to the restaurant they had agreed upon.

At this moment, he happened to see this scene outside, so he narrowed his eyes dangerously.

This woman really recruited bees and butterflies for him when he didn't see her for a moment.

And who asked her to put her hair down? Just talking about work, what did she do to dress herself so beautifully?

Standing behind him, Phillip already felt the viciousness and anger faintly revealed from him, so he cautiously asked, "Sao Ye, let's go in too? I think it is more appropriate for you to talk to Mr. Victor about work. This matter is left to Assistant Shen to do, I am afraid the result will be unsatisfactory."

Walter didn't speak, but the cold aura circulating around him was extremely frightening. Phillip curled his lips: "Should I go in and say hello?"

Walter: "...What do you say hello? Do you think your friends meet?"

Phillip: "..."

Isn't it just to give you a reason to go in?

Walter: "Push me in, I want to see how many men she wants to seduce."

Seducing a man? Phillip was speechless, and he pushed Walter into it, while saying for Ana Shen: "I think Assistant Shen looks like this is normal. How could she seduce a man?"

"I was specially dressed up." Walter reminded, sneered.

So Phillip glanced at the people inside again, inexplicably: “Mr. Walter, Assistant Shen doesn’t seem to have even put on makeup, and it seems that Mr. Walter you bought the skirt.”

Walter: “...”

Suddenly I felt a little pain in my face.

So he can’t stand the clothes he bought for her when he sees other men?

“And Mr. Walter asked her to come, right?”

Slap again!

Walter sneered: “I think you don’t want to do it.”

Phillip: “There is absolutely nothing, how can we Mr. Walter do such a face-slapped thing? Assistant Shen really is today. She is dressed in a showy manner. It’s just talking about work. Why are you so ostentatious?”

“...When is it your turn for my woman to chew her tongue?”

Phillip: Ha ha!

Ana Shen was very excited when she saw that Victor Han had eaten what she had prepared, so she naturally forgot to give it to himself, so the whole process was staring at Victor Han, Su Jiu, who was looking aside, felt embarrassed.

But Victor Han, the ice cube, didn’t seem to feel anything, and ate in front of her blankly.

Chapter 128

Therefore, the scene in front of her is like a small kitchen that has just started a teacher. It sends what she have cooked to the guests, seeing the guests eating with gusto, and showing a deep smile.

Su Jiu felt strange in this scene.

what happened?

“Sorry, I’m late.” A cold male voice rang unexpectedly.

Su Jiu and Ana Shen had a meal, looking for a voice.

In a black suit, the heroic Walter was sitting in a wheelchair, pushed by Phillip to the crowd.

Seeing Walter, Ana Shen’s eyes widened unexpectedly. How could he suddenly appear here?

Shouldn’t he be in the company at this time? And he has already entrusted this task to her.

Is there anything wrong with me?

Thinking of what happened the previous two times, Ana Shen immediately stood up and walked towards him tremblingly. The look of this little daughter-in-law made Victor Han, who was unmoved by the opposite side, unable to help but raise his eyes, and Shen Li’s eyes looked towards Ana Shen.

Then following Ana Shen’s figure, Victor Han met Walter’s gloomy eyes.

Walter...

Thinking of the results of this investigation, a thoughtful flash of Victor Han's eyes flashed.

Without knowing what he thought of, Victor Han's eyes were more probing.

Su Jiu stood up quickly: "Nightclub, if I had known that you were also here, I should..."

Walter's expression was cold: "Don't be so polite, I'll just come over and see how my assistant is talking about things."

His voice was neither lukewarm nor hot, nor could he hear any other emotions.

Su Jiu glanced at Ana Shen awkwardly. Ana Shen walked to Walter and said in a low voice, "Why are you here?"

The surprised expression on her face was like a child, and Walter narrowed his narrow eyes slightly. Why didn't he realize that this woman had such a cute side before?

But now, her various expressions, including small movements and small eyes, made Walter feel very pleasing to the eye.

And it is the kind that is getting more and more pleasing to the eye.

grass!

Is it because of the relationship? It shouldn't be!

Thinking about it, Walter became inexplicably annoyed, and replied with a voice that two people could only hear: "Come and see if you hook up with a man behind my back."

Ana Shen: "..."

For a moment, the expression on her face stiffened.

And Walter's handsome face seemed to be smiling, and he rolled the wheelchair to the dining table: "Do you mind having one more person?"

Victor Han put down the knife and fork in his hand, without a harsh smile on his face.

"Nightclub, lucky to meet."

Walter curled his lips: "It's rare to see."

And here, Ana Shen still maintained her original posture, and she realized that they were talking and turned to look at them.

She walked back to the original seat and sat down. Everyone sat awkwardly. It took a long time for Ana Shen to realize that only Victor Han had food on the table, and she actually forgot both her and Su Jiu's.

"Sorry, I'll call the waiter to order the food!"

After the waiter came, Ana Shen sighed after asking everyone's opinion and ordering for everyone.

Walter suddenly suggested at this moment: "The atmosphere is so good, doesn't Han always drink two glasses?"

Su Jiugang wanted to say that President Han doesn't drink, but Victor Han unexpectedly agreed: "Yes."

So before the dishes came, two more bottles of wine were served.

When Ana Shen saw the bottle of wine, her expression changed slightly. She went to the front desk while they were drinking and asked secretly. After knowing the price of the wine, Ana Shen was not calm.

This is a well-known restaurant in Beich. It only invites celebrity chefs. The price of signature dishes alone is quite expensive, let alone these red wines.

Generally speaking, ordinary staff of this kind of restaurant will not come here. High-end venues usually provide services that require negotiation or work to win people's hearts. But because the food in this restaurant comes from the hands of celebrity chefs, they come here to eat. There are also many people.

But most of them are affordable.

And Ana Shen is obviously the one who can't afford it.

Although the old man in the finance department had applied for too much money for her, the money for the meal might not be enough.

Ana Shen looked back at them, and quietly took the phone to the bathroom.

There was no one else in the women's toilet, so Ana Shen simply stood outside and called Karla Han with her mobile phone.

When Karla Han received her call, she was still a little surprised: "Why didn't you call me at work at this time. Do you want to invite me to lunch together?"

Ana Shen doesn't have time to joke with her, now she is very anxious.

"Karla, Jianghu help, lend me some money!"

Karla Han: "...What's the matter with the horse?"

Ana Shen: "This is a long story, but I really need money now."

"Okay, how much do you need? I'll call you now." Karla Han happily agreed.

Because the two have known each other for so many years, since Karla Han came to the Han family, she has always thought of ways to compensate Ana Shen in various ways. She has always told Ana Shen that she can help if there is something, but Ana Shen has never asked her to borrow money once, let alone ask her. help.

Even to find the strange man, Karla Han suggested to help her find it.

So Ana Shen asked her to borrow money this time, and Karla Han was really happy, because at least she opened it to herself, and Karla Han also found an opportunity to make up for her, and she didn't feel so uncomfortable.

So she quickly transferred money to Ana Shen. When Ana Shen received the text message, she said gratefully: "Thank you."

Karla Han asked casually: "You haven't told me why you want to use the money? Even if it's a long story, at least you have to say it."

Speaking of this, Ana Shen smiled: "This is really a long story. Didn't I say to invite your brother to dinner?"

Hearing, Karla Han's heart chuckles, and the spot is right: "Yes, yeah. What's wrong?"

"Ye's is going to cooperate with Han's, so I was fortunate to have your brother today."

"You, what did you say??"

As soon as Ana Shen finished speaking, Karla Han over there was shocked. When Ana Shen heard that she had accidentally knocked something over on the phone, she asked strangely: "What's the matter?"

"You and my brother... met?" Karla Han's voice sounded flustered, and Ana Shen was inexplicably frowned.

Thinking of something, Ana Shen quickly explained: "Don't worry, I didn't interrupt your brother's work. We had the opportunity to meet because of work."

"Where are you now?" Karla Han asked suddenly.

"what?"

"Tell me, aren't you eating? Which restaurant are you in?" Karla Han didn't even notice that her voice was trembling.

Ana Shen: "...is the most famous one in Beich..."

Before finishing talking about the rest, Karla Han hung up the phone with a clatter: "Wait for me, I'll be here soon!"

Chapter 129

Ana Shen stood there blankly, and the busy tone from her hand made her unresponsive for a long time.

Karla seemed excited to know that she met her brother?

why?

She didn't understand, Karla Han was so nervous that she directly cut off the phone, and then rushed over here.

Ana Shen took off her mobile phone and watched the sound of the transfer. It should be enough to pay for the meal temporarily.

When she just turned and was about to go out, she kicked something with her foot, and then lay forward.

boom!

The bathroom door was closed directly from the inside, and then neatly locked. Walter took advantage of the opportunity to trap Ana Shen who had fallen into his arms, and after locking the door on the other side, he directly closed his hand.

Ana Shen raised her head and saw Walter, her expression stunned.

“Why are you here? This is...the women's bathroom, how can you come in?”

Walter was abnormal. He actually entered the women's bathroom and locked the door.

Walter raised his eyebrows displeasely: “My woman is here, why can't I come in?”

The blunt words made Ana Shen's face blush. She found that this person had become more and more inexplicable since he had a relationship with her, and he always liked to stick to her.

Thinking of this, Ana Shen moved manually, pushing his chest to stand up, but Walter's hand pressed her waist, and then she went back on her stomach again.

“What the hell are you doing? Let go of me.”

She begged nervously, “Mr Han is still waiting for us.”

Hearing, Walter narrowed his eyes dangerously and stared at her displeasedly: “Just want to see her so anxiously?”

Ana Shen didn't know why: “What are you talking nonsense?”

“In order to see him, you dressed up specially!” This is a positive sentence.

Ana Shen: “...When did I dress up specially?” After finishing that, Ana Shen reached out and touched her face, and said dumbly, “I don't have any makeup today?”

“Really? Let me take a look.” Walter really believed that he reached out his hand to pinch her chin, raised her face, and then leaned close to her to look at her left and right.

The warm breath hit Ana Shen's face, as soft as a newborn chick's hair, so that Ana Shen's heart was itchy.

She breathed for a moment, staring at Walter close at hand, and found that this guy's eyebrows were extremely deep, and even if she looked at him so close, her skin was so good that it exploded, and the deep eyes looked like As magnificent as the boundless sea.

Inexplicably, Ana Shen suddenly became a little nervous, and then subconsciously licked her lips.

An undercurrent appeared in Walter's inky eyes, and the force he pinched on her chin became a little bit hoarse: “You really don't have makeup yet, so why are you wearing a skirt on purpose? Really have no other ideas?”

Ana Shen: "...What do I have in mind? You gave the materials, and you asked me to negotiate the contract. Even the skirt on my body...you bought it."

Walter's voice became even more dumb: "Woman, would you just talk back?"

Ana Shen: "I'm just telling the truth."

She felt that the surrounding temperature was a bit hot, and subconsciously wanted to break away from Walter's constraints: "You let me go, we should go out...well."

The next second Walter kissed her directly.

The big hands pinched on her chin also changed to holding her face, Walter's big hands were dry and warm, and gradually moved back against her face, and then pressed the back of her head.

The tongue is like prying her teeth away spiritually.

Ana Shen didn't react at once and let him succeed.

She was in this posture lying on him, and she was held around her waist by Walter, almost forced to accept Walter's kiss.

The atmosphere in the bathroom became dense, and Ana Shen felt that the temperature on her body was rising, Walter's big hand reached her back and opened the zipper, and his big hand leaned in.

At the same time, several women's high heels sounded from outside.

boom!

Someone tried to open the bathroom door, but didn't push it.

“what happened?”

“The door of this bathroom can't be opened, what's the matter?”

“Let me see.”

There is another bang! Someone had been trying to open the bathroom door, and Ana Shen fell into Walter's arms and was kissed by him, and Walter seemed to be unaffected, and kept kissing her intently.

Ana Shen was so nervous that she stretched out her hand and pushed him hard, but he did not dare to make a sound.

“Hey, I don't seem to be able to open it. Could it be a malfunction?” The bathroom door was knocked several times from the outside, and it couldn't be opened.

The two women discussed: “Or let's call the restaurant manager to have a look. This door should be broken.”

Gradually, the sound of high heels went away.

Ana Shen finally pushed Walter away forcefully. She panted sharply, her face flushed and stared at the evil Walter: “You are sick, what should you do if you are found out? Lost too much!”

Walter licked her ruddy lips, staring at her snow-white shoulder like a wolf, and suddenly pressed her waist with a big hand, “I feel it, the second married girl, let's go back to the company.”

Ana Shen: “...what do you say?”

When she was shocked by Walter's words, she felt the scorching heat from Walter. Instantly, Ana Shen's face exploded, and this lustful child actually reacted here.

Ana Shen used to think she would not lift, but now this feeling...

His Walter is not only incompetent, but also...

Ana Shen blushed and looked at him: "What are your nerves, let me go, we are here to discuss cooperation today!"

"Oh." Walter leaned over, his thin lips pressed against her snow-white shoulders, and his voice was low, "Then you mean, it's okay if you don't talk about cooperation?"

"That is not what i mean..."

"Manager, it's this..." The two women came back and brought the manager of the hotel. After the manager came, he stepped forward and tried to open the door, but it didn't work after a long time.

"What's the matter?"

"I'm really sorry, maybe the lock inside is broken. I'll call someone to rest now. Please move to the bathroom upstairs for the two ladies."

Walter was still calm and composed, as if he wasn't afraid of being discovered at all, while Ana Shen was not calm anymore. Walter didn't want face and she wanted it. Seeing him still lying on her shoulders licking and kissing, she hurriedly held him Pushed him away with her face, then quickly jumped up to organize her clothes and zippers.

It turned out to be damn, I don't know where the zipper is stuck, and I can't pull it up.

The more she yanked, the more anxious he was. Seeing Walter staring at her for a while, Ana Shen didn't beat him, "I blame you."

"What, do you want me to help you?" Walter curled his lips, showing a coquettish smile.

Ana Shen snorted, ignored him, and continued to pull the zipper.

Walter rolled the wheelchair forward by himself, pulling the zipper up for her.

In the end, I don't know if he did it on purpose, and the zipper broke under his hands with a chuckle.

Chapter 130

"Ah, what are you doing?" Ana Shen exclaimed, turning her head to look at his back.

"Don't move." Walter frowned and looked at the zipper behind her inexplicably. He didn't understand how it was broken by him, "Let me see what happened."

Ana Shen is so angry, if the zipper is broken, how will she get out?

Thinking that today's meticulous arrangement might be ruined in this way, Ana Shen was very angry, and her heart clenched tightly.

"Don't read it, Walter, you did it on purpose, right?"

Walter was still checking it for her, but when she said that, the movement on his hand also stopped. He raised his eyelids slightly, his dark eyes fixed on her, "In your eyes, I am such a person?"

“Otherwise?” Ana Shen’s eyes were red with anger: “Do you know that I carefully prepared today? This is the first time I have been in the Ye Group to talk about cooperation seriously in such a long time. Can’t you be more serious? I have to come out and mess around and say I seduce a man. In your eyes, I am the kind of profane woman who only thinks about how to seduce men, right?”

While she said angrily, the eyes on Walter’s side had gradually darkened following her words.

As Ana Shen said, her eyes were a little red. When she straightened her waist and was about to turn around, a suit suddenly fell on her body. Ana Shen stopped and turned her head to look at him in amazement.

“Wear this first.”

After giving her the coat, Walter only had a white shirt left on his body, and his eyes were a bit arrogant.

Wearing his suit?

Although she didn’t want to, Ana Shen was also helpless. She couldn’t really go out with her back naked, right?

Finally, Ana Shen could only give him a fierce look, tightened her suit, opened the door and rushed out.

It happened that the manager of the restaurant called someone over. He was just about to open the door. Who knew she opened the door from the inside before he moved, and then a girl rushed out with red eyes.

“Hey? Why did you come out from inside? Isn’t the door lock broken...”
However, after seeing Walter coming out of the inside, the manager paused

for a while, and the manager looked back at the fast running figure , Then look at Walter in a wheelchair.

Suddenly he realized what was going on...

Dare to feel that these two are inside...

Before the thoughts from behind could jump out, Walter's stern gaze swept over, and the coercion emanating from his body made the manager unable to say a word.

When Dingqing saw, the manager's face changed drastically. Isn't this a nightclub?

I didn't expect him to be here...

"Night, nightclub!" the manager called.

Walter pursed his lips indifferently, and said in a light and fluttering voice: "What did you see just now?"

Manager: "I didn't see anything."

"Heh." Walter curled his lips with satisfaction, "Good job, I will give you a bonus at the end of the year."

The manager immediately smiled flatteringly, "Thank you nightclub. I have to find someone to fix the lock if it is broken. Let's go to the nightclub first."

Walter glanced at him, kind of on the way, he pulled his tie, and then rolled his wheelchair away.

After he left, the manager of the restaurant glanced back at the two people behind him: “Don’t hurry up to fix the door lock?”

The two of them had no choice but to roll their eyes in their hearts: This door lock is good, how to fix it? Is it repaired with air?

When Ana Shen reappeared on the table, she had an extra male coat.

So Su Jiu’s eyes looked a little weird when she saw her. Why did she go to the bathroom...

Victor Han was calmer than Su Jiu, glanced over the suit on her body, and then withdrew his gaze again.

Not long after Ana Shen came in, Walter also returned, and the suit on his body was missing. Su Jiu blinked, feeling that he had captured some incredible information.

Phillip: “...”

Do you want to be so embarrassed?

“That...” Ana resisted the uncomfortable heart, and took out the prepared project materials and put them on the desktop: “Mr. Victor, you are busy with your personnel on weekdays. I am fortunate to invite you to lunch today. It is really us. It’s an honor for the company, you can read this information first.”

She put the information on the desk.

Finally on the topic, Su Jiu breathed a sigh of relief, took the information, opened it and read it, and then asked a few questions.

Walter happened to be here too. The wine and dishes were basically complete. When the waiter poured the wine for them, Ana Shen felt very distressed when looking at the liquid flowing.

All that smashed is money.

Ugh.

Victor Han noticed her painful expression, and he could probably guess something. The ink-colored eyes were stained with a smile.

“Mr. Victor.” Walter’s cold voice sounded, pulling back Victor Han’s sanity.

Victor Han raised his eyes to meet Walter’s eyes in the air.

“Good meeting.”

The two clink glasses.

At this time, the door of the restaurant was also pushed open anxiously. A pretty girl in a light pink fashion suit ran in and started looking around. When she saw Ana Shen and Victor Han sitting face to face, her face changed color, and she started to run over.

But after two steps, Karla Han suddenly remembered something.

Isn’t she a guilty conscience when she ran over so anxiously? The eldest brother is so witty, if she shows himself a little bit in front of him, he may be spotted.

Thinking of this, Karla Han didn’t dare to run directly even if she was anxious.

She could only suppress the anxiety in my heart, and approached them with a smile on her face.

“Brother, why didn’t you tell me when you came back? Ana!” Karla Han approached her and said, her voice and eyes were expectant. Her cute look is like someone knowing that her brother will return home. Happy look.

“Karla?” Ana Shen pulled her lips when she heard her voice: “Are you here?”

Karla Han walked over and stood still in front of Ana Shen, and coughed lightly, “Hey, Secretary Su is also here, are you talking about work?”

Su Jiu nodded.

Victor Han remained expressionless.

“I’m sorry, brother, I didn’t know you were talking about work. I heard the driver say that you didn’t take his car after you got off the plane, so I found it. I didn’t expect...” At this point, her face was already apologetic. .

Victor Han finally raised his eyes to look at her, his voice calm.

“It’s okay, sit down.”

“Thank you, brother!” Karla Han quickly sat down beside Ana Shen. On the surface, she looked expectantly happy, but in fact her heart was already rolling.

After sitting down, finding that Walter was also here, Karla Han’s eyes lit up and greeted him.

“Mr. Walter is here, hello~”

Walter nodded as a response.

Originally it was just about cooperation, but in the end two people were inexplicably added to a meal.

Walter and Karla Han.

Suddenly, Ana Shen didn't know how to talk, it was really dumbfounding.

Chapter 131

The atmosphere in the restaurant was extremely strange, and Karla Han was also very uncomfortable. Her eyes were obviously panicked, her eyes kept on Victor Han's face.

I don't know if Victor Han will see something weird, so Karla Han can only keep looking for topics and draw her eyes to him.

However, no matter how hard she tried, the two men on the table rarely turned their eyes on her face.

“Hello—”

However, at this time, Ana Shen suddenly felt an itchy nose. Reflexively, she reached out to cover her nose and turned her head back, and sneezed a little.

The sound was not loud, but it attracted everyone's attention.

Including Victor Han and Walter who were unmoved.

“What's the matter?” Walter asked, twisting his eyebrows.

Victor Han also looked at Ana Shen's body.

Karla Han originally planned to care about Ana Shen, but when she saw that Walter and Victor Han were both watching her, her movements suddenly stopped. Walter cared about Ana Shen normally, but why even the big brother...

Seeing this scene, Karla bit her lower lip humorously and unconsciously tightened her hand under the table.

why? She spoke so laboriously that no one looked at her, but Ana Shen just sneezed easily, and everyone's eyes were on her.

And the eldest brother, he is so calm and self-sufficient, why do you look at her? And the gaze is still moving, is it so good-looking?

Karla Han was flustered at first, but now she is not calm. She wringed her hands tightly, her nails falling into the flesh without knowing it.

When Ana Shen saw that everyone was watching her, her white face turned red all at once, she covered her nose and shook her head: "I'm fine, you continue."

Walter couldn't help but frowned, and sneezed suddenly. Could it be a cold? Because after Walter moved her crib, she kept playing on the floor. At night, Walter went to grab her quilt and hugged her to sleep with her. She always kicked the quilt in the middle of the night, and sometimes when she woke up, she would wait Far away from Walter.

At this time, the waiter brought the coffee, which should be delivered to the table inside. Karla Han, who was sitting outside, felt a little more distracted when she saw it.

"Damn."

"what!"

Just as the waiter brought the coffee, Karla Han, who had been sitting still, suddenly stood up, and hit the hot cup of coffee unexpectedly. The coffee overflowed and the hot liquid was spilled on Karla Han's body.

"It's so hot, so hot!" Karla Han's eyes flushed almost all of a sudden, and the skin on the front of her neck became red all of a sudden, she yelled while jumping on the spot.

"I'm sorry!" When the waiter saw this, his eyes widened in horror, and he quickly apologized: "Miss, are you okay? Follow me and I will give you ice cubes."

After all, it was his sister. Victor Han finally stood up at this time, grabbed Karla Han's hand and asked, "Is there any cold water?"

"There are some, in the back."

So Victor Han took Karla Han to the back, took a tissue, soaked it in cold water, and put it on the red skin on the front of her neck. Karla Han was crying with pain, "I'm sorry, brother, I was too reckless and caused you trouble. ."

Hearing, Victor Han lowered his head and glanced at her. Seeing the little girl's pitiful appearance, he felt helpless, and his voice became softer: "Be careful next time."

"Well, brother... will I leave scars?"

Victor Han frowned, and Karla Han took the opportunity to hold his hand and said pitifully, "If there are scars, will it be ugly? Will I not be able to marry then?"

After a long silence, Victor Han unbuttoned his suit, took off his coat and put it on Karla Han's body to wrap her up: "Go to the hospital."

Hearing Victor Han was about to send herself to the hospital, Karla Han was a little excited, and her eyes were full of expectation when she looked at Victor Han: “Thank you, brother.”

Then she followed Victor Han out. As long as Victor Han took her to the hospital, she didn’t have to stay here with Ana Shen, which would be safer.

“Karla, are you okay?” Ana Shen has been fidgeting since Karla Han was burned, but her brother was there, and she was too embarrassed to come forward and ask what she did when she came out.

When Karla Han saw her walking towards her, there was still a hint of discomfort in her beautiful eyes, and there was an illusion in her heart that Ana Shen was deliberately shaking in front of her brother. It was disgusting!

“I’m fine.”

So Karla Han avoided Ana Shen’s touch, her expression faint.

The hand that Ana Shen stretched out just stopped in the air, and she glanced at Karla Han with puzzlement in her eyes.

what happened? Karla...

“Secretary Su.” Victor Han said in a cold voice: “Send the young lady to the hospital, and treat the wound properly without scars.”

Karla f6a70e5e, who was originally full of excitement, seemed to be splashed with cold water after hearing these words, and the blood on her face faded instantly.

“Brother, you... won’t you send me there?”

Secretary Su stood up and calmly explained to Karla Han: “Miss Karla, President Han is very busy at work. He is going to attend an important meeting in ten minutes. Let me accompany you.”

Karla Han: “...Is that meeting more important than my injury...Brother...”

Secretary Su raised her eyebrows slightly, fearing that Karla Han’s next words would make Victor Han unhappy, so she hurried forward and wrapped her shoulders: “Okay, Miss Karla, I know you’re not feeling well, I’ll take you to the hospital for an examination. In the evening, your brother will see you after he is busy, and let’s go.”

Soon Secretary Su took Karla Han out.

Karla Han bit her lower lip bitterly, and before leaving, she suddenly turned her head to look in Ana Shen’s direction, crying quickly: “Ana, I’m a little scared, will you accompany me?”

Ana Shen was naturally worried about her appearance, but she asked Victor Han to come over today, and Victor Han did not leave. How could she...

Thinking of this, Ana Shen glanced at Walter subconsciously.

Walter frowned slightly when he saw the appeal in her eyes.

Is this woman a fool?

However, Walter still couldn’t refuse her after all, and said coldly: “Go, it’s rare that I and Han always have a chance to meet, you don’t want to be disappointed here.”

Ana Shen: “...”

This person helped her and hurt her.

It's really poisonous and too arrogant.

But in the end, Ana Shen gave him a grateful look, and after saying sorry to Victor Han, she stepped forward and helped Karla Han to leave.

She thought, Karla Han is Victor Han's younger sister after all, if she accompanies her, he shouldn't blame it.

Karla leaned softly on Ana Shen and said: "Ana, it's great to have you with me, Secretary Su, or you can go back."

Hearing, Secretary Su paused, "But President Han told me..."

"My brother is worried that no one will be with me, but Ana is with me now, and... Isn't there an important meeting for my brother in ten minutes? He must not be able to do without your help, you can help my brother."

Chapter 132

When Karla Han said so, Su Jiu responded and said with a smile to Ana Shen: "Miss Shen, please take care of our Miss Karla."

Ana Shen nodded at her: "It should be."

Su Jiu turned back, and the remaining two went outside together.

"Did you drive? I'll take you directly to the hospital."

After Ana Shen helped Karla Han into the car, she took out her mobile phone to Baidu and took a look at the nearest hospital, and then took Karla Han's car key and drove the car away.

The car officially drove into the lane, and Karla Han sat in the co-driver, but the expression on her face was not right.

“Ana...”

Ana Shen was looking at the lane seriously, and when she heard her calling herself, she turned to look at her: “What’s the matter? Is it uncomfortable?”

“You can bear it, the hospital will be here soon.”

Karla Han was different from what she thought. She looked at Ana Shen’s profile with melancholy eyes, remembering the scene in the restaurant just now, and couldn’t help asking: “You will...”

“what?”

“Forget it, it’s okay.” Karla Han lowered her eyes. This meeting should be an accident. She has already broken it. It shouldn’t be difficult for them to see each other next time.

As long as they don’t meet, Karla Han doesn’t mind anything, she comforts herself like this in her heart.

Ana Shen thought she was in pain, and when she waited for the red light, she deliberately reached out to hold her, and comforted her softly: “Don’t be nervous, I will send you to the hospital as soon as possible, and the doctor will take care of her. Good wound.”

Karla Han looked at the hands held together, feeling very uncomfortable.

She didn’t even know that she had robbed her of her identity, and kept treating her Karla Han well. The sincere care made Karla Han suddenly disgusted. Before she could react, she slammed Ana Shen’s hand away.

“What are you talking about? You don’t know anything at all!”

The sudden rage made Ana Shen astonished. She stared at Karla Han in front of her blankly, not understanding what had happened.

Karla Han’s eyes were red, and the tears fell down. She bit her lower lip firmly and kept repeating: “You don’t know anything, you don’t know anything!”

“...I’m sorry, Karla, I can’t empathize with you this time, but I know it will be uncomfortable to be scalded. Don’t be sad. When you treat the wound this time, I will accompany you to the last house. How about eating at the dessert shop?”

Karla Han was even more angry, she felt guilty, and the more Ana Shen treated her, the more likely Karla Han to resist.

For example, at this moment, when she saw Ana Shen’s face, she felt extremely disgusted!

Obviously she had done such an excessive thing, but she still looked at herself with this worried expression, which made her feel more guilty.

When Ana Shen saw that she ignored herself, and the red light had turned into a green light, she had to drive Karla Han to the hospital first, and accompany her to treat the wound before sending her back.

Before they parted, Karla Han suddenly said, “Ana, I was so uncomfortable just now. I’m sorry if I was angry with you. You won’t blame me, right?”

“No, you go in, we are good friends, it’s okay.”

Of course Ana Shen wouldn’t blame her, after all, she had already helped herself a lot.

Karla Han nodded: "Well, my brother has already returned. I will ask him how he checked it tonight, and I will contact you tomorrow."

Mentioning this incident, Ana Shen was taken aback for a moment, then smiled faintly after a while: "Don't worry, you can rest before talking."

After that, Ana Shen drove directly back to the company.

After returning the car to Phillip, she suddenly remembered a very important thing and went straight to Walter's office.

Knocking——

"In."

Ana Shen opened the door of the office, and when she entered, she saw Walter sitting in a wheelchair alone, looking at the computer screen with a cold expression, raised his eyes lazily when he saw her come in, and fixed his eyes on her face.

Ana Shen took a deep breath, licked her lips nervously, and then walked towards him.

She was also wearing Walter's male suit, matched with her blue dress, which made Walter feel particularly pleasing to the eye.

"Mr. Walter, that..." After Ana Shen stood still, he looked at Walter nervously.

"What?" Walter raised his eyebrows: "Just say anything, don't hesitate."

Ana Shen pursed her lips and asked in a low voice: "Today's meal..."

Mention that meal with him as soon as you come back? Walter fried a spot to show her in front of her, and he sneered: “Still reminiscing about that meal until now? Or are you thinking about something else?”

Ana Shen: “...”

This person is here again, terribly possessive, she just asks casually, and he can actually think of others, she rolls her eyes helplessly in her heart, and explains aloud: “I mean, today I forgot to pay the bill when I left for the meal.”

“Oh.” Walter’s face was cold: “I didn’t check out either.”

Ana Shen’s expression instantly changed when he heard it: “What’s the matter with you? It was our Ye’s Han family who came out to talk about things. I ordered the restaurant. I forgot to check out. Why don’t you know how to check out? What should I do if I leave a bad impression on Han?”

Having said this, Ana Shen bit her lower lip anxiously, apparently standing still and spinning around.

Hearing, the expression in Walter’s eyes became a bit richer, and his tone gradually became colder: “Are you so concerned about leaving a bad impression on him?”

“I worry about you!” Ana Shen blurted out, “Don’t you want to cooperate with Han? If you leave a bad impression, what will you do if Han doesn’t cooperate with Ye? you...”

Ana Shen was as anxious as an ant on a hot pot. She suddenly thought of something: “I’ll go to Mr. Victor to explain and apologize.”

After speaking, Ana Shen really turned around to go out.

Walter’s eyes narrowed, and he narrowed his eyes: “Stop.”

Ana Shen stopped and looked back at him puzzled.

Walter pursed his thin lips, his eyes a little helpless.

“In your eyes, am I the kind of person who doesn’t have any thoughts? That would make you misunderstand that the meal was made by Victor? Even if it was Victor, what about it?”

Ana Shen bit his lower lip: “I didn’t say that he couldn’t check out, I just think this is an invitation from the Ye Clan first, and we should do our best to treat guests.”

we...

This word made people feel inexplicably comfortable, and Walter raised his lips.

His smile was a little dazzling. What information did Ana Shen capture, “Then have you paid?”

“No.”

Ana Shen: “...I’ll explain it better.”

“Explain what? That restaurant is owned by Ye’s name.”

Ana Shen: “What did you say?”

“What do I pay for eating there?”

Ana Shen was speechless, so after talking for a long time, Walter was selling Guanzi to her, right? She was tricked?
