

# Nothing to Give but My Heart Chapter 1370 – 1379

## Chapter 1370

In fact, on the other side, Jessica and Victor Han were nestling in the villa.

Because Jessica refused to take the medicine, she got up top-heavy the next day and could hardly open her eyes.

She was so sleepy that she could barely open her eyes under the blanket.

Good luck.

Isn't it just a kiss? Why did you catch a cold?

Thinking about it, she got a headache, but Jessica didn't dare to let Victor Han know that if he knew that she was more uncomfortable than yesterday, then he would have to force her to take medicine.

She is pregnant now, so she can't take medicine randomly.

Thinking of this, Jessica rolled over and continued to nest in the quilt.

She might as well sleep here for a day.

Victor Han thought that Jessica was asleep, and because he came back late last night, he didn't bother her in the morning.

Unexpectedly, Jessica fell asleep until noon and no one was seen, so Victor Han had to call.

When she heard Victor Han knocking on the door, Jessica thought to herself, will he find that she has a serious cold after a while? Lying down with a heavier nasal voice, Jessica had to quickly lift the quilt and stand for a while before opening the door.

“Woke up?”

Victor Han saw her sleepy eyes and messy hair, so she subconsciously reached out to straighten her hair.

After being touched by him, Jessica realized that she was now a henhouse. Just to cover her cold, she didn't care about other things, and she had forgotten the most important reaction.

Rely on.

Sleeping at home is no better than outside. She will be more cautious outside, but when sleeping at home, the bed is big and the pillows and quilt are very soft, so she rolls and rolls~

Roll into the chicken coop like now.

And now, Victor Han is taking care of the chicken coop for her.

Jessica hurriedly took her chicken coop head and stepped back a few steps, with a shy expression on her face.

“Are there any discomforts in your body?”

Victor Han still remembered that she didn't want to take medicine last night, so seeing her stepping back, not only didn't let her go, but also walked two steps forward, trying to touch her forehead.

Jessica only reacted when his hand came over. It turned out that he wanted to check her temperature.

But she didn't feel afraid of the cold, so she should not have a fever.

So Jessica stood obediently and let him explore.

Victor Han took it seriously, probably not feeling anything, so he used his forehead to touch her again, and then he frowned slightly: "It seems a little low-grade fever, dizziness?"

"Huh?" Low fever?

Jessica blinked and shook her head.

In fact, she is a little dizzy, but fortunately, it is within the range that she can bear.

"Do not lie to me."

Because he asked her to take medicine last night and she didn't take it, Victor Han wondered if she would deceive him for not taking medicine. "If you feel sick, take medicine early. If you don't want to take medicine, we you can go to the hospital."

Hearing the word hospital, Jessica's eyes immediately changed, and she shook her head like a rattle.

"No, no, I'm not going to the hospital."

As soon as she spoke, her voice was hoarse, and her nasal voice couldn't hide it.

Jessica was speechless for a moment, but now she can't hide it...

Victor Han also heard it, frowning deeper: "Sure enough, I feel sick? You want to lie to me? Why don't you want to go to the hospital?"

Hearing, Jessica lowered her eyes and bit her lower lip and said, "I just don't want to go to the hospital. I'm very tired. I just want to rest at home, can't you?"

"What about the medicine? Why don't you take it?"

In the end, she didn't know how to take medicine and wouldn't go to the hospital, so Jessica thought it over and over again, and simply broke the jar: "That's because I don't want to take it, I'm headstrong."

After speaking, she raised her head and looked at Victor Han, "Didn't you say that I can do whatever I want with you? I want to do it now. I neither take medicine nor go to the hospital. "

Victor Han: "..."

This girl, did she deliberately say these words to anger herself?

Do you want him to feel like shooting himself in the foot? Make him regret?

"I said, but you are not feeling well now. These are two different things."

"No, I don't care if its two different things, I won't go anyway." Jessica pursed her lips and complained: "And I was fine, so I never caught a cold. You kissed me and passed the virus to me. Yes! Can I be blamed for this? No! So why should I go to the hospital because of the mistake you made!?"

At the end, Jessica praised her wit in her heart.

She is really too smart to think of this. Now he should be speechless, right?

Victor Han probably didn't expect Jessica to throw all the pots on his head. He looked at the young girl in front of him and thought for a while and said helplessly: "If you don't go to the hospital or take medicine, you can get up and eat something. , Drink more hot water."

"Humph." Jessica snorted softly, "Drink more hot water? It's really a famous saying."

However, there is no need to take medicine or go to the hospital. This makes Jessica quite pleased. She curled her lips and followed Victor Han downstairs for lunch.

After lunch, Jessica started to feel sleepy again.

But she remembered a very important thing, "By the way, I haven't told my parents that I'm safe. I have to go and call them."

"I've beaten." Victor Han stopped his footsteps, took the little girl's hand and pulled her to sit on his lap.

Jessica was a little surprised when she heard the words: "Have you fought? When did you fight?"

"When you lay in bed in the morning." Victor Han sighed silently: "When you girl remembers, then uncle and aunt will be too anxious."

Hearing this, Jessica touched her nose in a bit embarrassed manner, and then became angry again: "So what? Are you blaming me?"

"No."

“No? I clearly saw the disgust in your eyes just now, do you dislike me for sleeping too much, you...well.”

His kiss fell again, sealing all her words.

Jessica hurriedly pushed him away, blushing and said, “I still have a cold.”

Victor Han pressed her forehead and pressed his thin lips lightly against the tip of her nose, and whispered hoarsely, “It’s okay. I have a cold too. Let’s all.”

Jessica blushed and stared at him, “I, I don’t want to be with you.”

“Determine?”

Victor Han leaned a little closer, his thin lips were very close to her, but she didn’t kiss her, Jessica blinked her eyes nervously, the breath of the two was entangled, she couldn’t bear such a flirtation, and she subconsciously tilted her head back. Up.

It’s okay if you don’t look up, and the front is black and your lips are sealed.

All around was the strong scent of men, Jessica’s head was blank for a moment, but it was quickly filled. She didn’t care about colds or colds anymore, and responded shallowly.

In the end, the whole person was beaten up by Victor Han and hugged upstairs.

It wasn’t until she entered the bedroom that Jessica reacted with hindsight.

## **Chapter 1371**

She pushed Victor Han’s shoulders desperately, hurriedly said: “No!”

Since returning from the trip, the two have never been together again, and Jessica has never fantasized about it anymore, and every time Victor Han looks pure and unwilling. If she is not pregnant, she even thinks that the two are different. It's like Plato's love.

No, at least Victor Han would still kiss her, and he would show that desire when kissing her.

But he was probably worried about something, so he didn't do anything for a long time.

Over time, Jessica also forgot about this, so now something is about to happen between the two of them, which makes her a little panicked.

After all, she is not alone now, she is pregnant.

After she was pregnant, she checked a lot of news on the Internet, and she saw a news saying that the fetus was unstable three months ago, so she couldn't do anything about it.

She didn't care much when she saw it before, but now she suddenly remembered that her fetus is not that stable yet. What if something goes wrong with Victor Han?

But Victor Han didn't know these things, thinking that the little girl was just shy, so the steps under her feet did not stop. Jessica watched the bedroom getting closer and closer. She was so anxious that she was struggling to jump off.

Victor Han grabbed her wrist and said hoarsely, "What are you nervous about?"

"I, I'm not nervous."

“Then you are afraid?” Victor Han stared at her, her eyes deep and deep, like the boundless sea.

“Not afraid!” Jessica really didn’t know how to explain to him, so she could only shake her head constantly: “It just doesn’t work anyway!”

“Did you not take the initiative when you were abroad?” Victor Han squinted slightly and leaned down to approach her, breathing on her face: “I was so violently raised at the time. Did you forget?”

What?

When he said this, Jessica recalled that memory. When some pictures appeared in her mind, Jessica felt that it was simply impossible to see.

What did she think at the time, she took the initiative so shamelessly?

“I can’t remember it.” So Jessica denied everything with a cheeky face. Seeing her straightforward denial, Victor Han squeezed her face, “Are you sure you can’t remember it?”

Jessica nodded: “Well, I really can’t remember it anymore.”

“Okay.” Victor Han hugged her sideways again, Jessica was shocked and conditioned her arms around his neck, exclaiming: “What are you doing? Didn’t I say I can’t remember it? You let me down. Yeah.”

“It’s just right that you can’t remember it. To help you recall your memories, you have to do it yourself. After the process, you may be able to remember.”

Jessica was shocked, and took a breath: “Don’t, I didn’t say no, I have a cold now.”

The bedroom has arrived, very close to the big bed.

“You let me down, it really doesn’t work!”

However, in response to her, Victor Han pressed her on the soft big bed, clasped her hands and raised her head, with cool thin lips against the corners of her mouth.

“I have a cold too, so it doesn’t matter. You are not afraid of my infection, and I am not afraid of you.”

“No, no, no!” Jessica pushed him and shook her head vigorously: “It really doesn’t work.”

Victor Han frowned slightly, a little bit confused about her, the atmosphere that was good before, now the whole is destroyed, he wants to be more lingering, but now the atmosphere is defeated.

He didn’t want to continue anymore, but he wanted to know what was going on with the little girl and why he refused to approach him so much.

If it was because of a cold, she was a little resistant at first when he kissed her, but then she also obeyed.

But this matter, she resisted very much.

Thinking about it, Victor Han only thought of one possibility.

He frowned and watched Jessica suffocate a word for a long time.

“Why are you not willing? I hurt you last time?”

What?

Jessica was still thinking about how to explain it, but when she heard such a sentence suddenly, she froze on the spot, blushing too hard.

“Ah.” Victor Han probably felt embarrassed. After all, it was such a private topic, but there were only two people here, so after thinking about it clearly, he has no scruples.

The two have to live a long time, and this kind of thing may become commonplace in the future.

After a while, he said: “At that time, I was Chinese medicine, so I couldn’t restrain myself too much. If you are scared, I will be gentle this time.”

Jessica almost choked on her saliva and blushed too much.

“What are you talking about?”

“It’s not nonsense.” Victor Han lowered his head, and kissed her chin with thin lips. “This kind of thing will be more and more in the future, and I am ready.”

“What, what?”

What is ready? Jessica didn’t understand.

“Sense of ritual.”

When the words fell, Jessica felt as if something cold was placed on her finger. She was taken aback and realized what it was, but she couldn’t believe it, so she could only lie there and stare at Victor Han.

“You, what did you put on my hand just now?”

Victor Han smiled faintly, his eyes were as deep as tan, and there were thousands of emotions underneath.

“Don’t you know if you look at it for yourself?”

Jessica didn’t move. For a while, she laughed and said, “You’re not kidding me?”

“Ok?”

“Actually, I mean I want to say...”

“Will you marry me?”

Victor Han interrupted her, Jessica’s eyes were red immediately after hearing his words, she looked at him incredulously, her heart fluttered frantically, and her lips trembled: “You, you just said ...”

She slowly pulled her hands closer, and finally saw what was on it.

It is a shiny diamond ring.

The size was just right, it seemed to fit her hand perfectly, and the diamond shone brightly in the light.

The moment she saw it, Jessica couldn’t help herself anymore, and the tears that had accumulated in her eye sockets slid down the corner of her eyes.

“Woo, why you are, why are you suddenly...”

“It’s not a sudden. I started preparing after I came back from the tour. I didn’t get it for a few days. I wanted to find a good time.”

Having said that, Victor Han did not continue, but Jessica already understood what he was saying, but she did not expect that she suddenly celebrated his birthday. As a result, there was an incident about his unmarried wife. The relationship between the two almost broke. .

“It’s better to give it now. Although there is no sense of ritual, I will replenish you at subsequent weddings.”

“Marriage, wedding?” Jessica felt as if she was dreaming, would she actually have a wedding with Victor Han? It seems that I never thought about this day.

“Unwilling?” Victor Han smiled and hooked her finger. “Even if you don’t want to, there is no chance. You have already put on the ring.”

“What?”

“Do the wedding first, or take the marriage certificate first?”

Jessica: “...”

Wait, why did it develop so fast, what happened!

Don’t you want to sleep with her! Why did you propose marriage suddenly?

## **Chapter 1372**

“Um, I think this seems to be a little faster, why don’t you think about it again?” Jessica coughed lightly to stop Victor Han from going crazy.

She even felt that if she ran away this time, Victor Han had a sense of crisis, so she was so anxious to trap her.

However, Jessica was moved when she heard that he started preparing the ring after returning from the trip.

After all, when he was taking Chinese medicine, he had been trying his best to endure himself, and he could endure no matter how she hooked him at first, just because he didn't want to hurt her.

Unexpectedly, he started preparing so early.

Therefore, it is not only she herself likes Victor Han so much, Victor Han also likes her.

“Hurry?” Victor Han squinted his eyes and suddenly said something amazing, “Count the days, if you get pregnant that night, you may not be able to hide your stomach from tomorrow until the day of the wedding.”

Hearing, Jessica was shocked, her eyes widened and looked at Victor Han in shock: “You, you, you...”

How could he suddenly mention pregnancy, and he said so accurately, did he guess something?

He already knew she was pregnant?

Wrong! Impossible!

If he knew she was pregnant, he would not send cold medicine to her for her to take, nor would he want to sleep with her at this time!

Then he should be just an example. After Jessica was shocked, she calmed down: “Marriage is not a trivial matter, not just because of the sense of ritual, but I think you should think about it again. After all, we haven't been together for long. , What if you get bored in a few months? If divorce at that time, it will be bad for us.”

After she finished speaking, Victor Han's eyebrows frowned, his expression and eyes seemed a little unhappy.

"Have you forgotten everything I told you before?"

"Ok?"

Victor Han pursed his thin lips, did not speak, but was obviously angry.

Jessica didn't know what she said wrong. After thinking about it, it was because the divorce statement just now made him angry. She had to explain quickly: "I didn't mean that, I'm just afraid you will regret it."

Victor Han didn't know what he was thinking, stared at her for a long time, and finally leaned down and buried her between his neck. His thin lips gently kissed her neck with a muffled voice.

"I said I'll recognize you in this life, but if you haven't figured it out yet, you can give you time to think again. But don't let me wait too long."

He started to kiss her on the neck again, Jessica was a little confused by his kiss, and he had just put the ring on her hand, so her head was a little empty at the moment.

Wait, Jessica suddenly thought of a very important thing, that is why Victor Han took out the ring to put it on her at this time.

Could it be that he slept with her just for the sake of justice?

Once he had this idea in his mind, Jessica asked immediately.

Victor Han, who was lying on her body, did not move, and answered in silence.

“You won’t be right by me? You are thinking about a successful marriage proposal, and then...”

She didn’t go on to say the following words, but she clearly knew what the latter words were.

After being quiet for a long time, Jessica felt that she should be right.

She couldn’t laugh or cry.

“Then should I return the ring now?” She whispered. Unfortunately, Victor Han guessed that she was pregnant, so she couldn’t sleep with her.

Victor Han also understood what she meant, and clasped her wrist: “The one sent out is yours. There is no reason to take it back. If you don’t want it now, then I won’t force you.”

When he said that, he really did.

Victor Han got up, didn’t do anything to Jessica, sat on the side of the bed and sorted the buttons of his clothes.

Looking at his back, Jessica didn’t know what was going on, her heart was a little empty. In fact, she is willing, and she wants to be with him, but she is pregnant now, what if something happens then.

So let him bear it for a while, wait three months later, hehehe.

This time Jessica stayed in Victor Han’s house for three days. When the cold was almost better, she packed up and went home.

Originally, Victor Han wanted to accompany her upstairs to explain, but Jessica refused, saying that he would not know how to speak if he was there, so he asked him to go back first and come back next time.

Since the little girl said that, Victor Han didn't say any more to go up, kissed her on the forehead, and drove away.

Originally, she suddenly ran out. Jessica thought that her parents would cross-examine her when she returned home. Who knew that they didn't say much. Seeing her come back, they just happily said that they wanted to add vegetables tonight. She really went out to buy groceries.

And Janis went into the kitchen and opened the fire to fry Jessica's favorite meatballs in it.

Seeing all this, Jessica felt extremely warm in her heart. She walked over and leaned her chin on Janis's shoulder, and shouted softly, "Mom."

"Why did you come in? Go out and wait, and today I will make you a delicious meal with your dad."

When Janis said that, Jessica felt her nose sore.

"Mom, don't you and dad blame me? I ran out this time, isn't it very willful?"

"Stupid girl, how many unwilling people were there when they were young? You have to experience things before you can experience them. Anyway, if you come back safely now, your parents can rest assured, how can you blame you?"

"Thank you mom." Jessica lowered her head and leaned her face on her back, and said dully: "This time I felt that I was too impulsive and moved, and I didn't understand it clearly, so I would have a temper, if it weren't for him to chase. I made it clear in the past, maybe we will be over."

Hearing this, Janis finally couldn't help turning around, tidying up Jessica's collar, and sighed: "So you have to experience things before you have experience. If you don't explain it clearly later, recall the previous ones. Do you still feel that you have done something wrong? You were like a stubborn donkey at that time, and you couldn't listen to anyone's words."

When Janis said so, Jessica also felt very reasonable.

"So, don't be so impulsive in the future. If you encounter something, analyze it first. Why did he do this? Will there be any misunderstandings? You have to talk calmly when you talk, so that the chances of making mistakes can be greatly reduced. In the future, if you think about something, you won't regret it."

Jessica nodded in enlightenment: "Well, I know Mom, I will be calm in the future."

"You are such a big girl, still childish, you should grow up after this incident."

After finishing speaking, Janis pinched her nose, probably because of a little bit of strength, so Jessica had a pain and stretched out her hand to push it subconsciously.

"Mom, you hurt me."

Then Janis saw the diamond ring on her finger.

## **Chapter 1373**

"This is?"

Janis probably has never seen such a big diamond ring, so she grabbed her hand with a dazzling expression, "Yan Yan?"

Jessica's expression was a little shy, and she explained quietly: "Mom, don't ask."

"Victor Han gave it to you?"

Jessica nodded.

"Proposal is this?"

Jessica nodded again.

Janis felt her breathing a little messy: "Then my baby girl agreed?"

Hearing, Jessica's face flushed to the base of her neck, like a ripe apple, her eyes floated and turned left, glanced right, "I, I haven't agreed yet. I have to think about it."

"Think about it?" Janis couldn't help raising her eyebrows and teasing her: "Oh, when did my daughter learn to be reserved? Why didn't you think about it when chasing people before? Now he has proposed marriage, and you still To consider?"

Jessica snorted and pursed her lips. Who made him so caught off guard to propose, there was nothing. Although she doesn't care about the ceremony, he can't be so anxious. Put the diamond ring on her finger without saying anything, so she doesn't just agree to it.

"Of course you have to consider it, and you will consider it. If you just agree to him without even thinking about it, wouldn't it be cheaper for him?"

After the train incident, Jessica knew that Victor Han's tolerance for herself was much higher than she had imagined. She also wanted to try the wayward feeling and then be held in the palm of her pamper.

Just thinking about it is enough to make people excited.

“Silly girl, do it with you, anyway, parents are already very happy to see you like this.”

Jessica smiled and went forward to hug Janis’s shoulder, “Thank you Mom and Dad for your understanding, Yan Yan will always love you.”

“You are not tired!” Janis patted her hand. Although she said something disgusting, her eyes were filled with warm and bright smiles.

It has been nearly a week or so for Victor Han to return to the company.

Because he had delayed a lot of work before, he didn’t have time when he came back, and it was two days after he settled the important things accumulated before.

Tired is really tired, but Victor Han did not take over, and the classmates and the Han family have no trusted relatives, so he can only handle the affairs of the company.

But after Jessica’s incident happened, although she said something angry when she was angry.

But these words must have been hidden in her heart for a long time, so she was so wronged when she said them. He must take it seriously and take it seriously.

So Victor Han confessed to Su Jiu that she would be asked for extra important work in the future, and the other general tasks would be handled by the people below.

After hearing this, Su Jiu was a little stunned: “Leave it to other people? Don’t worry, President Han? The old stuff on the board of directors are all...”

“Keep your eyes on it. As long as the movement is not too big, just open one eye and close the other.”

The company is so big, it is inevitable that some people will make small actions, but in the workplace, these things are actually commonplace. As long as you don't poke a big basket for the company, treat the employees underneath harshly, take money and do nothing, Victor Han will not take him seriously. .

In short, it is the sentence, as much as you take, you have to do as many things.

Su Jiu looked at him very determined, knowing that there is no hope for anything else, so she nodded: “Okay, then I will keep an eye on it. But this way, my workload has increased again, Mr. Victor, at home. How many babies are waiting to be fed, will they be paid?”

“Plus.”

This person Su Jiu has always been polite. Even if she liked Victor Han before, she would never be hypocritical with him. If she felt that she was working hard, she would suggest a salary increase to Victor Han when she was tired.

Victor Han trusted her and she was capable of doing things. She had been following him for so many years, so he accepted her mention.

Including this time, Victor Han said: “In addition to the salary increase, I will send you a big red envelope when I get married, and there will be a bonus for the Chinese New Year red envelope.”

Hearing these words, Su Jiu felt that he smelled money.

But soon she smelled something else and raised her eyebrows: “Mr. Victor got married? In this week, did Mr. Victor have a successful marriage proposal?”

Victor Han’s eyebrows were a little bit tight, and he pursed his thin lips before saying, “Not yet, but it will succeed.”

Hearing, Su Jiu smiled lightly: “Okay, then wait for the good news from President Han. I will come to ask for a big red envelope then.”

After the matter was resolved, Su Jiu suddenly remembered something, and said: “By the way, Mr. Victor, Miss Stella came to the company to look for you a few days ago, and then I heard that you were not there and left again.”

“Well, I will call her back later.”

“Oh by the way, she and Xu Yanwan still met, and they didn’t seem to have a particularly pleasant conversation.”

Xu Yanwan.

Hearing this name, Victor Han’s eyes sank a little, and he planned to deal with this matter after all the company’s affairs were handled.

Regarding the fact that Xu Yanwan and she suddenly became unmarried couples in the company, he really wanted to know how it came out.

The little girl was so wronged because of the misunderstanding that she was a third party, she ran to the train by herself and threw the phone card away.

Although it was a misunderstanding at the end, the little girl returned to him.

But she didn’t misunderstand for no reason. If no one said this in her ear, or added fuel and jealousy, she would not lose her mind with anger.

Thinking of this, Victor Han clicked on the desktop with his fingertips.

“Understood, I will deal with this matter.”

Soon Xu Yanwan received news that Victor Han wanted to see her, not at the company, but at the cafe outside after get off work.

After she received the news, her heart beat, and a very vague premonition rose from her heart.

He didn't find her in the company, but asked himself to go out.

According to her understanding of Victor Han's character, it is estimated that she should talk to him seriously.

And what will be discussed...

Victor Han disappeared for a week and returned to work a week later, indicating that his matter has been resolved, and he probably also knows it.

Thinking of this, Xu Yanwan felt her heart sinking continuously, her brain was messed up squeezing the mouse in her hand.

Suddenly, she thought of the words Stella had said to her before.

She said that if she wanted to, she would have a better life in the future.

Really? Would she really be fine without Victor Han's life?

She has liked him since she was a child, and she still liked him when she went abroad. She was the daughter of the Xu family. How many men lined up to chase her, but she only had Victor Han who was like a god in her heart.

The young love has spanned countless days and nights, and has been with her for a long time. It has long been deep into the heart and merged into the blood. Now she gives up and gives up. Can she really do it?

Thinking of this, Xu Yanwan slowly closed her eyes, and two lines of clear tears fell from the corners of her eyes.

## **Chapter 1374**

Cafe

Xu Yanwan had been looking at Victor Han from the side of the road for a long time before he came in. His face seemed a lot thinner without seeing him in this week. There was a tired look on his handsome face, and the sharp look around his eyes was obvious.

He became like this because of his girlfriend.

The thought of this made Xu Yanwan's heart even more bitter. She swallowed all the sad and responsible emotions, let a smile bloom on her face, and walked in.

When he saw her, Victor Han was still expressionless, but he just asked her a word, so there was nothing more.

Xu Yanwan ordered a cup of coffee and then sat quietly.

She probably guessed what Victor Han wanted to say, and she also knew what Victor Han wanted to do, but she didn't want to say a word now.

Let Victor Han begin.

Sure enough, when her coffee came, Victor Han spoke up.

“In the past, the Han family and the Xu family had a good relationship. In fact, the elders had the idea of co-existence and death. For example, if the Han family had something, the Xu group would not sit idly by. However, our Han family did not fulfill the responsibility and promise that year. This is my fault.”

Xu Yanwan stirred the coffee in front of her quietly.

“Before you were unwilling to let me extend a helping hand to you, but now I have to do it, Yan Wan, start a company. I will assist you until the company takes shape. You can call the managers of the Han Group at will. Until Xu’s revival, so that my task is completed, I won’t be sorry to Uncle Xu and Aunt Xu.”

In fact, these words are quite normal, because after all, it was the promise of the elders in the past, and he Victor Han also agreed, so he will help himself to do it.

But Xu Yanwan still felt uncomfortable, she bit her lower lip and raised her head.

“Actually, you did this to get rid of me, right?”

She smiled pale, “I actually didn’t do anything, and I didn’t want to do anything. I just stayed at the company and went to work. Isn’t this all right?”

Victor Han’s face sank.

“Yan Wan, you grew up with me, I don’t want to say things too badly.”

“Unpleasant?” Xu Yanwan smiled carelessly, “Then I really want to hear, what would you say?”

Looking at Xu Yanwan in front of him, Victor Han thought of her aggrieved little girl, and suddenly felt that there was really no need to be tactful, and simply said directly: "I have a marriage contract with you?"

Xu Yanwan was taken aback and stared at him blankly.

She guessed that he would say, but she didn't expect him to ask so bluntly, she didn't know how to answer for a while, and she sat in place.

"Is there?" Victor Han repeated again.

However, Xu Yanwan still did not answer. She bit her lower lip, feeling something torn in her heart.

Victor Han saw that she did not speak, nor did he force her: "Today is here to clarify this matter clearly. If I remember correctly, you and I did not openly say about the two engagements on any formal occasion, or even Exchange tokens to make a kiss."

Xu Yanwan now understands it, he is trying to separate her from him, and he doesn't recognize this childhood marriage contract!

"And my parents have never mentioned to me that I have a fiancée, so I want to know now, how did the news that you are my fiancée come out?"

Hearing this, Xu Yanwan finally sat down. She raised her head and tears were already in her eyes, "So you came today, are you here to renounce me? Victor Han, you and I grew up together. , I know you like Jessica, but even if you like her again, you can't do this to me, right?"

However, her tears did not have any effect on Victor Han. His eyes were still cold when he saw her. Just like when she was a child, she fell and sat on the ground and shouted at him, Victor Han brother, my knee hurts, you carry me Let's go back.

As a result, Victor Han just glanced at her indifferently, saying that she hadn't broken her leg and walked back by herself, or just sat here all night and left.

At that time, Jessica was really angry and wronged. In the end, Lin Xuzheng walked over to pull her up, but Lin Xuzheng did not carry her back, but said to her: "Victor Han, that's not emotional. It's not easy for you to provoke anyone, but you can provoke him and let you carry you. If he promises that it should rain red. Be less pretentious in front of him, or you won't get anything in the end."

So Xu Yanwan learned to behave later, because she knew that Victor Han was a piece of ice, and it was useless to act like a baby, so she did not act like a baby anymore with Victor Han. She has been a sensible girl and accompany her. By his side.

Just like now, Victor Han didn't feel any pity for her tears, but frowned coldly and said: "I have nothing to do with you, so how can I say that I have separated the relationship?"

Xu Yanwan was shocked by the sentence that it doesn't matter, "You, what did you say? It doesn't matter?"

Victor Han pursed his lips, still looking at her indifferently.

"Why it doesn't matter? The marriage contract is made by the two families, you don't know, but I know, I remember it since I was a child, I thought you knew it too."

Hearing, Victor Han's eyebrows deepened. "Then you should be thankful that I don't know. If I know this, I won't let you have a chance to talk nonsense."

This time, he said something ruthlessly. Xu Yanwan understood. He was very unsympathetic to her. He could help her on the Xu family's sake and let her call all the senior staff of the Han Group. A lot of money to sponsor her, but

apart from these, he will not give her anything else, even if it is just a little bit of personal emotion.

So unfeeling, so indifferent.

This was really Victor Han, but he was so good to the people he valued, Xu Yanwan bit her lower lip, and soon smelled a strong bloody breath.

“In the future, I don’t want to hear the news that you are my fiancée circulating in the company. Depending on the Xu family’s love, I can let you find a chance to clarify by yourself, but if you can’t do it, I will do it myself. In addition, think about reviving the Xu family.”

As soon as the voice fell, Victor Han’s cell phone rang.

He took out his phone and glanced at it. The previously indifferent eyes almost turned soft in the next second. Xu Yanwan’s emotional change surprised Xu Yanwan, and her heart became even more difficult.

Why, why did she want to get what she wanted so much, but others got it easily

But she has nothing until now.

Like someone, why is it so bitter? She just likes him. Does she really love the wrong person?

Just when Victor Han was about to answer the phone, Xu Yanwan had been biting the silent lower lip and suddenly loosened it, and said: “Don’t think about it, I accept the revitalization of the Xu family.”

She really has nothing now. If Victor Han doesn’t belong to her in the end, what else does she have? At least, she wants to hold the Xu family firmly in her hands, and can’t just lose in vain.

## Chapter 1375

She accepted the revitalization of the Xu family.

Victor Han probably didn't expect her to figure it out so quickly, but only slightly raised his eyelids and answered the phone.

After that, Xu Yanwan saw Victor Han in front of her as if she had changed. Although her voice couldn't be said to be gentle, her tone was full of pampering and tolerance.

Calm and introverted, he also seems to have become a young man. Facing the girl he likes, he will laugh, be angry, and be gentle.

"Well, I'm off work, go there later."

"it is good."

After hanging up the phone, Victor Han put away his mobile phone and took his car key to stand up: "Since you think carefully, then I will let people start preparing these days. You know the Xu Group best before, so write as soon as possible. Give me a plan."

Xu Yanwan suppressed all the grievances in her heart, nodded, and followed him to stand up again, "Okay, I will write the plan and hand it over to me as soon as possible."

Victor Han nodded indifferently, preparing to leave.

"Victor Han." Xu Yanwan stopped him. When he turned her head, she raised her lips and smiled softly at him, explaining: "I think I still have to explain about the fiancée. Plus, I really like you, so for so many years I always thought we would be together in the future, so when I first came to see you, the front desk refused to let me in, and I only said that I was It was your friend and did not

say that it was your fiancée. Later, the front desk probably thought it was impossible, so they asked me some more radical words. I didn't know you had a girlfriend at the time. After all, in that situation I really I came here to find you out of desperation. I didn't think so much and just responded casually. I didn't expect to cause such a misunderstanding. Please say sorry to your girlfriend for me. I do like you, but you also say now since the two of us have never had a marriage contract, then it is not counted, then I should be sober.”

“Rejuvenating the Xu family is what I need to do right now, at least you are still willing to help me in the face of my father, thank you.”

Victor Han stared at her with a bit of inquisition in her eyes, probably guessing how true her words were.

Xu Yanwan probably guessed it too, she smiled reluctantly: “You don't need to look at me like this, you are naturally sad, but I am Xu Yanwan, if you don't like me, even if you don't have a face, I won't force it.”

This is true, for so many years, she hasn't said anything, just silently likes him.

He didn't speak any more, just nodded faintly, then turned around to leave.

“Victor Han.” Xu Yanwan stopped him again: “Are you going home from get off work? Can you drop me on the way? My home is not far away, so I should drop by.”

Victor Han pursed his lips, and said after a moment: “Get in the car.”

Jessica went to the supermarket to buy some things today, so she called Victor Han and asked her to pick her up, and then moved the things to his villa.

After she called Victor Han, because there was still a while, she bought two cups of milk tea from a nearby store, and sat on a chair on the roadside while drinking milk tea while waiting for Victor Han.

She drank half a cup of milk tea. She looked at the milk tea next to her chair again. She couldn't help thinking about it. Victor Han would definitely not like such sweet things.

But now she is going to be headstrong and let him drink with her.

She doesn't know how long she waited, Jessica saw Victor Han's car arrived.

As soon as the car stopped, the door opened. When Victor Han came to pick up things for her, he found that she really bought a lot, and asked, "Why did you buy so many things?"

Jessica snorted softly: "Who made your refrigerator empty? I used to live for two days and opened the refrigerator and there was no fruit and no drinks, so I bought you some drinks and drinks, and Some fresh fruits and vegetables."

After speaking, Jessica pointed to the bag at her feet, as if showing off.

"Do I care about you?"

Seeing her triumphant look, Victor Han couldn't help reaching out and scraping his nose, then lowered his voice and asked, "Buying so many things to the villa, are you planning to live there for a long time?"

Hearing, Jessica was taken aback.

As a result, Victor Han added another sentence: "Is this promised to marry me?"

Jessica's ears blushed a little, "I haven't thought about it yet, why are you in a hurry?"

"Didn't you tell me not to wait too long? It's only a few days now, eh?"

"Oh, hurry up and move things home first."

After Jessica walked around him and headed towards the car, she still had two cups of milk tea in her hand. She didn't want to continue entangled with Victor Han on this topic, she blushed as soon as she entangled!

So Jessica opened the door and wanted to get into the co-pilot.

But when she saw the person sitting in the co-pilot, Jessica was completely stunned.

Xu, Xu Yanwan?

Why is she here?

The eyes of the two met in the air, and Xu Yanwan nodded and smiled at her, "Jessica."

Looking at her, Jessica stood blankly, completely unresponsive.

Victor Han didn't expect that she would turn on the co-pilot so quickly, so she stepped forward and stood there and explained: "When I got off work, she said that I would drop her on the way."

Hearing that Xu Yanwan's face changed, she didn't expect that he would say so directly.

Jessica's expression of joy in her eyes instantly dimmed. She looked at Xu Yanwan in silence, but she didn't expect that she would actually look at herself and say, "Jessica, would you mind if I was sitting here?"

Jessica pursed her lips, thinking of the WeChat Xu Yanwan sent to her when she left that night.

"Did you know? Don't think too much about it. Although I have booked a kiss with him, he will be responsible for you if you are together now."

Jessica felt very uncomfortable when she saw that sentence.

She even felt that Xu Yanwan deliberately said that deliberately to misunderstand her.

Also, the words Xu Yanwan said when she didn't know about this matter, although on the surface they seemed nothing, but they always made her feel uncomfortable.

Since she is uncomfortable, she must speak out.

Just like now, she was sitting in Victor Han's car, still in the passenger seat.

So when Xu Yanwan asked her if she minded, Jessica said indifferently: "It's a bit of a mind. If you don't mind, can you move to the back?"

At this moment, it was Xu Yanwan's turn to be stunned.

She really didn't expect Jessica to be so shameless.

Seeing that she was sitting still, Jessica thought about it, and then said, "Do you like sitting in the co-pilot?"

Xu Yanwan explained embarrassingly: "It's not true. It's just that I get dizzy easily in the car, so I sat in the passenger seat without much thought."

"Oh." Jessica stuffed the milk tea into Victor Han's arms, and then took out his mobile phone: "Then I will call you a Didi, there should be a lot of empty cars at this time."

"You, what did you say?"

## Chapter 1376

Call her Didi?

Xu Yanwan's face became difficult to look on the spot, she bit her back teeth secretly, then opened the seat belt button and got out of the car.

"No need to call Didi, if you don't like me sitting here, then I can get out of the car."

Seeing her start, Jessica put away the phone and raised her lips: "That's it, then all right, since this is your own choice, then I will respect you."

After speaking, she went straight into the back seat without turning her head back, not sitting where Xu Yanwan had sat.

The atmosphere is stiff.

At least Xu Yanwan felt that way, so she subconsciously looked at Victor Han, thinking in her heart that although he didn't like herself, he might say something for her based on the relationship between the two families.

But she was disappointed, because Victor Han looked at her with no pity in his eyes, and just said indifferently: "Yan Yan is used to being spoiled by me. It's

not far from where you said here. Take a taxi and the company will reimburse you.”

After speaking, Victor Han left with his things.

After the car left, Xu Yanwan stood alone.

At first she tried desperately to endure it, and after a while, tears all rushed out of her eyes, completely unable to contain it.

All the grievances seemed to be completely vented at this moment.

Xu Yanwan knelt down, trembling all over.

On the other side, after Jessica sat in the back seat, she faced the window unhappily, and did not speak to the person in front.

The atmosphere in the car is dull.

Victor Han looked at her puffy face through the rearview mirror, and didn't know what was wrong. He didn't feel angry at all, but felt happy.

Because the little girl is jealous.

In fact, for Victor Han, all seats are the same, and he doesn't have that much thinking.

“He doesn't even know what rumors on the Internet say that the co-pilot belongs to the girlfriend only, it's just a seat, and whoever wants to sit sits.”

No matter where he sits, he can't change his inner thoughts.

He just didn't expect the little girl to be so angry and so angry that she would not say a word to him.

Taking advantage of the red light, Victor Han stopped and said: "I have something to tell you."

Hearing, Jessica's eyes moved, and her fire had not disappeared yet, so she refused him directly.

"I do not want to hear."

As soon as the words were spoken, she thought about the last quarrel. He said he wanted to explain to her, but she didn't listen, which caused a misunderstanding between the two.

She was so self-willed before and almost broke the relationship with her own hands.

Thinking of this, Jessica changed her mouth: "I don't want to listen to you for the time being. You can speak in three minutes!"

Victor Han held back a smile, "Okay, let's start timing now."

Jessica didn't bother to time the clock. Three minutes was just a number of words she said casually. Otherwise, wouldn't she be very faceless.

Being angry is really angry, but after what happened last time, Jessica knew that she couldn't be as willful as last time.

At least she has to know the ins and outs of things before making a decision.

What Victor Han said just now has revealed a little bit of news, that is, Xu Yanwan herself asked to sit in the co-pilot, and Victor Han, as a man, the two were friends before, so naturally it was not easy to refuse.

She couldn't blame him for this, and maybe she was angry with her own little family.

Now Xu Yanwan really doesn't like it.

There is no room for sand in the relationship. If she has nothing to do with Victor Han, she can indeed be friends with her, but if she also likes Victor Han, then her relationship with Xu Yanwan cannot be as simple as before.

Instead of doing this, it's better not to be friends.

Besides, the words she said to herself, including the text message, made her unhappy.

She will not force herself even more.

Three minutes passed quickly, and Victor Han also told her after seeing the time.

"Three minutes are over, can we talk now?"

Jessica snorted proudly, and then said: "What are you going to say? Just say it."

"Actually I asked her out today."

Hearing, Jessica's eyes widened, "What?"

“But I just asked her to clarify things. She and I have never been married before.”

It turned out to be talking about this, Jessica pursed her lips, thinking of something.

“If you have never been married to her, then why does her...”

“She made a mistake and apologized.”

Apologized?

Jessica didn't expect this to happen, and she always felt something was wrong.

“Why did you deny it so quickly? So many people in the company knew that she couldn't have heard the rumor, then why didn't she deny it at the time, and now she denies and apologizes?”

And she was still sitting in the co-pilot and asked her those words.

These behaviors gave Jessica the feeling that she was demonstrating.

Yes, that's right.

It was a demonstration. From the look in her eyes, Jessica did not feel her apologize to herself. On the contrary, not only was she not apologetic, but she seemed to be annoyed.

“Are you angry with her? What can be mad at her? Victor Han said that he never knew he had a marriage contract, and the two families had never exchanged any tokens, let alone any form.”

Then this marriage contract is countless.

What is she mad at her? Is she mad at stealing someone she likes?

Thinking of this, Jessica asked aloud: "Do you think she really gave up on you? After all, she has known you for so long. If you want to like you, it will definitely not be now, probably a long time ago."

Jessica guessed right.

Two people grew up together, or they never liked it.

"Either you have always liked it, how can you not feel it when you were a child, and suddenly grow up with a heartbeat?"

She discussed this question with herself seriously, and Victor Han did not answer indiscriminately.

Because he wasn't sure, he just said softly: "No matter if she doesn't give up, the result will be the same."

Hearing, Jessica had a meal, and then quickly let go.

Yes, no matter if she really gave up or not, as long as Victor Han always likes herself? Why should she care about others?

Some people like their significant other because he is good, but this is not Victor Han's fault. She can't control others, she manages her own heart, and the two are happy together.

After thinking about it this way, Jessica no longer struggled.

But she still minds one thing.

“If she wants to get in your car in the future, you can no longer let her sit in your co-driver. Does the co-driver leave it to your girlfriend?”

This girl, really minded this matter.

Seeing him not answering, Jessica simply climbed forward and pinched his ears: “Did you hear?”

“I see.” Victor Han reluctantly grabbed her hand: “Driving, don’t make trouble.”

“How can I make trouble? Who told you not to answer me? To be honest, do you regret it! After all, she is so good, and she is the daughter of the Xu family, she must be good at everything. But I don’t know anything, and I don’t have anything. “

“Yan Yan, feelings are not contrasted in this way, do you like me, does it have anything to do with me?”

## **Chapter 1377**

“Of course not!” Jessica denied subconsciously. After denying, she knew what Victor Han meant, and then quickly said: “Okay, I just don’t ask you, you don’t ask me.”

“What?” Victor Han raised his brows slightly, and looked at her through the rearview mirror amusedly: “I can’t stand it so soon?”

“Well, I surrender!” Jessica raised her hands, “Concentrate on driving.”

In fact, Jessica was still very satisfied. At least after she drove people out of the car, Victor Han never asked even if it was just a sentence or had any doubts.

No, not at all. He didn't even call Xu Yanwan into the car again. Thinking about it now, he really didn't pity Xiangxiyu at all.

Xu Yanwan seems to be really miserable, is she too bad?

Forget it, who told her not to take a taxi herself, she must take her boyfriend's car, and ask her something unhappy?

Just treat it as if she is doing it by herself~!

Marry Jiang is very bald recently.

Because since the last time her grandma's birthday banquet, her uncle had been looking for opportunities to cooperate with Phillip after meeting Phillip at the banquet.

But she doesn't have this channel. He doesn't know Phillip, but Marry Jiang does.

But her uncle was embarrassed to find Marry Jiang directly, so he found Marry Jiang's father Jiang Yanke and her mother Du Xiaoyu.

When he came home, he brought a bunch of tonic gifts, said a bunch of good things, and then explained my intentions.

Speaking of this uncle and aunt, Marry Jiang actually didn't have a particularly deep impression of them.

However, she and the uncle's son Jiang Tianyou have a good relationship.

The eldest uncle has been busy making money, and the eldest aunt had to help at first, but she didn't have free time until she had a good life and occasionally gave her parents something.

Jiang Tianyou also took good care of her when she was in school.

So when Du Xiaoyu asked her, Marry Jiang didn't know how to refuse.

However, she thought about the relationship between herself and Phillip. If it were a real boyfriend and girlfriend, it seemed nothing, but she and Phillip were just pretending to be.

When you pretended to have agreed on the conditions, but these conditions did not include the interference with his work.

So now Marry Jiang has a headache and can only express embarrassment to her mother.

“Mom, I also want to help uncle, but think about it, he and I are still not a foregone conclusion, is it not good to interfere with his work now? Uncle is a bit business-minded, but Phillip works The place is not an ordinary conglomerate. If something goes wrong, you can't afford it even if you have a hundred daughters.”

“What are you talking about?” Du Xiaoyu scolded her: “Who did you call your uncle? He just asked you to help introduce them to each other. Why should you interfere with work? To be honest, your mother I didn't want to at first Yes, but your aunt comes every day and buys this and that every day. I'm really embarrassed. Besides, their family seems to have been very good to our family, and they haven't told us any requirements before. It's easy to mention one, your mother, am I ashamed to refuse?”

This is true, even Marry Jiang is not too embarrassed to refuse.

“But if you don't refuse, the embarrassment is yourself.”

“If you don't refuse, then I am too embarrassed to mention it. If you want to mention it, I won't mention it anyway.”

“You damn girl, it’s your boyfriend and not my boyfriend, how can I mention it?”

“I don’t care anyway.”

“I said Marry, why don’t you dare to mention it? Are you lying to your mother, in fact, you are not a boyfriend or girlfriend at all? I’ll just say that you are a manuscript writer who stays at home all day. Who can you know? Huh? You know such a great person. You stepped on shit.

“Mom! Am I still your daughter? You are almost degrading your daughter to nothing?”

Du Xiaoyu didn’t know what he was thinking. If he didn’t pick her up, he said after a while: “Let me mention it, then you can bring someone to the house, and Mom will talk to him with a shameless face!”

Marry Jiang: “No, I don’t want it!”

“Why is it not working?”

“It doesn’t work anyway. Didn’t the uncle know that Mr. Zhao? Mr. Zhao and Phillip know him. You ask Mr. Uncle to find Mr. Zhao. I have other things to hang up first.”

After speaking, Marry Jiang quickly hung up the phone, and then set the phone to do not disturb mode.

She is really a headache.

She hadn’t sorted out her emotions at all, and the uncle and the family wanted to mess with her.

Her relationship with Phillip has been a bit stiff recently, but Phillip still looks exactly the same as before. There is no change, so she just feels it.

Marry Jiang was so sad.

She doesn't want to turn the fake into the real, in case she likes the other person in the end, it will be over.

It's just that Marry Jiang didn't expect Phillip's parents to come to him suddenly.

The weather is getting colder and colder. She will not go out at any time except shopping. She wraps herself in a zongzi nest in front of the computer all day long, turns on a small warm light, and soaks a cup of hot milk. Life is so good that it is fascinating.

Just sitting there, she remembered something, so she went to the bathroom to apply a mask, and as soon as she came out, she heard the door was opened with a click.

At first, Marry Jiang was stunned, could it be that Phillip is back?

But when she thinks about it, it's too early. Phillip can't be back. Then who would have the key to this house and open the door like this?

Marry Jiang's goose bumps suddenly appeared.

Isn't it a thief?

Thinking of this, Marry Jiang looked around subconsciously, and finally went into the kitchen and picked up a pot.

If she really get into the thief, see if she doesn't knock the little thief's head away!

"Mingzhi, did we go to the wrong house?"

However, what Marry Jiang heard was a conversation between a couples.

First, the woman's stunned voice, and then the man's uncertain tone: "No, no? Isn't it all in this room? You see, the key has not been changed. If we go wrong, we can't open it what?"

"Then why is this room like this? When we came before, the room was so empty, there was nothing. And you see, this seems to be a girl's thing!"

"Ahem, is it because A Su has made a girlfriend?"

"Girlfriend?" The woman's voice seemed to be ridiculing, "Just as he spends his time at work all day, he doesn't even know how to please. Can you make a girlfriend?"

The male voice coughed awkwardly again: "Don't talk about the child like that. After all, he is busy with work. When he gets busy, he forgets everything. How can you make him useless?"

The female voice cut a sentence, and then began to count down again, each sentence disgusting.

"Am I wrong? I'm too old and not counted. I still spend my time at work. I don't look good, and I got scars later. Who wants to be so ugly now? Oh, why did I have a baby? Such a son!"

## **Chapter 1378**

Marry Jiang, who was hiding in the corner, took all the conversation between the two into her ears.

After that, she realized that it was Phillip's parents who came.

However, Marry Jiang disagrees with Phillip's mother's words, is Phillip? In her impression, Phillip is the kind that is very masculine, especially the scar on his face, which not only didn't make him ugly, but also gave people a sharp, unobtrusive, but very energetic one. Kind of feeling.

Anyway, it was the type that Marry Jiang ate.

"Don't blame him. This may be a pain in his heart. You can't say that in front of him."

"You old man, how could I judge my son in front of my face? Didn't I say a few words behind him? If it's not that he is worried about his wife, am I so worried? Well, let's come over this time. He also came here to ask him to go on a blind date. You know the girls introduced by Po Wang's family look good, don't you? I think they are all good. He is so busy at work, I don't know if he can take care of his family after he gets married. Put more care on the family and let me hold my grandson earlier."

"You haven't written these horoscopes yet, you'll start to imagine the future, don't think too much."

"Can't you think about it?"

Marry Jiang really listened to the conversation between the two attentively. She didn't know that they were around a corner, and he actually saw Marry Jiang standing at the door of the kitchen holding a pan in his hand.

They talked for a long time, and the surroundings were quiet. Before this corner, a big living person suddenly stood up, and the Xiao family was shocked.

Including Marry Jiang, they didn't expect them to suddenly come over, and just like them.

The three pairs of eyes looked at each other.

“Who are you?”

Phillip's mother Liang Yahe looked at the girl in front of him.

Today Marry Jiang is wearing Doraemon's cartoon pajamas, or the hooded one, and even the cotton shoes on her feet are a complete set, standing there like a fat blue man.

The small face under the hat was white, delicate and beautiful, and the bright eyes in the room shone with water, and the lips did not blush.

After just a glance, Liang Yahe covered her heart with excitement and stepped back. Her husband Xiao Mingzhi quickly reached out to support her.

“Old man, where did this beautiful girl come from? Is she my son's girlfriend? How do I feel like I have hallucinations?”

How could Phillip have such a beautiful girlfriend? This must not be true.

Marry Jiang was still in a daze, but she didn't expect the other party to praise her directly, and praise her so nicely.

So Marry Jiang's impression of Xiao Yahe instantly became better, and she smiled sweetly at Xiao Yahe: "Hello Auntie, Hello Uncle, are you looking for Phillip?"

The girl's voice was sweet and clean, Liang Yahe heard clearly, and finally determined that she was not dreaming.

And Xiao Mingzhi was also quite surprised. Seeing her dress and living with Phillip again, it is estimated that her girlfriend is fine.

But she didn't expect that Phillip had a girlfriend silently, and he had lived together, but no news was sent back.

"Are you really Phillip's girlfriend?"

"Hmm." Marry Jiang thought for a while, then nodded: "Yes."

Although he is a boyfriend and girlfriend who pretends to be a boyfriend and girlfriend, she helped him so he should help her. From his appearance, she don't want to go on a blind date, and she is now living in Phillip's house in this fashion. It seems a bit fake.

So Marry Jiang simply and generously admitted.

Hearing her confession, Liang Yahe was so excited, "God, my son actually has a girlfriend, he is still such a beautiful girl."

Her son has no great skills and has scars on his face, and Marry Jiang is so beautiful and sweet, is her son worthy?

"Uncle and Auntie, Phillip is going to work, you sit first, and I will cut some fruit for you."

When he was speaking, Marry Jiang pointed to the kitchen, but because she was still holding a pot in her hand, she even came up with the pot when she pointed, and almost caught the Xiao family.

She hurriedly retracted the pot and smiled awkwardly: "I'm sorry, I just planned to wash the pot."

"its okay, how can I let you cut fruit? Let me do it."

After speaking, Liang Yahe went straight past her into the kitchen, and Xiao Mingzhi did not toss with them. He also knew that Yahe was excited, so he simply went to the living room and waited first.

But when she walked to the living room, she didn't have a place to sit.

"It's not that I don't have to sit, but the sofa in the living room is filled with cushions full of girlish hearts. It looks extremely cute and feels like a place for a little girl to sit."

And he, a big man, was really embarrassed to sit down.

In the kitchen

Marry Jiang and Liang Yahe were washing the fruit. Liang Yahe kept taking the opportunity to look at Marry Jiang. Her eyes were so amazing. After watching them for a while, he praised her.

Marry Jiang loves Phillip's mother to death, and thinks this aunt is so terrific, she is so complacent, and the look in her eyes makes her feel that she is truly a peerless beauty.

"What's your name?" Liang Yahe asked her carefully.

Marry Jiang continued to smile sweetly: "Auntie, my name is Marry Jiang, you can just call me Marry."

"Wow, Marry? This name sounds very good. It really suits you. She looks beautiful and has white skin."

The more Liang Yahe looked at Marry Jiang, the more they liked it. They just found it hard to believe that how their rough son chased such a good-looking girl, he seemed to be many years younger than Phillip.

"Thank you Auntie, please stop complimenting me, Auntie, I will be embarrassed to continue to praise."

"What's so embarrassing? You have to praise if you are beautiful, and I don't praise if you are not beautiful."

After the two came out after washing the fruits, they walked to the living room and found Xiao Mingzhi still standing there stupidly. Liang Yahe sprayed him directly when they saw this: "Old man, why are you standing stupid? Don't let you sit in the living room. Wait? What are you doing?"

Xiao Mingzhi touched the back of his head a little awkwardly, and then said: "It's okay, I'm quite comfortable standing."

"Cut!" Liang Yahe walked over with a fruit bowl, and when he was about to sit down, he found that the cushion was a candy color that was particularly girlish, and it was cleaned.

They usually don't use cushions at home. Even if they use cushions, they still use dark colors. In addition, they don't have a daughter. So the two couples are simple and not gorgeous. If they saw such cushions, Liang Yahe didn't even dare to sit. Go down.

"Uncle and aunt, sit down."

Marry Jiang is used to using such things. Not only herself, has she been influenced by such an environment since she was a child. Her mother cleaned up her room with a very cute girly heart. At first she was a little tired, but later changed her style. Finding that I still like this kind of vigor and vitality, she simply insisted on this style.

## Chapter 1379

So for so many years, she was used to it, and did not notice that Liang Ya and Xiao Mingzhi did not dare to sit down because of the color of the cushion.

Under her enthusiastic greeting, Liang Yahe sat down first, and unexpectedly found that the cushion was still very soft, then she hurriedly greeted Xiao Mingzhi to sit down, and gave him a sideways look that seemed to kill him.

Xiao Mingzhi touched his nose in a hesitant manner, and finally could only sit down.

“Marry, you decorate this house?”

“Yeah.” Marry Jiang nodded, “I like this bright style. It doesn’t look so dull and makes people feel good.”

Speaking of this, Marry Jiang suddenly thought of something, “Ah, right, doesn’t it look a little naive? I’ve been used to it since I was a child, so I didn’t think so much.”

“It’s okay, it’s not naive, it’s cute, you should use this for a little girl like you, it’s energetic and vigorous.”

Liang Yahe liked Marry Jiang very much when he saw Marry Jiang, so he quickly took the opportunity to praise her and pushed Xiao Mingzhi after he finished speaking.

Xiao Mingzhi also smiled honestly under her lead: “Yes, you young people should use this.”

After everyone chatted a few words, Marry Jiang found an opportunity to go to the bathroom to send a message to Phillip and tell him that his parents are coming home.

When Phillip received the message, it was already nearly 20 minutes later.

At first he saw that Marry Jiang had sent it to him, thinking it was just some small talk or a question. After reading the content clearly, his eyes changed slightly.

Why didn't his parents tell him in advance when they came to the house?

In fact, there was no such thing before, but the number of times they came was too few, so Phillip forgot about it. After Marry Jiang moved in, he never thought about the day when the two parties met.

When a girl suddenly appeared in his house, his parents would definitely misunderstand.

After all, he and Marry Jiang are pretending boy and girl friends, and the two have no feelings at all. If his parents misunderstand them, he will have to spend a lot of time explaining in the future.

It's a headache to think about it.

Phillip thought about it and decided to go home.

On the other hand, the Xiaos had decided to stay for lunch, and Marry Jiang said that they would be served a sumptuous meal.

Then when she was cooking, Liang Yahe also followed up. Seeing Marry Jiang's skillful cooking methods, her love and affection for her rose in a straight line.

What kind of treasure daughter-in-law is this?

The more Liang Yahe looked at Marry Jiang, the more she liked it, but soon she seemed to think of something again, "Speaking of which, Marry, you can cook so well. You don't usually cook with Phillip.?"

Hearing, Marry Jiang nodded without hesitation, and Liang Yahe immediately changed his face, "How can this be done? Although you are his girlfriend, you don't have to cook for him all the time, Xiao It's true to succumb to this child. Why don't you cherish it if you have a girlfriend? How can you let you cook? What a foolish child. Don't worry, Marry, I will scold him to death when he comes back at noon."

Marry Jiang choked silently.

Because she just said it smoothly, but she didn't expect Phillip's mother to react so much. For her, isn't Phillip her son? Then she should be a more self-defeating son, who actually turned to herself?

Moreover, she and Phillip are not real boyfriends and girlfriends. She exchanged meals with him on the terms of cooking, and he agreed to pretend to be his boyfriend and block all annoying blind dates for himself.

In short, the two of them will take what they need.

So Marry Jiang didn't think there was any problem, but Phillip's mother reacted greatly.

Thinking of this, she sighed lightly and explained: "Auntie, its okay. I have nothing to do when I stay at home anyway, so I cook occasionally. I don't do it often. Sometimes we do. Go out to eat."

Liang Yahe asked another question: "Then when you are cooking, does Phillip wash the dishes?"

Marry Jiang nodded.

With regard to washing dishes, Phillip seemed to take the work on himself all the time, and never said anything, and he worked very carefully.

No matter how dirty Marry Jiang makes the kitchen, Phillip can clean it all up.

Liang Ya and Jian Marry Jiang nodded, and then heaved a sigh of relief: "That's good, then he is not too hopeless. If he doesn't even wash the dishes, then I really want to break his leg. "

Hearing this, Marry Jiang suddenly felt that Phillip should be quite pitiful, hahaha, his mother seemed to be very kind to him.

Phillip came back very quickly, but when he entered the door, Marry Jiang and Liang Yahe's meal had already been finished, and Xiao Mingzhi was helping to set the chopsticks next to him.

Seeing Phillip, Xiao Mingzhi smiled.

"Phillip, Marry said you will be back in a while, why are you back so early today?"

Phillip glanced at the room, changed his shoes and walked in quietly. Seeing that the dishes and chopsticks on the table were already set, he asked, "Have you eaten so early?"

Xiao Mingzhi nodded: “Yes, Marry asked us to stay for lunch. Your mother is cooking with her in the kitchen.”

Hearing this, Phillip actually had a headache. He curled up all the emotions in his eyebrows and asked in a low voice: “Why don’t you call me before you come? I’ll pick you up.”

He can also arrange it here.

After all, he and Marry Jiang are not real boy and girl friends, but his parents would definitely think so when they saw them living together.

At that time, these will definitely cause some unnecessary troubles to Marry Jiang.

“Isn’t it because you are usually too busy at work? I want to call you, but your mother didn’t let me say that you are busy at work and have to rush to pick us up. That would be so tiring. Besides, we have the keys, and After knowing the road, I came here by myself without any trouble.”

Phillip didn’t speak any more.

At exactly this time, Liang Yahe brought the food out, and when he saw Phillip, his eyes widened. After placing the plate on the table, he pulled Phillip’s sleeve into the room.

“What’s wrong with you?”

Hearing his mother’s question, Phillip pursed his lips, and was about to explain: “Mom, things are not what you think...”

“Marry is your girlfriend, how can you let someone cook for you all the time? Don’t you know that your girlfriend is used to spoil you? You let her cook for you all the time, do you treat her as a nanny?”

Phillip choked suddenly and looked at Liang Yahe at a loss.

“Did you hear what I told you? When did you find a girlfriend? Why didn’t you tell the family? My father and I are here this time and plan to introduce you to a few blind dates, me and you Dad worries about your life-long events at home every day, but you do well, without saying a word, he found a girlfriend and didn’t tell the family.”

“Mom, that’s not the case, listen to me to explain.”

“Okay, don’t explain, don’t you just want to say that you let her cook? It’s also Marry who is empathetic and doesn’t care about you. If this were replaced by me, I would have thrown you out a long time ago.”
