

Nothing to Give but My Heart Chapter 133-138

Chapter 133

After enduring it for a long time, Ana Shen finally glared at him angrily and turned around to leave.

“stop!”

Walter stopped her again.

Ana Shen’s steps stopped in place, after all, she had to listen to his orders, but after she stopped, she turned her back to him, but she didn’t look back.

As a result, the next second, her waist tightened, and Walter actually carried her whole person into his arms, and she was so frightened that Ana Shen exclaimed.

Walter’s fiery big hand stroked her neck, his voice low.

“Whether you’re wearing my clothes, you’re so bluffing, have you asked me?”

His hands were tightly locked around her waist like an iron chain, making her unable to move. Ana Shen turned her head angrily and glared at him: “You are playing me!”

Walter’s eyes were a little bit evil, and he bullied her and pressed her closer: “Did I answer wrong?”

Ana Shen: “Anyway, you tricked me on purpose.”

If he didn't deliberately play her, why didn't he say that the restaurant was Ye's property at the beginning? He had to tell her that it was Ye's property when she rushed out impatiently. .

I'm so mad at her!

"Okay, just treat it as deliberate, what can you do to me?" Walter simply took his shamelessness to the extreme, which was stunned.

"What did I tell you when I was in the restroom of the restaurant?" Walter took off her suit jacket, her voice gradually sinking, "I feel it."

Ana Shen's eyes widened, and her face was blue and white.

Of course she knew what he meant, even if she didn't know, but his movements could be shown all at once...

because! Walter was pressing against her somewhere, and that high-spirited state was telling her what he wanted...

In his arms, Ana Shen's face gradually turned pale, "Walter, what do you mean?"

After the suit jacket was taken off, it was thrown mercilessly on the cold floor.

Walter's warm and dry hands stroked her smooth back, and asked, "I'm always wearing this suit when I come back? Not everyone in Walter can see me."

Ana Shen: "...". Is he listening to himself?

Facts proved that Walter really did not listen to her.

He leaned down and kissed her neck with thin lips. Ana Shen was helpless and pushed him: "What are you doing?"

Walter's voice was dark: "Go on."

"carry on?"

"Things not done in the bathroom."

Being disturbed, Walter's eyebrows showed an impatient emotion, and he immediately bit her, and Ana Shen exclaimed in pain.

The next situation happened extremely suddenly, and Ana Shen had no idea that Walter would suddenly...er, enthusiasm, actually took off her clothes, buried her neck gradually down.

He was in full swing on his own, but every inch of hot left on her skin by those big hot hands was a kind of humiliation to Ana Shen.

He doesn't like 86789a25 her at all.

I used to hate her so much. I always looked at myself with that kind of disgusting eyes and said those hurtful words. The child in her belly is not his. It is impossible for a man to like it. She's a woman.

But since that happened, his attitude towards her has completely changed. He always likes to hold her, kiss her and molest her.

Suddenly she thought of a word the company employee said before, mistress.

Walter didn't regard her as his wife at all. He only said that it was his woman. She was leaving after half a year, so during this period of time did she regard herself as his mistress?

Do not...

She doesn't want this!

Ana Shen's pupils widened suddenly, pushing Walter hard.

"Let go of me, let me go!" She said repeatedly, pushing him repeatedly, Walter was about to enter the subject, who knew she was pushing him all the time.

He could still ignore her at first, but later he was really affected by her. He simply clasped her wrist and put her wrist behind him, making her soft body closer to him, and squinting dangerously.

"Do you know whose lap you are sitting on now? Your actions like this will only make you even more angry..."

Hearing that, Ana Shen's face changed slightly, "Don't be like this, Walter, don't you hate me? Shouldn't you hate me for not touching me? What are you doing now?"

In the end, Ana Shen's emotions were almost out of control, "Did you treat me as a plaything at all, because I was divorced and I was not pregnant with your child, so you...you must use this method to punish I?"

Walter clasped her hand for a moment, staring at her dangerously with squinted eyes, "Do you think I am punishing you?"

"Otherwise?" Ana Shen looked at Walter's eyes with a low voice: "You obviously hated me before, why did you suddenly change? Is it because of what happened that night? Then I tell you, if it was because of what happened that night. Relationship, then you don't have to do this, because...I was drugged that night, it was not voluntary at all."

The latter sentence successfully made Walter's unpleasant face darken and darkened, and he gritted his teeth with anger: "Can you tell me what you just said again?"

Ana Shen bit her lower lip and stared at him stubbornly.

Her chin was pinched. This time Walter's strength was very heavy. He stared at her dangerously: "Huh? You are not willing at all, so I forced you?"

"I don't blame you." Ana Shen explained: "There was a fragrance in the room that night. Lu Zongchang originally wanted to deal with you. He thought you didn't lift it... so I wanted you to taste the unbearable pain, but there was no You think..."

Ana Shen didn't say anything further.

Even though she had almost lost her sanity that night, she could still think of everything from the tiny memory, but only so much, but the traces on her body the next day could not deceive anyone.

"I didn't expect anything?" Walter's eyes were gloomy, the light in her eyes flashed, and the force he pinched her chin became harder, "Did you never thought that the person who saved you that night would be me, or did you think in your heart? Is it someone else?"

Ana Shen: "I..."

What is going on with him, this kind of statement is like being jealous, but whose jealousy he is...

No, how could he eat his own jealousy.

She is obviously someone he hates!

She has that self-knowledge, so she won't think too much.

Ana Shen turned her head and bit her scalp and said, "In short, you and I were compelled that night, this matter will pass, don't take it seriously."

Walter: "...Is this what you want?"

Ana Shen pursed her lips and said nothing.

What she wanted, she herself was confused, but it was definitely not the Walter who hugged her and kissed her every day because of a relationship.

She doesn't want this!

She wants... wants...

Ana Shen closed her eyes and stopped thinking about it.

Ana Shen, you are not worthy at all.

Chapter 134

After a long silence, Walter suddenly let go of her with a sneer.

"Well, if this is what you want, then I will fulfill you."

When the words fell, Walter pushed her away, and Ana Shen staggered back two steps, staring at him in astonishment.

"I have a woman with a freak in my heart, Walter doesn't bother to take it."
There was a great sarcasm in the words, and the corner of Walter's lips curled up with a very sarcasm, and his naked eyes were contemptuous: "It's just that.

It looks good to you. Since you are so reluctant, stay away from me in the future.”

Ana Shen: “...I see.”

She pulled her skirt silently, and before going out, she glanced at the suit on the floor: “Can I borrow the suit to wear it again? I will return it to you when I go home at night?”

“Just rely on you?” Walter said, “Maybe I can think about it if you ask me.”

Forget it.

Ana Shen turned around and left the office. When she returned to her seat and sat down, her chest was still undulating.

Walter’s words are just thinking you’re feeling good.

He really just loves her body.

And she actually felt a little bit...Does he like her?

Thinking about it now, how could she be so stupid? How come there is such an idea?

Even if the sun came out from the west, she shouldn’t have this feeling.

The zipper on the back of the skirt was broken, she couldn’t pull it up, and she couldn’t get out. Walter was unwilling to lend her the suit, so Ana Shen could only sit in a daze.

After a while, the elevator door suddenly opened.

A charming figure came out sneakingly, and then looked around.

When Ana Shen heard the sound, she looked over, and actually saw the girl named Jessica in the finance department.

What is she here for?

Thinking about it, Jessica seemed to see her and walked over quickly.

Come to find your own?

“Hey!” Jessica hurriedly walked to her, looked around and found that she was the only one, then asked unceremoniously: “Have you used that money?”

The money? Ana Shen thought about what happened at noon this year and shook her head: “Not yet.”

“It’s useless? Don’t you want to talk about cooperation? Why is it useless? Are you a lie?”

After approving the tens of thousands of dollars to Ana Shen, Jessica was restless all night, always afraid that Ana Shen would not pay the money, and then she and her father would suffer together at the company.

Yeshi is no smaller than other places. In places like Yeshi Group, once they make a mistake, they will be expelled.

Which company will dare to accept them by then?

So Jessica had to ask quickly to see if Ana Shen had spent the money, and let her hand over the bill.

“I didn’t lie to people, but the matter at noon was a bit special, but...” Ana Shen thought for a while, and felt that the money should not be used temporarily. The other party was obviously so anxious, so Ana Shen wanted to return the money first. Now, let the other party feel at ease.

So she opened the bag and took out a card from it.

“Give it to her.”

Jessica quickly reached out and took it, then took a look to confirm: “you haven’t moved?”

Ana Shen nodded: “Well, you can register when you go back.”

Jessica: “Okay, I’ll check it out. If you dare to lie to me, Zhang Jessica is not a vegetarian.”

After saying that she was about to leave, she suddenly saw that Ana Shen’s clothes were a little loose, and she asked, “What’s wrong with your clothes?”

Hearing, Ana Shen subconsciously stretched out her hand to fix the clothes, but saw Jessica say something contemptuously: “Did you deliberately seduce/lead our nightclub like this with your shoulders half exposed?”

Ana Shen: “...not what you think!”

“Oh, isn’t it?”

Ana Shen bit her lower lip in embarrassment, and explained with some embarrassment: “It’s because the zipper is broken and can’t be pulled up.”

Jessica actually believed that she really leaned in to see, “I’ll help you see, hey, it’s really broken? No, isn’t this broken by you on purpose?”

Ana Shen: "...” She pulled her clothes silently, and did not answer Jessica’s words.

Seeing that her complexion was not good, Jessica simply took off her white coat: “The lady will kindly lend you the coat.”

Ana Shen was taken aback.

“Why, no?” Jessica gestured to take back her jacket, and Ana Shen immediately reached out and took it: “Thank you.”

Hearing her thank you, Jessica’s face became unnatural: “Who wants you to thank me? I just can’t bear to wear your clothes like this and sit here and influence other people’s work! Humph.”

After Jessica left, Ana Shen held her coat in a daze.

Unexpectedly, there are still people willing to care about her, this Jessica looks fierce on the surface, but in fact it is not bad.

Ana Shen suddenly raised her lips and smiled.

That night, after taking a bath, Karla Han ran to the next room to check Victor Han’s figure, only to be stopped by the servant.

“Miss Karla, Mr. Victor is taking a bath, are you looking for something to do with him?”

Hearing, Karla Han glared at that one fiercely: “This lady is looking for my brother to talk, when your servant’s turn to question is? Can’t I come to him?”

Karla Han’s notoriety was spread among the servants. The person was so brutal by her that she lowered her eyes and said in a low voice: “Miss Karla, I

didn't mean that. I just want to remind Miss Karla and Mr. Victor. In the shower, Miss Karla may upset Mr. Victor if she goes in now."

"I want you to take care of it? Even if this lady's brother is angry, he doesn't care about you!" Karla Han said fiercely, "Hurry off!"

The servant dared not speak any more and could only turn around and leave.

After waiting for someone to leave, Karla Han took a deep breath, then opened the door of the room and walked in.

Just take a shower and just wait in the room for her elder brother to come out. Then she will take the opportunity to ask her eldest brother Ana Shen how things are going.

Karla Han walked inside 34291225 while thinking, wearing a cute cartoon pajamas.

This is the first time Karla Han has entered Victor Han's room. Victor Han's room is just like his people. The color is cool, white and cold, and simple with a touch of seriousness. After entering, there is no feeling of relaxation at all.

How can anyone make the bedroom like this? Karla Han thought depressed, Victor Han is really a freak.

There was a splash of water in the bathroom...

Karla Han looked around and suddenly saw the briefcase resting on the table, with a yellow kraft paper bag beside it.

Could it be the information she entrusted her brother to investigate?

Thinking of this, Karla Han walked over quickly, picked up the kraft paper bag, and wanted to open it directly.

Wouldn't you be upset if you opened it directly?

But... curiosity urged her, Karla Han told herself, as long as she took a secret look, she would put it back in time, unconsciously.

Thinking of this, Karla quietly opened the kraft paper bag, and then pulled out the information inside.

Originally, her heart was beating very fast, she was just nervous, but after seeing the information inside, her eyes suddenly widened and rounded.

How... how could this be???

Chapter 135

Karla Han widened her eyes, and couldn't believe what she saw.

The person shown on the data is actually Walter.

Therefore, the strange man she and Ana Shen have been looking for for so long is actually Walter.

The father of her child was clearly by her side, but she didn't know anything, including Walter.

How did that happen?

Wow

The sound of the water in the bathroom suddenly stopped, and Karla Han suddenly recovered. Brother Victor Han had taken a bath. If she stayed any longer, she would definitely be found.

Thinking of this, Karla Han quickly put the materials back into the file bag, but unfortunately she was in a hurry. When she put the files back in the bag and laid them flat and was about to escape, her sleeves accidentally took the phone on the desk over.

boom!

The sound of the phone landing was extremely clear, and Karla was so startled that she had to fold it back and pick up the phone to put it back, when the bathroom door was already open.

All of Karla Han's movements stopped, and she suddenly turned and looked in the direction of the bathroom.

Han had taken a shower, and his strong physique was still covered with white crystal water drops, his ink-colored hair was slightly wet on his forehead, and the ink-colored eyes on his cold ascetic face stared at Karla Han.

He didn't speak, his thin lips were so tight, his eyes fell on Karla Han's face.

Karla Han's heart was beating fast, and the gaze facing Victor Han was also very dodging, obviously showing a guilty conscience.

But it's impossible to keep going like this. Karla Han can only pull her lips and stretch out a paw to say hello to Victor Han: "Big brother..."

The voice of Karla Han was shaking when she heard her own voice.

Victor Han didn't speak, but gradually looked down and looked at her hand.

Karla Han panicked, and subconsciously put her hands behind her back, but soon she realized that this was wrong, and quickly took out the phone.

“I’m sorry, big brother, I accidentally touched your phone just now, and the phone fell to the ground. I don’t know if it is broken...” Karla Han suppressed the surging emotions in her heart and said softly.

Han Wenqing held a dry towel and wiped her hair indifferently, and walked toward her with straight legs. The serious aura on her body also suddenly pressed against Karla Han.

He only listened to his cold voice: “Didn’t I say that you can’t enter and leave my room without my permission?”

Hearing, Karla Han’s face changed drastically.

“Big brother, I didn’t mean it... I just heard that you were taking a bath and wanted to... come in and wait for you.” At this point, Karla Han’s eyes were so nervous that there were tears in her eyes, and she looked at Victor Han pitifully. . “I won’t do it next time, I will leave now.”

Karla Han put down the phone and wanted to leave.

Victor Han stopped, “Wait a minute.”

After a pause, Karla Han stood still on the spot in a panic.

With sharp eyes falling behind her, Karla Han heard him ask: “What is it, let’s talk about it.”

Karla Han blinked, took a deep breath, and slowly said, “Yes, nothing happened. It’s just that the eldest brother has just returned from abroad. Karla missed her eldest brother, so come and see if the eldest brother is asleep, I...” She started When she got up incoherently, Karla Han hated her appearance.

She obviously had a good disguise, but every time she met Victor Han's deep eyes that seemed to be insightful, she felt like she was standing in front of him, no matter what she said. Lies will be exposed.

In addition, she had a guilty conscience, so she had no confidence in front of Victor Han.

Victor Han didn't say anything any more, his eyes fell on the kraft paper bag, but when he was about to pick it up, he saw that the thing had been opened, and he narrowed his eyes dangerously.

"Have you read the information?"

Karla Han's face paled a bit when she was asked so, and she subconsciously denied it. "No, no. Brother, I just came in and saw your phone turned on, and it fell out accidentally."

Victor Han: "..."

Lifting his eyelids, Victor Han let out a chuckle in his nose, which only he could hear.

"Really?" he asked.

Han 2cb99667 Karla's heart beat, "Brother, is it very important information? Of course I won't touch Brother's things casually. Karla is very good. If it's okay, Karla will go back first."

Victor Han looked up at her: "Don't want to know about that?"

"That... I will ask my brother again tomorrow. My brother is also tired today, so take a break early!"

After speaking, Karla Han fled and left the room.

Victor Han stared at her with cool eyes, opened the kraft paper bag, glanced at the information and threw it on the table.

After a long while, he thought of something... took out a folded A4 paper from his suit pocket, and after opening it, there was a photo on it. Although the woman had a smile on her face, he still couldn't hide the cold air between his brows and eyes. , The indifferent temperament in the eyes made him look like an ordinary person.

Who is she... why is she so similar to the person in his memory?

When Ana Shen went home at night, she washed the coat Jessica lent to her, then dried it and took it to the company's finance department to return it to others the next day.

Jessica looked arrogant when she saw her coming to return the clothes.

"I can tell you first, I didn't lend you the clothes to help you, but I didn't want to see you seduce us Mr. Walter!"

Ana Shen felt that the person in front of her was cold and warm, and nodded: "Okay, I see."

Seeing her still smiling, Jessica narrowed her eyes: "What's the matter with you? I said that to you, so you are not angry?"

Ana Shen smiled and said: "Because I know you helped me, thank you this time, otherwise I really didn't know what to do at the time."

Jessica: "...Who wants you to thank you? Just go away if you have nothing to do!"

Ana Shen had to leave first. When entering the elevator, she happened to ran into Walter who was upstairs. The eyes of the two slammed in the air. Before Ana Shen recovered, Walter moved away first. look.

The indifferent breath on his body almost froze people three feet away. Ana Shen walked in before the elevator closed. As expected, he felt cold in his arms and neck as soon as he entered.

She was wearing a pale green sleeveless suit today, which especially matched her skin, but the cool white arms were exposed, making Walter not pleasing to the eye.

This damn woman is getting more and more exposed and daring to wear it!

“Assistant Shen.”

Phillip took the initiative to greet Ana Shen.

Ana Shen nodded at him, then stood to the side and said nothing.

Phillip noticed that from the moment Ana Shen appeared, the icy breath of Walter’s body continued to surge outwards, gathering the small space of the elevator, and still rolling outwards. When she saw Assistant Shen I just turned away without looking at it.

What’s wrong with this Nima? When they were in the restaurant yesterday, didn’t they seem to be very emotional? How come after one night...

Chapter 136

The atmosphere in the elevator is weird.

The most uncomfortable person was Phillip, who had to endure the various emotions of these two people, especially Walter.

Fortunately, the elevator arrived soon. Before Phillip could react, Walter rolled the wheels and went out.

Without looking back...

Standing in the corner, Ana Shen raised her head and glanced at her back, feeling particularly uncomfortable in her heart.

She walked out slowly, Phillip stepped back and asked her in a low voice, "What's the matter? You weren't fine yesterday, why do you have it today?"

Ana Shen didn't want to answer Phillip's question, so she kept silent.

Seeing that Phillip couldn't ask anything, she gave up and left.

Ana Shen returned to her work post, staring at the densely packed text on the materials, but Walter's cold eyes appeared in her mind. The disgust and coldness in his eyes were so obvious.

He should hate her more now, right?

strange.

This is obviously what she said to him, what annoyance is now, work hard!

Ana Shen cheered up and focused all his energy on work.

When it was time to eat at noon, Karla Han sent her a text message, asking her if she was free and telling her about important things.

When Ana Shen saw this text message, he thought of the scene of having dinner with Victor Han yesterday.

Victor Han is back now, and the truth about Daiming has been revealed.

But now...Ana Shen suddenly felt that who the man was didn't seem to be that important.

Thinking of this, Ana Shen bit her lower lip and typed back.

{I want to go to work, maybe not available. }

Karla Han will reply to the text message very quickly.{That's it, then I will ask you again in two days. }

She has the same mindset as Ana Shen, because she hasn't figured out how to tell Ana Shen about this matter, and it's good to be able to delay it.

Ana Shen smiled back.

Then the two of them did not mention this matter very tacitly.

Karla Han hugged the phone and heaved a sigh of relief. Although she didn't tell Ana Shen the result, she still had to behave today and ask her elder brother.

Thinking of this, Karla Han changed her clothes before going out.

As soon as Ana Shen put down her phone and had a bite of rice, someone sat down in front of her.

“So you are here, so I can find it easily.”

Ana Shen looked up and saw Jessica.

“How are you...”

“Why? There is no place in the cafeteria, can’t I just come over and take a seat? Look at you, the last time you bullied others in the cafeteria, no one dares to sit in front of you, right?”

Jessica said arrogantly.

Listening to this, Ana Shen couldn’t help but curl her lips: “Yes, everyone is afraid of me, so why are you sitting in front of me?”

Jessica hummed: “That’s because I’m upright, I’m not afraid of you!”

Ana Shen: “...”

Jessica swept the people around, and suddenly came over and asked, “Did you do the last thing first?”

Hearing, Ana Shen was dumbfounded, and then shook her head honestly.

“No.”

“Really?”

“Cheat you to have money?”

Jessica was stunned, then stepped back and snorted heavily, “That is their first hand?”

“Yeah, I was splashed with soup, I just fought back.”

“Damn, are they really the first to use their hands? It’s really... the few people who usually look very gentle, how can they be so cruel? So you are just defending and fighting back, handsome!”

Ana Shen: “...Did you still think that I was...”

“That was before, I thought you did it first, but if they did it first, then you don’t have to be polite to them, beat them to death...” After speaking, Jessica realized that she was now This look is too violent. I quickly closed my fist and coughed slightly: “I’m just kidding, I’m very gentle, and don’t tell anyone!”

Next, Jessica chatted with Ana Shen a few words, and said to her before leaving: “I think you are a good person, and quite brave. Would you like to make friends with me?”

“what?”

friend?

Ana Shen stood still, can she do it too? Since joining this company, no one is willing to care about her, because everyone thinks she came in through the back door, so they are particularly disdainful of her.

Now Jessica suddenly said that she would be friends with her, and Ana Shen was startled.

“What are you dumbfounded? Are you not happy?” Jessica stared at her with wide eyes.

Ana Shen came back to her senses and shook her head and explained: “No, I’m just a little surprised, because...I don’t have any friends.”

“You have no friends?” Jessica squinted suspiciously and looked at her: “Isn’t it just me?”

“There is one more, but there is none except her.”

Jessica patted her chest: “Well, I will be your friend from today, and I will cover you from now on.”

Ana Shen glanced at her moved.

Jessica suddenly came over and asked mysteriously: “But can you tell me how you took Mr. Walter down?”..

The two became friends in this way, so besides Karla Han, Ana Shen had another friend of Jessica.

Although Jessica’s appearance is of the kind that is cute, her character is very bold, simple and straightforward.

After get off work, Jessica came directly to Ana Shen, took her to eat nearby, and then quietly asked her about Walter.

Ana Shen was a little helpless after being asked several times: “I and Walter...maybe not the kind of relationship you think, so...”

“Ah? You are not his mistress?”

The word mistress made Ana Shen pale, and Jessica immediately explained: “This is not what I said, I listened to them!”

Ana Shen: “No.”

She doesn’t want to be his mistress, even if she leaves after half a year, she still bears the name of his wife now.

Even if she leaves in the future, she is also his ex-wife!

Thinking of this, Ana Shen finally felt more comfortable in her heart.

“Not my mistress? Then... Are you his girlfriend?”

Jessica’s name changed Ana Shen’s face, “No, don’t guess.”

“Ok.”

After the two separated, Ana Shen returned to Yejia, and she happened to ran into Curtis Ye when he entered the door. After the two greeted him, Ana Shen went upstairs.

After entering the room, I found that the quilt on my bed was missing.

She took a look and found that the quilt had returned to Walter’s bed.

So Ana Shen walked over and wanted to get the quilt back.

“lay down!”

Walter came out of the bathroom in a wheelchair and scolded her when he saw her movements.

Ana Shen’s movements paused, and she glanced back at Walter.

“Don’t touch my quilt.”

“Why is your quilt? You threw my quilt. What’s the problem with this?” Ana Shen asked back.

Hearing this, Walter sneered: “Is there anything from you in the house this night? I don’t know where I am?”

Ana Shen: "..."

"Do you have to do this?" Ana Shen took a deep breath and asked, looking at him firmly

Chapter 137

"How?" Walter's eyes were as deep as ink, and the cold inside was so strong that he couldn't get rid of it. When he talked to her, the coldness on her body had already soared a bit.

Ana Shen stood there, holding the quilt in one hand and looking at him.

Those calm eyes like the surface of a lake gradually formed a layer of ice. After a while, Ana Shen let go of the quilt and put the quilt back, and said in a low voice, "Nothing, you are happy."

After speaking, she turned and walked towards the floor she was hitting.

After thinking about it, she got up and walked out again.

Walter was beaten suddenly by the blue veins on her forehead so angry.

When Ana Shen went to the maid to ask for a quilt, the maid showed an embarrassed expression: "I'm sorry, the second young lady, it's not that we don't provide you with quilts, but today's quilts are all washed, and they are all wet now. Can't provide it to you."

Hearing, Ana Shen frowned slightly and said, "There is no bed?"

The maid shook her head pale.

"Really?" Ana Shen raised her eyebrow suspiciously in disbelief.

The maid was so frightened that she bent over and bowed her head: "I'm sorry, the second young master, this is what the second young master ordered, please don't make us embarrassed."

Ana Shen had an expression that I had expected, and she shrugged: "Well, in that case, I won't force it."

After speaking, she turned around and left, and several maids began to whisper.

"What's the matter with the second young grandma and the second young master? Didn't they still get together a few days ago? Why did you sleep in separate beds today?"

"Newlyweds are like this, it's better to have a relationship." An older person said.

"Really? I think it's a big noise this time. The second young master doesn't give the second young grandmother a quilt. Doesn't the second young grandmother get cold when sleeping at night?"

"You little girl, she really doesn't understand anything when she's too young. The Second Young Master is forcing the Second Young Master to take the initiative to go to sleep with him, doesn't the Second Young Master have a quilt?"

"Wow, that's how it is... Second Young Master... He has a black belly!"

However, Ana Shen didn't hear a word of these words. After she returned to the room, she saw Walter staring at her coldly, not mad.

"Have you expected that I would come home empty-handed?"

Walter pursed his thin lips and said nothing.

“Walter, you just need to take back this quilt, why don’t you let them give me the quilt?”

He glanced at her coldly, then snorted and looked away and ignored her.

Ana Shen was so angry, but she couldn’t help it.

This night, the whole family listened to his orders and would not listen to her. Even if he wanted her to die, she would not be able to resist.

“Well, if you don’t give it, don’t give it.”

That’s a big deal. She rolls up the quilt on the floor at night and covers it for one night. When she arrives tomorrow morning, she will buy a new quilt by herself immediately after get off work.

Anyway, the new quilt doesn’t need many beds. Ana Shen can still afford it, so she doesn’t need to beg.

Night is as cool as water

Days pass every day, and it is already autumn.

Ana Shen slept on the floor he had hit, folded the remaining half of the quilt in half and used it to cover it, and she wore thicker pajamas, so that she fell asleep and didn’t feel too cold.

It’s just that the body can’t stretch.

At first, Ana Shen still felt tied up, but after getting used to it for a while, she didn’t feel so uncomfortable. She closed her eyes and soon fell asleep.

What Ana Shen didn't know was that after she fell asleep, a tall figure came in front of her, and when she found out that she was really asleep, the man even sneered.

“What a stupid woman, would you rather fall asleep like this than bow your head to me?”

Although it was a good dream, Ana Shen still felt backache when she woke up the next day. The bones all over her body seemed to be stiff, and her limbs could hardly stretch. She curled up all night and could only get up and stretch her body.

Surprisingly seeing a pair of ink-colored eyes, Ana Shen immediately retracted his hand and went to the bathroom to wash.

When he came back, Walter was no longer in the house.

Ana Shen took a look at the small calendar from her bag, and found that it had been nearly a month since she had come to Yejia.

And with the passage of time, the baby in her belly is two months old, and there are still five months left before their agreed time.

Just stay through it, Ana Shen said in her heart.

As soon as Ana Shen went to work, she received a formal talk about the contract with the Han Group today. The other party will come to the company in person.

Ana Shen feels that as one of the people in charge of this project, she prepared a lot of materials early in the morning, so she could use it later.

Until she received the news that the other party had arrived downstairs, and when Ana Shen was holding the documents and preparing to get up, Walter

and Phillip also came out of the office. Ana Shen wanted to work together anyway, so he simply waited for him.

Who knew that the two stopped when they arrived in front of her, and then Phillip walked in front of Ana Shen.

“Assistant Shen, give it to me.”

Hearing, Ana Shen couldn't respond a little: “What?”

Phillip spoke awkwardly: “Are you ready for the materials for this project?”

Ana Shen nodded: “Well, I'm ready, these...” She handed out the information and smiled: “I will explain to President Han later, there should be no problems with this cooperation.”

“No need.” Phillip coughed lightly and said in a low voice: “You don't need to go to this meeting.”

Hearing that, Ana Shen was a little stunned, and the whole person was frozen in place.

“No need to go?”

why? These materials were all sorted out after she worked hard for a long time, and didn't Walter give her this project? Suddenly taking it back now?

Phillip pursed his lips, did not explain to Ana Shen, but looked in the direction of Walter.

So Ana Shen understood that this matter was instructed by Walter, and she stepped forward and asked: “Why? Why can't I go to the meeting room?”

Walter raised his eyelids lazily, his black eyes were filled with disdain, and he sneered: “What’s your identity? Want to enter the meeting room too? Why? I miss the days when I served tea and poured water? “

“...” Ana Shen’s face suddenly turned pale when he brought up the tea and pouring water.

It was when she first arrived at Yejia, she was forced to be Walter’s assistant, and then he changed the method to humiliate her and asked her to serve him tea in the meeting room.

Want to let her retreat.

“If you miss it, I don’t mind giving you another chance.”

Ana Shen clenched her fists.

If she has dignity, she shouldn’t go.

However, she worked hard to sort out the project materials this time, so why should she stay outside? Instead of doing this, it’s better to just go over and pour the tea, so that you can still hear what they are saying, and she can come out and explain a few words at that time.

Thinking of this, Ana Shen stubbornly raised her eyes and looked at Walter.

“Okay, please give me another chance to serve tea and water, please.”

Walter sneered: “Remember, you are a dumb in the conference room, and there is no place for you to speak.”

Chapter 138

Ana Shen followed Walter into the meeting room suffocated.

Curtis was also among them. When he met Ana Shen, he showed her a gentle and kind smile. Although Ana Shen was in a bad mood, she could not resist this spring breeze smile. Zhao Curtis Ye's grievance was less, and Chao Curtis Ye smiled back.

These small interactions naturally entered Walter's eyes without landing.

At this point, the icy breath on her body has grown again!

Victor Han and Su Jiu have arrived, and Curtis Ye, the vice president, personally greeted them, so when Ana Shen saw Curtis Ye, she could naturally see Victor Han and Su Jiu sitting beside him.

Like yesterday, Victor Han still sat there coldly, as if he could not see anyone in his eyes.

He looked down at the information in front of him, until Ana Shen looked over, he seemed to be aware, raised his eyes and touched Ana Shen, and nodded lightly at Ana Shen.

Ana Shen nodded at him, then nodded at Su Jiu.

The cold air emanating from Walter's body now added a touch of hostility.

Oh, what a popular woman.

People greeted her wherever she went, she must be so proud.

After seated, Walter's slender fingertips tapped on the table, "Coffee."

Ana Shen nodded: "I will prepare."

After speaking, she stepped out and went out. She prepared the coffee in the entire meeting room, and there was no one to help her. Ana Shen was quite struggling.

By the time she entered the meeting room with a large tray of coffee, everyone's meeting had already begun. Someone in the meeting room was giving a speech. Ana Shen could not make any noise, and gently put a cup of coffee in front of the directors, shareholders and managers.

Seeing that she was really struggling, Curtis gave her a support when she came over. Ana Shen glanced at him gratefully, and then went over and delivered a cup of coffee to Victor Han.

Victor Han looked at those plain white hands with slender fingers, each root as white jade.

In his memory, when he was very young, his mother also had such hands, turning over the textbook page by page in front of him, and tirelessly telling him various stories.

Finally, he touched his head with these hands, with a soft voice.

“Victor Han, if you have a chance to find your sister, you must treat her well.”

After the death of his mother, Victor Han can be said to live and work hard with this goal as an adult.

In the first two years, he finally found the legendary sister who had been lost since childhood, but... he still felt empty in his heart, always feeling that he still did not fulfill his mother's expectations.

Now that Ana Shen's appearance has expanded the incompleteness in his heart even more.

Because Ana Shen always overlapped with the figure in his memories intentionally or unintentionally, almost giving him an illusion.

He is the sister he has been looking for.

It seems that after this meeting is over, Su Jiu has to look up Ana Shen's life experience.

Su Jiu looked at Ana Shen in astonishment. She didn't expect that she would do so much work by herself. Looking at Walter's eyesight from the main seat, Su Jiu thought of the scene in the restaurant yesterday.

Then I thought: A man is really a ruthless creature!

boom!

When Ana Shen came in with coffee for the second time, Curtis Ye couldn't stand it anymore. When she just wanted to get up to help her, Victor Han suddenly winked at her side.

Su Jiu had followed Victor Han for many years, and soon understood, got up before Curtis Ye to help Ana Shen hold coffee, and whispered: "I'll help you."

Ana Shen looked at her blankly: "Thanks, thank you."

After that, Su Jiu and Ana Shen worked together to distribute coffee to everyone. When he arrived in front of Walter, he suddenly sneered: "General Manager Han's secretary is really understanding."

A sudden sound interrupted the ongoing meeting.

There was surprise on everyone's faces, and no one realized what was going on.

Victor Han looked at his coldly, and said in a rigid voice: “Your company is short of manpower? This will make me wonder whether your company can keep up with our Han’s progress after the joint cooperation.”

Walter snorted coldly: “As the No.1 Group in the North City, we have always been expensive and not much expensive.”

Ana Shen was listening, frowning her eyebrows slightly.

Here again, Walter is really not forgiving. He obviously wants to cooperate with the Han family, but the result is still choking back. Can’t he bear it?

Ana Shen didn’t know what was going on, she had obviously been humiliated by Walter, but she was still thinking about Ye Shi.

Is it because you are facing where you are?

Even though everyone was slow, they also saw the clues coming, and something so strange happened in the middle of this meeting.

Are Han Zong and Mr. Walter going to face the bar? Because of what???

“Really? I hope your company will wait and see.”

This meeting ended early, but what was surprising was that the cooperation was actually reached. Neither Walter nor Victor Han had any strange glances because of those two sentences. Both parties shook hands when signing the contract.

When the meeting broke up, Ana Shen heard several high-ranking humanities.

“Mr. Victor and our nightclub are really scary. They can still sign the contract indifferently after they got involved in the meeting. I thought this project would be bad.”

“Impossible. Although the nightclub is disabled, he is very clear-headed. He knows what kind of cooperation opportunities should be seized. If you look at Victor Han’s appearance, you can see that he is a young man who is doing things in a rigid manner. Fortunately Make a distinction.”

When Victor Han and Su Jiu left, Su Jiu couldn’t help but say: “Mr. Victor, you shouldn’t stand for that Miss Shen today.”

Hearing, Victor Han frowned slightly.

Su Jiu continued: “The two of them should be awkward, President Han used to be very calm, what about today...”

However, before Su Jiu’s words were finished, he listened to Han Wenqing coldly commanding: “Su Jiu, go check this Ana Shen’s information, all.”

Su Jiu was stunned.

“Hurry up.” Victor Han said again.

Su Jiu reacted, “Okay, I see.”

She was very puzzled. For the first time Victor Han showed interest in a woman, could it be that she fell in love with Ana Shen? But... what is special about that Ana Shen? That’s right, she is pretty and slim, especially her eyes have a cool air that gives people a noble feeling.

But even so, it shouldn’t make President Han so gaffe.

Why on earth?

Seeing that everyone was gone, Ana Shen was also ready to leave with everyone, but Phillip caught up and said: "Assistant Shen, Mr. Walter asked you to clean up all the coffee cups here."

Hearing, Ana Shen had to fold back, and then quietly packed the coffee cup on the table.

Curtis left late, and saw that she was busy, so he put down his pen and walked over to help.

"Why doesn't Walter ask someone to help you?"

"Uh..." Ana Shen took two steps back: "Vice President Night."

She remembered Walter's words, to keep a distance from Curtis Ye.
