

# Nothing to Give but My Heart Chapter 1400 – 1409

## Chapter 1400

“Huh huh.” Marry Jiang folded her hands and leaned back heavily, “Yes, I bullied his innocent boy. He also came to tell me that he minded and wanted to take responsibility. Do you deserve it?”

Hearing, Tangtang’s face was full of black lines: “Phillip looks good, and he is tall enough. The most important thing is that he is also very good at work. Although you are very beautiful, you are a good match when you stand together. “

Marry Jiang looked at her disgustingly: “When did you become so superficial with sugar cubes? Did I mean that he was unworthy of his appearance?”

“Otherwise, what do you mean?”

“He likes others.” Marry Jiang said glumly.

“You care about him, don’t you say you don’t like him? What does it matter to you that he likes others?”

“That’s different. Before he liked other people, it was none of my business, but now I’m talking about this situation. It’s just that we slept, and he wants to be responsible, but he has other women in his heart. How he is embarrassed to say The sentence responsible for me? I feel that it is very unfair to me!”

“Uh, I understand!” The sugar cube changed his mind. “You mean, if he doesn’t have someone he likes, you will agree to let him be responsible, right?”

Marry Jiang frowned her eyebrows. Why did these words sound weird? She turned to the sugar cube and asked: "Why do I feel that you deliberately dug a hole for me?"

"Stop! The digger is you, not me."

"Pooh!"

"You said that he has other women in his heart, so you don't want him to be responsible. The opposite of this is that if there is no other woman in his heart, would you agree to let him be responsible? Marry, you are willing to and He sleeps and cares about the other woman in his heart. Do you like him?"

Do you like Phillip?

Marry Jiang pressed her red lips and did not answer. She had warned herself from the beginning that she could not like a man like Phillip, but what happened? Why did she actually have a little affection for him in the process of getting along with each other.

Maybe she didn't even notice it, so she didn't stop in time.

Now that things have developed into this way, her own problems are also big.

Fang Tangtang opened her mouth to say something when she saw that she was silent.

"Do not talk."

Marry Jiang interrupted her, closed her eyes and leaned on the seat behind him, without speaking.

As her good friend, Tangtang could feel her aura changed, so she didn't speak any more and nodded.

After arriving at Fang's house, Marry Jiang greeted Fangtangtang's parents. Their parents were very enthusiastic, and they treated Fangtangtang for a while, because they had something to go out.

Marry Jiang ate a lot, and after eating, she lay down on the sofa and didn't want to move.

"Your chef cooks deliciously. It's great to have money. You don't have to ask the chef to do it yourself. After eating, someone will help to collect the dishes. Happy."

"Marry a rich man, you can also be Mrs. Kuo."

Marry Jiang waved her hand: "Mrs. Kuo is so good, I'd better do it myself, let's have plenty of food and clothing."

When the words fell, Marry Jiang's cell phone rang.

She glanced at the caller ID. It was an unfamiliar mobile phone number. She wanted to answer it, but after thinking about it, she hung up.

"Who is it?" Sugar cube asked.

Marry Jiang replied: "I don't know, I don't know."

"You just ran out like this. Wouldn't Phillip call you? Does this man have a conscience? After you slept, you would not even ask!"

"I backed him out."

So Phillip couldn't make calls to Marry Jiang at all. So when I saw that strange call just now, Marry Jiang had a call from Phillip using someone else's phone number, so he didn't dare to answer it.

She didn't want to hear his voice at all now, it was annoying and restless.

Inside the company

The staff of the company carefully looked at Phillip, who was standing next to him and making a call with his mobile phone. Then he saw Assistant Xiao's call using his mobile phone. After he was obviously hung up, his breathing became lighter. Minute.

Phillip patiently continued to dial in.

Then he was hung up, continued to dial, and continued to hang up until he was finally blocked and couldn't enter.

The staff feels that the whole person is not good.

How is this going?

"Assistant Xiao, this..."

Hearing his voice, Phillip came back to his senses and returned the phone to him: "Thank you, I will return the phone to you."

The little clerk looked at his cold expression and couldn't help gossiping: "Did Assistant Xiao quarrel with his girlfriend? If it's a girlfriend, it's useless to call like this."

Hearing, Phillip raised his eyes and glanced at him: "What do you mean?"

“Uh, my girlfriend used to quarrel with me like this. She didn’t answer my phone, she blocked it as soon as she called. Even if I took someone else’s cell phone to make a call, she would have insight, so generally she wouldn’t answer the phone.”

After listening to his words, Phillip knew that he was here and raised his eyebrows: “Do you have a way?”

“In this case, Assistant Xiao’s best to meet with his girlfriend, it is better to meet with a lot of things, and she can’t refuse.”

Phillip understood what he meant, but Phillip couldn’t find her now. He later went to Marry Jiang’s place. Her house was all dark, and she never went home.

“What if you can’t find it?”

“Assistant Xiao, how come you can’t find it? Why not ask Assistant Xiao to her friend?”

Marry Jiang’s friend?

Phillip frowned. Only now did he realize that he knew very little about Marry Jiang. He had only seen one friend next to him, and that was sugar cubes.

But they just knew this person, but they didn’t meet each other.

How will he find her?

“Assistant Xiao is a high-ranking member of the Ye Family Group. Who do you want to find if you are afraid you can’t find it?”

Hearing, Phillip pursed his lips and understood what he meant.

“I see, thank you.”

The other party was flattered with his mobile phone: “Assistant Xiao, you are welcome. If it’s okay, then I will continue to work.”

“Ok.”

Fang Jia

After Marry Jiang hung up and didn’t know how many unfamiliar phone calls, Fang Tangtang looked at him and shook his head and sighed.

“You really are. He probably has something to say when he calls you. You don’t even have the opportunity to speak. Is this really good?”

“Speak to him? Listen to what he said? Say something official and responsible? I don’t want to listen.”

Marry Jiang hugged the pillow in her hand and hummed softly: “If it weren’t for the group of people who moved to slack off work, I wouldn’t need to come to you.”

Fang Tangtang just wanted to say something, but found that her cell phone rang. She saw that the call was an unfamiliar number, so she looked back at Marry Jiang and said, “My male god called me. I’ll go out. pick up!”

Then he clutched his phone and ran out!

Marry Jiang looked at her hurriedly back, and snorted, “Isn’t she just a man! Baby must look like something!”

## **Chapter 1401**

When Tangtang came back, Marry Jiang had already got up and knocked the seeds. He teased her when she looked at Tangtang.

“You and your male god have become?”

Hearing, Fangtangtang’s face flushed: “What nonsense? How can it be so fast? Besides, I just adore him. I am a mother fan, OK?”

“Really?” Marry Jiang raised her eyebrows: “Don’t you greedy his body?”

“Who is greedy for his body? This is a blasphemy against my male god! How could I be greedy for his body?” Fangtangtang defended himself solemnly, and said with a sullen expression after his defense was over. its blasphemy, but sometimes I can’t help but think about it, if I can push him down...”

“Come on, is it so difficult to admit that you are a girlfriend? You just want to sleep with him!”

“Marry Jiang!”

Marry Jiang ignored her and continued to knock the seeds.

Fang Tangtang looked at her, so angry, he snorted, thinking that you will look good.

When Phillip arrived, he called Fangtangtang again, and immediately after Fangtangtang picked it up, he ran out mysteriously.

She don’t know how long it took, Marry Jiang lay back on the sofa and touched her belly contentedly.

Then she heard a steady sound of footsteps, Marry Jiang thought to herself that Tangtang would not bring her male god back, right?

When she was about to open her eyes and get up to stop being so ignorant, as soon as she opened her eyes, she saw a familiar face.

Phillip!

Marry Jiang was stunned, and forgot to get up, just staring at him blankly.

Is she dreaming? How could you see Phillip here?

After all, this is Fangtangtang's home, and Phillip has no reason to be here.

Before she could react, Phillip, who was standing in front of her, bent down and hugged her sideways.

When the temperature on his body was touched, Marry Jiang reacted afterwards, he was not dreaming! Phillip in front of me is real!

She grabbed Phillip's sleeve with her backhand: "Why are you here?"

After asking, she saw the sugar cubes standing not far behind, and then she thought about her sneaky appearance when she answered the phone just now, especially when she faced herself now, when she looked away from her, Marry Jiang still what do not understand.

It seems that the sugar cube just picked up just now was not what she called a male god, but Phillip called it, no wonder she ran out to pick it up!

Thinking of this, Marry Jiang cursed: "Damage friends!"

Fang Tangtang squinted, "Don't be angry, am I not doing it for you?" After she finished speaking, she vigorously winked at Marry Jiang. Marry Jiang was so angry that she said bitterly to Phillip: "You let go. I will come!"

“Go back and talk about it.”

Phillip couldn't help but hugged her and walked out with long legs. Sugar cubes waved at the two behind them: “Be careful on the road~”

Lose your friends, hurt your friends! !

Marry Jiang bitterly scolded Tangtang several words to hurt her friends, and even vowed not to accompany her to the hotel to see the male god again, so he gave up.

She just didn't expect that Phillip, when talking with him during the day, couldn't say a word? Why is he holding her so strongly now, who he thinks he is?

At this time, it is useless to scold the sugar cubes. Marry Jiang can only turn to Phillip: “Phillip, I warn you, will you put me down and hear you? I don't want to go back with you, you are like this Is it forcing you to know? Put me down.”

No matter what she said, Phillip did not let go of the hand that held her. His lower jaw was still tightly taut. Marry Jiang was so angry that's he directly hit his chin with her head and the force was very heavy. The bump hurt, and the pace stopped, Marry Jiang struggled to get down, Phillip hugged her strength and stepped up a bit.

“Didn't I say it, I'll talk at home?”

“No need!” Marry Jiang kicked, struggling vigorously in her arms, “I have already said very clearly during the day. You didn't refute at the time. What else do you want to say now? Anyway, it's no use regretting it now. Now, I don't want to hear a word, you put me down now, and there is still time to leave, otherwise I will get angry in a while, you just...”

“What will happen?” Phillip fixedly looked into her eyes, and the two of them met each other. Marry Jiang was taken aback by his straight eyes and said angrily: “You will die very miserably awful.”

“Okay.” Phillip held her tighter: “Then go back first. After you go back, you can make me die whatever you want.”

Marry Jiang: “Hello!”

She was squeezed into the car and was forcibly fastened with a seat belt. Marry Jiang wanted to unlock the seat belt and escape as she walked around the driver’s seat. Who knew that Phillip had fastened her seat belt and warned?

“If you run away like this, I will tell your mother that I am not responsible for you if you sleep.”

Marry Jiang: “???”

She stared at Phillip with wide eyes in disbelief. Hearing this was human words? Why is he not responsible for her sleeping?

“Did you make a mistake? Isn’t the woman who suffers from this kind of thing? Why are you not responsible for what makes me sleep? Isn’t it that you are not responsible for me?”

“I’m negative.” Phillip answered quickly, staring at her earnestly: “I thought about it carefully, and I’m responsible.”

“Go! I don’t need your responsibility, you are not worthy.”

“Well, you don’t need my responsibility, and I’m not worthy. Then I need, you sleep with me. This is my first time. I have never talked about a girlfriend before, nor have any relationship with anyone, you Responsible to me.”

He really want to put the lid on his head. Marry Jiang stared at him speechlessly. He changed his tactics?

While she was thinking, Phillip had already walked around and got into the driver's seat, locked the door and fastened his seat belt.

Marry Jiang took advantage of this opportunity to quickly explain to him.

“Did your mother tell you something that made you feel that you have to be responsible to me? Phillip, I am a woman of the new era, and I don't care about this. Do you know? Just treat it as an adult and make an appointment accidentally. ? Even if it's not you, I might make an appointment with someone. That's my life, so you don't have to...”

Before she finished speaking, Phillip interrupted her suddenly.

“What makes your life like this? You were obviously the first one last night...”

Later, when he was cleaning up, he saw the blood stains, and quickly understood what was going on, but he was still embarrassed to say it.

Marry Jiang didn't expect that he would say this suddenly. She was too anxious and made many mistakes. She was a little embarrassed, but she adjusted her emotions quickly.

She folded her legs, sneered and stretched out her hands to draw her messy hair back to the back of her head, “So what? I said I didn't care about this, whether it was the first or tenth time, it seemed to me. Same.”

“You don't need to say these to irritate me, you are not such a person at all.”

## **Chapter 1402**

“Ha, it’s really funny. How long have I met you, you know what kind of person I am? What do I like to eat and drink, and what constellation is my birthday, do you know? You don’t know, so how can you tell what kind of person I am? I have the final say on what kind of person I am.”

Phillip drove the car quietly without interrupting her.

Marry Jiang kept spitting out her words: “Did you hear what I said? Did your mother put pressure on you? You have nothing to say in the afternoon, so why did you find me at night? Tell you, I really don’t need your responsibility, can you understand?”

“Are you listening to me, Phillip? You bastard, I don’t want to go back, that’s your home, not mine, you park me!”

However, no matter how Marry Jiang roared along the way, Phillip didn’t seem to hear it.

Until the car stopped downstairs at Phillip’s house, Marry Jiang was so angry that she unfastened the seat belt and opened the door and left. After walking a few steps, Phillip caught up.

He stopped her and said calmly: “Go up, if you don’t want to be watched by others.”

Marry Jiang put her hands around him and sneered: “You are threatening me? Do you think Marry Jiang is afraid of onlookers? I tell you, I am not afraid, do you want to use a speaker? I can still follow you make it clear!”

Faced with Marry Jiang like this, Phillip only feels a headache. She is really difficult to deal with. Then look at her chattering lips. From getting on the car until now, she keeps talking, and he doesn’t know what he thinks. Yes, suddenly he walked a few steps forward and approached her.

Marry Jiang was still talking, realizing that the danger was approaching, her eyes widened vigilantly, "What are you doing?"

She raised her hand to block her, but Phillip directly clasped her wrist, then leaned over and tilted her head and kissed her.

"Well."

Marry Jiang was stunned, and when her lips were touching, she felt as if electric current was surging between the two of them, causing her limbs and brain to become numb, and then gradually became blank.

Why did he kiss her suddenly?

What does he mean!

After Marry Jiang reacted, she wanted to push away angrily, but was hugged into his arms by Phillip, her face pressed against his warm chest.

"Yes." Phillip's voice was a little hoarse: "I don't know what you just said, but I can understand everything about you from now on."

Marry Jiang was still held by him in a daze, with her head often tilted back, her temperature and breath still remaining on her lips, she found her heart trembling fiercely.

What does he mean?

Marry Jiang blinked, then subconsciously answered.

"Understand now? Then the one you like..."

If she could, she would not mention it, but Marry Jiang found that she didn't know when to start, so she started to mind.

"Give me time." Phillip pursed his thin lips and closed his eyes, before opening them again, his eyes were already firm: "Give me some more time, and I can assure you that I won't provoke me except you. Other women, so you can rest assured if you stay with me."

Anyway, speaking of it, he still did not forget the person in his heart. But think about it, in such a short period of time, it is impossible for him to forget a person he has deeply liked.

If he loves deeply, but forgets so deeply, then he should be a low-hearted person.

Marry Jiang bit her lower lip and said bitterly: "Then do you think this is fair to me? Your heart has not been cleaned up yet, and I have nothing in my heart. Just let me be with you like this, and I will give it to you. Time, you can guarantee that you can forget? Maybe you remember it for a lifetime. Marriage is not a child's play, and I can't choose to wrong myself for the word sex. For me, spiritual fit is more important. I don't care about my body. , You let me go."

Phillip who was holding her paused, and the movement on his hand slowly loosened for a few minutes. When Marry Jiang thought he was going to let go of himself, he hugged again.

"Really don't try it?"

Give it a try?

May she? Marry Jiang asked herself secretly in her heart.

She really wanted to give it a try, but she couldn't pass the hurdle in her heart. She felt that she might really like Phillip a little bit.

“Marriage is impossible, so take a step back and try dating first?”

Association?

This excuse of retreat for advancement is useful, because Marry Jiang found that he had resisted getting married before, but now he retreated and talked about dating, she found that she was not so resistant.

Marriage is impossible, but she doesn't seem to be so disgusted with the relationship, maybe she can really give it a try.

Seeing her loosening, Phillip knew that he might have moved.

“If you are in a relationship, you can stop at any time. If you find it inappropriate, then leave. If it is feasible, we will consider other developments later.”

Marry Jiang gently pushed him away, pursed her lips, and said, “Can you guarantee it?”

“What?”

“When I said to stop, you don't want to keep me, but when I want to stop, you can't force me to do something like today.”

Phillip agreed quickly: “Okay, but you can't just say the end willfully. I'm dating you on the premise of getting married.”

Marry Jiang sullenly agreed: “Yes, as long as you don't make a big mistake, I will give you two months. If you still don't get rid of your own heart, then we will break up.”

This is a definite relationship. At first, when the two of them had not discussed this topic, Phillip would take the initiative, but now he is really sure, he has become woodier again, standing there boringly.

Marry Jiang found that Phillip's ears were red again, but the expression on his face was still tight. If you just look at his face, you might not know his careful thoughts. Looking at his ears, you know that he is shy at this time.

"Your ears are red again." Marry Jiang looked at him badly.

Hearing, Phillip's eyes changed slightly, and the color on his ears increased a bit. Marry Jiang couldn't help but reach out to grab it.

As a result, Phillip clasped his wrist before touching it.

Marry Jiang's face showed dissatisfaction: "Are we boyfriend and girlfriend now?"

Phillip paused, the color on his ears became darker, and then nodded, "Forget it."

"Then you don't let go!" Marry Jiang pointed to his hand, "What happened to my girlfriend trying to touch your ear?"

"Uh." Phillip was too embarrassed. Seeing Marry Jiang's lips pursing as if to be angry, he could only let go of his hand.

Once he was free, Marry Jiang immediately stretched out her hands to grab his ears, and the features on Phillip's face became indescribable.

Marry Jiang was so darkly hearted that he couldn't do it. You didn't let me pinch before, but now you send it to the door by yourself, you can finally let me pinch enough!

## Chapter 1403

Phillip's ear was pinched and played with Marry Jiang for a long time, and it became more and more red, and it was so red that he could no longer look directly at it.

But Marry Jiang still had fun, her eyes shining brightly like a little fox stealing stars, Phillip couldn't help holding her hand and pinching her above his ears. Pulling it down, she awkwardly lowered her voice and said, "Okay."

Marry Jiang pursed her lips in dissatisfaction: "Why, you said you want to try to associate with me. I just play with your ears now, you can't stand it?"

Phillip coughed lightly: "This is outside after all, you have to go back and play again."

"It's just a pinch, not a kiss. What's so shameless?" Marry Jiang glanced around and couldn't help rolling his eyes. "Besides, at this point, who will look at you? Don't worry. Right."

After speaking, she took out her hand and wanted to pinch Phillip's red ears.

It's endless.

Seeing that her hand was about to catch her ears, Phillip simply hugged her horizontally. Marry Jiang didn't even react, and the person turned around and was hugged into the building by Phillip.

"Ah, what are you doing? Put me down quickly, I haven't touched it enough yet."

"To shut up."

Phillip blushed and scolded her, "The voice is so loud, you want the whole building to hear it?"

And what did she say? I haven't touched it enough yet, the voice is so loud in the middle of the night, is she afraid that others will not misunderstand it?

Marry Jiang didn't have that much thought. When she saw Phillip's face turned red, he realized what he said just now when he reminded him.

"I am pure, I just touched my ears. If those who hear it want to think about it, then I can't help it."

But in the end, Marry Jiang didn't yell anymore. After entering the elevator, she patted Phillip's hand, "You let me down, I can stand by myself."

Phillip was afraid that after putting her down, she would pinch her ears again, so she didn't agree, and didn't let Marry Jiang down until the door was about to open.

The two opened the door and entered the house together.

As soon as she entered the door, Marry Jiang felt extremely cordial when she saw the familiar furniture. After leaving Phillip, she ran to lie down on her sofa.

"My own sofa is comfortable, unlike the sugar cubes home, the sofa is hard and I feel uncomfortable sitting on it."

Phillip stretched out his hand to unbutton his coat, took off and hung it on the hanger next to him, watching Marry Jiang's comfortable appearance lying on his back on the sofa, there was also a slight smile in his eyes.

Before Marry Jiang was not there, only her things were left here, which always made Phillip feel empty, but it was obviously full of furniture, why was it still so empty?

Now that Marry Jiang lay down, Phillip understood why, because she was missing.

Perhaps, in the invisible, he has slowly begun to adapt to life with her.

Thinking of this, Phillip pursed his thin lips, touched his aching ears, and couldn't help sighing in his heart.

If she always pinches her ears like this in the future, she has to make three chapters with her.

Otherwise, his ears will lose a layer of skin over time.

Marry Jiang was lying on the sofa, and when she saw Phillip about to enter the bathroom, she shouted at him: "I'm thirsty, I want to drink water."

Phillip listened and paused, "What did you say?"

"I said I was thirsty and I wanted to drink water."

Phillip narrowed his eyes slightly, as if he couldn't understand, "Isn't there in the kitchen?"

"I know it's in the kitchen." Marry Jiang nodded, sat up, blinked and looked at him incomparably: "But you are my boyfriend now. You have to take care of your girlfriend. I said I was thirsty. , You are going to pour me some water to drink."

Phillip: "..."

What kind of strange logic is this?

“Girlfriends are for pets, and we are just trying now, you are still in the trial period! Go!”

Phillip didn't argue with her anymore, turned and resigned to the direction of the kitchen. After a while, he poured a glass of water and walked out and handed it to her. Who knew that Marry Jiang showed a disgusting expression after taking it.

“Phillip, will you be a boyfriend? This water is so cold, I am a girl, and you let me drink cold water, what should I do if my stomach hurts?”

Phillip: “?”

Marry Jiang blinked: “Help me change to warm water, thank you.”

Phillip took the cup and whispered before turning around: “Squeamish.”

This sentence was heard by Marry Jiang, and she immediately said: “What is squeamishness? Our girls are inherently colder. If your girlfriend gets sick from cold water in this weather, it's not that you are boyfriends that feel distressed. Is it?”

It seemed to make sense, Phillip couldn't refute at all, he quickly changed her a glass of warm water, and Marry Jiang was finally satisfied.

Phillip went back to the room and took a hot bath.

While taking a bath, Phillip kept thinking about today's things and last night's things. His memory is actually very clear. Even now, he can still imagine Marry's expression last night. When he thinks about it, his body changes. It's strange.

Then Phillip took a long time in this bath.

By the time he came out of the shower, it was already 40 minutes later. Phillip looked at the quiet living room, and there was no shadow of Marry Jiang on the sofa.

Phillip guessed that she might also go to take a bath and prepare to go to bed, so he didn't bother her anymore, and walked to his room while wiping her hair.

“Why did you take a bath for so long?”

As soon as he walked to the bed, a female voice rang on the bed, shocking Phillip.

Turning his head, Phillip saw Marry Jiang holding her quilt lying on the other side of the bed, looking at him with straight eyes.

Phillip then narrowed his eyes: “Why are you here?”

“Your question is a bit strange, are we boyfriend and girlfriend now? Do I have any problems here?”

Phillip raised his eyebrows, boy and girl friends are going to sleep together?

Although the two have been dating, they are not married after all, and he had been assaulted once last night, what would it be like to sleep with her without any name?

Thinking of this, Phillip pursed his lips, then pulled down the towel and said, “Then I will go to the guest room to sleep.”

After speaking, he turned and walked outside.

“Stop!”

Phillip stopped when he heard Marry Jiang questioning him.

“Are you despising me?”

Phillip turned his head and shook his head in denial.

“Since you don’t dislike me, why are you going to the guest room to sleep?”

She asked so, Phillip had to tell the truth: “We are just trying to socialize now, so we sleep in the same bed, which is not good.”

“I don’t think there is anything, it’s all boyfriend and girlfriend, what’s the problem with sleeping together?”

Phillip hesitated to speak, but Marry Jiang directly said, “Are you as hypocritical as you are now last night?”

## **Chapter 1404**

As soon as he said this, Phillip suddenly seemed to be choked, unable to speak.

He looked at Marry Jiang awkwardly, the expression on his face seemed distorted.

Marry Jiang said uncomfortably, “Why are you doing this expression, did I say it wrong? If you were as hypocritical as today, would we have a relationship?”

Phillip felt that she was right, but if he had better self-control ability yesterday, the following things would not happen. The two have already had a relationship, and they have become real boy and girl friends. He is still like this, it is really hypocritical. of.

Thinking of this, Phillip walked back in silence, and then sat down by the bed.

After being silent for a while, he suddenly began to say: "Can you not speak so directly in the future?"

"What do you mean?"

"It means to be euphemistic when talking about something inconvenient."

"Why am I not being euphemistic? Besides, there is only you and me, and you can have a relationship with me. What else needs to be euphemistic?"

Phillip: "Just assume that I didn't say anything just now."

He shouldn't talk about this with her. Marry Jiang has a strong mouth, and he is not an opponent at all. She is what she says.

In fact, Marry Jiang is not talking about a bold temperament, it's just that when she encounters Phillip, her courage naturally increases. There is a saying, if you are strong, you will be weak, and if you are weak, you will be strong.

Marry Jiang and Phillip are like this. Phillip's personality is relatively restrained when facing feelings, but he is restrained and at the same time easy to be shy. If he meets his very girl, he may be more active.

But when he encountered something like Marry Jiang, he could only be planted.

The mode of getting along between Marry Jiang and him belongs to the side that will always be suppressed.

For example, after Phillip finally accepted that she was sleeping in the same bed as herself, Phillip dries his hair and prepares to go to bed, but Marry Jiang voluntarily leaned in and asked him for a goodnight kiss.

Those soft and soft arms wrapped around him like this, whispering softly, Phillip froze there, and then stopped moving.

“Have you heard?” Seeing him lying still, Marry Jiang stretched out her hand and pushed him, “Don’t you always have goodnight kisses when you interact with others?”

Phillip knew that if he didn’t do what she wanted, Marry Jiang might pester him to keep talking.

So he closed his eyes, and when he opened them again, his eyes were helpless, “Where do you kiss?”

“You agree?” Marry Jiang pointed to her forehead, “Goodnight kiss must be here, where else?”

Phillip turned his head and glanced at her, propped his arm, and slowly leaned in.

Seeing him slowly approaching him, Marry Jiang’s heartbeat quickly rose without coming, and the masculine breath surrounded her.

Although the two had a relationship yesterday, Marry Jiang couldn’t remember what it was like at that time. Because she was drunk, she completely forgot.

“Only when I woke up in the morning did I know what was going on. Now that Phillip took the initiative to lean in, Marry Jiang became nervous.”

But she didn't show it. After all, she didn't want to be timid in front of Phillip. The hand hidden in the quilt gently picked the bed sheet, and calmly watched Phillip leaning over and dropping a kiss on her forehead.

His movements are very light, passing like a dragonfly.

Marry Jiang blinked, and suddenly thought of the kiss downstairs before. Why was she so strong at the time? Why is she starting to be shy again now?

Does this man have to be strong only when he is unique?

Thinking of this, Marry Jiang touched her forehead, Phillip had already covered the quilt, "Sleep!"

It's late

Phillip was lying on the bed, listening to the even breathing around him, and he couldn't tell what was in his mind.

The girl who was still arguing with him before has fallen asleep next to him, and she seems to be particularly insecure when she sleeps, she curls up into a ball, just facing his direction.

Give Phillip a feeling that she is very dependent on herself.

After the incident, his heart still couldn't calm down, and he couldn't sleep for a long time.

It wasn't until almost early morning that Phillip fell asleep.

After Xu Yanwan was discharged from the hospital, she was busy rebuilding the Xu family again.

Lin Xuzheng would help her occasionally because of his past love.

On the other hand, Jessica and Victor Han have already decided on the style of their wedding dresses, and they only need time to customize. When measuring her measurements, the designer also told Jessica that she recently asked her to pay attention to her figure and don't eat too much. In case she gets fat and can't wear a wedding dress, it is very hurtful.

Jessica originally wanted to agree directly, but after thinking about her situation, she asked the designer to help herself widen. After hearing this, the designer asked her in surprise, "Are you going to eat fat?"

Jessica smiled shyly and said, "I can't keep my mouth shut when I eat. I'm afraid that there will be an accident. It's okay to be a little wider, right?"

"That's okay. You're so thin and fat people still wear it. The brides I've seen before were made me smaller and desperately lose weight before the wedding. I hope they will be beautiful that day. You are still worried. Don't worry at all if you want to eat it?"

Jessica was said to be embarrassed, but she was worried about her appetite, and she also hoped that she could be beautiful at the wedding, but what can she do if she is pregnant now, and it is impossible to say that she will be pregnant again after birth This is the only way to get married.

And after pregnancy, Jessica did not dare to eat casually like before, eat less, and focus on losing weight.

She is now focusing on nutrition and for the sake of her children.

Leave other things aside.

After deciding on the wedding dress, Victor Han went to Jessica's house to hire him, because there were no more people in the Han family, so Stella followed Victor Han on the day of hire.

The Zhou couple knew about Victor Han and Jessica. On the day they were hired, Janis pulled Jessica into the room and asked her.

"Are you sure you really want to marry him?"

Hearing that, Jessica was taken aback for a moment: "Mom, why would you ask like that?"

"How can you do it without asking? If you say that you want to break up with him next time like last time, then mom can't agree to it. The important thing about marriage is to be careful. Marriage is not as easy as talking about boy and girl friends now. If you want to go back then, you will be under a lot of pressure."

"Mom, I won't regret it." Jessica shook her head, "I said long ago that I will not marry anyone except him in this life. Even if I fail to marry him, I will never get married again. "

"Bah, bah, what are you talking about?" Janis reached out her hand and patted her mouth. "Don't talk nonsense about such unlucky words. If you want to marry, just marry. Mom wish you happiness!"

## **Chapter 1405**

"Thank you mom." Jessica stretched out her hand and hugged Janis gratefully, "Mom, I'm really happy, but is all of this true now? How do I feel like dreaming? Victor Han, really come to hire him. Do you think he will regret it when he goes back?"

"Silly girl, you are with him every day, do you think he will regret it?"

Jessica felt that Victor Han would not, he was really good to her, because even Xu Yanwan, his partner who grew up with him, didn't treat him special.

Only oneself.

"Okay, don't think about it. Since you have agreed, let's go out and don't let people wait too long."

"Hmm."

The marriage was completely settled. After the two parties discussed it, Janis deliberately found someone to watch the day, and then settled it down. After that, she would be busy with the marriage.

Stella and Jessica met and whispered.

"Congratulations, you got your wish."

Jessica blushed, "Thank you."

"When are you going to tell my brother about the pregnancy?"

"In a few days, I will tell him before getting married anyway, or Stella, how do you think I told him the news when I got married? Would it make him happy?"

Hearing that, Stella was taken aback for a moment, "Said on the wedding day?"

"Well, shouldn't I be happy on the wedding day? I was thinking, when I told him that I was pregnant on the wedding day, then I would be happy and happy. And I think it's not that early. He shouldn't be able to see it either, at best he will feel that I am a little fatter."

“You can think of it this way, anyway, it’s not long before the wedding, and it’s a matter for the two of you. I think it’s good for you to decide.”

Stella didn’t want to participate too much. After all, everyone has different ideas. As long as he feels that there is no problem and does not harm others, he can do whatever he wants.

Entering the wedding preparation period, Jessica spent less and less time in the ramen restaurant, and Victor Han did not devote himself to company affairs as before, because he had to set up a new house for the wedding, as well as large and small. Little trivial things.

Run east and run west.

Soon, the happy stickers were made and sent to relatives and friends.

Phillip received a copy.

In sincerity, Jessica personally came to the door to send Xitie. When she went to send it, Marry Jiang was at home. After opening the door, Marry Jiang saw a person standing outside, and she was still a girl.

She was a little confused, “Excuse me, are you?”

Seeing Marry Jiang, Jessica was also a little surprised. She looked at the surrounding environment, and then said embarrassingly: “Excuse me, I don’t know if I’m in the wrong place.”

“Who are you looking for?”

“I’m looking for Phillip.”

Marry Jiang has lived here for such a long time. This is the first time a girl has come to find Phillip, so she is a little surprised, and a few days after she has just become Phillip's girlfriend, someone has come to find him.

Is it Phillip's love debt?

Of course, this is just Marry Jiang's own conjecture. She didn't show anything on her face, but turned her body sideways: "Then you didn't go wrong, this is Phillip's house."

Jessica hadn't been to Phillip's house before, and when she walked in, she couldn't help but sigh when she saw that the house was full of girls.

In fact, she didn't want to send this post by herself, but Phillip had helped herself a lot before thinking about it, so she still came in person.

Although she couldn't respond to his feelings, at least she should have sincerity.

It's just that I didn't expect to see the house full of girls after I came in, so Jessica is now guessing Marry Jiang's identity.

"Sit down, what do you want to drink? I'll get it for you."

Jessica came back to her senses and smiled lightly and said, "Boiled water is fine."

"Boiled water?" Marry Jiang raised his eyebrows in surprise, and finally nodded, and went to the kitchen to pour Jessica a glass of boiled water.

Jessica took a few sips to warm her body while holding the cup, then raised her head and smiled at Marry Jiang: "Thank you."

“You’re welcome, do you have anything to do with Phillip? Although it is Sunday today, he happened to be out.”

After Marry Jiang became his girlfriend, he was not at all polite to Phillip. When Phillip was not at home at this time, he was called to the supermarket to buy food by Marry Jiang. She wanted to go there by herself, little couple. Two people can go shopping in the supermarket to cultivate relationships, but Marry Jiang is a bit lazy, thinking that he will have to cook for a stay, and he is exhausted, so he let Phillip go by himself.

Unexpectedly, after he went out, his friend happened to come to him.

“It’s not a big deal.” Jessica said as she took the stickers out of her bag and handed them to Marry Jiang: “I just came to send the stickers. It doesn’t matter if he isn’t there. Are you his girlfriend? You can pass it to him for me.”

“Please post?”

Marry Jiang took the Xi Tie over, then opened it and took a look, while nodding: “Well, I’m his girlfriend.”

It is really Phillip’s girlfriend. Jessica felt relieved. Before, she was afraid that Phillip would be as stubborn as herself. How could two stubborn people have a chance to be together? Now he has a girlfriend. And because his girlfriend is so beautiful, Jessica is really happy for him.

“Really his girlfriend? Congratulations. When we get married, please come with him to the wedding.”

“Okay~”

After confirming that Jessica was not Phillip’s love debt, Marry Jiang’s attitude towards Jessica became more enthusiastic. The two were about the same age, so they soon started talking like a pair of familiar little sisters.

After talking for about ten minutes, Jessica was about to leave.

“I’m going to send the next invitation, so I won’t stay any longer. Remember to come with Phillip on the wedding day. I’ll go first.”

“OK, no problem.”

Soon, Marry Jiang sent Jessica away. After closing the door, she rummaged around with the invitation, thinking that she must not drink indiscriminately if she goes to the wedding with Phillip again.

Wrong wine!

She must control herself this time.

Marry Jiang put the sticker on the table, planning to give it to him when Phillip comes back.

Before long, the door opened, and Marry Jiang saw Phillip walking in with the bag, then smiled and greeted him vigorously.

“I’m back? Are you tired?”

Hearing, Phillip glanced at her and said lightly: “Not tired.”

Marry Jiang curled her lips, “By the way, a friend of you just came to you, sent you a happy sticker, and invited you to the wedding next month.”

Phillip was carrying the bag and was going to the direction of the kitchen. Hearing a pause, he narrowed his eyes and looked over here.

“What did you say?”

“At the wedding, please post!”

Marry Jiang picked up the invitation post and shook it, Phillip walked over with a gloomy expression, took the invitation post, and his face turned black on the spot.

## Chapter 1406

The aura on her body is wrong, and her emotions are also very obvious.

Marry Jiang had a smile on her face before. After seeing Phillip’s expression, she was a little puzzled: “What’s wrong? I asked you to go to the wedding. Why are you doing this expression? Could it be that you and the host of the wedding have hatred what?”

Hearing, Phillip came back to his senses, pursed his thin lips, and did not answer her words.

“Don’t speak?” Marry Jiang walked around the table to him, looked at his expression, and squinted suspiciously to say something.

Phillip asked at this moment: “How long has she been away?”

Marry Jiang was taken aback for a while, and said for a while: “I’ll have it in twenty minutes.”

Twenty minutes?

It must be too late to chase now, Phillip frowned and did not answer.

Marry Jiang finally smelled an unusual smell. She stared at Phillip’s eyes and expression, and the smile in her eyes gradually disappeared.

“The one who came to send Xitie is a girl who is quite petite and looks pretty weird.”

Hearing that, Phillip’s eyebrows were even deeper.

When Marry Jiang saw his reaction, she was finally sure. She snorted and said, “Is that the person you hide in your heart?”

This sentence finally made Phillip realize something. He quickly returned to look at Xiang Marry Jiang. From then on, he saw that Marry Jiang’s eyes were only cold. When there was no warmth, Phillip thought about what he did just now. What stupid thing happened?

“I...” He opened his mouth and wanted to say something, but Marry Jiang stuffed the happy sticker into her arms, turned around and walked into the room, and then slammed the door hard.

Boom!

A huge sound rang through the entire building, and Phillip couldn’t help twisting his eyebrows. After a while, he lowered his head and looked at the invitation in his arms, reluctantly put it back on the table, and carried the things first. Into the kitchen.

After he sorted out everything, he found that the door was still closed. Marry Jiang had not come out since she entered.

Phillip wanted to go in and explain to her, but when he twisted it, he found that the door was locked from the inside.

“Noob?”

Phillip frowned and called her name.

There was no response inside.

Marry Jiang sat boringly in the room, lying in front of the window and looking at the scenery downstairs. All she thought about was the way Jessica was just now. She wondered why a girl would come to find Phillip. The person he puts on the tip of his heart.

Although she knew from the beginning that he had an unforgettable person in his heart, she still tried it with him in a mysterious way.

She also found it fun to get along these days. Phillip has been bullying her without complaining.

But now seeing that girl, and looking at Phillip's expression when she knew she was going to get married, Marry Jiang felt that the whole person was not good.

Or when it comes to feelings, everyone is selfish, and so is her.

Click...

The door was suddenly opened; Marry Jiang turned her head, and saw Phillip standing at the door with the key in his hand, looking at her helplessly.

The eyes of the two met, Marry Jiang only took one look at him and then withdrew her gaze, and said in an angry manner: "It's great to have a key, even if I want to stay for a while, hehe."

Phillip glanced at the key in his hand, silently put it in his pocket, then walked to Marry Jiang's side and looked at him with his head down.

"If you were left alone for a long time, would you be very angry?"

"Will I be very angry if I stay alone for a long time? Marry Jiang hasn't stayed for long, how does she know? She only knew that when she saw Phillip's face change, she was really upset."

"It's like when I was a child, passing by someone's shop window and seeing colorful candies on their cabinets, I wanted to taste the candy, but I couldn't afford it."

"My heart is boring and I feel very depressed."

Thinking of this, Marry Jiang laughed mockingly: "What about being angry? Anyway, it's definitely not as good as the white moonlight in your heart."

Phillip was stunned by her and didn't know how to respond, so he could only change the subject, "I bought everything you asked me to buy in the morning. Why don't you go and see?"

Hearing, Marry Jiang raised her head and stared at Phillip: "Are you changing the subject?"

Phillip explained, "It's not a change of topic, but if this matter makes you unhappy, it doesn't make sense to mention it repeatedly."

Marry Jiang looked at him angrily for a long while, suddenly got up and pushed him away, and then walked towards the kitchen.

She used a lot of strength, Phillip was pushed back a few steps, but the corners of her lips curled up slowly.

Marry, it's still very good.

Marry Jiang stayed in the kitchen for a long time, and Phillip came in. She was probably angry, so she kept instructing Phillip to do this and that.

“You have cut this melon. You must cut it thinly, look good, and evenly.”

“Wash this dish, then kill the fish. Also, I will clean the refrigerator later.”

He probably knew that she was angry, no matter what she said, Phillip did not resist, and all did what she said.

Marry Jiang stood behind, gesturing with her hands and feet, seeing Phillip being so obedient, her anger disappeared in half.

Although he was very annoying just now, he was able to follow her to find her right away, and listened to her, and did not linger over the happy post. This made Marry Jiang feel pretty good.

But the reason she is willing to understand is that she knows that if she likes someone, it is not so quick and easy to give up.

If it is so fast, then who is this person?

He can give up on others so quickly, even if he falls in love with himself, one day he will give up on himself quickly, and then turn around to be with others.

Such feelings are not what Marry Jiang wants.

Moreover, people are getting married, and they are not involved with Phillip. No matter what, Phillip will never develop with her in this life. All he has to do is to slowly forget her and then switch to his arms.

When he belongs to him wholeheartedly, see how she treats him, hum.

The lunch can be regarded as being made by Phillip directly, because everything did not pass Marry Jiang's hands, she just had to stand behind and direct.

In the end she just sat at the dinner table and waited for dinner.

After eating and drinking, Marry Jiang's anger finally disappeared completely.

It's just that the invitation on the table next to it is still dazzling. This problem is quite serious, and Marry Jiang feels that she should pay attention to it.

"She knows that I am your girlfriend and invited me to the wedding with you. Are you going?"

Phillip was still picking up the rice in the bowl, and stopped for a moment when he heard the words.

He suddenly realized that this question was a proposition.

"Why? Don't know whether to go or not? Still don't know how to answer me?"

Phillip was silent for a moment, then stared at her again and said, "Do you want to go?"

## **Chapter 1407**

"You, did you throw the problem on yourself?"

Marry Jiang smiled and deliberately aroused him: "Of course I want to go. Look at this invitation. The quality is so good. When you look at the wedding scene, it will be very grand, like this kind of grand wedding. What a pity not to see it."

Hearing, Phillip glanced at the invitation, as if he was confirming Marry Jiang's words, then he nodded a moment later.

"Well, since you want to go, then go."

Marry Jiang couldn't help narrowing her eyes, "You agreed?"

She originally thought it was like this kind of wedding, Phillip would not agree to go. After all, it was the person she liked. After going there, it would depend on the beloved being with other people. This is simply digging herself with a knife. It hurts like a heart.

But Marry Jiang didn't expect that he would actually agree, and he also answered lightly.

"Don't you want to go?"

"If I want to go, you can go with me? What if I don't want to go?"

"If you don't want to go, then we will do something else."

Marry Jiang stopped talking, Phillip really did a good job of throwing the problem on her, she decided to decide whether to go or not, and he also said that if he goes by himself, he will accompany him. Go, if you don't go, then do other things.

It's perfect, she can't fault it.

But she doesn't know why, Marry Jiang was upset when she heard it. She pressed the invitation together, and then turned and left.

This time she was probably afraid that Phillip would take the key to open her door again, so he just threw a sentence: "I won't lock the door, please don't come in again, let me be alone!"

Phillip, who was left alone at the dinner table, looked at her back with a bowl in his hand, with a somewhat inexplicable expression.

How is this going?

The question she asked was obviously a proposition. No matter how he answered it, he might upset Marry, so after thinking about it, he told Marry to make the decision.

And no matter which decision she made, Phillip planned to stay with her to the end.

But why is she still angry?

Phillip didn't understand what she was thinking, but she didn't have the mind to eat anymore. Seeing the rice bowl full of the table, Phillip could only get up and clean up.

“Sugar sugar, let me tell you, you really have to take half the responsibility for this matter. If you didn't take him to your house that night, I would not be brought back by him, let alone promise him. My girlfriend, is this the truth? Do you think you have to take half the responsibility?”

The sugar cube was said to be speechless and retorted unceremoniously.

“I wiped it, I just brought him to my house, but I didn't let you promise his girlfriend? Your own thoughts of being his girlfriend have passed your physical behavior. What's up with me, you Don't shake the pot, I won't remember.”

“Who don't you carry this pot? Just say that you called him to your house?”

“So what? Then I can't blame it all on me. If you have to do this, then I will ask you, if you don't have the thoughts, even if I call him to my house to find you, Can you be succeeded? What if I am not calling Phillip? I am calling a fat, short, ugly and poor man? Can you still promise someone's girlfriend?”

Marry Jiang: “Count you ruthless!”

Fangtangtang proudly: “Just know; don’t always want to throw the pot on me.”

Marry Jiang stopped talking; anyway, she regretted it now.

“I said that since you have agreed, then follow your own heart. What do you want to do so much? Before you promised him, you didn’t know that there was someone in his heart, and what he said was to try with you. If you try No, you can fly him. Anyway, what kind of woman do you want to find after your good years? Besides, let me tell you the truth, people’s women are going to get married, and he won’t be able to get it even if he wants to wear it. “

“So what, is Marry Jiang just worthy of someone giving up and getting love? Thinking about it, I’m so angry.”

“Are you still hurt? I look at my male god but I can only regard myself as a mother fan, and I dare not regard myself as a girlfriend fan at all. How about you? At least you have got his body, if it were me , The mind and body can get one of them, and I’m already so happy to fly.”

Marry Jiang said twice: “You are really easy to be satisfied. This is only based on the fact that you haven’t got his body yet. Once you get his body, then you will start to want his heart. The human mind is like this, what I don’t care who you like, as long as you are willing to be with me, in fact this is only the beginning, but over time you will miss his person and his heart, and you will have it.”

“Listening to your analysis, I actually think it’s quite accurate. But for me, it’s a future thing. You are howling a ghost in front of me, you have at least got his body, what did I get? Oh, pity me as a fan.”

“Come on.” Marry Jiang comforted her earnestly: “Hold on, I believe you can get the body of your male god sooner or later.”

The two chatted for a long time, and finally Fang Tangtang said that his male god was performing at the hotel tonight and asked her to accompany her.

Marry Jiang sneered twice before slamming her directly.

“From the moment you brought Phillip to me, I have made up my mind that I will never accompany you to a bar to find your male god in the future. Aren’t you very self-assertive, then you are yourself Go.”

She heard that Tangtang was crying on the other side of the phone.

“Don’t be like this, Marry, I’m also doing it for your good. You see, you have all become boy and girl friends. Maybe if you develop and develop, you can enter the wedding hall!”

“Roll!”

“When you go to the wedding with him, this kind of dog man must let him see with his own eyes. The woman he puts on the tip of his heart is already married to other men. He has no chance in his life, and then he will give up completely.”

In fact, even if you don’t talk about sugar cubes, Marry Jiang herself thinks so. Since she chose to be with Phillip, although she is just trying, Marry Jiang is not the kind of person who just retreats when encountering difficulties. .

Phillip still doesn’t like her, so she wants to persuade him.

Marry Jiang is so good, she doesn’t believe that this dog man will not empathize!

“You don’t need to say, I know what to do myself.”

“Then, accompany me to see the male god tonight?”

“Don’t go, get out!”

Sugar cube: “Damn! This plastic is like sisterhood.”

That night, when Phillip was about to climb the bed to sleep, all she saw was the back figure left by Marry Jiang. She turned her back to him and fell asleep with her pillow.

The quietness in the room made Phillip a little uncomfortable.

Because these days of dating, although the two did nothing at night, Marry Jiang would ask him to give her a goodnight kiss before going to bed.

## **Chapter 1408**

But tonight, she didn’t wait for him. She put her head on a pillow and fell asleep first, and she didn’t hold his arm to say goodnight to kiss.

This sense of gap made Phillip feel a little strange.

But he didn’t study it carefully, he just reached out and touched his mouth, then opened the quilt and lay down on the other side of the bed.

Marry Jiang slept soundly, as if she didn’t know the depression in Phillip’s heart.

Phillip leaned sideways, looked at the back of her head and sighed.

This girl was still so angry during the day, but now she is sleeping peacefully with her back to him, is she really angry, or is she angry, but she quickly forgets about these things.

Thinking about it, Phillip had glorious insomnia.

Then when he woke up the next day, there was no longer Marry Jiang beside him. He was taken aback, sat up from the bed suddenly, and touched the place where Marry Jiang had lay. It was cold. It seems to have never been here before.

Where did you go?

Phillip narrowed his eyes, then got up and walked out.

After the door of the room was opened, Phillip saw Marry Jiang sitting on the sofa, and the TV series was playing the Xianxia drama. While watching, she ate the breakfast she had made.

He probably heard the sound, so Marry Jiang looked at him and grinned.

“Are you awake? I don’t know when you want to wake up, so I didn’t make your breakfast. By the way, you have to go to work today? Later, you can go to work and buy some breakfast yourself.”

After speaking, as if nothing happened, she continued to turn her head and eat her own breakfast.

Phillip couldn’t help but raised his eyebrows. There were a lot of things in front of this girl, but she said that she didn’t make her own breakfast.

She was clearly still angry, so she didn’t want him to eat her food.

Phillip turned around and brushed his teeth. After coming out, he did not leave, but sat directly beside Marry Jiang.

“You have done so much, can you finish it by yourself?”

“What are you doing?” Marry Jiang stretched out his hand to protect his breakfast and looked at him vigilantly: “These things don’t have your share, you want to eat and cook by yourself.”

“I’m afraid you won’t waste it, so I’ll help you eat it.”

Phillip unceremoniously wanted to reach out for a sandwich, Marry Jiang quickly took it away, and then took a bite in front of him.

Phillip was speechless for a while, so he had to get another one.

Marry Jiang grabbed it again and took another bite.

Then she was still not satisfied, and took a bite of everything on the table before putting it back, and then looked at Phillip triumphantly, as if she was saying.

“I have eaten them all, what can you do?”

Phillip did not expect that Marry Jiang would be so childish for this matter, and he did not react for a while. After he reacted, he heard Marry Jiang say: “I have eaten it, I will stay for a while. You have to finish it. If you want to eat it, you can do it yourself.”

“You slept all night, haven’t you calmed down?”

“What are you talking about, I don’t understand.” Marry Jiang turned her head and took a bite of a sandwich. She was eating while watching TV, in short she ignored Phillip.

Originally, Marry Jiang thought that those things had been bitten by herself, and Phillip would not eat anymore, but she did not expect that he would pick up one of the sandwiches that Marry Jiang had bitten without changing her face, and then ate it stand up.

Marry Jiang: “?”

What does he mean? Doesn’t he dislike that she bit it?

And Phillip seemed to know what she was thinking in her heart, and replied, “We have kissed each other. Do you think your bite of the sandwich can scare me away?”

Marry Jiang was speechless for a moment, looking at him angrily.

Damn, this dog man!

“Am I wrong?” Phillip also glanced at Marry Jiang. He was a man, so he ate fast. He ate the sandwich in front of Marry Jiang in twos and threes, and then took another one.

“Hey, you are really enough, is one not enough for you?”

“How can one be enough?” Phillip glanced at her lightly, “I am going to work today, what do you need to buy, I will bring it back for you.”

Marry Jiang wanted to say that she didn’t use it, but when the words came to her lips, she asked Phillip to buy them for himself. Anyway, she was angry with him, and if she asked him to do something, she would be punished.

Time flies

The designer finally finished the wedding dress selected by Jessica, and after Jessica put it on, it was a little looser, but there is still some time before the wedding, so after calculating it, it will be just right to wear. .

The designer was surprised to see that Jessica was only slightly wider when she wore it, so he proposed to measure Jessica again.

Jessica agreed.

After the designer finished the measurement, the other party was shocked: "Mrs. Han, I just measured it for you and found that except for your waist circumference, everything else is the same as before."

Hearing, Jessica's face flashed with shame, but it disappeared quickly.

But the designer is close to her, so she quickly observed the flashing expression on her face. After a sudden realization, the designer smiled and said: "It seems that you have good news, right?"

Jessica didn't control her expression, and she was guessed by the other party. She didn't deny it, so she nodded.

"Ok."

"Congratulations, I said how you let me design a larger design for you, that's it. Don't worry, your growth rate will be fine when the wedding day is held!"

"Thank you, but can you keep it secret for me for now?"

Hearing, the designer understood, "So Mrs. Han hasn't told Mr. Victor the good news yet? Okay, I understand, I must keep a secret~"

The wedding room is almost ready. The previous Han family is still the Han family, because there are too many properties under Victor Han's name. Later, Jessica still likes the private villa of Victor Han that she visited before. In fact, this is also the case. A little selfishness of her own.

Because she remembered that after Victor Han had rescued her, he took her to the villa.

Then, he kissed her for the first time.

Every time Jessica thinks about it now, she is still very moved.

So the wedding room must be selected there.

That night, Jessica took the wedding dress back to Victor Han's private villa and stored it.

When Victor Han came back from the company, Jessica was standing on the ladder wiping the lamp. Seeing this scene, Victor Han's eyebrows frowned.

"Just leave these things to cleaning, what are you doing?"

When Victor Han spoke, he had already walked to the side of the ladder, "Get down quickly, what I should do if I fall."

Jessica said, "No, I'll be very careful."

"Obedient."

"Wait for me, it will be done soon."

Jessica was greedy for distance and stretched out her hand to the front. Victor Han watched this scene with an unclear premonition.

## Chapter 1409

“Don’t wipe it, come down quickly.”

“It’ll be all right soon, it’s still bad...ah.”

Probably her hand was too greedy, so Jessica slipped and she was about to fall off the ladder.

At that moment, Jessica had only one thought, and that was the child in her stomach.

She was so panicked that she regretted why she didn’t listen to Victor Han’s words, why she insisted, why she...

The expected pain did not come from her body, she was caught by Victor Han’s long arm, and she fell into his arms.

Victor Han had anticipated that she would be in danger, but she didn’t expect to be guessed right by herself. When she fell, Victor Han felt her heartbeat stopped, but luckily caught her.

Jessica looked at Victor Han’s eyes in shock, a heart almost jumping out of fright.

She looked at him for a long while, suddenly stretched out her hand to hug Victor Han’s neck tightly, and choked with her voice: “Scare me to death!”

The little girl took the initiative to rush over. Victor Han’s chin was hit and it hurt a bit, but she was really scared, but Victor Han was always Victor Han. He quickly calmed down and hugged Jessica to the chair next to him. Put it down.

“Did it hurt anything?”

After all she fell from the top, although he caught her, he was afraid that she would sprain her wrist or scratch her, so Victor Han began to check Jessica after asking.

Jessica was so frightened that her heart was thumping. Even if she sat on the chair now, her expression on her face was still terrified. It is hard to imagine. If Victor Han hadn't come back early, if she hadn't just stood by to meet her, then she was It's not going to fall.

If she fell, the child in her belly might be...

Thinking of this, the blood on Jessica's lips disappeared, and she subconsciously stretched out her hand to cover her stomach.

Victor Han has been checking the situation for her, and frowned when she saw her move: “What's wrong is it because of her stomach discomfort?”

When asked by him, Jessica didn't know how to answer, so she shook her head: “No, I'm fine.”

After speaking, Jessica removed her hands from her belly and took a deep breath to calm her breath.

“Do not worry.”

Victor Han saw that her face was very pale, and her eyes flickered, and she narrowed her eyes, “No, you still don't feel relieved. Go to the hospital for a check.”

After that, regardless of whether Jessica answered or not, he picked her up.

In fact, this kind of thing is trivial in daily life. Although she fell off, Victor Han received her, so she didn't fall at all. But Victor Han is holding her tightly now, after all, she is on the tip of her heart. The child is afraid that she will have two shortcomings, so it is better to go to the hospital for a check at the end.

When Jessica was picked up by him, her arms subconsciously wrapped his arms around his neck, and when she heard what he said, she suddenly reacted and said, "No, I won't go to the hospital. You put me down, I'm really fine."

"Check it and feel relieved. Don't worry, it won't be long."

In short, Victor Han wanted to take Jessica to the hospital anyway.

When he got to the car, Jessica hugged the car door hard and didn't let go. "I'm not going to the hospital. I don't want to go to the hospital. I really have nothing to do. You caught me just now, so I didn't fall at all. Okay not to go to the hospital?"

At the end, she can still look at Victor Han pitifully, her tone and expression are like a wounded gesture, looking at you with wet eyes, full of desire.

His beloved woman looked at him with such eyes, even Victor Han couldn't stand it, but for the sake of Jessica, he finally reached over and pinched Jessica's cheek, "Why don't you want to go to the hospital? I almost fell. I went to the hospital for a check. If there is a problem, solve the problem. If there is no problem, I will come back. Wouldn't we be at ease with each other?"

"I just don't want to go to the hospital."

Jessica definitely can't tell the reason for not going to the hospital. She has already prepared to tell Victor Han the good news on the day of the wedding.

Now if she almost fell, she would tell Victor Han. Then she hid it before. It becomes meaningless for a long time.

“Willful.” Victor Han gave her a helpless look, “Just go for a routine checkup.”

“I’m really not going. Didn’t you catch me just now? I don’t have any pain in my body, but I was scared. There are so many people in the hospital every day, but I have to go to the hospital for checkups when I am fine. This is a waste of hospital resources. So let’s not go, okay? Besides, the wedding is about to be held soon. I feel unlucky to go to the hospital at this time.”

Probably the latter words moved Victor Han, so Victor Han did not insist on accompany her to the hospital, but took a step back and said: “Then, you cannot go to the hospital for now, but if you feel uncomfortable, please follow me. Say, go to the hospital for an examination at that time.”

“Hmm!” Seeing that he was no longer forcing her to go to the hospital, Jessica immediately responded, “No problem.”

In the end, they didn’t go to the hospital, but Jessica was really so scared that she had nightmares when she went to bed at night. In her dreams she always dreamed of falling off the ladder during the day. Victor Han is not there.

She fell to the ground, and blood flowed from her legs.

Jessica was scared into a cold sweat and directly sat up on the bed.

There was no longer Victor Han’s figure beside her. Jessica glanced at the time. At this time, Victor Han had already gone to the company. She raised her hand and wiped the fine sweat from her forehead, and lay down again to calm her breathing.

She doesn't know if she thinks too much by herself, or the nightmare has caused her fetal gas to move, and she always feels a faint pain in her stomach, which really makes her uncomfortable.

In the end, Jessica turned over and over again, still feeling uneasy, just got up and changed clothes, and then went to the hospital.

Hospital

Xu Yanwan came for a review today. A while ago, she injured her forehead and was hospitalized for a period of time. Later, she was discharged from the hospital when she was almost raised. Because the injury was on her forehead, she paid more attention.

“Basically there is no problem. When the wounds are completely healed, there should be no scars. However, you should also pay attention to a lighter diet and pay more attention to yourself so as not to leave scars unsightly in the future.”

“Thank you doctor, I see.”

After Xu Yanwan left, she took out the small mirror in her bag and looked at the wound on her forehead. Although the wound was completely healed, the skin color of the wound was completely different from the other parts of her skin. The skin is not good, and the dark circles under her eyes are deep, which is totally different from the previous Xu Yanwan.

It would be great if, if the father and mother had not died yet.

If Victor Han could stay by her side, she might not have to work so hard.

But now, she has nothing.

This new injury on her forehead was always reminding her of the stupid things she had committed before.

Look, you got hurt on purpose for him, but he still didn't even look at you more.
